

Soviet Troop Bus Stoned By Angry West Berliners

West Berliners jeer American soldiers patrolling the Berlin Wall near Checkpoint Charlie. An undercurrent of anti-American feeling arose because U.S. troops failed to aid a youth, shot by Red guards, who lay bleeding for nearly an hour Friday before the Reds took him to a hospital where he died. (AP Photofax via radio from Berlin.)

Mob Jeers East, West About Wall

BONN, Germany (AP)—The West German government called on all Germans today to assist in identifying the East German people's policemen who shot down a teen-ager at the Berlin wall last week so that murder charges can be drawn up. Press Chief Karl Guenther von Hase said the death last Friday of Peter Fechter, 18, was outright murder, since the Red wall is not a national frontier recognized by international law.

BERLIN (AP)—Furious young West Berliners hurled stones at a bus full of Soviet soldiers again today as it sped through the city carrying a change of the guard to a war memorial. Some bus windows were broken.

A crowd of about 400 shook fists and shouted "swine" and "murderers" as the bus passed. West Berliners have been stirred to hot anger by the shooting of a refugee at the wall Friday and the fact that he lay dying in plain sight just out of reach of the West. After bus stonings on previous days, West Berlin police gave the bus today a heavy escort—two sedans, a radio truck and two trucks of alert police. But youngsters, with their pockets full of rocks were able to get within 30 yards of the bus. The Soviet soldiers did not reply to the attack, nor could any reaction be seen on their faces. It was the third day in a row that Soviet vehicles have been attacked by young West Berliners. The buses are an easy target because they come through Checkpoint Charlie, the crossing point on the wall for non-German vehicles.

Bulletins

Culled from AP Wires

NEW DRUG BILL APPROVED WASHINGTON (AP)—The Senate Judiciary Committee today approved President Kennedy's proposed revision of the pending drug bill, saying the changes would provide for a better, safer and more effective drug, but in addition should provide physicians with honest information concerning the medicine's properties and prevent the dissemination of false and misleading information to doctors.

BOLTS HIT BRIDGEPORT BRIDGEPORT (AP)—Several buildings and homes in the Bridgeport area were damaged by lightning today during an intense electrical storm that dropped a quarter of an inch of rain. Two buildings were damaged in Bridgeport, and one was struck in Fairfield. No one was hurt. Lightning demolished a 15-foot high chimney on a Main Street business building in Bridgeport.

PROTEST U.S. ARMING BOSTON (AP)—More than 170 professors at colleges and universities in the Boston area have signed an open letter to President Kennedy asking "Why are we arming on such a scale?" The letter will appear as an advertisement in tomorrow's New York Times, paid by the signatories. The letter contends that there is a basic contradiction in the nuclear policy of the United States. It points out that this country seeks a general disarmament involving inspection but fails any more toward that goal by amassing an enormous nuclear arsenal.

KENNEDY ON FARMS STORRS (AP)—President Kennedy said today America's privately owned family farms are an inspiration to freedom-loving people around the globe. Kennedy made the comment in a message of greetings to the opening of the three-day annual meeting of the American Farm Economic Association. Some 1,500 farm experts from the United States and abroad are at the University of Connecticut's College of Agriculture for the meeting.

President Kennedy was good natured about the huge crowd that gathered around him as he returned from a swim at the Santa Monica, Calif., beach yesterday. Bill Beebe, Los Angeles Times photographer, went into the water fully clothed to get this copyrighted picture. (AP Photofax.)

