## Car Deaths Down from 6 an Hour

By THE ASSOCIATED PRESS  
Traffic  
Fires ..... 194  
Miscellaneous ..... 30  
Total ..... 224

The nation's traffic deaths, averaging more than six each hour yesterday and appeared heading for a new record for a 3-day New Year holiday, tapered off during the morning hours.

The heavy toll since the start of the holiday weekend, at 6 p.m. (local time) Thursday, was termed "shocking" by the National Safety Council.

The council, in a pre-holiday statement, had estimated 320 persons may be killed during the 78-hour holiday period, which ends at midnight Sunday.

It said if the pace set yesterday was maintained up to midnight Sunday, the toll would run above 400. The record traffic death toll for a 3-day New Year period was 364 at the end of 1955 and the start of 1956.

Driving in wide areas in the West and Midwest, hit by heavy snowstorms, was hazardous. However, fatalities on the highways were not heavy in the storm-stricken region.

During one 6-hour period yesterday, fatalities on the highways averaged more than 10 an hour. The council said the toll for the first day of 1960 was far above the daily normal motor vehicle death rate of slightly more than 100 per day.

An Associated Press survey during a non-holiday weekend covering the same 3-day period, Dec. 10-13, showed 324 traffic deaths.

Deaths on the highways in 1959 had been at a level between 37,500 and 38,000. Final figures will not be available until the end of January.

The New Year traffic toll was running below the toll for the comparable period during last week's Christmas holiday weekend. However, more persons were killed in fires and the number killed in miscellaneous accidents was higher. The final count for the Christmas weekend was 493 deaths in traffic, 61 in fires and 113 in miscellaneous accidents for an over-all total of 667.

## No Secret for Two Years Kennedy Expected To Declare Today

Washington, Jan. 2 (AP)—The race apparently marks the final intensive stage of campaign that has carried him into nearly every state and has involved him in several controversies.

Some of these revolve about the 42-year-old Massachusetts Senator's Roman Catholic religion. Others stem from his activity in connection with Congress' passage last year of compromise labor control legislation.

He helped push through a bill which organized labor contended would seriously handicap it, and which anti-labor forces said didn't go far enough to clean up abuses.

By all the political signs, Kennedy is the front runner for a nomination for which Sen. Hubert H. Humphrey (D-Minn.) announced Wednesday and which Adlai E. Stevenson, Senate Democratic Leader, London E. Johnson of Texas and Sen. Stuart Symington

## 'Smear Group' Builds Activity In West Reich

Nuernberg, Germany, Jan. 2 (AP)—A roving "smear group" was suspected by police today of splashing Nazi swastikas and anti-Jewish slogans throughout West Germany.

New Nazi symbols appeared during the night in Bavaria.

The shadow of Hitlerism was cast by smearings in three former Nazi occupied countries—Austria, Norway and Belgium—and the defacing of an Anglican Church in London with the words "Get Out Jews."

In West Germany swastikas and SS emblems were painted during the night on bridges along the Frankfurt-Nuernberg railroad line.

Hitler symbols also were daubed on doors of a church and two houses at Lauda, southwest of Wuertzburg.

The village of Aalenberg was the target of new Nazi smearings with swastikas and the words "Ben Hitler" painted on a local fire station, a shop window and the wall of a house.

No outright anti-Semitic slogans such as had appeared in cities and towns throughout West Germany for the past week were found in the village.

In Coburg, on the Communist East German border, the local propaganda chief of the Neo-Nazi German Reich party (DRP) handed to police several leaflets reading:

"Awake, awake, vote NSDAP (Nazis), Hitler, National Socialist German Workers party, List 7 Local group Coburg."

The DRP man whose name was not disclosed, told police he found the leaflets on the street in Coburg. They had been printed with a child's print set.

Special investigators continued to check anti-Semitic incidents in Hesse, Lower Saxony and Bavaria.

