of the segregationist element in his native Louisiana.
Gravel said he feels segregation is morally wrong, but that it would be socially and economically disastrous to impose integration on the south by force at this time.

"I think I mistake the signs of change around me," he said, "as the verge of an extraordinary national breakthrough. We are leaving behind us the lethargy and complacency of the 1950's."
Bowles did not mention any specific planks he wants added to the platform, but said he hopes the finished product will be a "great tools document containing the ideas and aspirations of thoughtful Americans everywhere."

He endorsed the idea of a series of meetings of the platform committee in major cities throughout the country to get a broad national viewpoint.
"Your platform is to reflect the thinking of our national party," he said, "it cannot be the product merely of the organizations and groups which are powerful enough and well organized enough to send representative to testify in Los Angeles."

Democratic National Chairman Paul Butler, who announced the appointment of a press conference in Los Angeles, said:
"I would be less than fair if I said civil rights would be the major problem at the convention. I am hopeful that the delegates will find a substantial area of agreement on this and other problems without resorting to indignity and indecency."

Democratic presidential hopefuls hailed the appointment of Bowles, congressman and ex-governor of Connecticut and former ambassador to India.
"Massachusetts' John F. Kennedy, campaigning in West Virginia, said he feels Bowles is a Kennedy Trust foreign policy advisor - will clarify the party's position on civil rights. Bowles' selection means the party's civil rights platform will be more effective."

Minnesota's Hubert H. Humphrey and Missouri's Stuart Symington, in Washington also approved appointment of Bowles.
Humphrey said, "A splendid choice" and added, "Bowles knows the issues."

"I think he is a fine choice," said Symington.
Humphrey and Symington advocate strong civil rights laws.
The platform committee will hold a series of public hearings in major cities before the convention. Paul Ziffren, national committee member from California, said:
"Let us begin to start this month in Philadelphia, Chicago, St. Louis and other cities will give people an opportunity to discuss regional problems which will concern the platform form."

The convention's arrangements committee also named House Speaker Sam Rayburn, longtime chairman of the House Education and Labor Committee, as the convention's chairman. Rep. Clarence Cannon, Missouri, is chairman of the platform committee.
On the Republican side, Gov. Nelson A. Rockefeller of New York campaigned in Pennsylvania yesterday but did not appear. Instead, he tried to drum up votes for an old college classmate, Herman T. Schnebel, running for Congress.

Schnebel, 51-year-old auto dealer, is opposed by Dean Rusk, 56, Democrat. Both are from Williamsport.
Rockefeller insisted that his appearance to aid Schnebel's campaign in no way marked any effort on his part for Republican convention support.
He said repeatedly he is not a candidate for the GOP nomination and said there is no chance of his being selected.

He also issued a flat "no chance" when asked about the possibility of his being selected as vice presidential candidate.
The New York governor explained he is not interested in the vice presidency because his experience in government has always been in the executive branch. He noted that the vice president's principal duty is presiding over the U.S. Senate, a legislative arm of government.
"If I could do a better job in this executive field in New York," he added, "I would be reluctant to endorse the candidacy of Nixon."

It will not take a position (on Nixon) prior to the convention.

Police said a white minister who drove several of the students to the airline was arrested. Officers at first booked the Rev. W. D. Simpson for investigation but later filed a misdemeanor complaint charging he gave a Beaumont firm a \$10 workbench check April 9. His lawyer posted \$300 bond.

At Marshall, Tex., the first of 87 Negro college students arrested during a singing, praying demonstration was convicted by a white jury and fined \$100. Attorney indicated they would appeal.
The March 30 demonstration was broken up when five hoodlums turned on the students.

Thirty-four of 47 Negro youths arrested March 31 in a lunch counter demonstration at Florence, S.C., were convicted in city court and sentenced to 30 days in jail or a fine of \$30 each. Attorneys filed notice of appeal.
A group of Negro and white University of Texas students warned Austin merchants to desist from lunch counters in a week.

Ribicoff Sees Kennedy Win On 1st Ballot

Buffalo, N. Y., April 21 (AP)—The Governor of Connecticut was a first-ballot victory for Sen. John F. Kennedy (D-Mass.) at the Democratic national convention at Los Angeles in July.
Gov. Abraham Ribicoff last night predicted that Kennedy would receive an overwhelming number of New York state's 114 delegate votes in the presidential nomination race.
Ribicoff, here to address the annual Grover Cleveland dinner of the Erie County Democratic Committee, charged that Kennedy's opponents in the presidential nomination scramble "are ganging up on Jack." He said they were lending support to the "Stop-Kennedy" campaign.
"Today, it's Jack Kennedy against the whole field," he said.
The twice-elected Democratic Governor assailed what he called the "unwillingness of Kennedy opponents to take part in the primary campaign."

