Yemen Tilt May Ignite Middle East

By FAROUK NASSAR DAMASCUS, Syria (AP)—A deepening crisis over Yemen threatened today to touch off a Middle East conflict pitting conservative monarchies against President Gamel Abdel Nasser's United Arab Republic.

On one side are the royal strongholds of Saudi Arabia and Jordan and on the other, the Yemeni revolutionary regime backed by the U.A.R.

The crisis touched off by the overthrow of Yemen's ancient throne in September reached a new fever point Sunday with threats by the rebel regime to invade Saudi Arabia's southern port of Qizan and the interior city of Najran.

Saudi Arabia and Jordan are supporting attempts by the deposed Yemeni king, Imam Muhammad Al-Badr, to regain his throne. The United Arab Republic has sent planes and tanks and perhaps 1,000 soldiers into the red sea country to aid the revolutionary regime.

Yemeni revolutionary President Abdullah Salal voiced the invasion threat against Saudi Arabia as that country's radio claimed royalist warriors now control Yemen's entire north-west.

Communications purporting to come from Al-Badr's headquarters claimed hundreds of rebels, including many U.A.R. troops.

13 Statehouses Face Votes on Redistricting

WASHINGTON (AP)—Legislative reapportionment, triggered by a U.S. Supreme Court ruling this spring, moves from the courtroom to the election booth in 13 states Tuesday.

While congressional and gubernatorial races catch most of the attention, voters will be making decisions regarding the makeup of their state legislatures in these states: California, Colorado, Florida, Georgia, Hawaii, Mississippi, Nebraska, North Carolina, Oklahoma, Oregon, Tennessee, Washington and West Virginia.

Most of the proposals would give urban or suburban areas a bigger and sometimes commanding voice.

TV Encounter Adds Heat to N.Y. Campaign

ALBANY, N.Y. (AP)—Approximately six million New York State voters will go to the polls Tuesday to settle an election battle that was enlivened in its final hours by a sharp face-to-face exchange between Republican Gov. Nelson A. Rockefeller and his Democratic opponent, Robert M. Morgenthau.

Rockefeller is considered a strong favorite to win re-election, and a clear-cut victory could establish him as a leading prospect for the Republican nomination for president in 1964.

Key Indian Outpost Lost in Border War

By HENRY S. BRADSHAW NEW DELHI (AP)—The Indian government announced today the loss of one of its most important military positions on the battle lines to the Chinese Communists.

The position at Daulat Beg Oldi, at the northern end of the line in Ladakh, was evacuated a few days ago, a Defense Ministry spokesman said.

Ladakh is at the western end of the Himalayan border. The outpost at Daulat Beg Oldi was the center of a series of smaller posts, all of which fell earlier.

The Chinese have now crossed what they claim to be their border with India at one or two places and have driven beyond the disputed territory.

New Delhi officials think there are no chances now of a negotiated peace with the Chinese.

Prime Minister Nehru has demanded the Chinese withdraw to positions they held before Sept. 8 and has rejected proposals of a cease-fire and peace talks until they do. The Chinese offensive in

both the northeast and northwest areas of Ladakh was launched Oct. 2.

Nehru was reported preparing another reply to Soviet Premier Khrushchev to that effect.

But it appears here that the Chinese have no intention of going back to their Sept. 8 positions. Khrushchev sent Nehru his proposal for a cease-fire without conditions last Friday. A primary aim of the Soviet peace gesture appeared to be to get the conflict stopped before India falls out of its neutral alignment.

A Pravda editorial warned India against "the intrigues of the imperialist camp" and also absolved Peiping of any aggressive intent.

Informants said Nehru would tell Khrushchev there could be a cease-fire and peace talks tomorrow if the Chinese pull back but that otherwise "there is no alternative left to us but to resist this attack whatever may be the cost or the consequences to us."

Repeating a previous Peiping turnaround of this demand, Chinese Premier Chou En-lai emphasized in a broadcast statement that the Chinese consider India the aggressor and will fight on to hold their gains.