A 22-year-old carpenter, Ludwig Vogel, was arrested yesterday for smearing swastikas and slogans on houses at Schenefeld.

Vogel, a candidate for membership in the DRP, will be formally charged as soon as the Schenefeld investigation is completed.

The Nuernberg prosecutor's office said.

The office said he probably will be charged with violation of a Bavarian law against preaching race hatred.

In Austria, police said the word "Jude" (Jew) was smeared on a Vienna synagogue during the night.

A police spokesman said a drag-net was thrown out to find the defacer because we do not want these things to start here, too.

## Margaret Sullivan, Noted Actress, Dies

New Haven, Jan. 2 (AP)—Actress Margaret Sullivan died yesterday, a few hours before going on stage as star of a new play. Authorities indicated she may have unintentionally taken an overdose of sleeping pills.

Miss Sullivan, 48, was found unconscious in her Hotel Taft room. She was dead on arrival at Grace-New Haven Community Hospital.

The actress, nervous and upset, had been under the care of a physician the past two days.

James J. Corrigan, New Haven county coroner, said her death might have resulted from an overdose of barbiturates, but added:

"I do not believe it was a suicide."

However, after receipt of an autopsy report today, Corrigan said he had not at this time ruled out the possibility of suicide.

The coroner said the autopsy showed "a clinical picture consistent with barbiturate acid poisoning." He added that a similar condition could have been caused by some other element.

Before any definite finding can be made, Corrigan said, a study of the vital organs in the state toxicological laboratory in Hartford must be completed. He said he expects this report to be completed Monday or Tuesday.

Miss Sullivan was visited by a physician early yesterday and again in the afternoon. Her husband, Kenneth Waggs, spoke with her about 2 p.m.

A few hours later, he had to ask the hotel manager to force open the door of her room when he found it fastened by a chain lock. Inside he could see her lying in bed, unable to hear him.

Det. Capt. William Holohan said

Waggs told him Miss Sullivan wished she could get out of show business.

It was Waggs who got a doctor for her after the Thursday night performance of "Sweet Love Remembered," which began a Broadway tryout Monday at the Shubert Theater.

Dr. Earl Todd said he found Miss Sullivan keyed-up and disturbed. He gave her an injection to help her relax, he said. She was still highly nervous when he saw her in the early afternoon.

Henry Margolis and Martin Gabel, producers of "Sweet Love Remembered," were with Waggs when he returned to his wife's room and found her unconscious.

When they learned of Miss Sullivan's death, they said.

## Dispute Flares On New Laws To Halt Payola

Washington, Jan. 2 (AP)—Should Congress pass new laws to stamp out payola, rigging and deception in the television and radio industry?

A number of Congressmen think so, and they're ready to go to work on it as soon as Congress convenes next Wednesday.

"The iron is not now," says Rep. William L. Springer (R-Ill.).

But Atty. Gen. William F. Rogers thinks the two government agencies that regulate broadcasting already have the power to do the job. He says they just haven't been using that power as they should.

Another group of Congressmen agree with Rogers. Rogers gave that view in a lengthy pre-New Year report to President Eisenhower, who had asked him for a study of the situation after congressional investigation laid bare a series of TV scandals.

Rogers did urge two immediate changes in the law: (1) Make it a federal crime for a TV or radio employe to take payola—accept a bribe to plug a product on the air; and (2) give the Federal Communications Commission more leeway in punishing stations that don't live up to the mark.

The only recourse is the drastic one of revoking the station's license.

The attorney general suggested lesser penalties, such as temporary suspension of licenses or granting of conditional licenses.

The gist of Rogers' view, however, was the FCC and its sister agencies already have the power to do the job.

## U.S. Supports ROK Ship Attack Denial

Seoul, Korea, Jan. 2 (AP)—The top U.S. commander in South Korea today backed up South Korea's denial that one of its warships attacked a Soviet survey vessel Dec. 28.

