Piece of Bone Identified Vermont Fire Kills Brother, 2 Sisters From Marlborough

Richford, Vt., Sept. 6 (AP)—The death toll in a barn fire Sunday morning rose to three today when doctors definitely determined that Danny Vashakalifski, 8, Marlborough, Conn., died with his two sisters in the flames.

A radiologist at Kerbs Memorial Hospital, St. Albans, studying a bone fragment which had supposedly come from the jaw of a dog, discovered fillings in one tooth.

Dr. Richard Woodruff, who had been investigating the deaths, contacted a dentist in East Hampton, Conn., who said he had installed corresponding fillings in the same molar in the missing boy's jaw.

Because the bone fragment was at first not believed to be from a human body, and no other identifiable trace of the 8½-year-old boy could be found, State Police had planned a search with bloodhounds today. They had theorized he might have wandered into woods in a state of shock.

With his sisters, Donna, 4, and Pamela, 3, and his parents, Mr. and Mrs. John Vashakalifski, he had come to make a Labor Day weekend visit with Mrs. Vashakalifski's grand-uncle, Claude Gross. The children had gone to a hay loft in the barn Sunday to see a litter of kittens. Shortly afterward, the structure was enveloped in flames.

Search of the wreckage had disclosed only the girls' bodies and the seared bone fragment, identified today as part of Danny's body.

State News Roundup Three Burned By Flash Fire

Thompsonville, Sept. 6 (AP)—A woman and two children were hospitalized today with burns after they were trapped in the cellar of a Concord Drive home by a flash fire.

Mrs. Jane E. Mullen; her 10-year-old son, James, and Brenda La Fontaine, 11, a neighbor, were in the cellar while Mrs. Mullen was doing a laundry. They were trapped by dense smoke and flames when fire broke out. Firemen said an overheated can of kerosene caused the blaze.

Frank Boyra Jr., 21, who was working across the street, rescued the woman and children. All were taken to the hospital in Springfield where their condition was listed as fair.

\$1 Million Blaze

Greenwich, Sept. 6 (AP)—Fire officials were searching today for the cause of a fire which destroyed the clubhouse of the Greenwich Country Club yesterday and caused damage estimated at nearly \$1 million.

Forty-two residents of the clubhouse were driven from their beds when the fire broke out before dawn. It raced through the club's dining room, a ball room, club offices, and apartments and rooms.

Three firemen were injured when a wall blew out shortly after they had arrived and another six were overcome by the dense smoke. Approximately 100 firefighters were at the scene.

Forest Davis, general manager of the club, said paintings by American artists valued at a total of \$80,000 were destroyed. Other less valuable works were saved. Davis could not name the paintings last night.

An adjoining building which houses handball and squash courts was saved by firemen. Heat scorched the paint of the golf house 200 feet away but firemen doused it in time to prevent it from burning.

It was the third time that the clubhouse had been destroyed by flames. The first fire was in 1907 and the second in 1927. The building destroyed yesterday was begun in 1927.

Secrecy Rule Hit

Hartford, Sept. 6 (AP)—Deputy Mayor Dominick J. DeLucco today called for the lifting of the secrecy rule which is surrounding the city council's investigation of the Public Safety Committee's probe of gambling and other criminal activities as related to the police department.

His statement closely follows one issued over the weekend by another committee member, Councilman John C. Clark Jr., who said the sessions should be open to the press.

Committee Chairman George J. Ritter was not available for comment. His law office reported that Ritter was out of town and not expected back until the middle of the afternoon.

The committee's special counsel, Atty. Jerome E. Caplan refused to comment or discuss the committee's activities.

DeLucco said that the committee was scheduled to meet this afternoon in Caplan's office.

"I'm going to recommend that these sessions be open to the public," he said.

"From the first I have been in favor of open meetings and I said so when the council voted to give the committee subpoena powers and hold executive sessions."

The secrecy rule was adopted at

2 Code Agency Defectors Say U.S. Spying on Allies

William H. Martin, left, and Bernon F. Mitchell, center, appear at a press conference today in Moscow. They are defectors from the U.S. National Security Agency. Man at right is unidentified. (AP Photofax).

Fear World War III In American Policy

Moscow, Sept. 6 (AP)—Two young code clerks from the super-secret U.S. National Security Agency (NSA) turned up in Moscow today with tales that the United States is spying even on its Allies under a policy they feel will lead to World War III.

