India Urges UN Act, Block Catastrophe

United Nations, N. Y., Oct. 17 (AP)—Defense Minister V. K. Krishna Menon of India called today for urgent U.N. action to head off catastrophe, which he said could come from growing world tension evident during the past few weeks.

Krishna Menon was the final speaker in the round of policy declarations in the 99-nation U.N. assembly. He formally presented a resolution sponsored by 21 countries from all parts of the world calling for measures to ease tension in the wake of premier Khrushchev's visit.

The resolution is expected to be approved unanimously.

The Indian leader said he did not want to be an alarmist, but he asserted that the deterioration in the international atmosphere posed a "grave risk to international peace."

The resolution would have the assembly call for full cooperation with the United Nations, ask all countries to refrain from actions likely to aggravate international tensions and urge that immediate

Fatal Shooting Seen Justified

Stamford, Oct. 17 (AP)—Police say it's up to the coroner or town prosecutor to take any further action in the fatal shooting of a 19-year-old Marine Corps private.

Detective Capt. William J. Lynch added, however, it was his view that it was a case of justifiable homicide. He termed the action of Henry G. Chandler Jr., a New York executive, as self-defense in firing four fatal shots at the youth, Paul Saulnier.

The incident occurred early Saturday in the Chandler home, 310 Fallwell Dr., in the exclusive Hy-cliffe section. The Marine, son of a New York businessman, Nicholas J. Saulnier, lived nearby at 123 Emery Dr.

Police said the youth entered the Chandler house through a window and woke up the couple in their bedroom.

After declining to take some money and jewelry, Saulnier tied up the 38-year-old Chandler, a former Navy captain in World War II, and forced his wife, June, 27, downstairs, police said.

There he tried to attack her, police said. Chandler, who had freed himself, ran into the room with a .38-caliber revolver.

Police said the Marine tried to attack Chandler with a 10-inch knife, but the ex-Navy officer cut him down with four shots. He died instantly.

The youth had signed up for a 3-year enlistment in the Marines in 1958. Police said Saulnier had wandered in woods during the night before entering the Chandler home.

Chandler, an executive with the Esquire Shoe Polish Co. in New York City, was attached to Gen. John F. Kennedy's P.T. boat squadron in the war.

Top TV Cash Winners Charged with Perjury

New York, Oct. 17 (AP)—Three big money-winners on television quiz shows—Charles Van Doren, Hank Bloomgarden and Edirra Von Nardoff—have been charged with perjury, it became known today.

They were among 14 former TV quiz show contestants who surrendered to face charges which were handed up last week by a grand jury. Identities of those accused had not been made known previously.

Dist. Atty. Frank S. Hogan said six others were expected to surrender on the charges in the near future, making a total of 20 contestants accused.

Van Doren, Bloomgarden and Miss Von Nardoff all were top winners on the defunct show, "21."

Each is charged on two misdemeanor counts—giving false testimony before a September 1958 grand jury which investigated alleged TV quiz shows, and giving different testimony on the same subject before a July 1960 grand jury.

If convicted, each could get a maximum sentence of up to three years in jail and fines totaling \$1,000.

The second-degree perjury charges which are misdemeanors, grew out of a long investigation during which winners and producers of the shows, "21" and "Tic Tac Dough," were questioned.

Van Doren, a former Columbia University instructor, won \$129,000 on "21." Bloomgarden won \$98,000 and Miss Von Nardoff \$220,500 on the same show.

Van Doren, who testified before a grand jury, originally claimed he didn't receive any help on the show, but later changed his story, after telling a congressional committee of coaching on the show.

Hogan said at the time he felt a number of witnesses had lied to the grand jury.

Bloomgarden is 31, married, and works as a public relations man. Van Doren, 35, has married since the quiz show episode, and gave his occupation as teacher. Miss Von Nardoff, 35, listed herself as a student.

All three live in New York City. The other 11 who surrendered were:

Mrs. Vivienne Neering, 35, an attorney of Manhattan, who won \$5,500 on "21," beating out Van Doren, then losing to Bloomgarden. Paul Bain, 43, a married Manhattan teacher, who won \$2,500 on "21."

Mrs. Henrietta Dudley, 51, a housewife, 163 High St., Matuchin, N.J., who won \$4,100 on the show, "Tic Tac Dough."

Morton Harolik, 37, Brooklyn, winner of \$500 on "Tic Tac Dough."

Timothy Horan, 39, a married writer, 30 Randolph Rd., White Plains, N.Y., who won a total of \$35,200 on "Tic Tac Dough."

