# Douglas Impeachment Bid Fails in House Argument

## Reds Spurn UN Bid To Sign Truce Pact

Washington, June 30—(AP)—Representative Wheeler (D., Ga.) made his formal argument today for impeachment of Supreme Court Justice William O. Douglas and a majority of the hearing subcommittee promptly told him he had failed to make a case. Wheeler offered his resolution immediately after Douglas had finished the electrocution of atom spy, Julius and Ethel Rosenberg. The Georgian based his complaint largely on that action but brought in other matters charges which included "treason" and "moral turpitude."

"I'm afraid that as a layman you have not fully comprehended the depth of these charges in a legal sense which we lawyers know and understand," Chairman Graham (R., Pa.) of the House Judiciary subcommittee said.

Wheeler agreed with members of the committee that Douglas had a legal right to act as he did. He told the committee he had been wrong in linking Douglas with the Oregon divorce case, saying he had brought the matter up on the basis of a newspaper report.

"What you have quoted up to me is mere hearsay," Wheeler commented at another point.

"Unless you have more than presented to the House, and it is in the record here, I don't think you have made a prima facie case which I or anyone would feel justified in bringing to the House."

Wheeler maintained that Douglas had "political predilections" and "partisan political enterprises" have brought both him and the Supreme Court into ill repute. In a sense, he contended, Douglas' statements and activities have indicated he was an active seeker for the presidency. He declared that when the Justice "repeatedly" follows his position on the court.

Walter interrupted to agree, but adding that "I'm not so naive as to think that political considerations do not enter into the decisions of that august body."

Wheeler went on to assert that Douglas' action in the Rosenberg case was "obviously and patently an impulsive yielding to a clamorous and partisan group."

Only four members of the federal judiciary have ever been removed by impeachment. In only one instance has a Supreme Court justice been brought to trial before the House.

# Western Envoys Plan U. S. Capital Meeting

Washington, June 30—(AP)—Secretary of State Dulles said today the French government has approved holding of a Big Three foreign ministers' conference here about July 10. It was disclosed yesterday that Britain had suggested such a conference.

Dulles told a news conference that the main reasons for a three-power meeting would be to draft a united Western position toward Germany.

Dulles also called attention to "acute unrest" within Russia's European satellites. He indicated the East German riots and satellite problems generally would be discussed.

Answering questions, the Secretary said the new French government headed by Joseph Laniel indicated in a cable Dulles received a few minutes before the news conference that France would attend the Washington meeting.

Dulles said it was quite likely he would hold separate negotiations during the conference with the French and British foreign ministers and also meet with them in three-power sessions.

He indicated Indo-China would be one of the topics discussed. He noted a new American military mission arrived three days ago and said he expects a report on conditions in Indo-China before the conference begins.

Asked whether a meeting between President Eisenhower, Premier Malenkov, and Prime Minister Bulganin was being planned, Dulles said it would be decided by the three powers.

# Johnson Urges Policy of Unity in Foreign Aid

Washington, June 30—(AP)—Democratic Leader Lyndon B. Johnson of Texas pleaded for policy unity today in the face of a blistering attack by Senator Langer (R-N.D.) on the administration's \$5,318,000,000 foreign aid bill.

Johnson said in an interview he knows of no "ripping" amendments to be offered by Democrats to the measure to contribute to the Mutual Security Administration (MSA) program, and he added:

"The less partisanship we display at this critical time, the better it will be for the country. If we ever needed unity on foreign policy, we need it now."

The Senate today offers its second day of debate on the bill, already approved by the House in a 449-80 vote.

# Tropical Rains Sweep Drought-Stricken West

Dallas, Texas, June 30—(AP)—Ancient Eisenhower for federal aid in relief sweep of tropical storms today pushed showers to Washington, Tex., Texas and Oklahoma farm areas for which President Eisenhower made available an eight-million dollar drought disaster fund.

Downpours, as heavy as six inches at Baytown, scattered over east and central Texas yesterday in time to save pasture, cotton, peaches, late corn and vegetables in many counties.

Forecasters expected scattered rain to drift into dried-up Texas and Oklahoma. But in much of the area a four-year drought has so denuded the soil of plant cover that rain would fall only on sandy wastes. Most of the west Texas wheat crop and much of the cotton is gone. Pastures are crimped and useless.

The White House announcement yesterday said relief funds would be allocated to 122 counties in Texas and 40 in Oklahoma. The counties were to be named in a formal Washington announcement this afternoon.

About 500 grants for study in the United States to be given German students for year 1954-55. United States High Commission announced today.

Walter Winchell, testifying in Federal disposition of libel suit brought against him by New York Post, says he has been "used" at times by party wanting to circulate Communist party line.

J. Wallace Lexter, New Jersey superior court judge, rules Korean fighting over war even yesterday for a dentist, a woman physician and 18 others.

The committee took over for four hours the Brooklyn house used by dentist and physician, admitting 13 patients as they arrived, robbing them of jewels and cash and keeping them prisoners through the night.

# Truman Cancels Downtown Walk

New York, June 30—(AP)—Former President Harry S. Truman called off his usual early downtown walk today. After spending last night enjoying the city's evening news, he did not return until about 2 a. m.

Truman gave no reason for staying in his Waldorf-Astoria suite when he went down to waiting newsmen he would forego the customary constitutional.

