Deaths at 1,200 In Iran Quake

Tehran, Iran, April 25 (AP)—A giant earthquake has devastated the south Iranian city of Lar. The death toll in Lar and neighboring villages is estimated officially at 1,200 to 1,500. Unofficial estimates range to 3,000.

The quake struck yesterday. Demolition of two school buildings trapped many children in this most destructive disturbance of the Earth's crust since 12,000 were killed in the Moroccan town of Agadir the night of Feb. 29.

The children had assembled in the schools for children's day celebrations. Rescue workers recovered 380 small bodies from the debris.

One hundred bodies were found elsewhere in a continuing hunt through the city of 17,000. Of Lar's police force of 55 men, only one was said to have survived.

Gov. Nosrat Qarib reported the city destroyed.

The town's strongest building—my own office—has toppled, Qarib said in the first report announcing the disaster. "Nothing can be seen because of the billowing clouds of dust. Please rush food and tents."

Most of the victims were believed to be women and children. Men were working in the fields when the quake struck.

The menace of poisonous snakes added to the horror.

Gov. Qarib reported that snakes found their way under the debris and attacked trapped victims. Many of those rescued were suffering from snake bites. Authorities appealed to Tehran for snake bite serum.

Shah Mohammed Reza Pahlavi ordered quick relief measures. Iranian Air Force planes parachuted flour, sugar and eggs into the area and set up a relief camp. A ferry in other food, medicine and tents.

The U.S. government was the

first foreign government to express regret for the catastrophe and to pledge aid. It made 100 tons of flour quickly available.

Queen Farah ordered government authorities to bring to the Queen's Tehran orphanages all the children of Lar who lost their parents in the quake.

Special trains and other conveyances moved injured victims to a city hospital in Shiraz, 170 miles north of Lar. Beds were pushed together to make additional room and more cots were placed in the hospital corridors.

The village of Gerash, 15 miles south of Lar, also was completely destroyed.

Cost of Living Hits New Peak

Washington, April 25 (AP)—The nation's living costs hit a new record in March.

The first rise in food prices in six months edged the Labor Department's consumer price index to a new peak of 125.7 per cent of the 1947-49 living cost average.

The average price increase over the February level was only one-tenth of one per cent. The March average was 1.6 per cent above the same month last year.

Arnold Chase, Labor Department price chief, forecast that food prices will continue a gradual rise up to July or August. He said the chances are this will carry living costs to still higher levels until late summer.

The March living cost rise brought a one-cent-per-hour pay increase to more than 800,000 employees of the railroad industry. The adjustment means a payroll

State News Roundup

Kent, April 25 (AP)—State Police today captured two escapees from the Osborn State Prison Farm at Enfield.

The capture ended an intensive hunt of woodlands in this northwestern Connecticut community.

Police used bloodhounds during the search. About 20 troopers, as well as auxiliary and local policemen, began the search after last midnight.

The pair was captured off Rt. 341 here by State Trooper John Wilcox and student Trooper James Lambert.

Objects of the search were John Daniels, 33, New Haven, and Carl F. Rauch, 38, Hartford, who escaped from the Osborn State Prison Farm at Enfield April 15.

Police have concentrated their search in the northwestern section of the State ever since the two men slipped away from the minimum-security institution. Both were serving terms for breaking and entering and larceny.

Gift for State Park

Hartford, April 25 (AP)—A \$60,000 gift to the Connecticut State Park and Forest commission has been made for the purchase of "Clarkhurst," a park area on the Connecticut-River-in-East-Hampton.

Announcement of the gift of the trustees of the George Dudley Seymour estate of New Haven was made today by Park and Forest Commission director, Conrad C. Mathews.

"Clarkhurst," across the river from Higganum Landing, is a 200-acre tract of river meadow and wooded hills fronting for over a mile on the east bank of the river in East Hampton and Haddam, midway between old Saybrook and Hartford, and adjacent to Hurd State Park.

The location is suited for public recreation as well as the accommodation of boatmen.

The new park was at one time the estate of Thomas, George and Henry Clark and included a great manor house erected by the brothers in the latter part of the last century.

The Clark brothers worked together in the manufacture of the Clark cutaway harrow, designed and perfected by George Clark, a former legislator from Haddam.

Ribicoff Opens Parley

Hartford, April 25 (AP)—Governor Ribicoff said today that the partnership of clergyman and psychiatrist in dealing with the problem of mental health can be most fruitful in the relief of human suffering.

