Residents Protest Resolution Passed by Directors Tuesday

Midwell St. and Hackmatack St. area residents today were protesting a resolution passed by the Board of Directors Tuesday concerning the location of a new housing project.

The resolution was passed Tuesday afternoon by the Board of Directors of the City of Manchester, Conn., after a long and heated discussion.

Col. George Kibler said today the resolution had been read to him and he interpreted the resolution as a protest by the Board of Directors against the Lakewood Circle area. Col. Kibler declined comment.

A copy of the resolution was sent to the Board by mail today. The Board action also brought up the question of a referendum on the subject.

City called the Board action "a referendum" and said it was not a referendum. The Board said it was not a referendum.

Residents of the area protested against the resolution. They said the resolution was a violation of their rights.

The Board of Directors and the Town Planning Commission both took action indicating they wanted the Army to locate their development west of the city.

Since the Army but there had only the Lakewood Circle site and the Midwell site under consideration, that presumably meant Midwell St. and Hackmatack St.

Howard Bid To Be Aired By ZBA Again

John Howard is applying to the Board of Appeals (ZBA) for a permit to divide property on 134 Oakland St. which will result in two lots having less area than is required in Residence A.

He will be given his second hearing on the 23rd meeting Monday at 8 p.m. in the Municipal Building to hear several applications.

Howard ran into public opposition when he first presented his application before a ZBA hearing July 16.

Mrs. William Bell, 144 Oakland St., and Alphonse Lukas, 139 Oakland St., objected on the grounds that Howard's plan would result in a ZBA permit to establish an office to conduct his business, which is located in the rear of property.

They also said they were fearful the gas station located in the front yard would fall into irresponsible hands when sold. It was also alleged that Howard had operated vehicles around the station in a dangerous manner.

Howard's attorney, Jay Rublow, notified police of the incident and the land so he might sell the service station.

Boy Drowns In Mill Pond

Rockville, Feb. 7 (Special)—A 10-year-old boy, 100 Brookline St., drowned yesterday in Paper Mill Pond. He was skating along the south side of the pond opposite 134 E. Main St. when he apparently skated off the ice into the water.

The boy was recovered from about six feet of water by Deputy John Richard Hill, Tolland, who was on duty at the time.

The resolution was passed Tuesday afternoon by the Board of Directors of the City of Manchester, Conn., after a long and heated discussion.

Col. George Kibler said today the resolution had been read to him and he interpreted the resolution as a protest by the Board of Directors against the Lakewood Circle area. Col. Kibler declined comment.

A copy of the resolution was sent to the Board by mail today. The Board action also brought up the question of a referendum on the subject.

City called the Board action "a referendum" and said it was not a referendum. The Board said it was not a referendum.

Residents of the area protested against the resolution. They said the resolution was a violation of their rights.

The Board of Directors and the Town Planning Commission both took action indicating they wanted the Army to locate their development west of the city.

Utah Convicts Free 27 Hostages as Riot Ends

(Continued from Page One) Patrol Sup. Lyle Hyatt said he was preparing a cell-by-cell check of the prison.

The riot of about 800 prisoners started about 6:30 p.m. (MST) during a basketball game. The riot spread quickly through the convicts. Authorities called off the administrative area.

The convicts grabbed the basketball team from nearby Greaser and the Prison Team. They shouted that "the convicts have taken over" and seized the visiting team and spectators.

Treated with kindness Paul D. Smith, one of the basketball players, said he was treated with kindness.

Blames Racial Agitation Prison Warden Marcel Graham said the riot was caused by racial agitation and the presence of FBI officials in the course of a tour of the prison.

There has been a little talk about the colored boys thinking they should have the privilege of living anywhere in the building. The riot broke out brightly, but shortly after midnight, either the convicts or the guards, or both, were sleeping and the lights went out.

Later, a fire was set in a boiler room and a shadow could be seen through the corridors. Salt Lake City firemen went in to try to fight it, but withdrew under the threat of being shot. The riot was not able to return until this morning.

Another riot broke out in the morning. The riot broke out in the morning. The riot broke out in the morning.

Father, Son Teaching at High School

By LEONARD ZEIDENBERG N. William (Bill) Knight and his son William N. (Nicky) Knight have some eighth grade classes at the high school coming and going this week.

Both are attached to the faculty, teaching eighth graders—the father in connection with his position as public relations officer for the Manchester Trust Co. and the son as a teacher in the school.

Other applications scheduled for building lot having less frontage and area than regulations allow.

Tommy—Pa, what is an equinox? Pa—Why, ar-it-it-shem! For goodness sake, Tommy, don't you know anything about mythology at all? An equinox was a fabulous animal, half horse, half cow. Its name is derived from the words "equine" and "ox." It does seem as if these public schools don't teach children anything nowadays!

Reds Unveil U.S. Spy Net During TV Show

They expressed gratitude for the "humane policy" of the Soviet government in releasing the spy school graduates. Describing his spy school education, Taktus said: "In order to turn us into obedient servants and make us forget our motherland, the Soviet Americans encouraged drinking and gambling and bad language among us and even at times took us to Munich to visit public houses."

Benson to Cut Price Support On Feed Grain

84.3 per cent of parity while this year's level would be about 75 per cent. Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to prices they must pay. Last year's crops of other feed grains such as oats, barley and grain sorghum were supported at 75 per cent of parity—43¢ a bushel for barley, 60¢ for oats, and 81.7¢ a hundred pounds for grain sorghum.
