Rockville-Vernon Peek at the Future Given Town Officials by Planner

About 30 town officials got a peek at the future of Vernon... at a meeting in the Public Safety Building.

M. H. Lincoln of Technical Planning Associates gave an outline for orderly growth his firm recommends for the Vernon Fire District. The firm has, for the past 10 months, been studying Vernon and is nearly ready to release its report to the public.

Lincoln said Vernon will be affected by a projected population increase of 100,000 persons in the next 15 years in the 25 towns that make up the Capital Region Area of Hartford.

He estimated Vernon's population would be about 29,000 in 1975. The community, which includes Rockville, now has about 17,000 persons. Lincoln said the study shows there is room enough for about 34,000 persons in the fire district.

One of the major problems the town will face in the future will be schools. Lincoln said in 15 years he estimated that 14 per cent of the total population will be in school.

Speaking of immediate problems, Lincoln said the present 3-government setup was the greatest headache. His study has been restricted to the fire district by contract and does not include the city area, although he feels it should.

Relay Supports View

Lincoln was supported in this contention by First Selectman George Blakely. He said he feels the planning commissions in the Fire District and in Rockville should be combined. The two units work independently of each other although both are concerned with the same thing.

The chairman of the Fire District Planning Commission, Kean Kilpatrick, suggested the District Commissioners start planning for a fourth firehouse for the rural area. Commission Chairman Donald Lorenz told Kilpatrick the Commissioners have given the same thought but they have taken no action.

While speaking of orderly growth, Lincoln told the group there will probably be five major residential areas in rural Vernon and an industrial area along Rt. 80 as the town develops.

About two per cent of 700 acres need for commercial use in the rural area is being used, Lincoln said. He recommended the District set aside 1,600 acres for industrial and business uses. He also recommended 100 acres be put aside for recreation.

Commenting on trash and garbage disposal, Lincoln said he feels an incinerator is the best solution to the town and city's present dump problem.

Swimming Meet Between Teams

A swimming meet between teams from Rockville and Windsor scheduled for tonight at Henry Park pool has been postponed. Recreation Director Donald Berger said he hopes to reschedule the meet within a week.

Rockville has broken even on media held so far this year, beating Windsor Locks and losing to Windsor. Rockville goes to Windsor Locks next Wednesday for return match.

To Enter Swim Meet

A swim team from the local pool will take part in the suburban swimming meet scheduled Aug. 20 at Newton. Five towns in the Hartford area will take part. The annual water carnival will be held Aug. 21, and the annual swimming meet in which young people from Rockville, Windsor Locks and Ellington are eligible to compete, will be held Sept. 3.

Andover Voter-Making Sessions Set

Five sessions will be held at the Town Hall for making voters in the state and national elections in November. The dates and times are as follows: Aug. 27, 9 a.m. to noon; Sept. 24, 1 to 4 p.m.; Oct. 1, 9 a.m. to 6 p.m.; Oct. 15, 9 a.m. to 8 p.m.; and Nov. 7, 3 to 6 p.m.

The American Legion Auxiliary will hold a mystery ride and Dutch treat supper tonight. Members planning to attend are asked to be at the GAR rooms in the Town Hall at 6 o'clock.

Arrests Made

A 29-year-old Hartford man was arrested last night and charged with operating a motorcycle with illegal red lights. He is Arthur Windsor, who was stopped by Sgt. George Trapp about 11 o'clock on Windsor Ave.

Police also reported the arrest of William Munka, 41, of 19 Bellevue Ave., charged with breach of the peace. Both are scheduled to appear in Rockville City Court Monday.

Hospital Notes

Admitted yesterday: Robertta Curtis, 87 W. Main St. Discharged yesterday: Henry Bauer, Broad Brook; Adam Bulgawski, Broad Brook.

Births yesterday: A son to Mr. and Mrs. Winthrop Baker, Wilson Lane.

Vernon and Troutville News

Handled by a newsman: The Herald's Rockville Bureau, 5 W. Main St., telephone TRemont 5-5134.

Rail Walkout Idles 12,000 Steelworkers

(Continued from Page One)

seeking a contract similar to that signed by the United Steelworkers and the basic steel industry.

