Two Arrested In Accidents

A Bloomfield man and a Green-lawn, N. Y., resident, have been arrested by Manchester police who investigated two motor vehicle accidents, one yesterday and one early today. One person received minor injuries and three cars had to be towed away after the crashes, police reported.

Walter K. Bruce 32, of Bloomfield, early today rolled his car over on W. Middle Tpk., east of the southbound entrance to Rt. 15, police said. Bruce, who was treated at Manchester Memorial Hospital for a left shoulder injury, is charged with failure to drive in an established lane and is ordered to appear in Circuit Court 12, Manchester, Feb. 12.

Police said that Bruce, driving east on the turnpike, lost control of his car and hit a concrete barrier. The car turned completely over and came to rest upright some 72 feet beyond the point of impact. The car, which had extensive back-side and roof damage, knocked down two mail boxes and three trees. Patrolman Richard A. Thurston noted that the vehicle left some 224 feet of tire marks before the crash. The car was towed from the scene.

Sebastian Albano, 50, of Green-lawn, N. Y., yesterday afternoon was arrested on charges of driving a car which had extensive back-side and roof damage, knocked down two mail boxes and three trees. Patrolman Richard A. Thurston noted that the vehicle left some 224 feet of tire marks before the crash. The car was towed from the scene.

Albano was arrested after police officers stopped him on W. Middle Tpk. at Tower Rd. which occurred at 4 p.m. Police said that Albano had been driving east on the turnpike and his car veered into the westbound lane when he had trouble with the steering apparatus. He stopped the car and proceeded to back up into his lane and struck a second east-bound car, operated by Harry E. Swanson, 51, of 213 Adams St., Swanton, who was shaken up but did not require medical treatment, police said. Both cars were towed away. The Swanson vehicle with extensive left side and front fender damage, and the Albano car with rear-end damage. Patrolman Leo R. Grover investigated.

Theoretically, by the book, Democratic State and National Chairman John Bailey should have no doubt about leading his party...

Of course, there is no "realism" in a new crisis, no pleasure, either...

There is a comparative kind of relief, however, so seductive it almost seems pleasurable...

At least Iraq isn't 100 miles from our shores...

At least Iraq doesn't seem to suggest immediate use of American force anywhere...

At least this is the kind of thing which apparently keeps happening, indefinitely in fact...

Yet Bailey must somehow and somehow have a sense of some reason to worry, for he himself provided the big tip-off that he was worried when it came to making up this session's chairman...

He retained as Senate Secretary, William J. Brennan, Jr., a sweet, wonderful singer who managed to keep the party level...

There are no isolated troubles, there are no crises which cannot include some road toward us...

Wonders of the Universe

Answer to the Lunar Colony May Be in Nuclear Shuttle

By Dr. L. M. LEVITT, Director of the Planetary Institute...

propulsion stages for space travel highlighted by the National Aeronautics and Space Administration...

It all goes well in the next six or seven years we will land a man on the moon...

Currently, scientists are studying the problem of a lunar transport system...

Once the nuclear shuttle is available, subsequent Saturn C-1 will take off from the earth to again put some 200,000 pounds into orbit...

With the payload transferred to the orbiting shuttle, it will begin accelerating on its journey to the moon...

Once these questions are answered then perhaps we can establish the nuclear shuttle to provide a "lifeline" to the moon.

Parks Eyes Future, Likes to Diversify

By RUTH B. THOMPSON

Bert Parks has been typecast. He doesn't say so... I say so. Not that it's a bad idea...

And not that Bert Parks is complaining; far from it. He really relishes the "perpetual ball-of-fire" singing-emcee stint...

Though he carries the whole burden of the show, he by no means "hogs" all the fun. "We get some pretty happy ham in the audience, too," he says...

Incidentally if you get yourself tickets to "Yours for a Song" when you're in New York you'll discover there are no monitors...

Fun, not mental gymnastics, is the show's goal, Parks explains. He's also pleased that the show is helping bring back some of the good older times.

