

Senate Rejects Phone Tax Cut

Washington, June 20 (AP)—The Senate voted today to continue the 10 per cent federal tax on local telephone and telegraph service another year, preserving \$462 million of annual revenue.

The vote was 54-30. The vote rejected the recommendation of the Senate Finance Committee that the taxes be allowed to die at the end of this month.

The outcome indicated that the Senate also would turn down the committee's proposal that the 10 per cent tax on train, bus and plane fares be taken off July 1. This was to be the next vote. Repeal of this levy would cost \$290 million a year.

The Senate voted last year for immediate repeal of both the communications and travel taxes. In the conference with the House, the effective date of both provisions was changed to July 1, 1960, and it was decided to cut the travel tax only in half.

But a different climate prevailed this time. Opponents of any tax cut argued that a worsening international situation made it imperative to keep intact all of the Treasury's revenue sources.

Many Democrats also feared their party would be accused of fiscal irresponsibility if they voted for tax reductions after putting through many spending increases. President Eisenhower had urged that the telephone and travel taxes be extended another year at the full 10 per cent rate, and the House accepted this.

Ship Builders End Bethlehem Strike

New York, June 20 (AP)—The Bethlehem Steel Co. shipyard strike has apparently been settled. The Federal Mediation Service announced a tentative agreement yesterday after an overnight bargaining session.

Representatives of the company and the industrial union of Maritime and Shipbuilding Workers meet here today to settle any remaining differences.

Details of the settlement, which needs approval by the union membership were not announced. But the Baltimore Sun said it includes a 25-cent hourly wage increase spread over three years.

The 21-week-old strike of 17,000 workers closed eight Bethlehem yards along the East Coast, including the Quincy, Mass. facility, which had been working on the nuclear cruiser Long Beach and the nuclear destroyer Bainbridge.

The strike, which halted work on an estimated half-billion dollars worth of Navy shipping, was marked by charges, countercharges and a lawsuit. Some picket violence

Truce Before Referendum Algerian Rebels Agree To Talk with De Gaulle

Paris, June 20 (AP)—The Algerian rebel government-in-exile offered today to send Premier Fernand Abbas to Paris to discuss the Algerian revolt with the French government.

The French government quickly agreed to receive Abbas, but official sources said once more any discussion would concern only a cease-fire, the disposition of weapons and the fate of the fighters.

Only after a cease-fire, they said, could arrangements be discussed for a referendum on Algeria's future.

The rebel communique offering to send Abbas was in response to President Charles de Gaulle's radio address June 14. The communique said an emissary would be sent to Paris to arrange Abbas' trip.

De Gaulle has promised the rebels personal safety while in France and the right to leave France if negotiations break down.

A French source said De Gaulle probably will meet personally with Abbas, although there was no specific pledge. De Gaulle has said in the past that a referendum on Algeria's future will be held within four years after the fighting ends.

When and by what means the first rebel envoy would come to Paris remained to be determined.

By the account of French informants, the French Army is winning steadily in clashes with Algerian rebel forces now that electrified barbed wire lines block rebel reinforcements from Tunisia and Morocco. Rebel leaders were described as divided.

"One should not have excessive optimism following the (exiled government's) response," one Paris source said, "but one also should

State News Roundup

New Haven, June 20 (AP)—

The executive board of the Connecticut Union of Telephone Workers and the bargaining committee in the recent dispute has recommended acceptance of a revised contract offer by the Southern Telephone Co. A 3-day mail ballot on the contract by approximately 8,300 union members begins today.

A union official said the reaction of the membership to the new offer seems favorable.

The previous company offer was rejected May 27 and a strike narrowly averted when company and union officials came to terms June 5.

Major issues, according to company and union spokesmen, were a general wage increase, hospitalization insurance, increased vacation and work rules.

7 Swords Caught

New London, June 20 (AP)—Sportfishing boats brought the first swordfish into southeastern Connecticut ports last night, and the total unloaded here and at Noank and Mystic was seven.

The biggest catch was made by Capt. B. F. Rathbun, Jr., of Noank. He had three swordfish, weighing about 400, 350 and 300 pounds. They were harpooned about 20 miles south of Montauk Point around midday yesterday.

Capt. Glen Gordon of the Maritime, out of Marster's Dock, here, brought in two swordfish, weighing 400 and 350.

Bringing in one each at Mystic were Capt. Alpha Foster of the Westport, and Capt. Alex Cuthbert of the Madelyn.

Cambodian Here

Hartford, June 20 (AP)—A lieutenant of the royal police in Cambodia began three weeks of training in radio communications today at State Police headquarters.

