Chiang Air Force Reports Sinking Sub, 21 Red Ships

Taipei, Formosa, Feb. 18 (AP)—The Chinese Nationalist Air Force claimed on Feb. 18 that it had sunk a submarine off the Red-Hill-Taiwan Islands this afternoon while other planes and warships wrecked havoc on a Chinese Communist troop supply convoy.

The Air Force said the bomber went into a power dive and bombed and strafed the sub, scoring direct hits and causing bubbles to rise as it went down.

In the same East China Sea area, Nationalist warplanes and ships claimed at least 21 Red vessels sunk, with indications the battle would go on through the night.

The Nationalists said the attack opened a trap for the Communist supply convoys, with warships dealing the final blow. Then the planes swept to action.

The Nationalists reported that the Red shipping lost more than 200 Communist ships to air attacks.

There was no mention made in the Taipei dispatch of the possible nationality of the submarine. The Chinese Reds are not known to have submarines, but they could have been given some by their Russian ally.
