Monthly Bloodmobile Quota Exceeded by Five Pints Here

Manchester gave its whole-hearted endorsement to the first 1938 Bloodmobile visit yesterday at the South Methodist Church by exceeding its 100 pint quota by five pints.

A total of 160 appointments were made for Wednesday, with 52 persons failing to keep their appointments and 10 being referred to physical reasons. However, 65 "walk-ins" were recorded, making January a banner month with 125 pints.

Hebron Local Man Builds Model Doll House

Last August, J. Robert Schuyler found a lot of pine and oak in his hobby shop which had accumulated from a few previous projects. Not really wanting to throw away the wood, he thought of some way he could use them, and decided to build a doll house. This gave him something to do in his spare hours.

The doll house is made like a ranch house, with living room, bedroom and kitchen. It has two windows in the living room, one in the bedroom, and two large picture windows in the living room, also a fireplace. The kitchen is at right angles to the living room and bedroom. Measurements are 20 inches the two long ways. Bob says he had lots of fun doing it.

Bob, as he is familiarly known, thought it would be fun to build the little house for a little girl and told the cater that he could have it when it was finished. Bob worked on the creation some time in August and until the second week in December and then there is no doubt that the little girl was delighted with her Christmas present.

Noel Field Says He Will Remain In Red Hungary

Washington, Jan. 13 (AP)—Noel Field has notified the State Dept. he and his wife have decided to forsake the United States and remain in Communist Hungary, where they imprisoned them for five years.

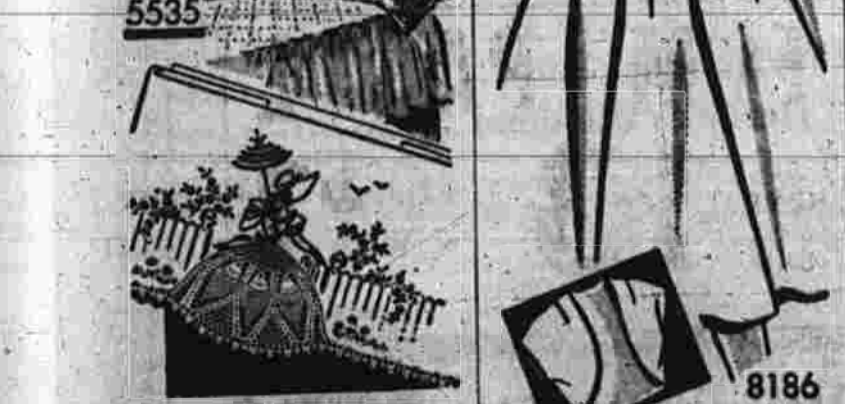

Field's decision, not unexpected by State Dept. officials, was based on a handwritten letter received two days ago by the State Dept. from Minister Christian M. Ravaldir. The letter was disclosed last night by department press officer Henry Brodman.

Field, 50, is a controversial figure on both sides of the Atlantic. He has been accused by the Reds of being a spy and in Washington hearings as being a consort of Communist agents. His name has been linked in congressional hearings with Alger Hiss and other State Dept. employees who served a penitentiary term on conviction of spying for the Soviet Union.

NEW SCORING KINGS — American former Holy Cross All-American point-guard team in the 1954-55 season. The team's scoring prowess was highlighted by the performance of Bob Cousy and Andy Phillip. Cousy, who led the team in scoring, averaged 28.5 points per game. Phillip, who was named MVP, averaged 20.5 points per game. The team's success was due to their fast-paced, up-tempo style of play, which emphasized quick ball movement and scoring opportunities.

New Grid Rules Will Make Game More Honest

NCAA Group Approves Six New Changes

New York, Jan. 18 (AP)—Football will be more honest next fall on the field at least if the winners of the NCAA rules committee are respected. Winding up 21 days of deliberations, six changes in the rules and regulations were approved today. The changes are designed to prevent unfair deception on offense—the outlawing of the "backfield" play and the new provision concerning playing a middle line back (linebacker) or center (center) before he has received forward passes. The changes will help keep the defense "honest" by providing more opportunities for the offense to score.