Bernon F. Mitchell, 31, Eureka, Calif., and William H. Martin, 29, Ellensburg, Wash., announced they have defected to the Soviet Union and intend to become Soviet citizens.

"We would attempt to crawl to the moon if we thought it would lessen the threat of an atomic war," they said in a statement.

The Russians put the two on display under television lights in the gilt-ornamented Journalists Club. From a platform the two detailed the two complaints against the United States and spilled to newsmen what they said were NSA communications-intelligence secrets. They said the United States had broken the codes of friendly nations and even planted a spy in a friendly embassy.

Mitchell and Martin, bachelor friends since service in the U.S. Navy, refused to tell how they got to Moscow from NSA headquarters at Ft. Meade, Md. They are known to have come by way of Mexico City.

"That might prevent others from taking the same route," they said. The two left Ft. Meade late in June on vacation, ostensibly to visit relatives on the West Coast. They never reached the coast.

Mitchell and Martin professed to believe that U.S. policy may lead to World War III. They complained chiefly of American reconnaissance flights over Soviet territory and the rim of Red China, but said nothing about the May Day U2 flight for which the Russians gave Francis Gary Power a 10-year sentence.

They said one of the reasons they left the United States was persecution there of persons who do not believe in God. They attacked what they called harassment of those with unpopular political views.

"Talents of women are encouraged and utilized to a much greater extent in the Soviet Union than in the United States," they said in a statement. "We feel that this enriches Soviet society and makes Soviet women more desirable as mates."

"It is a difficult and painful experience to leave our native country, try, smiles and friends. Yet we try, in the United States government, in carrying out policies dangerous to world peace, should not be allowed to rely on the emotional attachments to guarantee the loyalty of its citizens."

Discussing U.S. hostility to communism, their statement said: "Perhaps U.S. hostility toward communism arises out of a feeling of insecurity engendered by Communist achievements in science, culture and industry. If this is so,

Death on Highway Every 10 Minutes

By THE ASSOCIATED PRESS

Traffic accidents during the nation's Labor Day weekend killed an average of one person nearly every 10 minutes.

The toll, with final figures still to come, passed the 400 mark at the end of the 78-hour holiday period at midnight (local time) Monday. It was short of the National Safety Council's pre-holiday estimate of 480 and the record Labor Day toll of 467 in 1957.

But the council said late reports may boost the final count to its estimate and possibly set a record for the holiday.

The Associated Press count of accidental deaths since 6 p.m. last Friday until last midnight showed 414 in traffic, 28 in boating, 80 drownings and 90 from miscellaneous causes. The over-all total was 612.

In last year's Labor Day holiday period, also covering 78 hours, there were 438 traffic deaths, 29 persons were killed in boating accidents, 62 others drowned and 84 died in miscellaneous type accidents. The over-all toll of 613 compared with the record of 658 in the 1957 Labor Day weekend.

The nation's highways were jammed throughout the long weekend. The weather was mild in most areas. It also was the last weekend holiday of the summer season and millions of motorists headed for recreation and resort areas. The NSC estimated some 73 million

Single Traffic Death in State Over Holiday

BY THE ASSOCIATED PRESS

The massive flow of traffic into and out of Connecticut during the Labor Day weekend has added only one traffic death to the state's record for 1960.

The NSC said an exceptional one in comparison with other 3-day holidays in the past, would have been even better but for an accident that occurred on the most heavily traveled street of Hartford, the state's largest city.

The injuries that caused the death yesterday of John E. Igoe Jr., 22, West Hartford, were sustained Friday evening. Police said Igoe had been involved in a 2-car collision on Main Street and was struck by a passing car as he stood in the street to show an investigating officer the point of impact.

Two other violent deaths were recorded in the 78-hour period that began at 6 p.m. Friday and ended at midnight last night, but these were not traffic deaths.

In addition, one Connecticut

(Continued on Page Four)

Hurricane Still Threat to U.S.

Miami, Fla., Sept. 6 (AP)—An ominous slowdown in the forward movement of hurricane Donna, a killer storm with 70 deaths in its wake, indicated today that the United States mainland still may be in danger.

A decrease in the forward movement of hurricanes often means a change in direction, said chief storm forecaster Gordon Dunn of the Miami Weather Bureau.

Earlier, the 125-mile-an-hour hurricane had edged slightly toward the Bahamas, and 725 miles east-southeast of Miami. It was the steering of the storm that the clubhouse had been destroyed by flames. The first fire was in 1907 and the second in 1927. The building destroyed yesterday was begun in 1927.

