

## Ocean Flier Near Goal, Rome Says

Paris, June 23 (AP)—Max Conrad reported late today only 100 miles from his goal of Palermo, Sicily, after a long radio silence had caused concern for the flying grandfather on his Transatlantic hop.

Rome's Champion Airport said it had a report from Cagliari, Sardinia, that Conrad was well over the Mediterranean.

Storms along the route caused concern after radio contact was lost for several hours.

55-year-old grandfather from Winona, Minn., graduated at Dublin's Shannon Airport at 4:07 a.m. EST. Some time later he was reported over Portugal.

Jonas Aircraft and Arms Co. European sponsors of the flight from New York, said at noon that achievement reports Conrad had flown over the Mediterranean island of Ibiza were wrong. The company said the signals over Ibiza were from another plane.

The company also said reports of distress signals were false. Presumably these were the signals reported which said Conrad had radiated from Dublin he was in trouble.

Jonas said Conrad's radio may have failed.

Conrad left New York's Idlewild airport yesterday morning, hoping to make the 4,600 mile flight to Palermo, Sicily, in about 23 hours. He has flown the Atlantic 39 times in light planes.

No Italian field, including Palermo, had heard from Conrad. Puffblow reported a blank at 3 p.m. Greenwich time (10 a.m. EST).

Rome's Champion Airport said it had received no radio report from Conrad and guessed that he

## Galindez Link In Documents Of 'Lost' Flier

New York, June 23 (AP)—The Justice Department has documents in the handwriting of Gerald Lester Murphy, an American flier, connecting him with the disappearance of Dr. Jesus de Galindez, the New York Times said today.

The newspaper said that State Department officials found the newly disclosed documents in a steel file in Murphy's apartment in Ciudad, Trujillo, capital of the Dominican Republic.

The Times said the documents have been verified to be in Murphy's handwriting and were found after his own disappearance Dec. 3, 1956.

The documents include a small notebook, a pilot's flight logbook and a single cryptic sheet of paper with notes.

Galindez, a Columbia University lecturer and critic of Dominican dictator Rafael Trujillo, disappeared in New York City-March 1956. Charges have been filed that he was kidnapped and later flown to the Dominican Republic by Murphy.

Murphy vanished in Ciudad Trujillo. Later, the Dominican government announced that he had been murdered by a Dominican pilot, who then committed suicide. Meritt E. Brown, a former New York lawyer, was engaged by the Times.

## Ribicoff Calls Candidates in Senator Race

Hartford, June 23 (AP)—The question of how 885 Democratic state convention delegates will vote next Saturday, occupied the minds of the three candidates for the party's senatorial nomination today.

Also high on the candidates' list was an invitation from Gov. Groverham Ribicoff to a 4-day meeting tomorrow in the Chief Executive's office.

The reason for the invitation was not known. But the invitation itself caused enough speculation over the weekend to fill a ballot box.

Two of the candidates—former U.S. Rep. J. Dodd and former Gov. Chester Bowles—claimed majorities of the 885 delegates.

The third candidate—former U.S. Sen. William Benton—has not made such a claim, but yesterday he said the "polling process" (which he said was being eliminated in the various areas of the state, would easily be the choice of the convention.

Here's the way Bowles' and Dodd's claims stacked up:

1. Bowles was elected by his Saturday claim that he has the support of from 418 to 538 of the convention delegates.

2. Dodd forced said his candidate has 315 votes. Democratic state committee members from the 12th and 13th Senators' Districts said yesterday that Dodd has 27 out of

## Judge Refuses Stay On Integration Curb

Washington, June 23 (AP)—Four Negro leaders today told President Eisenhower that court-ordered school integration at Little Rock, Ark., "has shocked and outraged Negro citizens and millions of their fellow Americans."

Little Rock, Ark., June 23 (AP)—U.S. District Judge Harry Lemley today denied a motion to stay his own order of Saturday which suspended integration in Little Rock schools for 2 1/2 years.