Two hotel employees who delivered the message said Truman was up and fully dressed when they saw him shortly before 8 a. m. They then took the Broadway walk tomorrow.

Truman started his evening tour last night with dinner at the plush "21" Club. He was accompanied by Mrs. Truman, daughter Margaret, and several friends.

They then took the Broadway musical, "Wonderful Town," where the ex-president met

# Baudits Arrange 'Surprise Party'

New York, June 30—(AP)—Four young bandits—with time on their hands and larceny on their minds—arranged a "surprise party" yesterday for a dentist, a woman physician and 18 others.

# Disabled Freighter Low in Water

This water-level view of the Brazilian freighter SS Loda Panama shows the disabled ship wallowing low in the choppy waters of the Atlantic off Barrenet Light, N. J., after it collided with a tanker, the SS Guffrade. One seaman was killed, several injured. Twenty-four men remained aboard the freighter after the bow of the tanker knifed into its starboard side Sunday night in a dense fog. The gaping hole torn in the Panama's side can be seen amidships.

# Profits Tax Battle Subsides in House

Washington, June 30—(AP)—The Eisenhower administration, after weeks of bitter bickering, appeared today to have cleared the legislative trail for a six-month extension of the excess profits tax. Working desperately behind the scenes, administration forces stamped out a stubborn rebellion in the House Ways and Means committee, out-manoeuvring Chairman Daniel A. Reed (R-MT) who had raised a blockade against action on the bill.

And thus they dramatically averted, literally at the last minute, an expected showdown House battle over a drastic move to bypass the proud old tax-writing committee.

House leaders joined Republicans and Democrats on the committee today in voting firm conviction the tax extension would have relatively easy sailing now. The committee roadblock had been the big obstacle. Both the House and Senate appeared likely to okay an extension if it came to a vote.

The levy expires at midnight but it can be renewed retroactively.

Reed still held out strong personal opposition. But his supporting ranks had been shattered ever among Republican colleagues on his own committee.

Reed yielded only to the point

# Air General Quits USAF With Honor

Washington, June 30—(AP)—The Air Force gave Gen. Hoyt Vandenberg the Distinguished Service Medal and a parade of jet planes and marching troops in its farewell today.

The Distinguished Service Medal, pinned on the retiring general's ribboned chest by Air Secretary Harold Talbot, was for "his exceptionally meritorious performance of his duties as Chief of Staff, United States Air Force, from April 20, 1948 to June 30, 1953."

The citation said that during this period Vandenberg "carried heavy responsibility for providing an effective air defense of the United States, and for maintaining the Air Force as a premier military organization."

Rep. Richard M. Simpson (R., Pa.), who evidently played a big role in the settlement, said he "anticipates and hopes" Reed will agree to put the business profits tax on the committee agenda for the July 8 session of the House. The big break came yesterday as the bill was being considered in a committee. The fight had been bitter about that time.

But if the chairman doesn't, it is clear, a substantial majority of the committee "was ready" to take matters in its own hands.

# Hungary Reds Scrap Top Job Held by Rakosi

London, June 30—(AP)—Budapest Radio announced today the job of secretary general of the Communist party for Hungary has been abolished. The job was held by Premier Matyas Rakosi, long boss of the party.

Rakosi still, apparently, held his position in the council of ministers, which runs the government under the direction of the Hungarian Workers' (Communist) party.

The position of secretary general has been abolished in the Soviet Union since the October congress of the Soviet party last year. The secretary-generalship also has been abolished in Czechoslovakia.

The last to hold it there was Rudolf Slansky, who was hanged as a traitor to the Communist system.

Rakosi, like Slansky, is Jewish.

The economic straits in Hungary under Soviet domination have caused shakings lower down the scale of the party, but today's announcement does not necessarily mean that Rakosi is at once facing a Slansky-like purge. However, the economic situation appears to have him in some trouble.

Communist satellite governments in East Europe usually follow the Soviet pattern, and today's announcement, handled in a routine fashion, now likely indicates that Budapest is following the line laid down by Moscow and the government of a Communist state.

Joseph Stalin was the last secretary general.

# Polio Research Gets Full-Scale Tests in South

Montgomery, Ala., June 30—(AP)—Years of weary 10-day-and-over research that cost millions of dollars got the full-scale try-out here today in a history-making effort to save a stricken city from a polio epidemic.

The first of more than 30,000 youngsters scheduled to be inoculated with polio-resisting gamma globulin during the next four days was given the shot today. The inoculation was to be followed by a second injection at the next morning.

The nation's polio fighters hope this unprecedented mass inoculation will not only stop the fierce outbreak, but will also sound the death knell for future unchecked ravages of crippling infantile paralysis viruses.

The National Foundation for Infantile Paralysis has shipped in 67 gallons of the scarce GG serum, together with 30,000 hypodermic needles, 15,000 syringes and other pieces of equipment.

The community itself, frightened by the daily climb of 81 polio cases, is tackling the huge inoculation job on a voluntary basis spearheaded in the city's highways by the city's health department.

The gamma globulin doesn't give permanent immunity. But experts think the month of protection it does provide will halt the pending epidemic through the summer.

# 1,000 Volunteers Fighting Granite State Forest Fires

Concord, N. H., June 30—(AP)—Nearly 1,000 volunteers, firefighters and National Guardsmen today fought the mountainous country of New Hampshire to try to control four major and several minor forest fires.

