Foe's Full-Court Press Shakes Up Indians
Eagles Win to Stay Unbeaten
By FRANK CLINE
The necessity of finding places for the Indians to play a full-court press at the start of the game was a problem for Coach Miller. The Indians were coming, practiced against it all week but couldn't stop it when they threw it at us. So summed up Ed Zlatosky, head coach of the Indians, regarding the decisive 48-45 defeat of Wetherfield last night before a turnout of some 1,000 fans that spilled all over the Eagles' gymnasium for this Central Connecticut State vs. Wetherfield basketball game. The Indians dropped their third defeat in 10 games and their second in eight O.C.L. clashes. The disappointing loss came in the second quarter, when the Indians were on a 10-0 run and closed to within four points of the Eagles. Holy Trinity Trims Cheney Tech Cagers
Lack of proficiency at the foul stripes spoiled whatever opportunity Cheney Tech's basketball team had of defeating Holy Trinity of Hartford at the Army and Air Force Armory yesterday afternoon. The Capital City shooters won by sixteen points, 58-42. It was the initial triumph of the season for Holy Trinity which had dropped its first four games. The Rangers lost their eighth game in a row. Outscored 20-12 from the field, Holy Trinity led 12-10 at the end of the first quarter. Five players fouled out, three of them Rangers. Odds Narrow on Downes' Chances Pender Still Favored to Retain His Crown
Boston, Jan. 14 (AP)—A late influx of English coin of the realm narrowed the odds as fight time neared for tonight's 16-round nationally televised (ABC-TV) bout between Paul Pender and London's Terry Downes for one version of the world middleweight title. Downes, an eager young Englishman with a winning, two-handed style, continued to take a big fight as he headed into his most important match of his four-year professional career. "I'm confident I can beat him," the 24-year-old former U.S. Marine said. "I think he's a bit of a weakling. I don't know whether it's because of his second day, but I'll win."

Point Lapse Fatal For Rams' Shooters

Hamden Riflemen Nip Indians by One Point
Manchester High's riflemen lost a golden opportunity to pull an upset yesterday in the Hamden High School range by firing their normal scores to whip a Hamden team that had not been beaten on their home range by an Indian team for years. The local gunners failed to measure up to the test, however, and were outscored by the Hamden team by a score of 1-0. The Hamden team was able to hit double figures. Money Musing

Did you ever wonder why we use some of the phrases we do?

Let your mind picture these samples:

He dribbled down the floor and sank a basket. If that sounds peculiar, how about this:

He iced the puck. We suppose that beats eating it raw.

He hit a long high fly. Those are by far the best kind.

Lest the ladies think they are immune: I haven't a thing to wear. Interesting prospect, but untrue.

I'm tired, let's go out for supper. That's an expensive paradox.

We think the most picturesque is: He ran around his own end.

We have one more down here: "Planned Security." We don't wonder about it. Come in and ask us at any of our 3 branch offices. THE SAVINGS BANK OF MANCHESTER.

Heard Along Main Street

And on Some of Manchester's Side Streets, Too

Needpoint Comment A young Manchester woman recently bought an expensive tapestry jacket to wear with a basic skirt as a suit. Her mother disapproved of the choice, but limited her criticism to a suggestion that the jacket could be exchanged for "a pretty one" in a more usual fabric.

The young woman, nothing daunted, continued to wear the jacket, in fact became more fond of it than of anything else in the wardrobe.

At a family dinner the other night, however, the young woman's kid brother, who was home from college, saw the jacket for the first time.

"How far did you chase the chair before you got the coat?" he asked.

How Many to Come? It seems that A. Non's note about 1961 being a reversible year has caused a reader to dabble in mathematics.

He points out that the last time there was a reversible year was 1881, and the next time it will happen will be 6009.

How many times has this occurred since the year 1 A.D.? Twenty-two, says the calculator. Those years are 1, 8, 69, 88, 96, 101, 111, 181, 609, 619, 689, 808, 888, 906, 916, 986, 1001, 1111, 1691, 1881, and 1981.

Does anybody know any years that are the same when written sideways?

