

Dag Killed in Crash of Plane UN Secretary-General Flying on Peace Mission in Congo

Message to Kennedy France Bars Talks Now with Russians

United Nations, N. Y., Sept. 18 (AP)—The tragic death of United Nations Secretary-General Dag Hammarskjold threatened to impose new strains on U.S.-Soviet relations today in advance of exploratory peace talks between Secretary of State Rusk and Soviet Foreign Minister Gromyko.

A new East-West struggle over control of the executive machinery of the United Nations could upset the delicate Berlin discussions at the very outset.

By THE ASSOCIATED PRESS The French government has told the United States that it will not participate in any Allied conference with the Soviet Union on Berlin and Germany under present circumstances, the New York Times said today.

Adenauer Rejects Link to Socialists

Bonn, Germany, Sept. 18 (AP)—Brandt's Socialists and the Free Chancellor Konrad Adenauer, deprived by Sunday's parliamentary elections of the majority which permitted him to rule Germany with an iron hand for 12 years, rejected today any thought of coalition with the powerful Socialists.

Esther Curves To Northwest From Florida

Miami, Fla., Sept. 18 (AP)—Huge and violent hurricane Esther began curving toward the northwest today and a course that probably took all of Florida out of range on her 200-mile-an-hour blasts.

"South Florida is in the clear," said chief storm forecaster Gordon Dunn of the Miami Weather Bureau, "and north Florida probably will not be in any danger."

Weather men wanted a few more reports from planes constantly flying in and out of the growing hurricane before making any predictions about the rest of the Atlantic seaboard.

Nancy Death Total In Japan Hits 175

Tokyo, Sept. 18 (AP)—Typhoon Nancy was blowing itself but the north Pacific today after cutting a swath of death and destruction across Japan.

The human toll rose to 175 dead, 18 missing, 3,198 injured and more than 600,000 homeless. Crop damage was estimated at \$130 million and property loss at another \$100 million.

Man, 26, Held In Slaying of Mother of 7

Groton, Sept. 18 (AP)—A 26-year-old Coast Guardsman is to be charged today with assault with intent to commit murder in connection with the death of a pretty young mother of seven.

George Joseph Lefko, Dallas, Tex., a radio student at the Coast Guard Training Base, was arrested yesterday by officers investigating the slaying of 31-year-old Gladys Chouinard Saturday morning.

Mrs. Chouinard's nude body was found by one of her sons on a couch in their home, 27 Flint Ct., Poquonock Bridge, Saturday. She had been strangled and stabbed 12 times. One officer said the killer must have been a sadist.

Lefko, a divorced man, had known Mrs. Chouinard about a month and had had two or three dates with her, police said. The couple had been drinking together Friday night but not to the point of intoxication, police said.

The dead woman's husband, Robert, is undergoing treatment for tuberculosis at the Naval Hospital in St. Albans, N.Y. Her 3-month-old twins, Dwayne and Dwight, are being treated for the same disease at Uncas-on-Thames Hospital in Norwich.

Lefko, who had not signed any confession, will be charged on a circuit court warrant, police said. Murder charges must be made by a grand jury, they said.

2 Youths Killed

Bethany, Sept. 17 (AP)—One Waterbury youth was killed instantly and another fatally injured when their convertible went off Route 69 and smashed into a rocky ledge last night.

Killed was James K. McNeill, 18, of 58 Richard Ter., who state police said was the driver of the car. Joseph Rocco, 17, of Newberry St., died of multiple injuries at St. Mary's Hospital, Waterbury, a short while later.

Police said the car was traveling at a terrific speed when it hit the ledge.

Girl 16, Killed Willimantic, Sept. 18 (AP)—Phyllis Jean Bartholomew, 16, Willimantic, was killed and six other persons injured late Saturday night in an auto accident on Rt. 6, near Willowbrook St.