"It will be impossible for another 24 hours to say with complete assurance that the southeast coast will not be hit," Dunn said.

"Until the steering of the storm is clarified, interests in that area should keep in touch with the advisory."

A noon advisory placed the storm center near latitude 21.6 north, longitude 68.8 west, or about 125 miles east of Turks Island in the Bahamas, and 725 miles east-southeast of Miami. It was moving toward the west-northwest.

If the present path is continued, Donna may pass to the east of the Bahamas.

"Hurricane force winds (at least 74 miles per hour) extend out 85 miles to the northeast and 45 miles in the southwest semicircle."

Leaders Fire Each Other Lumumba Seeking Vote of Confidence

Leopoldville, The Congo, Sept. 6 (AP)—The United Nations took over Radio Leopoldville today and banned all broadcasts.

The measure was taken as part of the U.N. mandate to maintain peace and order in the nation, tottering on the verge of civil war. At the same time the U.N. Congo command announced it has tightened control over all airports serving its operations. All civilian traffic was halted.

Leopoldville, The Congo, Sept. 6 (AP)—Premier Patrice Lumumba called for an emergency session of parliament today to seek a vote of confidence in a showdown for power with President Joseph Kasavubu.

Lumumba acted after a rush of events in which Kasavubu went on the air in a dramatic move last night and announced the fiery premier's ouster. The latter countered by taking over the network and announcing he had fired Kasavubu as chief of state.

Claiming they have the support of the Congolese army, Lumumba's supporters lauded the call to both houses after an all-night cabinet session over the new crisis.

A government communique said the cabinet also backed up Lumumba's action in stripping Kasavubu of his office and accusing him of treason.

The communique called on the United Nations to respect the cabinet's decision. Kasavubu previously had called on the United Nations to restore order in the strife-torn Congo.

While the government announcement was being distributed, steel-helmeted Congolese soldiers with fixed bayonets marched up and down in front of Lumumba's house.

Behind the muzzles of British machine guns, Ghana forces of the U.N. Command tensely guarded the house of Kasavubu, overlooking the muddy Congo river.

Lumumba was plainly determined to keep his job despite Kasavubu's charge that under the premier's leadership the Congo was plunging into fratricidal strife and sliding toward the Soviet bloc.

As dawn broke over the tense

Pair Left Cuba In Soviet Ship

Washington, Sept. 6 (AP)—A Russian trawler is reported to have smuggled two defecting American code clerks to the Soviet Union after picking them up secretly in a Cuban port.

This was disclosed today as the White House, Pentagon and State Department met with a somewhat embarrassed official silence the news Moscow had unveiled the pair at a news conference with a flood of spy accusations.

Responsible authorities, who reported how Bernon F. Mitchell and William H. Martin got to Russia, said government agencies knew about the voyage shortly after the trawlers left Cuba.

Bulletins from the AP Wires

REPORT ALCATRAZ TROUBLE

San Francisco, Sept. 6 (AP)—Trouble was reported today at Alcatraz, the grim federal maximum security island prison in San Francisco Bay. Warren Paul J. Madigan's office would not immediately explain what had happened, except to confirm there had been a "demonstration." Madigan's office said he was preparing an announcement. One source close to the prison described the trouble as a work stoppage. He said most of the men refused to leave their cells. There was no report of violence.

GUNFIRE IN CONGO

Leopoldville, The Congo, Sept. 6 (AP)—Gunfire broke out in the city today after several hundred Congolese sped toward the residence of Premier Lumumba in a clamoring for his death. A grim convoy of 12 police vans and jeeps rushed to meet the anti-Lumumba demonstrators. The headlights of the vehicles flashed in the falling dusk.

PLANE HITS FOOTBALL FIELD

Chester, Pa., Sept. 6 (AP)—A 4-seat, single-engine airplane lost a wing and crashed on Football Field today while the football team practiced. At least two bodies—of a man and a woman—were in the plane wreckage. No football players were hurt, although a wing narrowly missed two running for a pass. Coroner Francis J. Catania said there was a possibility there might be two more bodies, but he ordered the wreckage left alone pending arrival of Civil Aeronautics Board investigators.

RED SHOWDOWN PREDICTED

Taipei, Formosa, Sept. 6 (AP)—Chiang Kai-shek predicted today a showdown will come in the form of a wing narrowly missed two running for a pass. Coroner Francis J. Catania said there was a possibility there might be two more bodies, but he ordered the wreckage left alone pending arrival of Civil Aeronautics Board investigators.