The judge said that to grant a stay would keep the racial situation at Central High School intolerable because too much time would be consumed in processing a Negro attorney's appeal of his order.

Wiley Branton, attorney for the National Association for the Advancement of Colored People, said today that he planned to file an appeal with the U.S. Supreme Court for instructions on appeal of the integration suspension order. He already had filed a notice of appeal here.

"I don't know at this point exactly how this is going to be handled," Branton told a reporter. "I may have to go to the chief circuit court or getting any favored treatment for Goldfine, who was having trouble with the Federal Trade Commission and the Securities and Exchange Commission."

But that didn't stem the rising

## More Accessible Than Adams Prober Would Quiz Second Aide to Ike

Washington, June 23 (AP)—Rep. Morgan Moulder (D-Mo.) suggested today that House investigators call Gerald D. Morgan, President Eisenhower's special counsel, saying: "From what I hear, Mr. Moulder is more of a front man than Mr. Adams."

Moulder said in an interview he understands Morgan is more accessible than Sherman Adams to persons seeking help from the White House. Moulder did not say Adams is a member, resolute to admit to his hearing on contract testimony made by Adams, Eisenhower's aide, assistant, with two regulatory agencies on behalf of Boston Industrial.

Adams, the center of a growing political storm, acknowledged accepting hotel hospitality and gifts from Goldfine, who he said was an old friend. Although conceding he was imprudent, Adams has denied seeking or getting any favored treatment for Goldfine, who was having trouble with the Federal Trade Commission and the Securities and Exchange Commission.

Adams has changed his stated intention to retain Adams, whom he has described as a man of honesty and integrity.

But that didn't stem the rising

## Ike Asks 6 Reactors For Euratom Nations

Washington, June 23 (AP)—President Eisenhower today called on Congress for swift approval of a multi-billion dollar international agreement providing for construction of six major nuclear power reactors in Europe.

Terminating the pro-CT nuclear Eisenhower sent the law makers approval at this session.

The President described the program as "a first step toward mutually beneficial cooperation in the peaceful applications of atomic energy."

Under the program, the United States would sell to the six nations which make their Euratom Atomic Community Euratom 250. The present price for that much of the material is about \$480 million.

The \$300 million cost of the construction of the nuclear power reactors will be borne by the Euratom nations, the White House said, with provision by the United States through the Export-Import Bank for a long term loan of credit up to \$135 million.

The European nations and the United States also plan to establish a jointly-financed research and development program to improve performance of the reactors. James C. Hagerty, White House press secretary, said he had no information on the cost of the program.

Calling the program a major step in application of nuclear technology for the benefit of mankind, Eisenhower said that the program would not merely be an alternative source of energy but an economic stimulus which would develop their rightful influence in world affairs. The success of the program, he said, is of vital importance to the United States.

## Picket Line Halts Work On Missiles

Washington, June 23 (AP)—A sudden United Auto Workers strike today crippled production of Redstone and Jupiter missiles at a suburban Chrysler Corp. plant.

The UAW claims only 400 members among the 2,000 employees at the Sterling Township missile facility. But many non-union workers did not cross picket lines set up at the plant gates.

An estimated 200 pickets ringed the gates in what a picket captain called "a traffic demonstration."

A company spokesman said partial operations were continuing. Production of the day shift was reported as it is in an auto plant, he explained.

There was no company estimate of how many of the Chrysler, said that the day shift, plant parking lots were about one-fourth full.

A big but brief traffic jam occurred when surprised workers arrived to find the gates picketed.

Milan Matich, UAW Local 1245 president, charged Chrysler with discriminating against UAW members to keep down membership. He said the company has been doing this by giving all overtime work to non-union employees. Two membership meetings were held yesterday and the unionists insisted on striking to force the issue.

The non-union employee said pickets turned him back at the plant gates saying: "Go on home. The fish are biting and you're not coming in here."