Kennedy Jolts Secret Service In Mob Scene

LOS ANGELES (AP)—President Kennedy, weekending here, decided to take a swim in the Pacific—and was almost swamped by a throng of 1,000 admirers. The scene was reminiscent of Coney Island on a muggy Fourth of July. The Secret Service, to a man, was in a mild state of shock. Bystanders walked into the sea fully clothed as the President strode into the ocean in front of the Santa Monica beach home of his brother-in-law, Peter Lawford. It happened Sunday during the President's 33-hour visit to Southern California, a flying trip which ended shortly before midnight when the presidential jet took off to return to Washington, D.C. It had been billed as a non-political trip, although the President obviously helped the cause of Democratic Gov. Edmund G. Brown when they dedicated the \$511-million San Luis Dam in central California on Saturday. The President spent much of his time in Southern California with Lawford—whose wife, like the President's, is vacationing in Europe. The President and his film star

Money Bag at Bradley Field Two State Angles In Mail-Cash Case

BOSTON (AP)—The discovery of additional fingerprints was disclosed today by one of the chief investigators seeking the handprints who took part in the nation's biggest cash robbery in Plymouth last week. William F. White, chief New England postal inspector, told newsmen the prints were found on road signs used by the robbers to detour traffic while they emptied a mail truck of \$1,551,577.

He also said that money bags found in Connecticut; Portland, Maine; Nashua, N. H.; and Boston could not be linked with this robbery. BY THE ASSOCIATED PRESS Two Connecticut angles have developed in connection with last week's \$1.5 million hijacking of a U.S. postal truck in Plymouth, Mass. State Police reported the finding of a money bag marked "Return to Federal Reserve of Boston, Mass." in front of the Air Kaman Terminal at Bradley Field, Windsor Locks. The bag

State News Roundup

2 Die as Fire Guts Home in East Hartford

EAST HARTFORD (AP)—Firemen today were investigating a blaze that took the lives of two persons. Mrs. Mary M. Krueger, 36, and Wallace Gallupe, 30, died yesterday in the wreckage of the Krueger home, a five-room ranch at 301 Woodland Dr. Frederick Krueger, the dead woman's husband, managed to save their three children, Frederick, 12, Sharon, 10, and James, 6. Gallupe, a resident of Glastonbury, was staying overnight at the Krueger home. He had been helping Krueger, a contractor, install aluminum siding on the house. They intended to finish the job Sunday. The blaze broke out at about 2 a.m.

Warning on Smallpox

HARTFORD (AP)—State Health Commissioner Franklin M. Foote today—got all Connecticut residents who were in Grand Central Station last Saturday, Aug. 11, from 1-3:30 p.m. to get vaccinated against smallpox. This warning came from the state's health head as police in New Britain reported they had found a Polish woman and her son who had been exposed to the deadly, highly-communicable disease and they were being vaccinated. The hunt for Mrs. Joanna Boczowski and her son Edmund and the warning by Dr. Foote came as U.S. Public Health Service officials disclosed over the weekend that a young Canadian boy had come down with the first confirmed case of smallpox in this country since 1947.

Dr. Foote said today: "We have been informed that the boy (James William Orr, 15) was lying on a bench on the upper level at Grand Central Station on Saturday, Aug. 11, between 1 and 3:30 p.m. Later he broke out in a rash while on a train." Pointing out that many people from the Hartford area and lower Connecticut often go into New York City on weekends, Dr. Foote said, "Undoubtedly quite a few people from the state must have been in the station during those hours. The boy must have moved about, and infections are easily carried to persons anywhere from 15 to 20 feet away from an infected person."

He urged that all persons who feel they might have been near the boy be vaccinated if they haven't been within the past three years. 163 to 180 ORANGE (AP)—Connecticut's unofficial traffic death count has reached 180 with the latest fatal accident claiming the life of a 21-year-old airman, David Bartock of Woodbridge, N.J., was fatally injured Saturday when his car went off the Wilbur Cross Parkway here

Journalism Award For Foe of Birchers

WATERVILLE, Maine (AP)—New York Herald Tribune: Robert E. L. Strider, president of Colby College, and Reginald Sturtevant, chairman of the Colby College Board of Trustees. The ruddy-faced Tom Storkie included in his ancestry Spanish Lieutenant Jose Francisco de Ortega, who discovered San Francisco Bay and the Golden Gate in 1789. Storkie went to work as a six-week cub reporter in 1936 in his native seaside city. Three years later, with \$2,000 he borrowed from a druggist, he bought the Santa Barbara Daily Independent.