Most of the woods already have been closed and smoking is prohibited in the areas as fires burned through more than 2,500 acres since last Saturday.

The forest fire danger also extends to other New England states, particularly in Massachusetts and Maine. There have been several

# Red Police Seize 1,300 In East German Sector

Berlin, June 30—(AP)—Soviet tanks gradually pulled back today from leading East German provincial cities still in the grip of martial law.

More than 1,300 new arrests and seizures by the East German government's security agents were reported in the strike-riddled steel, uranium, coal and automobile industries.

The East German Supreme Court committed to 15 years imprisonment the death sentences of murdering a Red secret service agent during the revolt. The court said they had been "attracted to their criminal act by propaganda of RIAS," the U. S. State department's radio station in West Berlin.

With the relaxation of military controls, refugee traffic to West Berlin picked up. The refugee center reported 582 East Germans had applied over the weekend for political asylum. The total, however, was considerably below pre-rebellion week ends.

East German Prime Minister Otto Grottel's Communist government continued to confess its past mistakes and appeal for the workers to have faith in its new de-Communization program.

The epidemic epidemic among the Red leaders stirred the collaborating East-Zone Christian Democratic Union (CDU) to a rare outburst of frankness.

No session of the General Assembly in modern times has generated such varying analysis as that just past.

The truth about this session? It is something different for each state, party, or faction watching it. Each such interest through the distorting mist of its own efforts and future prospects.

Congress that the vision is this kind of vision in all important matters, probably the most satisfying look at the 1953 record is that which Mr. John Bailey, Democratic chairman, takes through his personal pair of rose-colored glasses.

For him, the record of the 1953 general assembly can be stated in a few words: It is the most successful in history, carrying a state spending to all time new heights. It is the most successful in history, carrying a state spending to all time new heights.

### Stores to Be Open All Day Tomorrow

Because stores will be closed Saturday, the Fourth of July, all local business establishments will be open all day tomorrow, the Chamber of Commerce reported today.

The Chamber said the announcement also covers package stores and barber shops.

### Strawberry Mart Closing Indefinite

Continuing on a day-to-day basis, the Manchester Auction Mart disposed of 65 crates of strawberries at the Charter Oak street market yesterday afternoon. Sales amounted to \$703.35, the berries bringing a high of \$12.35, a low of \$7 and an average of \$10.82.

This was the 18th day of operation for the market and the volume of sales over the period amounts to \$61,536.15 with 5,820 crates sold. The market will remain open until the supply is exhausted in quantity.

### HOW TO ENJOY A VACATION

The first thing is to start your trip with a peaceful mind. Stop the newspaper and milk, so burglars won't know you're away. (Some people notify the police that they'll be away).

And among other things, check your insurance to make sure your house is safeguarded against loss by fire, theft, storm, etc. And be sure you have insurance to cover accidents on your trip, loss of baggage, cameras, golf clubs, etc.

Let us check with you to be sure you're covered all 'round.

### He Says It Again

Freedom of inquiry, freedom of the spoken and written word, freedom of the exchange of ideas, "Upon these clear principles, democracy depends for its very life, for they are the greatest source of knowledge and enlightenment. And knowledge—full unfettered knowledge of its own heritage, of freedom's meaning, of the world of men and ideas—this knowledge is a free people's surest strength."

"The converse is just as surely true. A democracy smugly disdainful of new ideas would be a sick democracy. A democracy chronically fearful of new ideas would be a dying democracy."

"For all these reasons, we must, in these times, be intelligently alert not only to the fanatic cunning of Communist conspiracy—but also to the grave dangers in moving fanaticism with ignorance. For, in order to fight totalitarianism who exploit the ways of freedom to serve their own ends, there are some who would, with more wrath than wisdom, would adopt a strangely unintelligent course. They would try to defend freedom by denying freedom's friends the opportunity of studying Communism in its entirety—its plausibilities, its failures, its weaknesses."

"But we know that freedom cannot be served by the device of the tyrant. As it is an ancient truth that freedom cannot be legislated into existence, so it is no less obvious that freedom cannot be enforced into existence, and that any who act as if freedom's defenses are to be found in suppression and suspicion and fear connote a doctrine that is alien to America."

"Thus, in his letter to the annual conference of the American Liberty Association last week, President Eisenhower went back to the clear, uncompromising vein of his impromptu speech at Dartmouth on the 'book burners.'"

And this, again, he ranged himself forthrightly on the side of American sanity. We hope he does not spoil this latest stand by later qualifications making strategic exceptions to his principled or pretending that, while talking about principle, he is not also talking, inevitably, about someone like Senator McCarthy."

For the danger the President outlined—that a "democracy smugly disdainful of new ideas would be a sick democracy" and that a "democracy chronically fearful of new ideas would be a dying democracy"—is very much present in our national life today.

To restore health to our nation, an atmosphere and eliminate suspicion and fear will take an unequivocal defense of our freedom by men and leaders who have the intellect and courage to do so. We hope President Eisenhower, for once, keeps on in the clear vein just quoted.

### Freedom of Inquiry

General Clark's threat to go ahead without Rhee was made apparent to the Communist and all these discussions with Rhee have been fruitless.