What's One More Mr. and Mrs. Samuel Haugh were happy last week that son Samuel Jr. was coming home on leave from Ft. Bragg, N. C., where he is an Army paratrooper. But they weren't sure whether the buddy accompanying him

months feel comfortable among the nine Haugh children ranging from 8 months up to 21 years at 71 Garden St.

Their fears were needless, Mrs. Haugh said this week, and the buddy, James Gavers of Chicago, is enjoying himself.

He is one of a family of ten, she said.

No Scenes, Please While a Manchester woman was riding in a New York City taxi cab this week, a pedestrian darted across the path of the cab, and seemed to pause just as he was directly in front of it.

The woman remarked that the pedestrian seemed to be darning the cable to hit him.

The cable sign... "I'd get the car all splashed up... and the cops would come... so I step on the brakes."

A Non. An announcement on radio WINF this morning suggested that if the highway death rate continues, the country should adopt the lily as the national flower.

Salaries, Parking On Board Agenda The monthly meeting of the town Board of Education will be held at Barnard school Monday at 7:30 p.m.

Included on the agenda for consideration will be a report of the personnel relationships committee on teacher-custodian salary proposals for the school year 1961-62; parking expansion at the main building of Barnard Junior High School; study of a proposed teacher training plan; appointments and other personnel matters.

Activities of other board of education subcommittees as they relate to budget preparation will also be looked into.

Christie McCormick, one of the board members, will not be present as he is vacationing with his wife in Hawaii. McCormick is slated to be back in Manchester the first week of February.

Costly Coffee Pot Symbol in Drive A \$50,000 gold coffee pot is to be displayed at a coffee and tea party for the Manchester March of Dimes campaign at the home of Mr. and Mrs. R. Michael Quish, 110 Forest St., Wednesday from 1 to 4 p.m.

Assorted coffee, studded with rubies and diamonds, was used last week by Mrs. Abraham Ribicoff to kick off the 1961 March of Dimes drive.

Those invited to the party will be asked to sponsor small coffee parties in their own neighborhoods to help raise contributions to the polo fund campaign.

The host, "Mike" Quish, was stricken with polio in August 1942. He was paralyzed from the waist down for about eight months and made a complete recovery.

Props Biggest Problem In 'The Roarin' 20's'

By PAUL GERARD
The task of assuring authentic backgrounds and props in any production usually falls to the 'prop man' and his assistants. Because "The Roaring 20's" is an era that is within the memory of millions of people including most of the production staff, the job of assuring this authenticity has paradoxically become more difficult.

As Morris Goldman, master of properties, pointed out, "We could get away with an anachronism if this series had an 18th Century setting. But not the 20's. Since so many of us actually lived through the years, even the smallest de-

tails keep popping up. For instance, just as the director was about to call 'Action!' to start the cameras rolling on a scene recently, he called a halt to the proceedings and rapped: 'What's that you're writing with, Donald May?'

The carrot-topped star looked up at the sharp tone and replied evenly, "Why, I'm using a pen."

Donald, looking at the writing instrument in his hand, grinned sheepishly, and stashed it in his pocket.

"Props!" yelled the director. "Clean this place out—get rid of all ball point pens."

Morris Goldman handed May a fountain pen, circa 1920, and the scene went on.

"It's little details like this that could ruin us," Goldman said, with mock seriousness. "Everything we use in this series must be an original or exact duplicate of the things extant in the period... or we're asking for trouble from a whole horde of viewers who set themselves up as technical advisors."

The extreme care of the studio to keep everything strictly in period includes the size and shape of bottles used for bootleg gin, the hip flasks of the period which must be manufactured in the studio's metal shop, watches and other jewelry, types of cigarettes, various types of locomotion (besides old autos), communication devices (including stand-up telephones) and, obviously, furniture and clothing.

Goldman, who has worked at Warners for some 31 years and researched for such films as "The Spirit of St. Louis," acknowledges that "The Roaring 20's" presents more authenticity problems than any of his previous assignments.

"I've had some stumbers in my time," he said, "but I guess the most unexpected problem in connection with The Roaring 20's arose when I discovered that some musical instruments had undergone quite a change between the 20's and the 60's."