Storkie's News-Press, a daily of more than 30,000 circulation, is the lineal descendant of the little "Independent" and other newspapers Storkie acquired. Still working, six days a week, he continues his long-held belief that "a newspaper will not be listened to or win respect if it pussyfoots in stating its editorial beliefs."

He used his newspaper for many a crusade—against the Southern Pacific Railroad, which

2 Newspaper Plants Bombed in Madrid

By HAROLD K. MILKS MADRID, Spain (AP)—Bombs exploded today in the plants of two newspapers in Madrid and one in Barcelona, injuring one employee and causing some damage. Officials said the blasts were the continuation of a wave of nuisance political bombings. Bombs exploded in Madrid at the Catholic publishing house that prints the newspaper, Ya and at the plant of the pro-Falangist Pueblo. In Barcelona a bomb went off at the office of the pro-Catholic La Vanguardia, slightly injuring an employee who was raising a wooden shutter above display windows. A similar bomb exploded Sunday

Formed by U. S. Sky Shot New Radiation Ring Found Above Earth

BOULDER, Colo. (AP)—A new magnetic equator. The Minneapolis Tribune described the new radiation ring as probably a temporary layer under the inner part of the Van Allen belt. "By temporary," said Dr. Warwick, "I mean possibly months or it may mean five years. We are maintaining constant observation, and I hope that by Sept. 1, we may have more information." At Southampton, N.Y., where he is vacationing, Dr. Van Allen said the new belt has "increased the potential danger for manned space flights," but detailed explanation and scientific examination is needed before the effects on Project Mercury flights can be determined.

"I don't want to prejudice the data," Dr. Van Allen said, "but the radiation is a matter of concern and it is conceivable that Mercury flights might have to be delayed." Van Allen said the situation conceivably could lead to delay in similar flights by Russians. Variations of the Van Allen belt's radiation have been studied for a year with the help of a satellite called Injun, launched for scientific purposes on June 29, 1961. The new ring, he said, consists of high-energy H-bomb electrons, invisible atomic particles, which follow the path of the earth's mag-

New Red Sky-High Shot Soviet Turns Down Partial N-Test Ban

GENEVA (AP)—A Soviet spokesman today rejected proposals for a partial nuclear test ban treaty even as Swedish scientists reported the Soviets have set off a new atmospheric blast in their current testing series. The idea of a half-way treaty has been advanced by Brazil, Sweden and Italy because the nuclear powers are deadlocked on methods of enforcing a ban on underground testing. Their idea is to stop atmospheric tests without delay in order to ease fallout dangers. Swedish scientists reported the new test in the Soviet Arctic proving grounds was in the range of 12 megatons, the equivalent of 12 million tons of TNT. It is the fourth recorded by Sweden in the current series.

There was no mention of the Swedish reports as the delegates assembled and heard Chief Soviet Delegate Vasily Kuznetsov assert his government "will do everything possible to come to speedy agreement to end all nuclear weapons tests." Conference sources said he made no reference to the possibility of the partial treaty rejected by his spokesman. But he laid stress on the words "all tests."

On the other hand, the trustees are unequivocally and sincerely convinced that if the merger of the Pennsylvania and New York Central goes forward without inclusion of the New Haven, railroad service under private enterprise in southern New England is doomed," Auerbach declared. Pennsylvania Railroad officials have suggested that the New Haven and other New England lines be consolidated into one system.

Such a system would have access, the PRR officials suggested, to the merged Pennsylvania-Central and two other big Eastern systems which would result from pending merger applications. They are the proposed Norfolk & Western-Nickel Plate and the Chesapeake & Ohio-Baltimore & Ohio. The Pennsylvania-New York Central merger plan has already been advanced in considerable detail.

