

Stars Don't Twinkle, Balloon Major Says

(Continued from Page One)

here, Simons grabbed a pair of electric shavers, his tooth brush and a bar of soap and restored a little of the comfort he had missed since entering his tiny gondola Sunday night. He was sent down to Mississippi for a long sleep. Munching a hamburger, Simons, a native of Lancaster, Pa., called his wife at their home at Holman Air Force Base, Alamogordo, N.M., where he is chief of space biology.

Summers in a tiny aluminum capsule beneath the blacking balloon as it was launched from a huge open pit iron mine at Crosby, Minn., Monday morning. Simons, who had been in the gondola during the day before moving over to the balloon, was in the gondola during the launch.

The balloon, containing three million cubic feet of helium, started a slow trip into North Dakota and over the state's capital, Bismarck.

Wanted for Clear Skies
Anxious ground and helicopter tracking crews watched Simons drift over thunderheads, then ordered him to stay up two hours longer than planned to find clear skies.

Letting gas out of the balloon through an electric valve, Simons returned into the dense atmosphere.

He dropped through a bank of clouds and, losing ballast from the gondola, settled gently to the edge of a small lake near Ellendale, N. D., about 120 miles southwest of Fargo.

He chambered one of the aluminum capsule and said: "I'm a doctor like himself, he saw some very awesome and splendid sights." Awe-struck, he said, was the view of lightning flashing in thousands of thousands of feet below him.

The most beautiful sight I ever saw in my life, Simons said, was the sunrise breaking over the horizon. "A fantastic array of colors," he said, "was seen as the sun rose up, 3,400 miles above the Earth below him."

Simons, who flew higher than any man ever attempted in a balloon and stayed there longer, had "the most exciting part of the whole trip, without a doubt, was landing." He was over 20,000 feet in 28 hours.

He described the takeoff: "The going up in an elevator," and said he was too busy with his mass instruments to get lonely.

The sky during the daytime, he said, was purple-black. At night, the stars shone steadily, with not a twinkle in the Milky Way.

Simons lived on sandwiches, candy, fruit, juice and water during the long flight.

Years of Planning
Operation "Man High" was the result of months of work and years of planning.

The project was started four years ago at the direction of Col. Stapp, the man who risked death in a speeding rocket sled.

Winzer Research, Inc., which built Simons' balloon and gondola, began experiments in 1953 with high-altitude flights carrying laboratory animals to test their endurance to the hostile regions of space where man had never traveled.

Convinced a chamber could be built and an "artificial atmosphere" created inside it to sustain man at high altitude for long periods of time, Otto Winzer, head of the balloon firm, and Stapp agreed to go ahead with the "Man High" project.

They fabricated a thin polyethylene plastic balloon 280 feet long, capable of holding 3 million cubic feet of helium, one which would inflate to a diameter of 292 feet at top altitude.

Winzer's firm built a gondola to be suspended from the big balloon by a huge cage parachute.

"Vacuum Bottle"
The gondola, described as a "vacuum bottle" because of its construction, was needed to protect Simons from heat, cold and the deadly lack of air at the 100,000-foot altitude he reached this week.

Installed in the aluminum capsule was an air conditioner, an air regenerator, a device to remove excess moisture and a myriad of instruments to test his physical reactions during the flight.

Fifty pounds of dry ice were carried to cool the little capsule. Heat generated by Simons' body would be suffocating.

On the exterior of the gondola, heavy metal foil was wrapped around to reflect the sun's rays, undisturbed by the Earth's heavy atmosphere.

Since the high altitude flight needed a super-tin balloon fabric, critical ever attempted, the "aero-stitch," as balloon and capsule were called, was launched from a deep open-pit iron mine at Crosby, Minn.

The mine, H. M. Hanna Co.'s Portsmouth installation, is a mile long, a quarter mile wide and 425 feet deep, provided an ideal launching site at the top of the balloon, reaching about 400 feet up from the floor of the mine, was protected from damaging winds by the high walls of the canyon.

Ellington Rain Discouraged Set Tomorrow By Potato Men

(Continued from Page One)

Ellington, Aug. 21 (Special)—Rainmaking as a possible aid to potato growers in Hartford and Tolland Counties will be discussed at 9 p.m. tomorrow at the Town Hall.

John H. Elliott, Tolland County Agricultural Agent, has arranged the discussion at the request of several growers. It will take place after the previously-scheduled meeting at which growers from both counties will plan labor recruitment for the fall harvest.

Speakers in the rainmaking discussion will include Ralph Lauby of South Windsor, secretary of the State Tobacco Growers' Assn., who will describe the experience of local tobacco growers had with a rainmaker about four years ago, and Julius Westone of this town, now governing rainmakers.

Although it is too late to consider hiring a rainmaker to aid this year's crops, the potato men will consider the possibility of using the technique next year of the year after.

Damage to the Longview School by the church is not likely for the problem and has learned from Town Council Donald C. Plak that the church is not liable for the damage. Water is a common enemy, and unless the flow has been purposely diverted from the church to the school grounds, the school must take care of the problem.

Personal Mention
Mrs. Jennie DeCarri of Main St. is returning from a visit with her son and his family in Detroit.

Mr. and Mrs. Ira D. Eggleston of Maple St. are in Clearwater, Fla., they may return the first part of September.

Manchester Evening Herald circulation representative, Mrs. G. F. Thompson, 5-2012.

Special Slumps
Final figures from the nine Norwegian expeditions that took part in this year's antarctic winter show total production of 85,480 pounds of meat, 10,000 pounds of fish, 10,000 pounds of vegetables, 10,000 pounds of fruit, 10,000 pounds of other supplies, 10,000 pounds of other supplies.