"Information available to the U.N. Command confirms the statement of the Republic of Korea government that no naval craft of the republic was involved," Gen. Carter B. Magruder said in a statement issued by his U.N. headquarters.

Magruder's command oversees South Korea's naval operations. It was learned that he has been investigating the incident since Russia accused South Korea Thursday.

## Chou Again Offers India Border Pact

Tokyo, Jan. 2 (AP)—Peiping told India today Red China needs "a long-term peaceful international environment" to build up its economy and made a new offer to settle their border dispute.

But the plan broadcast by Peiping called for forces of each side to withdraw about 12 1/2 miles from present positions, a proposal rejected twice previously by India.

Prime Minister Nehru turned down the Chinese because such a withdrawal would leave Red Chinese troops still deep in territory India regards as its own.

Premier Chou En-lai again suggested a meeting with Nehru to agree on some principles in the boundary dispute.

Chou said he would be glad to discuss a meeting recently, said he wants these principles worked out in advance.

"In order to attain their goals in peaceful construction," the note said, "the Chinese people are in urgent need of a long-term peaceful international environment."

Whether or not the boundary has been delimited, China is always prepared to work in close cooperation with its neighbors for the creation of the most peaceful, secure and friendly border zone so that there will be no mutual misgivings or clashes over the border questions.

Premier Chou's government also suggested that the two countries withdraw 20 kilometers (12 miles) or some other distance considered appropriate "by both sides from the border."

Prime Minister Nehru of India and Chou "reached agreement on some principles on the boundary question so as to provide guidance and a basis for the future discussion and the working out of a solution by the two sides."

The Red Chinese foreign ministry in an announcement reported by the New China News Agency, said a note to this effect was sent to the Indian embassy in Peiping.

## Freed Suspect In Sniper Case Held in Killing

Painesville, Ohio, Jan. 2 (AP)—Authorities claimed today "new evidence" links truck driver Floyd E. (Gene) Hargrove with a Christmas Eve sniper slaying which he has both admitted and denied.

Only five days ago Lake County authorities said that a polygraph test had cleared Hargrove of killing Charles R. Clark in nearby Mentor. But last night they re-arrested him at the home of his mother in Toledo, charging him with first degree murder.

The nature of the new evidence was not immediately disclosed.

Emery E. Galloway, special investigator with the Ohio State Mobile Crime Laboratory, told a newsman that several days ago he provided new information to Frank D. Hathy, police chief of Mentor.

"By working on one of his hunches, I turned up certain evidence and told Hathy to look for additional evidence," Galloway said.

## Predicted World War II New Fatima Prophecies To Be Bared This Year

By FLANK BRITTO  
Vatican City, Jan. 2 (AP)—Still more prophecies of Fatima, as written by Sister Maria Dolores, are due to be revealed to the world this year. Speculation has been rife among Roman Catholics as to what they may contain.

Sister Maria, a 54-year-old cloistered nun at Coimbra's Carmelite convent in Portugal, is the sole survivor of three shepherd children who said they saw visions of the Virgin Mary at Fatima in 1917.

She wrote the prophecies, years ago, sealed them in an envelope and entrusted them to the Bishop of Leiria, her ecclesiastical superior, to be opened in 1960, or at her death if she died before then.

Vatican sources said the "revelation" would be made by the bishop but they did not know when. They said it might be on the anniversary of the first vision—May 13.

It was on that day in 1917 that Lucia Dos Santos, now sister Maria, and Giacinta and Francisco Marto, saw what they described as "a beautiful lady in white" on a grassy slope near Fatima.

Since then, Fatima has become one of the greatest shrines to the Virgin Mary.

Lucia became a nun after the death of the other two.

Some of the prophecies she made previously have been made public.

The revealed portion forecast World War II and talk of a possi-

ble conversion of Soviet Russia to the Roman Catholic faith. This conversion, however, was conditioned upon a sincere return of humanity to Christian life.

