Mrs. Mary Ellen Felton of Shoals, Ind., calmly puts on her day dress after reflecting on the 100 years of her life. She smiled broadly at the thought that she never worries because "Things always work out for the best."

Senate Votes Pacts To Rearm Germany

Washington, April 1 (AP)—The Senate today approved the German rearmament treaties by an overwhelming vote. The twin pacts, which Secretary of State Dulles said will give West European unity an "irreversible reality," give sovereignty to the Republic of West Germany, bring her into the North Atlantic Treaty Organization (NATO) and provide for a brand new 12-division German Army.

East Germany is occupied by the Soviet Union.

The historic Senate action, deliberately delayed until France and Germany had approved the treaties, culminates a 9-year U.S. effort to avert Germany's potential military power on the side of the West in the cold war against Russia.

Only one vote was taken in the Senate on the two pacts. Sen. George (D-Ga.) asked that that vote be officially recorded as covering each treaty separately.

George, chairman of the Foreign Relations Committee, told the Senate in a brief debate on the agreements that they would "improve the chances" both for unification of Germany and for talks between western and Russian leaders on a basis that might produce something "constructive."

"I am convinced that we should now refuse to ratify them or that we should unduly prolong the debate," George said, adding:

"I am convinced that we improve the chances for the unification of Germany. We improve the chances for a Big Four or Big Five meeting that will produce something more constructive and helpful than stalemate and propaganda," George said.

"Cities' Genuine Concerns"

The Georgia Democrat noted "genuine concern" among some persons "lest these agreements should open the way for a resurgence of German militarism."

He told the Senate:

"In my judgment, there are practicable, workable safeguards"

Sales, Gas Tax Boosts Meet Strong Opposition

Hartford, April 1 (AP)—Proposals to increase the State sales tax from three to four cents and the gasoline tax from four to five cents met with strong opposition yesterday during a public hearing before the Legislature's Finance Committee.

A proposed State income tax was also apparently doomed by House Republicans.

A special commission to investigate the relationship between the State and its subdivisions recommended the increase in the sales and gasoline taxes in its report to the Governor (then Gov. Lodge) late last year.

The commission was supported yesterday only by Town Manager Richard Martin of Manchester, commission secretary.

His testimony was brief because, he said, the reasons for the increases were explained fully when the report to the Governor was made.

Proposals for a State income tax were apparently doomed when Rep. John G. Donaldson (R-Whitton), House chairman of the committee, flatly asserted:

"I assure you that as long as the Republican Party is in power in this House, there will be no income tax."

There was little opposition to proposals to continue the State sales tax at three per cent. But there was almost no support for bills calling for increasing present taxes or imposing new ones.

The sales tax was increased on

Grunewald Sentenced In Tax Fix

New York, April 1 (AP)—Federal Judge Archie O. Dawson today sentenced Henry W. (The Dutchman) Grunewald, Washington influence peddler, to five years in prison and imposed a \$10,000 fine for conspiracy in a \$160,000 tax fix case.

Judge Dawson imposed the maximum penalty on Grunewald after comparing him and two co-defendants with "hermits which could undermine a structure until it collapses."

Halperin Gets Five Years

He imposed a five-year jail term and an \$8,000 fine on one co-defendant, Max Halperin, 70, of New York, an attorney, who was convicted on four counts of the indictment.

Judge Dawson adjourned until April 14 the sentencing of Daniel A. Bolich, 54-year-old assistant commissioner of Internal Revenue, who is ill in a Brooklyn hospital of a heart attack.

Judge Dawson continued Grunewald in \$30,000 bail and Halperin in \$5,000 on condition their appeal to the Court of Appeals be undertaken within 15 days.

Ask Mercy of Court

Both Grunewald, 62, and Halperin, 70, threw themselves on the mercy of the court before sentence was imposed.

"I leave myself at your mercy and I would like to get out on bail," said Grunewald, a stocky, balding resident of Chery, Chase, Md.

Halperin told the court:

"You know I am walking the last mile in the shadow of death. I don't know what the government can gain by my physical incarceration."

He asked the court to "temper justice with mercy."

In allowing them freedom in bail pending their filing of appeals, the judge denied a motion by Asst. U.S. Atty. Lloyd F. MacMahon that they be imprisoned at once.

Dayson said he was giving the defendants the benefit of democratic principles of "the government which they have flouted."

Dawson said some sentences were imposed with hope of reformation but that the Grunewald and Halperin sentences were of the type intended to warn others.

Stassen Balks Head-on Crash With Probers

Washington, April 1 (AP)—Foreign Aid Chief Harold E. Stassen today backed away from a head-on clash with the Senate Investigations Subcommittee over rights of its staff to question his employees.

Stassen's Foreign Operations Administration (FOA) sent three employees to the subcommittee's headquarters with announced orders to "answer all questions" put by the staff although only last night an FOA spokesman had said they would not show up.

