

Traffic Death Toll at Record

By THE ASSOCIATED PRESS

Traffic fatalities across the nation during the extended Memorial Day holiday climbed to 370, breaking the record toll for the same three-day holiday in 1955.

Auto reports were expected to boost the Associated Press tabulation to an even higher total. The count of dead in accidents attributed to holiday observance covered the 72-hour period from 6 p.m. (local time) Thursday to midnight Sunday.

In addition to the 370 killed in traffic, drownings accounted for 127 deaths and 81 died from miscellaneous accidents, an overall total of 585.

The traffic toll exceeded the National Safety Council's pre-holiday estimate of 350.

Ned H. Dearborn, president of the council, said "disappointment over the size of the toll is all the more bitter because of the steady decline in traffic deaths for more than a year and special efforts of

U.S. Watching Russian Ships Off East Coast

Washington, June 2 (AP)—The State Department has notified Russia—in response to a Soviet complaint—that the U.S. Navy is keeping close watch on shipping in the ocean approaches to the United States.

A source had stated that U.S. aircraft had buzzed Soviet travelers in international waters near the Grand Banks southeast of Nova Scotia.

State Department press officer Lincoln White said the Soviet complaint was made mid-April and that it received a prompt answer.

Privately, informants said that the behavior of the Soviet trawler fleet along sea and air routes between the U.S. East Coast and Europe is suspicious in some respects.

The Russian vessels were said to be in waters which are not normally heavily fished. They seem to have a large amount of electronic detection equipment such as radar. The number of vessels is constant, one arriving as another departs.

Asked about the nature of the U.S. reply to Moscow, White said that it followed the lines of this statement which he had just made to reporters on the situation.

"The United States Navy conducts routine surveillance of shipping in the ocean approaches to the United States.

"Soviet vessels have been sighted from time to time. In conducting the surveillance it is sometimes necessary to approach within visual identification range of ships to investigate."

"Freedom of navigation in the open sea is not violated in any manner by such reconnaissance," the statement asserted.

American officials have been wondering what, besides fishing, a half dozen Russian vessels may be doing about 100 miles off Canada's East Coast.

The place where the Soviet ships have been stationed lies in international waters throughout the coastal area is visited by fishing craft of a number of nations.

An official who discussed the situation with newsmen yesterday said he was not sure they were breaking any law by staying where they are.

But there was speculation the Russians might be engaged in observing movements of American and Canadian ships and aircraft. Plans are being made to send an Atlantic barrier aircraft, warning system by over that region is operating out of an air station in Argentina, Newfoundland.

In any event, the Russians have not tried to keep the presence of the ships a secret.

Industrialists Differ On Recession Cure

Washington, June 2 (AP)—A group of the nation's top industrialists and business leaders agreed today that the chief cause of the recession was a breakdown of a major economic principle—the law of supply and demand.

But they disagreed on ways to bring the two back into balance and on the role the government should play in correcting the economy.

Some of them suggested tax cuts, several advocated stepped-up government expenditures for labor works and other projects. Others called for curbs on labor union power.

A task also was delegated to business leaders to give the consumer more attractive products at lower prices.

The views were given in response to a questionnaire sent out Feb. 17 by the Senate Finance Committee, which last year began a study of the country's financial condition.

The replies showed that most of the 14 executives believed the nation had just about reached the bottom of the slump.

Two company presidents—Ralph Cordiner of General Electric and F. W. Eaker of Metropolitan Life Insurance—said the government should play its traditional role in providing financial help to the unemployed and in encouraging sound monetary policies. While taxes may be high, they doubted the wisdom of cutting them now.

However, Harlow H. Curtis, president of General Motors, said an across-the-board tax cut would be the simplest and most effective move for the government to make.

He said the psychological impact would go a long way toward restoring confidence in the economy.

Several others advocated tax cutting as a last resort.

