30 Local Persons At Scout Conclave

Over 30 people from Manchester attended either part or all of the 42nd Annual Regional Girl Scout Conference held in Springfield, Mass., Wednesday, Thursday and Friday of last week.

The conference was attended by hundreds of Girl Scout adults and Senior Scouts from all of the New England states. Among the major problems discussed at the conference were the need for more Girl Scout volunteers to serve as troop leaders and to take on the "behind the scenes" job in Girl Scouting, and ways to improve the Girl Scout program so that it will provide more opportunities and challenges for girls.

Those who attended from Manchester included: Senior Scouta Betty England of Troop 6, and Joyce Taylor of Troop 8; the Rev. John R. Neubert, Edward G. O'Brien, and John Schreiber; President Mrs. Gladys Meyer.

While they were in town, the bridge club of which Mrs. Janet Johnson is a member arranged a get-together in the form of a joint party in recognition of the 25th wedding anniversary of the Johnsons, which fell on Sept. 29. Other guests, also former members of the bridge club, included Mrs. Mrs. Floyd Marshall of Burlington Vt., and Mr. and Mrs. Edward Matson of Stratford, Conn.

Silk Town Notes, Quotes

By EARL YOST

Today's edition of Silk Town Notes, which marks the first anniversary of this weekly feature in the Herald, is packed with news about the city.

It has been a new and wonderful experience for the writer in this past year, to contact a number of people to whom I would meet on my regular assignments as Herald reporter and to report these things in Notes.

The idea of this column was, and will continue to be, to include items of interest about Manchester residents and of former well-known local people. Notes on promotions, anniversaries, organizations, contest winners, new and old business establishments, and just plain every day facts about a busy city. Manchester were used. This shall continue to be the practice in the future. It reads that any item of local interest, sent them along, will be only to happy to put them in print.

Familiar sight of Burt Lehman at the Atlantic service station at 708 Main St., has led to his business trip to Jack Weisly Jr., a prominent member of the business community in West Palm Beach, Fla., before entering the service during World War II, Lehman operated a service station on Main St. across from Pioneer's, wasn't a resident of Burt's but I was always impressed with his appearance. He was, in my book, the best dressed service station owner I have ever seen. After looking at the picture, Burt plans to bring his family to the Sunshine State.

Bolton Auxiliary Names Chairman To Head Hospital Gift Drive

Bolton, Oct. 29 (Special)—The Christmas Gift Campaign of the Northwich State Hospital Women's Auxiliary will be conducted locally this year by Mrs. Louis C. Dimock Jr., serving as her chairman will be Mrs. Louis C. Dimock Jr.

The Auxiliary reports that of the 2,300 patients at the Hospital, about 1,500 are dependent upon this drive for holiday atmosphere. Confined to the institution for many years, they are forgotten men and women who never have a visitor and would not have Christmas gifts except for this effort.

Gift packages or money are acceptable in the drive. Cash gifts will be used to bolster the Patients' Welfare Fund which provides Christmas entertainment and parties. Other projects of this fund include purchase of additional television sets, long playing records and establishment of summer camp for some patients.

Gift packages may be left at the home of Mrs. Louis C. Dimock Jr., Notch Rd. Depors are cautioned not to include matches or any sharp instruments in the packages.

Nurses and occupational therapists select the most appropriate gift for each individual. Therefore, if the donor wishes to Christmas wrap the gift, it should carry a tag giving a description of the contents, including if it is a

Repository Dedicated at Second Church

A beautiful repository for the Book of Remembrance was dedicated during the morning service yesterday at the Second Congregational Church. The 4 by 3½-foot repository was built to contain the hand-tooled red leather book in which all the memorials of the church will be inscribed. The case, which is illuminated by fluorescent light and has a glass top to protect the book from dust, was given in memory of Mr. and Mrs. Traxton Bean, parents of Mrs. Arvid Seaburg and Miss Elizabeth Bean. The repository was made by Arvid Seaburg. (Herald Photo by Pinto.)

FISHERMAN DROWNED
 Winsted, Oct. 29 (AP)—A fisherman drowned in Lake Winchester sometime between midnight and 7 a.m. Sunday. The body of Merton Scoville, 46, Perryville, was discovered in six feet of water by another fisherman Sunday morning. William Miller, a boat renter, said he heard Scoville shout to him about midnight and shouted to him. He said Scoville shouted back that he had lost an ear to his rowboat but otherwise was all right. The watch on Scoville's wrist had stopped at 4 o'clock.

McLaughlin, medical examiner, said Mrs. Karis Letwin, 42, and her daughter, Eva, 22, had committed suicide.

YWCA Sets Plans For Fund Drive

The Manchester YWCA will open its yearly finance drive on Monday, Nov. 5, with Mrs. Richard Reichenbach as chairman of the committee in charge.

Only 30 per cent of the local YWCA budget is being planned for through contributions. Classes and activities programs are doing a great deal to support the organization, though they are not sufficiently remunerative to cover all financial needs. For this extra amount needed, the YWCA counts on the generosity of Manchester people in contributing, they will be supporting Manchester youth and family groups, and will make possible an increasing active and adequate local unit.

The YWCA is non-sectarian, and for all ages. It is a volunteer organization, including all women

SWEPT-WING '57 Dodge

How do you describe a car so daring in concept, so revolutionary in features and advances, so rewarding in beauty and performance? How do you explain its newness when everything about it is new? On display today is just such a car—the Sweep-Wing '57 Dodge that steps you into the wonderful world of Autodynamics! It is a world where everything is new from road to roof to achieve absolute mastery of motion.