He made this observation in opening the 3-day conference of clergymen of all major faiths and psychiatrists at the Holy Family Monastery in West Hartford.

"The enlightened work which you will do in this conference cannot but help result in the furtherance of the common good," Governor Ribicoff said.

He said that the partnership of clergyman and psychiatrist at the Holy Family Monastery in West Hartford is an example of the partnership of clergyman and psychiatrist in dealing with the problem of mental health can be most fruitful in the relief of human suffering.

Failure to Disarm Dooms Mankind, De Gaulle Claims

Soviet Chief Airs Policy For Summit

By A. I. GOLDBERG
Moscow, April 25 (AP)—Premier Nikita S. Khrushchev declared today that the western powers will lose even their rights to fly into Berlin if he signs a separate peace treaty with East Germany. And he warned the Soviet Union is prepared to meet "force with force."

Outlining the Soviet position for the summit meeting, Khrushchev repeated that "of course we shall go it alone" and sign an East German peace treaty if the western powers "ignore the issue contrary to common sense."

But he said that "the Soviet government believes common sense will prevail."

The Soviet leader spoke at other appeal by the 40th anniversary of the Azerbaijan Communist party, was reported by the Soviet news agency Tass.

Khrushchev told his audience that a peace treaty with East Germany—which the West refuses to recognize as a sovereign state—would put an end to the World War II surrender terms.

This is the position he has taken all along. But he went further to mention the air lanes, which the Western Allies are believed to be planning to use—as in the 1948 airlift—East Germany takes over the land routes.

This is the way he put it: "If the western powers did not choose to sign a peace treaty, that would mean that they are willing to let the rights they want preserved. They would naturally then forfeit the right of access to West Berlin by land, sea and air."

He said that the Western Allies are surrounded by the Communist East. The United States.

Gang Kidnaps Cyprus Editor, Makarios Foe

By ALEX EPTY
Nicosia, Cyprus, April 25 (AP)—The editor of the Greek-Cypriot newspaper Ethniki, which opposes Archbishop Makarios, was kidnapped today after four attempts to muzzle the newspaper.

Archbishop Makarios, the Greek-Cypriot leader, was dragged shouting from his house in the Nicosia suburb of Strovolos in his negotiations with the British for British bases on the island after Cyprus becomes independent.

Ethniki came out with the story. A few hours later leaflets threatening Pharamakides and his staff

Chou, Nehru Talks Reported Failure

New Delhi, April 25 (AP)—Prime Minister Nehru and Premier Chou En-lai today met for the seventh time in their final day of marathon talks on the border dispute between India and Red China. Indian observers were already calling the exchange a failure.

Chou and Nehru conferred for 3 1/2 hours at Nehru's home. Since Wednesday they have met for more than 21 hours in an attempt to resolve their dispute over some 51,000 square miles of territory both claim between India and Tibet.

The talks have been cloaked in secrecy, but virtually no one thinks they have resolved the border dispute. The attitude of government officials seems to indicate that the maximum expected result will be an improvement in

High Court Denies Stay for Chessman

Washington, April 25 (AP)—The Supreme Court today rejected an appeal by Cary Chessman, Los Angeles sex terrorist scheduled to be executed next Monday.

The Highest Tribunal without comment denied a hearing on Chessman's plea that to execute him now, in view of recent events, "cannot be squared with conscience and human dignity."

The court also rejected a request for a stay of execution.

The Supreme Court's five order in the Chessman case stated: "The application for stay of execution presented to Mr. Justice Douglas and by him referred to the court is denied. The Chief Justice took no part in the consideration of decisions of these applications."

By numerous legal moves in state and federal courts, Chessman has spent nearly 12 years in San Quentin Prison's Death Row fighting off the executioner.

Convicted in 1948 for kidnapping and sexually abusing two Los Angeles women, he escaped eight previous execution dates. The circumstances of the last stay, granted by California Gov. Edmund G. Brown on a F. B. 19 death date, were emphasized in Chessman's latest appeal.

Chessman "was snatched from the very vapors of the gas chamber so that persons in South America would have no excuse for demonstrating against or harassing the President (Eisenhower) on his . . . trip there," the appeal said.

"Now that the President has returned," it added, "Chessman is to be returned to the cyanide pellets in the case once and in 1957 directed California courts to review Chessman's complaint that the record of his trial was incomplete. This review was made and the record was found adequate. On the other requests the High Tribunal refused to act."