Assembly Gives De Gaulle Power to Rule by Decree

Paris, June 2 (AP)—The French National Assembly today voted 322 to 232 to grant Gen. Charles de Gaulle sweeping powers to govern by decree for six months.

The measure was sent immediately to the French senate where De Gaulle supporters hope to ram it through today and clear the way for the new premier's trip to Algeria to restore government authority over the rebellious territory.

The vote was almost identical with the vote of 322 to 224 by which the assembly invested De Gaulle hardly 24 hours earlier.

In the final version of the measure, De Gaulle's supporters accepted amendments restricting the general's power to govern by decree in such fields as civil liberties, labor legislation and social security. However, the bill incorporated almost everything the general asked to enable him to govern for six months while the assembly takes a paid vacation.

The general maintained constant contact with the assembly through cabinet members reporting to his downtown hotel headquarters. He was reported, however, by committee members to have the general's office thus far under control.

Had the vote been an amendment by committee blocking, the general would have had to resign.

The charging legislation varies only slightly from the full powers the assembly implied it would grant when it voted the general's investiture yesterday.

Andre Malraux, acting as the general's press spokesman, said De Gaulle was confident his program would go through, perhaps with a major amendment. He said Malraux spoke to newsmen outside the hotel where he had conferred with De Gaulle. He said it was possible assembly action on the De Gaulle requests would be completed within the next five hours.

Meanwhile, De Gaulle's contact with the Algerian insurgents took on something of a cloak and dagger aspect, Gen. Raoul Salan, French commander in Algeria, said he had received a telephone call from De Gaulle saying he would be in Algiers today. De Gaulle's office confirmed the phone call, but only after several hours.

It was learned, too, that Leon Debraque, a fiery political leader in the Algerian junta had come to Paris for secret talks with De Gaulle.

The assembly voted on powers for legislative day. Earlier the deputies voted 237-19 to continue the government's special emergency powers. The measure has been passed on from government to government the past three years.

The assembly and the Senate outlined for themselves a breaking schedule so that De Gaulle could be in Algiers tomorrow or Wednesday to cope with the most immediate problem of the insurgent army leaders and French colonists whose defiance of French authority has defied De Gaulle's efforts to bring the war to a halt.

The general made his sweeping speech to the hushed chamber, he needed the voters, he said, to avert a "breakup and perhaps civil war" in France.

Gen. Charles de Gaulle, new French premier, assumes a wide range of emotion as he explains his demands for special powers to save France and rule by decree, which would be called ordinances, for six months.

Premier Plans Talk To Junta in Algiers

U.S. in Middle In French Row With Tunisians

United Nations, N. Y., June 2 (AP)—Tunisia and France both sought U.S. support today for cross complaints to the U.N. Security Council. Each blamed the other for recent clashes on Tunisian soil.

Tunisian Delegate Mongi Slim said France's Guillaume Georges-Picot was expected to be the first speaker at today's council meeting called to consider the two new complaints.

The United States faced a hard choice. If it backed Tunisia, it would offend the new French government of Gen. Charles de Gaulle, a NATO ally. If it backed France, it would offend Tunisian President Habib Bourguiba, a pro-western leader. If it abstained it would please neither side.

Each complaint concerned a battle between Tunisian and French troops May 24 and 25 around Remada, southern Tunisia, and a French air raid on that region May 25 from neighboring Algeria.

Tunisia charged "acts of aggression committed against" French forces stationed in its territory and in Algeria.

France accused Tunisia of violating a February standstill agreement regarding the 20,000 French troops remaining in Tunisia, a former French protectorate.

France also asked for resumption of debate on her complaint last week.

Algerians Stunned By Cabinet Lineup

Algiers, June 2 (AP)—A plank favoring a modified version of the court reform in Algiers was recommended to the GOP State Central Committee tonight by the party's platform-research committee.

The research group, it was learned today, will advocate a 3-point program for modernizing the courts.