Everybody wants Jack Kennedy to prove himself, but the other candidates (excepting Sen. Hubert Humphrey of Minnesota) are unwilling to prove themselves with the electorate."

Workers Use Payroll Plan To Aid Drive

The 200 employees of the Iona Manufacturing Co. have pledged \$1,000 to the Manchester Cancer Society.
Frank R. Simon, chairman of the industrial division of the crusade, said the drive makes the first time an industrial group in Manchester has used the payroll deduction plan to benefit a voluntary health agency.
"This group has shown what individuals in smaller industries can accomplish through a united effort," said Simon.
Each employee was offered a slip of paper, explaining the plan. If he wanted to take part, he signed and returned it. If he didn't, he threw it out.
The pledges made by the employees were only a part of their drive for the crusade. Additional funds are being raised within the plant through a fund sale and food sale. And 11 employees are serving as captains and workers in the house-to-house campaign this weekend.

Lamb with artichokes is a popular appetizing dish in Rome and central Italy. It is also a popular dish at the home of Mrs. Robert Genovese, Doerchester Rd., Vernon.

- Lamb with Artichokes (Serves 10 on Carved)
- 3 lbs. stewing lamb
- 2 or 3 tablespoons olive oil
- 1 tablespoon butter
- Salt
- Pepper
- 2 cloves garlic
- 3 sage leaves
- 1/4 teaspoon rosemary
- 1/4 cup dry red wine
- 4 artichokes

Peel the hard outer leaves of artichokes. Cut hearts of artichokes lengthwise into eight wedges. Remove skin and fat from lamb. Cut lamb into two-inch cubes. Put olive oil and butter in large pan. Add meat, salt, pepper, sage, rosemary, and brown veal. Add wine and cover. Let simmer until meat is tender, about one hour. Add water or broth if necessary to keep moist. Do not let it get too dry, but there should be more than one-quarter inch of liquid in pan. Add artichokes and cook together in covered pot for about 20 minutes. Stir occasionally to prevent sticking. This serves six persons.

Mrs. Genovese is a native of the Province of Sicily in Italy. Her husband, who served in the Italian Army, comes from the Sicilian town of Palermo. They were married in Italy in 1920, and came to this country and to Rockville, Conn., in 1922.

Mrs. Genovese is secretary of the Eldora Duse Lodge, Daughters of Italy, and a member of the Regina Italian Society. She works part-time at the J. W. Hale department store. The Genovese family has three children, a daughter, Mrs. Anthony Carrelli in Stoughton, Mass.; a son, Robert Genovese, Jr., Vernon, and David Genovese, 16, a student at Rockville High School.

Chuck Roast and Chicken Dominate Weekend Specials

By THE ASSOCIATED PRESS
Chuck roast and chicken dominated weekend specials at restaurants and neighborhood groceries this week.

Chuck roast is competing for many other cuts of beef, including higher priced round steaks and brisket. The nation's cattle population is at an all-time high, and beef lots are being marketed in heavy supply. Prices of choice beef cuts remain high, but the abundant supply indicates a drop may be coming when more cattle reach market.

The fried chicken season has arrived, and markets in many areas are featuring the young birds in weekend specials. Chickens are plentiful and provide about an economical meat dish at the shopper can find. April marketing of feeders and fryers will be a little above April 1958, when they were a record high for the month.

For seafood fanciers, scallops are in ample supply and are being advertised in some areas among the weekend bargains. Other selections being featured along the Eastern seaboard are large shrimp, halibut and cod.

Rockville-Vernon Problem Seen in Selecting Election Day Under Charter

Selection of the first election day for the proposed consolidated government of Rockville and Vernon poses a problem for the Consolidation and Charter Commission.

At a meeting last night the commission considered the pros and cons of having the first election this fall or next spring.

The main objection to a fall election is that it would coincide with the national election. The charter provides that subsequent elections will be held in odd years when there is no state or national election. This is intended to force local candidates to run on their own merits and avoid the chance that candidates of either political party might be swept into office.

It is desirable to delay the election until spring, nine months after the charter adoption date. A referendum vote on the charter is expected in early June. The commission wants to give newly elected officials at least a 3-month period in which to work with present officials before the complete changeover is made. Present feeling of the Commission is that new officials should be ready to take over July 1, the beginning of the proposed fiscal year. A new budget would be prepared by the newly elected officials with the help of outgoing officials during the 3-month period prior to July 1.