Richard Klein, 41, a married administrator, Brooklyn, who won

Missing Man Safe

Old Saybrook, Oct. 17 (AP)—State police today called off a search on Long Island sound for a missing man, who was telephoned from Greenport, L.I., vicinity that he was all right.

The man, Stanley Niedzwiecki, had gone fishing in a boat equipped with an outboard motor yesterday. When he didn't return within a

Cuba Executes American Pair With Invaders

Havana, Oct. 17 (AP)—A Cuban firing squad yesterday executed two more Americans from the small invasion force that Fidel Castro charged was part of a U.S. plot to provoke an incident at Guantanamo Naval Base.

The prime minister directly linked the 27-man expeditionary force that landed on Cuba's north-east coast Oct. 5 with mounting tension over the big navy base the United States holds on the island by treaty.

Castro said on television that the small band intended to create the pretext for U.S. intervention in Cuba by trying to form a "zone of operations and zone of perturbation" near the base.

The United States formally charged before the United Nations last Friday that Castro himself appeared bent on provoking an incident over the base.

Firing squad bullets just before dawn cut down a Louisiana adventurer and a former U.S. Marine seeking to avenge the Castro government's seizure of his father's Cuban plantation.

The two Americans were: Allan Dale Thompson, 36, a native of Queen City, Tex., who grew up in Mooringsport, La., and worked in fishing camps in that area.

Robert O. Fuller, 25, whose father moved to Miami, Fla., after confiscation of his property in Cuba.

Another American who landed with them, Anthony Zarba, 27, of Somerville, Mass., was executed with seven Cuban insurgents at the same firing range in San Juan Valley last Thursday.

A fourth American, Leslie Bradley, formerly of Minneapolis, learns his fate today when a military tribunal hands down its verdict after a 3-day trial. Bradley and 12 others were charged with plotting a fake invasion of Nicaragua from Cuba to embarrass Castro. The Cuban prime minister said the plot was with U.S. State Department endorsement. Bradley faces a 16 year prison term if convicted. The others on trial with him are a

Ike in Detroit Opens 6-State Speaking Tour

Detroit, Oct. 17 (AP)—President Eisenhower arrived by jet airplane today on the first leg of a cross-country speaking tour at the height of a presidential campaign.

Eisenhower's plane touched down at 10:56 (EDT), after a flight from Washington. He was greeted at Metropolitan Airport by L. L. Colbert, president of the Automobile Manufacturers Association and head of Chrysler Corp., and by Harry A. Williams, the association's managing director.

It was a beautiful Indian summer day as the presidential motorcade left the airport for downtown Detroit.

Eisenhower's coast-to-coast tour will take him into some of the

Kennedy Raps Policy Of High Interest Rates

En route with Kennedy, Oct. 17 (AP)—Sen. John F. Kennedy lashed out today at what he called a high interest policy that benefits banks at the expense of people.

The Democratic presidential candidate, in a prepared speech, compared Richard M. Nixon unfavorably with former President Herbert Hoover, and sought to tie the Vice President to the economic policies he (Kennedy) criticized.

The Dayton speech was his major talk of his huge swing into Ohio marked by increasingly direct jobs at his Republican opponent.

Hoover but there is Richard Nixon. And sometimes I wish it were Mr. Hoover cared... at least he tried to do something. But Mr. Nixon says he's satisfied. He says we've never had it so good."

Kennedy said various interest rates have increased by 34 to 95 per cent under the present administration—"it has raised the rate on everything but the air we breathe."

As a result, he said, farmers can't buy equipment, small businessmen cannot modernize to compete with big corporations, schools are not built—so that overcrowding and overwork of teachers' results—and would-be home owners cannot buy, to the detriment of the free world.

The moment the free world gives up territory to the Communists, Nixon said, it is "going right down the road to defeat and surrender."

Starting the home stretch of the presidential campaign, Nixon called on supporters for redoubled efforts to elect the Nixon-Lodge ticket.

Kennedy, Nixon said, missed the whole point. The Communist objective, he contended, "is not two little islands, not Formosa, but the world."

A crowd of about 3,300 in the Bushnell Memorial Auditorium roared back its assent. Outside, between 9,000 and 10,000 more persons were lined up listening to the Vice President's speech over loud speakers, Police Chief Paul Beckwith said.

"This is the day the campaign really begins," Nixon told the audience in this normally Democratic capital of Connecticut.

He emphasized what he has been suggesting ever since the

Fair Politics Aide Hits Protestant Church Plan

New York, Oct. 17 (AP)—The executive director of the Fair Campaign Practices Committee has protested what he called the plan of many Protestant churches to "pervert" Reformation Sunday by turning it into an anti-Catholic, anti-Kennedy rally.