The railroad serves two Jones and Laughlin plants in Pittsburgh. Company officials said the plant can't operate without the railroad, a subsidiary which hauls materials and supplies in the plants.

Some 100 other railroad employees were idled by the strike.

The contact dispute already has gone through five mediation procedures without success.

A spokesman for the railroad said a package deal equivalent to the basic steel settlement already has been offered to the strikers. The Brotherhood, however, says the offer falls short of the Steel settlement.

Exact issues in the dispute have not been revealed.

At the union's headquarters in Cleveland, a statement issued in behalf of president V. J. Kennedy said "some areas of agreement exist, as well as areas of disagreement, and we feel some progress is being made."

Anticipating a possible further move by the National Railway Mediation Board, the statement said the union's chief "always is willing to cooperate with any government agency in any effort to bring about a reasonable and equitable settlement of disputes."

REG PARLEY SEPT. 15

Waterbury, Aug. 10 (AP)—The first annual Governors' Conference on Recreation will take place in Hartford Sept. 12, president Joseph Trappass of the Connecticut Recreation Society said yesterday. Gov. Abraham Ribicoff said Joseph Trappass, executive secretary of the National Recreation Association of New York City will preside at the one-day session to be attended by municipal, private and rural recreation leaders.

Rockville-Vernon Arrest Made on Liquor Charge

John R. Tomko, 40, of 26 Spring St., Rockville, was arrested last night by Vernon constables and charged with delivering liquor to a minor.

The arrest was made by Chief Constable Edmund F. Dwyer and Constable Edwin Carlson on a warrant issued by Rockville City Court. Tomko is to appear in court Aug. 22. He posted a \$100 bond last night.

Tomko's arrest stems from a case heard in court Monday in which Robert Newbury, 19, of Stafford Springs was fined \$50 on three charges that allegedly grew out of his having consumed some liquor with another youth, Henry Forand, 22, of Deborn Ave., Vernon.

Another arrest reported by Vernon constables is that of Harold L. Chapman, 36, of Danforth Rd., Vernon, charged with assault and breach of peace. Chapman posted a \$70 bond and is scheduled to appear in Rockville City Court Sept. 12. Constables William Fulton and Carl Fredrickson made the arrests on complaint of Mrs. Chapman, they said.

Defending Property, Too?

There is one obvious reason why the Democrats are not entirely displeased, perhaps, to have the Democrats jumping about the need for increased defense spending. The Democrats give the Eisenhower administration an opportunity to yield something to the upper, and stand up immediate and future spending for military purposes. And that could help do something to guard against the possibility that October elections might show a change of control of the American economy.

But we can deplore the result, the high price the nation will have to pay for the cheap politics involved. Because the Democrats have been unprepared enough to choose to pretend we are defenseless, and because the Republicans may prove cynical enough to take that as an excuse for heaping up their own property issues a little, we are likely to advance our defense spending to another major role, from which, of course, it would be unpractical even to reduce it.

And our increased defense spending, in its turn, may inspire increased military spending on other fronts. As it turns out, the Democrats, to match, in order to stay even, or ahead.

Some time after the election, the nation may find time and talent for a dispassionate expert appraisal of its defense spending, and how much. That, apparently, will be too late. Campaign politics may have already set the figure.

New Role, New Johnson Senator Lyndon Johnson, in his first days functioning as majority leader and vice presidential candidate combined, gave the Senate a rather full imitation of the political candidate. A good many of the spectators were anxious to find him so unexpectedly talented in the business of scribbling all virtues and all sins to the other side, and a few unopinionated Republicans even let the performance get under their skin, but the result was to demonstrate that Senator Johnson had changed his Senate tactics and his Senate act, and that he was quite a performer.

table his himself as a run of the mill candidate. Why, having achieved a certain reputation through exercise of his own judgment, does Johnson now deliberately set out to prove that he has no judgment at all?

The answer has to be that he finds safety and peace of mind in the campaign ordeal ahead in the idea of conformity to all the mores that is expected of him. The posteriors set out to prove that he has no judgment at all? The answer has to be that he finds safety and peace of mind in the campaign ordeal ahead in the idea of conformity to all the mores that is expected of him.