A trial vote of the seven commission members present showed that three favored a spring election, two opposed a spring election, and two abstained. The vote was considered inconclusive and the matter will be discussed further at a meeting next Wednesday.

A provision to assure minority representation was approved by the commission last night. Its members felt that it would also be

members at each biennial election, voters will be allowed to vote for only two. This is similar to a system now in effect for the school board.

The same system will be used in selecting the Zoning and Planning Commission.

The position of treasurer, separated from that of town clerk by a previous decision of the commission, will be filled by council appointment. The treasurer will be an independent officer, not under the finance director.

A subcommittee will be named by Chairman Robert F. Kingbury to set up district lines according to the number of electors. Four districts are planned.

River Hearing Tonight

A public hearing will be held tonight at 7:30 in City Hall on encroachment lines proposed by the State Water Resources Commission.

The Commission plans to establish lines along the Rockham River from Slipic Lake to a point 170 feet downstream from its mouth. No obstruction or encroachment will be permitted be-

between the river and the line, except by authorization of the commission.

The lines proposed have been indicated on maps on display in the office of Building Inspector Roland F. Usher, written or oral statements of objection will be accepted at the hearing.

The encroachment regulations are expected to minimize flooding.

Swiss House Incorporators

A certificate of incorporation was filed today for the newly opened Swiss House Restaurant on Windsor Ave.

Incorporators are listed as Theodore C. Schellin and Rita A. Schellin of Vernon, and Theodore C. Schellin Jr. of Rockville. The firm is starting with \$6,000 capital stock.

Youth Arrested

Michael Marco, 24, of 21 Vernon Ave., was arrested Tuesday by Rockville police on a charge of violation of probation after a complaint was filed by a probation officer.

Marco is being held at Tolland County Jail pending appearance in court.

Few at Open House

Only three citizens appeared last night at an open house explanation of capital improvements to the town plans to undertake if the voters approve them May 25.

They were Mrs. Ruth Howe, 186 Daring St., Wells Pitkin, 20 Frazier Rd., and Atty. John F. Shea who is Republican Town chairman.

At the 2-hour meeting, engineers and town administrators explained the projects for the benefit of the three residents and for reporters.

Hot or Cold

A public hearing will be held tonight at 7:30 in City Hall on encroachment lines proposed by the State Water Resources Commission.

The Commission plans to establish lines along the Rockham River from Slipic Lake to a point 170 feet downstream from its mouth. No obstruction or encroachment will be permitted be-

Club Will Elect On Anniversary

The Women's Club of Manchester will celebrate its 40th anniversary and will elect officers at an annual meeting Monday at 8 p.m. in Fellowship hall at Second Congregational Church.

Past presidents have been invited as guests. Mrs. Don Gulnan will be chairman of the program after the business meeting.

Miss Felicia Kirtley of Boston will speak on "Purses, Figures and Futures." She will discuss skin care and present a demonstration of proper standing, walking, sitting and the art of make up. Miss Kirtley is director of the Helena Rubenstein Salon in Boston.

Mrs. Virgil Hartung and Mrs. Harry Baskind will be co-hostesses.

Andover 45 to Conduct Cancer Drive

Forty-five canvassers will take part in the Cancer Crusade which will be held Sunday, Mrs. Walter Weir, crusade chairman, announced today. Workers received their canvassing materials at the Cancer Information Night held Monday at the elementary school.

The meeting drew a crowd of about 150 people and was described by a volunteer who has worked in this field for 10 years as the best-attended meeting she has seen in this period.

Mrs. Weir said today she wishes to thank the panel members: Dr. Murray P. Rosenberg of the Windham Community Memorial Hospital, Dr. Robert Aleshury, of the Manchester Memorial Hospital, and Miss Elizabeth Murphy, of the Manchester Cancer Information

Center who arranged the program. She also expressed her appreciation of those who supported the program.

Those who will work on the drive are Mrs. John F. Weir, Mrs. Donald Burrows, Mrs. John Hutchinson, Mrs. Ruth Whitney, Mrs. Andrew Gasper, Mrs. Michael Horn, Mrs. Joseph Kennard Jr., Mrs. Philip Pennock, Mrs. Edw. Positive Thinking

Tommy Gasper brought his pet children to his 4th classroom of Mrs. Doris Peck last week. The children decided that if they were quiet she might lay an egg—and she did. The egg is now under incubation. Mrs. Chamberlain reported in School Chat.