On the critical list at Hartford Hospital with head injuries are her brother, William, 12, and Daniel Goodlett, 14. Myrtle Bartholomew, 19, was taken to St.

ment pamphlet, "Background Berlin-1961," contained deliberate misrepresentations of the background on the Berlin situation.

The pamphlet said the western armies could have captured Berlin or at least joined in capturing it, it added.

"But the supreme Allied commander, Gen. Eisenhower, believed that they could be more usefully employed against the major German forces elsewhere. As a result the Soviets captured Berlin, but when Germany surrendered, the western armies held much more, and the Soviets much less, than the areas assigned to them by the 4-power occupation agreement of September 1944."

Eisenhower, in his letter to Laird, said: "Not only does the State Department pamphlet confuse history by its attempt to telescope into a sentence or a paragraph the events of months, but I think it is clear that there are erroneous implications and inferences to be drawn from the document. The Secretary of State (Dean Rusk) Laird said on Sept. 7 in a House speech that a recent State Department

Chicago, Sept. 18 (AP)—A Northwest Airlines Electra carrying 37 persons on a Florida-bound flight crashed shortly after takeoff from O'Hare International Airport yesterday, killing all aboard.

The plane, radioing "no control" as its final word to the airport control tower, plunged from a low altitude into a field at the southwest edge of the airport.

Among the 32 passengers was a mother and her four children. In addition, five crew members died in the fiery crash.

The Electra crash was the second major air disaster in the Chicago area this month. On Sept. 1, a Trans World Airlines Commanche crashed near suburban Clarendon Hills minutes after its departure from Midway Airport. Seventy-eight persons died in that accident.

Reds Fire N-Shot 13 In New Test Series

Washington, Sept. 18 (AP)—The Russians fired another nuclear blast today, the 13th in the current Soviet series, the Atomic Energy Commission announced.

The brief statement said: "The Atomic Energy Commission announced this afternoon that the Soviet Union again conducted a nuclear detonation in the atmosphere early today. The detonation was on the order of a megaton yield and occurred in the vicinity of Novaya Zemlya."

A nuclear device of one megaton yield is the equivalent of one million tons of TNT.

The new shot followed right on the heels of two other Soviet blasts over the weekend.

Meanwhile, the United States has fired the second shot of its renewed underground series.

U.S. Space scientists also had a busy weekend:

1—The Air Force shot another Discoverer satellite—the 31st in the series—into orbit from the Vandenberg Air Force Base, Calif. It will attempt to orbit four days to recover it in the air over the Pacific.

2—The National Aeronautics and Space Administration lighted up the sky along the Middle Atlantic coast Saturday night and early yesterday with fiery clouds of chemical vapor in a study of upper atmosphere wind conditions.

3—The National Aeronautics and Space Administration lighted up the sky along the Middle Atlantic coast Saturday night and early yesterday with fiery clouds of chemical vapor in a study of upper atmosphere wind conditions.

Announcement of the two Russian nuclear tests came after Sen. Hubert H. Humphrey, D-Minn., predicted Russia would wind up its present series before the United States meets tomorrow and then Dr. Franklin M. Froese said the state's air reached probably its highest level of the atomic age yesterday, the result of Russian bomb fallout and a change in high-altitude wind direction.

Dr. Froese said the state's air reached probably its highest level of the atomic age yesterday, the result of Russian bomb fallout and a change in high-altitude wind direction.

He stressed, however, that the increase "poses no immediate danger to state residents, but if this could continue for several days or weeks, the question of genetic damage will arise."

The sudden rise, the highest recorded since the atomic age, is threatening events of our time."

Operators Say Craft Possibly Shot Down

Leopoldville, The Congo, Sept. 18 (AP)—Owners of the plane which carried Dag Hammarskjold said today they are trying to find out whether the DC6B may have been shot down by a jet fighter from Katanga.

Officials of the Swedish Trans Air Co., charter operators who supplied the plane for the U.N. Secretary-general, said this seemed a possibility. There was no confirmation from any source.

