HOPE GOES LEIT New York (AP)—Comedian Bob Hope signed for his first appearance on the legitimate stage in many years at the St. Louis Municipal opera during June.

Hope will appear in the musical comedy "Beverly Hills Cop" which he originated on Broadway in 1933.

After a 3-year stint of film-making, he has turned his attention to production of a theater piece, "Who Was That Lady I Saw You With?"

The worst thing about making films, Hayward finds, "is that it takes so long from idea to screen. By the time you open your forget all the emotions that were involved in producing it. On the stage that can't happen, even if you live."

\$25,000 FIRE IN CHAPLIN Chaplin, Feb. 11 (AP)—Fire swept through a 2-story building here, causing an estimated \$25,000 in damages. The fire's toll yesterday included \$12,000 to the Hi-Way Restaurant and \$23,000 to the building, according to the owner of the building and manager of the eating place.

Firemen said the fire was started either by an overheated furnace or faulty wiring.

W. P. Miller Fined Hartford, Feb. 11 (AP)—A West Hartford advertising man has been fined \$250 in U.S. district court on mail fraud charges.

Judge J. Joseph Smith also gave William P. "Moose" Miller a suspended term of 18 months in prison and a 3-year-old probationary period.

Earlier, Miller had pleaded guilty to 12 counts of mail fraud. The sentence was delivered here yesterday.

Skating Conditions In Hit-Run Crash

Joseph J. O'Connell, 65, of 437 Birch Mt. Rd., was arrested yesterday and charged with evading responsibility in connection with a hit-and-run accident on Charter Oak St. on Jan. 20. The arrest followed an investigation by Patrolman Allan Smith.

From pieces of grille work and chrome strips found at the scene, Smith established the make and color of the unidentified car. He noted several garages to be on the lookout for anyone purchasing parts to such a vehicle.

Yesterday, an auto body mechanic at one of the garages repaired the grille work to resemble a car which O'Connell had brought to his home.

After locating O'Connell from an address furnished by the Motor Vehicle Department, Smith questioned O'Connell who admitted to Smith that he had hit the parked car but did not stop because he was frightened.

One group of 46 American pilgrims was led by the Most Rev. Christopher Heldon, bishop of Springfield, Mass., another by the Most Rev. Leo R. Smith, auxiliary bishop of Buffalo, N. Y.

Cold Remains; Borealis Gives Colorful Show

One of the important things to remember about a winter is that it will bring a trick from the fact of same suit—given the chance to do so. If you know the queen away, however, its value will be in the fact of same suit.

The Aurora Borealis showed off some of its prettiest lights in the New England skies.

The glow of Northern Lights was seen in a reddish pink through a greenish yellow.

Robert de Chambrone, a meteorologist at the Blue Hills Observatory just outside Boston, said the aurora was "magnificent—a complete watermelon with a green rind and a red inside."

The Aurora Borealis, however, faded some in color and played tricks with television sets in the Boston area.

It was planned for switching the television programs of Channel 7 for a while. Another channel was all but inoperable for about a half hour.

Now South cannot win a trick with the jack of hearts. If he plays it at once, West wins with the queen and leads another heart.

Radio listeners reported the static at times was so strong as to make the program almost impossible to hear.

The telephone company said the cosmic streaks also caused some of their lines for a while.

Traffic on numerous highways halted for varying periods while the weather bureau at Boston said the king of hearts and diamond suit.

In September 1956 Chen made a foreign policy speech before the 13th congress of the Chinese Communist party, claiming that the Chinese Red "firmly believe that revolution is not export" and that Peking's policy of peaceful coexistence "made no exception of any country, not even the United States."

But the year before, he said in an interview printed in the East German youth newspaper, he had led China would invade Formosa and negotiations with the United States in Geneva broke down over disputed various "active" preparations for invasion.

"The Americans," Chen said, "must vacate Formosa in order that China can assert its legitimate rights in Formosa."

Chou, long-time comrade in arms of Red China's boss Mao, has been premier and foreign minister since 1950. He attended the Geneva Conference in 1954 which ended the Indochinese war.

Despite his official standing in the Communist China hierarchy, Chen has never been considered the successor to Mao, with whom he differed occasionally in his past. There have been some who fear the West over the past few years that his influence was declining.

### Connecticut Yankee

By A. H. O.

We play a very poor game of chess, being totally uneducated on gambits. About all we know about the game is that occasionally, when a gambit is made, it is a recommended move to station piece in each of the city's schools to maintain order.

But this wholesale dismissal of students from elementary schools, from Junior high schools and from vocational and academic high schools is not a chess move. It is a blunder, a blunder which represents a failure on the part of the city and state of New York to provide for the needs of its schools and its children.

Many of the youngsters should not have been in the public schools in the first place. A number were children from training schools and correctional institutions who had been paroled early because of their excellent record at those facilities. Others would not even be accepted at those facilities because they had not been accepted for special training for the same reason. As a result, these youngsters were in school simply because there was no other place for them.

In the case of those troubled youngsters, there is no other place for them. The schools were asked to take on a disciplinary job they manifestly were not equipped to handle. And in the trouble broke out, as it did at a disciplinary job they manifestly were not equipped to handle. ### Columbia School Costs Seen Lower Than Usual

This town spent a total of \$262.15 for general expenses per pupil for education during the 1956-57 school year, below the state average.

This per pupil amount compares favorably with the average of \$288.87 for all 169 towns in the state.

The total cost of education during this period was \$99,617. This includes transportation costs and the cost of teaching the handicapped.

With transportation and special items included, the total state grant was \$117.47 for each pupil.

The Council states "In using this figure it is the lower half of the 169 towns listed in expenditures."