P.T.A. Program Tonight

Forty-nine sixth graders will present a special program on America at the P.T.A. meeting last night in the elementary school. The program was written by principal Mrs. Doris E. Chamberlain who has authored many plays and pageants presented previously in the school.

Another P.T.A. event this week will be the Penny Auction and special supper which will be held at the elementary school Saturday. Reservations for the supper may be made with Mrs. Ruth Whitney or Mrs. James Ray. Anyone who

has auction items which would require assistance with transportation is asked to notify Mrs. Lester MacDonald.

The supper will be served from 5:30 to 7 p.m. Since this is the one money-raising event of the year, the P.T.A. executive committee asks parents to give their full support.

There will be no Slim-Magic class tonight. In view of other commitments of the instructor, Mrs. Marjorie Smith, the class has agreed to extend its course one week, concluding June 9, to make up for tonight's class. The next meeting will be held April 28 at 8 p.m. in the elementary school.

Rebels Fleeing In Venezuela, President Says

(Continued from Page One)

announced Air Force planes would begin marching against the Bolivar barracks, which the rebels had held for 24 hours.

The negatives still faced the possibility of fighting at the border, for loyal government forces controlled the International Road, the only direct route across the border. Venezuelan frontier guards already had repulsed some rebels trying to escape. The guardsmen attacked the fleeing insurgents in the town of Rubio, only a few miles from the border, before firemen arrived.

The Colombian border is 24 miles through the rugged Andes from San Cristobal.

The government said thousands

of machete-wielding campesinos (peasant farmers) joined the loyal troops as they moved up with tanks and Howitzers on the mountain city of San Cristobal, 584 miles southwest of Caracas.

The mayor and the rebellious soldiers were arrested and jailed. The insurgents' success in neutralizing the San Cristobal garrison of 400 men, but the government said border troops beat back the government.

Dubois said the rebels had suffered losses but so far there had been no casualties among government forces.

The army said 300 insurgents sent out of San Cristobal to seize neighboring towns had surrendered to loyal troops.

Foreign Minister Luis Arcaya charged that a detachment of the Dominican Republic, which he said was behind the revolt, Trujillo and Betancourt are bitter enemies.

"The hands of Trujillo are visible in this," said Arcaya. "Venezuela will take energetic and categorical decisions against this movement."

Betancourt ordered immediate military trials for the plotters, ster of the Caribbean.

Zollo in Custody Of Police Again

Bruce C. Zollo, 36, of 96 Gardner St., is back in custody of Manchester police today.

He was arrested and charged yesterday afternoon with driving while his license was under suspension, and is being held in lieu of \$200 bond.

Zollo was seen by Patrolman John Hughes trying to start a car on Gardner St. When questioned, Zollo said that he had been driving around that area, police say, under \$5,000 bond "on charges of breaking and entering Chesney Tech early in April.

He is scheduled to appear in court Saturday on this charge, along with William Baldwin, 16, of no certain address, who is also charged with breaking into Chesney Tech.

Zollo will also answer the driving while under suspension charge when he is presented Saturday.

Seymour 15th Coach With St. Louis Hawks

St. Louis, April 21 (AP)—Paul Seymour is the new coach of the St. Louis Hawks.

He is the fastest turnover in pro sports. Taking over in 1957, Seymour became owner Ben Kerzner's 15th coach in 11 seasons and sixth in five years in St. Louis.

Some of Seymour's predecessors quit. Some were fired. Easy Ed Macaulay took on a front office assignment, that of general manager.

He remains a vice president with voting rights.

Seymour, who resigned last month after four years as coach of the Syracuse Nationals, signed a three-year contract said to call for \$200,000 a year.

Macaulay still has a year to run on a three-year pact at about the same terms.

He admitted he had suggested the recent trade that sent the Hawks' Bob Ferry to the Phoenix for Ed Conlin. Actually, the AP learned, Seymour signed with the Hawks March 21 in Chicago.

"Conlin is a much better player than he proved to be with Detroit last year," Seymour said. "He'll go to an excellent man behind Cliff Hagan because he can move the ball too." Conlin broke into the NBA with Seymour at Syracuse.

Seymour said he plans to hold a training camp for rookies in June and work with John McCarry and St. Green.

While these first three games of the season and two others later in the season do not count for CCLL standings, they still must be classified as more than "exhibition" contests.

So I tell you that the purpose of the stance and address is to take aim and prepare yourself to support the activity of the swing.

The left foot is pointing about half way between a right angle and a right angle to the line of flight.

This is so the right foot and leg can form a brace against the finish of the backswing.

The knees are flexed in order to be in a position to absorb the weight pressure distributed equally between the feet.