By COLIN FROST Ndola, Northern Rhodesia, Sept. 18 (AP)—Rhodesian officials reported that Dag Hammarskjold died today in the crash of a plane carrying the U.N. secretary-general on a mission to seek peace in The Congo.

The slight, sandy-haired secretary-general of the United Nations, 56, was flying from Leopoldville for truce talks at this northern Rhodesian copper mining center with President Moise Tshombe of secessionist Katanga.

The United Nations office at Leopoldville said 11 bodies had been recovered at the scene of the plane crash, and one was positively identified as Hammarskjold's.

There was one survivor, U.N. officials said. They expressed belief that the plane carried 14 or 16 persons, including a crew of 5. Earlier the total complement had been reported as 10.

Rhodesian authorities said the wreckage of his plane—a DC6B shot up by Katanga rebels Friday, but subsequently repaired—was found in the bush country at the Congo-Rhodesian border. They said his body was definitely identified.

The plane was the object of a widespread search by U.N., British, American and Rhodesian aircraft for more than 15 hours. At midnight it checked over the Ndola Airport for a landing and then mysteriously vanished. It had been given clearance to land, then radio contact was lost.

This was the most tragic blow of its kind to the U.N. executive staff since Count Folke Bernadotte, Palestine truce commissioner, was shot dead on a Jerusalem street 13 years ago—Sept. 17, 1948.

Bernadotte, like Hammarskjold, was Swedish. The plane crashed between Ndola and Mutitua, a copper mining and smelting center near the Katanga frontier, 40 miles northwest of Ndola. This suggested that Hammarskjold's Swedish pilot, a Captain Hallonquist, had for some reason circled back.

Reports from the scene said the plane plowed up trees in the line of its fatal descent. Hammarskjold's plane got landing clearance at Ndola at 12:12 a.m. (7:12 p.m. EDT Sunday), then vanished.

A British government source said reports received in London suggested there was one survivor

At Triennial Convention Episcopalians Weigh Four Church Merger

By GEORGE W. CORNELL (AP Religion Writer) Bishop Lichtenberger called for vigorous church action to eliminate racial segregation, declaring: "As I understand the gospel, there cannot be any difference of opinion on the fundamental affirmation: 'We are all one in Christ Jesus.'"

The immemorial pledge of service, given in partaking of the Lord's supper, today formed the prelude to the opening business session of the Episcopal Church's triennial general convention.

Also setting the tone for the occasion was a call from the presiding bishop, the Rt. Rev. Arthur Lichtenberger, for bolder action in projecting the Christian message into the world.

"The church is to be concerned with all that affects man's life in this world, with economics and politics and public morality," he told a mass gathering of 15,000 last night.

## Rules Announced For New Law on Driver Education

Motor Vehicle Commissioner John J. Tynan has announced the regulations for the operation of Public Act 481 which permits driver education training by a parent or legal guardian.

Tynan said manuals of detailed instructions for parents and the teen-age driver applicants will be distributed to all branch offices of the Motor Vehicle Department, as well as applications which are necessary for the parent or guardian who is desirous of obtaining a certificate to teach their own daughters in the proper operation of a car.

The motor vehicle office will furnish driver's manuals and other material helpful in educating the young person in motor vehicle operation.

The cost for a home training certificate will be \$5.

The application of any parent or guardian will be rejected if he has a record in the Motor Vehicle Department of any violation of more than six points on his driving record for five years.

Only parents or guardian who have had an application for the past five years may apply.

The parent or guardian must certify that he has given 20 hours of home instruction and 400 or more miles behind the wheel driving to the student.

Commissioner Tynan said all applications will be carefully reviewed.

Tynan also said the test will be more rigid in order that the public will be assured that any person who passes the test will have been given proper driver education training so as to be a safe and responsible person on the highway.