Soviet Warns U. S. On U2s in Britain

LONDON (AP)—Radio Moscow warned Sunday night that three American U2 reconnaissance planes stationed in Britain can expect the same fate as Francis Gary Powers' spy plane if they approach Soviet territory. A U.S. Air Force spokesman said the aircraft are on temporary duty to sample the upper atmosphere over the North Atlantic for radioactive debris resulting from nuclear explosions. He said the planes, which flew from Flatburgh, N.Y., Sunday, are unarmed and have no photographic equipment. The two countries contend that

Hungary Reds Purge Rakosi, 24 Followers

BUDAPEST, Hungary (AP)—Matyas Rakosi, Hungary's former dictator, and 24 of his Stalinist followers have been booted from the Communist party in a purge of the purgers. Karoly Kis, regarded as the leading Stalinist still in an important position in Hungary, also was demoted from the ruling Politburo. The new purge was announced in a communique Sunday following a four-day meeting of the party's Central Committee. Janos Kadar, the party chief and premier who was jailed in one of Rakosi's purges, presided. The expulsions from the party were ordered six years after the 1956 Hungarian revolt threatened to topple the Communist regime which Rakosi established with his boasted salami slicing tactics.

Sees End of Line NHRR Aide Opposes Pennsy, NYC Merger

WASHINGTON (AP)—A New Haven Railroad official predicted today that merger of the Pennsylvania and New York Central Railroads without including his firm would end private railroad in southern New England. Joseph Auerbach, general counsel for the court-appointed trustees of the bankrupt New Haven, made the prediction as hearings on the proposed Pennsylvania-Central merger opened before two Interstate Commerce Commission examiners. Auerbach said the trustees favor the merger—provided the New Haven is included.

On the other hand, the trustees are unequivocally and sincerely convinced that if the merger of the Pennsylvania and New York Central goes forward without inclusion of the New Haven, railroad service under private enterprise in southern New England is doomed," Auerbach declared. Pennsylvania Railroad officials have suggested that the New Haven and other New England lines be consolidated into one system.

U.S., Canada Join In Urgent Hunt for Smallpox Contacts

NEW YORK (AP)—Health officials of two nations worked against an awesome deadline today to find and vaccinate all persons who may have come in contact with a young Canadian smallpox victim. The stricken boy, James William Orr, 15, flew here from Sao Paulo, Brazil, Aug. 11 on a plane with more than 80 other persons, including his parents and a brother and sister. He passed through Idlewild Airport, traveled by cab to Grand Central Terminal and sat in the huge station's waiting room for 2 1/2 hours before boarding a train for Toronto. In Toronto the boy, described by his missionary father as feeling

Journalism Award For Foe of Birchers

(Continued from Page One) The John Birch Society began to show itself in Santa Barbara, looking for the position that any organization seeking to influence American opinion should be exposed to the judgment of the public. After Birch Society leader Robert Welch assailed former President Dwight D. Eisenhower and Stork's close friend, Chief Justice Earl Warren, Stork's newspaper attacked the society in feature articles and editorials. "How," asked Stork, "can anyone follow a leader absurd enough to call former President Eisenhower a Communist spy?"

The newspaper contended Birchers used Communist-style techniques to fight communism and accused them of "indiscriminate character assassination." Within a few days, Stork reported that disclosure of Birch Society activities was all that was needed and that the temperature of the city's public policy was about back to normal. Pulitzer Prize award brought congratulatory messages from all over the country, including one from President Kennedy, praising Stork's "tenacity, conviction and judgment."

Tom Stork said, "I should not be considered content to stand up and defend what God and the Constitution have given us."

THAT'S THE BILLY-FLOP BELLY-FLOP

"THE WAY I HEARD IT"

By John Gruber

I've been asked to tell you something about the people backstage in an opera company. The ones you seldom see and don't recognize if you do happen to get a glimpse of them. I imagine it might be interesting to people who are interested in how a complex organization like an opera company works. Here goes. While we're about it, I suppose it might not be a bad idea to assume that the backstage people are the ones who make the opera company work. If we go through all its problems of production, we're bound to find the backstage people along the way. Even so, I may forget a few.