Chrysler and the Local averted a threatened strike at the missile plant, charged Chrysler, said that the company was deliberately designating many employees as non-union, exempting them from union membership.

UAW workers now are working without a contract at Chrysler, the company is not requiring new employees to join the union. Union sources said about 4,000 new employees have been hired in the past eight months, but only a small percentage are union members.

The shutdown followed incidents of sabotage which affected General Motors.

## Bomb Kills 5 In Beirut, Dag Talks to UAR

Beirut, Lebanon, June 23 (AP)—A bomb exploded in a bustling shopping area of Beirut today, killing five persons including a woman and her child.

The bomb went off just opposite the fruit bazaar in downtown Beirut. An empty bus parked at the curb shielded many shoppers and reduced the casualty toll.

The bombing came after several days of relative calm in the city. A second bomb exploded shortly afterward on another downtown street. It blew a door from a shop and one person was injured by flying glass.

The bombings apparently were directed at shopkeepers who opened for business in defiance of a general strike ordered weeks ago by President Camille Chamoun.

The bombings are likely to be decried by both sides in Lebanon's 42-day-old crisis. The terrorist act shattered the hopes of moderation that the arrival of U.N. observers meant an easing of tensions.

Although opposition forces to some extent seemed to be holding down activities in Beirut during Hammarakjold's Middle East visit, there have been serious clashes elsewhere in the past few days.

On two successive days major urgency on the part of European states to the U.N. Secretary-General Dag Hammarskjold left Saturday for Cairo but is to return tomorrow.

It was the worst terrorist outbreak since a crowded tram was bombed several weeks ago.

A second bomb exploded shortly afterward on another downtown street. It blew a door from a shop and one person was injured by flying glass.

## News Tidbits

Called from AP Wires

Cecil B. DeMille, 77, is in Cedars of Lebanon Hospital in Hollywood for observation and treatment of a circulatory disorder. Secretary of Defense McElroy says he can disagree with a service chief's testimony on defense reorganization without rehabilitating the officer. Navy Chief of Naval Operations, George Alpert, president of the New Haven Railroad, took the stand today at the resumption of a Federal court hearing on his railroad's petition for permission to discontinue passenger service on Old Colony Div. in Massachusetts. Libya's new ambassador, Dr. Mansour Pechi Khikhi, said today that the 1954 U.S.-Libyan basic rights agreement is working smoothly to the "satisfaction of both sides," as he presented his credentials to President Eisenhower.

New York City plans to refund about \$21 million in franchise bonds to the New York Central, which was reorganized today within 15 minutes after they fled from a police squad car as it pulled up in front of police headquarters where they were being taken on charges arising from tampering with parking meters.

Capacity audience in the American Concert Hall gave U.S. pianist Van Cliburn and the Philadelphia Orchestra a standing ovation after their performance last night. Indianapolis radio today claimed that police headquarters officers have thrown back the Japanese Government's invitation to two battles in the North Celebes.

All Japanese fishing vessels in the East China Sea were ordered to look out today for an American line-honored way out of the Communist Chinese mainland with Hollywood actor John Calvert and seven others aboard.

Lightning killed three men in Indiana yesterday as they fished an iron cross up 7,500 feet. Mt. Ararat is Italy to climb it, the peak in an act of devotion.

# Moscow Mob Stones, Stains Bonn Embassy

By HAROLD K. MILLS

Moscow, June 23 (AP)—More than 1,000 banner-waving demonstrators attacked the West German embassy with stones, sticks and ink bottles today in retaliation for an assault on the Soviet embassy in Bonn last week.

U.S. newsmen, including this correspondent, were roughed up several times as they attempted to take pictures.

The demonstrators marched toward the embassy from several directions. They seemed well-organized. Suddenly they started throwing stones and bricks, smashing embassy windows by the dozens.

Then came a barrage of ink bottles that splattered bright blue ink on the grey embassy walls. Some of the bottles sailed through broken windows and crashed on the floor inside.

The crowd was in a vicious mood.