It does seem to be our desperate emerging purpose to go ahead in Korea regardless of the position Rhee takes. But to do so successfully, we shall have to control Rhee and the South Korean army beforehand, not offer mere promises that we will try to do so.

We want more money than we are getting from the United States. We want more money than we are getting from the United States.

While spending and spending and soaking the people, and taking care of its own political interests, the Lodge administration failed to carry out its own hands-on campaign promises. It failed to enact those measures of a liberal or reform nature which it had formally pledged in its own campaign literature.

The John Bailey appraisal of the 1953 session would continue, "It is hard to think, with other people, of the Republican party was in exclusive control of its session, the Republican administration found it more difficult to deal with some of its own party factions than it ever used to deal with the Democrats."

In the midst of all its extravagance in another death, and to be whipped into even partial steps forward in the institutional program, and it callously ignored altogether the personal plight of the state employees, who count any session last which is not the session of a pay raise.

Although it proclaimed fervently the need for new state revenue, and soaked the poor, and soaked all other kinds of businesses, it refused taxes for the insurance companies, who are the great modern day monopolists in Connecticut.

And all through this nefarious session, Mr. Bailey stood like the only true friend the public has opposing everything bad, supporting everything good, the very paragon of virtue.

Such the probable Bailey appraisal of the session. It should be pointed out that his virtues are islands of sanity and safety surrounded by towns eager to see a few dollars made from the sale of fireworks, will be almost completely safe. The whole state will be so safe and sane, and that will be a good day for right and life and limb.

This year's celebration in Connecticut, then, is a little like one of those actions ordered in a year after the end of the war when negotiations were being negotiated. Every accident will seem doubly tragic, since the law to prevent it has already been put on the books.

The law was not made effective for this year on the ground that it would be unfair to the fireworks manufacturers and distributors to wipe out their Connecticut market on such short notice.

We can agree with that reasoning. But we can also add that there will also be an unfairness involved for those who may be injured by fireworks in this year's celebration.

Authorities, where local laws are already on the books, and passed where should, we think, be guided by a determination not to allow such last-minute risks to be run.

### VACATION TIPS

**Don't swim until an hour after you've eaten.**

For many months past, the chore of maintaining the Manchester civilian air observers' post has been accomplished by a relative handful of Manchester citizens.

Their country established a program. That program could be maintained only if somebody volunteered to do it. They volunteered, and they have put in many long hours at it. And these people, for whom it was quite enough that their country said it needed them, have neither sought special credit for themselves nor levied any judgment upon all those fellow citizens who failed to come forward for any slight share in the program.

Now it is time for this small, faithful band to be afforded some kind of help and relief. This is the vacation season. If there is no additional help available, the air watch can be maintained during the next few weeks, only by a most unreasonable increase in the number of hours served by those who have been so faithful for so many months.

There ought to be, from all the good people of Manchester, some help forthcoming. At the very least, there should be enough to

### U. S. Sabres Boost MIG Kills to 74

(Continued From Page One)

Is only two below the all-time mark of 76 set by Capt. Joseph McConnell, Jr., of Apple Valley, Calif.

Col. James K. Johnson of Phoenix, Ariz., bagged his 10th MIG and became the seventh double ace. He also has three probables and eight damages.

Gen. O. F. Woytman, commander of the Far East Air Forces, was in Korea while the Sabre pilots had their biggest day of the war. Lt. Gen. F. E. Anderson, jubilant commander of the Fifth Air Force, sent his pilots a message of congratulations. Anderson also was reported to have sent a message to Lt. Gen. Hoyt Vandenberg, retiring Air Force chief, telling him the bag of 19 MIGs was a farewell salute. Anderson also was reported to have sent a message to Lt. Gen. Hoyt Vandenberg, retiring Air Force chief, telling him the bag of 19 MIGs was a farewell salute.

The record-breaking victory came on the first day of good flying weather in nearly a week—a week that gave the Communist infantry a chance to drive forward without serious punishment from Allied airpower.

While ground fighting died on most of the line, a seer-saw battle still raged on the slopes of Lookout Mountain in the east. Neither the Reds nor South Korean infantrymen were able to hold the crest in six days of attacks and counterattacks. The hill is known as the "Pukhan River front."

The seriousness of the ground war was reflected in last week's record of enemy casualties, which topped last week's back to back of 17, 184 the new total for the week ending June 28 put Red killed, wounded and prisoners at 11,200 Chinese and North Koreans. Of these, 7,500 enemy were killed and 3,700 wounded.

### Proud Moment for the Weir Family

Lt. Col. Gordon T. Weir, son of Mr. and Mrs. Thomas Weir, 117 Summer Street, was presented with the Legion of Merit by Major General Willard R. Wolfbarger, director, Joint Air Transportation Board, on June 17. The ceremony was attended by Mrs. Weir and their three sons, Tom, Chuck and Mike. Col. Weir was cited for outstanding service in the United Nations in operations and plans in the 31st Air Division, combat cargo, in Japan and Korea.

### West Envoys Plan To Meet in U. S.

(Continued From Page One)

ter Churchill is a "practical proposition this year." Dulles said he thought it would be premature to express a view at this time.

In talking about unrest behind the Iron Curtain, Dulles said that generally allowing their dissatisfaction with Communist rule.