The Supreme Court also agreed to review cases involving attacks on the constitutionality of Sunday laws in the states of Pennsylvania, Maryland and Massachusetts.

President Eisenhower asks Congress for an extra \$234,846 for the legislative branch for the fiscal year starting July 1.

Missing Judge Found Dead in Lake Michigan

Chicago, April 25 (AP)—The death of Judge W. Lynn Parkinson, 57, whose body was found in Lake Michigan yesterday six months after he disappeared, has been attributed officially to drowning.

Autopsy evidence disclosed today by the coroner's office dispelled all but a few shreds of uncertainty over his fate Oct. 26.

Recovery of the body near the edge of Chicago's new lake front filtration plant, less than one mile from where he was last seen, apparently solved a knotty legal problem of filling his seat on the 7th U.S. Circuit Court of Appeals.

The mysterious search by individuals' disappearance had been heightened by reports that he was seen alive in various places from Chicago to Miami, Fla.

He was known to be sick and dazed as he headed toward his home from the appeals court. Finding of his glasses and umbrella handle near a subway walk leading to Oak Street Beach led investigators to theorize he had gone walking beside the lake, apparently hoping brisk air and exercise would make him feel better.

An extensive search by individuals then failed to turn up clues, giving rise to speculation that the judge had met with foul play, a theory still not entirely ruled out.

His wife, Elaine, was maintained until last night that her husband was an amnesia victim.

Judge Parkinson's son, William L. Parkinson Jr., who owns a dress shop in West Lafayette, Ind., said there last night that his father was either "put in the lake or had an accident and fell in."

Says World Standing at Crossroads

Washington, April 25 (AP)—French President Charles de Gaulle told the U.S. Congress today that the great powers are facing their "last moment" for making a start on nuclear disarmament. Failure to disarm, he said, would doom mankind.

De Gaulle concluded his summit strategy talks with President Eisenhower shortly before going to the capitol to deliver his 1,000-word address.

The two 68-year-old Allied leaders spent an hour together at the White House and De Gaulle reported as he left the President's office: "All is very well."

The French leader spoke to the House and Senate members assembled in the big House chamber in a sonorous French. But English translations of his speech had been distributed so the members could follow the text.

De Gaulle got two spontaneous cheers—a rare display of enthusiasm—as he took his place at the House rostrum. After his 13 minute speech he got a nother rousing ovation.

Veteran capital observers said it was one of the biggest welcomes ever given a visitor to the capitol. Madame de Gaulle, who arrived in the gallery about 10 minutes ahead of her husband, also got a big standing ovation.

While De Gaulle concentrated on disarmament he made these other major points in his brief statement:

1. The hope for a solution of German problems, including Berlin, lies in improving Soviet-Western relations by relaxing tensions. It would be "unfortunate and untimely" if anyone tried to force such issues now, De Gaulle said—an obvious, indirect warning to Soviet Premier Nikita S. Khrushchev.
2. The great powers, East and West, should join in developing a program of economic aid for Asia and Africa. That both their "greatest human duty and the

Bulletins from the AP Wires

SEES U.S. STRONG
New York, April 25 (AP)—Secretary of Defense Thomas S. Gates Jr. said today that the nation's military record is superb and urged that the military be made away from graw men and false issues. "In an address prepared for the annual meeting of the Associated Press he said that "we assert firmly that no man assists in our national posture."

BRAGDON NAMED TO CAB
Washington, April 25 (AP)—President Eisenhower today formally nominated John S. Bragdon, now one of his special assistants, to be a member of the Civil Aeronautics Board. The White House last week announced Eisenhower's intention to send Bragdon's nomination to the Senate.

RAIN FELLS SOUTH FLORIDA
Miami, Fla., April 25 (AP)—For the seventh straight day, rain pelted the water-logged southern tip of Florida today and severe crop losses were reported in the truck farming areas south of Miami. In Miami 14 inches of rain has fallen since last Tuesday, including 10.88 inches over the weekend. Many streets were flooded. The steady drenching was caused by a tiny low pressure area stalled at 20,000 feet altitude and covering only Dade County.

REE'S TOUR UNCHANGED
Washington, April 25 (AP)—White House Press Secretary James G. Hagarly said today he knows of no plans for President Eisenhower to cancel his scheduled visit to Korea. As announced earlier, Eisenhower is to fly to Seoul for a one-day stop next June after visiting Russia and Japan. There have been reports that the President might cancel plans for the stop in Korea because of the rioting there against the administration of President Syngman Rhee.