Columbia Isham to Run For Assembly

By Alfred Sheinwold

Philip H. Isham, the only Democrat in many years to hold a prominent office in Columbia when he won the town clerk post in 1965, is expected to run for the town committee. He has been working on a way of getting favorable odds. South won the first trick with the king of spades and led out the ace and queen of diamonds. West showed a diamond suit. South had a diamond and now South had to find two aces to dummy to develop dummy's long diamond suit. Declarer led a low club from his hand and tried to guess which club to play from dummy when West played low. Thinking that the ace of hearts would be in West's hand, declarer played the jack of clubs from dummy. This led to a trick for declarer.

Sheinwold on Bridge

By Alfred Sheinwold

Sometimes your contract depends on guessing what the opponents are doing. Don't take a contract unless you can work out a way of getting favorable odds. South won the first trick with the king of spades and led out the ace and queen of diamonds. West showed a diamond suit. South had a diamond and now South had to find two aces to dummy to develop dummy's long diamond suit. Declarer led a low club from his hand and tried to guess which club to play from dummy when West played low. Thinking that the ace of hearts would be in West's hand, declarer played the jack of clubs from dummy. This led to a trick for declarer.

Complete Democratic State Woodhouse, Stamer Seek Directorships

By Alfred Sheinwold

Atty. Richard C. Woodhouse, 114 S. Adams St., and Frank Stamer, 560 Kenney St., will seek election to the board of directors on the Democratic State. Democratic Town Chairman Ted Cummings said the executive board of the town committee narrowed its choice over the weekend to the two men, thereby completing the roster of men who will run for the board on the Democratic ticket. The other candidates are Atty. David M. Barry, Robert M. Stone and incumbent Francis Mahoney and Ted Powell.

South Windsor Charter Changes Vote Slated at State Election

By Alfred Sheinwold

Charter changes recommended by the charter revision committee and approved by the Town Council will be submitted to the voters in referendum at the state election in November. Mayor John Madden today explained the important changes and urged voters to support the proposed changes. Madden said the changes "will strengthen the council-manager form of government, insure a more efficient governmental operation and allow the voters a choice in voting for members of the board of education. In addition, the changes will provide for a more equitable distribution of the town's revenue."

Donovan Heads Pine Lake Club

By Alfred Sheinwold

Kenneth Donovan is the new president of the Pine Lake Country Club with Floyd Magson as vice president. Mrs. William Ausburger as treasurer and Mrs. Stephen Zachar as secretary. On the executive board are Mrs. Ann Serna, the officers and Mrs. Kelly Chandler, the development tax collector. Donovan said the bylaws are being reviewed and will be revised and brought up to date in next week's meeting. Work is being done to widen and repair the roads in the development and open several trails. The clubhouse is also being reviewed.

College Needs Raising

By Alfred Sheinwold

WASHINGTON—Financial needs for higher education in the United States are expected to increase by \$600,000,000 by 1970 to about \$2.5 billion dollars. The total, about 20 per cent, is to be sought from private philanthropy. Southminster is a private school in the town of Southminster, N. J. It is a member of the Young Democrats of Manchester. He and his wife, the former Miss Beverly Ann Fahner, have one child. He is a native of Manchester, N. H. He attended schools here and took evening courses at the University of Connecticut. He is a member of the Rev. and Mrs. Richard P. Carter to be held at 8 p.m. Aug. 26 at the Church of the Holy Trinity, 100 N. Main St. in the interim minister of the church and will terminate the past three years.

A's Make Big Boys Mad and Mantle and Howard Drive in 15 Tallies

Most every kid learns, at one time or another, that when you are playing with the big boys, you don't want to make 'em mad.

The old lesson was impressed on the Kansas City Athletics Sunday. The A's had the temerity to take five of three from the New York Yankees, the biggest kid on the block.