A Thought for Today

Sponsored by the Manchester Council of Churches. When bad things come our way, our immediate response is, "Why did this happen to me?" We never stop to ask, "Why shouldn't this happen to me?" There is a great deal of joy in this life, and there is a great deal of pain. Both are a part of life. We cannot escape either joy or pain without escaping life itself.

Strikes in Russia

Washington intelligence, which does not depend entirely on U.S. reports for its knowledge of what goes on inside Russia, keeps accumulating reports of strikes and work stoppages in the Soviet Union. It is reported that, during the past few weeks, there have been no less than 100 strikes in the Soviet Union. The strikes are reported to be of varying intensity, and to be spreading to other parts of the country.

William F. Cody acquired his nickname of "Buffalo Bill" as a result of his habit of supplying buffalo meat in 1867 to the construction of the Kansas Pacific railroad. In a period of 18 months, Cody killed 4,260 buffalo, probably an all-time record.

So far, there isn't the slightest danger that Russian workers are any more than the freedom-loving laborer has in this country, which is so great that it can, if it chooses, paralyze the nation's entire economy. Perhaps the final result of evolution, in both Russia and this country, will be a state of affairs in which the two nations are united by the force of the state, in either case, but by a sense of statehood and responsibility on the part of labor itself. American labor has long had some inspiration for such results in the form of the "big man" who, when it looks over at Russian labor, just beginning to be able to call it its welfare its own.

No Schweitzer, We Whenever this 1960 summer relaxes its perfection for a day or two, turning muggy and moist, it has already set the figure.

They fly, they leap, they crawl, and they are forever pursuing crazy objectives of their own design. They are, in fact, the most admirable of creatures who have ever appeared on this planet. They are, in fact, the most admirable of creatures who have ever appeared on this planet.

That was, before Los Angeles crowned him, the role of high level statecraft, in which the Senator from Texas specialized in moderate sentiments and appraisal, and in which he took particular pains to defend President Eisenhower even at times when Republicans were criticizing him.

these bugs, in weird and mortal combat, and find we do not love them. If they must live, why not on their own planet?

the LAW in your life

The hard core of criminals and delinquents, which annually costs our nation some \$2 billion, is chiefly made up of products of homes in which true parental love is lacking, and where selfishness and self-indulgence abound—homes in which respect for and obedience to authority is neither taught, nor exemplified. Because there is authority to begin with, or what semblance of authority that prevails, the child is not a delinquent, but a delinquent's child.

Cody's Nickname

William F. Cody acquired his nickname of "Buffalo Bill" as a result of his habit of supplying buffalo meat in 1867 to the construction of the Kansas Pacific railroad. In a period of 18 months, Cody killed 4,260 buffalo, probably an all-time record.

So far, there isn't the slightest danger that Russian workers are any more than the freedom-loving laborer has in this country, which is so great that it can, if it chooses, paralyze the nation's entire economy.

They fly, they leap, they crawl, and they are forever pursuing crazy objectives of their own design. They are, in fact, the most admirable of creatures who have ever appeared on this planet.

That was, before Los Angeles crowned him, the role of high level statecraft, in which the Senator from Texas specialized in moderate sentiments and appraisal, and in which he took particular pains to defend President Eisenhower even at times when Republicans were criticizing him.

They fly, they leap, they crawl, and they are forever pursuing crazy objectives of their own design. They are, in fact, the most admirable of creatures who have ever appeared on this planet.

That was, before Los Angeles crowned him, the role of high level statecraft, in which the Senator from Texas specialized in moderate sentiments and appraisal, and in which he took particular pains to defend President Eisenhower even at times when Republicans were criticizing him.

domestic Relations officers working in the division, and is held following an order by the judge in the case. The enforcement of support orders received by the division, involves an attempt at more efficient cooperation between the legal and social fields.

Ike May Join UN Arms Talks

(Continued from Page One)

would be no nuclear weapon test explosions in the atmosphere. Such explosions cause radioactive fallout.