"The basic structure of trumpets hasn't changed at all, but saxophones and guitars—which provided the heart of the combos of the 20's—were considerably different in structure. As a result, we've had to manufacture some musical instruments."

Goldman keeps a "bible," or reference volume, within reach at all times to quash all disputes that arise on or off the sets. Called "The Firsts," it lists the birth dates of every imaginable inven-

tion, gadget or otherwise decorative or functional object.

Dorothy Provine, co-star of "The Roaring 20's," never presented the production staff with any problems of authenticity.

In Hollywood, where the term "way out" is considered one of the highest compliments, chic Dorothy Provine is loudly and conversely proclaimed a "way back" girl—and she loves it.

Although she wasn't born until the fabulous Twenties had faded into memory, the petite blonde has a flair for "Flapper" fashions. "She is the 20's," according to Warner Bros. wardrobe chief Michael Hart, who has the responsibility for keeping Dorothy

in beads and spangles for the series.

Dorothy, who plays Delaware "Pinky" Pinkham, New York night club entertainer, agrees enthusiastically:

"I do have a weird affinity for that era, but how or when it started is a mystery. My mother has a marvelous flair for clothes and she certainly gave me a love of style and design. But at the same time, I certainly wasn't exposed to much 'flapper' atmosphere."

Dorothy's television wardrobe, authentic to the last stitch (circa 1924-1931), features short skirts, cloche hats and beads—pounds of

This gown was completely hand-beaded in some 240 hours at a total cost of \$1,500. The matching \$1,200 hand-beaded coat is luxuriously lined with 14-karat gold lame.

"I would love to have any and all of 'The Roaring 20's' outfits in my own personal wardrobe, but this silver gown is really the cat's pajamas," purred Dorothy.

\$80.9 Billion Budget Ike for Raising Gas Tax, Mail

Budget estimates for the year ending June 30:

	1961	1962
Income	\$79,024,000,000	\$82,333,000,000
Outgo	\$78,945,000,000	\$80,865,000,000
Surplus	\$79,000,000	\$1,468,000,000
Year-end debt	\$284,900,000,000	\$283,400,000,000

Washington, Jan. 16 (AP)—President Eisenhower today sent Congress an \$80.9 billion farwell budget calling for a \$1.5 billion surplus dependent on the will of Congress, John F. Kennedy and fate.

To finance the projected surplus for the 1962 fiscal year that begins July 1, Eisenhower would increase federal fees and taxes on all those who mail letters, travel in airplanes or use the nation's highways.

Most of his action proposals were retroactive, but the 1,046-page budget book did include those ideas which he formally suggested for the first time:

1—The possible creation of a high-prestige White House job, perhaps carrying the title first secretary of the government. The post would be filled by a presidential appointee who would outrank cabinet members and act as a sort of assistant president both at home and abroad.

2—The establishment of a new cabinet-level department of transportation plus an efficiency-promoting office of executive management within the White House organization.

Eisenhower commended these suggestions to President-elect Kennedy and the congress without advancing specific legislation.

On the facts and figures side, Eisenhower forecast federal spending of \$80,865,000,000 in fiscal 1962 and revenues of \$79,000,000,000.

For the indicated surplus of \$1,468,000,000 to become a reality 18 months hence, these developments would be necessary:

1. Congress would have to increase postal rates (details not spelled out), vote higher taxes on gasoline (4 1/2 cents a gallon instead of 4 cents) and establish a new tax on jet fuel. Air fares should be adjusted promptly to cover any aviation gas tax increase, Eisenhower said.

Two Negroes Resume Studies at Georgia U.

Athens, Ga., Jan. 16 (AP)—Two young Negroes returned in peace and quiet today to classes at the University of Georgia which suspended them last year for leading a campus riot following their admission under a federal court order.

Charlayne A. Hunter, 18, and Hinton E. White, 19, first Negroes ever to be admitted to the 175-year-old university, came back in a cold drizzling rain from their homes in Atlanta under another federal order forbidding the university from again suspending or expelling them if disorders again erupt.