Still and all, I'm going ahead with the "don't typecast Bert Parks" campaign.

Columnist John Crosby once said of him, "Parks has a smile you could read by." Well, all right, sure. But it's as genuine as it is inimitable...

"What about theater?" I asked. He drew reviews he stepped into the starring role in "Music Man" on Broadway...

He told me pleasantly but firmly he'll do more theater even if a role like that doesn't come along.

He told me pleasantly but firmly he'll do more theater even if a role like that doesn't come along.

Eight performances a week is quite a workout. Is he really happy all the time? "Anybody who could manage that would have to be an idiot," was his reply. He's sure no idiot!

"You," I said to the tan, handsome man across the desk from me, (probably mentally casting him as a straight dramatic actor for a change) "have lost weight!"

How does he do it? "How does anybody do it? Just don't let it pile up in the first place. I pretty much like the right kind of food, anyway. I go in for plenty of meat and salads, pretty carefully avoid bread and butter. I do go overboard on desserts—

Exercise? You bet. Walking and gardening. Puts in three or four miles around Manhattan daily ("Never ride when I can walk")...

Don't his 16-year-old twin sons ever help? "Well, once in a while I might shame one of them into helping rake leaves—if the wind is right, of course," he quipped...

Well, one of them has a job, working to buy a car, and each keeps fit in his own way. Jeffrey (or is it Joel) goes in for wrestling and Joel (or is it Jeffrey) won his "yellow belt" for Judo.

For himself he also finds the "think thin" philosophy helps in keeping muscles toned. "TV performers don't have much choice. We have the camera to tell us if we're staying narrow enough to fit into a seven-inch screen...

Though he works hard, he's definitely against the "work yourself to death" fetish now so popular—and fits frequent one-week vacations into his schedule so he and his wife take off on a trip. Most ambitious of their recent jaunts was a whirl to Japan.

Parks started his career at 15

The right answer is only one word long on "Yours for a Song" daily ABC-TV tune quiz starring Bert Parks, shown here with Michalina. Parks feels show is helping bring back "old style" music.

singing in a movie house in his home town of Atlanta, Georgia. Then fresh out of military school at 18 he tackled New York, added two years to his age and got a job as a network announcer.

Since becoming a star personality he has headlined literally dozens of shows such as "Stop the Music," "Double or Nothing," "The Bert Parks Show," and of course the annual "Miss America" pageant.

Producers, he told me, are sometimes willing to think of him for other types of shows. "Further, you always have to keep two or three steps ahead in life," he added, going on to explain that at this very moment he's discussing a possible situation comedy and "another nighttime idea."

But in addition to—not instead of, he emphasized. So "Yours for a Song" can count on its emcee for

a long time to come and he's not turning his back on you either, "Miss America."

A whole new audience of children, too young back in 1960 to stay up to see Mary Martin in "Peter Pan," will have the thrill of watching the fourth TV presentation of Sir James M. Barrie's classic on Saturday, Feb. 9, from 7 to 9 p.m. EST, in color. This production, starring Miss Martin in the title role and Cyril Ritchard as Captain Hook, originally was telecast Dec. 8, 1960.

Lloyd Nolan, Larry Blyden, James Daly and Martha Scott will star in "Two Faces of Treason"—an original drama of American counter-espionage by Philip Reisman Jr.—to be directed by Franklin Schaffner as NBC-TV's color "Du Pont Show of the Week" for Sunday, Feb. 10 (10-11 p.m. EST).

TV Personalities

Gene Sarazen

Gene Sarazan, who handles the commentary for matches in NBC-TV's "Shelf's Wonderful World of Golf" color series, has been a commanding figure in the golf world for more than 40 years.

In 1922, when he was 20, he jumped from complete obscurity into the front ranks of golf by winning the U.S. Open Championship. He carded a 68 in the final round, winding up with a 20-foot birdie putt on the final hole to win by one stroke with a score of 288.