"Otherwise," said Sister Maria's prophecy, "Russia will extend its errors throughout the world, promoting wars and persecutions against the church."

In recent years some here believed that the unexplained portion of the prophecies might relate to the late Pope Pius XII.

Speculation about this increased after the late Federico Cardinal Tedeschini declared at Fatima's anniversary observance in 1961 that during the Holy Year the Pontiff had experienced solar visions similar to that observed at Fatima Oct. 13, 1917.

On that earlier occasion, some 50,000 persons had gathered on the Fatima slope. The shepherd children had said that the "beautiful lady" promised that something unusual would occur. Mary had waited throughout a rainy night, suddenly cried out: "Look at the sun!"

The rain had stopped. Thousands later, affirmed that they saw the sun revolve wildly, turn blood red in color and shoot toward the horizon. From that day the story of Fatima grew. In 1930, after careful investigation, the Portuguese episcopate proclaimed the apparition as being "worthy of faith" and permitted the cult of Our Lady of Fatima.

## 7 in State Die By Violence as Holiday Starts

By THE ASSOCIATED PRESS  
Violence has taken seven lives in Connecticut during the first half of the 34-day New Year holiday weekend.

Five persons died by fire, three of them from one family. Two others died in traffic accidents.

Several other fires struck in various parts of the state but took no lives. There were numerous automobile accidents.

In Waterbury, a defective string of Christmas tree lights caused a fire which claimed the lives of a father and his two children.

The body of Julius Papp, 45, was found early Friday morning in a living room chair. He had burned to death. His daughter, Judith, 6, and his son, David, 5, had suffocated in their beds.

Mrs. Papp, 34, was working as a waitress. She was told of the fire at a restaurant where she worked. When she arrived in her car, the second floor apartment at 195-197 Lincoln St., she collapsed.

Fire Marshal Thomas Scaden said the fire apparently started on the Papp's Christmas tree. It spread throughout the apartment and endangered others living in the building. Police rescued a family

## Ship Hits Reef. 26 Men Saved

Singapore, Jan. 2 (AP)—The American freighter Valley Forge, carrying 27 crew members, broke up today after running aground on treacherous reefs 50 miles southeast of Singapore. The British Navy said at least 26 of the men have been picked up.

Seven were spotted by a rescue plane on a small island near the twisted wreckage of the freighter.

Eight crewmen from the 7,202-ton ship were rescued by a salvage tug which battled mountainous seas and gale-force winds in a futile attempt to save her.

A British Navy vessel took aboard 18 others from an uninhabited island several miles from the spot where the Valley Forge grounded. The 18 earlier had made an unsuccessful attempt to reach the tug in a lifeboat.

The Navy said a British Air Force plane reported that other crewmen reached Bintan Island, the largest of the Indonesian islands southeast of Singapore.

There was no immediate report on whether those on the island were ship Capt. Peter R. Petrone and six of his men, who had previously were believed to have reached another island.

## Jewish Panel Settles Many Knotty Problems

By TOM HENSHAW  
(AP Religion Writer)  
New York, Jan. 2 (AP)—The couple stood before the judges uneasily. They were in their 60s; married a couple of years. He was glum and bitter. She seethed with indignation.

The problem was money. Each had brought a small sum into the marriage. Yet neither would trust the other with it. Each thought the other should pay for his or her own living and medical expenses.

It was clearly a case for the Jewish Conciliation Board of America, one of the few religious organizations in the country whose judicial decisions are binding by law under New York State Courts.

The conciliation board sits weekly in an upstairs room of the Jewish Educational Alliance on New York's Lower East Side.

The judges are a rabbi, a lawyer and a businessman. There are no lawyers to speak for plaintiff or defendant. There are no witnesses called. No one is sworn to tell the truth.

In the past 40 years, the board has melted out justice with crisp dispatch in more than 10,000 civil cases involving Jews, many of which could have wound up on the already clogged state court dockets.

The key word is justice.