The court reform recommendations reportedly called for:

1. A pilot plan to provide full-time judges in some of the larger courts to replace present part-time judges in Algeria tomorrow.
2. Establishment of a family court as a division of the Superior Court to concentrate on domestic relations cases.
3. Elimination of probate court-appointed appraisers in the state.

The platform's research committee's course-correcting plan, however, is not as sweeping as a proposal favored by Governor Rifeoff and the complete elimination of the minor courts and the next day.

After the meeting, committee members declined comment. The insurgent radio continued to broadcast coded messages which in the past three weeks have been directed at what committee members described as their secret agenda in Metropolitan France.

Another demonstration on Forum Square was set for tonight. Sources close to the committee pressed concerns about the reaction of the crowds. If leaders of the junta are not soon able to show that De Gaulle is working closely with them, the committee said, the May 13 revolution, the crowd could become ugly.

Trujillo Report Hints Galindez May Be Alive

New York, June 2 (AP)—A report from the Dominican Republic, head of the Dominican Republic, hints he might still be alive in the Caribbean dictatorship.

The report, prepared by lawyer Morris Ernst, implied that Galindez, who vanished more than two years ago, might still be alive.

Ernst suggested that the mystery might be solved by Galindez's position with the Basque government, made possible and the more that \$1 million he collected for it.

Galindez, a Spanish exile, was a Columbia University lecturer and a bitter critic of Trujillo.

Opponents of the Dominican strongman have accused the Trujillo regime of kidnapping and possibly slaying Galindez. The Republic's officials have repeatedly denied this charge.

In 94 pages and 83 exhibits published yesterday, the report came to this major conclusion:

"No accusation concerning the Dominican Republic or any of its officials with the disappearance of Galindez is supported by any evidence, and this covers all theories."

The police department of the city of New York properly and justifiably lists this case as that of a missing person.

Ernst said today an Egyptian army officer was killed and several others hurt during a clash with Syrian officers in a coffee house near Aleppo, Jordan.

Twenty persons, including police, were injured during political demonstrations in Braga, Portugal last night.

Rep. Robert C. Byrd (D-W.Va.) says his House Foreign Affairs Subcommittee will start a review of U.S. relations with Latin neighbors.

Nearly 10,000 persons paid reports yesterday and last night to support Cardinal Stritch, whose body lay in state in Holy Name Cathedral in Chicago.

Crowd leaders told the 21st seats in the House of Representatives will next week by the nation's provincial officials and by the senators themselves.

Figures released by the Interior Ministry showed the Social Christians took 104 of the 212 seats in the House of Representatives. This was a gain of 8 but a short of a majority. Thus, the formation of a

Hammerberg Asks U.S. Dairy Controls

Hartford, June 2 (AP)—Hammerberg today called for federal regulation of the dairy industry in Connecticut.

A White House statement last night calling for "intimate and friendly relations with France under the presidency of Gen. Charles de Gaulle" was an echo of the policy which the Eisenhower administration hopes to develop.

"We can no longer regulate milk prices effectively in our markets and supply from outside sources," the statement said.

He said that the large neighboring markets of New York and Boston, as well as such smaller ones as Springfield, Worcester and three others and destroyed two cars yesterday.

UAW Without Pact At Detroit's Big-3

Detroit, June 2 (AP)—Failure to reach agreement on new contracts with Ford Motor Co. and Chrysler Corp. by midnight Sunday left UAW members without pacts at all Big Three plants today for the first time in more than 17 years.

Deadlocked bargaining talks with the union were broken off Sunday night at Ford and Chrysler, just as they were three nights ago at General Motors. The companies and the union blame each other for the unprecedented situation in automotive relations.

One-half million UAW members employed by the Big Three are under stern orders from their chief, Walter P. Reuther, not to strike. He provokes any incidents that could give the companies an excuse to shut down their plants.

Reuther failed in last hour attempts to win concessions from Ford and Chrysler before their contracts died at midnight. He made the same maneuvers that failed at GM Thursday night. But the companies flatly rejected his offers for any kind of temporary extensions of contracts.