Reception Slated For E. E. Weeks

(Continued from Page One)

Veron Aug. 21 (Special)—The Rural Veron School Assn. has invited the public to a reception in honor of Ernest E. Weeks, who recently retired as principal of the Veron Elementary School.

The reception will be held Aug. 28 at 8 p.m. in the school building.

Weeks has accepted a position as supervising principal of three elementary schools in Windham.

The receiving line will include Mrs. Weeks, Mrs. Weeks' son, Schools Raymond E. Ramstead and Mrs. Ramstead; Miss Helen McCarthy, who will succeed Weeks as principal; and Mr. and Mrs. Frank Ripstick, Mrs. Ripstick is president of the Rural Veron School Assn.

Speakers will be former school superintendent Arthur E. Chatterton; Ramstead; Education Board Chairman William R. Hahn; Miss McCarthy; Joseph Bell, Veron Teachers' Club; Mrs. George Hammar, first president of the Veron School Assn.; Kenneth J. Lewis, principal of Maple Street School.

Up in the highlands, the heart was celebrating her birthday more quietly (secretly) than usual.

There was plenty of noise, for after recovering from her sore throat and red nose, she went out with the pump to hunt the royal grocer over the royal moor.

The Queen Mother arrived yesterday from the castle of Mey, a grey stone pile that she owns in northern Scotland.

The Queen was reported to have thrown off her cool and threat infection in time for her detours in the United States and Canada in October.

Also at Balmoral Castle are Prince Philip and the royal children, Prince Charles and Princess Anne.

Perc Westmore Tries Suicide

(Continued from Page One)

Hollywood, Aug. 21 (AP)—Perc Westmore, 52, veteran Hollywood makeup man, pulled a handful of sleeping pills last night in his home as his wife watched.

Officers termed it an attempted suicide.

Westmore was hospitalized in critical condition.

Officers E. L. Allen and C. A. Jones said Westmore's wife told them her husband called her into the living room of their home high in the Hollywood Hills last night and then swallowed what she estimated as 15 pills.

She told the officers that her husband had been despondent for several days but said she didn't know why.

Westmore was treated at Hollywood Hospital and transferred to a private sanitarium under the care of his personal physician.

Westmore was for many years head of the makeup department at Warner Bros. Studio. In recent years he has operated a large Hollywood beauty parlor called the House of Westmore.

He is the eldest of the three Westmore brothers—Perc, Wally and Frank—who have long been leading motion picture makeup artists.

PAPER DEFENDS STALIN Moscow, Aug. 21 (AP)—The leading newspaper in Stalin's home republic of Georgia again has come out with a strong defense of the dead Soviet leader.

In an article published yesterday, the newspaper Dawn of the East declared that "in the struggle against the enemies of the party, Stalin courageously and persistently defended the cause of the revolution and the class interest of the proletariat."

Dawn of the East often has broken up for Stalin throughout the period of his downgrading.

Debate Refused: The United Nations Security Council yesterday refused to entertain, even for purposes of discussion, a complaint signed by 11 nations.

The complaint was the expected propaganda play by the Arab nations on the recent British suspension of a revolt against the Sultan of Oman.

The Arab side had gained the propaganda point better by the Security Council's refusal to entertain the complaint.

There are reasons to believe that the Arab side had gained the propaganda point better by the Security Council's refusal to entertain the complaint.

themself, or merely trying to see if a stepping stone toward another. But knowledge is a game of action in a little more involved than usual. He is playing his game of political chess.

He can hardly pretend that he wants to be governor in order to be governor. And adding the voters of California to accept the game he intends to play is asking quite a lot.

Whatever Governor Knight's emphasis of this angle may be worth to him, political opinion is that he needs it, for there is apparently going to be still another political curiosity in the California situation. Vice President Nixon, the man Knowland wants to beat for the presidential nomination, is quite likely to help Knowland because he doesn't like Knight, and second because he can't run the risk of opposing Knowland and then losing a licking in his home state. For the next three years, the one state of California is likely to provide enough political news for all the other 47.

The Great Turnpike Swindle: The Pennsylvania Turnpike conspiracy, in which five people have now been convicted and fined, is one of the boldest raids on public money ever conceived.

One of the boldest things about it was that the contract which led to all the loot was negotiated between the chairman of the Pennsylvania Turnpike Commission and a firm which was headed by his own nephew.

The man with ideas and the willingness to execute the strategy for the idea bore the real risk. The majority is always led by the few. It is, therefore, very important that we think clearly about where the minority is leading us.

The strength of democracy is in the thinking of the people, their willingness to seek and know what is best for all.

The glory of democracy is that most persons are willing to forego their own desires for the good of all, believing that the good of all is the good of each in the long run.

The principle of democracy is based upon each individual's ability to think and know. It is based upon the freedom of individuality to make his own choice. It is based upon the moral and spiritual quality of carrying one's own responsibility. We witness democracy at work politically when we go to the polls. This democratic principle is the basis of our present faith.

Doodles

By ROGER FRICK

Man Getting Shot Out of a Cannon

Nobody seems to know (at least I don't) who the first "Human Cannonball" was. It was a young man in the Erie Railroad who got loaded. Which is an excellent idea for anybody who engages in such a dangerous occupation.

My Uncle Frank Price was a "Human Cannonball" who believes in getting loaded before he gets loaded. Which is an excellent idea for anybody who engages in such a dangerous occupation.

One of the boldest things about it was that the contract which led to all the loot was negotiated between the chairman of the Pennsylvania Turnpike Commission and a firm which was headed by his own nephew.

The man with ideas and the willingness to execute the strategy for the idea bore the real risk. The majority is always led by the few. It is, therefore, very important that we think clearly about where the minority is leading us.

