

As U.S. Fires Shot Reds Threaten More N-Tests

By STANLEY JOHNSON
Moscow, Dec. 4 (AP)—The Russians tried again last night to put the blame on the West for continuance of nuclear weapon tests.
The Soviet government declared that unless the western powers stop all nuclear weapons tests—including underground explosions that don't produce radioactive fallout—it will resume "such nuclear tests as it deems necessary for the consolidation of its defense capacity."
A few hours after the Moscow warning the United States announced it had set off a low-yield underground nuclear blast yesterday and is preparing to go ahead with another test next Sunday.
"Our announced policy is to test and talk," a State Department spokesman said in Washington.
The Russians, who broke a 3-year moratorium on nuclear testing Sept. 1 for a series of big to gigantic nuclear explosions in the atmosphere, said the time has come now "for the early achievement of an agreement which would rid the peoples of experimental weapon blasts."
"What are the western powers striving for?" asked the statement. "To end nuclear tests throughout the world or to continue their pursuit for an illusory superiority in nuclear weapons?"
The Soviet call for an end to testing made no mention of supervising any new moratorium as demanded by the western powers.
The Tass news agency, which distributed the Soviet statement, said it was issued in connection with last week's resumption of the Geneva test ban talks.
The Geneva talks are hopelessly deadlocked as a result of a new Russian refusal to admit any in-

Arabs to Block United Nations Refugees Plan

United Nations, N. Y., Dec. 4 (AP)—The United States and Israel headed today for an open clash with the Arab world over how to help the 1,500,000 Palestine Arab refugees.
The General Assembly's special political committee was to take up the annual report of the U.N. Relief and Works Agency for Palestine Arab Refugees (UNRWA), in which director John H. Davis of the United States endorsed a 13-year-old assembly decision that the estimated 1,350,000 refugees of the 1948 Arab-Israeli war should be given the choice between going home to Israel or taking compensation for the property they left there.
Saudi Arabian Delegate Ahmad Shukairy planned to insist that the refugees should be given this choice, while Israeli foreign Minister Golda Meir was expected to say the United States is willing to help compensate refugees but not to take them in for fear they would endanger its security.

State News Roundup Three Towns Pick Mayors

By THE ASSOCIATED PRESS
The last three mayoralty elections of the year in Connecticut are being held this week.

The voters are going to the polls in Willimantic and Putnam today and in Rockville tomorrow. All three communities are in the northeast corner of Connecticut.
In Willimantic, Democratic Mayor Florimond J. Bergeron is seeking an unprecedented seventh term as the community's chief executive. The Republicans have put up John A. Wrona, a retired grain store manager. The Democrats control the city council, 6-1.
Putnam's Democratic Mayor Leo C. Threlkoff, who succeeded John N. Dempsey when he became governor, is not seeking re-election. In his place, the Democrats have nominated William St. Onge, an attorney.
His GOP opponent is Selectman John Vance. The Democrats control both the Board of Selectmen and the Board of Aldermen in Putnam.
St. Onge was an unsuccessful candidate for Congress last year, bowing to Republican Horace Seely-Brown.

In Rockville, Mayor Leo B. Flattery Jr. is seeking a second term. His opponent is John Yaskulka, a Republican member of the city council and a retired state trooper. The mayor holds the tie-breaking vote in the city council, now divided 6-6.
All three cities are in towns operating separate town governments. Willimantic is in Windham, Rockville in Vernon and Putnam in the town of Putnam.

Fatally Injured

Bridport, Dec. 4 (AP)—A 14-year-old boy was injured fatally Saturday when he was tossed from a pickup truck and crushed under its wheels.

Alfred Gray, son of Mr. and Mrs. Samuel Gray, died in Park City Hospital. State police said the boy was thrown out of the truck as it overturned when the driver, Fred Bohannon, 46, tried to come to a quick stop on the Connecticut Turnpike. The vehicle landed upright and continued rolling.
Bohannon suffered a head injury. Two other boys riding in the truck escaped injury.

257 to 247

Hartford, Dec. 4 (AP)—The State Motor Vehicle Department's daily record of automobile fatalities as of last midnight and the totals on the same date last year.