QUE ALAN FREED
Washington, April 25 (AP)—Former disc jockey Alan Freed, once known as the "king of rock 'n' roll," was called for questioning today by House panel investigating information on the Legislative Oversight Subcommittee announced Freed in connection with its investigation of TV disc jockey Dick Clark at Philadelphia.

Gas, Guns Scatter Anti-Rhee Crowds

Tokyo, April 25 (AP)—About 5,000 pro-Communist Koreans denounced the South Korean government and shouted "Yankies get out of South Korea" in a Tokyo parade today.

They were taken from Cheong Seon, an organization of Koreans here supporting Red North Korea.

Seoul, Korea, April 25 (AP)—Tear gas and gunfire exploded again in Seoul tonight as Koreans renewed their demonstrations against President Syngman Rhee and his vice president many claim was elected through fraud.

For the first time since last week's "Bloody Tuesday" riots took 130 lives, crowds gathered in the streets to demand the resignation of the 65-year-old president and his running mate, Vice President Lee Ki-poong. The total of wounded was scaled down to 989.

A crowd of a few hundred students tried to break into the vice president-elect's home, and gunfire broke out. Apparently the bullets were blanks, fired either by soldiers enforcing martial law or the Korean police.

Several were injured in this clash. A report that three demonstrators had been killed was distributed by the Hapdong News Agency, but withdrawn later. Hapdong said the information was not borne out.

Seoul was placed under second degree "security martial law."

10 Hurt by Gunfire In Racial Violence

Biloxi, Miss., April 25 (AP)—Racial violence over attempts by Negroes to swim at segregated beaches yesterday resulted in gunfire that wounded 10 persons. Four others were injured in beachfront fighting.

The first injured were four Negroes who went swimming in the ocean on the beach in front of the New Biloxi Hotel at about 4:00 p.m. By midnight both whites and Negroes had been wounded in scattered clashes.

Gun-carrying police patrolled the city today in an effort to prevent a recurrence of Mississippi's worst race riot.

The series of incidents began yesterday afternoon.

First, about 50 Negro women, men and children gathered across the highway from a white hotel (Biloxi-MacArthur) on the sand. Some stepped into the Gulf of Mexico, the signal for a group of whites to show up. Fighting broke out. Whites chased Negroes off the beach.

Next, four Negro men and about 25 women and children gathered on the beach in front of the New Biloxi Hotel about one mile away from the first fight. A white group broke up the crowd when some of the Negroes stepped into the Gulf.

There was no official version of fighting, but the four Negroes injured in this melee said their attackers hit them with chains, blackjacks and sticks.

Still later a huge crowd of Negroes massed in front of the home of Dr. Gilbert Mason, Negro physician. Onlookers variously estimated the crowd at 500 and 600.

Dr. Mason tried to break the

Pro-Reds Trail In Laos Voting

Vientiane, Laos, April 25 (AP)—Early returns from the Laotian parliamentary election today promised a landslide victory for pro-Communist forces led by Premier Phou Sananikone, whose government was toppled by a 58 army coup last December.

The voting yesterday for the 99 seats in the National Assembly appeared to go off quietly with no reports of the violence the army had expected from the pro-Communist Palhet La rebels.

American in the capital kept out of sight during the day. U.S. embassy personnel and workers administering the American-aid program had been ordered to stay away from polling places and make no trips out of town. The precautions were taken to counter any Communist charges of U.S. interference in the elections and as a safety measure. A rebel hand on Thursday killed a French U.N. official they mistook for an American.

The big win for Phou's forces does not mean he will necessarily return to the premiership. His ally of the Lao people party faces considerable opposition from the Army-supported committee for

(Continued on Page Thirteen)

On the Beach at Biloxi

Beach color barrier by swimming in the Gulf last week. Police arrested him on a disorderly conduct charge. His case still is pending in city court.

Police arrested Dr. Mason again yesterday. The charge was fighting and disrupting traffic.

All this came during daylight.

Before the sun went down, a crowd of Negroes estimated by Mayor Laz Quave at 300 to 400 roamed up and down Biloxi streets, perhaps the group dispersed from front of Dr. Mason's home.

Came, nightfall, Gun violence broke out then. Bullets and shotgun pellets wounded eight Negroes and two whites.

Andrew Parker, 17, a white youth, said Negroes shouted for him to stop as he drove near a Negro residential area. He stepped from his car and someone shot him, he said. He received a non-serious back wound.