## Education Board Meeting Tonight

The Bolton Board of Education will meet with the Manchester board tonight to discuss where Bolton senior high school students will attend school after the 1962-63 school year.

Until then, the Manchester board has granted students permission to attend Manchester schools.

The Manchester board has also set preliminary reports of a special transportation committee concerning the town's policy for school bus transportation at the meeting, scheduled for 7:30 p.m. in Barnard Junior High School.

Other agenda items include a preliminary report of the adult education program, adjustments in administrative salaries for the new school year, approval of appointments and final setting of the 1962-63 school budget.

## Traffic Death Toll 1,179

Tokyo, Sept. 18 (AP)—Three hundred and thirty-two drivers held a memorial service yesterday for the 1,179 persons killed last year in Tokyo traffic accidents. The drivers took a safe-driving pledge at the service, sponsored by the National Automobile Drivers Welfare Council.

### Diplomats Predicting Stormy U.N. Session

United Nations, N. Y., Sept. 18 (AP)—The U.N. General Assembly convenes tomorrow for what diplomats expect will be the most crucial session of its 15-year-old history. Some say its future as a peace-making organization is at stake.

Already on its opening day, the assembly is expected to be divided into two camps: one supporting the Soviet Union and the other supporting the United States. The Soviet Union could raise the Communist China issue on the opening day by challenging the credentials of the delegation from National China.

The Russians have been trying to persuade delegates outside the Soviet Bloc countries to propose admission of Communist China as a separate issue for assembly debate. They may have to bring it up themselves.

In any event the United States will counter with a proposal for a full-scale study of the Chinese representation issue and related subjects, such as expansion of the U.N. Security Council. It hopes to prevent by this means any quick decision on seating Red China at the current assembly.

The United States will also propose moves for priority to a debate on the need for a treaty on banning of nuclear weapons tests under effective international control. Attempts to negotiate such a treaty at Geneva collapsed when the Soviet Union resumed testing in the atmosphere. The United States and the Soviet Union have failed to reach agreement even on the making of a negotiating body, let alone the substance of the issue. Under present East-West tensions diplomats see virtually no prospect of the United Nations getting any place with the question.

Adding to the gloomy picture is the situation in the Congo, where the fighting in Katanga has dampened hopes for uniting that country as a peaceful base.

This is no doubt a bitter blow to Secretary-General Dag Hammarskjöld, who has directed the long and costly peace-making efforts to bring peace to that chaotic African nation.

The cost of maintaining the Congo operation is draining the United Nations with bankruptcy, and methods of raising money to remove that threat must be solved at the current assembly. The Soviet Bloc countries and France resist

### Vernon Man Hurt At Triennial Convention

John F. Belasky Jr., 27, of Ansonia Rd., Vernon, is in Manchester Memorial Hospital today with a deep cut in his knee and numerous bruises sustained when his car crashed into a utility pole in Vernon last night.

Belasky was taken to the hospital by the Vernon ambulance. Vernon Chief Constable Edmund P. Dwyer said the crash is still being investigated.

He said Belasky's car is considered a total loss. Belasky went to work on Monday.

There were no other cars involved in the accident.

**APPLICATION REJECTED**

Hartford, Sept. 18 (AP)—The State Pharmacy commission has turned down the application of Abraham Rosen, Spivey St., New Britain, to open a pharmacy in a discount house in Southington.

The commission said Saturday the application failed to comply with a new regulation approved by the board. The ruling requires the commission to turn down applications from prospective pharmacists connected by a door with another area.

### Nancy Death Total In Japan Hits 175

1,800 bereaved delegates and visiting dignitaries marched in solemn procession into the vast Cobo Hall, packed to the top gallery.

"Alleluia! Alleluia!" the crowd sang. "Praise the Everlasting King."

Police report that no one was injured in the mishap.

Boyer has been summoned to appear in 12th Circuit Court in Manchester on Oct. 2.