Rinal Managers Rate Fresh No. 1

MINNEAPOLIS—ST. PAUL (AP)—New York infielder-outfielder Yogi Berra was named American League rookie of the year by two opposing managers had their way.

Speed, Power, Pitching Reasons Dodgers Lead

Speed, power and pitching have kept the Los Angeles Dodgers on top of the National League standings.

League Standings

Table with columns for Team, W, L, Pct., GB. Lists standings for American League and National League.

Yankees Relatiate Grads Topple Legion And Tom Kelley, 2-1

Although beaten 2-1 by a pair of first inning unearned runs, fire-balling Tom Kelley showed he could pitch with the big boys yesterday.

George May drew a walk to lead off the first inning. Kelley struck out May on a slider.

Yankees' relief pitcher Tom Kelley pitched a 2-1 victory over the Grads.

Where did Paul Brown get the title, 'The Master'? It couldn't have been from trading Jim Ninowski to the Detroit Lions after the 1959 season, that's for sure.

Plum, whose failure to produce consistently and whose pointed criticism of the Browns' play during the season, has been observed.

After Kilbree's homer sent the Twins out in front in the eighth, Boston built a lead.

MINNEAPOLIS—ST. PAUL (AP)—The Minnesota country boys are making a big play for the title.

WEST HARTFORD (AP)—The Tri-State amateur golf match series over Massachusetts and Rhode Island, thanks to Gerry Courville of Shoreham and his teammates.

Herald Angle EARL YOST Sports Editor

Great weather, for this Sunday in August, unlike the hot sun and humidity of the past few days.

Day was saddened when word was relayed that Burdette, a friend and compeer at The Herald for many years, had died.

Friday Best day of the week. Financially, it was a good day.

Saturday Saturday morning to work and to get ready for the day.

Sunday Sunday morning to work and to get ready for the day.

Ansaldi's Edge Moriarty's, 6-5; Former Plays Sears Tonight Life in Camps of Three Champs

By EARL YOST There's still life in the camps of all three Manchester Little League championship clubs today in an effort to determine the 1962 town double eliminator.

There were all kinds of banquets displayed by the Contractors and Gas House Gang.

Three more passes in the fifth hour the stations all occupied.

Notes Along the Golfing Trail Two More Aces at MCC, Club Finalists at ERCC

By EARL YOST Unusual output was recorded by the Manchester Country Club in the last few days.

Point Gatherers in ERCC Swimming Competition Among the featured swimmers at the Ellington Ridge Country Club yesterday.

Sports Chatter MIDGET FOOTBALL League candidates must register tonight at 6 o'clock at Charter Oak Park.

About Town Garrity, Too, Declines To Seek Re-election

Budget Council, Degree of Education will meet tonight at 8 at Tucker Hall, Main St. Appointed and elected officers, not installed in July, are reminded to be present for installation. There will be a social time after the meeting.

Herbert F. Zepp III, son of Mr. and Mrs. Herbert F. Zepp Jr., 760 Center St., has been admitted to Bucknell University, Lewisburg, Pa., where he plans to study for the degree of bachelor of science in mechanical engineering. He plans to arrive at the university Sept. 15 for a four-day orientation program.

Robert C. Huson, son of Mr. and Mrs. Ervin E. Huson, 23 Esplanade St., and Theodore P. Gannutz, son of Mr. and Mrs. Peter F. Gannutz, 373 Lydall St., were among 21 senior Army ROTC cadets at the University of Connecticut designated as distinguished military students. The cadets were cited on the basis of leadership qualities, aptitude for military service, and high moral character. They are now entitled to apply for a regular Army commission upon graduation.

The Army-Navy Auxiliary will sponsor a card party tonight at 8 at the clubhouse.

Manchester Lodge of Masons will meet tonight at 7 at the Masonic Temple. Members will proceed to the Holmes Funeral Home, 400 Main St., and conduct a Masonic Memorial Service at 7:30 for the late James S. Hall, a member of the lodge.

