

Ike for Geneva A-Talks July 1

Washington, June 10 (AP)—Secretary of State Dulles said today the United States probably would want international inspection posts within Communist China as well as elsewhere to police any agreement to ban nuclear weapons tests.

U.S. scientific experts have advised him that an adequate system to supervise test suspension would have to cover such areas as Communist China, Australia and the Sahara Desert, Dulles told a news conference.

Washington, June 10 (AP)—President Eisenhower today proposed to Soviet Premier Nikita S. Khrushchev that technical talks begin July 1 in Geneva on methods of policing any possible future ban on nuclear tests.

The White House made public a letter from the President stating that the Soviet government has agreed to the Geneva site, which Eisenhower said would be preferable to Moscow from the U.S. viewpoint.

Khrushchev in agreeing to such talks had suggested they be held in his own capital.

Eisenhower told the Russian Premier his government would not object to the inclusion of experts from Czechoslovakia and Poland on Russia's side.

The western powers participating, he said, would be the United Kingdom, France, and possibly other countries in addition to the United States.

Eisenhower noted that Khrushchev has indicated Russia would not object to the inclusion of additional western nations having ex-

erts in the field of nuclear test detection.

With respect to neutrals, Eisenhower told the Russian Premier that "we have no objection in principle to their joining later in the discussions if it is agreed during the course of the talks that this is necessary or useful."

That might be such countries as India into the talks.

Eisenhower suggested that provision should be made for the talks to continue slightly longer than the three or four weeks which Khrushchev had suggested earlier in the Eisenhower-Khrushchev exchange.

This might be advisable to resolve the complex technical questions involved, Eisenhower said.

The presidential letter said: "These talks would be undertaken without commitment as to the final decision on the relationship of nuclear test suspension to other more important disarmament measures I have proposed."

Press secretary James C. Hagerty disclosed yesterday the letter was en route to Khrushchev, but the text was withheld to make sure the message was in Khrushchev's hands before it was made public.

'Little by Little' Macmillan Urges Big Weapons Ban

Baltimore, June 10 (AP)—British Prime Minister Harold Macmillan called today for a start toward building world peace through a "little by little" approach to curbing all big weapons—atomic and others.

Macmillan's speech was delivered at commencement exercises at Johns Hopkins University where President Eisenhower introduced him as a "great free world leader."

Both were given honorary degrees by the school.

Macmillan said the western world alliance has served its purpose well and must be continued as a shield against Communist aggression.

"Not Without Hope"

"But I am not without hope," he said, "that we may succeed in making some progress toward the relaxation of tensions in the world."

Macmillan said it would be foolish to expect any summit meetings to bridge the gap between East and West.

He added, however, that "if conditions are favorable and if the will is there they might make first, a little progress here, and then a little there and so bring us out of a condition of stalemate into one of negotiation."

But he said it can be done "only if both sides are willing. We on our side certainly are willing."

Macmillan said both the United States and Britain have rightly held that a beginning can be made in controlled disarmament of both nuclear and conventional weapons.

Beginning of Controlled Disarmament

"Control is really the essence," the British Prime Minister said.

U.S. Ambassador Averell Harriman said in this he will have really made a start. We will have established a beginning of confidence and confidence means peace."

As he did in his address, Sunday at De Pauw University, Greenville, Ind., Macmillan urged lowering of trade barriers which restrict the flow of goods between countries.

Eisenhower, in his brief introductory remarks, said Macmillan "is respected and admired in all the countries of the world that are freely permitted to know the facts of today's world and personalities."

"Even in those countries beyond the forbidding wall of censorship, where freedom is out of reach of the people, he is recognized as a man of integrity, courage and foresight, who devotes his life to working for peace with justice."

Speaking over the ceremony was the President's brother, Dr. Milton S. Eisenhower, president of the university.

The highly public ceremony was a far cry from the closely guarded private session Eisenhower and Macmillan held yesterday.

Tight Dropped As Manager of Detroit Tigers

Detroit, June 10 (AP)—Jack Tighe today was fired as manager of the Detroit Tigers. Bill Norman was named to succeed him.

Tighe was dismissed on the recommendation of General Manager John McHale. The board of directors approved the move immediately.

The team is in Boston.

Tighe was offered a job in the Detroit Tiger organization. But the 44-year-old sophomore manager delayed a decision and said he would return to his home in Spring Lake, Mich.

The Tigers are in last place they finished fourth under Tighe last season.

Norman, 47, has been manager of the Tigers' Charleston farm club in the Triple-A American Association for the past year and a half. He will take over the club with tonight's game.