"There has now developed extensive unrest within the satellite countries of Europe," he said. "It demonstrates that the people do retain their love of God and love of country and their sense of personal dignity. They want to run their own affairs and not be run from Moscow."

Asked whether the United States was considering sending troops to the East Germans, Dulles replied he did not know whether the American-British-French High Commissioners had considered such an idea.

But, he added, it is a thought worth considering.

The Big Three foreign ministers are expected as a matter of course to include Korea among their topics.

But, informed officials said today, such troublesome questions as Germany's future, the British-French-British and North Atlantic defense problems undoubtedly will be reviewed also.

The first linking that a foreign ministers' meeting was being planned came yesterday when the acting British Prime Minister, Richard A. Butler, told the House of Commons British had suggested such a get-together.

Butler said it was necessary to discuss urgent problems and to maintain the impetus given to a "foreign policy" by the plans for a later meeting between Prime Minister Churchill, President Eisenhower and French Premier Joseph Laniel at Bermuda.

### Police Arrests

Police today reported three arrests, two of them for speeding and one for intoxication.

Robert W. Spring, 17, of Hartford, and Peter A. Roderick, 21, of Cushing, Mass., were arrested on the motor vehicle violations charges.

William E. Mahoney, 83, of 77 Main Street, was the man charged with intoxication.

Licence is widely used in cough medicines.

DEVASTATING EPIDEMICS have ranked with war and famine as population levelers. During the Black Plague epidemic of 1348, it was estimated that in some places over one-third of the population was wiped out.

The discovery of bacillus as the cause of infectious disease is still within the memory of the living. Pasteur declared the first vaccine for rabies in 1885. Since that time many immunizing procedures have become routine. As a consequence, deaths from infectious diseases have been drastically reduced.

Everyone should be protected against smallpox and diphtheria as an absolute minimum. Do not wait for an epidemic to break out. Then it is often too late.

### Postal Increases Appear Not Likely

Washington, June 30—There appeared today to be only remote chances of final action this year on an administration request for 240-million dollars worth of postal rate increases.

The request for higher rates came formally last week from Post Master General Summerfield. A check of key senators today disclosed no enthusiasm for quick action. The consensus was that the Senate Post Office committee, headed by Sen. Charles McNair, would hold no hearings on the request until the House had completed action.

And there was no disposition to start hearings in the House, which originates all revenue measures. When Rep. Ross (R-Kan.) died earlier hearings, it appeared they would be extensive.

The Post Office Department is estimated to face a deficit for the year starting tomorrow of about 600 million dollars, exclusive of a parcel post rate increase recently authorized by the Interstate Commerce Commission, but not effective until Oct. 1. This would increase revenues slightly over 100 million dollars annually.

### Dead Spots Hunted In Air Raid Signal

Civil Defense Director Edward Kessner requests that residents who do not hear an air raid signal in Friday's air test, which will be the first of a series, is to determine whether there are any dead spots in the town's air raid warning system and to make sure the town's sirens and whistles are in good working order.

FILE IN THE STREET  
New York City—Two radio car patrolmen saw armed and sounded an alarm at 4:20 a. m. Sleepy-eyed firemen whirled up to the scene in a engine and found only a few burning papers, apparently started by a cigarette. The radio car reported to police headquarters.

"Small fires extinguished by disguised fire department."

### One Man Injured As Bleacher Falls

Dennis Carlin, 28, of 15 1/2 School street, escaped with only minor leg injuries last night in Charter Oak Park when a bleacher in which he was sitting, collapsed during a baseball game.

Carlin was sitting on the top row when the bleacher snapped and he and another spectator tumbled to the ground. The unidentified man was uninjured but Carlin was struck by a splintered board and his lower left leg was lacerated.

The injured man was taken to Manchester Memorial Hospital in the Burke ambulance. After treatment and X-rays, he was discharged. Criticism was leveled saying that Halperin, chairman of Latin-American regional studies, "has sworn under oath, denying Communist affiliation and activities while at Boston University." It added that "we have discovered no definite evidence of criminal or illegal activities, either while at or before coming to Boston."

Boston, June 30—The Boston University Board of Trustees today "severely censured" Professor Maurice Halperin for failure to disclose his Communist affiliations while at Boston University.

The board issued a statement saying that Halperin, chairman of Latin-American regional studies, "has sworn under oath, denying Communist affiliation and activities while at Boston University." It added that "we have discovered no definite evidence of criminal or illegal activities, either while at or before coming to Boston."

### Bloodmobile Passes Quota

Collects 164 Pints in Local Visit, Town Now 20 Over Goal for Year

Center Church Bloodmobile Day went over the top yesterday to the tune of 164 successful blood donors.

Manchester now is one of the few Connecticut towns to have finished the local Blood Program year with a comfortable margin of more than 20 pints over its yearly quota.

At the beginning of the day's operation, 200 donor appointments were scheduled. Of these, 60 would-be donors failed to appear or made last minute cancellations.

The Galton Club honor list was headed yesterday by Parker Soren of Conatook road who donated his third gallon to the Blood Program.

Completing their gallon donation with the list of blood they donated yesterday were Mrs. Clifford Simpson, wife of the minister of Center Church, Mrs. Edith Barts of Oakland street, Robert Duggart of West street, Fred Root, Jr. of Laurel street, and Frank Hippie of Pioneer circle.