The strength of democracy is in the thinking of the people, their willingness to seek and know what is best for all.

The Doctor Says

Unfounded Fears Raised by Many by Cancer Talk

By EDWIN F. JORDAN, M.D. Written for NAA Service

The amount of information on cancer is reaching unprecedented proportions. Although this means it is hard to keep up with developments, this fact encourages the hope that the solution to many of our problems with this dread disease is approaching.

Many "other" interesting facts about cancer are known and it is these facts which are being used to improve the treatment of cancer.

With the general and correct belief that cancer, if it can be caught early, can be treated more successfully, has come an increasing fear of the disease.

Andover School Lunch Price Raised; Class Assignments Listed

Andover, Aug. 21 (Special)—The school lunch will be raised from 20 cents to 25 cents per day, according to Mrs. Doris E. Chamberlain, school principal.

The program will begin on the opening day of school, Sept. 4. As before, arrangements can be made only for those youngsters who are signed up by their parents to take the lunch every day. Special consideration as to the content of the lunch can be given for medical reasons only, Mrs. Chamberlain said.

Lunch payments may be made preferably by check, every Monday or by the month. A statement is sent to parents at the end of each month stating the balance with credit given for all absences. Applications for the lunch program are being mailed to all parents and should be returned to the school office at least by the first day of school.

Registration for new children in the community will be held from 8 a.m. to noon next Tuesday, at the elementary school.

The present enrollment total for Grades 1 through 8, taken from the list of classroom assignments, is 233 students.

Class Assignments
Class assignments have been made as follows: Grade 1, with 20 students, taught by Miss Gladys Bowman; Virginia Anderson, Mark Anthony, Edward Arnold, Rosemary Brown, Joseph Butrick, Rebecca Donahue, Stephen Gera, Charles Kottack, Gerald Parkington, Gail Ransom, Suzanne Shushan, Donna Schors, Carolyn Shushan, Carol Wright, Barbara Busky, James Fox, Christine Hauschild and Edmund Hauschild.

Grade 2, with 18 students will be taught by Mrs. Edward Katherine Fredrick, Robert Gasper, Elaine MacDonald, Jack McCarroll, Mary Di Blasi, Katherine Pevort, Robert Gasper, Elaine MacDonald, Susan Warren, Jurovsky, Ellen MacGranger, Nancy Shushan, Judith Sob-

Donnelly, John Pfanstiel, Patricia Whitney and Linda Greene.

Mrs. Wright's Grade 4 class will be taught by Mrs. Helen Wood. The 22 students in her class are Richard Carter, William Chamberlain, Peter Donohue, Cynthia Donahue, Alan Dumack, Donald Gladding, Susan Holmstrom, Dennis Jennings, Diana Kelley, Joyce Kovachik, Linda Moulton, Gregory Hudak, Edward Munson, Kathleen Law, Gai Ronsesch, James Richards, Linda Gasper, Walter Mendis, Byron Terry, Nancy Urian, Anita Moran and Jerry Palm.

A class of 24 second graders will be taught by Mrs. Lewis Peck. The class includes David Bransley, James Busky, Edward Catley, Brian D'Amor, Wayne Dorman, Gail Green, Mary Halobard, Timothy Hastington, Mary Ellen Horn, Ettrude Klein, Kathryn Krawack, Robert Lapierre, Brian MacGranger, Louise Merritt, James Munson, Earl Palmer, Sharon Patterson, Barbara Covell, James Davidson, Stephanie Di Blasi, Barbara Kopp, Barbara Reiner, Randall Robinson and Albert Aubut.

Mrs. Percy Cooke's class will combine seven second grade and 10 third grade students. The Grade 2 students are William Ferguson, Elizabeth Verprauska, Lynn Green, Nancy Chamberlain, Linda Popoff, Kathryn Urian and Frank Zurewsky.

The third grade students are Linda Patten, Lawrence Billings, Deborah Dowling, Russell Fort, Karen Nancy Chamberlain, Linda Popoff, Kathryn Urian and Frank Zurewsky.

The fourth grade students are James Thompson, Kathleen White, Howard Bidwell, Karen Devin, John Downing, Peter Hottle, and David Kewin.

Grade 5 students in the combined grade will include Thomas Pate-

ton, Donna Gasper, Linda Goes, Jo Carol Riccardi, Roy Adams, Paul Anderson, Bonnie Whitney, Paul Richmond, Patricia Harriman, Susan Lane, Robert MacGranger and Judith McGuire.

The largest class will be taught by Harry Fabuski, who has 27 Grade 6 students. They are James Holmstrom, Kristine Hastington, Roderick Konrad, Thomas Lariviere, Sarah Clough, Katherine Phelps, Kathleen Donahue, Ronald Hamilton, Nancy Hudak, Roger Schors, Judith Brown, Harry Urian, Laurel Warner, Linda Currie, Kathleen Donnelly, Andrew Gasper, Michael Koles, Robert Brown, Michael Devin, Gary Roberts, Beverly Bramhall, Lawrence Covell, Karen Osky, Timothy Wright and Susan Wroblewski.

Old New Teacher
Only one new teacher has been added to this year's staff. He is Mrs. Percy Cooke, 68, who has frequently been a substitute teacher in the local school.

Mrs. Carol Meade, of Torrington, has taught first grade last year, left before the end of the year because of illness.

Transportation schedules are expected to be released in the near future.

Garden Club Plans Year
The Garden Club will tour the Burr Nurseries of Manchester on Aug. 28.

The club will be open to all interested town residents. The group will meet at the Nurseries, 100 Oakland St., entrance at 100 p.m. Free admission. Meeting will be held at 8 o'clock.