"If further investigation shows that this report is accurate, our government owes the American people a full explanation of this situation—and an explanation of what is being done to keep Russia from establishing a new satellite, this time in the heart of Africa," he said.

This complaint fitted in with Kennedy's often-repeated contention that the Eisenhower administration has not been on its toes in turning back the world threat of communism.

Vice President Richard M. Nixon was cheered by the word that he may be able to leave Walter Reed Army Hospital on Saturday instead of Sunday. Doctors reported he was making a fine recovery from the knee infection

Sikorsky Union Ends Walkout

Stratford, Sept. 6 (AP)—Unionized workers who began a strike against the two Sikorsky Aircraft Division plants of United Aircraft Corp. will begin registering to return to work here tomorrow—exactly three months to the day from the beginning of their walkout.

The men voted 1,067 to 329 Sunday to get back to work, although they still do not have the new contract that was the purpose of the strike.

Workers at five other United Aircraft plants in the state joined the Sikorsky strikers, who are members of the United Automobile Workers, in the walkout on June 8. But the Sikorsky workers were waging the strike alone these past four weeks.

The seven plants employ about 31,000 production workers. In the early days of the strike less than one-third of them showed up for work, some because of active participation in the strike and others because they were unwilling to, or feared to, cross the picket lines.

All plants remained open and the number of employees coming to work climbed steadily. Early in July, when the strike was still in effect at all seven plants, the company announced 17,000 workers were showing up daily and announced plans to hire replacements for the strikers.

The first break in the strikers' work front came July 13, when workers at the North Haven Pratt & Whitney Aircraft plant, members of the UAW, voted to accept a contract offer from the company. Next were the strikers at the Hamilton Standard Division plants in Windsor Locks and Broad Brook, members of the International Association of Machinists, who accepted a contract Aug. 8.

The I.A.M. members at the Pratt & Whitney plants in East Hartford and Manchester ratified a new agreement Aug. 9, leaving only the

News Tidbits Culled from AP Wires

Pennsylvania Railroad awaits answer from two striking unions on its offer to submit to "final and binding arbitration" three issues it says are blocking settlement of a 6-day strike.

Westinghouse Electric Corp. proposes a new 5-year agreement to four unions with which it bargains nationally.

The Rev. Charles H. Hall of Nashville, Ga., New River Free Holiness Church, where a man received a fatal rattler bite during snake handling ceremony, has been arrested under a 20-year-old state law which could bring the death penalty.

Probate of will of Margaret Sullivan, late American film and stage actress, shows she left an estate in England of \$7,907.

Washington trial examiner finds Bridgeport Brass Co. has engaged in unfair labor practices in two courts at its Moultrie, Ga. plant but not in other alleged instances.

Leading British sociologist says birth control apparently is firmly established in most Western societies in defiance of church opposition and legislation.

J. Robert Oppenheimer, one of the creators of the atom bomb, does not plan to visit Hiroshima, where the first A-bomb was dropped, during his visit to Japan.

The body of John Cardinal O'Hara lies in state at the University of Notre Dame, where he spent 31 years as student, teacher and administrator.

U.S. Commissioner of Education says 800,000 pupils will be taught in shifts this school year because of a nationwide shortage of 132,000 classrooms.

Navy enlisted man who single-handedly flew a 4-engine patrol bomber halfway across the country, is back in Norfolk, Va., mum, confined, and facing what the Navy calls administrative action.

Hartford police say two objects that fell flaming from the sky and plowed into the back yard of an Edgewood St. apartment, will be sent to the National Aeronautics and Space Administration in Washington.

Backers Pay Last Respects To Earl Long

Baton Rouge, La., Sept. 6 (AP)—Earl Kemp Long returns today to the state capital he alternately dominated or tried to dominate for almost 30 years.

His seemingly boundless energy stilled forever by a third heart attack that struck him down yesterday, the 66-year-old patriarch of the state's first political family was to be borne from Alexandria, where he died, to the capital he ruled during three terms as governor.

There he was to lie in state 24 hours, until noon tomorrow. Funeral services were set for 2 p.m. tomorrow at the First Baptist Church.

The former governor's widow announced today burial will be in Winnfield.

The body will lie in state at the First Baptist Church in Winnfield from 5 p.m. Wednesday to 8:30 a.m. Thursday. Long will be buried in a plot of ground

Kennedy Complains Soviet Planes to Congo Refuel at NATO Base

Pocatello, Idaho, Sept. 6 (AP)—Sen. John F. Kennedy said today he is satisfied that Russian planes flying to the Congo are not being refueled in Athens, Greece, with NATO help.