Extended Forecast

Windsor Locks, Dec. 4 (AP)—The U.S. Weather Bureau today issued this forecast for Connecticut, for Dec. 5-9:

Temperatures over Connecticut, Tuesday through Saturday, are expected to average 4 to 8 degrees above normal. Mostly mild most of the period but turning cooler by Wednesday and cooler by Friday.
The normal high and low temperatures for Hartford this period are 41 and 21, for New Haven 43 and 26, for Bridgeport 42 and 28.

Court Case On Prayers In Schools

Washington, Dec. 4 (AP)—The Supreme Court agreed today to consider whether it is unconstitutional for prayers to be said in public schools.

A petition submitted by parents of nine children in four schools in New Hyde Park, N. Y., contends the offering of prayer in schools violates the Constitution's principle of separation of church and state.
New York State's Board of Regents, the governing body of the state's public school system, had recommended to all local school boards that this prayer be used daily in opening exercises.
"Almighty God, acknowledge our dependence upon Thee, and we beg Thy blessings upon us, our parents, our teachers, and our country."
The objecting parents said they were variously members of the Jewish faith, the Unitarian Church, the Society for Ethical Culture, and one parent is a non-believer.

They appealed to the High Tribunal after New York state courts ruled the prayer did not violate the Constitution. The New York Court of Appeals stated:
"A holding that it is such a violation would be in defiance of all American history, and such a holding would destroy a part of the essential foundation of the American governmental structure."
The objecting parents in petitioning the High Tribunal said they found in its past decision a rule emerging that "is clear and practicable as it is salutary." The petition described the "rule" thus:
"Religious instruction (and religious worship or prayer) may not be conducted inside public schools under the auspices of the public school system, although it may certainly be conducted elsewhere, and, if so conducted, may even be accommodated by such means as the shortening of the regular public school day."
The Supreme Court also agreed today to hear appeals by two men convicted of contempt, and given jail sentences for refusing to answer questions by a House subcommittee on un-American activities.

The appeals seek ruling on (A) whether the committee's hunt for Communists has a bona fide legislative purpose, and (B) the extent to which a congressional committee may probe into associations of the remote past without any showing of necessity.

L. Frank Grumman, Fort Lee, N.J., who conducted a subcommittee session in July, 1957 to which he had attended Communist party meetings in 1936 to 1940, convicted of contempt, he was sentenced to 30 days in jail.

Schools to Cut Church Theme For Christmas

Hamden, Dec. 4 (AP)—Hamden's public schools are toning down the religious aspects of Christmas observances in response to a request from the Hamden Jewish Community Council.

David Wylie, superintendent of schools, said yesterday he has ordered the elimination of nativity pageants and religious motifs in holiday decorations.
He added, however, Christmas carols and other music of ecclesiastical origin would be performed at the schools.
The Jewish Community Council had sent letters to all school superintendents in the area recommending the elimination of both Jewish and Christian religious celebrations from the public schools.
Hymns for the Jewish festival of Hanukkah have been omitted at the request of the Jewish Community Council.
"Essentially, I have asked our schools to play down the religious motif," Wylie explained. "This, however, is not a ban on any decision to make because aspects of the celebration are so much a part of our culture."
He said, for example, art could not be discussed without mentioning church masterpieces.
"I think we all just have to be guided by common sense in this matter," he said.
A spokesman for the Jewish Community Council said most objecting parents are from the city of Hamden.

Plane Crash Kills Three in Germany

Frankfurt, Germany, Dec. 4 (AP)—A 4-jet Boeing 720 of the German Lufthansa Airline crashed near the city of Mainz on a training flight today. An airline spokesman said all three men aboard were killed.
The spokesman said there were no passengers on the plane when it crashed while attempting an emergency landing near the village of Ebersheim, west of Mainz.
The three victims included two flight captains and a flight engineer, all Germans. It was the first jet crash in Lufthansa's history.
The jet crash, which occurred just after 10 p.m. on Sunday, was the deadliest of a series of accidents involving the airline's fleet of Boeing 720s.