The three were half an hour late and brought along a private attorney. Their delay in showing up stirred speculation as to whether there had been intervention in the row by the White House or Senators close to Stassen.

Stassen took a stand yesterday that subcommittee staff investigators should not question his employees unless he or one of FOA's top lawyers was present.

The subcommittee insisted its staff had the right to question FOA employees in private.

Leading the three witnesses at the subcommittee offices this morning was Howard P. Morrison, chief of the Near East and Africa branch of FOA's industrial services section.

"Cities' Genuine Concerns"

The Georgia Democrat noted "genuine concern" among some persons "lest these agreements should open the way for a resurgence of German militarism."

He told the Senate:

Hundreds Dead or Missing In Giant Philippine Quake

State Laws Convention Row Looms

State Capitol, Hartford, April 1 (AP)—Party leaders served notice today that a hot partisan Senate debate can be expected, perhaps next week, over the constitutional convention issue.

The bill was starred for action on today's calendar, but action was deferred under a bipartisan agreement to avoid controversial issues on Friday.

"Slightly Controversial"

In asking that a vote be put off, Democratic floor leader Joseph E. Longo commented with a smile that he did so because the proposal "might prove slightly controversial."

La. Gov. Charles W. Jewett, a Republican and the Senate's presiding officer, termed Longo's remark the "understatement of the day."

The Democratic sponsored bill, also backed by the Connecticut League of Women Voters, proposes a Statewide referendum November to decide whether a State convention should be called in March of 1956 to consider revising the constitution.

The United States is committed to the House but are outnumbered in the Senate, oppose the bill.

While passing up the convention ball, the Senate found plenty to do. It approved 15 measures.

Passed and sent to the House were bills which would:

Increase the number of corporate officers of the William W. Backus Hospital in Norwich from 40 to 60.

Increase from 36 to 37 the number of members of the Middlesex Memorial Hospital in Middletown. Extend until Jan. 1, 1957, the time for the merger and consolidation of the Middletown Hospital, Assn. of Derby with the Oak Cliff Cemetery.

Ilkes Library Funds

In conference with the House, it passed bills which would:

Increase the appropriations for the Fairfield County libraries in Bridgeport from \$18,000 to \$20,000 and in Stamford from \$2,000 to \$2,200.

Allow mentally retarded children to leave school before reaching the age of 18.

Mickey Jelke Held Guilty for Second Time

New York, April 1 (AP)—Mickey (Mickey) Jelke, handsome young oligarchic heir, was convicted today for the second time on safe society vice charges.

He could draw up to 40 years in prison at his sentencing, set for April 28. But he was sentenced to only three to six years two years ago on his first conviction, which was reversed on appeal.

The first trial jury recommended mercy. The second jury did not.

Deliberated 10 Hours

Jelke was continued for a 445,000 bail after the jury of 10 men and two women reported his guilty verdict at 1:16 a.m. following more than 10 hours of deliberation.

He was convicted on two counts of conspiracy to obstruct justice, the legal term for the offense. The charges consisted of:

1. "Enticing, inducing and procuring Paul Ward, now 21, to lead the life of a prostitute."

2. Attempting to do the same with Margaret Cordova, 26, former night club hooch girl.

Chief defense counsel George Washington Herz, questioned by newsmen, said he would not dispute the possibility of an appeal at the present time.

Visibly Shaken

Jelke, who had paced the court corridors during the jury's deliberation, paled as the verdict was announced. The 35-year-old playboy was visibly shaken as he stood at the defense table facing the jurors. He did not take the witness stand at the trial.

Jelke sighed deeply and bit his lip.

Berlin Reds Boost West Truck Taxes

Berlin, April 1 (AP)—Communist East Germany put an eight million dollar a year tax raise into effect today on truck traffic between West Berlin and West Germany.

A rush of truckers trying to make the 110-mile run through the Soviet zone before the midnight deadline piled up 20 miles at either end of the road last night. Nine hours later police reported traffic was flowing smoothly.

The new levies boost taxes as high as 200 marks (\$64.84) for a round-trip truck haul between Berlin and West Germany.

The East German Communist said the money is needed to keep the highway in repair.

West Berlin officials called it an economic blockade in retaliation for West German ratification of the Paris Pact on German rearmament.

The East German Communists

Conservatives Gain In British Election

London, April 1 (AP)—Prime Minister Churchill's conservative party registered significant gains today in county council elections. His supporters were jubilant. But a Labor party spokesman said there is no big swing to the Conservatives.

"The Labor voters" said the Labor spokesman, "are just not turning out."

On the other hand Lord Woolton, chairman of the Conservative party, said: "The results are encouraging. They show a movement to the right which has been evident for some time now."

