# Moslems' Vote Frees Algeria

ALGIERS (AP)—Algerian rebel guerrillas, aided by deserters of the French-armed local force, were reported massing for a military coup in the new nation, official French sources said today.

According to reports received by the French, the troops were massing near the administrative capital of Rocher Noir and in the Blida Atlas Mountains south of Algiers.

They were believed to be supporters of rebel Deputy Premier Ahmed ben Bella who last week mysteriously fled from Tunis to the Libyan capital of Tripoli.

ALGIERS (AP)—Cheering their newly won independence, thousands of Moslems surged through Algeria's cities today ignoring an ominous split among their leaders that darkens the nation's future.

The spontaneous outburst, following Sunday's almost unanimous vote to end 132 years of French rule, was noisy and exuberant. If there was any resentment against European settlers who fought them so long, the Moslems did not show it.

Throughout the country jubilant Algerians chanted "Long live Algeria" and waved enormous green-white nationalist flags with a red crescent and a star in the center.

The new nation's flag—illegal in Algeria only a few weeks ago—sprouted like magic in towns and villages everywhere.

In the cities, the demonstrations for the time being seemed to be only nonpolitical expressions of joy at independence. None of the demonstrators appeared to be taking sides in the dramatic split of the nationalist leadership.

Disension between the moderate leaders of the exile provisional government, led by Premier Yousef ben Khedda, and leftist Deputy Premier Ahmed ben Bella soon dangerously.

## State News Roundup

### State Without Traffic Death Over Weekend

By THE ASSOCIATED PRESS  
State Police said today Connecticut went through the weekend without a traffic fatality.

However, two New Britain residents were killed in accidents Saturday.

John A. Jakubowski, 41, drowned in a Farmington pond while on an outing with friends. His body was recovered by aid divers.

Frank Wisniewski, 44, was killed in a fall. Police said he suffered a fractured skull after he tumbled over the back stairs railing on the second floor of his home.

### Horse-in-Car

WATERBURY (AP)—Mrs. Paula Boston of Waterbury was driving her car along Sunnyside Ave. last night when a horse came through the roof.

Mrs. Boston and two passengers suffered minor scrapes and bruises.

As police told it, three teenagers were horseback riding on Sunnyside Ave. and stopped to let Mrs. Boston's car go. Then the teenagers urged their steeds into a run behind the car.

Mrs. Boston, police said, saw the pursuing horses and pulled over to the side of the road. The next thing she knew, horses' hooves smashed through the roof.

The horse suffered a gash. The three horseback riders were charged with reckless use of a highway.

### New Laws for Date

WINDSOR LOCKS (AP)—The 5 a.m. temperature at the U.S. Weather Bureau today was 47 degrees, a new low for the date and a new record low for the month of July.

The previous low of 36 degrees occurred on July 21, 1944.

### Extended Forecast

WINDSOR LOCKS (AP)—The extended Connecticut forecast for Tuesday through Saturday, July 7:

Temperatures are expected to average 2 to 5 degrees below normal. Cool throughout the period, except for a warming trend toward the end of the period.

Some normal high and lows for Connecticut are: Hartford 85 and 61; New Haven 79 and 61; and Bridgeport 80 and 63.

Precipitation may total one tenth to 2 tenths of an inch occurring mostly in higher elevations as very scattered showers or thunder showers over Friday.

### Surprises in June

WINDSOR LOCKS (AP)—Although June didn't bust out all over, it had its violent moments, the U.S. Weather Bureau says.

Thunderstorms caused considerable damage, including two deaths, the Weather Bureau said in its end-of-the-month summary yesterday.

Lightning killed a Danbury woman on the 15th and a young girl camper at Columbia on the 28th.

### Strike in Saskatchewan

## 700 Doctors Protesting Compulsory Medicare

REGINA, Sask. (AP)—A strike by most of Saskatchewan's 700 private doctors swept the province of 825,000 people today as the Socialist provincial government launched the first big compulsory medical insurance plan in North America.

Charging that the plan opens the door to government control over their profession, doctors took off on vacation or quit the province to practice elsewhere.

Most doctors' offices and clinics were closed for the Dominion Day holiday today, but many displayed signs saying they would remain shut. Physicians said they would not give medical advice by telephone and would make house calls only in dire emergencies.

The government medical plan and the doctors' strike took effect Sunday.