West, Reds in Accord On Laos Peace Plans

A fire raged in the front portion of this house at 125-127 School St. this morning and for almost an hour resisted efforts of firemen to control it. Everyone in the house escaped unharmed. Damage to the duplex house was heavy. Details on Page 10. (Herald photo by Oflara.)

East Reds Narrow Crossings in Wall

through the night "under floodlights, some 2,500 East German workers narrowed the seven crossing points between West and East Berlin today and strengthened the adjacent sections of the Berlin wall with more concrete.
The U.S. Command rushed up a platoon of 30 battle-dressed infantrymen as a show of force at the Friedrichstrasse checkpoint in the American sector, the crossing designated by the Communists for Allied personnel and other foreigners.
With a bazooka and two M60 machineguns set up behind sandbags, the American soldiers faced several hundred men of the East German People's Army, also in battle dress with machine guns.
The British increased their patrol on their short stretch of border near the Brandenburg Gate, and French officers were reported observing the activity along the border of their sector.
The formidable new walls were about 7 feet high and 5 feet thick. Tank barriers of steel hedgehogs were cemented into the ground.
Only small passages for traffic, about 8 feet wide for vehicles and 2 to 3 feet for pedestrians, were left open.
The East Germans said they were strengthening the wall to protect East Berlin from any "unprovoked" western action. The Interior Ministry added that it was East Germany's reply to U.S. troop movements on the 110-mile autobahn linking West Berlin with the Free World.
"Maj. Gen. Albert Watson II, the U.S. commandant in West Berlin, rushed a written protest to his Soviet counterpart, Col. Andrei Solovyev, at Russian headquarters at Karlshorst.
Watson called the new East German action an illegal violation of the 4-point occupation agreements on Berlin and demanded Soviet withdrawal of troops from the city."
The newspaper's 4,000-word commentary yesterday charged Kennedy's plan was an attempt to help West German "revenge seekers" get control of East Germany's communications.
The Autobahn—a superhighway cutting across 110-miles of Communist territory—was the "key" to the city's freedom, it said.
The newspaper's editorial said Kennedy's plan was an attempt to help West German "revenge seekers" get control of East Germany's communications.

Izvestia Raps Kennedy Plans For Autobahn

Moscow, Dec. 4 (AP)—The Soviet government newspaper, Izvestia, says President Kennedy's suggestion that the Autobahn linking Berlin and West Germany be placed under international control smacks of a "big stick" policy. It told him to forget the idea because it is "doomed to failure."
And the Kremlin organ chided the President for what it called a "cock and bull" charge that the Soviet Union is out to communize the world.
Commenting on the interview Kennedy gave, Izvestia editor Alexei Adzhubel, the paper said the President put forward "quite a few reasonable ideas" but these were not among them.
Izvestia upheld the "sacred right" of the East German Communist regime to regulate ground, river and air traffic within its territory and declared:
"No state which prizes its sovereignty has ever allowed the establishment of international control over its roads."
The newspaper's 4,000-word commentary yesterday charged Kennedy's plan was an attempt to help West German "revenge seekers" get control of East Germany's communications.
The Autobahn—a superhighway cutting across 110-miles of Communist territory—was the "key" to the city's freedom, it said.

General Strike Continues Balaguer, Foes Fail In Unity Conference

Santo Domingo, Dominican Republic, Dec. 4 (AP)—Gunfire cracked again in Santo Domingo today, seventh day of a general strike seeking the ouster of President Joaquin Balaguer. Shots were fired mostly in the air by soldiers attempting to break up the largest crowds of strikers snatching parking meters and pushing out manhole covers. There were no immediate reports of casualties.

Santo Domingo, Dominican Republic, Dec. 4 (AP)—Government and opposition representatives reopened negotiations yesterday on a unity government to end the land nation's grave political crisis but an opposition leader said the talks "have not advanced at all."
A general strike backing demands of the National Civic Union—the largest opposition group—that President Joaquin Balaguer quit in favor of a provisional junta government entered its seventh day.
Viriato A. Fiallo, head of the Civic Union, cabled the Organization of American States (OAS) in Washington asking the "urgent presence" of an OAS observation team because of the "extremely grave" political situation.
"A vacuum in the civil power threatens the installation of supreme military power with liquidation of all vestiges of democracy," Fiallo said.
Fiallo said after the hour-long conference with Balaguer's representatives the Civic Union was adamant that Balaguer must step down before any new government could be formed.
It was learned privately that the Balaguer administration, which Thursday turned down a formula submitted by the Civic Union, offered some concessions. The nature of those concessions was not revealed.
Unofficial reports said Balaguer had suffered a light attack of hepatitis, a liver ailment, but the government press office said he was at home after a hospital checkup.