"Our view, justice must be more than just the settlement of a dispute by the application of the law," says Rabbi Israel Goldstein, president of the board.

Hence no lawyers to bring up technical points. There's a lot of impromptu heart-to-heart talk between judge, defendant and plaintiff—who sometimes turns out to be co-defendant, too.

The conciliation board was founded during the days of large Jewish immigrations from Europe. Many of the immigrants spoke no English and were confused by

## U.S. Greet Declaration Cautiously

By A. I. GOLDBERG  
Moscow, Jan. 2 (AP)—Nikita S. Khrushchev's hint that Russia might go it alone in cutting armed forces strength suggested today the opening move in a new maneuver to force the West's hand on disarmament.

The Soviet premier told a New Year's reception "if the cold war's exponents drag us into labyrinths of endless verbal discussions, should we adopt the way onto which they want to proceed?"

"Shouldn't we do some thinking for ourselves, reduce our armed forces unilaterally and entrust the defense of our borders to rockets?" Khrushchev's declaration, sounded before foreign diplomats among the 1,500 guests at the Kremlin reception, was greeted cautiously in Washington.

But an initial reaction was that the Soviet leader's words may represent the opening move in an attempt to marshal world opinion and pressure the western powers into accepting his pet disarmament proposal at the East-West talks opening in Geneva March 15.

The proposal, submitted to the United Nations by Khrushchev during his U.S. visit last year, calls for total disarmament within four years.

British officials viewed Khrushchev's declaration as a propaganda gesture and said his unilateral proposal was nothing new, that he has voiced it several times in the past.

One government source commented: "After all, the Russians have plenty of 'leeway' when it comes to proposing reductions in their armed forces."

In the absence of any formal communication from the Soviet government on the subject, officials in London said they were inclined to regard Khrushchev's remarks with "some degree of interest" but without excitement.

Khrushchev said in his New Year's Eve statement that "if our proposals are accepted we are ready to dissolve our army any

GET A DISCARD TO ESCAPE TRAP

U.S. Master Deal Champion

Outdoor types tell us sometimes how an animal will escape from a trap by biting off the tail. Usually by escaping from such a trap by walking through the nearest door.

But stories of this kind tell us bridge players not only to stay in the hole but to escape from a trap.

West opens the five of hearts and East with the ace. East returns a heart and you win with the king.

There you are, with your queen of hearts caught in the trap.

If you play the hand incautiously you lead a club to dummy and lead a trump toward your hand. West wins the first trump and leads a third heart. East ruffs, and you lose your contract as well as the queen of hearts.

Discard the Queen

The way to get out of the trap is to discard the queen of hearts. After winning the second trick with the ace, discard the queen of hearts. Lead a club to dummy and discard the king of diamonds. If high cards are not in your hand, discard the queen of hearts.

Now you can "mp home safely." Get out the trumps and give the king.

Western leaders go along with Khrushchev's proposal, but maintain it is not a vague or general statement of intent.

They insist that any arms reductions must be through a written treaty and inspection system.

The Soviet line at past disarmament discussions has called for reductions first, then consideration of controls.

Both the United States and Britain are drafting their own proposals to lay before the 10-nation Geneva Disarmament Committee, on which Communists now have the numerical equality for the first time.

A previous committee sponsored by the U.N. which broke up in September 1947, in a deadlock, was composed of Russia, the United States, France and Canada.

The Kremlin has announced reductions in its own forces, but these reductions probably affected mainly service troops and did not affect the 1,000,000 men of the Soviet regular army.

Khrushchev made his comments following one of nine talks he delivered before the U.N. General Assembly on Dec. 29.

He said the Soviet Union would reduce its forces by 100,000 men, but that the United States would reduce its forces by 100,000 men.

# Syracuse Proves National Champion

## Washington Victory, Day's Biggest Upset

New York, Jan. 2 (AP)—Syracuse accepted college football's national championship trophy at halftime in the Cotton Bowl, then showed why they won it with a clear-cut 23-14 victory over Texas.