Police did not give a full list of the wounded.

But they said they arrested four Negroes driving in a car one block from the area where four Negroes and one white man were shot at 11:50 p.m. They identified the four as George Feall, 24; Paul Boarn, 34; Ernest Fair, 35, and Zeb Lowe, 29. The first three were booked for investigation. Lowe was charged with carrying a deadly weapon—a shotgun.

An unidentified gunman wounded two Negro men sitting inside a Negro club when shotgun pellets crashed through a window. Hospital attendants listed them as Oscar Jones, 53, and George Kiley, 33.

Flee to Cuban Waters

Boat Skipper Killed By American Pirate

Nassau, Bahamas, April 25 (AP)—Two shipwrecked Americans plundered their rescuers, shot a charter-boat skipper to death and fled to Cuban waters in a pinnacled boat.

The pair fled into Cuban waters while an unarmed U.S. Coast Guard plane hovered overhead.

Cuban authorities said they had no information about the fugitives or the boat.

Another Coast Guard plane rescued the wife of one fugitive, a crewman of the stolen Isla Morenada, Fla. cabin cruiser Muriel III, and four Pennsylvania sport fishermen who told of being terrorized by the desperadoes' debate over whether to kill all witnesses to the slaying of Capt. Angus Boatwright, 55.

The woman gave her name in Nassau as Barbara Table, 18, and said she was shipwrecked with her husband, Alvin, 29, and William Seas, alias Johnson, 28, Tuesday in a boat the three took from Key West, Fla.

The Muriel III was off Elbow Cay, 106 miles south of Miami, when Boatwright spotted the mirror signals and saw the wreckage of boat.

"The skipper was pretty leery of going in close," said Kent Hanson, 21, mate of the Muriel III. "We thought they might be gun smugglers or Cubans."

"Then this guy (Seas) swam out to us. We let him aboard and he wanted us to go in closer and pick up another man and a girl. There was an argument. He pulled a revolver from his khaki pants.

"Capt. Boatwright got a shark rifle and Seas shot him twice, once between the eyes and once in the chest.

"The other man, Table, swam out next. They threatened to kill us but decided not to.

"Table said 'We can't let these guys stick around. They know us.'

"But the men in the fishing party talked them into letting us radio the Coast Guard that a man

Branch Office

To the Editor, In connection with the 1960 Annual Meeting of the American Cancer Society, a branch office, located at 138 East Center St. in the Chamber of Commerce Building.

The various departments of this branch are staffed by the most experienced and capable people in the field. The branch is in addition to the main office in the Chamber of Commerce Building.

A feature of this department is a large library of films for presentation to clubs and organizations. Also, we have on hand a variety of pamphlets, available to the general public, hundreds of which have been distributed throughout the state.

For the benefit of Program Chairman in Manchester, and its surrounding towns, a preview of the American Cancer Society film will be presented on May 18th, at 1:30 p.m. in the Manchester Memorial Hospital. At that time, arrangements for the preview will be made.

Chamber Dinner Tomorrow Night

The Chamber of Commerce's 60th annual meeting will be held tomorrow night in the Manchester High School cafeteria, beginning at 7:30 p.m.

The featured speaker is Dr. Albert E. Burke, Yale University professor and radio news anchor. Dr. Burke's speech will be presented in the Chamber of Commerce.

Guests will dine from 7:30 to 8:30, and will participate in the presentation of the Paul Landerman award after 9:45. From 400 to 600 people are expected to attend.

Street shortly after midnight Friday.

Saturday morning, local residents were surprised to see a car on top of a stone wall near the Bobok home on Johnson Rd. Investigation showed little damage to the car, and no one anywhere around. It was reported to State Police. State Trooper Frank Pisch is investigating in conjunction with the Willimantic Police.

It is apparent, it was reported, that the car went out of control on the very sharp curve some 100 feet from the Bobok home. It ran against a view fence, which stopped it from going into the woods, followed along beside the view fence and at the end of it, ran right up onto the stone wall which blocks it.

Manchester Evening Herald Columbia correspondent, Mrs. Donald R. Tuttle, telephone Academy 8-3438.

Driver Hard to Please

Sydney — Australian motorist E. B. Rogers of New South Wales had an arm amputated in a collision with a semi-trailer truck. He drove 12 miles for medical treatment. On his way back to his car, he was struck by a truck. He took police to his car, which was damaged. He was taken to hospital on a stretcher.

