I had never marked it with anything, but I had drawn it for him. I had drawn it for him, I had drawn it for him, I had drawn it for him.

 The world of God is a world of a devotional book. I came across this poem and wanted to share it with you. Though my words may seem to be a little bit of feeling, but I rest upon Thy word alone. That word of power that feeds the world. Unfolding, changing, strong, and sure. Though heaven and earth should seem away. What Thou hast spoken must endure.

**Georgia Justice**  
 Fined \$50 on Traffic Charge  
 Atlanta, April 25 (AP)—Chief Justice W. H. Dockworth of the Georgia Supreme Court has been acquitted of drunken driving charges but fined \$50 as a result of a traffic accident. The 62-year-old jurist received the fine in city traffic court yesterday on a charge of failing to remain in a proper traffic lane. Dockworth's auto struck two other vehicles on Highway 282 late Tuesday night. The accident occurred on a charge of driving under the influence of intoxicants, drunk on the street and falling to remain in the proper lane. Dockworth denied he was intoxicated when he accelerated, jammed and was unable to control it. He said he had no knowledge of striking the second car. "I was stunned when this thing hit me," Chief Justice added, referring to a news story he published that striking one auto in such a situation might have been a matter of judgment. But he added that striking one along with running into that second car.

**What this means we can only guess. That it means that, wherever the Eisenhower Doctrine, American troops will fly into Jordan to help King Hussein pay his army for its continued loyalty. According to reports, the American troops meeting the payroll, which Britain used to meet for him, King Hussein is supposed to have sent \$2,000,000 the other day. Egypt and Syria are also pledged to help finance Jordan if it gave up its British subsidy, but they don't remember that. Not until King Hussein seems to have the upper hand and to be trying to get Jordan from being their satellite. It may be that the President and secretary of state have nothing specific in mind, and are merely trying to help King Hussein with words.**

 It is very nice of the Ku Klux Klan to vote to open its membership to Roman Catholics. It is nice still to have the first Catholic spokesman reacting to the Klan's news treating it with scorn and contempt. For however the Klan may happen to change its particular targets, its principles remain the same. Its invitation, however extended, is still an invitation to join in a compact against other Americans on grounds of race or religion.

Jap Executive Backs Story of Heroic Rescue

Tokyo, April 23 (AP)—A Tokyo business executive today backed up the story of an American pilot's daring flight into Communist China and said "there is no doubt about it."

Dr. L. Moore, director of Air Tour Association, said he heard "exactly the same story" 10 days ago in Bangkok from the British co-pilot of the plane, whose identity has been kept secret.

Officials in Hong Kong said the story right down to the last detail," said Moore. Moore has been in the Far East for the past 11 years and in 1949 served as a Marshall Plan official in China.

Moore said he had known the mystery co-pilot "for some time." The pilot—an unemployed former airline representative in the Thai capital—drew Moore a flight plan which jibed with the route for the flight outlined by Bush, Moore said.

"Everything jibed," said Moore, who called the co-pilot "a completely reliable person." Moore, who met Bush only Thursday, said the co-pilot had been out of work for the past few months but was wearing "very expensive jewelry—the same kind Bush is wearing."

Bush said earlier he was given a watch, a ring and other gifts for the flight. He said he refused to accept money. The watch worn by the co-pilot in Bangkok was engraved with the same Chinese characters appearing on the back of Bush's watch, Moore said.

Canadian Exports Up Toronto — The value of Canadian exports rose to 4.86 billion Canadian dollars in 1956, about 12 per cent above 1955. Exports to countries in the British Commonwealth showed the smallest percentage rise, an average of 3 per cent. Exports to the United States

rose by 10 per cent and exports to other countries by 27 per cent. Commodities imports increased considerably more than exports, reaching \$3,770,000,000—21 per cent over the 1955 figure.

King Francis I of France wore a fancy costume when he reigned in the 16th century. His coat carried 13,600 gold buttons.

Navy Ex-Chief Sued for Divorce

Los Angeles, April 23 (AP)—Former Secretary of the Navy Dan A. Kimball, 62, has been sued for divorce after 31 years of marriage.

His wife, Doro Day, charges extreme cruelty. Kimball, president of Aerojet-General Corp., and vice president of General Fire and Rubber Co., was secretary of the Navy from 1926 to 1931.

Deaths Last Night

Baltimore—Ralph H. Busch, 96, a colleague of Marconi and Edison, one of the first super-salmonmen of electricity, whose first invention, a railway coupling, started him on the first of several fortunes he made and lost, died Wednesday. He was born in Linden, Mich.

San Francisco—Harry K. (Haywire) McClinton, 74, pioneer of Western Radio, leader of one of the first cowboy bands, and song writer, died Wednesday. He was born in Knoxville, Tenn.

Tucson, Ariz.—Dr. Harold S. Petri, former Iranian delegate to the United Nations and now a professor at Fardigh Dickinson University, gave this analysis of foreign policies at a recent lecture here: "It is said that the United States overfeeds the cow and then forgets to milk it. The British seldom feed the cow and then milk it too often. The Russians simply eat the cow."

African natives make beer from the fruit of the umguani tree.

Dogs Just Won't Learn Pueblo, Col.—Live and learn, it evidently was the motto of a Great Dane that visited a Pueblo veterinarian for the removal of 1,310 porcupine quills. It was the dog's second encounter with a porcupine within two weeks.