Here's what it does in the Sweep-Wing Dodge:

- It unleashes a hurricane of power from a thundering new aircraft-type Super Red Ram V-8 engine that's a spitfire in action!
- It tames a torqued torque with a new Torque-Fite Push-Button Drive for the greatest get-away on the road!
- It breaks through the vibration barrier with a revolutionary new rubber-mounted suspension system—Dodge Torsion-Air—that features race car torsion-bars. You ride in a "Realm of Silence," isolated from vibration, noise and road shock.
- It is swept-wing mastery of motion in a sleek, low-slung beauty barely 4½ feet high that has no equal in the way it corners, handles and rides.

You have never seen, felt or owned any car that compared with this new Sweep-Wing Dodge. See and drive it today... now at your Dodge dealer!

Things That Crawl in Fall
 We are not yet ready to predict the winter. For one thing, we have been too busy reading what the caterpillars predict. It seems that they guarantee a mild winter and a hard winter, a long winter and a short one, a winter with two long bursts of cold on either end, and a winter which is all solid cold.

The Health Issue
 Quite frankly, anyone who has not been reassured on the question of the President's health by this time, from his own observations and judgment, is not likely to be convinced by the formally announced results of President Eisenhower's weekend medical examination either.

For Freedom

It is one world, and it has one cause which unites men, and this unity of world and cause has never been more evident than at this precise moment.

At the moment, men are fighting for it in the physical sense. They are fighting for it in the Russian satellite countries. They are fighting for it in North Africa.

In each instance, those fighting for freedom want all of it, not part of it. They do not conceive of freedom as something divisible, or something subject to compromise.

It might be better for the world, and for them, if they could. For they would get what they want in the end, with less blood shed. But here, again, we come to a passionate truth about human nature.

As we see the battle-flaming in three world fronts, there is a special, modern hope. It is that some way may be found to spare all the human lives involved, to avoid the final, full decision one way or another by arms and blood.

Each prognosticator, in other words, has been finding his own caterpillars. In the first place, we don't like them. They crawl in from the second place, we know they have absolutely nothing to do with winter. They just crawl in from behind.

Most of us consider it unlikely that unfavorable prognostications had they been discovered this weekend, would have been reported to the public, with election day a week away.

Sense and Nonsense

THIS 'N' THAT
I will recall in my small town a last by game of Billy Brown. He worked at Naylor's Hardware Store—did every light and heavy job. And then, some Sunday in the choir, he'd warble like a louse in the choir. And gathered 'round the old church door and came inside to hear some more. Bill studied singing for a while, but stuck to his old-fashioned style. And agents in the choir? Well, they just couldn't "place" plain Billy Brown. So Bill took a trip abroad and worked a little harmless fraud, returning to the Great Big Town as Johann Heinrich Wilhelm Braun. The voice of "Braun," so true and sweet, never must have been of their sort. And he sang the same old song. "His voice is like an angel's song." So he here to you, from our small town: Good Johann Heinrich! Billy Brown—Karl Pfister.

Nixon Seeks Urban Ballots

Los Angeles, Oct. 29 (AP)—Vice President Nixon gave a speech in Los Angeles today, the first in his final week of the election campaign. He said he would continue to concentrate on the five states which have 184 electoral votes. "These five alone would provide per cent of the 286 electoral votes needed for victory," he said.

Dodd, Bush Swap Attacks As Campaign Enters Stretch

BY THE ASSOCIATED PRESS
The Democratic campaign in Michigan today was a Republican attack on the issue of urban problems. The issue was only to "propaganda and politics," said Governor George A. Romney. He charged that President Eisenhower "failed to mobilize public opinion in support of the Supreme Court's desegregation decision," and said further that he would support the desegregation of public schools. "Dodd continued to sound at Bush's record, and to contend that the Senator has mismanaged it," he said.

Estes Terms Ike as Front

Friday, Oct. 29 (AP)—Sen. Estes today described President Eisenhower as a failure, a "willing captive" lacking in moral courage, and a "front man" for Richard Nixon. "The Democratic vice presidential nominee, swinging into his final drive for the special electoral votes of a bloc of populous midwestern and northeastern states, threw some of the harshest language of his campaign at Eisenhower and Vice President Nixon," he said.

Borsts Observing 50th Anniversary

Mr. and Mrs. George F. Borst, 82, Cambridge St., whose 50th wedding anniversary occurs today, held "open house" for their neighbors and friends yesterday afternoon following a dinner party for them at the Red Coach Inn. Mrs. Borst, assisted in serving the guests, had a table set with a host of friends, members of the Second Congressional Church, in which both have been active for the occasion. Previously, Ever Ready Circle of Kings Daughters gave a party for them. Mrs. Borst has long served as president of the circle.

Detective "Billy" Burns returned the other day from a tour through the country in the interest of the Bankers' Association. He was profoundly impressed with the views of western Pennsylvania as a place of residence. "Mr. Burns—Nothing like it for a man that's inclined to be a bit low-spirited. They don't take any chances with you there at all. Why, if you go into a store and ask for a bit of clothing, the storekeeper will open a big book, tell the person to write his age on a piece of paper. Tell him to multiply it by two. Then have him add five to that, and multiply the total by fifty. Tell him to subtract the number of days in the year (365) from that. Now have him count any change under a dollar in his pocket, and add that. Then ask him to tell you the total, and promise to tell him his correct age, and the amount of change, if his arithmetic is right. When he gives you the total, mentally add 115. The total of that will give his age in the first two figures, and the amount of change in the latter two."