2. The President knows at the moment of only one threat to the world to sign a separate peace treaty with East Germany if the West German Bundestag meets in West Berlin in September. The peace treaty would trigger an East-West crisis over Berlin.

Eisenhower also said it is a little bit silly for Democrats to contend it would take many weeks to enact the legislative program he has proposed.

Eisenhower told his first news conference since July 4 that he thinks it is more important to the country for Congress to pass the job and pass legislation than to go home and campaign.

One cannot simply say, Eisenhower continued, that politics is more important than the nation's business.

In a wide-ranging discussion of domestic and foreign issues, the President said among other things there are no signs now of any economic recession or depression ahead for the country.

Eisenhower struck back at Democratic criticism of his defense program and the 21-point legislative program he sent to Congress when it reconvened Monday.

Specifically, Eisenhower said that he has not from 1951 until now in defense funds voted by Congress as charged by Lyndon B. Johnson of Texas. Democratic vice presidential nominee and Senate party leader.

"There is no reason to say, Eisenhower declared vigorously, that these funds will not be spent. The President said the Democratic Congress had cut out the budget request \$1.6 billion but had added \$1,100,000,000 for purposes he had not outlined. The saying of this is not done in a few weeks, he added.

He could not say, he continued, that the defense money had been frozen. He said it had not been put before him in any such terms.

Eisenhower said that if Vice President Richard M. Nixon, the Republican presidential nominee, has any differences with him on the defense issue, Nixon has not made those differences.

"The President said that so far as he is concerned he has no objection to Nixon's having press conferences and saying what he pleases. With a grin, he commented that Nixon's opponents certainly speak out.

Eisenhower added that he thinks that when Nixon talks the Vice President will be saying the same thing the President does except for minute details.

Eisenhower was asked whether his recent moves to strengthen the U.S. military posture represented an about face on his part.

The President replied with some vehemence that they did not. He said he wasn't influenced by anybody except his advisers and his own judgment.

The different atmosphere the Soviets have been creating made some changes necessary, he said, adding that it was all a matter of keeping the confidence of our allies and our own people.

On other subjects, Eisenhower expressed these views:

Congo — The United States approves the resolution adopted by the U.N. Security Council and regards it as another step forward. This country welcomes the steps Belgium has taken to relieve tensions and hopes that through future cooperation the confidence of the Belgian and Congo people will be restored.

Benson—Secretary of Agriculture.

Republicans Set Caucus Aug. 17

The Republicans will meet in caucus Aug. 17 at 8 p.m. in Town Hall, Town Committee Chairman A. Elizabeth Dennis Hutchins said at this time the registered Republicans will select party members, candidates for state representatives and justices of the peace to be voted at the Nov. 8 election.

Building Permits Building, which has been at low ebb here for some months, seems to have sprouted considerably in July. Eleven building permits with an estimated valuation of more than \$100,000 were issued since the last was published early last month. The total value of permits was \$16,000 in June.

One permit is for a duplex house to be built by Cooper Products Inc. at Columbia Center on Fitchouse Lane, to the rear of the new post office building. Other permits for construction of houses issued last month are to J. S. Tennant of Hebron, Cherry Valley Rd., to John E. Hira, Lake Rd., Miss Anna Bane, Rt. 4A, to Kendall B. Williams of Williamsville, on Thompson Hill Rd.; and to Edward Mathews of Williamsville, houses and garage, Old Williamsville Rd.

Plans to Philip Brass for a garage and alteration to house on Columbia Green; to Center Church Camp, a pump house; to Horace E. Coyne, tool shed at his home on West Hill; to Oliver Roy, John Johnson Rd., an addition to his house.

Little League Notes Thomas Chownock's Redlegs defeated the Redlegs, 7-4, last night in the Little League game. The Redlegs, Calvin Chownock pitched for the Indians and John Chownock, catcher. Battery for the Redlegs was John Carl and Lewis Kaplan. Umpires were Eric Macchi and Walter Kokoski. Another game is scheduled for tomorrow night.