In 1932 he won the British Open, and that same year won the U.S. Open a second time by playing the last 28 holes in exactly 100 strokes—eight under par. He thereby equaled the best accomplished earlier only by Bobby Jones in 1926 and 1930—winning the U.S. and British Opens in the same year (later also accomplished by Ben Hogan in 1953).

Sarazen was runner-up in the U.S. Open in 1934, and he tied with Lawson Little for first place in 1940, but lost in the playoff.

In 1936 Sarazen won the Masters Tournament by shooting what has become the most famous double eagle in the history of golf. Craig Wood finished the tournament with 282 after playing the last eight holes in four strokes under par. He was congratulated as the winner. But then a near-miracle occurred. Sarazen was the only one who had a chance to catch Wood, and he was three strokes behind with four holes to go.

Sarazen began his blazing finish with a double-eagle, holing out a 220-yard spoon shot for a 2 on the par five, 483-yard, 15th hole. He played the last three holes in even par, to tie Craig with a 282. He then finished the job by winning a 36-hole playoff by a five-stroke margin.

Sarazen was runner-up in the British Open in 1928. He captured the PGA Championship three times—in 1922, 1923 and 1933—and finished second in 1930. He won many other tournaments over the years, and played on the U.S. Ryder Cup team six consecutive times. Sarazen was among the first group of golfers elected to Golf's Hall of Fame when it was established in 1940.

Sarazen was born Feb. 2, 1902, in Harrison, N.Y., and spent most of his early years there. He began caddyding at 10, and continued active participation in the game

Prison Term For Molinas In Hoop Fix

NEW YORK (AP)—Jack Molinas was sentenced to 10 to 15 years in prison today for bribery—trying to control the point spreads in basketball games.

Joseph Hoken was given 7 1/2 years to 8 years on the same count.

The two, along with eight others, were involved in the bribing of college basketball players during a four-year period up to 1961.

Molinas, 36, was convicted on Jan. 8 on five charges—three of bribery, one of conspiracy and a fifth charging subornation of perjury.

Hoken, 42, of New York, had pleaded guilty to bribing three players at two colleges.

State Supreme Court Justice Joseph A. Sarafite imposed sentences, and termed Hoken a major participant and Molinas a master fixer.

Aaron Wegman, 29, who spent seven days testifying for the prosecution, was given a suspended sentence of 3 to 5 years in prison.

Sarafite said the suspension was conditional upon his serving a 5- to 10-year sentence in connection with a football fixing conviction in Florida.

Philip Lacort, 39, East Boston, Mass., was sentenced to 2 1/2 to 5

Freeing Priest Held Sign of Letup by Reds

By GERALD MILLER
VATICAN CITY (AP)—The release of Ukrainian Archbishop Josyf Slipyi — pronounced Yosif Slepsee — after 18 years of Soviet imprisonment underlines a major shift in relations between the Vatican and the Communist world.

The change, under way for at least four months, by no means spells the end of tension between the Roman Catholic Church and the Kremlin, but signs of definite improvement are in the air.

Pope John XXIII received Archbishop Slipyi, 70-year-old metropolitan of Lvov, in the Vatican on Feb. 10. The archbishop, in private audience a few hours after his return to freedom.

The archbishop had not been heard from for years. There were reports that he was dead. Vatican officials reported that the pontiff wept with joy.

It was not disclosed when the archbishop was freed or why.

Vatican circles speculated that Moscow was making an open gesture of conciliation to the Church and that the Soviet satellites will follow the Kremlin's lead and release other imprisoned churchmen.

Hughes Risks \$115 Million In Court Case

LOS ANGELES (AP)—If Howard Hughes doesn't walk into federal court here today it may cost him \$115 million.

Hughes has said he won't appear. He was ordered to come to court to make a deposition in the Trans World Airlines' \$115-million suit against him and his Hughes Tool Company.

Hughes—the mystery man of high finance—has been warned that if he doesn't appear to make the deposition, it could mean a default judgment against him in the full sum of TWA's suit.

Hughes truly despises publicity. He has made headlines in plane crashes, Hollywood romances, movie-making, plant building, government contracts and multimillion-dollar financial manipulations but he still hates to have his picture taken.