The Massachusetts Senator told a news conference here today he had been assured by Max Krebs, an assistant to Secretary of State Christian A. Herter, that the field at which the Russian planes were refueled is under control of the Greek government.

By THE ASSOCIATED PRESS

Sen. John F. Kennedy, continuing his attack on President Eisenhower's foreign policies, complained anew today that Russian planes bound for the Congo are being allowed to refuel at a NATO base in Athens.

Kennedy kept up a tattoo of attacks on Eisenhower's leadership and foreign policies as he pushed his Democratic presidential drive into the mountain and Pacific Northwest states today.

He charged last night that Russian planes bound on infiltration and subversion missions to the Congo are being allowed to use the NATO base.

The Democratic nominee wired Secretary of State Christian A. Herter seeking a telephone interview to explore the administration's position on this matter.

With what to him was a highly satisfactory round of Labor Day campaigning in Michigan behind him, Kennedy stepped up to state-to-state pitch his charge that the Republican administration has surrendered first place in the world to the Soviets and is standing motionless at home.

In an address prepared for a rally at Pocatello, Idaho, Kennedy

Argentina, Cuba Seen In Diplomatic Break

Havana, Sept. 6 (AP)—A bitter exchange between Fidel Castro's Cuba and Argentina sparked predictions today of a diplomatic break between the two Latin American countries.

Cuba's Foreign Minister Raul Roa brought the issue to a head last night. In a sharp note to Argentina's Ambassador, Julio A. Timosoni, he flatly rejected Argentina's protest over his recent attack on the government of President Arturo Frondizi before the Organization of American States (OAS) in San Jose, Costa Rica.

Roa also sent a note—milder in tone, brushing aside Brazil's protests against his attack on Foreign Minister Horacio Lator.

The exchange was prompted when Doa launched a biting attack on Argentina and Brazil at San Jose after they joined 17 other OAS nations in a censure of Cuba for agreeing to accept Soviet military aid in event of a U.S. attack.

Roa countered the Argentine protest by declaring it was impossible that he had offended the dignity of the Argentine people since "the dignity of the Argentine people was defended and honored in San Jose by the delegation of Cuba and not by the delegation of Argentina."

Argentina's behavior at the OAS conference, demonstrated, Roa charged "its frank admission to interventionist and aggressive maneuvers planned and organized by the U.S. government against Cuba."

He said Argentina had joined

(Continued on Page Ten)

in opposing a Cuban resolution which would respect the rights of the Cuban people to rule their own destiny. The Cuban resolution, which was defeated, charged the United States with economic aggression.

Argentina's action, Roa declared, constituted "an act of intervention and aggression against the sovereignty and free determination of our country."

Roa said he rejected the Brazilian note because he sought a "judgment which corresponded to concrete facts."

There was no immediate comment from the Argentine or Brazilian envoys.

Prime Minister Castro's regime continued its property seizures.

It took over a multi-million dollar plant here yesterday that turned out the Latin-American edition of Time Magazine and the Spanish language edition of Readers Digest.

Following a familiar pattern, workers' militia took control after plant employees complained against the management.

Time representatives said the magazine's Latin-American edition probably will be published in another country.

The government also took over the \$10 million Bank of China Branch in Havana after many demonstrators in the Chinese colony tried to take out their money. Four Cuban militiamen who are bank employees staged the takeover.

This move had been expected

Barnard Roundup Appears Sept. 16

The Herald will carry a roundup of stories on Barnard Junior High School Friday, Sept. 16. This will include a report on the school's activities, the fourth, fifth and sixth grades must live a mile and a quarter of school. The police at St. James school probably not in operation until several weeks after school opens.

Teacher Can Help Parents With Children

If you are often baffled by your child's behavior, there is a practical "psychologist" as close to you as your child's school. It is the teacher.

Vice Principal

Allan L. Cline is vice principal of Barnard Junior High School. He is a Manchester native, and has been acting vice principal for the past several months.

Mass to Precede Opening of School

The school year at St. James School will begin with a Mass in St. James Church at 8:30 a.m. on Sept. 12.

NEA Studies Problems of Poor Student

The National Education Association is studying the problems of poor students. The study is being conducted by a special committee.

Barnard Principal

George P. Bradley succeeds A. Hyatt Sutcliffe as principal of Barnard Junior High School. He has been a member of the Manchester school system since 1951.