Headed the list of Center Church donors was Rev. Clifford Simpson who was a donor along with his wife. Besides the Simpson and Duggart donors who gave in the name of the Center Church were Mrs. Muriel Anderson, Robert Knatchel, Roger Preston, Thomas E. Miller, Mrs. Nan Wenzel and Ernest Weltlich.

Other Center Church donors included Mrs. Gail Mumford, Mrs. Celia Michalak, Walter A. Backus, George H. Willard, Jr., William McCoohan, Bernard Lyons, Mrs. Florence Armstrong, Stanley Baldwin, Mrs. Emma Hanna, Mrs. James P. Schilke, Mrs. Winifred Smith, Mrs. Carolyn Wood, D. T. Bennett, Mrs. Ruth Munson, Mildred Berggren, Mrs. Francis Hartin, James B. Duke, Adam Rhodes, Donald Franklin, Robert Martin, Dr. Albert Frethelit, Leslie Andrew, Truman Chandler, Donald McClain, Helene Wachtel, Mildred Rowley, John Chamberlain, and Edward Chapin.

Other donors were Mrs. Arlene Engelen, Chester Chuchowski, Carl H. Anderson, John Hurley, Maurice Truettner, Mrs. Lorraine Ellis, Fred Tedford, Mrs. Audrey Niles, Harold Perrett, Mrs. T. C. Zimmer, John Maloney, Leo J. Hevran, Harry Smith, Lawrence Mallon, Michael Wilk, John Meisako, Miss Judith Bean, Anthony Gates, John Dugan, Mrs. George McLafferty, Javon W. Cheney, C. ### Coventry Noted Entertainer Leaves For Vacation Tour Abroad

Coventry, June 30.—(Special)—Termini Joseph Termini, versatile entertainer, with his sister, Mrs. Adele Grosso, also of Grand Park, South Coventry, left Monday for an extended vacation tour abroad. They will visit their niece and daughter in New York before embarking on the U. S. Independence on Wednesday.

They will visit a brother, Santo Termini, 75, whom Mrs. Grosso has not seen for 45 years. Termini saw his brother in Palermo, Italy, in 1923.

Termini, an artist, who has toured the world with the USO has featured performances in England.

He holds the American performance record of 42 engagements at the London Palladium.

This is the first time since leaving Italy some 45 years ago that Mrs. Grosso has been out of the United States. She has a son in Lincoln, Neb., and a son, Joseph Termini, also of Grand Park, South Coventry. Her husband died recently.

Made World Tours  
Termini made his first world tour in 1922. In 1927 he co-starred in England with Gracie Fields. He built a home in Coventry in 1933 and has since maintained this town as his residence.

In between engagements he has

made brief visits here. Termini plans to take film strip pictures of England, France, the Isle of Capri, Rome, Vatican City, and Palermo, Italy. They plan to return about mid-August.

Coming Events  
All women of the Church are invited to a special meeting Thursday at 7:30 p.m. of the Women's Service Guild at the home of Mrs. Lloyd D. MacQueen. The group will work on plans for the July 18 auction sale for the Church redecoration fund.

Wednesday meetings include Club Scouts Dan 5 Park 45, 3 p.m. at Mrs. Fred Wilcox's; Second Congregational Church choir rehearsal, 7:30 p.m. in the sanctuary; set-back party, 8 p.m. in St. Mary's Church Hall.

Wednesday meetings include Mrs. Glennie Kelly of South Coventry and Mrs. Gerald and son, Norman, of Manchester, have returned from a visit with Mr. and Mrs. Lester White of North Grafton, Mass. While there, they viewed the new home of Mr. White, Salisbury, Westboro and Marlboro.

Manchester Evening Herald Coventry correspondent, Mrs. Charles J. Little, telephone FR 3-8231.

### Ellington Emine C. Sikes Weds Lyme Man

Ellington, June 30.—(Special)—Miss Emine Cushman Sikes, daughter of Mr. and Mrs. Buel Sikes of Main street, became the bride of Charles Champion, son of Mr. and Mrs. Ralph Champion of Lyme, Conn., at 7 p.m. Sunday in the Church.

Rev. Kenneth E. Johnson pastor of the Congregational Church officiated, using the double ring service. The immediate family of both parties were the only guests.

Following the ceremony they held a family reception at Mrs. Champion's. After a brief wedding tour the couple will reside in Wilton, Conn. Mr. Champion is employed by the Connecticut Life Insurance Company several years.

Personal Mention  
Mrs. Jennie DeCath of Main street is visiting her daughter, Mrs. Marion Chapman of Maple street and is now with her sister Mrs. Eddie Johnson of Hartford.

Miss Lenore Charter is the guest of Mr. and Mrs. Donald Campbell of Stratford. She is also visiting her grandmother, Mrs. Eva H. Clark, who makes her home with the Campbells.

Leaves Hospital  
Mrs. Earl Parker of Burr avenue who had been a patient in the Mercy Hospital at Springfield, Mass., has returned home.

Manchester Evening Herald Ellington correspondent, Mrs. G. F. Berr, telephone ROCKVILLE 5-8813.

### Businesses to Aid Chamber Plan Unit

The Program Committee of the Chamber of Commerce, which is planning four projects of major interest to be presented for approval by the Board of Control, last night decided to invite representatives of various local businesses to assist the committee and offer suggestions and recommendations on how the Chamber can best serve their needs.