Though the county races have

Avery Explains Ward, Union Agreement

Sewell Avery, board chairman of Montgomery Ward & Co., makes an emphatic gesture in explaining circumstances of an agreement with the A.F. of Laborers' Union, March 31, in Chicago, which averted threatened strike of 25,000 warehouse employees in 11 cities. Avery also faces a battle for control of the mall order house by his head office since the early 30s at a stockholders' meeting this month. (AP Wirephoto.)

Ike Believes Reds Against War Now

Washington, April 1 (AP)—President Eisenhower was described today as believing Russia does not want to fight a major war now—nor support one. Sen. H. Alexander Smith (R-N.J.) said Senate leaders got that impression in a talk with the President yesterday. Another highly placed Senator put it more directly. This Senator did not want to be named but he said that was the nature of the answer when a question was raised about the Kremlin's likely position as to the Nationalist Chinese coastal islands of Quemoy and Matsu.

The United States is committed to help defend Chiang Kai-shek's stronghold on Formosa but the administration has kept silent as to any defense of the outpost islands. Smith said he did not want to try to quote the President. But he said his understanding is that the administration believes Moscow is likely to claim the brakes on any Red Chinese moves that might spread into something much bigger.

No Real Assurance

Smith added it was emphasized at the White House that the Oriental mind is unpredictable and therefore there is no assurance that what may happen even against Soviet wishes.

That was another way of putting it.

ICC Kills U.S. Bid to Collect Billions in War Rail Refund

Washington, April 1 (AP)—The volume of military freight handled by the railroads for the armed forces over the past three years is expected to level very much lower than those collected.

Every railroad company in the nation was involved in the claims, which also covered numerous electric lines, terminal operators and stock yard companies.

The hearings developed that the government's total payment to the industry for wartime freight handling between 1941 and 1946 amounted to \$6,294,238,000.

Chas. Cox, Payment of Railroad witnesses pointed out that the carriers had already paid income tax on this amount during the years involved and said the industry had been advised by the Internal Revenue Service that because of the lapse of time, the railroads could not seek tax refunds even if they were required.

The Justice Department contended that because of the huge

(Continued on Page Thirteen)

Hard Tremors Go Eight Hours

Manila, April 1 (AP)—Violent earthquakes rocked the southern Philippines today, causing possibly hundreds of deaths and untold damage.

The Philippine News Service reported "hundreds" dead or missing in the Davao District alone of Lanao Province. Earlier PNS said there were 164 confirmed deaths in four districts of that province.

For nearly eight hours the earth trembled and shook. The ground split open. Sand and hot water were reported issuing from cracks in the ground. Some houses toppled into Lake Lanao.

Communications were disrupted in most sections, but reports filtering out of the stricken island of Mindanao indicated widespread disaster.

The Philippine National Red Cross said the provincial secretary of Lanao Province reported from Davao, the capital, that 100 persons were dead or missing in two districts bordering Lake Lanao.

Those persons presumably were included in an earlier report by the Philippine News Service that 164 were confirmed dead in four districts of Lanao province. PNS insisted that its figure was correct.

The Manila Times reported the same figures.

The news service quoted Capt. Angelo Cruz, public relations officer for the Fourth Military Area embracing Mindanao. He said 15 persons were missing.

British Employ Police Tactics In Cyprus Row

Nicosia, Cyprus, April 1 (AP)—British authorities cracked down with arrests and stringent police measures today in the wake of extensive damage from dynamite blasts set off by demonstrators demanding union of this strategic Crown Colony with Greece.

Six pre-dawn explosions rocked Nicosia, damaging a radio station, an Army barracks and other buildings.

Damage was done also in raids on an Army barracks under construction at Episkopi, where three men threatened civilian guards before setting off explosives at a generator.

Guards prevented attempts to set fire to a fuel dump at an Army installation at Dheklia and to blow up the ordnance depot at Famagusta.

Three blasts were set off outside the Central Police Station in Limassol but little damage was done.

The body of a young man was found at the foot of an electric line pole near Famagusta, with wire cutting tools clutched in his hand. He had been electrocuted.

Police would not disclose the total number of arrests but said they included one man found driving an automobile loaded with dynamite along the Famagusta-Larnaca road.

There was talk the British would proclaim a state of emergency to cope with the situation.

The latest flare-up over the explosive Greek-Cypriot issue occurred when five masked men dynamited the Nicosia Broadcasting Station. They fled by car, scattering leaflets warning "If our oppressors do not give us liberty, we can take it with our own hands and blood."

Within 15 minutes five other explosions rocked the island, sending people fleeing into the streets in

Union Walkout Idles 35,000 at U.S. Rubber Co.

Naugatuck, April 1 (AP)—Three big U.S. Rubber Co. plants were closed today by a strike of 8,000 U.S. rubber plants were struck by 35,000 union workers.

The strike was called at midnight last night. Across the country, rubber plants were struck by 35,000 union workers.

