Jakarta, Indonesia, Feb. 15 (AP)—All major Indonesian political parties except the Communists today offered parliamentary mediation between the central Sumatran rebels and Premier Djuidjanda's government.

The first important mediation offer since rebel Army colonel Sumudjo's call on Monday demands for a handpicked cabinet headed by former President Sukarno.

The offer came as President Sukarno ended his visit to the Outer Islands.

Space Man Nears End Of Travels

San Antonio, Tex., Feb. 15 (AP)—Airman Donald G. Farrell today faced only one more weary, lonesome day and night in the sealed steel barrel when he is trying to prove that man can survive space travel.

Despite growing signs of "real fatigue," space scientists at the Randolph Air Force Base were confident the 23-year-old native of the Bronx would finish his 14-day stint at 9:30 a.m. Sunday.

International recognition and giving praise from Air Force military and civilian leaders await the man, 6-foot volunteer, if he successfully sweats out the last long 24 hours.

"He has never, at any time, given up or wavered before the experiment is over," Lt. Col. George R. Steinkamp, chief of base operations, said yesterday.

Signs of Real Fatigue "The space medicine chief diagnosed Farrell as having a first-time fatigue reaction.

Farrell ignored or failed to notice warning lights that noticed a faulty battery in the 3-1/2-foot sealed cabin, Steinkamp said.

Who? Me? The things policemen say into... Wednesday night, the young astrologer walking his beat in the North End came upon a girl about 15 years old sitting on an antique walk about 8:30. She was busily engaged in scoping up and eating handfuls of snow.

Who? Me? A bit taken a back by this strange behavior, the policeman carefully and kindly explained to her that she was eating snow. The little girl paid him absolutely no heed and continued scoping and eating despite further remarks in a similar vein by the officer.