Mrs. George Nelson and five

members of the volunteer fire department attended the annual meeting of the Tolland and Windham County Firemen's Assn. held in Billington Monday night.

Of interest to local residents were the election of Kenneth Wilde, Rockyville, as fire co-ordinator of Tolland County and the re-appointment of Ben Manno, West Stafford, as fire co-ordinator of Windham County.

Local officers were: President, Robert Konrad, Tolland; Vice President, Maxwell B. Hutchinson, Andover Lake, or his deputies.

A new life-guard outfit, newly added to the County Mutual Aid equipment at the Rockville headquarters was on display at the meeting.

It will be demonstrated tomorrow night at the Tolland County fair prior to the County Commissioners' meeting.

Vacation Ends Abruptly
While returning from a vacation at Cape Cod, a Hebron man was injured when his car was hit by a bus in New Bedford Saturday night.

Henry Jones, of Hope Valley Rd., is recuperating in St. Luke's Hospital, Benton Hill, had visited the Whitehall Inn in New Bedford on their way home from their vacation.

The Sabrons, with their two children, Gilbert and Gregory, were following in their vacation car when the Jones car was hit at an intersection, 34 private car, 35,610 truck, and 3,479 taxi.

'To Any Newspaper' Local Stamp Collector Makes Laos Contacts

By RICHARD HOWARD
George P. Flier, of 21 Lyman St., began collecting stamps when he was a youngster. But it wasn't until last week that his recently rekindled hobby received a tremendous shot in the arm—or in the album.

On July 17, the 47-year-old collector on the Herald staff, wrote letters to three foreign countries in an effort to find stamp collectors who would correspond with him for the purpose of exchanging stamps from their countries for those of the United States.

On the three envelopes, Flier wrote, "To Any Newspaper." To this he added, in the respective cases, the name of the capital of the country—Vientiane, Laos; Phnom Penh, Cambodia; and Pnompenh, Cambodia. In these letters he stated that the recipient stamp collectors might read in the Herald a letter he had written to the writer of the letter had seen Flier's message, which appeared in the "Laos" column of the Herald to exchange stamps.

He even sent Flier his wanted list, a list of American stamps issued between 1900 and 1920 that he would like to secure.

More Letters Arrive
The following day, Friday, two more letters arrived from Laos, also stating that the writer had seen Flier's letter in the Laos newspaper. Both letters were of the same nature as the first. One was written in English, the other in French.

The writer of the last letter gave as his return address, Ministry of the Interior, Vientiane, Laos, Indo-China. Flier does not know if his letter had been answered by a high government official or an employee in that particular governmental office.

But it doesn't matter to him. His letter had been answered.

"I suspect that I will hear from Vietnam and Cambodia, too—some of these days," Flier said. Meanwhile, he's busy getting out replies to his new friends' letters, getting together his duplicate American stamps and sending them to the new contacts.

Beginning his stamp collection as an early boy, Flier had lost his social enthusiasm in the hobby more than 20 years ago. However, about two months ago, he decided that he would resume. From information gathered in Laos and Cambodia that he would contact stamp collectors from one area—Indo-China.

He chose this region for several reasons.

First, it had been only three years since the Communist nationalistic revolt there had ended with the formation of the three independent states of Vietnam, Cambodia and Laos.

Second, the area is still a vital issue today inasmuch as a fourth country, Communist North Vietnam, power brokers, had fought, in Laos, a civil war and added to the Soviet bloc.

Third, the stamps of these states are considered by many collectors, including Flier, as the most beautiful in the world.

Lastly, stamps from these three areas are very hard to get in a postmarked or "used" condition. Several stamps from this area are considered to be of some value to collectors in the United States.

This is not Flier's first episode with foreign correspondents. When he first became interested in stamps, he wrote more than 50 letters to different foreign countries (e.g. Belgium, Congo, China, Russia). "In those cases, though, the letters were all sent to 'any newspaper' in a foreign land," he added. He was very happy with the replies he received.

"I'm going to try to get a copy of that newspaper (the one in which his letter appeared). I won't order it if my letter was written in English or if it printed it in French," Flier said. "I imagine the paper is a French one."

F. K. Bealier, Ph.D., explaining the value of stamps from Vietnam, Cambodia and Laos, Flier pointed out that because the countries are only three years old in regard to the issuance of stamps, dealers in the United States have been flooded with their stamps as soon as they come off the press. There is no such thing as a old stamp from these states. "This fact, in a few stamps that are used that much more valuable," he said. He added that there are a few minted or un-

Conferees Agree On Catch-All Bill

Washington, Aug. 21 (AP)—A Senate-House Conference Committee has agreed on supplemental appropriations bill carrying about \$1,700,000,000, mostly for military construction.

The catch-all bill adopted by the conferees yesterday, contains about \$1.7 billion for military projects, and carries and overseas, and also carries miscellaneous items for a variety of Federal agencies.

The compromise bill now goes back to both houses for action.

The conferees adopted a provision to give the Public Health Service \$200,000 for combating Asiatic flu. They also agreed to authorize the use of an additional two million dollars from disaster relief funds if the incidence of Asiatic flu should reach the proportions of a national health emergency.

The conferees approved four million dollars for eradication of the fire ant and the screw worm.

Big League Baseball Changing with Times

By SAM DAWSON
New York, Aug. 21—Big league baseball is changing with the times.

Regional differences are disappearing for many lines of making money. Spaces in contracting, advertising and other business have opened up since the war—baseball as well as the rest of the country.

Baseball is the picture because the cost of running a big league baseball team has gone up. Just in 1966, the total cost of running a team was \$15 million, and the World Series \$25 million.