State Debate Growing Who Gets the Blame For Boost in Taxes?

By THE ASSOCIATED PRESS
The question of responsibility for the 1961 increase in state taxes is growing into a full-scale political debate.
Each party is putting the blame on the other. The argument can be expected to get more acrimonious if latest statements on the issue are any indication.
In a talk in Hamden yesterday, Democratic Gov. John N. Dempsey took a poke at legislators who voted for the increases but now are ducking responsibility by saying they did so "reluctantly."
"If a man is to act responsibly, he cannot vote for a tax increase and subsequently speak out against his own vote," Dempsey said. "This seems to me to be an example of irresponsibility." He mentioned no names.
Republican State Chairman A. Searle Pinney, calling on his party to start getting tough, said in a speech to the Fairfield County GOP organization in Westport Saturday night.
"The time has come to take off the gloves and to start throwing some punches—and there's plenty of ammunition," he said.
Pinney, who recently assumed the party leadership, said among the "ammunition" could be included the fiscal policies of former Gov. Abraham Ribicoff and his successor, Dempsey. He said their fiscal policies have "seriously impaired the state's finances."
And Pinney peppered the pot with an additional statement today.
"Ever since the adjournment of the General Assembly, Governor Dempsey and the Democrats have

Rocky's Brother Ill On Visit to Albany

Albany, N. Y., Dec. 4 (AP)—A grim Gov. Nelson A. Rockefeller turned to state business today after another personal blow, the sudden illness of his younger brother, Laurence, who was visiting the executive mansion.
Laurence, 51, was taken ill shortly after he, his wife and the governor arrived at the mansion Saturday.
Rockefeller arrived in Albany Saturday aboard his private plane. He told a photographer who expressed the hope that 1962 would be a better year for him that, "It couldn't be worse."
Shortly thereafter, Laurence was stricken.

Peiping Hits Integration Of Military

Geneva, Dec. 4 (AP)—The Western powers and the Soviet bloc concluded a far-reaching agreement today on how to maintain the peace and neutrality of Laos.

The 6-point agreement was adopted at a closed session of the 14-nation Laos peace conference. It will become operative when the neutrality treaty now being drafted by the conference is completed.
Some important obstacles remain to be overcome, particularly the integration of the hostile Laotian military forces. But today's agreement marked the most substantial step forward yet taken by the conference and was hailed by Western and Communist delegates alike.
Red China's Chang Han-fu immediately served notice that the Communists are not prepared to accept American demands for integrating the hostile forces under supervision of the International Control Commission of India, Canada and Poland.
The western powers want all regular forces in Laos placed under the Royal Laotian Army Command, which is western-influenced. The West also wants the commission to supervise the disbanding of the Communist Pathet Lao jungle guerrillas.
"All of us highly value the agreement already reached (and) sincerely hope that the progress we have made here will have a beneficial influence on the situation in Laos," Chang said.
But he declared that the western demand for military integration had created "a new obstacle in our conference."
"The Americans themselves well knew that such an absurd proposition would only be spurred whenever it was brought up, and that the Socialist (Communist) countries . . . would under no circumstances consent to such a suggestion of glaring interference"

Bulletins Culled from AP Wires

MRS. MITCHELL REPLACED
Hartford, Dec. 4 (AP)—Appointment of Mrs. Gertrude Cwikla, vice chairman of the Hartford Democratic Town Committee, to the \$15,300 a year post as collector of eastern Connecticut was imminent today as President Kennedy removed a Republican who has held the federal patronage job for eight years, Henry H. Wesley, undersecretary of the Treasury, notified Mrs. Anne E. Mitchell, Granby Republican, that she had been removed from the position to facilitate the prompt appointment of your successor by the President.