Vital Changes Asked In Catholic Liturgy

By BENNET M. BOLTON VATICAN CITY (AP)—Proposals for the most extensive changes in the Roman Catholic Mass in 200 years were made public today.

The suggested revisions were placed before the Vatican Ecumenical Council, which resumed its work after a four-day recess. The council will look up the topic of liturgy, or public worship, two weeks ago, it appeared clear that the 2,400 council fathers were determined to give the Mass more of a mystical impact.

A council communique today outlined some of the proposals being discussed by the assembled cardinals, bishops, and bishops. Among them:

—Fewer prayers at the foot of the altar as Mass begins.

—Participation of the congregation in the offering prayers now said only by the priest.

8 Lose Lives In Accidents

Eight persons lost their lives in weekend accidents in Connecticut—four in traffic mishaps, two by asphyxiation, one in a fire, and another in an industrial accident.

Catherine Longo, 21, and Alexander Gegesky, 24, were found dead early today in a car parked in front of the girl's home in Windsor. A medical examiner said the deaths were due to accidental asphyxiation, when carbon monoxide leaked into the car. The time of death, he said, was about 11:30 p.m. Sunday.

Two died in a collision early Sunday morning on Rt. 34 in Derby. They were Charles S. Buffum, 29, of West Haven, and Miss Mary Ann Cox, a Milford elementary school teacher. Both were riding in a small foreign car which collided with another auto driven by 21-year-old William Laird of Derby. Laird was seriously injured.

Clare Joseph Sheehan, 44, of Hartford, died in a fire early Sunday morning in his North End apartment. His wife, Martha, 48, was hospitalized in critical condition. The fire may have been caused by smoking in a bed, officials said. The blaze was confined to the apartment.

A construction worker, Augustine Anastasia, 39, of Trumbull, was killed Saturday morning in North Haven when a large crane tipped over. Anastasia was working on a bridge project.

Friday night traffic accidents took the lives of Clinton Doner, 40, of Torrington and Charles E. Sharkey, 64, of Norwich. Doner died when his car struck up on the Torrington-Windford road.

Sharkey was struck by a car as he was walking across North Main St. in Norwich.

OSLO, Norway (AP)—The Nobel Committee of the Norwegian Storting Parliament today announced it had decided not to award the Nobel Peace Prize for 1962.

The prize money has been reserved for next year, the brief announcement said.

President Kennedy was scheduled to fly to Boston late today to cast his ballot there Tuesday for his brother, Edward M. Kennedy, who is rated a sure winner in the Massachusetts race for the President's old Senate seat.

The White House said the First Lady has cast an absentee ballot and will not make the trip.

The President recorded radio and television appeals last week urging Americans "to take part in our democracy" by voting in the election.

Quiet Will Not Lull U.S. Watch on Cuba

WASHINGTON (AP)—President Kennedy feels U.S. surveillance of Cuba will have to be continued in some form long after the current missile crisis is settled, government sources report.

In offering this view of the President's thinking to newsmen Sunday, the sources did not specify how the watch would be kept. The object they said, would be to guard against any future introduction of Soviet missiles into Cuba.

Aerial photographs of the island last month gave the first hard evidence that the Soviet Union was mounting an offensive missile threat in Cuba, the White House has said. It was from aerial photos taken last Thursday that the administration concluded Soviet Premier Khrushchev had begun to make good on his pledge to tear down the missile bases.

The Navy, in maintaining an arms blockade of Cuba, has also been filling a surveillance role. Removal of the missiles and other Soviet offensive arms from Cuba remains a thorny problem. By the terms of the Kennedy-Khrushchev agreement, the United Nations would supervise the verification that Soviet missiles have been withdrawn from the island.

The government sources who discussed Kennedy's position emphasized that he is determined to verify the removal of the weapons by international inspection teams—and that nothing less will be satisfactory.

While the United States and the Soviet Union are reported prepared to have the International Red Cross fill the inspection role originally proposed for the United Nations, Cuban Prime Minister Fidel Castro has the power to block international inspectors from his territory.

Soviet First Deputy Premier Anastas I. Mikoyan conferred with Castro in Havana over the weekend—presumably in an effort to prod the Cuban leader into accepting at least the fundamentals of an international inspection system.