All stood firm on their proposals to extend 1955 contracts for two years, giving auto workers built-in annual increases of 7 cents per hour plus cost-of-living increases. This would amount to at least 10 cents spread over two years.

But the red-haired Reuther, who has been described by the good friend Gov. G. Mennen Williams of Michigan as "a stubborn Dutchman if I ever saw one," vowed that he is going to have his way with

Top Belgian Party Lacking Majority

Brussels, Belgium, June 2 (AP)—Belgium's Catholic Social Christians, the opposition party for the past four years, made big gains in yesterday's parliamentary elections but not enough to form a majority government.

Of the 106 Senate seats up for direct balloting, the Social Christians took 54, a gain of 3. Sixty-nine other senators will be elected next week by the nation's provincial councils and by the senators themselves.

Figures released by the Interior Ministry showed the Social Christians took 104 of the 212 seats in the House of Representatives. This was a gain of 8 but a short of a majority. Thus, the formation of a

Ike, Dulles to Confer On Nikita, De Gaulle

Paris, June 2 (AP)—The newspaper France said today that President Eisenhower plans to confer with French Premier Charles de Gaulle to take part in the talks he will have with British Prime Minister Macmillan.

The paper's Washington correspondent said his information came from an "excellent source" in the U.S. capital.

By JOHN M. HIGHTOWER

Washington, June 2 (AP)—President Eisenhower and Secretary of State Dulles scheduled a major foreign policy conference today, concerning nuclear tests, summit conference prospects and the French situation.

A White House statement last night calling for "intimate and friendly relations with France under the presidency of Gen. Charles de Gaulle" was an echo of the policy which the Eisenhower administration hopes to develop.

"We can no longer regulate milk prices effectively in our markets and supply from outside sources," the statement said.

COURT BARS DEPORTATION—Washington, June 2 (AP)—The Supreme Court today barred deportation of Frank Bonetti, an Italian who was a minor Communist party official in Los Angeles, from the U.S. after a hearing. Bonetti had been deported in 1952 after fighting with the Abraham Lincoln Brigade in the Spanish Civil War.

BLUE CROSS IN RED—New York, June 2 (AP)—The New York Blue Cross said today it is paying out \$100,000 a day more than it receives from subscribers. This statement by Charles Glavick, chairman of the board and president of Blue Cross, was prepared for a state insurance department hearing into Blue Cross' application for a 40 per cent rate increase.

IKE ASKS YOUTH CREW—Emmitsburg, Md., June 2 (AP)—President Eisenhower today urged a youth crew for world peace and for justice at home and abroad. In a commencement address at historic Mount St. Mary's College, the President said the basic struggle in the world is between free governments based on religious faith and development and those based on atheism.

HOUSE VOTES PAY HIKE—Washington, June 2 (AP)—House today unanimously approved retroactive 10 per cent pay raises for a million classified federal employees at an estimated annual cost of \$47 million. It sent back to the Senate by voice vote a bill giving Civil Service workers the same pay hike. The House also passed a bill to give Civil Service workers' increases would be retroactive to last January.

HELLS CANYON BILL KILLED—Washington, June 2 (AP)—The House Interior Reclamation Subcommittee today voted down a controversial bill for federal construction of a dam in Hells Canyon, the deepest river gorge on the continent. Rep. Wayne Ashtabul (D-Colo.) subcommittee chairman, said the legislation was an unfavorable report killed the Senate-passed measure.

Turley Continues to Burn Up American League

Husky Pitcher Gains Eighth Win of Season

New York, June 2 (AP)—Casey Stengel can pick his starting pitcher for the July 8 All-Star game at Baltimore without any delay. Bob Turley of his New York Yankees simply is burning up the American League.

Turley boosted his season won-loss record to 8-1 Sunday by throwing a seven-inning shutout at the Boston Red Sox for a 4-0 romp. His best performance since he pitched his best game more than a year ago, Turley struck out eight batters, threw five innings with 13 strikeouts.