U.S. EXTENDS EMBARGO
Washington, Dec. 4 (AP)—President Kennedy, demonstrating continued U.S. opposition to the Castro regime in Cuba, today extended this country's embargo on imports of Cuban sugar until next June 30. The ban on sugar from the Communist-ruled island off the southern coast would have expired Dec. 31. The White House press secretary Pierre Salinger declined to link Kennedy's action with Cuban Premier Fidel Castro's statement last Friday in which Castro admitted he was a Communist of the Marxist-Lenin school.

NEHRU HITS COLD WAR
New Delhi, India, Dec. 4 (AP)—Prime Minister Nehru appealed to Christian leaders from around the world today to approach international problems in a "friendly spirit rather than in the spirit of the cold war. If we seek peace, we must in some ways adopt the ways of peace," he told the General Assembly of the World Council of Churches here. Nehru is not a Christian. He was born into the Hindu faith but later abandoned religion and became an agnostic.

BRITAIN ACCUSED
United Nations, N. Y., Dec. 4 (AP)—The former chief of the U.N. operation in Katanga today accused Britain of provoking President Mobutu Sese Seko's forces to violence in the secessionist province by supporting his regime. Conor Cruise O'Brien of Ireland, who resigned from his U.N. post Saturday with a bitter statement against Britain, amplified his charges as a news conference. "Britain has been steadfastly in favor of the accession of Katanga until it becomes definitely recognized de facto (in fact) as independent," he said.

Schools to Cut Church Theme For Christmas

(Continued from Page One)
Actionable to his co-religionists...
We don't feel this is proper in school, and likewise we don't feel the observance of Hanukkah in schools is proper either because of the constitutional separation of church and state.

New York, Dec. 4 (AP)—The churches should ignore Dec. 25 and leave Christmas completely in the hands of the business world which has increasingly taken it over, says the director of worship for the United Lutheran Church in America.

Writing in "The Lutheran" official weekly paper of the church, the Rev. Dr. Edgar S. Brown said...
The Babe of Bethlehem, now more solemnly watched over than a TV puppet by its doing mother, represents an investment to be protected.

Christmas, the annual pious salute in the direction of religion, is now the property of the business world, and I say it's high time the church said in unmistakably clear words that it intends to divorce itself from the whole mess.

Let the churches simply ignore the 25th of December the way most of them pass by Ascension Day...
Then everyone could have a merry Christmas without having to go to church, and the church wouldn't have to sit like a stooped female wringing her hands.

Master Plan Previewed Land Use Suggestions Made to Town Aides

A preliminary view of land uses to be suggested in Manchester's master plan, including a proposal that part of the Cheney estate area could serve as a high-density residential district, has been furnished to the Town Planning Commission.

The view, embodying land-use recommendations which will appear in full in a written report, was provided by Harold Kramer, consultant for Planning and Re-zoning Associates of Cambridge, Mass. The firm retained by the town to draw up the comprehensive or master plan.

At a meeting which also was attended by Wilfred Maxwell, chief of the annual planning section of the State Development Commission, Kramer also discussed residential densities in southern Manchester, restoration of some land now designated for business to residential use. He indicated he foresaw use of about 600 acres in the Cheney estate area as a high-density residential area for industry.

Associated with the talks on land areas for industry, was the town's vacant land which will be built on if the present development trends continue. One of the things the town will decide whether it wants to develop the town's borders to merge with developments in other towns.

High Density Areas The \$3,000, 3-month project is due to be completed by March 1, 1962. Final adoption by the town is expected to come a year after completion of the plan and will undoubtedly reflect the wishes of Manchester citizens and officials brought up at public hearings.

Two from Town Attend Parley At West Point Two Manchester area students will take part in the 13th annual conference on U.S. Affairs at the United States Military Academy, West Point, N.Y., Wednesday through Saturday.

Mistakes Made in some residential districts by allowing unfavorable business encroachments, and that it would be wise to avoid similar mistakes in the future.

