MOST VALUABLE PLAYER OFFERS SOME VALUABLE ADVICE ABOUT SAVINGS BONDS!

Mickey Mantle's 1956 Record: Batting Average .353, Runs Batted In 130, Home Runs 52

Mickey Mantle's big bat won him the American League's Triple Batting Crown last year and unanimous choice by the nation's sports writers as his league's most valuable player.

This young Oklahoman figures to have many more great years in the majors, but already he's looking beyond his playing days, planning for his family's future with regular savings.

Mickey says, "From personal experience, I know that the guy who comes through regularly means the most to himself and his team. I've learned the same lesson about savings. Buying U. S. Bonds regularly helps win the game of security."

"Millions of sports fans can be star players in the game of security by joining and staying on Payroll Savings where they work."

Good advice for the long haul from a long ball hitter. For most of us, Payroll Savings offer the easiest, surest way to save. And the time to start is now. All you do is sign the application form in the payroll office where you work. Select the amount to be set aside for your Bonds each payday. Then your saving is done for you. And each time you've accumulated enough, a Bond is purchased in your name.

You keep adding to your Bonds through Payroll Savings and your Bonds keep earning interest for you. It's a sure way to make a little deduction add up to a lot of security.

So don't put off saving another day. Sign up for Payroll Savings where you work. Or start buying Bonds regularly where you bank.