The money problem isn't confined to the New York teams. Baltimore of the total income of the 16 major league clubs run under the National League and American League is about \$10 million. The money problem isn't confined to the New York teams. Baltimore of the total income of the 16 major league clubs run under the National League and American League is about \$10 million.

Right after the war attendance at the major league parks topped 20 million a year. Loss of gate receipts have been offset only in part by sale of TV and radio rights.

When the Giants started out in New York in 1953 a baseball league stretching from coast to coast was an impossibility because of transportation problems.

New teams can switch from one coast to the other with only a day off for travel—the same practice that is followed now when Boston plays Kansas City. The airplane has shrunk the nation.

The West Coast is sure it can supply the fans to fill the big new stadiums it plans. There is also talk of trying closed circuit TV at a much higher return than radio and TV now bring the ball clubs have.

Unfortunately gate receipts have followed a different path. The rising cost of living may play a part in that. After settling all the family bills there may be little left over for a trip to the ball park, especially if you've worked hard and especially if you've worked hard and especially if you've worked hard.

So the Giants are working hard to bring in more fans. They are working hard to bring in more fans. They are working hard to bring in more fans.

Sense and Nonsense

The house agent decided to be quite frank with his latest clients. House Agent—Of course, the house has one or two drawbacks which I feel I must mention. It is bounded on the north by a rubber factory, on the east by a vinegar distillery, and on the west there is a glue factory.

Prospective—What a G-O-O heaven! Fancy showing us such a place! What a neighborhood!

Agent—Quite so, but there are advantages. The rent is cheap, and you can always tell which way the wind is blowing.

A farmer allowed his old, worn-out, blind horse to wander about the premises with all freedom. One night the old horse fell into an abandoned well. It was decided that since the well was useless, and the horse was useless, it would be convenient to fill the well and bury the horse with the same operation. But the earth that was shoveled in to cover the horse made a good foundation for his feet, and he kept on top of it all the time. When the well was filled to the level of the ground, the old horse walked away to graze on the meadow.

The farmer's mule had just walked in the road when the farmer asked the physician if he could give him something to start the mule. The doctor said he could, and reaching down into his medicine case, gave the animal some powder. The mule, terrified by the fall, tossed his head and started on a mad gallop down the road. The farmer looked first at the flying animal and then at the doctor. Farmer—How much did that medicine cost, Doc?

Doc—Oh, about fifteen cents.

Farmer—Well, give me a quarter's worth, quick! I've got to catch that mule.

Reporter—To what do you attribute your remarkable health?

Old Farmer—Well, I reckon I got a good start on most people by being born before germs was discovered. Thereby having less to worry about.

A lady approached Congressman John Allen, of Mississippi, one day

TRAVERS SERVICE
3-2077, for details on the ideal vacation spot: KING'S GRANT Inn, located between the parable Lake Wimpisseepee and the Bolton Mts. RAINY HARBOR CLUB lets you absorb the tranquility of Lake Champlain and the imposing Adirondack Mts. There are facilities for every recreational diversion (fishing, summer theater, sunset sails, chair lift, pleasure rides) plus fabulous foods.

A 10½-ounce can of minced clams, drained, may be mixed with a half-pound package of cream cheese. Add lemon juice and finely grated onion to taste and use as a spread with crackers.

Making peach jam? You'll need 4½ to 5 pounds of peaches to yield a couple of quarts of the crushed fruit.

Add minced dill pickle, minced parsley, finely grated onion (juicy and juicy) and capers to make a sauce for a tartar sauce to serve with fish.

It's a Nationally-Known Shop Since very early times, "Squire" rug hooking, knitting, quilting and embroidery have been used to create decorative accents for clothing and beautiful accessories for the home. Japan's Top Lawyer Will Defend Girard

By KAY YATES
Tokyo, Aug. 21 (AP)—GI William G. Girard, a 37-year-old American lawyer, will be defended by the Japanese attorney for the Japanese trial on charges of killing a woman and her child.

Yates said Girard is a "top lawyer" in Japan. He says with no other lawyer, he will be able to defend Girard.

Girard was arrested in the defense of the 21-year-old Illinois soldier charged with the death of Mrs. Naka Sakai on a lonely road in Japan last Feb. 20. The trial opens Monday in Matsubara District Court, about 80 miles north of here.

Girard died Hayashi June 8 on a road from his older brother in Matsubara, at the height of an international controversy over whether Japan had jurisdiction over the controversial case.

The U.S. Supreme Court ruled in favor of the United States, but the military adviser, Maj. Stanley Lewis, retained Hayashi, who had refused to acknowledge that he was dead.

Hayashi's fond of sports, which he follows on television — was a member of a baseball team and has an adopted daughter, now married.

Today he maintains a modest law office on the second floor of Takasaki's big, white shop, near the Shinjoh Station in the heart of Tokyo. His office is lined with books on Japanese jurisprudence. He himself has written a book on law, but his practice turns out endless investigations and issues on food for magazines. He is also fond of art and two or three of his latest acquisitions usually adorn the walls of his office.

When he begins concentrating on an important case, he leaves Tokyo for a quiet retreat in the hills of Izu-Nagasaki Hot Springs 70 miles away. His brother-in-law, Masao Tokuchi, says Hayashi regards the Girard case as the most important he has handled.

Hayashi, a connoisseur of rare and exotic sea foods, is a graduate of Tokyo Imperial University and of the University of Michigan. He is a member of the Japanese Bar Association and the American Bar Association. He is also a member of the law school of the University of Tokyo and headed Hosen's political-economic department from 1944-1946.

He does not speak English and has never been outside Japan. He confers with Girard through an interpreter.