One of the open areas seen by Kramer were those lands located south of the Rt. 6 relocation. Currently the area south of the proposed relocation of Rt. 6 around Weaver St. is a large area available for densities of about one family per acre, Kramer said, adding that he would like to see developments and an average density of one family per two acres.

Precipitation may total 0.1 to 0.4 in falling as rain and showers about Tuesday and again near the end of period.

McLery on Charge

Bridgeport, Dec. 4 (AP)—James McLery, the Grand Old Man of the Socialist party in Connecticut, is against any change in the party's name.
Such a move has been proposed by some party members to try to dissociate the party from communism in the public mind.
McLery, however, wants no part of such a change.
Now 85 and aging, the longtime member Bridgeport, may have made it known through his wife over the weekend it would be wrong to change the party's name in view of its socialist record of the past.
Among the names suggested are Independent party, Conservative Republican party or Conservative party.

William S. Visovsky, acting Socialist town chairman and Socialist mayoral candidate in last month's city election said "we had run on an independent label we might have won."
The Socialists finished third for their poorest showing in a local election since 1929. McLery served as Bridgeport's mayor for 24 years.
A party subcommittee is considering a name-change proposal.

Numbers for State

Hartford, Dec. 4 (AP)—The State Boarding Safety Commission says it has the authority to begin numbering unlicensed motor vehicles starting Jan. 1, under the standards and requirements of the Federal Boarding Act. Norman A. Busard of Danbury, commission chairman, said Saturday Connecticut's numbering system had been approved by the Coast Guard. Connecticut is the 41st state that has adopted federal approval of its state numbering system, Busard said.

CANDIDATE FOR SHERIFF

Waterbury, Dec. 4 (AP)—City Councilman Francis Paladino says he is a candidate for the Republican nomination for New Haven County high sheriff in the 1962 election. Chief deputy sheriff under former High Sheriff William F. Pallard of Waterbury, Paladino said Saturday he is being considered as a candidate at the urging of Waterbury and county GOP leaders. J. Edward Slavin of Woodbridge, incumbent, is a Democrat.

NORDEN DIVISION EXPANDS

Norwalk, Dec. 4 (AP)—United Aircraft Corp.'s Norden Division has added a precision components department, taking over the manufacturing of the manufacturing done at Norden's Connecticut, N. Y., plant. Robert A. Aspinwall, Norden's general manager, said yesterday. He said the new department is the component industry. It will be the largest in the division of William P. Hixley, Greenwich, Norden's assistant general manager.

SPACE HEATERS CHECKED

Bridgeport, Dec. 4 (AP)—The fire department is beginning an inspection of oil-burning space heaters at the direction of Mayor Samuel Tedesco. The checks will center on multi-family dwellings such as the type in which five brothers and sisters last week after a space-heater fire. Tedesco said Saturday firemen would visit all buildings in which it appears such heaters might be used. The victims in the fire were the children of Mr. and Mrs. Carlton Muse.

WELFARE PROBE URGED

Hartford, Dec. 4 (AP)—State Sen. John M. Lupton, R-Weston, wants a thorough investigation of Connecticut's welfare program for humanitarian and economic reasons. He said the growth in costs was "way ahead" of population expansion and added there are too many cases of fraud. Speaking to the Connecticut Grand Lodge, International Order of Good Templars, yesterday, Lupton deplored what he called a growing "liberalism" in welfare in Connecticut in the last 15 years.

EDWARD H. SMALLYON

West Hartford, Dec. 4 (AP)—Edward Henry Smallyon, a rent control official during World War II and more recently a supervisor of the State Labor Department, died at his home yesterday at the age of 64. In 1948, after working for United Aircraft Corp. for 12 years, he went to Washington as a supervisor of rent, services and fuel in the Enforcement Division of the Federal Rent Control Agency. In 1955, he became a compliance negotiator for the state's Temporary Rent Control Commission in Hartford. At the end of rent control, he became an accountant for the State Labor Department. He is survived by his widow, Mrs. Margaret M. Smallyon. Funeral services will be held tomorrow.