Free emergency treatment was provided by about 240 volunteer doctors at 34 of the province's 120 hospitals. The hospitals said they were busy but were not overloaded. One fatality, an infant, was reported.

Ten-month-old Carl Derhousoff, believed suffering from meningitis, died Sunday night en route from his home in Usterville to an emergency treatment center in Yorkton, 75 miles away.

## Spy Foiled In Attempt At Suicide

LONDON (AP)—Runaway spy Dr. Robert A. Soblen was reported out of danger today after trying to kill himself aboard a crowded Israeli airliner returning him to an American prison.

The bail-jumping 62-year-old psychiatrist, sentenced to life imprisonment for spying for the Soviet Union, slit his wrists and stabbed himself in the abdomen with a steak knife Sunday during a flight back to New York after being refused political asylum in Israel.

A bulletin issued by Hillingdon Hospital said: Soblen's condition has improved, and it is unlikely that an operation will be necessary. Other sources said Soblen was out of danger through still too weak to travel. He lost two pints of blood. Promptly administered transfusions restored a measure of his strength.

Soblen suffers from leukemia—cancer of the blood—and doctors said last August he had less than a year to live.

He was accompanied by a U.S. marshal who made his suicide attempt clear that Soblen, who was deported Sunday from Israel, would not be allowed to stay in Britain.

As soon as Dr. Soblen is fit enough to travel, he will have to leave the country," the spokesman said.

Soblen forfeited \$100,000 bail and fled from the United States.

## Conflict Feared As Africa Gets 2 New Nations

USUMBURA, Burundi (AP)—Two new African nations, the Republic of Burundi and Kingdom of Rwanda, were born Sunday against a backdrop of tribal conflict that could turn the former U.N. trust territory into another Congo.

Independence ceremonies were held in Usumbura and Kigali, capitals of the territories which have been administered by Belgium as Rwanda and Urundi.

Leaders in both cities warned of possible future violence from the ancient animosity between the tall Watutsi and the more numerous Bahutu they once enslaved. It is feared that this may break out again after Belgian troops leave.

The two nations, with combined populations of five million and an area totaling about 20,000 square miles, start out with little money in their treasuries and few resources to sustain them.

In Usumbura's Kwagasoro Stadium, the flag of Belgium was lowered as Belgian troops sang their national anthem. A cheer rang out from 20,000 Africans as the red, white and green colors of the new flag were raised.

Africans raised three fingers—for God, for King Mwambutsa and for Burundi—as their monarch appeared resplendent in a white uniform crossed with the blue sash of Belgium's Order of Leopold II.

In a red dirt stadium in the heart of Kigali, the red, yellow and green striped flag of Rwanda was hoisted amid drum beats and

Richard Cardinal Cushing, speaking at Gloucester, Mass., in the annual blessing of the fishing fleet, said the decision "broke the hearts of millions and millions of people who live in captive nations behind the Iron and Bamboo curtains, whose only hope is in God and our own beloved country."

"The only thing communism fears is religion, and religion is the only thing that can save the world from being dominated by the butchers and tyrants of the Communist world," Cardinal Cushing said.

The Catholic bishop of Providence, R.I., the Most Rev. Russell J. McVinney, said "our founding fathers must be apologizing before the courts of heaven today for the agnostic, even atheistic decision of our U.S. Supreme Court."

In sermons Saturday, a number of New York rabbis said the decision has helped the cause of religion, not hindered it. Some described the prayer involved as being so neutral that it is meaningful and cannot help religion.

The Rev. Dr. Edward E. Klein of the Stephen Wise Free Syn-

agogue in New York City urged that citizens support the decision and accept it as a challenge to cultivate prayer at home and intensify religious education in synagogue and church.

Some churchmen said a larger reason for alarm were predictions that the ruling may lead to elimination of all Bible reading and religious observances from the public schools.

The Rev. Dr. John M. Krumm, Columbia University chaplain, said the prediction "justifiably causes alarm to churchmen who would regard an education from religion for religious liberty nor an attack upon the religious traditions of our country."

"The Supreme Court decision did not say religious devotion is a voluntary matter may never be held in public schools," he observed in a sermon Sunday.

Last Monday, the court ruled that a 22-word prayer drafted by the New York State Board of Regents for recitation at the start of each school day was unconstitutional.

The prayer reads: "Almighty God, we acknowledge our dependence upon Thee, and beg Thy blessing upon us, our parents, our teachers and our country."