48 Teachers Join System

Forty-eight new teachers will contribute their talent to the Manchester public school system this year.

Several Showers For Miss Hansen

Miss Judith Ann Hansen of Manchester has been honored recently with several showers. The showers were given by friends and neighbors.

Pupils Must Have Shots for Polio

All children in the Manchester public school system and at St. James School have had their polio shots.

Some Tasks In Renovation Still Undone

A few "odds and ends" remain to be done in the elementary school renovation. The tasks include painting and cleaning.

School's Open

The school system will be open tomorrow for the first day of school. The opening ceremony will be held at 9 a.m.

Cafeteria Regulations, Prices Are Unchanged

All cafeterias in the Manchester public school system, except Barnard Junior High School, will have the same prices for the first two weeks of school.

Teacher Can Help Parents With Children

School's Open

The school system will be open tomorrow for the first day of school. The opening ceremony will be held at 9 a.m.

Public School Bus Schedule

Bus lists have been revised for the coming year by the Board of Education. The schedule for the first two weeks of school is as follows:

Students Told To Observe Fire Cautions

While the North Junior High School will be totally new to the seventh and eighth graders attending the school, many of the teachers will be familiar.

Tech School Calendar

Wed. Sept. 7—School opens. Fri. Oct. 28—School closes.

Six Sisters Join St. James' Faculty

The faculty of St. James' School will have six new Sisters of Mercy joining the faculty.

Spelling Tips For Parents

Poor spelling can pull down your child's grades in social studies, reading, science, and other subjects.

Public School Calendar

Thurs. Sept. 8—School opens. Fri. Nov. 11—School closes.

10,154 Enrollment In Town Schools

The estimated school enrollment in the Manchester public school system is 10,154 students.

First 'World' Due In Herald Friday

The first edition of the High School World Yearbook will appear Friday.

School Hours

Bowers: Morning kindergarten, 8:45-11:15; afternoon kindergarten, 1:15-3:45.

Some Tasks In Renovation Still Undone

A few "odds and ends" remain to be done in the elementary school renovation. The tasks include painting and cleaning.

School's Open

The school system will be open tomorrow for the first day of school. The opening ceremony will be held at 9 a.m.

St. James' School Calendar

Wed. Sept. 7—School opens. Fri. Nov. 11—School closes. The calendar lists various school events and holidays.

Schools Open, Drive Safely, Chief Urges

"It is not enough to teach a child the proper way to use an automobile, it is equally important to have the youngster moved down by some impatient and careless motorists."

School Patrolmen Get Assignments

The school patrolmen and women who will guard children crossing streets in the safety of older children, have been assigned their assignments from Police Chief James Reardon.

New Junior High Awaits Pupils

New desks, new books, new globes in a new building. A classroom in the North Junior High School waits for the students.

Students Told To Observe Fire Cautions

While the North Junior High School will be totally new to the seventh and eighth graders attending the school, many of the teachers will be familiar.

Rockville-Vernon 3,500 Pupils Set to Enter Town Schools

It's back to school tomorrow for about 3,500 Rockville and Vernon youngsters. The school year will begin on Monday, Sept. 12.

Bolton School Buses

Elementary school buses will be in operation tomorrow. The buses will be used to transport children to school.

Cheney Tech Offers Free Night School

Registration for free classes in the adult evening school at Howell Tech will be held on Monday, Sept. 12.

MHS Principal

A. Raymond Rogers Jr., 35, is the new principal of Manchester High School. He has been a member of the Manchester school system since 1940.

Hollister Principal

Mrs. Florence Wood is the new principal of Hollister School. She has been a member of the Manchester school system since 1940.

Yellow That Means Stop

If you're wondering where the yellow comes from, it's here. The yellow is used to mark the school buses.

2 Code Agency Defectors Say U.S. Spying on Allies

(Continued from Page One)

Such feelings of insecurity are a serious cause for espionage work here," said one of the defectors. Rep. John W. McCormack D-Maine, said recently that the pair were defectors and that they had valuable cryptographic information concerning secret codes used by the U.S. Army.

Deer Cavort On Wiet Lawn

The Sunday morning cavort of a deer on the lawn of the Wiet home at 82 Park St. was averted off not long after the animal was discovered by a neighbor.

Mrs. Wiet spotted three "stags" and remarked that the neighborhood boys were in some trick. When one of the stags gracefully circled "Wiet's" lawn, Mrs. Wiet exclaimed: "John, those are deer."