Lt. Sras. 26, arrived in this country last March 18 for a 6-month training period. He has been with the royal police for five years. He is chief of communications in Cambodia.

Sras will study all phases of radio communications under the direction of State Police Commissioner Leo J. Mulcahy. He came to Connecticut after completing two weeks of study with the Massachusetts State Police and he will study with the Ohio State Police after completing his stay here.

The Cambodian Royal Police consists of 14,000 men and is responsible for the overall law enforcement in that country.

Two Face Primaries

Hartford, June 20 (AP)—Nearly half the Republican candidates who will participate in a GOP election drive to regain control of the 36-seat state Senate have been chosen.

They were nominated at conventions Saturday in the 20 senatorial districts that take in two or more towns each. The other districts, each lying within the boundary of one town or city, will hold their conventions in August.

The GOP was outnumbered 29-7 in the Senate during the session of the General Assembly. The Republicans will also be trying to regain the House, which they lost in the 1958 election for the first time since 1876.

Of the 20 candidates chosen by the delegates Saturday, two face possible primary contests.

After losing 19-11 to State Rep. John M. Lupton of Weston in the 25th District convention at Trumbull, State Rep. Henry Ferne II of Westport said he wants another crack at the nomination in a primary. The pair tied 15-15 on three ballots before Westport's voters switched from Ferne to Lupton.

At the 12th District convention in Guilford, Robert Taylor of East

Union, UAC Leaders Meet In New Try to End Strike

UAC, 2 Unions Clear Medical, Benefits Setup

BY THE ASSOCIATED PRESS
Officials at both the United Aircraft Corp. and the two unions now striking against seven of its plants—the International Association of Machinists and United Auto Workers—today clarified the situation on medical coverage conversion and strike benefits for strikers.

In both cases, they said, there has been confusion because of misinformation and false reports. The rundown:

Medical Coverage: The Connecticut Medical Service surgical coverage, life insurance with Connecticut General and the hospitalization with the Travelers May, at the employee's option, be converted to individual coverage.

However, the sickness and accident insurance with Connecticut General and the major medical coverage with the Travelers under terms of the policies are not subject to conversion to individual policies.

Such conversion would apply to workers who haven't returned to their jobs.

Strike Benefits: Benefits will be paid out to strikers this week, as follows: IAM members at the two P&VA plants at East Hartford and Manchester and the two Hamilton Standard plants at Windsor Locks and Broad Brook, Thursday; the UAW members at P&VA's plants at East Hartford and at the two Sikorsky aircraft plants in Stratford and Bridgeport Tuesday.

The benefit set up is as follows: Each striker who is a member for six months or more will receive \$35 per week and become eligible to receive them with the beginning of the second week of being on strike.

UAW: Benefits are paid on a varied scale, determined upon a

Michael Kerekes, 17, center, who, police say ended a years-old family dispute last night by shooting in his father, is being taken to Shelton Police Headquarters for questioning. Escorting the youth are State Police Sgt. James Kington, left, and Police Chief Bartholomew Flaherty. (AP Photo-Fax)

Ike Leaves Seoul For Honolulu Visit

Seoul, June 20 (AP)—President Eisenhower left South Korea for Honolulu tonight, completing a far Eastern tour on which he was cheered by millions of Asians but forced to bypass Japan because of leftwing rioting there.

Eisenhower left with a pledge from South Korea's reform government to guard against wasting the hundreds of millions of dollars in aid that United States pours in each year.

"I pledge that we will do everything possible to insure that American aid funds are wisely, efficiently and honestly used for the benefit of all the Korean people," President Eisenhower at Seoul International Airport.

Wildly cheered by one million Koreans who blocked his motorcade Sunday and by hundreds of thousands more on Monday, Eisenhower on departure said it was a "memorable experience" to see "so many people along the route of travel I have followed."

In all, nearly three million Filipinos, Chinese Nationalists and Formosans, Okinawans and Koreans welcomed the first American President to tour the Orient while in office. A 3-day visit to Japan was called off when the Japanese government said it could not fully guarantee Eisenhower's safety because of violent leftwing rioting in Tokyo.

The only anti-American demonstration Eisenhower actually saw was on Okinawa, where 1,500 pro-Japanese chanted "Go home" and snake-danced.

Eisenhower urged leaders of the new South Korean government to make the most of their opportunity to give the Communist-threatened land true democracy. Referring to the revolt against Syngman Rhee and his strongman rule, he said "prompt and judicious fulfillment of the recently expressed wishes of the Korean people is a momentous challenge."

Before leaving Korea, Eisenhower flew to the headquarters of the 10th anniversary of the armistice line to place a wreath on the black stone monument to the Unknown Dead of the Korean War and review troops of the United States, South Korea, Britain, Turkey, Thailand and Ethiopia guarding the frontier against a renewal of the Korean War.