Turley's eighth complete game in nine starts. Three of the runs scored by Boston came when Jackie Jensen's hit blooped into left field, but the league leader was shut out by the bases loaded full inside the foul line.

Carey Ups Average

Andy Carey, who has to share the third base job with Fred Lumpie because of his erratic hitting, came through with five straight hits. Two homers, a double and two singles helped him add 10 points to his batting average to .326.

Chicago retained six-and-a-half games behind the Yankees by winning the eighth game of the season yesterday, toppling the Boston Red Sox 10 to 4. He has lost one. His New York twirler allowed five hits and struck out 10 in his eighth complete game in nine starts. (AP Photos).

Dodgers Come to Life After Closed Lecture

New York, June 2 (AP)—Maybe Walter O'Malley should let Walter Alton do the cheering. Ravine electrician. Whatever Alton told the Dodgers behind closed doors the other day must have been a pep talk. The Dodgers reacted Tuesday to a double defeat Friday, and bombed the Chicago Cubs Tuesday night in a two-hit 1-0 shutout by Stan Williams, a 21-year-old rookie.

Although the Dodgers still are buried in the National League standings, 10 games back with the best section coming up Tuesday, they are showing signs of life. Williams probably won more than all the threats from Warren Giles' opponent.

New York, June 2 (AP)—The annual scramble for the championship in the U.S. Open Golf Championship is under way. The 64 qualifying spots across the country today.

Baltimore hurler Billy Loos about to pitch at Umpire Larry Napp. Loos claimed he tagged Ken Appompono of Washington on a rundown play at home by Umpire Larry Napp's 5-2 victory for Senators. The temperamental pitcher tossed his glove and ball down on the mound when the ball rolled to backstop, another Washington run scored. Loos was ejected from game, fined \$100 and suspended indefinitely. Manager Paul Richards. Loos' glove lies in foreground. (AP Photos).

Deprived of Making a Living Richards Lowers Boom On Eccentric Bill Loos

Baltimore, June 2 (AP)—Billy Loos, who has repeatedly expressed a desire to pitch for the powerful New York Yankees, may have outlived his usefulness with the Baltimore Orioles. Manager Paul Richards, who had almost pampered the eccentric rightshander for two years, lowered the boom yesterday with an indefinite suspension and a \$100 fine after the latest of his temper tantrums.

The disciplinary action came after Loos was ejected from the game for pushing Umpire Larry Napp, a former professional boxer, in a heated argument over a call at the plate.

In the dressing room after the game, Loos pointed to Richards' office and said he was fired and suspended. "I'm making out there, look here," he said as he walked away.

There was little sympathy for the 28-year-old hurler from his teammates. Only one player felt Richards may have been deprived of making a living.

Most of the veterans felt Richards had gone the limit with Loos and had to take action. One said: "I've been around in this game for a long time and I know what a long time with players as anybody. He will even be fair with Loos when this thing is over."

Napp also faces possible disciplinary action by the American League. Umpire Napp said he would file a report with the league for further action.

SUNDAY

Typical Sunday weather, intermittent showers, and as a result it was a fairly quiet day spent around the house. Church was the first order of business, managing to make both trips, coming and going, between showers. Thanks to the weather, the game between the Red Sox and White Sox was postponed at numerous points, including St. Petersburg, Fla. Volley ball at night took up all the time after dark. I stayed until 11:30 p.m. and then went to bed.

THURSDAY

Cleveland, Detroit, Louisville, Knoxville, ... Dallas, Atlanta, ... Seattle, ... Williams, ... Providence, ... Phoenix ...

Decision Due On Jockey for Saturday Race

New York, June 2 (AP)—Tim Tam, winner of the Kentucky Derby and Preakness, may have as many as five rivals when he goes after the Belmont Stakes at Belmont Park Saturday. But there's nothing in the probable field to make Trainer Tom Yount's job any easier.