There were no resurrections of last week's demonstrations which began with name calling and progressed into rock throwing, the shooting of firecrackers and the battling of fire hoses and police. The officers finally fired back at a mob of several hundred with tear gas.

Miss Hunter stepped from a white car which had cautiously circled the block several times. She entered her dormitory at 8:05 a.m. Five white men in plainclothes who accompanied her kept a close watch on the student.

The watch disclosed only the normal traffic of any college campus.

Holmes walked into his classroom at 8:54 a.m., accompanied by three white men. He entered another building from that where Miss Hunter was in class.

When Holmes, who lived in town with Negro friends, arrived on campus there was no flurry or gathering of a crowd.

Miss Hunter and Holmes were driven to Athens, starting before dawn, by their attorney, Donald L. Holloway, and the Rev. Samuel W. Williams, president of the Atlanta Branch of the National Association for the Advancement of Colored People.

Police Rescue U.S. 'Fuehrer'

Boston, Jan. 16 (AP)—An angry crowd estimated by police at 10,000, hurling eggs and tomatoes, yesterday ripped a swastika off George Lincoln Rockwell, self-styled "fuehrer" of the American Nazi party, and routed an attempt by him and four "storm troopers" to picket a downtown movie.

In Chicago, a group of pickets wearing American flags and calling themselves the Fighting American Nationalists were escorted away from a loop theater by police after scuffling with patrons. Police dispersed a crowd estimated at 200.

Both theaters were showing the same film, "Exodus," a story of the Jewish migration to Israel and the establishment of the Jewish state.

No injuries were reported in either incident.

Rockwell, of Arlington, Va., and his companions, were led away through a side door of the theater, taken to a police station in protective custody and later placed aboard a New York-bound plane. No charges were placed against them.

At Boothbay Harbor, Maine, old-time vaudeville and radio comedian was unofficially reported that 70 to 90 persons were seized in

State Tax Set At \$1,755,530

Hartford, Jan. 16 (AP)—The president of the Connecticut State Chamber of Commerce today estimated Connecticut will have to contribute \$1,755,530 in federal taxes if President Eisenhower's proposed \$80.9 billion budget is adopted.

Joseph B. Burns also supplied the following statistics on the Connecticut share of the budget:

It would be equal to a 692.52 contribution by every man, woman and child in the state.

It would be greater than the \$1.7 billion total tax receipts of the state government for the last fiscal year.

It would be greater than the \$1.75 billion total spent by the state for General fund purposes in the last 11 fiscal years.

Mystery Flash On West Coast

Eureka, Calif., Jan. 16 (AP)—Ground observers in northern California and southern Oregon and pilots flying as far as San Francisco Bay area—300 miles—last night reported seeing a mysterious flash in the sky.

Great Falls, Ore., Police- man Dick Newell said he spotted the bluish fireball traveling in a westerly direction shortly after 10 p.m. Other witnesses said it appeared to disintegrate.

Federal Aviation Agency spokesmen theorized it might have been a falling meteor.

The flash triggered a flood of telephone calls.

Barney Rapoport Dies

Hartford, Jan. 16 (AP)—Barney Rapoport of West Hartford, president of the B. Rapoport & Sons Tobacco Company and well known philanthropist died last night in Miami, Fla.

A dinner in his honor was held here at the Hotel Statler-Hilton Sunday night, but his son, Edward, had to attend in his place. Further details were not immediately known.

College to Expand

Hartford, Jan. 16 (AP)—St. Joseph College plans immediate steps to double its 400-member, full-time student body—primarily with commuters—to help meet the sharply rising demand for teachers.

Sister Mary Theodore, president of the West Hartford college, said today classroom space for new students will be provided on one floor of the recently dedicated \$624,000, 2-story, Pope Pius XII Library.

Night graduate students are presently using the same facilities, she explained, but this would not

Castro Troops Open Drive Against Rebels

Havana, Jan. 16 (AP)—Between 10,000 and 15,000 militiamen, unleashed by Prime Minister Fidel Castro in a major offensive, have surrounded growing rebel bands operating in the rugged Escambray mountains of south central Cuba, according to reliable reports.