When Mrs. Wiet called attention to the deer, the boys were taken aback. They had been playing a game of hide-and-seek in the yard.

At a news conference they offered what they called "proof" of their story. They showed a photograph of a deer taken on the lawn of the Wiet home.

They said the deer had been seen in the yard of the Wiet home on Sunday morning. The deer was seen in the yard of the Wiet home on Sunday morning.

New Plan on Paving Advanced by Langtry

(Continued from Page One)

A new paving operation has been proposed for this year, under which the work would be done by a town crew rather than a contracted contractor, and the paving would be put down in a "spotty" fashion rather than on whole streets.

Chet Langtry, deputy director of public works, said today his proposed program is aimed at making the town's \$78,000 State aid allocation stretch this year in correcting "the roughest spots" on heavily traveled roads.

He said most town roads are of surface-treated gravel no longer adequate for heavy traffic.

"We have an abnormal number of road failures," he said, "due to potholes and in some places the rutting of the surface pavement."

The program covers work on the main roads of the town, including the main roads of the town, including the main roads of the town, including the main roads of the town.

Hurricane Still Threat to U.S.

(Continued from Page One)

The advisory said "Gale force winds extend outward 160 miles to the northeast and 80 miles to the southwest."

Small craft from Hispaniola eastward through the Virgin Islands should remain in port until the rough seas subside. Small craft in the extreme southeastern Bahamas should not venture far from port.

Movement during the next 24 hours is expected to be toward the west northwest to northwest, at about 10 miles per hour, which would take it about 100 miles northeast of Turks Island this afternoon.

The hurricane speed across the Leeward Islands will be in force at Anguilla and will move on to Antigua Island. A British West Indies Airways spokesman said it was expected that the hurricane would pass to the east of Barbados, another of the Leeward Islands.

More than two billion pounds of sugar were lost in the Caribbean Sea.

Weather Bureau officials at Miami said the wind could be the beginning of a broad curve that would steer the storm clear of the U.S. mainland but cautioned that it is too early to say it will miss the coast entirely.

In its early stages, the hurricane was blamed for knocking down a French airliner near the African coast with the loss of 63 lives.

Kennedy Complains Soviet Planes to Congo Refuel at NATO Base

(Continued from Page One)

that hospitalized him a week ago, Nixon, who has been working on campaign plans from his hospital bed, plans to leave next Monday on a 9,000-mile campaign swing.

Kennedy also campaigns today in Spokane and Seattle, Wash. He will make speeches tomorrow in Oregon before leaving Portland today for a 2-day whistle stop tour down through California.

Thousands turned out yesterday to greet Kennedy at Detroit, and Muskegon, Mich. He contended the Republicans were stifling economic growth and failing to provide proper leadership.

Under Republican leadership, he said, "this country is standing still—have it this country around the world."

He claimed that a lag in economic growth during the Eisenhower administration has cost the average family \$1,000. And he called for prompt action to solve the problem of automation.

Sen. Lyndon B. Johnson, Kennedy's running mate, spent the weekend at his Texas ranch near Austin. He will speak Thursday in Boston and campaign Friday in Hartford, Conn., and New York City before returning to Washington on Saturday.

Henry Cabot Lodge, Nixon's running mate, makes the first formal speech of his campaign today in the high school at Abington, Pa. Accompanied by New York Gov. Nelson A. Rockefeller, Lodge campaigned over the holidays at beaches in the New York area.

Thousands of bathers greeted them as they toured by helicopter—shaking hands, patting babies and muttering on hot dogs.

As often happens in campaign actions, not everyone knew precisely what was going on.

"What is it?" anxiously asked a woman on the boardwalk. "An accident?"

"No," came the answer. "It's Henry Cabot Lodge."

"He's on television," she asked.

Former President Harry S. Truman spoke at Marion, Ind., in behalf of the Kennedy-Johnson ticket. He said continuation of a Republican administration probably would lead to "depression and real disaster."

Truman, who opposed Kennedy prior to the Democratic convention, said the nominee proved to his satisfaction that he had what it takes to be a winning candidate and a good president—a lot of honest, old-fashioned courage, for one thing, and the vital quality of forceful, forthright leadership for another.

Truman said election of a Republican ticket Nov. 8 would mean

South Windsor Fire Destroys Brogard Barn

Fire roared through a hay-filled barn with two attached silos on the Earl Brogard farm on Clark St. Saturday afternoon, completely destroying it. Brogard succeeded in getting all 21 cows and young stock out of the structure before it became a blazing inferno.