Photographers Elect West Hartford, April 25 (AP)—Henry Bates of the Hartford County has been elected president of the Connecticut News Photographers Assn. Other officers elected at the group's annual spring meeting yesterday were Ellery Kingston, Hartford Times, vice president; Marion J. Boardman, Hartford Times, secretary; and Donald P. Fitch, New Haven Register, treasurer.

Car Stolen State Police are looking for the driver of a 1958 Ford sedan which was stolen from a parking lot on Johnson Rd. in this town. Kinsey, who lives at 18 Willowbrook Rd., Storrs, reported that his car had been stolen from the telephone company's parking lot on High Street shortly after midnight Friday.

Rockville Vernon Plaza Worth Set Too High, Firm Claims

The tax assessment of the Centre Shopping Plaza is being appealed by Phoenix Mutual Life Insurance Co. of Hartford.

The insurance company from which Abner Rosenberg, developer, bought the Plaza, says the assessment is too high.

The land is assessed at \$61,500 and the buildings at \$263,000, including six stores and a bowling alley.

Notice of the suit against the town and city boards of tax review is on file in the Town Clerk's office.

The City Hall, adjacent to the Plaza, and part of the project, is not included in the assessment appeal as it is still held by Rosenberg.

Transfer of the City Hall and the land on which it stands was scheduled for July 1, but an agreement which gave the recreation fee to the city was not completed for a city hall.

Reconveyance of the property is still being held up by the city. A \$10,000 attachment on the City Hall by the developer, for work on the project, now constitutes an encumbrance. Another \$10,000 attachment, held by the developer, is also an encumbrance.

Mayor Leo B. Flaherty Jr. informed the City Council in January of his discovery that the city had not received the deed as quoted Rosenberg as saying his assessment. Rosenberg reportedly claimed that he had been promised a lower assessment. Flaherty then had the deed re-recorded and the city's assessment.

Jewelry Store Held Ralph A. Wilcox of Liberty St. has purchased a jewelry store on Park Pl. from Albert B. Mitchell of Thomaston. The store has been associated with the use of sound-powered and radio telephones.

GOP Committee to Elect John R. Castell, son of Mr. and Mrs. Dominick Castell of Mountain Spring Rd., graduated from the Naval Training Center, Great Lakes, Ill.

The graduation exercises, made the end of nine weeks of boot camp, included a full dress parade and review before military officials and civilian dignitaries.

More Women Losing Hair, Survey Shows

Chicago, April 25 (AP)—More women are losing their hair today than ever before. Only a few characteristics seemed to prevail in all cases. The loss occurred only on the scalp, not in other areas of the body. Growth of hair was not excessive. The hair tended to be oily and to lose its lustre. The thinning spots were concentrated at the front of the head or toward the front.

While convinced that diffuse alopecia was on the upswing, the authors noted other factors which might account for the increase in cases. These include: the use of hair-stretching or the use of hair curlers; the use of hair-stretching or the use of hair curlers; the use of hair-stretching or the use of hair curlers.

Three New York dermatologists who specialize in alopecia, including Dr. Marion B. Sulzberger, Victor H. Witten and Alfred W. Kopf, noted that the average age of patients who reported losing their hair was 39.

Hal Boyle Eva Tells Wives How To Hold Husband

New York (AP)—Andrew Eva Gabor's advice to wives who want to hold their husbands is, "don't get sunburned."

"I am definitely against a sun-burn," she said. "It looks unattractive."

A wife should always look white, delicate and feminine. Then she can get away with any sun-burn. Her husband won't mind.

Miss Gabor, who is presently wed to broker Richard Brown, is a member of a Hungarian family renowned for two generations for its man-taming ability. She feels with some justification, she herself is an "international authority" on how to attract men.

"But just because a man puts a ring on your finger doesn't mean you've got him forever," she said. "That's only the beginning. That's when the trouble starts."

"You can never really relax in a marriage. Too often when people marry the wife stops growing—and the man begins to grow. Unless the wife does something, she is bound to lose her husband."

We asked Miss Gabor if she would disclose a few European secrets in the art of winning and holding a husband. She gladly obliged.

"The main thing a woman must always remember is to look feminine," she said.

"She should always wear a hat and never take off her gloves, even when she smokes. She looks more glamorous in gloves."

"European girls know how to flirt, and in this a girl has a big help. A hat with a wide brim is a big help to a girl with pretty eyes."

"But if she wears a flowered hat she should wear a hat with a busy-looking dress. It puts her out of focus."