But the mighty Orange top-ranked team in 11 games had to share New Year's Day bowl honors with about 100,000 spectators and Georgia and the upstart Huskies of Washington.

Syracuse's Kip Davis scored 16 points in the Syracuse victory, the Eastern school's first in four bowl games.

Bob Brown, Syracuse's quarterback, led the Orange to a surprising 21-0 revenge victory over Louisiana State in the Cotton Bowl.

Georgia, with Francis Tarkenton doing the passing and moving through the air for its 14-0 Orange Bowl triumph over Missouri, was the first team to win the Cotton Bowl since 1957.

Washington, a seventh-year contender, won in the Rose Bowl for the first time in 1957, beating Stanford 44-8 on the passing of Alvin Harrison.

Washington's victory was the first since 1957.

Washington's victory was the first since 1957.

In an all-Texas bowl, host Prairie View A&M routed Wiley 47-0 in Houston in the Tangerine Bowl.

Middle Tennessee defeated Presbyterian, 21-17. A total of 200,000 fans saw the six games.

Another 13,000 were in the Sun Bowl Thursday when New Mexico State defeated North Texas State, 28-20.

The amateur side of the post-season festivities finished up at 10:30 p.m. with the Cotton Bowl at Jackson, Miss. The East-West Shrine game at San Francisco and the All-American Bowl at Dallas, Tex., were the last of the night.

### Cotton Bowl-Syracuse 23, Texas 14

### Racial Braw Mars Action

Dallas, Tex. Jan. 2 (AP)—What touched off the scuffling antics that threatened to turn the Cotton Bowl turf into a general brawl yesterday?

Syracuse players said the trouble followed racial remarks directed at Negroes on the New York team.

Texas promptly denied the charge.

And the first three players involved in the scrap said the whole thing was over in a matter of minutes.

"Just forget it," Syracuse tackle John Brown said.

"I don't think anybody got hit," said Texas tackle Larry Stephens.

"I never heard anybody call him a 'Nigger,'" Stephens said, "but he was shouting on both sides 'just like in every other game' but he heard no racial comments."

Stephens said he heard a "Nigger" remark from a Syracuse player.

### Francis Tarkenton the Difference

Miami, Fla., Jan. 2 (AP)—Extra points and that was it—Georgia 14, Missouri 0. The game was a rout from the start.

Phil Snowden, the lanky Missouri passer, was rated only 10th in the comparison with Georgia's star, Francis Tarkenton.

Georgia gained 120 yards rushing and Missouri 122, giving an indication of the hard-nosed football game.

One bowl record was set in the game. Bobby Walden, Georgia's quarterback, averaged 4.9 yards per throw.

Walden's 49-yard pass to Bobby Layton was the longest in the bowl's history.

## Lowly Royals Stop Boston At 17 Games

Detroit, Jan. 2 (AP)—The Cincinnati Royals may have made good on a New Year's resolution last night, smashing the Boston Celtics' bid for a new national Basketball Association title.

The Royals certainly had need for such a resolution, having been personal doormats for the franchise since last season.

But the Cincinnati team gained revenge for 13 losses in a row by beating Boston 119-107.

Detroit, Jan. 2 (AP)—The Cincinnati Royals may have made good on a New Year's resolution last night, smashing the Boston Celtics' bid for a new national Basketball Association title.

The Royals certainly had need for such a resolution, having been personal doormats for the franchise since last season.

But the Cincinnati team gained revenge for 13 losses in a row by beating Boston 119-107.

The Royals' victory snapped the Celtics' winning streak at 17 games.

Let Them Be Light

We think the Jaycee goofed. There should have been a Christmas lighting contest in Manchester again this year. No one would deny that after making a tour of the town and seeing how many more homes were decorated outside this year than previously. Few were elaborate; most were simple expressions of the holiday season. But there were many beautiful settings.