McHale went to Boston yesterday and last night saw the Tigers lose a 4-1 decision to the Red Sox. That defeat put them in last place, 12½ games behind the league-leading New York Yankees.

Norman coached the old St. Louis Browns in 1954.

Tighe indicated that coach Tommy Henrich, Bill Hitchcock, Willie Hudin and Don Land will be retained.

Norman's Charleston club currently is in second place in the American Association.

He managed Terse Haute and Augusta farm clubs for the Tigers in 1956 and had the Little Rock club in 1954. He also has been

Alcorn Named Defendant in Brass Co. Suit

Hartford, June 10 (AP)—Republican National Chairman Meade Alcorn is one of eight defendants charged in a federal court civil suit with conspiracy to evade company income taxes and to defraud a Connecticut brass fabricating firm.

Alcorn is also charged in the \$7½ million damage suit with collecting \$50,000 for legal services that were not performed.

The suit, filed in court yesterday, that the complaint was "the greatest collection of falsehoods and distortions that I've seen in 25 years."

Bares 'Blackmail' Attempts

He testified also that attempts were made to blackmail him by threats of unfavorable publicity and letters of complaint to President Eisenhower.

Alcorn testified for more than two hours in a move to have the suit dismissed.

The suit was caused by a complaint filed by George R. Mathies of San Francisco, a stockholder of the Betmore Manufacturing Co. of Hartford, also a stockholder and a partner of the company.

Judge J. Joseph Smith adjourned the hearing until June 22.

In his complaint, Mathies also charged that another defendant, Alton C. Westworth, former presi-

Judges Panel For Merger of Court Systems

Hartford, June 10 (AP)—A panel of common pleas court judges has suggested there would be "many advantages" to a merger of the common pleas and superior court systems.

Says Rep. George Schwelby, chairman of a legislative group studying the court system, said the judges made his suggestion in a meeting with his committee Monday afternoon at the State Capitol.

Schwelby, West Hartford Republican, said the judges maintained this would speed-up court cases by removing the present \$10,000 limitations of cases which can be handled by common pleas court judges.

The common pleas court judges' panel, he said, contended this would be especially valuable when both superior and common pleas cases are tried in smaller town court sessions. If one judge could handle all cases, they would be more economical.

Only 'Suggesting'

Schwelby said the common pleas court judges' panel made it clear they were only "suggesting" reform and that the decision will be up to the 1959 Legislature. The

De Gaulle For Weak Assembly

Paris, June 10 (AP)—Premier De Gaulle reportedly favors cutting the French parliament in two, with a weakened National Assembly for continental France alone and a more powerful senate for all of the French union.

De Gaulle won the power last week to draft a virtually new constitution for France and submit it directly to the voters. He is known to favor making the senate the strong body and limiting the assembly's power—the opposite of the present French system.

The Premier discussed his views on constitutional reform with a delegation of the French Confederation of Christian Workers today. He assured them he wanted workers to have a larger voice in the legislative system. Secretary General George Levard reported.

De Gaulle earlier had outlined much the same plan to a delegation of the Socialist Force Officers.

Price Control Climbs

De Gaulle talked with workers' representatives, his government announced that wholesale prices continued the inflationary rise which in one of De Gaulle's main problems, with food prices rising 8.8 per cent in May.

Economic affairs were the topic of one restricted cabinet meeting which De Gaulle called. Manufacturers' representatives also met with the Premier and told him they foresaw continued economic expansion. They expressed hope that by July the government could halve the rise in living costs.

A second restricted cabinet meeting was held today. De Gaulle was dealing with current diplomatic problems.

Meanwhile, buzzed with rumors that a meeting of De Gaulle, the Premier and the British Prime Minister Macmillan was in the offing, but diplomats generally discounted them. The rumors were touched off when U.S. Ambassador Averell Harriman called on the Premier prior to leaving for the United States where Eisenhower is conferring with Macmillan.

The U.S. embassy denied that Harriman and De Gaulle ever mentioned a meeting with Eisenhower, and said the envoy only stopped in before going home to his son's graduation at Harvard.

De Gaulle was to be too busy dealing with French internal problems.

Ballot Logic

Lucerne, Switzerland, June 10 (AP)—A committee of women who organized today to oppose and listen to this men the granting of voting rights to women.

Switzerland is the last country in Europe where only men can vote.

The government wants to give women voting privileges. There'll be a referendum come autumn.

And some of the good housewives got together and cooked up a propaganda campaign against the half-baked notion of Charles de Gaulle's orders to get out of government.

Two of the main ingredients of women vote their husbands their beliefs aren't needed anyway. If they vote against their husbands their ballots cancel each other.

