Artificial Satellite With Parking Meter for Flying Saucers

When the Government announced that we were going to spend \$10,000,000 to build an artificial Moon the size of a basketball it had the following immediate repercussions: (1) The A. C. Who knows, someday we may need a Congressman from Mars.

Rockville-Vernon School Budget Blocked; Location Issue Stalled

Rockville, Nov. 9 (Special)—The Board of Finance of the Rockville-Vernon school district today blocked the approval of a \$200,000 budget for the coming year because of a disagreement over the location of a new school building.

The board voted 4-3 to reject the budget submitted by the school committee. The dissenting vote was cast by the finance committee members.

The finance committee, headed by Mr. J. H. Campbell, said it could not support the budget because it did not include a plan for the location of a new school building. The school committee had proposed a site on the west side of the town, but the finance committee preferred a site on the east side.

The school committee argued that the west side site was more centrally located and would serve a larger area of the town. The finance committee argued that the east side site was less expensive and would be easier to build.

The board will meet again next week to discuss the location issue. If no agreement is reached, the board will have to reject the budget and ask the voters to approve a new one.

Featured Soloist At MRNA Show

Mr. Cecilia Brunelle will be the featured soloist at the Manchester Registered Nurses Assn. fashion show next Tuesday evening at 8 o'clock at the Bowers School.

Ms. Brunelle, a former resident of Springfield, Mass., was moving to Manchester, where she is now a well-known vocalist with Station WJZ, and is more recently known for her composing and rendition of radio and television commercials.

A vote of 385 favored adjourning action on approval of the Oik-Aberie site and appropriation for the school site, since the location of the school in the area is the main reason for seeking the removal of the dump.

Henry Hilliard, former organist at the Concordia Lutheran Church, will accompany Ms. Brunelle at the organ and will play additional selections throughout the program.

Playing the organ has been a hobby of his for many years. He studied at the Julius Hart School of Music in Hartford.

Tickets for the fashion show may be obtained at one of the three participating stores—Caret Casuals, Mari-Mads and Ter's Bridal shop—or from a member of the association.