Some Conservative Protestants, seeking to defeat Sen. John F. Kennedy because he is a Roman Catholic, have announced plans to deliver anti-Catholic sermons on the anniversary.

Meanwhile, a prominent Protestant Episcopal churchman says a flood of anti-Catholic literature has all but stopped rational discussion of legitimate issues in the presidential election.

Bruce K. Felkner, director of the Fair Campaign Practices Committee, said in a lay sermon at the Bedford, N.Y., Presbyterian Church yesterday:

"I am ashamed to say to you that this anniversary in 1960 will be perverted from a sacred to what I think is a quite profane use in many churches in our country."

Reformation Sunday, Oct. 30, marks the day in 1517 when Martin Luther nailed to a Wittenberg cathedral door his "Ninety-five Theses," thus initiating the Protestant Reformation.

Felkner, a Presbyterian, said: "In every election cursed by dirty campaigning, the worst has always appeared at the last minute."

"Article VI of the Constitution is unequivocal: 'But no religious test shall ever be required as a

Storm Deaths 3,000 On Pakistan Coast

Dacca, East Pakistan, Oct. 17 (AP)—Yards of more than 150 miles an hour and a tremendous tidal wave have killed more than 3,000 people along the coast of East Pakistan.

Approximately 80 per cent of the surviving population in the area was left homeless by destruction of 30,000 homes.

The storm struck last Monday, doing most of its damage to six small offshore islands in the bay of Bengal. They, like most of the rest of East Pakistan, are extremely primitive.

Neither Holds Clear Edge Survey Shows Kennedy Almost Even with Nixon

By FRED S. HOFFMAN
Washington, Oct. 17 (AP)—Democrat John F. Kennedy apparently has pulled almost even with Republican Richard M. Nixon as they sprint toward the finish in their hectic race for the presidency.

But a new Associated Press survey indicates that—with election day only three weeks ahead—neither candidate has been able to grasp a clear advantage in 17 states numbering nearly half of the 538 electoral votes.

It is among this undecided group that the winner likely will be decided. He will need 269 electoral votes.

This latest AP checkover of the political situation in all 50 states gave some evidence that Sen. Kennedy might be gaining an edge in some of the big doubtful states—like New York (45), Pennsylvania (32), California (32), and Michigan (20).

At the same time, some of the states in this group seemed to be tending toward Vice President Nixon—Minnesota (11), Utah (4), and New Mexico (4).

And in the number of states credited either to Kennedy or Nixon, it was possible the balance might tip the other way before voting time.

The survey indicates: Nixon is ahead in 19 states with 141 electoral votes. Kennedy is credited with the lead in 14 states with 129 electoral votes. In a few southern states, a scattering of Democratic electors might not vote for Kennedy even if he won their states.

The 17 states rated as tossups account for 257 electoral votes.

Delivers 3 Speeches In Connecticut Tour

Bridgeport, Oct. 17 (AP)—Connecticut residents turned out by the thousands today to see and hear Vice President Richard M. Nixon.

After his New Haven speech, Nixon and his motorcade came to Bridgeport via the Connecticut Turnpike. In the downtown area of Bridgeport, within a few blocks of city hall, crowds stood four to five deep to see him.

At the plaza itself, confetti swirled and balloons dipped and flew, adding color to the crowd that jammed the square.

By WHITNEY SHOEMAKER
Hartford, Oct. 17 (AP)—Vice President Richard M. Nixon stuck by his Quemoy-Matsu guns today and sharply criticized Sen. John F. Kennedy.

"What we need to have is for him to start thinking before he talks, and it would be a lot better for the country if he would," Nixon told a Hartford audience.

He asked:

"Why can't we have a moratorium on any more rash, immature statements on something that is going to encourage the Communists any place in the world?"

At the same time, the Republican candidate for president pounded away at the issue of the offshore China islands, saying surrender of any territory to the Communists would lead to defeat.

And he said the American people don't want "a rash, immature man" changing policies of the Eisenhower administration.

Nixon again criticized Kennedy, his Democratic rival for the presidency, for wishing—as he put it—to express regrets to Soviet Premier Nikita S. Khrushchev after the U2 incident.

"Every time you encourage a Communist blackmailer to get what he wants," Nixon told an enthusiastic audience, "you don't get peace, you only get a step further on the road to war."

Kennedy had said last night that his position corresponded pretty well with the administration's on Quemoy and Matsu, and added he was ready to drop the subject. Nixon didn't drop it.

Kennedy, Nixon said, missed the whole point. The Communist objective, he contended, "is not two little islands, not Formosa, but the world."