Speaking only five days before the 10th anniversary of the start of the war, the President paid tribute to the 16 U.N. members who fought the Communists in the Korean War and "whose freedom is dearer to them than life."

He also paid special tribute to South Korea's armed forces, saying they displayed "the utmost of self-sacrifice."

Some 10,000 persons, including Korean villagers in colorful country dress, gave the President an ovation.

Eisenhower and Hub Chung agreed in a joint communique that every effort must be made to unify Korea peacefully in accordance with the U.N. principle of free elections in the Communist-controlled North.

The two leaders declared that South Korea is entitled to membership in the United Nations and the United States.

Some 10,000 persons, including Korean villagers in colorful country dress, gave the President an ovation.

The two leaders declared that South Korea is entitled to membership in the United Nations and the United States.

Parley Set After Talk By Ribicoff

Hartford, June 20 (AP)—At Governor Ribicoff's urging, United Aircraft Corp. and union officials met this afternoon for face-to-face negotiations for the state's biggest strike for the first time since early May.

The meetings began at 1 p.m. at the Staler Hilton. They followed a morning meeting at the Governor's office in which he talked to federal and state mediators, top UAC officials, and officers of both involved unions, the United Auto Workers and the International Association of Machinists.

William F. Gwinn, UAC president, said at a press conference in the Governor's office following the meeting:

"We are sure the differences can be settled and are glad to see both sides getting back together. You can rest assured that we will do our part to keep these discussions going, and on a friendly level."

Leonard Woodcock, vice president of the national UAW Aircraft Division, expressed appreciation of the governor's efforts and added:

"We will be attending the meetings in good faith."

Governor Ribicoff, at the press conference, which followed a 2-hour meeting, made these points:

1. In a general rule, he does not believe in the Governor intervening in private industry disputes, but because of the "size and nature" of this case and its "great and adverse impact on the entire economy of our state," he decided to do so.

2. He talked separately first with management representatives, then with union spokesmen, and then with both groups at one time.

3. At the conclusion of this, both sides agreed to begin face-to-face talks again, for the first time in about a month. (The strike has been going for nearly two weeks.)

4. Failure to have such "personal

(Continued on Page Four)

Shelton Youth Slays Father After Disputes

Shelton, June 20 (AP)—A 17-year-old boy went to his father's home yesterday, took a rifle from a closet, waited for his father and shot him to death when he returned, a coroner said.

Coroner Edgar W. Krentzman said the shooting was the climax of a family bickering involving the boy, Michael Kerekes, and both parents. Michael lived with his mother in Bridgeport.

The coroner said the boy shot his father twice as he tried to flee the house and once as he staggered across the lawn to a house near the door.

The victim, John A. Kerekes, 59, a machinist, reached the neighbor's living room, but collapsed there and died.

The coroner said the boy admitted the shooting. The father and mother, Hermione, were separated about a year ago. A younger brother, Frank, also lives with her in Bridgeport. An older brother, Andrew, is in the Marines.

Krentzman said the boy told him he wanted to put an end to the years of bickering. The boy was held without charge for a hearing today in town court.

Summer Arriving 5:43 a.m. Tuesday

Windsor Locks, June 20 (AP)—Tomorrow it becomes astronomically official—summer, that is. The U.S. Weather Bureau in a reminder today, said summer arrives at 5:43 a.m. tomorrow, when the sun is overhead in the northern hemisphere.

Summer will end at 2 p.m. Sept. 23, when the sun will make an apparent crossing of the equator toward the southern hemisphere.

Fronzizi Plans To Give Israel Ex-Nazi Later

Milan, Italy, June 20 (AP)—Argentine President Arturo Fronzizi says his government plans to send Adolf Eichmann back to Israel if the Israeli return the ex-Nazi agent to Argentina.

Fronzizi, on a state visit to Italy, told a group of Argentine newsmen yesterday extradition of international law was met. He denied he had ever said Eichmann would be extradited to West Germany if handed back by Israel.

Argentine Foreign Minister Fronza said Eichmann was in Buenos Aires last month and whisked him off to Israel to be tried for major responsibility in the deaths of millions of Jews during World War II. The U.N. Security Council meets Wednesday to take up Argentina's complaint that Eichmann's capture violated Argentine Sovereignty.

Fronzizi, who is on an 8-nation European tour, said he is ready to meet Israeli Prime Minister David Ben-Gurion any place. He stressed that his government kept "good relations with Israel" despite annoyance over the Eichmann case.