It could not be determined if the offensive was part of a nationwide drive to fulfill Castro's pledge to wipe out all rebel activity in Cuba this year, or merely a one-shot attack to clean up an area troublesome to Castro since he took power.

One of the hundreds of civilians evacuated from the mountains, in the south-central Las Villas Province, said the militiamen were shelling an area where the rebels were believed concentrated and would move in after the mortar and artillery bombardment.

Castro claimed last fall that all rebel activity in the mountains was smashed. There have been persistent—but unconfirmed—reports that 300 to 1,000 insurgents continued to operate in the jungle-Freke area under the command of ex-Army Maj. Evelio Dugue and former Capt. Ramon Perez.

There was no official word on the reported offensive. Military headquarters in Cienfuegos, in the mountain foothills, indicated an offensive was under way but referred all questions to Havana headquarters. A spokesman there said he had no information.

It was unofficially reported that 70 to 90 persons were seized in

Some Men Feared Trapped In Wrecked Texas Tower

Woman, Child Removed from Battered Yacht

New York, Jan. 16 (AP)—A British tanker removed a woman and child from a storm-battered yacht off Bermuda today and then radioed that the vessel no longer needed assistance.

The Coast Guard here said it had received the information from the tanker Garonne.

The tanker, which had been standing by the 97-foot ketch Caryn 330 miles northwest of Bermuda, radioed that it was resuming its voyage to South America. It reported the yacht was in "good shape."

Names of the woman and child, removed at the yacht's request, were not known immediately.

The Coast Guard said its cutter Rockway would continue on to the Caryn despite the tanker's message that assistance was no longer needed.

Advice out of Block Island, R. I., listed the master-owner of the Caryn as Stephen H. Swift. Other aboard were not identified.

Winds up to 35 knots tore the Caryn's sails loose from bolt ropes Saturday night and left her lying broadside to heavy swells. The ketch had turned to starboard after her engine failed. She was out of Block Island for Bermuda.

The Coast Guard said the research vessel Atlantis, which had reported the Caryn's troubles, has been relieved.

The Atlantis, owned by the Woods Hole Oceanographic Institute, was in the area and established communications with the Coast Guard.

Home port of the Caryn was listed as St. Thomas, Virgin Islands.

Word from Mystic, Conn., said that two Connecticut men were aboard the Caryn. They were identified as Capt. Gary Twing of Groton Long Point, the skipper, and Francis E. Bowker, Mystic, chief mate.

Bowker's wife in Mystic said the two men were aboard the yacht, which formerly was an oceanographic research vessel working out of Woods Hole, Mass.

Swift makes his home in Milton, Mass. Relatives said others aboard included his wife, Edna, and his husband, Bohdan C. Hryniewicka, of Cambridge, Mass., and their 6-month-old son. A professional

Snow Blankets State, Norfolk Gets 10 Inches

New Haven, Jan. 16 (AP)—Two persons died today in Connecticut as the result of the second big snowfall of the season.

Both deaths, in Plainville, were attributed to heart attacks while shoveling snow.

The deaths in Plainville were listed as Walter E. Graham, 75, and George Zerick, 70.

(By ASSOCIATED PRESS)

Motorists traveled cautiously over Connecticut roads today in the second big snowfall of the winter season.

There were no major accidents reported, nor any severe traffic tieups.

Many schools and businesses were closed for the day, however.

Vernon Resident Shot Hartford Man Accused Of Attempted Murder

By RORY O'CONNOR

A Hartford man, accused of shooting an acquaintance at point blank range with a .22 caliber rifle at midnight Saturday in Vernon, is in Tolland Jail today awaiting arraignment next Monday in 12th Circuit Court on a charge of assault with intent to murder.

The bullet in his back was removed Sunday morning. The other bullet is still lodged between his spine and his lung, according to police.

Fowlkes was shot from about 12 feet away as he opened the door to enter his house shortly after midnight Saturday.

The bullet in his back was removed Sunday morning. The other bullet is still lodged between his spine and his lung, according to police.

Rodgers appeared in Circuit Court in East Hartford this morning, but Judge John M. Alexander granted him a one-week continuance to allow him to retain counsel. He is in the State Jail in Tolland in lieu of \$20,000 bond.

