On Taking Texas

Being able to take Texas is not ecessarily a cause for clear and untroubled jubilation for Republi cans. They have to calculate or what basis they took it. And they have to cast a wary eye on the possibility that, instead of the party getting ready to take over Texas that super-state may be getting ready to take over the party.

Texas went Republican for Hoover because Al Smith was a Catholic. Texas went Republican for Elsenhower because he was Ike, and also because he made more generous promises about off-shore oil than did Stevenson But now, for the first time since post Civil War days, Texas has gone Republican in the election of a United States Senator. That seems to cut a little deeper, and be a somewhat more solid evidence of Texan progress toward a two party system. And it seems unstained by any religious prejudice or any special greed. As a matter of fact, the two candidates were as much alike as two indidates could be, both Protestants, and both so far to the right they regarded Lyndon Johnson as ome kind of rabid left-winger, and both promised to defy him. In the circumstance, most Texas stayed away from the polls,

"Electric heat is delightful. It's so clean!" says Mrs. Frank Strom

"The whole house stays clean," she continues, " can get away with dusting once or twice a week And as for comfort! We have thermostats in every room so we can adjust them to suit ourselves. Last winter some of my neighbors com-plained about the cold so I just invited them to come over to my house. We didn't have a single chilly day."

Mr. Strom, who built his own home, was in pressed with the low installation cost of electric heating. "It seemed so simple," he explains, "No moving parts to worry about. The actual operating costs were below the estimate made by The Hartford Electric Light Company for the first year and this year, costs are running even better.

"We completed insulation of the cellar and were better acquainted with setting the thermostat for comfort. I think that's the reason for the lower costs in 1961.

"We arranged budget billing with Hartford Eleotric and paid the same amount every month for ten months based upon the estimate. Then, during the two summer months the necessary adjustments were made.

"We're all happy with our electric heating."

Solemn Crowd Honors Nation's War Dead

Manchester townspeople turned out in large numbers for yesterday's Memorial Day parade. For the children, the parade was like all other parades-

For the children, the parade was like all other parades-balloons and riders on horseback, the exciting beat of drums, and pretty majorettes. The lines of march of veterans and military units were only brightly uniformed men. The battles the men had seen were from wars the children could not remember. It was as it should be. Their parents, however, were, for the nost part, silent, and listened gravely to the memorial cere-monies at Munro and Center Parks. The parade started at 9:30 a.m. from the Army and Navy Club on Main St. The five divisions, which included veterans and military units, bands, and youth groups, proceeded up Main St. to Munro included veterans and military units, bands, and youth groups, proceeded up Main St. to Munro Park, where Albert Sheffield, com-mander of Manchester Chapter, No. 17, Disabled American Veter-ans, placed a wreath at the foot of the World War II memorial. are that you are still leaving the door wide open for a deadly killer and crippler -- POLIO. • And it's so needless. Protection is here in the form of the Salk Vaccine. It's been tested and proved in millons upon millions of cases. Yet, nearly half (38%) of all children under five and more than 60% of men and 48% of women from 20 to 40 are still unprotected.
Call your doctor for shots for yourself and for youngsters. Here's why:
Nearly half of those hit by paralytic polio are babies under five years of age. • Young adults are those most seriously paralyzed • Shut the door against polio now. Don't wait. Vaccine you can swallow won't be available for months -- too late for the polio season this year. Call your doctor now for your polio shots. You'll rest easier with the door really locked tonight.

ALL 61 ABOARD KILLED Lisbon, Portugal, May 81 (P) — High tide was expected to wash more bodies and wreckage ashore today from a Dutch-Venezuelan airliner in which all 61 persons were killed. The 4-engine jet DCS crashed on a storm-swept Atlantic beach ear-ly yesterday soon after taking off from Lisbon for the Azores, Car-acas and Curacao. The plane had come from Rome and Madrid, leas-ed by the Venezuelan airline Viasa from KLM.

HOURS BOOST URGED Hartford, May 31 (\mathbb{R}^{n} — Apprentice barbers may have to spend more time at schools before they are eligible for state licenses. The Senate Monday passed and sent to the house a bill that would require apprentice barbers to spend at least 1,200 hours — compared with the present 1,000 hours — practicing their trade at barber schools. Hartford, May 31 (\mathbb{R}^{n} — The State Health Department reports 18 new cases of infectious hepa-titis in Connecticut for the week ended May 26, bringing the total for the first five months of 1961 higher than the total for all of 1960. The total for Jan. 1-May 36 is 269. For all of 1960, there were 258 infectious hepatitis cases in the state.

With the Iron Fireman CUSTOM Mark II furnace you use a super-sensitive thermostat which operates the furnace with the slightest varia-tion of room temperature. This gives you remarkably uniform indoor temperature. No matter how often the furnace starts there is no smoke, no soot, no fouled combustion chamber, no wasted oil.

With the instant clean flame there

are no flecks of soot blowing from your chimney or escaping into your home. Hundreds of tests made with smoke-detecting instruments show a flame that's absolutely clean from the very moment it's turned on.