One segment of the crowd pursued New York Times correspondent Max Frankel into a side entrance of the embassy.

(Independent reports to London said Frankel's camera was smashed. The demonstration in Bonn, which provoked the one in Moscow, was to protest the execution of ex-Premier Imre Nagy and others who took power after anti-Soviet revolts in Hungary in 1956.)

A similar retaliatory demonstration was staged Friday before the Danish embassy in Moscow.

The demonstrating began at 8:45 a.m. and lasted more than two hours. The correspondents estimated the crowd of men and women many carrying banners urging "Down with Proletarians" at worst.

The first swell to nearly 1,500.

For the latter few minutes the demonstrators contented themselves with chanting anti-Germans slogans and waving banners mounted on grey bicycles.

The first ink-filled bottle

# Refugees Stone Center of Red UN Delegation

New York, June 23 (AP)—Hungarian refugees demonstrating outside headquarters of the Soviet delegation to the United Nations yesterday tried to crash through police lines and trampled several policemen.

The demonstrators smashed three windows of the Park Avenue building housing the Soviet delegation. Several policemen and number of pickets were injured.

The violent outburst came, police said, at what appeared to be a prearranged signal. It turned into a melee between 350 pickets and nearly 100 policemen. Nine pickets were arrested.

The demonstrators had been peacefully marching and handing out leaflets of the Federation of Former Hungarian Political Prisoners before the violence erupted.

Several firecrackers were exploded as about 500 of the pickets tried to force their way past police lines to the building.

This was the second outbreak of violence at the Manhattan building over the weekend. Anti-Soviet demonstrators broke two windows Saturday and three arrests followed.

Both demonstrations were former U.S. Ambassador to Hungary, Arthur Hays Sulzberger, announced the committee would call on further members of the Joint Chiefs of Staff for quelling until there is assurance that they can speak their own mind freely.

# Wide Reform Proposed For Improving Schools

Washington, June 23 (AP)—A 2-faceted American education is the widely held view that all we really need are a few more teachers, a few more buildings, a little more money," said the report.

"Such an approach will be disastrous," the report said, "because it neglects the needs of the nation's educational system."

The report called for a study by a panel of prominent Americans, said virtually every subject taught in the school now going on in physics and mathematics teaching.

The crisis in science education, the report said, "is not an invention of the newspapers, or action lists or the Pentagon. It is a real crisis."

It has all been brought about by the federal government's failure to finance a helping hand from the federal government. The report says that the federal government must be strengthened because state and local tax systems are primitive and out of date.

National leaders must grasp the scope of the job that lies ahead.

Perhaps the greatest problem

# Retaliation For Assault In Germany

By HAROLD K. MILLS

Moscow, June 23 (AP)—More than 1,000 banner-waving demonstrators attacked the West German embassy with stones, sticks and ink bottles today in retaliation for an assault on the Soviet embassy in Bonn last week.

U.S. newsmen, including this correspondent, were roughed up several times as they attempted to take pictures.

The demonstrators marched toward the embassy from several directions. They seemed well-organized. Suddenly they started throwing stones and bricks, smashing embassy windows by the dozens.

Then came a barrage of ink bottles that splattered bright blue ink on the grey embassy walls. Some of the bottles sailed through broken windows and crashed on the floor inside.

The crowd was in a vicious mood.

One segment of the crowd pursued New York Times correspondent Max Frankel into a side entrance of the embassy.

(Independent reports to London said Frankel's camera was smashed. The demonstration in Bonn, which provoked the one in Moscow, was to protest the execution of ex-Premier Imre Nagy and others who took power after anti-Soviet revolts in Hungary in 1956.)

A similar retaliatory demonstration was staged Friday before the Danish embassy in Moscow.

The demonstrating began at 8:45 a.m. and lasted more than two hours. The correspondents estimated the crowd of men and women many carrying banners urging "Down with Proletarians" at worst.

The first swell to nearly 1,500.