Air Force Will Shoot For Moon in August

Milwaukee, June 10 (AP)—Lt. Gen. S. E. Anderson, director of Air Research and Development Command, said today that the Air Force will "shoot for the moon" in August.

Gen. Anderson said at a news conference that the Air Force would fire three "lunar probes" this year. The others are scheduled for September and October, he added.

He declined to disclose the size or weight of the payload the Air Force hopes to deliver. It will not be instrumented and will be intended simply to crash on the satellite, he said, giving "some indication" of its arrival.

Three stage rockets whose main power plants at takeoff will be modified Thors will propel the probes over a 27,000 mile course to the moon in two and one-half days, Gen. Anderson said.

The vehicles will be modifications of military missiles, he added.

The Thor is a 1,500 mile range weapon. At least 15 have been test-fired and of these at least five have been successful.

Gen. Anderson said that even if the rockets miss the moon, they will be "real interesting scientific satellites" because their elliptical orbits will carry them far out into space and possibly around the moon and Earth in a sort of figure eight.

Gen. Anderson said that the first attempt to fire an Atlas over a full orbit of the moon is scheduled for August. He also would be made in August. "We have tried the last of our overweight heavy instrumented series intended for engine tests of the Atlas, he said.

An Atlas missile, or a Thor with appropriate later stages, would be capable of holding in orbit a 3,000-pound artificial satellite like the Russian Sputnik III, Gen. Anderson said.

Other sufficient funds, the United States could be "second to nobody" in space, he declared, adding: "We are doing about 40 per cent of what we think we should be doing."

Hungarian Refugees On Way Back Home

Stamford, June 10 (AP)—Karoly Mezey and his family are on their way back to Hungary today because he says they can live better there. Mezey fled his homeland about 18 months ago.

The 32-year-old refugee, his wife and three children, left here yesterday and are scheduled to leave Midvale Airport in New York today.

Wife Happy to Leave

Mezey's wife Marie, 38, said that she would miss the TV set and the refrigerator, but was happy to be going home.

She said she had worked part time to get a washing machine, but never made enough to buy one.

"I can live better in Hungary," he said. "I want to go home."

The government, he said, agreed to pay the return fares of refugees, who decided they wanted to go back within a reasonable time after their arrival in this country.

Only Anna, 14, an eighth grade pupil learned to speak English while here. The other children are Sylvia, 8 and son, Attila, 2.

Comments not Directives

Hartford, June 10 (AP)—Chief Justice Edward J. Daly has reiterated his belief that all cases should be disposed of by a judge in an open court.

But, said the Chief Justice in an interview yesterday with newsmen, he never has recommended mass extractions of out-of-town motorists who have been charged with violating the motor vehicle laws.

Daly made his comments while elaborating on a talk he had May 28 with municipal judges and prosecutors in his capacity as chief jurist in Connecticut.

The talk was critical of some practices of the courts, especially in connection with motor vehicle cases in which violators have been permitted to pay fines to court clerks without having to appear in court. This practice, Daly held, was in violation of the established law.

Should Follow Rules

Connecticut's municipal courts need new rules, Daly said, but until they are enacted by the state Legislature, he said, they should be followed.

Nikita Held Ready To Oust Top Rival

By THOMAS F. WHITNEY (AP Foreign News Analyst)

Signs from Moscow indicate that Nikita Khrushchev may have pulled the rug out from under his chief Kremlin rival Mikhail Suslov preparatory to purging his rival.

Suslov is a secretary of the Soviet Communist party's central committee, entrusted only by First Secretary Khrushchev himself. He is also a member of the Politburo of the Central Committee, the group of top committee members which wields the real power.

At least until recently he headed all the propaganda and cultural work of the Kremlin, was a leading party theoretician and had charge of the Kremlin's relations with foreign Communist parties.

Some indirect and direct evidence also indicates that Suslov on occasion has managed with some success to organize opposition to the ways out are too clear to be missed.

He has been absent from public appearances of the Kremlin leadership since May 16.

Particularly important was Suslov's absence from the recent Communist Party congress which demonstrated beyond all doubt that he had been a key figure in the Kremlin's relations with foreign Communist parties.

On May 17 it became known that the head of the Central Committee section on propaganda and agitation, P. V. Kostantinov, was replaced by L. F. Bychev. Since this was the key Central Committee section under Suslov's control, it was widely expected that Kostantinov was Suslov's protégé. This indicated a fall in Suslov's authority.