Ben-Gurion also is in Europe and there has been speculation he

Nixon Ready to Sketch Farm Program Tonight

By THE ASSOCIATED PRESS
Herbert G. Klein, the Vice President's press secretary was passing out results of one poll taken from a Republican group. It showed 50 per cent for Davis, 60 per cent for Burdick. Both candidates certainly are getting big league support, if that means anything.

Yesterday was Burdick's 52nd birthday, and a huge picnic was held for him at the fairgrounds. Between 2,500 and 3,000 persons showed up to hear Symington and Kennedy say kind words about Burdick.

We need him in the Senate, they said. Kennedy and Symington both had left by the time Nixon came hurrying in from Texas by way of South Dakota.

Nixon supporters quickly claimed a numerical victory. Their hero had 5,000 at the Fargo airport, far better than the Democrats could score up.

There was a joker in this, though. Some conceivably were those

REARMAMENT SET
Washington, June 20 (AP)—The Supreme Court today called for rearmament measures along the lines of whether it is unconstitutional to require a worker to join a union if part of his dues money is used to support political objectives he opposes.

INGO 1944, FLOYD 1950
New York, June 20 (AP)—Ingram to Johnson, the heavy weight champion from Sweden, weighed 144½ pounds to 199 for challenger Floyd Patterson of Rockville Centre, N. Y., for their return, 15-round title fight at the Polo Grounds tonight. Johnson weighed 186 pounds to Patterson's 182 last June 26 when he dethroned the American technical knockout at 2:08 of the third round.

ROCKY PLANS TOUR
Rochester, N.Y., June 20 (AP)—Gov. Nelson A. Rockefeller said today he would conduct a nationwide tour in behalf of the Republican Party candidates in the November election. The Republican state governor did not immediately set a date for the tour. He told a news conference he would campaign "not only for the national candidates" but for senatorial and congressional candidates.

PAULING'S HEARING SET
Washington, June 20 (AP)—Dr. Linus Pauling showed up at the Capitol today to testify under subpoena before the Senate Internal Security Subcommittee but the session was postponed. The Nobel Prize winning chemist, an outspoken foe of nuclear testing, said he was disappointed at the postponement. Pauling said Sen. Thomas J. Dodd (D-Conn.), a member of the subcommittee, told him the hearing would be held at 8 a.m. tomorrow.

QUARTER MILLION STOLEN
Charlotte, W. Va., June 20 (AP)—An estimated quarter of a million dollars worth of cash and checks was stolen from the vault of the State Motor Vehicle Department early today. Motor Vehicle Commissioner J. Marshall Holcomb said the loss estimate about \$1½ million after the break-in was discovered.

Some Kishi Aides Join Leftist Foes of U.S. Pact
Washington, June 20 (AP)—In indications today were that the Senate will not ratify the U.S.-Japan security treaty before tomorrow. Sen. Lyndon B. Johnson (D-Tex.), the majority leader, said today that the treaty will be brought up "in due course."

By DAY INOSHITA
Tokyo, June 20 (AP)—Some leaders of Prime Minister Nobusuke Kishi's Conservative party today joined the Leftists in a new last-ditch fight to postpone the exchange of documents sealing Japan's new security pact with the United States.

The move put new pressures on the 64-year-old prime minister, who has been battling for weeks to maintain Japan's military links with America.

Kishi's ruling liberal Democrats struck back early today with quick approval in parliament's upper house of legislation to adjust complementing the treaty with present Japanese laws to confirm the legislation caught the Socialist opposition by surprise. None was present when the voting took

place. The Socialists and other opposition groups have been boycotting parliament, but the Socialist had promised to wage a new fight against the legislation.

The ratification documents, bearing the signatures of Kishi and Foreign Minister Aichiro Fujiyama, were submitted to Emperor Hirohito. The Emperor is expected to attest them tomorrow or Wednesday.

Counterparting a handful of neo-fascists assembled an audience of 1,500 at a rightist rally. This produced a lot of noise, but little else.

It appeared the surprise action of the upper house on legislation complementing the treaty would spur the opposition to put new obstacles in Kishi's path.

Let's continue with the subject of ballet, which we started in our column a few weeks ago. In addition to the early flat-footed style of dancing in vogue with the French, the Italians had a style which featured leaps and jumps. In contrast to the French "adagio," this was known as "allegro," meaning gay or bright.

These are the only two terms in ballet which are Italian, and even these are sometimes rendered in French as "allegro" and "adagio." Bot of these traditions finally met in Russia, where they were used in the early flat-footed style of dancing in vogue with the French, the Italians had a style which featured leaps and jumps. In contrast to the French "adagio," this was known as "allegro," meaning gay or bright.