The committee plans to establish permanent committees to work on various projects of the organization.

Members of the Program Committee are: Russell F. Brodbeck, chairman; George H. Marlow, Clarence H. Anderson, Robert W. Spencer and Dr. Alfred B. Sundecker.

### Weddings

Mahoney-Dimlow  
Miss Kathryn M. Dimlow, daughter of Mr. and Mrs. Edward J. Dimlow of Griffin road, South Coventry, was married to Frederick L. Mahoney, son of Mrs. Anne Mahoney, 40 Maple street, and the late John Mahoney, Saturday, June 27.

The doubling ceremony was performed in St. Francis of Assisi Church, South Windsor, at 8:30 a.m. by the Rev. Francis Karvelis. Mrs. James Mahoney played the bridal music and accompanied the bride and groom.

Given in marriage by her father, the bride was attended by Miss Ann L. Crowley of New Britain as maid of honor, and Robert M. Downes of New Britain was best man.

The bride wore a waltz length gown of white nylon tulle over a black lace and carried a tassel bouquet with orchid markers and streamers of tulle. Her train was of light blue tulle and carried an old-fashioned bouquet.

The ceremony was followed by a reception at the Ashburn Inn.

### Legion to Elect Officers Tonight

Dilworth-Cornell-Quay Post 102 of the American Legion will elect a slate of officers for the coming year at the annual meeting tonight at 8:15.

Rear C. Peterson is the choice of the nominating committee to succeed retiring commander Wilbur T. Little.

Other officers on the slate proposed by the committee are Robert V. Peterson, first vice commander; George A. Scoville, second vice commander; Kenneth W. Greig, finance officer; Henri Packard, adjutant; Joseph Packard, sergeant-at-arms; and Raymond Gosselin, executive committee member.

The positions of assistant adjutant, chaplain, historian and services will be nominated from the floor. Any other post nomination can also be made.

Delegates to the state convention, to be held in Hartford next month, will be nominated tonight.

Two legion activities this week will also be subject of importance. The Post will conduct an "Art Council for National Commander" dance Friday night with all proceeds entering the fund to finance the Middle-town man's campaign. Chairman Michael McDonnell will announce final plans for the fireworks display Saturday night, July 7.

Here's a bit of good news for the man who runs his car on Esso Extra!

When a man buys "premium" grade gasoline, it's a safe bet he does so from a desire to realize the most he can from his investment in his car.

First, we take eight performance qualities which automotive engineers agree are important and capable of measurement in a gasoline:

1. Short Power 2. High Anti-Knock 3. Long Mileage 4. Clean Engine Operation 5. Quick Starting 6. Fast Warm-Up 7. Hot Weather Anti-Vapor-Lock 8. Cool-Weather Anti-Stalling.

Then, we carefully test Esso Extra for these qualities against all gasolines that compete with it. And the payoff is that, time and again in these tests, Esso Extra meets the highest standard of overall year-round performance quality to be found!

Add to this the fact that Esso Extra is the largest-selling premium gasoline in the area served by Esso Dealers... and this should be cheering news to Esso Extra fans... and cause for sober thought to others!

So... thanks for your business, and thanks for your attention, and have a "Happy Motoring" summer, with the knowledge that you just can't find a better grade of gasoline year-round than Esso Extra for the modern horsepower in your faithful engine!

Esso Extra meets today's highest standard of year-round gasoline performance!

OUT OF DOORS with Field & Stream Keep That Rod High

Anybody who puts in time catching the really big fish on a fly will agree that the safest way to play them is with the rod.

While popping plugs create a boiling disturbance on the surface, a variety of small under-plugs of the sinking type turn in bass.

I like a type of small sinking plug which has narrow-pole stripes on its body—that is, black stripes on a white background. I am probably partial to these because I have taken hundreds of bass in this way.

Members of the 30th reunion committee of Manchester High school's graduating class of 1925, who ably assisted with the plans for the successful event Saturday evening at the Manchester Country Club, and whose names were inadvertently omitted in yesterday's Herald, include Mabel Wetherill Bowers, Alice Crawford Blish, Eleanor Stoughton Stubenruch, Miss Beatrice Sweeney, Helena Wells Foster, Earle Rogers.

Karl Frederick Jones, Jr., of Alpine street, who was graduated from Manchester High School on June 12, will begin an X-ray course at St. Francis Hospital, Hartford, July 1.

Aviation Cadet John J. Jeffers who is now stationed at Lackland Air Force Base, San Antonio, Tex., has been promoted to the rank of Aviation Cadet Lieutenant. He is the son of Mr. and Mrs. John C. Jeffers, 107 Oakland street.

The North Methodist Choir, which concluded its services for the season at the joint meeting of the Second Congregational and Methodist churches, Sunday, will have a picnic tomorrow at the cottage of Mr. and Mrs. Elton Johnson at Columbia Lake. The majority of the singers will leave from the North Methodist Church about 6 o'clock.

Ernest B. Lord, RFD 1, Manchester, yesterday entered the Army and has proceeded to the Recruit Reception Center at Fort Devens, Mass.

Henry Pasquoni of Avery street left Saturday for Lackland Air Force Base, San Antonio, Tex., where he will take 13 months of training to become an air cadet.