Brogard said he was feeding the cows when he saw smoke coming from the top of a stairway leading to the loft and heard the crackle of flames.

Firemen were called to the scene by a neighbor, whose young son saw clouds of smoke and sparks from the barn.

Use of all South Windsor's fire equipment prevented the Brogard home from becoming involved by the blaze.

House lines were run about a quarter of a mile to a brook on Deming St.

Brogard estimated his loss, including insurance coverage, at \$20,000. He said value of the hay, including harvest labor, was \$3,000, and that two new milk-pasteur storage tanks valued at \$2,000 and a \$5,000 barn cleaner were lost in the blaze. He said he will sell dairy herd at auction immediately.

Cause of the blaze has not been determined.

School Meets

The following is the luncheon menu for the Union, Pleasant Valley and Avery St. elementary schools: Wednesday, frankfurter on roll, potato chips, buttered corn, fruit, Thursday, hamburger, rice, tomato and lettuce, buttered peas, rolls and butter, gelatin; Friday, tuna and macaroni salad, buttered green beans, sliced cheese, peanut butter and jam sandwich and fruit. Milk is served with all meals.

Evergreen Wood Chapter, OES, will observe Robert Morris night tomorrow at 8 o'clock at the Masonic Temple—Mrs. Louis Newberry and Mrs. William Fraize will be in charge of refreshments.

The membership committee of the Junior Women's Club of South Windsor will hold a meeting tomorrow at 8 p.m. at the home of

Police Arrests

Raymond G. Stone, 33, of Fitchburg, Mass., was arrested Sunday and charged with operating a motor vehicle with defective equipment. Patrolman Raymond Peck said he noted nine various deficiencies, including no tail lights, no horn and no accelerator pedal. Rust was told to appear in court tomorrow.

Andrew A. Davis, 48, of Kelly Rd., Vernon, was arrested Sunday night and charged with driving while under the influence of liquor or drugs. Patrolman Ronald Roberts said he saw Davis walk from a North End restaurant in an unsteady manner, to his car, Roberts told Davis not to drive his car, but after sitting there for 20 minutes Davis started to drive off. Roberts stopped him and arrested him. Davis was taken to the police station where he was examined by Dr. Nicholas Marziano and Sgt. Walter Ferguson. Davis is due in court Sept. 17.

VA EX-AIDIE DIES

West Haven, Sept. 6 (AP)—Dr. Lewis G. Beardsley, 71, who retired as manager of the West Haven Veterans Administration Hospital in December, 1958, after nearly 38 years in federal service, died yesterday at the hospital.

Rifles, Ammo, Knives Stolen From King's

Seven high powered rifles, valued at over \$500, were stolen from Kings Department Store sometime after 10 o'clock last night.

Also taken was an unknown amount of ammunition and a large number of hunting knives.

An inventory is being taken to determine if any other gun accessories were taken.

Police discovered that entrance was gained through a store room window on the west side of Food King.

From Food King, a low partition was scaled to get into the lower floor of Kings.

George McCaughey and Patrolman William Cooke believe the stolen goods were removed from the store by the same route that entrance was gained, as a box of 22 caliber bullets was found in tall grass near the window.

A long scrape mark on a dirt path, and the vital quality of forceful, forthright leadership for another.

The investigation is continuing.

Have You An Event Scheduled That Calls For Food?

It may be a wedding, a banquet or just an informal get-together of a society, lodge or some friendly group.

WE ARE PREPARED TO SERVE YOU TO YOUR COMPLETE SATISFACTION

Our catering service is set up to be flexible enough to accommodate any size gathering. Why not call us and talk over the details?

Guess who just got an HNB checking account!

You never saw a happier kid than when he heard that he'd been accepted to the one-college he'd set his heart on. A pretty fair halfback, a better than average student, a flair for amateur theatricals; he'll get a lot out of college... and will give a lot, too. And his new Hartford National checking account is a fine first step in learning how to manage money and live on an allowance.

Matter of fact, he's almost as proud of seeing his name on those Hartford National checks as he is of that letter from the dean!

you're money ahead when you pay by check the Hartford National way!

SERVING CONNECTICUT FAMILIES, BUSINESS AND INDUSTRY SINCE 1793

INVESTMENT PROBLEMS

Our office is open Thursday evenings from 7 to 9 o'clock for your convenience. If you prefer, we will have one of our capable registered representatives call on you, at your convenience, to assist you. Therefore your problem involves one thousand or a million dollars, we have the facilities to render you complete service.