Hayashi who doesn't smoke but takes an occasional drink of sake, first gained prominence serving on a 30-member trial commission in 1947. He was 33 years old and had a military and military and murdered Prime Min-

Many Jobs Vacant As Summer Ends

With school opening up in two weeks and a good deal of Manchester's unskilled summer help leaving work, many jobs will be opening up in the last weeks of August and the beginning of September. Miss Hazel Anderson of the Connecticut State Employment Service reported yesterday.

Miss Anderson said that local shops and offices will be looking for part and full-time help for office and sales work, to replace the young people returning to school. Married women are preferred for these jobs, said Miss Anderson.

She also said that there will be a large number of unskilled factory jobs opening up, in addition to the usual demand for skilled, trained personnel.

For young people the fall will bring an opportunity to work in the apple orchards harvesting the apple crop. Miss Anderson said that these jobs will open up around the beginning of September as growers send in their requests for work crews.

Base Uses Much Water

The Great Lakes Naval Training Center near Chicago, the world's largest, consumes 2,000,000 gallons of water a year. That is enough to float ships the size of the Starline, the world's largest aircraft carrier.

It will not be public opinion influence my work," Hayashi says. "I will seek a just and fair trial, and I will defend my client to the best of my ability."

He will be assisted by Shiro Samunji and Koshi Inama, during the 10-month trial scheduled to end Oct. 31.

Donovan Given Contract for Arctic Photos

Glastonbury, Aug. 21 (AP)—A local film producer has secured a contract to film a documentary on the Arctic region. The film, titled "The Arctic Circle," will be produced by Kevin Donovan, a local filmmaker. The film will focus on the harsh conditions and the lives of people living in the Arctic region. Donovan has been given a contract to film the documentary, which will be shown in theaters and on television.

Army Fliers Take Sea Otter Census

Port Ord, Calif. — Counting elusive sea otters off the California coast serves a dual purpose for members of the air section here. It assists scientists of the Hopkins Marine Station and Commission on the California coast in the study of the otter's habits and life history. The otter is a valuable species in the study of marine mammals and its habits are being studied by the Army fliers. The otter is a valuable species in the study of marine mammals and its habits are being studied by the Army fliers.

Open Offers \$1,500 in Prizes

Two - Day Golf Tourney Here Sept. 15 and 16

By EARL YOST
Twelfth annual Manchester Open, the richest golf event of the season at the S. Main St. layout, will again be played on two days the Tournament Committee through its chairman, Stan Hilliard, announced today. The event, which will offer \$1,500 in cash and prizes, will take place Sunday and Monday, Sept. 15 and 16.

Sunday's competition will be played on nine holes only. Gross and net merchandise prizes, between 40 and 50, amounting to \$750 will be distributed to the winner. The professional, who will take over the course on Monday, will be offering a \$200 first prize match. All in all, \$750 will be distributed to the pros, the top 10 sharing in the prize. Low handicaps seven and under, amateurs will also be allowed to take part in Monday's play.

Cart Play Two Days
No contestant will be allowed to play both days. This is a new variable in Open competition. In previous years the low handicappers had two choices, Saturday and Monday.

The contest score on either day will be declared the winners of the Open and all prizes will be distributed accordingly. State or club officials will be required to witness the play. Washing preferred starting times are urged to insure their play. Early entries will be filed in four series if desired. Additional information may be secured at the Pro Shop.

Top Stars Contested
Previous winners of the Open have included some of the biggest names in the golf world. Tommy Armour, the Silver Ball, home town money in the inaugural 1946 Bob Tafti prevailed in 1952. Fred Wautler in 1954 and Julius Orsago last year. Last year's two-day event drew 250 players.

Originally the Open was conducted on one day but it soon grew to a single day and the past four years it has been a two-day affair. Largest field ever was in 1955 when 306 players competed. Best scores were 66 turned in by Harry Nettleship in 1951 and Todd in 1953.

Alumni League Baseball Champions for 1957 Season

Championship honors during the 1957 regular Alumni Baseball League season were garnered by the Green Manor entry, shown above. Coach Larry Bates' squad "blew" against the loop crown a year ago. Squad members pictured are, front row, left to right, Bruce Pisk, John Connolly, Dave Sullivan, Larry Bates Jr., and Mark Potter. Second row, George McKay, Tom McCarthy, Bill Zerkow and Fred Keogh. Back row, Coach Bates, Jimmy Antonio, Bert Badervell, Skip Marsh and Manager Jack Ready. Missing when the photo was taken were players Bill Barrett and Jerry Koshak and Assistant Coach Harold Green. The Managers copied 16 decisions in a dozen starts and also represented the town in the recent State Alumni Tournament. (Herald Photo by O'Hara).

Green Manor Rallies To Tie Police & Fire

League champion Green Manor was forced to rally for four runs in the seventh inning last night to gain a 7-7 tie with the Police & Fire in a semi-final game of the Alumni League playoffs at Charter Oak Park. The contest was called after seven innings because of darkness.

Green Manor called single runs in the first and second innings to take a 2-0 lead but underdog P&F rallied for three runs in both the third and fourth to tie the score. A commanding 4-2 advantage after both clubs had pitched across a single tally in the sixth inning, the 1957 regular season champs came up with their last inning rally to gain the status. The two rivals will meet again tonight starting at 8 o'clock.

First baseman Buddy Minor and Bill Cody banged out three and two hits, respectively, for P&F which collected eight safeties off Green Manor pitchers. Minor's three singles also chased home three teammates.

Catcher Billy Eggleston belted a home run and two singles and accounted for three runs hit in for the Manorites, who were held to just four hits by big lefty White. Green Manor made good use of seven bases on balls and five enemy errors.