For the latter few minutes the demonstrators contented themselves with chanting anti-Germans slogans and waving banners mounted on grey bicycles.

# Bulletins From The AP Wires

"WORD OF REPRISAL"

Washington, June 23 (AP)—Sen. Richard B. Russell (D-Ga.) denounced today what he termed "savage of reprisal" tactics against Adm. Arleigh A. Burke, chief of naval operations, for opposing the administration's reorganization plan.

Russell, chairman of the Senate Armed Services Committee, announced the committee would call on further members of the Joint Chiefs of Staff for quelling until there is assurance that they can speak their own mind freely.

NEW QUIZ FOR CHERYL

Los Angeles, June 23 (AP)—Lana Turner's teenage daughter will be questioned today, local news sources said, about her mother's lover. Cheryl Crane, 14, will be the star at a deposition hearing for a \$750,000 lawsuit brought by the dead man's son.

HOFFA CASE TO JULY

New York, June 23 (AP)—The fate of James J. Hoffa, Teamster Union president on trial for the second time for violating union rules, was placed in the hands of a jury by U.S. Dist. Judge Thomas F. Murphy today. Hoffa and two others are charged with conspiring in New York to help telephone in the Detroit Teamster headquarters. The first trial ended in a hung jury last Dec. 1954.

REVEALS EVIDENCE

Washington, June 23 (AP)—Rep. Charles G. Porter (D-Ind.) today said "back up to the hills" a connection between U.S. Senator Gerald Lester Murphy and Dr. Jesus de Galindez, who disappeared in 1956. "I have no doubt as to their authenticity," he said.

FBI BATTLES KILLER

San Francisco, June 23 (AP)—Officers hunting for police-killer George Cole—on the FBI's most wanted list—bought a rickety sedan today through a real estate agent, a spokesman said, speeding, southbound car. Later, just north of Ukiah, Sheriff's deputies and the highway patrol threw up a road block at the intersection of U.S. 101 and State 28. 20 that the fugitive was by lighting an old country road.

Moscow Mob Stones, Stains Bonn Embassy

spread its blue contents against the upper embassy wall. A barrage of stones, stones and bricks followed almost the crashing of glass. A handful of Soviet militiamen on duty at the embassy ran back and forth blowing whistles and shouting.

Anyone Want a Job?

Republicans in the Ellington branch of the Bonn Embassy are looking for a job. They are looking for a job. They are looking for a job.

Dump Fires Said Routine

Town Engineer James Sheehey said today it is his department's usual procedure to remove the contents of dump trucks at the town dump.

Funerals

Funeral services for Mrs. Julia Streng were held this morning at the St. Joseph's church. The Rev. John J. Murphy officiated.

About Town

Ladies Auxiliary of the Manchester Chapter No. 17 Disabled American Veterans will hold a setback cab party Wednesday evening at 8:30 at the VPW home.

David Wichman, son of Dr. and Mrs. Barney Wichman, 34 Brookfield St., a geology major at Cornell University is attending an 8-week summer field trip in geology at the University of Nebraska.

Mr. and Mrs. Donald C. Morton and son of Rangeley, Maine, were guests this weekend of Mr. and Mrs. Louis Raffo, 15 Huntington St. Mrs. Morton is president of the Flower Club of Rangeley and enjoyed taking pictures of local flowers.

Mr. and Mrs. Gordon Knox, 88 Strickland St., will quietly observe their 25th wedding anniversary at their home tomorrow. They were married in North Adams, Mass., on June 24, 1933.

Memorial Temple, Fishkill sisters, will hold its final meeting of the season tomorrow at 8 p.m. in Old Fellows hall. It will be preceded by a potluck at 6:30 in the banquet hall under the chairmanship of Mrs. Nellie McAllister.

The Rev. Maynard G. James of Lancaster, England, will speak at the Church of the Nazarenes Wednesday evening at 7:30.

First Lieutenant William Marcola of 21 Church St. was among the advance party of National Guardsmen who left for Camp Drum, N.Y. last Wednesday in preparation for arrival of National Guard units who left on Friday evening.