Mikoyan and Castro met twice Sunday at the government palace.

Key Governors' Posts

WASHINGTON (AP)—Republicans looking toward the 1964 presidential contest nurtured high hopes today of winning key governors' posts when about 60 million Americans go to the polls Tuesday.

In an interim election which may be influenced by the continuing crisis over Cuba, Democrats expected to come close to holding their own in House contests and even talked of the possibility of small Senate gains.

Kenney Faces Prestige Trial In State Race

NEW HAVEN (AP)—A long Connecticut political campaign wound up today with considerable prestige for the Kennedy administration at stake in the Senate race.

Abraham Ribicoff, New Frontier champion and Connecticut's champion vote-getter, is the Democratic contender for a seat being vacated by Republican Sen. Prescott Bush, who is retiring.

Ribicoff, the handsome, urbane former secretary of health, education and welfare, stumped the state with repeated pleas for Kennedy's medical care program for the aged. He also asked for "a vote as well as a voice" in deciding the fate of the program.

6 Miles of Air Film Showed Cuba Bases

WASHINGTON (AP)—Imagine a strip of photographic film, 20 to 30 feet wide, some six miles long.

Cut in sections, it is stretched across the floor. Photo analysts on hands and knees, crawl around on the pictures, peering at them through stereoscopes, special magnifying glasses. The technicians note any detail of change in terrain. More especially, they look for objects on the sites that weren't there yesterday.

They chart the birth of a crisis, a Soviet nuclear threat to the United States swiftly taking shape on Cuban bases.

Beginning Monday, Oct. 15, says a chief of intelligence, American pilots flew six and seven photo reconnaissance missions over Cuba daily.

"We blanketed the island," he says. "The planes brought back miles of film."

Georgia Senate To Seat Negro, 1st Since 1870

ATLANTA (AP)—Political resurgence of Georgia Negroes sharply underscores Tuesday's general election which will put a Negro in the state Senate for the first time in 92 years.

Election of a Negro senator is a certainty since both the Democratic and Republican nominees in Fulton (Atlanta County) 38th District are Negroes.

Carrying the Democratic banner is LeRoy R. Johnson, 38, an attorney. A former school teacher, he holds three college degrees. Johnson won without a runoff in the Oct. 16 primary after a state judge ruled votes had to be counted on a district, not county, basis.

The Republican candidate is T. M. Alexander, 50, insurance company president, nominated without opposition in the party primary. This is his second political race. He lost in a 1967 runoff for an aldermanic post.

In the state Senate left office in 1870, during Reconstruction. Three Negroes served in the Reconstruction Senate.

However, 48 Negroes served in the House during and after Reconstruction. About 14 Negroes were elected to the House between 1880 and 1907, the year Negro lost primary election voting rights.

Georgia's last Negro legislator, Rep. W. H. Rogers of McIntosh County, served from 1902 to 1907. Rogers quit before his term ended after Gov. Hoke Smith pushed through a constitutional amendment denying Negroes the right to

How Will Wary JFK Handle New Congress?

By JAMES MARLOW Associated Press News Analyst WASHINGTON (AP)—The most interesting result of Tuesday's elections should be the effect—if any—on President Kennedy's handling of Congress the next two years.

For three reasons: It's been a dull campaign, without burning issues. Then, the Cuban crisis snowed it under.

2. Kennedy will be laying the foundations for himself to run again in 1964.

3. The new Congress will probably be like the old: highly conservative, even though run by his own Democrats.

Predictions run like this: "The Democrats may keep their present Senate margin—44 to 36—and even pick up one or two seats in the House—where they outnumber Republicans 282 to 174—they may lose a few seats.

That's not much change. A Senate pretty much the same and a House with just a few more Republicans won't make any noticeable difference in their attitude toward Kennedy programs.

The attitude has been strong support on foreign issues and, in this fairly prosperous country, defeats or melting down on many domestic ones.

It was easy to get the impression from Kennedy's campaign oratory that this present Congress was one of the great ones. He glossed over his defeats.