Dr. E. S. James, editor of the Baptist Standard and a Southern Baptist leader, called the court's decision "proper, proper, proper," adding the school prayer "could not hurt anyone."

However, Dr. J. Richard Sneed of the First Methodist church in Chicago led his congregation that the ruling will produce a more revolutionary effect on U.S. society than Karl Marx ever could.

He said the court's philosophy "seeks to quarantine religion."

Dr. Sneed said, "With the Deity constitutionally incapacitated, only materialism, secularism and atheism can publicly prevail."

## Some Take Middle Road Ruling on Prayer Praised, Attacked

By THE ASSOCIATED PRESS  
The U.S. Supreme Court decision banning official prayers in public schools evoked both dissent and praise in Sabbath sermons. One minister called it "proper, fair and correct" while another ascribed to the court a philosophy that "seeks to quarantine religion."

Some took the middle ground. Among them was the Rev. Dr. Charles D. Kean of the Episcopal Church of the Epiphany of Washington, D.C., who said the court's ruling was "neither a great victory for religious liberty nor an attack upon the religious traditions of our country."

"The Supreme Court decision did not say religious devotion is a voluntary matter may never be held in public schools," he observed in a sermon Sunday.

Last Monday, the court ruled that a 22-word prayer drafted by the New York State Board of Regents for recitation at the start of each school day was unconstitutional.

## Split Wide On Issue of Civil Rights

HERSHEY, Pa. (AP)—Democratic governors reported majority support today for a program of medical care for the elderly financed through Social Security.

But they split wide open, as usual, on the question of a declaration on civil rights.

Republican state executives, meeting in a separate caucus in this politics-packed 54th annual Governors' Conference, exactly reversed the Democrats' stand.

Gov. Wesley Powell of New Hampshire, chairman of the conference, reported a majority of the Republicans opposed to the Kennedy administration's compromise health care bill scheduled for U.S. Senate consideration. But he said they were unanimous in their pro-civil rights position.

Gov. Stephen L. McNichols of Colorado said a wide variety of issues was discussed at a party caucus attended by Democratic National Chairman John M. Bailey.

Bailey is attending the conference as an aide to Gov. John Dempsey of Connecticut.

From others it was learned that the Democrats are promoting Gov. Albert D. Rosellini of Washington, now serving his second term, as new chairman of the conference to succeed Powell.

Traditionally, Democrats and Republicans alternate in the chairmanship. Governors reported that Florida and California are bidding for next year's meeting of the organization.

Although Bailey said there was only general discussion of the issue at the Democrats' caucus, Gov. John R. Swanson of Michigan said a majority appeared to

## Anxious to Campaign

# Ribicoff Will Resign Prior to Convention

By THE ASSOCIATED PRESS  
Welfare Secretary Abraham Ribicoff's resignation from the cabinet is expected to be on President Kennedy's desk within the next two weeks.

Ribicoff hopes the resignation will clear the way for a full-scale campaign by him for the U. S. Senate on the Democratic State ticket.

The former Governor said during several appearances over the weekend he will step down from the federal post, on or before July 13, the Connecticut Democratic caucus gather in Hartford for their state nominating convention.

Ribicoff is an avowed candidate for the Senate nomination but is opposed by U.S. Rep. Frank Kowalski, who has threatened to challenge Ribicoff in a primary.

"I can't wait to hit the campaign trail once again," said Ribicoff at a gathering in Groton yesterday. Later in the day, in New Haven, Ribicoff said when asked about resigning:

"Let's put it this way—I intend to come back to the state to do some campaigning before the convention and I intend to send President Kennedy my resignation before the Democratic state convention."

Ribicoff, who supported Kennedy for vice president in 1960, was the President's first cabinet appointee. In his year and a half as secretary of health, education and welfare, Ribicoff has had the task of speaking for the administration on some of the most controversial aspects of its program, including federal aid to schools and medical care for the aged through social security.

Kowalski will be able to challenge Ribicoff in a primary.

### Hebron Dump Talks Shift To Sand Pit Site

Rearing its head again for Hebron residents to ponder is that family dump problem. All attempts thus far to find a suitable site have failed.

The selectmen are now grappling with the question of returning to the sand pit site. Having received a petition signed by the requisite number of names, and approved by 31 of the 36 members of the Republican town committee, to reconsider their 26, previously rejected, owing to dissatisfaction on the part of residents of the area involved.