Personal Notes Mrs. Mrs. Elizabeth W. Robinson Jr., and four children of Post Hill have returned home from a 1-week vacation in West Virginia. R. T. Robinson's mother, Mrs. Marion Hubbard, and two grandchildren, Lee and John Germain, accompanied them.

Mrs. Henry S. Collins and daughter, Linda, are visiting Mrs. Collins' father, Thomas McGowan, in Morston, Va.

Miss Carol Thompson, who has been working in Vermont since her graduation last June from Central State, is now at home for the rest of the summer with her parents, Mr. and Mrs. William Thompson, Jonathan Trumbull Highway.

Court Cases Two cases were disposed of in Trial Justice Court yesterday: Earl G. Poyard, 50, of 101 West Ave., Willington, was found guilty of failure to drive to the right and fined \$16.

Q's and A's

Q—Which was the last of the Inhabited continents to be discovered?
A—Australia.

Q—What North American tree grows the farthest north?
A—The Tamarack.

Q—How many points on a Maltese cross?
A—The Maltese cross has eight sharp points.

Q—What is the emblem of Iceland?
A—As the cross is the emblem of the Maltese cross, the crescent is the emblem of Islam.

Q—What is one major feature that distinguishes Christianity from other religions?
A—Christianity is the only one that emphasizes the importance of believing in an exact creed. Others put the main stress upon the behavior of human beings.

Q—To what period does the term "crinoline days" refer?
A—The women of the 1800's used crinolines to make their huge skirts billow out, hence that period is often spoken of as the "crinoline days."

Q—How early did the letter "y" make its appearance in the alphabet?
A—It was one of the last letters to be added to the alphabet, since it did not appear until the Middle Ages.

Q—Has any Cabinet officer ever succeeded directly to the presidency of the U.S.?
A—The presidency has never gone to any person beyond the vice president.

Q—How many States were represented at the First Continental Congress?
A—Twelve. Georgia was not represented.

Q—With what theory does one associate the name of Alfred Wallace?
A—The theory of evolution, which was the same as Charles Darwin's. Both Wallace and Darwin published their discoveries at the same time, but Darwin finally became generally known as the founder of the theory.

Q—How extensive was the Boston Massacre?
A—It was no massacre at all, but a street fight between a Boston mob and a squad of British soldiers. The name was invented and used to help stir the anger of crowds.

Q—Does freedom of worship exist in India?
A—Most of the population follows the Hindu religion, but the constitution guarantees freedom of worship.

Workers Sign For 1-WA Jobs

Hartford, Aug. 11 (AP)—Registration of returning workers got underway today at Pratt & Whitney Aircraft's East Hartford plant, the first step in getting production back to normal as soon as possible following the company's longest strike.

Strikers at Hamilton standard and P&WA plants in East Hartford and Manchester voted Monday and Tuesday by overwhelming majorities to accept management contract offers bringing to an end walkouts which started June 8.

With a previous settlement at P&WA's North Haven plant, this was only the Sikorsky Aircraft plant in Stratford and Bridgeport without settlements. There were no signs today that a petition by a group of non-union employees for a jurisdictional election against the United Auto Workers would be withdrawn from the union's agreement there clean up the multi-division strike.

State officials at the Labor Department pointed out today that those workers wanting to apply for unemployment compensation before the interval period between now and returning to work would have to first register for jobs at United Aircraft.

Unemployment compensation would be in effect for a maximum of 26 weeks, depending upon individual credits, they said. Individuals in aircraft classifications would probably receive a maximum of 24 weeks, depending upon their child dependent. However, the latter total can not be law over half the base amount of \$45. The average benefit, however, comes to between \$33.84 weekly, officials pointed out.

The Labor Department also warned that those applying would not only have to be available for work, but willing to take on another job of equal status to the one they had at the aircraft if an opening came with another company.

State News Roundup

Standards Set On Safety Belt

Hartford, Aug. 11 (AP)—Connecticut motorists buying automobile safety seat belts were urged today by a Connecticut Safety Commission representative to purchase only those belts which have a label of approval from one of two organizations.

Chairman Charles N. Mitchell, who is heading a special commission to study and recommend to the state legislature standards for safety belts, said that the label of approval from the Society of Automotive Engineers or the General Services Administration.