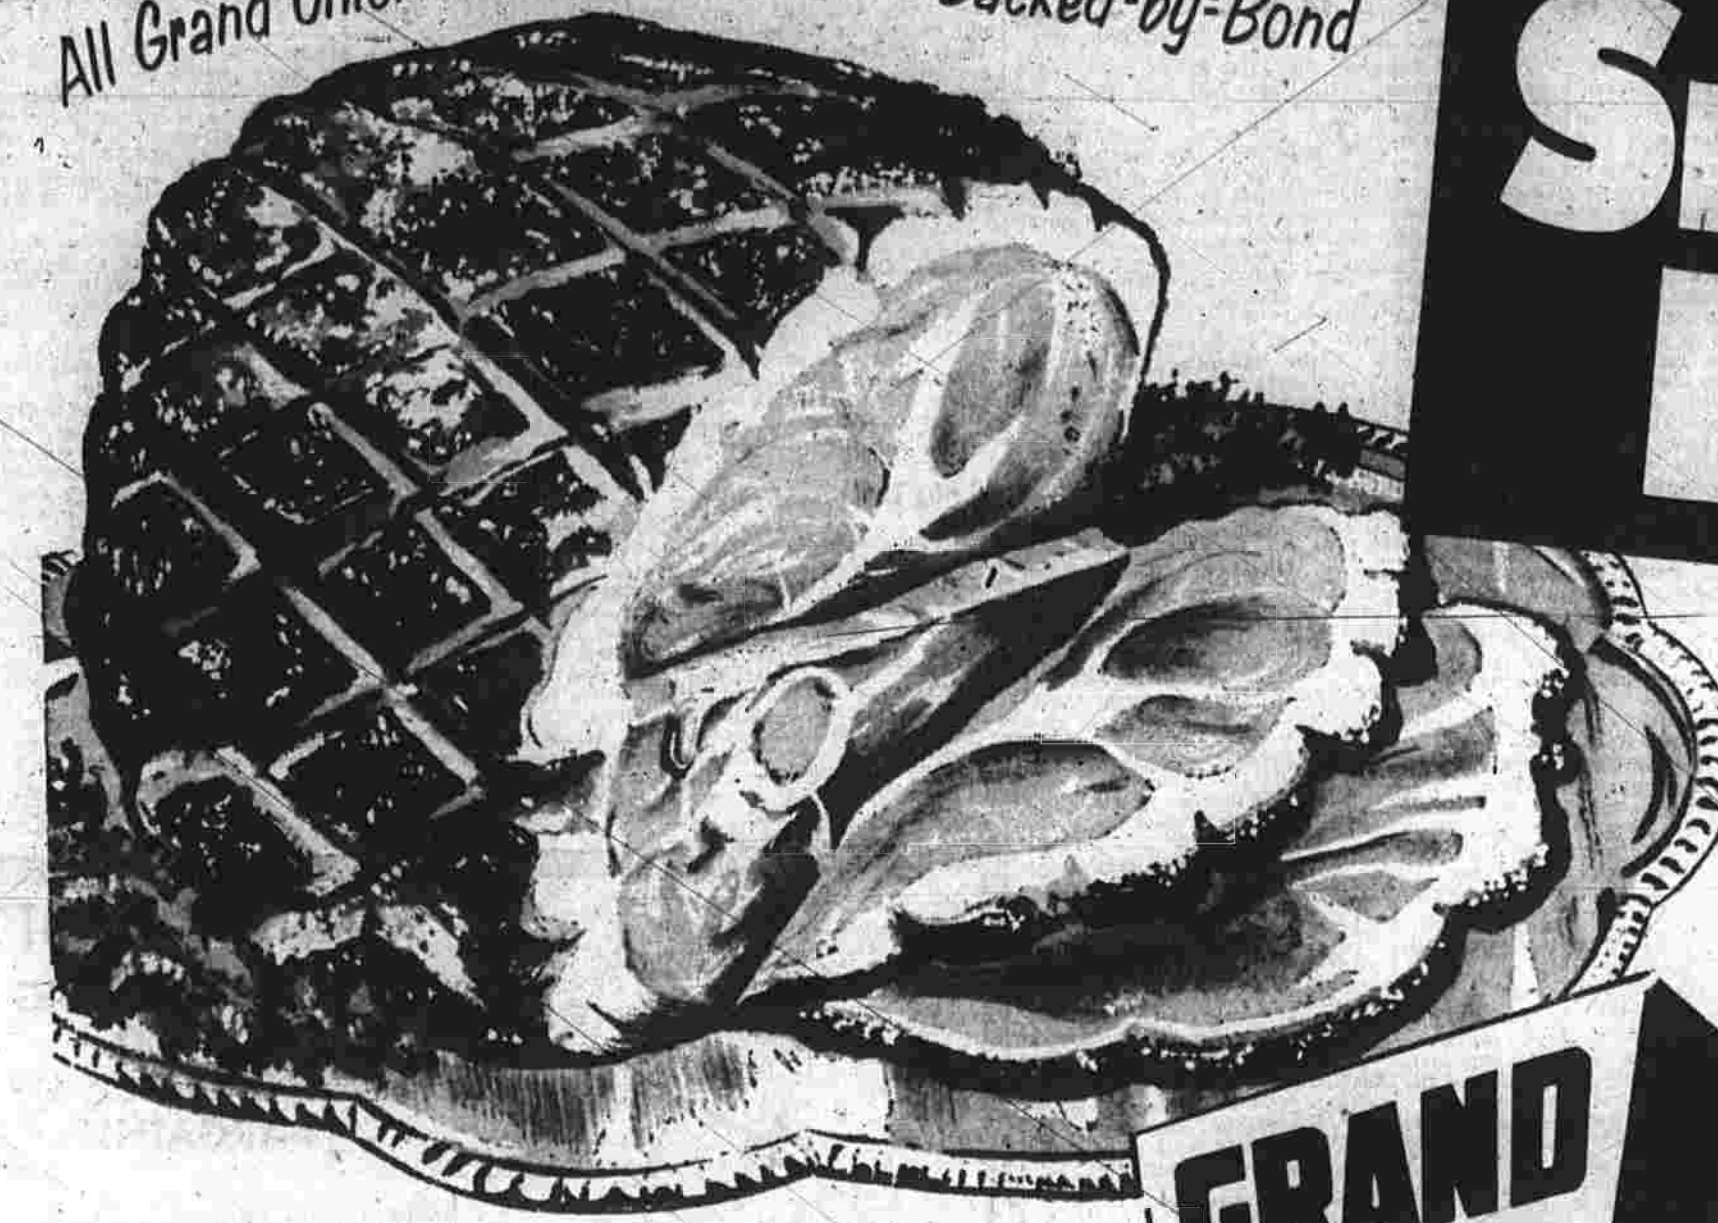

Part of every American's Savings belongs in U. S. Savings Bonds