No Missiles To Get Past In Future

Train Topples Over

BELGRADE, Yugoslavia (AP)—A passenger train derailed today in entering the station of Kabanovce, in southern Yugoslavia, and 10 persons were killed.

Two coaches with 60 passengers toppled over in the accident. The train was going from Belgrade to Skopje, the official news agency Tanjug reported.

Jets Worry Aides

WASHINGTON (AP)—The U.S. authorities reported today they have no evidence yet that the Soviets are packing up the atomic-capable jet bombers in Cuba. This was reported to be a matter of concern to President Kennedy, who wants removal of the IL-28 bombers as well as the Soviet missiles in Cuba.

TEST BAN VOTED UNITED NATIONS, N.Y. (AP)—The U.S. Political Committee today overrode U.S.-British objections and demanded that all nuclear tests be banned by next January 1. The approved plan called for an outright prohibition of tests in the atmosphere, outer space and under water and a limited ban on underground testing.

The vote on the resolution, originated by 37 so-called non-alignment countries, was 81-0 with 415 abstaining. It is expected to be approved Tuesday by the General Assembly.

TV MOVIES EASED WASHINGTON (AP)—The Supreme Court handed down a decision today which gives television stations greater freedom in picking the movies they offer their viewers. The decision unanimously upheld a lower court order barring six distributors of motion pictures from block booking when selling and licensing their films to television stations. Block booking is selling a group of films as a package. Critics contended this practice has forced television outlets to take many less desirable films in order to get desirable ones.

Rockville-Vernon City Council to Review 1963 Budget Requests

Budget requests will be reviewed for the adoption by the Rockville-Vernon City Council at 7:30 tonight, and expectations are that the total requested will be higher than last year.

The budget adopted last December totaled \$308,411, but was later increased by about \$25,000 for additional work on the electrical system at the filtration plant.

Mayor Leo P. Flaherty Jr. indicated today the size of the increase in requests is still unknown, but that he would not characterize it as "slight." On the other hand,

of that the surplus for this year should be larger.

Among the areas in the new budget which will show increases are: A pay raise for the public works department, to cost \$2,000 in this budget with the remaining \$20,000 to be paid later; sewers for South St., \$12,000; routine equipment at the filtration plant; and pay raises for the police department.

Among other items expected to be acted on are proposals for new housing code and a request to refund the \$2,280 building permit fee paid by Rockville City Hospital on its new addition.

Discharged Saturday: Fred Stegman, 55 Mountain St.; Walter Brown, 30 Tolland, Rte. 30, Tolland.

Discharged Saturday: Mrs. Leonard Bielecki, Hartford Tole, Vernon; Janet Bielski, Hartford

and Mrs. Marion Carpenter are in charge of the program. There will also be a brief review of Russell Shaw's pamphlet, "The Parental Right in Education." Refreshments will be served. All parish women are invited to attend.

Key Indian Outpost Lost in Border War

(Continued from Page One)
"Furthermore," Chou said, "it is regrettable that India is buying great quantities of weapons from the United States, Britain and other Western countries to prepare for a second large-scale attack."

A U.S. Air Force jet is now delivering 50 already stream of weapons to the hard-pressed Indian army, which is bracing for an expected new thrust by the Chinese towards the plains of Assam in the northeast.

In anticipation of many months and perhaps years of fighting, Nehru announced plans for a national defense council to coordinate the Indian war effort. Among the members will be V. K. Krishna Menon, chief of defense. The Central Treaty Organization is made up of

Pakistan, Turkey, Iran and Britain. Pakistan's minister for natural resources, Z. A. Bhutto, told a public meeting that Pakistan would not support India in her border dispute with China.

He recalled that three years ago Nehru rejected Pakistani President Mohammad Ayub Khan's offer of an India-Pakistan defense pact, saying India had no enemies and did not require any joint pacts.

Japanese Premier Hayato Ikeda wrote Nehru that his government considers Communist China's military action "a threat to the peace of Asia and indeed of the whole world."