Motorists were also urged by the commission's executive director, James K. Williams, to have their belts checked by a qualified and trained mechanic.

The belt must be anchored to the floor of a motor vehicle and not the seat in order to give maximum safety, Williams said. Belts which fail to meet the strength standards set by the organizations pose a "real danger" of leakage, the director added.

Williams said that he had recently pulled the seat loose during the impact of a collision, Williams said.

"Automobile seat belts may not prevent a traffic accident, but they can save lives and reduce injury in the case of an accident," Mitchell said.

The commission unanimously adopted a resolution urging the motorist public to inspect and use seat belts.

2 Saved, 2 Drowned In Boating Accident

Stamford, Aug. 11 (AP)—Two bodies were recovered from Long Island Sound today in the search for four persons lost and believed drowned after a capsizing.

The four were among six people tossed into rough waters yesterday on a California family's outing when their outboard motorboat struck a reef. Two sisters were saved last night after clinging to the craft for more than 48 hours.

One of the bodies recovered was identified by police as that of Judy Grant, 16, whose twin sister, Jean, was rescued last night. The family came from Torrance, Calif.

The other body was that of a man, but it was not identified further immediately.

The search by Coast Guard and local police went on for the girl's mother, Wilma Grant, 36, their stepfather, Hugh Grant, and an uncle, Thomas Grant, 53, of Stamford.

Police officials said the girl's father, Frank Makowski, of Central Islip, N.Y., was on the way here.

The girls were treated for shock and could not give a full account of the boating accident. The search was able to learn that the 16-foot craft apparently after the reef about a mile off shore. The girls' mother stepfather said he

Laos Rebels Report Coup Goals Reached

Baigon, Viet Nam, Aug. 11 (AP)—The military rebels who seized power in Laos announced in a delayed communique received in Baigon today that "the goal of the coup de force has been attained."

The population has approved the movement and renounced throughout the entire country," said the communique signed by paratrooper Capt. Kong Le, the leader of the revolt.

The rebels said all officers of various services and units of the armed forces have accepted the revolution and are ready to serve the country, religion, monarchy and constitution and cooperate with the revolutionary government.

The rebels' 40-member executive committee will govern "on a temporary basis," the communique said, adding that the rebellion "was not prompted by any political group or party but rather to fulfill the people's desire."

"The movement has received no material or moral help from any foreign power whatsoever but was created thanks to the spirit of sacrifice of the committee itself," it said.

The rebel claim that all army officers were cooperating with the rebellion and by an uncoordinated ranking officers were still loyal to the government of Premier Phou Vang. The rebels also reported that the minister of defense, Gen. Phoumy Vongkham, was planning to mount a resistance movement against the rebels.

The communique said that the rebels were working to restore peace in Laos, where the communist Pathet Lao guerrillas are entrenched, and "to struggle

Russians Oust U.S. Tourist on Spy Charges

Moscow, Aug. 11 (AP)—The Soviet Union today told the U.S. Embassy in Moscow that an American tourist identified only as Robert Christian has been expelled from the Soviet Union as a spy.

The embassy said it knew nothing about Christian and first learned of him in the note delivered from the Soviet Foreign Ministry agency, said the Foreign Ministry had warned the embassy against "exploiting tourists for intelligence purposes."

In a letter, Christian's mother, Mrs. Nellie Theum, and sister, Rosalee Christian, said he was traveling on an education visa. Christian was working in the Library of Congress translating Russian and Slavic periodicals. He had been in the Soviet Union since 1954.

Mrs. Theum said her son was in Stalingrad and was supposed to go on to Leningrad and then to Helsinki, Finland. His one-month visit in Russia was approaching and she was his expulsion was announced.

Allegiance Not Clear

Baigon, Viet Nam, Aug. 11 (AP)—The military rebels who seized power in Laos announced in a delayed communique received in Baigon today that "the goal of the coup de force has been attained."

The population has approved the movement and renounced throughout the entire country," said the communique signed by paratrooper Capt. Kong Le, the leader of the revolt.