Members of Manchester Barracks, Veterans of World War I of USA, and Ladies Auxiliary, will meet tonight at 8 at the W. P. Quish Funeral Home, 225 Main St., to pay respects to the late Mrs. Leslie Lasbury, whose husband is a member of the Barracks.

Manchester Wives will meet tomorrow at 6:30 p.m. at the Italian American Club. After weighing in the group will go to the home of Mrs. Lee Fracchia, 269 Spring St., for a picnic. Reservations will close tonight and may be made with Mrs. Rose Franzone, 18 Dural St. Members are reminded to bring folding chairs.

Mrs. Rose Schwoerer, 108 Mathew St., will have a luncheon and penny auction Wednesday noon at her home. Proceeds of the event will be donated to the Sisters of the Cross and Passion Retreat House, Farmington.

George R. McKay, son of Mr. and Mrs. George D. McKay, 67 Bradford St., and Peter R. Gavetto, son of Mrs. Helena Gavetto, 147 Spruce St., began recruit training recently at the Naval Training Center, Great Lakes, Ill.

PFC Royal A. Isham Jr., son of Mr. and Mrs. Royal A. Isham, 47 Wadwell Rd., recently completed 12 days specialized training at the 25th Infantry Division's Jungle and Guerrilla Warfare Training Center, Hawaii. Isham is an automatic rifleman in Co. 2 of the Division's 1st Battle Group, 35th Infantry, regularly located at Schofield Barracks, Hawaii. He entered the Army in March 1956 and arrived in Hawaii January 1957.

Mrs. Beate Farris, 9 Durkin St., left yesterday by plane from Bradley Field, Windsor Locks, en route to Vancouver, B.C., where she will visit her brother, Robert Banks, whom she has not seen for 30 years.

Atty. Harold W. Garrity, who has been a member of the board of education since 1950, has notified the executive board of the Democratic Town Committee that he will not seek re-election. Town Chairman Ted Cummings announced Garrity's decision today.

Cummings also announced that Baldwin Schaffer, the head of the University of Connecticut Institute of Public Service, will run against Republican Donald Richter for the special term on the board of education from 1959-64. The term is the remainder of the term to which Robert Barnes, a Republican, was elected. Barnes resigned in June. The board appointed Richter to fill his place.

Last week, Town Council Arthur J. LeClair Jr. ruled that Richter would have to run for the office in October, if he wished to serve the rest of the term.

Christie McCormick, the chairman of the board of education, questioned Atty. LeClair's ruling but the town counsel Friday said that since he had received no formal inquiry from McCormick, the ruling still stood.

Atty. Garrity was the first Democrat to be chairman of the board of education. In 1950, when the Democrats took control of the board for the first time, Garrity was elected chairman. He was re-elected in 1950.

Garrity is the second Democrat with many years of service to announce he would not seek re-election to the board. William R. Buckley, who has been a board member since 1952, said last week that he would not run for the 1959-64 term. His present term does not expire until next year.

Schaffer, 134 Parker St., was appointed in July to the Town Development Commission to fill the unexpired term of Mark Kravitz. He was born in Adams, Mass., in 1924. He received his A.B. in 1949 and his master of public administration in 1954 cum laude from Syracuse University.

Before joining the institute at

Rt. 6 Meeting Slated Tonight

The organizational meeting of officials seeking to push for the relocation of Rt. 6 will be held tonight at 8 o'clock at Piano's Restaurant in Bolton.

Manchester Director Francis Mahoney has been the chief agitator for the meeting tonight, and has sent invitations to officials in East Hartford, Manchester, Bolton, Coventry, Mansfield, Willimantic and Holms.

State Sen. Fred Doocy of South Windsor, the chairman of the highway and bridges committee, will speak and answer questions on the best way to apply pressure to the legislature to secure funds for the project.

The state highway commission has said that while no funds will be available for the project until at least 1965, that the project will probably qualify for federal financing to as much as 50 per cent of the cost. The rest of the cost will be borne by the state.