South Windsor Graduation Set For 37 Seniors At High School

Thirty-seven seniors will receive diplomas in graduation ceremonies to be held at Ellsworth Memorial High School at 8 a. m. today. The valedictory address will be given by Lois Rogers. In addition to her active participation in many high school activities she has served as co-leader of the Popham Music group for girls in the 4th, 5th and 6th grades. She is the daughter of Mr. and Mrs. Robert Sharp of Foster St. Salutatorian will be Cynthia Pelton. Other addresses will be given by Helen Krawitz and Shirley Peterson. Warren Aldrich, Senior Class president, will introduce the graduating class to the assembly. John T. Kearney, School Board chairman, will present diplomas to graduates and Principal Henry J. Adams will give special awards to students. The Rev. R. Withrop Nelson, First Congregational Church minister will give the invocation. The Rev. Arthur J. Heffernan of St. Francis of Assisi Church will deliver the benediction. Organ selections will be delivered by Ellenworth Newberry. Two juniors, Diane Blackmore and Peter Boston will be class marshals. Members of the lower classes at the high school will be taking final exams Thursday, Friday and the following Monday. On the next Tuesday, Wednesday and Thursday they will be given the lower test of Educational Development. This battery of tests is used in accrediting students for colleges and in determining what subjects they should take in the following year. On Friday, report cards will be handed out. School Enrollment Figures: High School enrollment will be about 825 students next year. Principal Henry J. Adams has announced. This is the planned capacity of the school and compares with a present enrollment of 285 students. Mr. Adams said, however, that 400 high school pupils could possibly be crowded into the present facilities without resorting to double sessions. Teachers for the First Congregational Church Vacation Bible School according to Mrs. Earl Sanford, superintendent, will include the following: Mrs. Donald Hancock, pre-school classes; Mrs. Hollis Jigere and Mrs. Donald Quint, kindergarten; Mrs. Ronald Roberts and Mrs. David Burkhart, primary; Mrs. Hollis Church, Mrs. K. Withrop Nelson, Jr. and Mrs. James Doyle, junior. Classes will be held at the church for two weeks starting June 30 from 9:30 to 11:45 a. m. Registration is under the direction of Mrs. Edward Toombs of Colony Rd. Grange to Meet: Wapping Grange will hold its meeting today at 8 p. m. at the Wapping Community House. Past Master's Night will be observed. Mrs. Hannah Williams will be chairman of the program and Mrs. Sarah Ellis will be in charge of refreshments. New Arrival: A daughter was born at St. Francis Hospital Saturday to Mr. and Mrs. John Pechowak of Rye St. The baby, a son, weighed 10 pounds and 12 ounces. The mother and child are doing well. Manchester Evening Herald South Windsor correspondent E. M. G. Durban has telephone MI 5-3-5000.

Carpet Co. Sold, Leased in Enfield

Enfield, June 10 (AP) - Purchase of the Enfield-Stanford Carpet Co. by the Enfield section of Enfield by Carpet Inc., a New York investment house, was announced here yesterday. The purchase price, the company said, was \$2,500,000. The property is appraised at \$1,244,000 by the town. Total taxes are listed at \$250,613.77. The company leased back the property non-lease called a long term lease although he declined to say how long the lease extended. The carpet company has been in Enfield since 1948. It now employs about 700 persons.

Bank Will Give Grads 'Diplomas'

Miniatures of their high school diplomas will be given to each of the 394 high school graduates in town this year by the Manchester Trust Co. These pocket-sized, photo reproductions of the original "sheepskin" are laminated for permanency and designed to fit into wallets or purses for a memento, as well as for identification. The miniature diplomas are sent out by the bank in a personal letter to each graduate, offering congratulations on that day. "Honorary" miniature diplomas will also be sent to Arthur H. Hiling, superintendent of schools; Edson M. Baily, high school principal; Christie F. McCormick, chairman of the Board of Education; Mrs. Jane M. Stueck, secretary of the Board; Raymond D. Stinchfield, assistant superintendent of schools; and Chester L. Robinson and George Emmerling, vice principals of the high school. This service to the graduates was originated by the Trust Co. three years ago, and has received national recognition through banking newspapers and financial magazines. Because of this, Trust company officials voiced the thought that many seniors in scattered cities throughout the country may not be receiving similar pocket-sized graduation time.

Driver Arrested After Collision

A 2-car collision at E. Middle Type and Vernon St. yesterday resulted in the arrest of Donald R. Porter, 50 of 139 Vernon St. He is charged with failure to grant the right of way.

Patrolman Richard Rand said that Porter, operating east on E. Middle Type, was attempting to make a left turn into Vernon St. and struck S. Robbins St. of West Hartford, was driving west on E. Middle Type, when the two cars collided.

Patrolman Rand said that both drivers agreed as to the point of impact, which showed Porter's car to be over into the opposing lane.

Porter is scheduled to appear in Town Court Saturday.