Giant Shift Fourth In Past Five Years

New York, Aug. 21 (AP)—The shift of the National League to San Francisco marks the fourth in the major league baseball map during this period has undergone these changes:

March 18, 1893—Boston Braves franchise in the National League moved to Milwaukee.

Sept. 29, 1893—St. Louis Browns in American League moved to Baltimore.

Nov. 8, 1894—Philadelphia Athletics moved to Kansas City.

On May 27 of this year the National League granted permission for Brooklyn to move to Los Angeles and New York to San Francisco.

Chickamaug's Frank Robinson was named the National League's 1956 "Rookie of the Year."

Restaurant League Bowlers

are reminded of tonight's open meeting at 7:30 at the Oak Grill Restaurant.

A NOVELTY SHOOT, sponsored by the Connecticut Bow Hunters Club, will be staged Sunday at the group's archery range (14 targets) on Sullivan Ave. in East Windsor Hill. A schedule of varied events is planned and the public is invited to attend. Registrations open at 8 o'clock in the morning and prizes will be awarded to all winners, including the special events for children.

Nov. 8, 1954—Philadelphia Athletics moved to Kansas City.

On May 27 of this year the National League granted permission for Brooklyn to move to Los Angeles and New York to San Francisco.

Chickamaug's Frank Robinson was named the National League's 1956 "Rookie of the Year."

High School Football Candidates

will assemble at the school Friday night for the regular physical examination. Coach Walter Briggs reports that the boys will meet in the nurse's suite at 8 o'clock.

O'Malley's Requests in Brooklyn May Be Granted at Ebbefts Field

Brooklyn, Aug. 21 (AP)—City engineers have been quietly surveying Ebbefts Field and the surrounding area for the past two weeks, an official of the Brooklyn Dodgers revealed today.

"It's possible that the city will offer to renovate the ball park and provide the parking facilities we have been lacking," said the official, who asked not to be named.

Brooklyn President Walter O'Malley has said that the main reasons he is contemplating switching his club to Los Angeles are:

- 1. Inadequate parking.
2. Antiquated ball park.

Stan Musial Showing Youngsters How It's Done In Bid for Seventh National League Bat Title

New York, Aug. 21 (AP)—Stan Musial, who at 36 calls himself "just a struggling old man," is showing the kids how it's done as he goes for a seventh batting crown while keeping the St. Louis Cardinals alive in the National League race.

The man who last won the title in 1952 for a three-year run at the top was before, including a pair of home runs as the Cards swept a two-night pair at New York with 4-3 and 3-2 victories over the Giants.

Add Six Points That burst added six points to Musial's average and put him at .339, while his pursuit's speeded. The Giants Willie Mays (26) was 2-0-2 and the Pittsburgh Dick Groat (26), who was 0-0-4, for scores at 1:27. Milwaukee's Hank Aaron (33) was 1-0-4, slipping to 229 and Cincinnati's Frank Robinson (21) was 4-0-11 for 322.

White Aaron's slump continued, the defending champ counted an insurance run with his lone single as the Braves scored twice in the ninth and beat Pittsburgh 5-1. That left Milwaukee six games ahead of St. Louis.

Third place Brooklyn, seven games back, took two from the Cincinnati Reds, who have lost eight in a row, winning 11-3 and 6-8, in 12 innings. Chicago Cubs, who had won six in a row, split a pair at Philadelphia, winning 5-2 after a 2-1, 10-inning defeat.

In the American League, Bob Keegan became the first Chicago pitcher to win a game in 20 years, beating Washington 6-0 after the Senators had won six in a row, splitting a pair at Philadelphia, winning 5-2 after a 2-1, 10-inning defeat.

Leaders Hitless The AL had pace saw the leaders go hitless. Ted Williams stands at 300 after going 4-for-4 in Cleveland victory. Yankee Micker Marvin, 6-for-6, hit 3-0.

Depot defeated Baltimore 5-1 in the first inning on the only home run by the Nats, who figures one of the NL contenders will win the streak for the NL bat title, and the break will come your winning average, again shaved his no-more-fourth-innings' decision and now has nine hits in his last 17 at-bats—stretched over two consecutive twinnings.

His 28th homer, with a man on, halved the Cards from behind in the ninth and they mailed it to the ninth against Johnny Antonelli as Walker Cooper trotted and Don Blasingame singled. Bonus kid Von Mueller went 1 for 4, 2-0, home with an eight-inning, Antonelli 11-13.

Homers Lamont Attack Musial and Ken Boyer homered to get the Cards started in the opener, but it was Eddie Kasko's first major league home run that slumped into complete mediocrity with a 10-bitter after losing three in a row. St. Louis now has won four in a row.

Chandler, who had hit three-run homer to open a five-run third in the opener, socked his third home run for the Dodgers' nightcap clincher. Gil Hodges' aim the Broke with Don Drysdale, who Klippstein lost it.

Hodges' RBI single gave the Dodgers a 6-5 lead in the opener, but they then went on to add four in the eighth, but that was wiped out as all shook up by repeated Broke demands to inspect the ball in search of pitcher evidence. Ed Hoebuck, hitting his first home run in the major league with three-hit pitching in five relief innings.

Don Moss won his 10th for the Indians, rolling with a four-inning until the Red Sox scored three in the ninth that brought on Ernie Wynn as Tom Brewer lost it for a 16-10 record.

No-Hitter Brings Smiles to Keegan

Veteran pitcher Bob Keegan of the Chicago White Sox is jubilant in dressing room last night after he had pitched a no-hit baseball game against the Washington Senators. It was the first no-hitter in the major leagues in 1957 and for the White Sox it was the first no-hitter since 1937.