The rebels said all officers of various services and units of the armed forces have accepted the revolution and are ready to serve the country, religion, monarchy and constitution and cooperate with the revolutionary government.

The rebels' 40-member executive committee will govern "on a temporary basis," the communique said, adding that the rebellion "was not prompted by any political group or party but rather to fulfill the people's desire."

"The movement has received no material or moral help from any foreign power whatsoever but was created thanks to the spirit of sacrifice of the committee itself," it said.

The rebel claim that all army officers were cooperating with the rebellion and by an uncoordinated ranking officers were still loyal to the government of Premier Phou Vang. The rebels also reported that the minister of defense, Gen. Phoumy Vongkham, was planning to mount a resistance movement against the rebels.

The communique said that the rebels were working to restore peace in Laos, where the communist Pathet Lao guerrillas are entrenched, and "to struggle

Losers Put In Charge of All State Jails

New Haven, Aug. 11 (AP)—Harold Hegstrom, retired ward of the Federal Correctional Institute at Danbury, today was sworn in as the state's first jail administrator.

The brief ceremonies held at New Haven, officially put Hegstrom in charge of Connecticut's nine county jails, effective Oct. 1.

Hegstrom, 57, was named to the post by the board of directors of the State Jail Administration, the state agency created by the state government in 1959 to take over the operation of the eight county jails and to appoint the eight county sheriffs as deputy jail administrators.

The new commission will control the state's jails, selected nearly two years ago for four year terms, continuing to leave the following:

Dag Will Lead UN Unit into Katanga

United Nations, N. Y., Aug. 11 (AP)—Premier Patrice Lumumba today appealed for national unity in the wake of anti-government rioting in the Congo capital's native quarter.

Morocco, Gen. I. J. Rikhye of India, Hammarakjold's military adviser, and other UN officials were in the Congo capital today.

"All disorder must stop," Lumumba said. "Let us preserve our independence. The whole world is watching us."

As Lumumba's appeal in French and English was broadcast, a French broadcast, grim-faced, steel-belted, and in a stern, official tone, said that the UN would be in Katanga to replace Belgian forces after the Security Council pledged they would be used only for police duties and to restore order.

Hints at Retaliation

Baigon, Aug. 11 (AP)—Fidel Castro today furiously rejected criticism of his government by the Roman Catholic Church, asserting that those who condemned his revolution "would be capable of crucifying Christ himself again because Christ preached what we are doing."

In a boiling rage, the deposed Prime minister charged that clergyman directed by the U.S. embassy were provoking revolution with church demonstrations.

He also accused the United States of getting Spanish Generalissimo Franco to pressure Spanish priests in Cuba into attacking the revolution.

"We give them time to reconsider, but we did not raise a voice when they had irritated people," he said. "Because they have irritated people and our people have always reacted in the face of what does not have justification in the eyes of what does not have any of the interests of the fatherland."

Castro attacked the "scribes and scoundrels who were photographed with the tyrant—baptizing the children." At least one leading Catholic priest, the Most Rev. Enrique Perez, archbishop of Santiago, once visited to save Castro's life from a mob.

The prime minister said most priests are humble men who serve people and to the fatherland.

"There is no doubt that the American embassy has thrown in to the battle its final paw," he declared. "There is no doubt that the imperialist partner of (Spanish generalissimo) Franco and his

Well, No One Hurt, Anyway

Devine, Tex., Aug. 11 (AP)—A 4-man crew trying to recover a sunken ship in the Gulf of Mexico yesterday succeeded in raising the vessel's hull.

The crew, which included a diver, was working to raise the hull of the ship, which was sunk in 1945. The ship was carrying a large amount of cargo, including a large amount of oil.

News Tidbits

Official publication of Chas. J. Adams' government urged that West German naval units be equipped with most modern weapons capable of firing conventional and nuclear rockets.

Both Truman and Kennedy independently saw eye to eye on the general role that Truman should play in the campaign.

The Governor had been asked whether the former president "needed" active support for Kennedy.

He declined to comment directly on criticism by Republican State Chairman Edwin H. May of Kennedy's qualifications.