In a statement of many months and perhaps years of fighting, Nehru announced plans for a national defense council to coordinate the Indian war effort. Among the members will be V. K. Krishna Menon, chief of defense. The Central Treaty Organization is made up of

missionary successes and now minister of defense production.

Little actual fighting was reported Sunday.

"I think, but I can't prove absolutely, that the Russians started the construction work about Oct. 10 or 11," he says.

By Oct. 19, at San Diego Los Baños, photographs showed 10 missiles, 4 erectors, 100 vehicles, and tents for 500 men. The base became operational in three days, the construction work about Oct. 10 or 11, he says.

At 6 p.m., Soviet Ambassador Anatoly F. Dobrynin, was called to Rusk's office. He emerged 20 minutes later. Rusk had told him about the arms-blockade of Cuba. The ambassador, normally a bluff cheerfaced man, seemed shaken.

Says an agent, "We caught them with their launchers down and their rockets showing."

Cuba are suspended "until we could learn what brought down the plane in China."

Did the Russians have some new gadget, capable of reaching and destroying a U-2, flying above 70,000 feet? "If so," the officer says, "there was the possibility that we wouldn't be able to get any more high-altitude photos."

Edward Cavin, assisted by Mrs. Howard Angell, Mrs. William Dalton, Mrs. Beldon Schaeffer, and Mrs. Eugene Stebbins.

time the surveillance. The officer says his pictures are taken of the U-2 in China.

Late September—"We began to be uneasy because of the large numbers of Russian ships coming to Cuba. They never carried missiles on deck, always in the hold."

Sept. 28—"A photo of a Soviet freighter shows some large crates on deck in the pictures they look cylindrical, like miniature Quonset huts. Evaluation indicates they are probably Ilyushin-28s, a Soviet light bomber, with a range of 700 miles. These crates are loaded in remote ports, not Havana, and solely by the Russians, not the Cubans."

Late Sept. to Oct. 1—Cuban refugees report heavy night-time truck traffic on the highways. The freight is covered. It appears to be larger than ordinary cargo.

Early October—bad weather and clouds over Cuba cause a second suspension of the reconnaissance photos.

Oct. 14—A photo mission reveals sites under construction. They are for medium rockets, range 1,000 miles, and for intermediate-range 2,000 miles. On the same day, pictures are taken of the cylindrical crates, seen Sept. 28 on the freighter, now at San Julian airport. Now it is confirmed that the assembly for the IL-28s was in the crates. The missiles and the bombers are offensive weapons.

Quiet Will Not Lubricate U.S. Watch on Cuba

Man communiques were issued and Cuban officials gave no hint of the nature of the talks. Mikoyan remained in Havana despite the death of his wife in Moscow Saturday night.

The administration's continuing stress on the necessity of international inspection is being viewed in some quarters as a means of keeping pressure on Castro.

At the same time, Washington convinced the missile bases are coming down. Their destruction is almost complete, Edward M. Martin, assistant secretary of state for inter-American affairs, said Sunday in a television interview.

Martin touched, too, on the subject of present concern within the administration when he added, "We still do not know where the missiles are going, or whether they have left the island or will not be reintroduced."

GENEVA (AP) — The International Committee of the Red Cross (ICRC) announced today it is withholding final decision on a proposed Soviet-Cuban-banned ships pending the forthcoming New York discussions of its envoy.

Foreign minister Andrei Gromyko said Sunday in a television interview that the ICRC's decision will depend upon the result of this mission, the announcement said.

Obituary Death of Boy, 9, Said Accidental

Ralph Daniel Linnitt, nine-year-old son of Elmer and Viola Dubois Linnitt, of Goshard Street, 361 Rockville, died Saturday.

He was found by a neighbor on a small tree near his home. His body was discovered by two girls who were picking flowers.

The incident occurred within 200 feet of the boy's home. Police said today that the boy had been playing with a ball on the lawn before the body was found.

Police were called at 4:10 p.m. after the girls called neighbors David Cummings, 62 Porter St., who was visiting in the area.

Dependents and relatives of Ralph Linnitt, who are abroad with the servicemen, will be able to vote by absentee ballot.