LABOR REPORT TONY URGED

Washington, Dec. 4 (AP)—Rep. Robert N. Glavin, D-Conn., has urged President Kennedy to increase labor union representation on National and Regional Export Expansion Committees.
Glavin's letter to the President yesterday said these government-sponsored committees had helped improve U.S. balance of payments by encouraging greater export efforts. But more exports, he noted, would do much to create more jobs.
"And in this regard," Glavin said, "the American Labor movement has a historical interest which should be accorded greater recognition."

British-Aussie Trade Off

Canberra—Australia trade with Britain was at a new low in 1960. Britain bought 25 per cent of Australia's exports and sold 25 per cent of Australia's imports. In past years Britain had taken as much as 41 per cent of Australia's exports and sold more than half of what Australia needed to buy abroad.

Witfred A. Lutz, Roy C. Conyers, and Witfred A. Kloter study the plot plan for the location of the Vernon National Bank, while a bulldozer begins preliminary construction work for the building. Kloter is president of the new bank, and Lutz, vice president. Conyers is chairman of the building committee. The three men are standing at the approximate site of a sidewalk of the proposed building. (Herald photo by Sateris).

Rockville-Vernon Bank Slates March 1 as Target Date

The target date for opening of the new Vernon National Bank is March 1, according to Roy C. Conyers, a bank director and chairman of its building committee, gave the March 1 date this morning as work began on the construction program.
A bulldozer started grading between the Vernon Circle shopping center parking lot and the traffic rotary at Rts. 20 and 83 for additional parking stalls in the area.
The bank building, to rise on the south edge of the existing parking lot, will have 75-foot frontage and 45-foot depth.
Conyers said the bank will be one of the most modern and up-to-date in the entire area.
Designed by architect William Millett, the one-floor building will have a steel frame roof, glass walls and a central vaulted roof with leaded glass panels.
Vault walls will be 26 inches thick, Conyers said. Builder George E. Riley, a bank director and a key figure in the program, will handle the construction work.
A finished basement will contain a directory room, employee lounge, bookkeeping office and utilities.
The concrete and steel structure will be adequately fireproof, Conyers said. Glass will be of a special non-flammable, heat-absorbing type.
Bank president Witfred A. Kloter accompanied a number of directors and officers to the information and opening of the building this morning. He said the bank's executive officer will probably begin his duties in February.
He is Chester W. Groch, 35, of Franklin, N. Y., a graduate of the Bentley School of Accounting and Financing in Boston, the Cornell Bankers School of Agriculture, and the Syracuse University Bankers School of Public Relations.
A vice president of the Citizens First National Bank of Franklin, he has been employed at that institution 15 years. He is a native of Franklin.
Kloter said Groch will begin duties by supervising hiring of bank personnel. A number of applications have been received, he said.
About 90 per cent of the bank's stockholders are rural Vernon residents, Kloter said.

(Continued from Page One)
tended to four months' imprisonment and \$100 fine.
Gruman told the subcommittee he had been a radio operator for RCA Communications, Inc., for about 25 years and had been secretary-treasurer of Local 10 of the American Communications Association since 1943. The association was expelled from the CIO in 1950 after charges were made that it was Communist dominated.
Bernard Silber New York

Year Gets Bad Start

Bonn—The high heart-attack incidence among West German business executives led life-insurance companies there to investigate a Communist party member's death is likely to come to men between 20 and 30 who drink heavily. The most probable time: Monday the first week in January.

About Town

Emmanuel Churchwomen will meet tomorrow at 8:30 for a pot-luck and Little Theatre of Manchester presentation of a one-act play, "According to Size," in Little Hall at Emmanuel Lutheran Church.

Brainy Easily Fleeced

Washington—Most victims of confidence men and swindlers are people of superior intelligence and worldly experience, according to the Department of Justice. Bankers, teachers, businessmen, insurance doctors, and other professional people are preferred "marks" because such people can readily grasp the possibilities of a suggested venture.

The Baby Has Been Named...