Here are a few more of her suggestions:

1. Never wear low-heeled shoes. It's better for a girl to go bare-footed.
2. Eat in a dimly-lit restaurant. Then, if a girl has a shiny nose, the glare from it won't blind her escort.
3. In wearing a hat, be sure all the hair is tucked in. Then no one can mistake a girl for a mop.
4. Wear dangling rather than button earrings. They're sexier.
5. Don't let yourself get too thin.

"It's not just because I myself am round and European," said Miss Gabor in elaboration of her last point. "But I do not think man like women who are so thin they look like boys."

"A woman should have curves," she believes that, by and large.

Democrats Hear Rep. E. O. Smith

Program Chairman Lawrence Moe of Bunker Hill Rd. announced that Rep. E. O. Smith of the Towson County Democratic Assn. in the Town Hall at 8 p.m. Thursday.

The public is invited to hear Smith talk on the cost of public education and how to meet it. Smith is one of three people who have stepped up bills on aid to education to be presented to the next session of the legislature.

Moe said in view of this town's present situation, with a tax of 10 mills, the subject should be of interest to many people, he added.

Smith was chairman of the Education Committee for many years. He retired from the post to be succeeded by State Rep. Florence Lord of Marlborough in the session of the General Assembly. He began teaching at the Connecticut Agricultural College in 1901 and served as acting president in 1902. This is a man needs the resources to fight again tomorrow. I cannot afford to lose a man who are to hear them.

"A wife can get anything from her husband if she only learns how to make him feel like he is the boss."

"If his wife tells him 'You are the greatest,' her husband has the resources to fight again tomorrow. I cannot afford to lose a man who are to hear them."

"A wife can get anything from her husband if she only learns how to make him feel like he is the boss."

2 Major Fires In State Sunday

By THE ASSOCIATED PRESS
Firemen at both ends of the state had major blazes to fight yesterday as fire destroyed a hotel in Stamford and a clothing store in Groton.

One man was treated for smoke inhalation after he was found unconscious on the first floor of the Aurora Hotel on Gay Street in Stamford. Fourteen other occupants of the 3-story building escaped injury.

Firemen used ladders to remove two persons from the top floor. The others came down the fire escape.

Fire officials made no estimate of the financial loss. The cause of the blaze was not determined. Only the outside of the building remained after the fire was brought under control. The second floor fell in as firefighters battled the flames.

Damage in the Groton fire was estimated at \$100,000.

The Robert Hall Clothing store on Route 1 there was rased by flames that apparently started at the rear of the building.

The blaze spread rapidly and the roof went shortly after flames arrived. Buildings at a nearby shopping center were not endangered.

A vice president of the national clothing firm, Bernard Szyber, said the building was valued at \$45,000 and the stock of \$100,000.

Three Men Die In 'Copier Crash'

Stratford, April 25 (AP)—Investigators searched today for clues to the cause of a fatal helicopter crash that took three lives.

The aircraft crashed and burned while landing Saturday at the Sikorsky aircraft plant after a lengthy test flight. It struck a fence and burst into flames as it fell to the ground just short of the landing area.

The helicopter was a new type, the HSS-2, being developed for Navy officers and Sikorsky officials looked over the wreckage ground at the crash site yesterday and spoke with witnesses, seeking to fit together a picture of what happened in the moments before the tragedy.

"They issued no statement of their findings, but newsmen learned it had been established that the helicopter crew gave no indication of trouble as they were bringing the ship in."

Killed in the crash were Francis Yirell, 38, Milford; Gordon R. Hazell, 31, Huntington; and Harvey Yeomans, 28, of Bridgeport.

Yirell and Hazell were test pilots. Yeomans was making the trip as a flight engineer, Sikorsky officials said.

They had flown the ship around the area surrounding the Sikorsky plant in a test flight. The main center span of a new bridge across the Neck River near its mouth on Long Island Sound and is a familiar sight to motorists using the Merritt Parkway bridge over the river.

The HSS-2 is a large, twin-engine helicopter. Because it is still in the development stage, its performance characteristics are secret.

Budget Hearing Slated Thursday

A public budget hearing, originally set for tomorrow, will be held Thursday at 8 p.m. at the Board of Directors on the proposed budget for the fiscal year which begins July 1, will take place at Kenney St. School starting at 8 p.m.

Kelly rescheduled the meeting when it appeared that too few Directors would be able to attend tomorrow.