A crowd of about 3,300 in the Bushnell Memorial Auditorium roared back its assent. Outside, between 9,000 and 10,000 more persons were lined up listening to the Vice President's speech over loud speakers, Police Chief Paul Beckwith said.

N-BAN ACCORD REACHED
Geneva, Oct. 17 (AP)—The United States, Britain and Russia agreed today on the legal framework for a nuclear test ban control system. The agreement settled one of the major issues blocking a nuclear test ban treaty, Western spokesmen said. After nearly two years of negotiation the three powers adopted Annex II to the projected nuclear test ban treaty and a related treaty article. The two documents spelled out in detail the legal status of the control organization, its chief administrator and the entire control staff.

RULE ON JOHNSON REFUSED
Washington, Oct. 17 (AP)—The Supreme Court today declined to rule on objections by a Texas Democrat to the candidacy of Sen. Lyndon B. Johnson in the November election for both the offices of U.S. Senator and vice president. Michael E. Schwille asked U.S. District Judge Ben H. Rice Jr., in Austin, Tex., to issue an injunction against enforcement of a Texas statute which permits Johnson to have his name printed on the ballot for both offices. Rice dismissed the request on the ground no substantial federal question was presented.

REDS PLEDGE LAOS AID
Vientiane, Laos, Oct. 17 (AP)—The Soviet Union has offered the hard-pressed Laotian government economic aid, the Russians announced today. The offer, expressed in general terms, was made by Alexander Nikitich Abramov, first Soviet Ambassador to Laos, when he presented his credentials to Premier Prince Souvanna Phouma Saturday. It followed by exactly a week Washington's announcement that the United States had suspended, at least temporarily, its entire military assistance program to this southeast Asian kingdom.

"THE WAY HEARD IT"

Discipline, whether you've ever thought about it, has the same root as "divine" and a discipline is a willing follower. In this regard I cannot complain. The orchestra is usually led by a conductor, and I know some things they can play with a little effort. I know some music they can play with considerable effort, and I know some things that we cannot even attempt.

Actually, it is too early yet to tell you anything definite. I don't know the answers myself, as a matter of fact. Each year similar questions are asked of baseball managers during spring training, and of football coaches early in the fall. They don't know the answers either; but they have one decided advantage over me. Their clubs have been a functioning unit for years. They have some new personnel but fully 75 per cent of the squad have played together before. This is not the case with the Manchester Civic Orchestra.

Further, the football coach knows more about his newcomers than I do. He knows whether they are potential ends, guards, or full backs. For example, I know whether my personnel are line men or backfield, perhaps, but that's about as far as it goes. Most of my personnel don't know either.

So far, we've spent most of our time getting musically acquainted. We have rehearsed together four times and tonight will make the fifth. Personally, I feel things are very satisfactory at the present stage. Each week shows a little improvement, and that is something.

The public would be disappointed. But we shall not appear in public tomorrow, and when we do appear, we shall not be disappointing. I will maintain it will be March before such an appearance is likely. It takes time to create a technique that has gotten rusty, and it takes time to achieve a natural feeling of teamwork.

Many of the personnel have never played in an orchestra before. Believe me, it is a very different thing to play the way they are to play, and the way they body else wants you to play. The latter requires the utmost discipline and teamwork.

It might interest you to know that the old Army training film on discipline started with a symphony orchestra as the best example of discipline. Neither Holds Clear Edge Survey Shows Kennedy Almost Even with Nixon