LaForge, Eric Scott, son of Mr. and Mrs. Francis LaForge, Kingsbury Ave. 2nd, RFD No. 1, Rockville. He was born Nov. 16 at Hartford Hospital. His maternal grandparents are Mr. and Mrs. Ernest Reed, Rockville. His paternal grandparents are Mr. and Mrs. Frank LaForge, Rockville. He has a brother, Steven, 1.
Santini, Richard Vincent, son of Mr. and Mrs. Aldo Santini, 162 W. Center St. He was born Nov. 14 at St. Francis Hospital, Hartford. Five Jewish Units Meeting Together

Five Jewish organizations will hold an annual joint meeting at Temple Beth Shalom tomorrow at 8 p.m.
Participating organizations will be the Sisterhood of Temple Beth Shalom, Hadassah, the Men's Club of the Temple, Charter Oak Lodge and Ben Ezra Chapter of B'nai B'rith.
The program theme will be "Zog Das Emma," a take-off of the television program, "To Tell the Truth," and "Play Your Hunch."

Center Fellowship Meets Wednesday

"Christmas International" will be the theme of a meeting of the Center Fellowship of Center Congregational Church Wednesday at 8 p.m. in the Federation Room of the parish house.
At a short business session before the program, the budget will be presented for approval. The new Fellowship worship center will be dedicated by Mrs. Hooker K. Johnson, director of religious education, assisted by Mrs. Charles R. Baxter.
Miss Selva Rotberg of Argentina will speak on the Christmas customs of her native land. The program will also include the singing of Christmas carols of many countries, accompanied by Mrs. Robert Rimmer, pianist. Various Fellowship groups will display tables

Rocky's Brother III On Visit to Albany

(Continued from Page One)
Physician said Laurance, a New York City business executive, apparently was suffering from a gall bladder condition; the governor's office reported.
Rockefeller then spent his first night in the mansion since the 100-year-old structure was damaged by fire last March 2. He and his wife were rescued from that fire, p.m. at the Manhattan High School gymnasium.
The usual seven period will be omitted and the full time will be allotted for the party. Santa will be there to distribute gifts to all the students.
Parents of both the students and the instructors are invited to attend.

Zoners to Consider Used Car Lot Request

The Zoning Commission will meet Wednesday at 8 p.m. at the community hall to consider the application of Ernest Mason of Vernon for a used car lot on the corner of Brandy St. and Bolton Center Rd. The zoning commission was referred to the Zoning Board of Appeals after the zoning board of appeals had no jurisdiction in the case because a used car business is not a permitted use in a business zone.

The ZBA held a public hearing on Nov. 22 at which a petition signed by 80 residents of the Brandy St.-Bolton Center Rd. area was presented. Mason had applied for a used car dealer's permit for property now zoned for business use. The zoning board of appeals is not a permitted use in a business zone. The zoning board of appeals is not a permitted use in a business zone.

Firemen to Elect Second Lieutenant

The December meeting of Talcottville's Co. 3 firemen will be held tonight at 7:30 at the firehouse. The main order of business will be the election of a second lieutenant. This was supposed to have been accomplished at last month's meeting, but it was postponed because of the illness of one of the members present to constitute a quorum.

Two Fire Calls Friday

Talcottville firemen were called out twice at mid-afternoon Friday. However, both fires had been extinguished before they arrived at the scene with no damage resulting. The more potentially dangerous fire of the two occurred at 3 p.m. when an oil burner overflowed in the garage at Pagan's warehouse on Old Town Rd. according to Vernon constables.

Enumeration Counts 742

Mrs. Steve Urwin has completed the school enumeration for Andover, counting children from birth to 18 years of age residing in this town as of Oct. 1. There are 742 children under 18 years of age residing in Andover, 4.8 per cent of the total population of 1771 persons.

There are 240 pre-school children. Enrollment in the elementary school is 243 and enrollment of Andover children in RIAM High School is 228. Other figures include: Four attending technical school; eleven attending private schools; one in the armed forces; one in a correctional institution; three working and one unemployed.

Staff X-rayed

The teachers, cooks, bus drivers, custodians and the secretary of the elementary school took advantage of the state health department mobile X-ray unit which visited RIAM last week for their required chest X-rays.

Jack Rice, school bus driver, is resigning his job as of Dec. 11, and the school is looking for someone to replace him. The daily hours are 7:15 to 8:15 a.m. and 2 to 4 p.m.