Union company negotiations broke down 10 minutes before midnight in New York.

Not a moment was lost in pulling the workers off their jobs here. Shortly after midnight the 31 p.m. to a.m. shift was out and pickets were on duty.

U.S. rubber manufactures footwear in one of its plants here. The others deal in synthetic rubber and chemicals in New York.

The last big U.S. rubber strike hit the three plants April 2, 1933. It lasted only two days.

Wages Not Issue

The company and the rubber workers had been negotiating in New York for a new contract covering hours, working standards and holidays. The old contract expired at midnight. Wages were not an issue.

E. M. Clashing, in charge of company negotiations, said early today that two and three strikes had declined further comment.

Plane Crash Kills Six

Ottoburn, England, April 1 (AP)—A plane crashed into a group of Durham University students watching an air show today, killing six and injuring four. Three of the dead were women. The pilot and an observer in the training plane, engaged in a demonstration by the university's air squadron, were not hurt.

APRIL FOOL

Newark, N. J., April 1 (AP)—Two gun-toting bandits, at first thought by employees to be playing an April Fool's joke, snatched a \$9,385 payroll today after quelling office snickers with "C'mon. We're not kidding. This is a holdup."

NAVY, CARGO SHIPS CRASH

Cape May, N. J., April 1 (AP)—A U.S. Navy destroyer escort and a 7,600-ton freighter that collided last night in Delaware Bay floated apart this morning and the freighter began moving under her own power toward Philadelphia.

Town, Power Firm Plan Experimental Street Lights

Experimental street lights on Chester street, which will probably be installed by April 15, James Sheehey, town engineer, said this morning.

According to his estimate, it will be in operation about May 2. He said it would probably cost the amount of time to run new lines and make any changes necessary for the new lights.

Sheehey said that the new lights will be installed on Chester street, from Main to Church St. The lights will be 20,000 lumens intensity, a measure of lighting power which the standard light now in use in Manchester is 1,200 lumens. Sheehey said some areas now have more powerful lights but, in general, the better idea has usually been installed when new lights were added.

The move is being taken as part of a program to study street lighting in the town and ways in which it may be improved most efficiently.

The highways have been divided into two classifications, major and secondary. Sheehey said he visited to study the new lights on roads of both types, and this is the reason for the choice of Park St. as a

Dog Licenses Available

Dog licenses for 1955 are available at the office of Town Clerk Samuel J. Turkington and may be picked up at any time. The licenses must be obtained by May 1. All dogs must be licensed. Major applications will be accepted, Turkington said.

Office Conversion Nearly Completed

Office Conversion Nearly Completed

The new window system in the office of the collector of revenue, Iosue and William B. and B. has already been put in. This will reduce from \$100 to \$25 the daily penalty assessed against taxpayers who neglect to register.

Grunwald Gets Jail in Tax Fix

Not to attempt to similar penalties. The judge observed that persons who have lived in warm climates have seen how "old noble structures can be undermined by the elements gnawing away unknown to the occupants until the structure collapses."

Break Reported At Cole Motors

Police report a break occurred yesterday at Cole Motors on Center St. but nothing of value was taken.

Patrolman Gordon Nessler is Handling Investigation

Patrolman Gordon Nessler is handling the investigation and said a small window in a front door was first broken. The intruder probably thought they could unlock the door by reaching inside but the lock requires a key.

Police Figure the Break Must Have Happened During the Night

Police figure the break must have happened during the night as it was discovered when the garage opened up for business yesterday morning.

About Town

The son born Wednesday in Rockville Hospital to Mr. and Mrs. Alan Neal Knott of Toland has been named Neal Cal Knott.

The regular monthly meeting of the Fellowship Club will be held at the Masonic Temple Monday evening at 7:30.

Mrs. John Post of the North Methodist Church will be interviewed by Miss Edith Walker, secretary of the National Council of Churches, over Station WNHQ-TV on the program "Adventures at Home" at 12 o'clock noon on Tuesday, April 12.

The 11th annual convention of the Connecticut Licensed Practical Nurses Assn., Inc. will be held at the Curtis Hotel in Hartford Monday at 8:30 a.m. at the church.

King David Lodge No. 31, IOOF, will meet tonight at 7:30 in Odd Fellows Hall instead of at the Masonic Temple as stated in last night's issue of the Herald. After the meeting members will go to the Wetherfield to put on the yellow dog degree. Next Tuesday night, of which Mrs. Bertha Hall is president, Mrs. Hall will make the presentation.

The Men's Club of Second Congregational Church has received 85 reservations for their second annual Communion Breakfast Sunday at 8:30 a.m. at the church.

James W. Fay Jr., 19, 1018 E. Middle Turnpike, yesterday joined the U.S. Army and proceeded to the reception center at Fort Dix, N. J., for training.
