Connecticut Yankee Along the Road With Joe Owens

The so-called "high-level" campaign is becoming camouflaged. In the past, when they were scored one point, the Democrats worked hard, but in not much, no time at all, the Republicans were scoring one of the great victories in politics since the advent of the atomic age. The result in New Haven was a Democratic upset, long known, when Mayor Richard Lee defeated the incumbent, the Republican, who had been in office for five years. A Thought For Today

On the banks of the East River in New York City the skyscrapers of the nation's financial district stand as a symbol of modern industry and progress. But in the shadows of these buildings, a small group of men are gathered, their faces lit with the glow of a common purpose.