There are 19 acres in the proposed site and cost, formerly \$1,800, would now be \$2,000. A town committee will have to be called to settle the question.

At the present time the town is without any place for dumping and residents are getting along as best they can. Mrs. William E. Leary, wife of the first selectman, helped out for two months by offering land owned by her as a temporary dump at \$1 for the above time.

This was extended to six months but was permanently closed on June 10. A proposal to sell the old dump on the late Ned Raymond place has been rejected by the voters. It was represented by those opposed to the sale, that the plot would be of value to the town as a town yard and garage site. Selectman Leary also reported that it will cost the town about \$400 to clean up and fence the property, to comply with terms of a court injunction. The dump was found to be a nuisance and a cause of water pollution for the area.

### Despite Smashing Reception Kennedy Failed to Alter Mexico's Aim on Castro

(Continued from Page One)

Of all Latin American countries, Mexico has had most success in freeing itself of past evils. Its revolution over a half century, rid the country of the entrenched land-owning oligarchy that rules the roost in some other countries.

But even Mexico, for all its appearance of stability under the one-party rule of the Party of Revolutionary Institutions has political uncertainties which frequently cause capital to flee.

Dramatic appearances of the president of the United States capture the imagination of people aching for swift change.

There are those in Washington who admit the direct appeal to impatient people has serious aspects.

But if the rulers won't change voluntarily, those in Washington ask, what can be done except appeal to the people and hope that the pressure generated from below will move them on top?

Millions of Mexicans in gray fiesta spirit poured into the squares and plazas of their capital and packed the streets to cheer the President and Mrs. Kennedy on their weekend visit.

That outpouring of humanity, luncheons or at the Mexican government's big housing project outside the city, Kennedy talked success.

He associated political and economic progress in the 1960s with the revolutions that had advanced both the United States and Mexico.

Some of those protected have an insurance policy as well as Blue Cross-CMS protection.

At a time when there is so much discussion about medical care for the aged, we in Connecticut can look with pride at our own health resources and progress in providing care for our senior citizens.

W e, the representatives of Connecticut's largest organizations providing health-medical care or methods of paying for such care, recognizing our mutual purpose in serving the public, have been conducting a series of joint meetings since December, 1961, to review the scope and progress of the various methods of providing protection for health and medical care costs and to explore common problems facing the health and medical fields. It is evident from this review that:

- 1. Connecticut residents have available to them the highest quality of health-medical care.
2. The voluntary agencies in Connecticut are recognized leaders in developing statewide the widest variety of programs to finance the cost of such care.

We base our conclusions on the following facts: Our organizations have been alert to the needs of the people, all the people. In Connecticut, through our voluntary system, coverage has been made available to every citizen, regardless of age. More and more persons have enrolled each year, including aged citizens, and the type of coverage available is being continually broadened.

Car Crashes Into Store

Seymour Kudrow, 81 Milford Rd., proprietor of Seymour Auto Parts at 681 Main St. looks at the damage caused by a car out of control. The store opened two and a half months ago. (Herald photo by Photo.)

A car rolled down the Myrtle St. hill early yesterday morning, crossed Main St., jumped the sidewalk, and shouldered its way through a plate glass window to the first, second, third and fourth floors of a store that sells spare auto parts.

The driver, Robert A. McFee, 22, of East Hartford, is in good condition today, recuperating from a head concussion in the special care zone of Manchester Memorial Hospital.

The car is in serious condition, as is the Seymour Auto Store at 681 Main St., many of the car's necessary parts having been scattered among the store's spare parts.

McFee told Manchester policeman Charles Morneau that the car went out of control. The accident is being investigated.

A number of other accidents happened yesterday in Manchester. Marilyn J. Sapta, 46 Pine St., was arrested and charged with making an improper right turn about 2:15 p.m. after her car, going east on Center St., was involved in a collision with a car driven in the same direction by Anthony Bonasera, 56 of Torrington. Court appearance is set for July 23.

# Only Three Points Out of First Place After Split with Yankees Angels Still Fighting in A.L.

NEW YORK (AP)—If the American League standings were a barometer, the Angels would be in first place and the Yankees would be in second. But the Angels are only three points out of first place and the Yankees are only one point out of second place.

The Angels, generally picked to finish deep in the second division in the pre-season selections, gave no indication of forsaking the lead.

The split, along with Chicago's sweep over Cleveland, 5-4 and 7-0 by the second, they only three points out of first place and the Yankees are only one point out of second place.