Friends may call at the funeral home tomorrow from 3 to 8 p.m. Burial will be at St. James' Church at 9 o'clock.

Six Questions on Machines: Junior College, 5 Amendments

Remember the referendum! On the machines tomorrow, in addition to the candidates for political parties, the constitutionally proposed amendments to the state constitution.

The sixth is to authorize the board of education to operate a community junior college. All six have the support of both political parties.

Dependents and relatives of Ralph Linnitt, who are abroad with the servicemen, will be able to vote by absentee ballot.

Friends may call at the funeral home tomorrow from 3 to 8 p.m. Burial will be at St. James' Church at 9 o'clock.

12th Circuit Court Cases North End Renewal

MANCHESTER SESSION Bond forfeitures were ordered against Russell E. Chaney, 29 of East Main St., for driving an overweight motor vehicle.

The North End, and the progress of the consulting firm of Raymond & May Associates has made plans for the area, where the subjects of a Manchester Redevelopment Agency meeting.

Sparking for the consultants and the role CAC could play in the renovation of the North End, the firm's urban renewal coordinator for the New England States.

They explained three major parts of the plan for the area, which would include a list of housing available in the community.

Any one stage may take more or less time, depending on technical complications in the work.

While the MRA is legally constituted to run the renewal project, the final one-eighth will come from the town and may be paid in cash or in construction of municipal school facilities.

State News Roundup

According to polling by three youths, Sunday morning the 20-year-old student Michael O. Smith obtained a second ride after his experience and flagged down a Waterford patrol car at 6:30 a.m.

Under arrest in Jeffrey Kimble, 29 of Cornwall, N.Y., charged with robbery with violence, police said Kimble's alleged accomplices are believed to have returned to New York State and are being sought, police said.

Both Swainson and Romney have been campaigning vigorously around the city for months, shaking thousands of hands at factory plant gates, attending barbecues, torchlight parades and rallies. They also clashed in three half-hour television debates.

Both candidates planned to compete in the third race on election day.

Fire Extinguished In Hyde Basement

Town firemen from Companies 2 and 4 late this morning extinguished a blaze in the basement of the home of John H. Hyde II, 1117 of the city.

Chief William C. Mason said the fire was caused by a gas furnace. He said it was a considerable amount of damage to the furnace and the pipes.

Firemen employed a smoke ejector to keep the fire free of smoke damage. The still alarm was sounded at 11:17, the chief said. Fire was sounded at 11:23.

Fake Field Goal Was Turning Point in Giants Come-from-Behind 31-28 Win

Amy Robustelli Turns into 'Offensive' Emancipator

NEW YORK (AP)—Andy Robustelli usually is a quiet, unassuming halfback, but on Monday he became a hero as he led the New York Giants to a 31-28 victory over the Cleveland Browns in the final game of the season. Robustelli's 35-yard field goal in the fourth quarter was the turning point in the game, as the Giants overcame a 14-10 deficit to win.

Robustelli caught his first pass as a Giant yesterday for an all-time record of 20 yards and a first down on a fake field goal in the fourth quarter.

Robustelli's field goal was the turning point in the game, as the Giants overcame a 14-10 deficit to win. The Giants' offense was held back by the Browns' defense, but Robustelli's kick was the difference.

Although the Cards came back to go ahead 28-24 and the Giants scored again for a final 31-28, Robustelli's kick was the turning point. The Giants' offense was held back by the Browns' defense, but Robustelli's kick was the difference.

Fumbles, Foul Weather Help and Hurt Gridders

BOSTON (AP)—Dartmouth and New Hampshire have furthered their unbeaten football causes on a diet of fumbles and foul weather. Forward passes have brought Massachusetts the threshold of the Yankee Conference championship, enabled Wesleyan to earn a 24-6 victory by New Hampshire, and helped New Hampshire to a 24-6 victory by Wesleyan.

Quick Kicks

Distributed by NEA. Ray Elliot tells of a back he had while he was coaching it. He had chronic leg cramps, really. Not serious, but when he got them, he'd fumble or drop the ball. It was in an amateur or so he'd be all right.