The Jaycee excuse was that there wasn't enough interest being shown in the contest. They said winners in previous years, when informed, said they didn't even know there was a contest.

Fine. We would rather see people decorating in the spirit of the season, not for what they can get out of it.

Many were disappointed this year. The Herald had many calls about it; so did the Chamber. Somebody should pick up sponsorship of the contest in the next 11 months, if the Jaycee sticks to its decision.

Sticky Fingers?

Payola in the Municipal Building?

Not at all. Every Christmas, such gifts as candy and cigars are distributed in governmental agencies from persons or firms who are prominent in a community and whose work involves contact with the

Point of View

What a difference a decade makes. Ten years ago we looked forward to the Fabulous Fifties. Big things were forecast for the 50s. Big things happened; so did little things.

Now the 10 years is over. And how do we look back on them? The Frantic Fifties!

Road Etiquette

It seems there was a Yankee truck driver who was hauling a load of manure to a cotton plantation in Louisiana. As he was traveling on one of the super highways, he saw in the distance a pair of bums. He slowed down and, sure enough, they flagged him. He stopped to pick them up, but because the cab of the truck was loaded with gear, he told them they would have to ride in back. They scrambled in.

At the first toll station the truck reached, the driver was asked by the toll attendants, "What's in back?"

"A load of manure and two bums," said the driver. He paid the toll and drove on. At the next station, 150 miles away, the toll attendants asked, "What's in back?"

And the driver answered, "A load of manure and two bums." The attendants collected the toll, and the driver continued on his way.

Three hundred miles further along, the truck approached a third toll station. As the driver began to slow, one of the bums lifted the canvas flap between the truck and the cab.

"Suh," he said, "at this station, would you mind introducing us first?"

So, What Else's New?

A town official we know, who is capable of stretching a pun now and then, brought his electric shaver to a barber recently, for an overhaul.

The barber examined the shaver and told the official he needed a new head.

"That's what they've been telling me for years," the official replied.

64 Give Blood As Year Ends

Sixty-four pints of blood were collected in Manchester Thursday. The Bloodmobile unit visited Center Church.

Red Cross officials today said they were pleased with the number of persons who contributed blood on New Year's eve.

Seventy-four persons showed up, 31 by appointment and 43 walk-ins. There were 10 rejections for health reasons.

Alfred Vennard became a 4-gallon donor by contributing his 32nd pint of blood.

Carl Hunter joined the 3-gallon club, and George L. Legier became a 2-gallon club donor.

General Manager Richard Martin, Charles E. Garter, Harold H. Peterson and Ernest J. Smith all joined the 1-gallon club.

The next visit of the Bloodmobile will be at the Elks Home on Jan. 10.

State Road Deaths Drop Again in '59

Hartford, Jan. 2 (AP)—For the fourth straight year, the number of Connecticut traffic fatalities has dropped.

In the year just ended, 244 traffic deaths were recorded. In 1958 there were 252. In 1957 the total was 283, and in the previous year 288 died.

It was in 1955, when 324 persons were killed, that Gov. Abraham Ribicoff asked for an all-out effort in lowering the death rate.

Ribicoff's plan deprives speedsters of their drivers' licenses. Chronic offenders lost their licenses for good.

Ribicoff has asked the courts, police and public to help in his drive.

Connie Stevens

She's 'Cricket' Blake  
In 'Hawaiian Eye'

By JOHN E. McCABE

Now that Hawaii has become one of the United States, a tremendous upsurge in travel to these beautiful islands has developed. To those who have heard of its beauty, mystery, lure and perfect climate and have long dreamed of visiting this Island Paradise but have never gotten any further than a travel folder, there's a new television series which will help satisfy this wish.

You can now see Hawaii through "Hawaiian Eye" on ABC-TV. The exotic atmosphere is so

authentically brought to TV screens you will feel, while watching the show, that you are actually there eating the native dishes, eyeing the dancing girls, lounging in the famous hotels of Honolulu, and enjoying its mysteries and thrills.