Information today is that Atty. Francis P. Pallotti of Hartford will represent him.

Fowlkes was shot twice, once in the abdomen and once in the back under the left shoulder blade, but is in good condition today at Rockville City Hospital, where he

Kennedy Talks Today To Evangelist Graham

Palm Beach, Fla., Jan. 16 (AP)—President-elect John F. Kennedy, nearing the end of pre-inaugural Florida visit, today takes time out from consultations on appointees and speech-writing to lunch with Baptist evangelist Billy Graham.

Kennedy, who is scheduled to leave Palm Beach tomorrow a terminus to fly north to Washington and New York for a round of activity in advance of his Friday inauguration, planned more work today on the address he will deliver after taking the oath of office.

And with several more key positions to be filled before taking over the reins of government, the President-elect is spending considerable time in consultation regarding prospective appointees.

Today he announced the appointment of a career government official, John M. Leddy, as assistant secretary of the treasury for international affairs.

Leddy, 46, has held State Department positions since 1941 and for the last two years has been assistant Undersecretary of State.

Douglas Dillon, who—as secretary of the treasury—will continue to be his chief in the treasury post—Leddy had a key role in formulation of international economic policy.

A native of Chicago, Leddy has a bachelor's degree from Georgetown University School of For-

23 Aboard Structure In Atlantic

New York, Jan. 16 (AP)—Cryptic underwater sounds hinted today there may be survivors trapped beneath the sea in compartments of a storm-wrecked Air Force radar tower.

The huge structure, 70 miles off the Atlantic Coast, vanished in a raging sea last night.

Hope that some of the 28 men on the tower may still be alive came today when the destroyer McCaffery picked up "tapping noises" on its sonar equipment near the site of the vanished tower.

"Exchanged tapping signals," the destroyer radioed the Coast Guard here. "Now has heard what may be human voice over sonar. Definite possibility survivors trapped in tower structure."

The destroyer said it was attempting to send down divers to probe the underwater remains of the tower.

Sonar is an underwater sound-detection system.

"Structure is entirely below surface depth," the message said. "Request all possible salvage assistance earliest."

Previously more than 14 hours after the ocean-bound structure collapsed, the Coast Guard had said chances for any survivors were "very slim."

Bulletins from the AP Wires

JACK SENTENCED
New York, Jan. 16 (AP)—Manhattan Borough President Hulan E. Jack was given a one-year suspended sentence today for conspiracy and violation of the City Charter in a \$4,000-apartment remodeling deal. Special Sessions Court Judge Joseph A. Sarafite used such terms as "betrayal of trust" and "great wrong" in exhorting the city official before passing sentence. The sentencing automatically cost Jack his \$25,000-a-year post-highest municipal office in the nation held by a Negro.

CRITICIZES MEMORIAL

Washington, Jan. 16 (AP)—Mrs. Alice Roosevelt Longworth, 76, showed mighty little interest today in a suggestion that a unit of a proposed cultural center here be adopted as a living memorial for her father, the late President Theodore Roosevelt. T. R.'s outspoken daughter told a Washington Post reporter "the hell with the cultural center memorial. I see from thinking about things like that. It has nothing to do with a memorial to my father."

MANTLE SIGNS

New York, Jan. 16 (AP)—Yankee slugger Mickey Mantle today signed his 1961 contract for about \$75,000, making him the highest paid player in the American League. The 31-year-old home run king received a big boost in pay for his part in the American League pennant. No figures were released by the club but it was understood the famed switch-hitter had received a \$10,000 pay increase over last year, making his salary for the coming season \$75,000. He had been cut \$7,000 last year. This not only restored the cut, a sore spot with Mantle, but lifted him to a higher bracket.

HOSPITAL ATTACKED

Leopoldville, The Congo, Jan. 16 (AP)—Bahutu warriors attacked a hospital at Leopold and severely wounded a Belgian doctor, the United Nations reported today. The U.N. command said Congolese also opened fire on Moroccan soldiers of the United Nations assigned in the same Katanga town. The Moroccans returned fire but no casualties were reported. Both sides took place yesterday.