(Continued from Page One)
20 electoral votes. Kennedy has the same number of states as the last time—14—but has some 6 votes. And the doubtful group has grown by three states.
Kentucky (10), Colorado (6) and Arizona (4) moved from the Nixon column into the Kennedy column. Louisiana (10) went from the doubtful group into Kennedy's column. And Montana (4) voted this time as for Kennedy, slipped into the doubtful category.
Other toss-up states: Ohio (23), Texas (24), North Carolina (14) and Missouri (13). Tennessee (11) and Mississippi (6).
As before, the new AP survey combined the observations of its own voters, political reporters and judgments of seasoned newspaper analysts, the opinion of political leaders and the results of certain reliable polls.
The material was gathered during the past week and might not reflect the full impact of the growing dispute between Kennedy and Nixon over the offshore Chinese islands of Quemoy and Mako.
However, it does reflect some effects of the first two Nixon-Kennedy TV debates.
In Washington state (9) and Wisconsin (12), for example, some observers felt Nixon might have gained on Kennedy in the second debate. In Michigan (15) and New York (20), however, Kennedy seems to have benefited in Colorado (6) and Wyoming (3).
The religious issue continues to be an unknown quantity. From some states, there are reports it is slacking off. From others, the word is that Kennedy's Roman Catholic religion is hurting his chances.
In the past two weeks, Kennedy's prospects have been roiled in some of the southern states that had looked shaky or worse for him. In doubtful Mississippi where a full slate of State Rights electors is to be held, James O. Eastland and John Stennis are speaking out for the national Democratic ticket. In North Carolina, B. J. Johnson, the vice presidential nominee, is drawing lukewarm responses.
In Florida, Democratic gubernatorial nominee Farris Bryant, Sen. Spencer Holland and Conservative-made public display of their support for the Kennedy-Johnson ticket during Johnson's Florida whistle-stop tour.
Holland and Bryant left some doubts as to how much active aid they would give.
The AP survey indicates these states now favor Kennedy over Nixon, to a greater or lesser extent: Delaware (3), Hawaii (2), Florida (10), Idaho (4), Illinois (27), Iowa (10), Indiana (13), Kansas (6), Maine (5), Nebraska (5), New Hampshire (6), North Dakota (4), Ohio (23), Oklahoma (5), Oregon (4), South Carolina (8), South Dakota (4), Vermont (3), Virginia (11), Wyoming (3).
Consensus for Kennedy, by varying degrees:
Alabama (possibly 9 of 11), Alaska (2), Arkansas (6), Arizona (4), Georgia (Maximum of 12, possibly only 8), Louisiana (10), Maryland (6), Massachusetts (16), Nevada (3), New Jersey (14), New Mexico (4), New York (20), North Carolina (14), North Dakota (4), Ohio (23), Oklahoma (5), Oregon (4), South Carolina (8), South Dakota (4), Vermont (3), Virginia (11), Wyoming (3).
Here is a rundown that indicates the way the voters in each contest is shaping up in some

Cuba Executes American Pair With Invaders

(Continued from Page One)
Dominican, a Nicaraguan and 10 Cubans.
A prediction of more invasions against the Castro regime came from Fulmer's grieving father, William, in Miami, Fla.
"There'll be other expeditions," Fulmer told newsmen. "Some may fail, but sooner or later the Castro regime may fall."
The younger Fulmer, who served with the U.S. Marines in Korea, testified at his trial in Santiago that he had aided the invaders.
A similar revelation came from Angel Rivera, a Cuban member of the expeditionary force who testified he came to Cuba to fight against the Castro regime.
The court agreed the lives of Rivera and another Cuban, Juan Gonzalez, were sentenced to 30 years in prison.
The court rejected appeals for clemency for Thompson and Fuller, concluding that the Americans had been sentenced to 30 years in prison.
Fulmer's mother, who remained in Cuba when the rest of the family went to Florida, said she was glad to hear that her son was being freed from the Cuban prison.
Cuban prosecutor David Diaz charged the United States was backing the invaders and warned that future invaders "will be the ones crushed in blood."
The U.S. State Department has denied any connection with the invasion.
Castro dismissed the importance of the rebel movement inside Cuba, declaring "the counter-revolutionaries" on the social and economic front have ended. The urban law gives Cuba the right to buy their homes by applying the monthly rent toward the purchase price.

Shoes Run to Top

New York—Winklepickers shoes that extend 7 inches beyond the normal toe line—have caught the imagination of some United States shoe manufacturers. The best way to walk in them is slightly sideways, they're named after a utensil for picking meat from winks, small shellfish. The fad was started by London teen-agers.

Nixon Keeps Matsu, Quemoy Issue Alive

(Continued from Page One)
Republicans nominated him in July—that the last three weeks of the campaign will be decided by Nixon also bore down on another favorite campaign theme: As to whether the voters should choose between party candidates, he said, "It is not enough to vote as your grandfather did, or as any organization would like you to vote."

Nixon argued his best line in the double-balconies of Bushnell Auditorium when he said Kennedy has contended that the United States has been standing still during the years of the Eisenhower administration.

A shout of "no" boomed back from the crowd, and Nixon carried on with this poke at the Democrats.

"You're not going to cross any new frontiers in an old policy that is a retried of what we've had before. This was a reference to the 'New Frontiers' theme struck by Kennedy in his acceptance speech.

Nixon made the half-mile drive from his hotel to the Bushnell hall normally used for concerts and other public events crowded with people.

From the slow-moving caravan Nixon saw a sign recommending the Democratic ticket, "Jack and LBJ."

On other topics, Nixon stressed his own experience. He also said that the last three years have been marked by an increase in income, improved health, better wages and a check of inflation.