In effect, the hearing is a continuation of the original one which Directors were criticized for holding too soon after General Manager Richard Martin had made his budget recommendation public.

Martin's \$7,121,500 proposed general fund spending would raise the mill rate from 36 to 38.7. The mayor has said, however, that the Board is aiming for a hike of only one mill.

Directors must approve a budget by May 7, and plan to do so on May 2.

"Your Guarantee—Our 40 Years Of Dependable Service."

A pleasant part of modern living

Handy phones in all the right places

Your bedrooms are certainly among the "right places" for step-saving extensions. A bedside phone gives you away-from-it-all privacy during the day... at night adds comfort and a wonderful feeling of security. Have handy phones wherever your family will enjoy them—they cost so little!

\$1 a month—that's all you pay for each extension in the color you choose (after a one-time-only charge at time of installation). For details, call the telephone business office or talk any telephone man. —The Southern New England Telephone Company.

A Bed Extension adds modern comfort.

For a feature in an extension means welcome privacy.

A Bedside Phone is a wonderful step-saver.

Remount Phone is handy in watching at laundry.

THE MOST PLEASANT HOMES HAVE JUST THE RIGHT PHONES (Have you noticed it, too?)

Spring is just out

ALL OVER MANCHESTER

... and Hartford National offers you a Special Springtime Opportunity to make your home more beautiful—and make your Personal Savings Program flourish, too!

Join Hartford National's Check-Savings Plan and take your pick—with our compliments—of any two of the rose bushes or flowering shrubs shown at left.

Regular saving isn't easy—we won't pretend it is. But the new Check-Savings Plan (see below) makes saving automatic, and it will help your savings grow almost in spite of yourself. We hope this special offer will give you a good reason to get started, and we welcome the opportunity to show you how Hartford National can help your savings grow—just as these famous Burr Nursery shrubs and bushes will grow to make your home and garden more attractive this summer!

HERE'S THE CHECK-SAVINGS PLAN:
Save Steps • Save Time • Save Money Automatically!

1. Drop in at our First-Manchester Office, 595 Main Street, and ask for the simple Check-Savings authority card.
2. Use the card to instruct us to deduct a regular amount (\$10 or more) from your Checking Account and deposit it in a Savings Account.
3. There is no charge for Check-Savings Plan service.
4. The same card may be used to open a Hartford National Savings Account if you don't already have one. And if you don't have a Hartford National Checking Account we can take care of that, too—in minutes.
5. Each month, we will send you a notice showing the date and amount of transfer—to enter in your checkbook. We will also send you your savings passbook, which you may bring to the Bank at any future date at your convenience to have it brought up to date and have the interest (at 8%) credited.
6. There is no charge for Check-Savings Plan service.
7. THEN—HAVING "PLANTED" A SUCCESSFUL SAVINGS PLAN—HELP YOURSELF TO ANY TWO OF THESE BURR NURSERY ROSES OR SHRUBS FOR YOUR GARDEN.

(Offer good through May 15, 1960)

FIRST-MANCHESTER OFFICE
595 Main Street, Manchester

Hartford National Bank and Trust Company
Member F.D.I.C.

YOUR CHOICE OF ANY TWO OF THESE BURR NURSERY ROSES OR SHRUBS WHEN YOU JOIN THE HARTFORD NATIONAL CHECK-SAVINGS PLAN

HYBRID TEA ROSES
Daisy Upward—pink
Chateau Grey—red
Mist de Hollande—red
Celine Cham—yellow

FLOWERING SHRUBS
Althea (Rose of Sharon)—red

Weigela Variegated—yellow-edged leaf

These are first-quality roses and shrubs, packaged in heavy metal foil, available at the First-Manchester Office.

we'll re-roof an average house for as little as \$7.50 per month

When a W. G. Glenney Co. mechanic installs your roof—you can be sure the job will be done right! Our 40 years of dependable service in this area is your guarantee.

Before applying the shingles our roofer will check to make sure there are no weak or rotted deck and framing boards. If necessary—he'll patch unsound areas with sheet metal.

In applying asphalt strip shingles, he'll use 480 galvanized nails (1/4" dia.) per square. Good copper or aluminum flashings will be used.

Phone Mitchell 9-5253 for a FREE roof survey. Ask about our EASY Term Financing.

WE ARE OPEN:
7:00 A.M. till 5:00 P.M.—MONDAY thru THURSDAY
7:30 A.M. till 8:30 P.M.—FRIDAY
7:00 A.M. till NOON—SATURDAY