Even though Hawaii is only a few hours from Hollywood by jet, Warner Bros. have gone to such extreme to ensure the presentation of the real Polynesian atmosphere you will feel that you have arrived in a land that could be days and months from the mainland.

Hawaiianisms in Script

To effect authenticity in every episode, Warner Bros. have engaged a native-born Hawaiian to be technical adviser. He has the impossible Hawaiian name of Douglas Moseman—he's of a Scotch father and Hawaiian mother. He is also featured in the series as Moki, which means Moses, an Hawaiian Man Friday. He gives the writers Hawaiianisms to weave into the scripts. Such words as "mahalo" which means "thank you" and "pou" meaning "finished" add immeasurably to the presentation of real Hawaiian life.

To complement the beauty of such scenery might be considered a great task. But Warner Bros. have again come through. Connie Stevens, blonde actress-singer, who plays the role of Chryseis "Cricket" Blake, not only complements the natural beauty of the locale but adds considerably to the series by her singing and as a part-time aide to a naïf of private eyes, Tracy Steele (Anthony Eisley) and Thomas Lonka (Bob Cooper).

Although born in Brooklyn, Connie—Connie Ann—(McGinley) Ingolia was equipped from the very day of her birth to play her role. Of Italian, Irish, English, Mohican Indian extraction, she fits in perfectly with the surroundings. Her ancestry is in keeping with the inhabitants of Hawaii who are a mixture of many nations.

Although only 21 years old, Connie has an outstanding list of acting roles to her credit. Her first

important professional break came when Jerry Lewis chose her for his leading lady in his York production "Rock-a-bye Baby."

Warner Bros. signed Connie as the first artist for the company's new recording corporation, and for two pictures a year for seven years. She subsequently appeared in two of the studio's TV productions for ABC-TV—"Sugarfoot" and "Maverick." The "Hawaiian Eye" assignment came before a script had been written for the projected series.

Impeached in School  
Connie attended schools in Brooklyn and New Jersey. As president of her freshman high school class, she holds the distinction of being

the first girl ever to be impeached from a student body office at the school. She had convinced the faculty that the class should use its radio appreciation hour to tune in the final game of the World Series. As the game grew in excitement, complete beldam broke loose among the students. The result was a decision by the faculty to remove her as the freshmen's guiding light. The year was not a later voted her most popular and later voted her most popular and most likely to succeed.

When she was 15, Connie and her father moved to Los Angeles. Her father, professionally known as Teddy Stevens, has been a musician (bass and piano) and night club en-

tertainer for the past 38 years. Here she enrolled at Sacred Heart Academy for Girls. After winning several talent contests, she transferred to the Hollywood Professional School.

Soon she became the lead singer with a little theater group, and also landed a small part in the Hollywood Repertory Theater's production of "Finian's Rainbow."

Connie's first acting job came in 1957 in a TV commercial for a large bakery. Her agent, Byron Griffith, had suggested it would be a good way for her to break into motion pictures. He proved to be correct. With the commercial as a showcase, he was able to place her in small roles in "Eighteen and Anxious" and "Young and Dangerous." Then came leads in TV's "Matinee Theater," in the picture "Drag Strip Riot" and a Warner Bros. "Sugarfoot" TV offering.

Connie's youth, fine voice and vi-

**Show Idea Swap  
Set with Russia**

The Russians are now eager to interchange radio-TV show ideas with the United States.

State Department contact director Frederick T. Merrill said recently, "The Russians are eager for the first time to spell out precise terms of broadcast exchange." One Soviet negotiator wanted to know "When do we start? Can we get going by the first of the year?"

A new 2-year pact signed in Moscow last month provides for personal appearances of Soviet and U.S. government figures on TV and radio, swapping equipment and studio facilities as well as exchanges of visits by technical specialists.