### Stores to Be Open All Day Tomorrow

Because stores will be closed Saturday, the Fourth of July, all local business establishments will be open all day tomorrow, the Chamber of Commerce reported today.

The Chamber said the announcement also covers package stores and barber shops.

William H. Davis, son of Mr. and Mrs. William Davis, 93 Branford street, has begun a month's training at Mitchell Air Force Base, Long Island, N. Y. He is a student at the University of Connecticut and has been in the Air Force ROTC for three years.

### Lions Club Thanks Horse Show Aides

Ford Crosby, advisory chairman for the Lions Club Horse Show which took place Saturday today extended thanks to persons who cooperated in producing the show.

Crosby's statement: "I want to extend thanks to everyone who has helped make this Horse Show the success that it is. Our advertisers, through their generous response, and sponsors who wish to remain anonymous, have, to a considerable extent, made this show a financial success. The excellent turnout of spectators and exhibitors is recognized and appreciated."

The Lions official expressed gratitude specifically to the First National Bank of Manchester for permitting the erection of an advertising sign, the Manchester Red Cross for furnishing first aid facilities and personnel, the Town of Manchester for permitting the use of park facilities, and to the town employes union and Francis Wetherill who devoted time to provide water facilities on the show grounds.

"The assistance of all these friends is greatly appreciated and will be remembered," Crosby said. "It is only with the help of these individuals, that the Lions Club is able to carry on its active program of community betterment in Manchester."

### Appeal Panel Rejects Gas Station Plan

Permission to erect a gasoline station on the east side of Purnell place was denied John G. Rohan by the Zoning Board of Appeals last night.

Rohan's application, heard at the June 8 public session of the board and tabled at that time for further investigation, was acted upon following a hearing on 15 applications in the Municipal Building hearing room. Thirteen of those requests were granted, one denied and one tabled.

Rohan desired to erect the service station on part of the area now used for a parking lot. The ZBA conferred with Town Planning Commission officials and the two groups concurred that it would eliminate some off-street parking facilities.

The other denial was for converting a single dwelling into a two-family dwelling at 138 Adams street, proposed by Edwin Jacobson.

Tabled was the application of Howard Little who also wanted to convert a single dwelling into a two-family dwelling. That dwelling contains one undivided apartment at 304 Autumn street.

Exceptions granted were: Steve Cavagnaro, to make alterations to a dwelling at 89 Tanner street, closer to side line; Harry Rylander, Jr., to erect attached garage closer to side line at 184 Middle Turnpike east; Richard C. Langdon, to erect a detached garage at side of dwelling instead of rear yard at 34 Lewis street; Charles M. Warren, to erect a hood on side of dwelling closer to street line at 2 North School street; Bruce E. Miller, to erect addition on rear of dwelling which will result in the garage being located in side yard instead of rear at 56 South Hawthorne street.

Also, Peter Cervini, to erect an addition to the east side of a non-conforming garage and retain the non-conforming building located two feet from rear line and not on a lot occupied by a main building at 216 Oak street; Bruno Mazzoli, to erect an addition to non-conforming garage now located on the same lot as the main building at 134 Henry street; William Bel-fiore, to project a cornice closer to side line on a proposed dwelling on Adelaide road; William B. Thornton, to erect a breezeway and garage attached to dwelling with a side line exception at 10 Fenwick road, and George Legler, to erect a detached garage at side of dwelling instead of rear yard at 36 Jarvis road.

Charles Lucie received two years extension of permission to use a lot for parking cars in connection with a car repair business east of 624 Middle Turnpike east. Joseph Then was granted two years permission to repair cars and have a certificate of approval at 222 McKee street.

John Rogers was allowed to

### Kiwanis President

Donald T. Forsythe

Delegates attending the 38th annual convention of Kiwanis International at New York elected a prominent editor and publisher from Carthage, Illinois, to head the organization in the year ahead.

Officers of the Kiwanis Club of Manchester were informed today that Donald T. Forsythe, who publishes The Carthage Journal, Carthage, Ill., would succeed Walter J. L. Ray, Detroit, Michigan, as president of Kiwanis International, which is now comprised of over 3,600 clubs throughout the United States, Canada, Alaska, Hawaii, and the Yukon Territory.

A Kiwanian for 27 years, the new president will assume office August 1. During the past year he served as treasurer of Kiwanis International. He had previously been an International trustee and governor of the Illinois-Eastern Iowa District.

Delegates to the New York convention, which drew an adult attendance exceeding 11,000 men and women from all sections of Canada and the United States, also elected two vice presidents, a treasurer, and six trustees.

### Towns to Get School Head

The appointment of Andrew J. Manges to succeed Dr. R. Daniel Chubbuck as school supervisor for the towns of Colchester, East Haddam, East Lyme, Ellington, Hebron, Lyme, Marlborough and Salem has been announced by the State Department of Education.

Manges will assume his duties August 1. He will receive a reported salary of \$7,320.

Manges served three years in the Naval reserve during World War II, received his A.B. degree in 1932 from Manchester College in Indiana, and his M.S. in Education from Butler University in 1941.

He has also studied at Indiana University and Harvard. He is a member of the national honor society, Phi Beta Kappa.

After teaching and supervising in Indiana for 16 years he accepted the position of superintendent of schools at Lincoln, Mass. Manges has worked there up until his current appointment.

### Rev. and Mrs. Post Due at Conference