Thrills Arrive Late For Chisox Pitcher

Chicago, Aug. 21 (AP)—Everything seems to come late for Bob Keegan, 36-year-old Chicago White Sox pitcher who last night twirled a 6-0 no-hit victory over the Washington Senators. Keegan, who didn't break into the majors until he was 31, doesn't "mind waiting."

"I just have to hang in there and the break will come your way," said Bob after pitching his first major league game, who had beaten the Sox 4-1 in the first game of a two-night double-header.

"I know I had a no-hitter going on the first inning on the only trouble was pitching it."

The big right-hander of Rochester, N.Y., first donned a major league uniform with the Sox in 1938 and pitched a 7-0 record. He had a 1-0 mark in 1954 but was 1-0 in 1955 when he pitched a 10-bitter after losing three in a row. St. Louis now has won four in a row.

Chandler, who had hit three-run homer to open a five-run third in the opener, socked his third home run for the Dodgers' nightcap clincher. Gil Hodges' aim the Broke with Don Drysdale, who Klippstein lost it.

Jon-Di's Win, Reach Finals

Scoring four times in the first inning, Jon-Di's won to put a 7-5 triumph over the Marines in last night's semifinal Church Softball League playoff contest at Robertson Park. The victors earned the right to meet North Methodist regular season champion, starting tonight, at Robertson in the final best two-of-three-game series for the playoff title.

Three walks, a two-run single by catcher Ed McCarthy and another one-run single by Dick Simmons produced Jon-Di's opening inning splash. Pitcher Lee Volland started a solo home run for the winners in the second frame and the Luncheon concluded their scoring with two tallies in the third inning.

Volland allowed the Marines just four hits, walked four batters and struck out two while his mound rival, Crease Oruppo, was reached for six sacrifice, landed six walks and recorded three strike-outs. The losers came up with the season's only triple play of another team to choke off another promising bid by Jon-Di's.

Both Bill Rhumel and Simmons had two hits for the winners while Oruppo was able to get more than one hit.

North Methodist, boasting a 358 team batting average and a lineup comprising six players batting over .400, will be favored in the final playoff, Frank Matthews will pitch for Jon-Di's who added the Maroon 5-4 during regular season play.

Table with columns for Team, W, L, Pct., G.R., Runs, Hits, Errors.

When the switch-hitting Schoendienst was traded to the Giants he went from the first into the oven, so to speak, as the Cards were second division material and the Giants were strong candidates for the better spot. You can never tell in baseball what's going to happen until it happens.

THE Herald Angle

By EARL W. YOST Sports Editor

Old Pro Filled Gap at Second Base

Brideman's three times in four previous seasons in Milwaukee since leaving Boston the Braves appear headed for their first pennant in Sudbury. And the big man with the squad is not southpaw ace Warren Spahn, hard-hitting Frank Aaron, home run slugger Eddie Mathewson or ace pitcher Bob Buhl but a freckle-faced, red-headed veteran of 64 summers named Albert Fred Schoendienst.

1914 seasons with the St. Louis Cardinals before being traded to the New York Giants in 1936. His name before with the Red Sox was another great player who answers to the name of Stanley Frank Musial, Red and Stan were as close as Ted Williams and Mickey Vernon in the American League batting race and a few years later were tied with the Red Sox leader departed but old Red still has a few tricks up his sleeve. He's the best of the best, the best of the best, the best of the best.

When the switch-hitting Schoendienst was traded to the Giants he went from the first into the oven, so to speak, as the Cards were second division material and the Giants were strong candidates for the better spot. You can never tell in baseball what's going to happen until it happens.

Sugar Ray Stands to Lose Half Million Dollars

INFORMS NORRIS HE WON'T RISK BOXING CROWN

New York, Aug. 21 (AP)—Middleweight Champion Ray Robinson made Ring history when he proved that sometimes the old champions do come back and win. Now he has the fight, wondering whether he will make history of another kind by tossing away a half million dollars.

That is about what it will cost him if he sticks to his decision and calls off his dog by taking on Sugar Ray against the two-time world champion at Yankee Stadium, New York, this night. The International Boxing Club insists it is still the feeling of Robinson's camp that Sugar Ray won't let his 500 grand get away from him so he'll fight.

Robinson lost his big boxing money to the million-dollar fight yesterday. He called the Associated Press and said he would not fight Ray because of a dispute over the terms of the fight. Sugar Ray won't let his 500 grand get away from him so he'll fight.

Brown in TV Fight Tonight

Chicago, Aug. 21 (AP)—Lightweight Champion Joe Brown, who has yet to break into the big money, tonight will fight Joey Lopez for a \$4,000 television stipend and a percentage of a small gate at Chicago Stadium.

At best, he probably will make \$4,000 with only about 1,000 paying customers on hand.

The over-the-weight non-title contender will be televised and broadcast nationally (ABC, 10 p.m. EST) with the 31-year-old champ seeking his 11th straight victory.

Brown, who lives with his wife and four sons in a newly-purchased home in New Orleans, learned to box in the Navy during World War II and spent most of his 31 years as a pro campaigning around the world.

He has only one defeat in the last three years to Arthur Perrier in 1955. In a rematch he knocked out Perrier in the ninth round.

LAST NIGHT'S FIGHT Oakland, Calif.—Sunny Lane, 139, Muskegon, Mich., outpointed Johnny Gonzalez, 139, Oakland, 10.

Trotter Prepping for Hambletonian Classic Hickory Smoke, John Simpson handling the sulky, is one of the major three-year-old trotters preparing for the Hambletonian, the \$100,000 classic of harness racing, Aug. 27 at Du Quoin, Ill. Hickory Smoke was the two-year-old of 1956.