Ronald R. Hearn, seaman, son of Mr. and Mrs. John E. Hearn, 32 Winders St. has been honorably discharged from the U.S. Navy attached to the U.S. Naval Receiving Station, Norfolk, Va.

The executive board and committee members of the high school PTO will meet tomorrow night at the high school in A-7. The group is asked to use the auditorium entrance for the meeting.

The Mantonian Tribe No. 31 will meet tonight in Tinker Hall at 8 p.m.

Four children at Lincoln School had perfect attendance during the past school year. They were Joan Kemp, a pupil of Mrs. Daisy Bill, Christopher Totten and Barbara McNeil, pupils of Mrs. Roger Woodbury and Dale Ostrout, a pupil of Mrs. Helen Hardacre.

The combined groups of the Second Congregational Women's Fellowship will hold a strawberry festival Thursday in the new Fellowship hall of the church. Serving will continue from 8 to 9 p.m. Tickets may be obtained at the door or by calling J. A. Joyce, 478 Parker St. or Mrs. Calvin Taggart, 118 Woodland St.

Bear Collects Advance Pay

Tellers at the Manchester Trust Co. meet many kinds of customers during a work day but rarely do they come across one like "Rosie."

"Rosie," a 800-pound Russian brown bear, stopped in at the bank today to collect her salary in advance for the performance she is to give at the Shopping Parkade during the celebration of "Krazy Daze."

The bear is a celebrity in her own right, having worked with Ring Crosby and Bob Hope in their "road" movies and has also performed in most of the cities of the country.

Before giving her first performance in Manchester on Wednesday, when "Krazy Daze," a giant sales promotion sponsored by the Manchester Parkade Merchants Assn. begins, Rosie will participate in a Little League Baseball game tomorrow at 6 p.m. at Wadwell Field and is also registered at the Hotel Slater in Hartford this afternoon.

Raymond Riggman, manager of the Sears Roebuck store at the Parkade and chairman of the program, explained nothing was too good for our Rosie. He also explained the bear made the visit to the bank to get her money first because "she is crazy like a fox."

"Rosie" and her daughter, "Minnie," who does a tight rope act, will give performances all during the week-end at 6:30 p.m. ends Saturday at 4 and 1:30 p.m. and at 11:30 a.m. 1:30 and 4 p.m. Saturday.

The animals are owned and trained by Stanley Beebe of New York and are known as the Hollywood Bears.

During the celebration of "Krazy Daze," sales personnel at the Parkade will wear costumes which follow the theme of the promotion, the first of its kind to be held there.

Over 300 persons were in attendance at the North Methodist Church yesterday for the annual Children's Day program presented for the Church School under the direction of Charles Dickens, superintendent, and the department leaders.

Copies of illustrated Bibles with maps and other study helps were presented to the children advancing from the primary to the Junior department by George H. Hattenhauer, the superintendent.

In the narthex of the Church the youth department had a display of a time-line of the history of the Christian Church and charts of Christian symbols.

Eight young people were receiving into full membership in the Church from the Pastor's preparatory class.

They were Catherine Capriolo, Gary Chappell, Nancy and Margaret Jeffrey, Elizabeth McLagan, Deborah Miller, Gary Newman, and Linda Potter. The Pastor, the Rev. H. Degeert, Bennett, urged the young people and the entire congregation never to lose their enthusiasm for Christ and the Church but to "High His royal banner."

Pipes from atop the Hanging Gardens of Babylon in 400 B.C. sprayed water on flowers and trees 300 feet below.

Is This the Right Window? Rosie the Bear, who will perform at the Shopping Parkade during "Krazy Daze," collected her salary in advance at the Manchester Trust Co. today. Mrs. Thomas D'Arzono, a teller, offers no argument even though her unusual customer failed to furnish proper identification. Rosie's trainer, Stanley Beebe, accompanied her.