Does that mean he would sacrifice \$115 million to keep from having to appear in public? The answer to that lies with Howard Hughes.

Howard Robert Hughes, 57, was a Texas loner who took over his father's oil-tool business at 19 and built it into an industrial empire estimated to be worth from \$70 million to one billion dollars.

Hughes is now locked in a titanic court battle for control of Trans World Airlines.

Hughes built up TWA over the years with large sums from the Hughes Tool Co., all of whose stock he owns. Even the enormously profitable Hughes Tool, however, hadn't the ready cash to convert the suit into a multimillion-dollar insurance company. Several Eastern insurance companies advanced the money. In July 1960 Hughes agreed to put Hughes Tool's 78 per cent of TWA stock in a voting trust controlled by the lender.

The following June, under its new management, TWA sued Hughes for \$115 million. It alleged violation of antitrust laws and charged he had hurt TWA by delaying its jet financing and through eccentric management. The suit seeks to force Hughes to give up ownership of his stock in the airline.

Hughes countered with a claim for \$68 million against Equitable Life, Metropolitan Life, Irving

News Parley Ends With No Change

NEW YORK (AP)—More than 18 hours of newspaper strike negotiations ended this morning without agreement and with mixed feelings on chances of settling the 66-day blackout.

Mayor Robert F. Wagner, acting as manager of the talks at 8:30 a.m., pending a report from both sides by Tuesday at the latest.

Wagner said substantial differences still exist between the publishers and the striking printers of Local 6 of the AFL-CIO International Typographical Union.

Walter N. Thayer, spokesman for the publishers, said he was involved, left City Hall about half an hour before Wagner made his statement. He looked haggard and weary and was visibly disappointed.

He said the publishers would meet later today. "We cannot say what will happen after that."

However, he would not say that negotiations had broken down. Neither would Bertram A. Powers, Local 6 president, who said his union has never lost hope and that he would remain at the mayor's call.

ITU President Elmer Brown, who came here from Colorado Springs, Colo., last week, decried an agreement that would mean the resumption of publication.

"For over two weeks we have been exploring in depth the issues in dispute between the parties."

Rocky Gibes Gain GOP Appreciation

WASHINGTON (AP)—New York Gov. Nelson A. Rockefeller appears to be methodically sharpening his disagreements with President Kennedy in anticipation of a possible 1964 presidential contest.

Politicians think the governor also is lining up with what they regard as the majority position of Republicans on major domestic and international issues.

Since his inaugural for a second term, Rockefeller has been growing increasingly critical of Kennedy in terms that parallel those used by GOP Senators and House members.

The governor sounded a familiar GOP Capitol Hill theme in Chicago over the weekend when he blamed the Democratic administration for the present disarray within the Atlantic Alliance.

His recital of difficulties with Britain over the Skybolt missile, with Canada over nuclear warheads, with President Charles de Gaulle over French Common Market action and rejection of Polaris missiles sounded remarkably like attacks launched simultaneously by Republicans of widely various viewpoints.

Sen. John G. Tower, R-Tex., a conservative, criticized many of the administration's same actions and concluded its handling of world problems presents "a dim picture for American foreign affairs."

Sen. Hugh Scott, R-Pa., who classes himself as a progressive, said the administration seems determined that the United States be neutral to its enemies, friendly to the neutralists and hostile to its friends. He said the State Department "fumbled and bungled" dealings with Canada.

Along with Sens. Barry Goldwater, R-Ariz., a potential opponent for the 1964 GOP nomination, and Sen. Kenneth B. Keating, R-N.Y., a Rockefeller supporter, the New York governor has said the administration's position on Soviet strength in Cuba has left many unanswered questions.

Rockefeller has joined a number of party members in charging that there was an unduly long

China Demands USSR Drop Link with Tito

TOKYO (AP)—Red China rebuffed a Soviet Union overture for peace talks today, demanding that the Kremlin dump Yugoslavia as the price of such a meeting.

"There can be no reversing the verdict regarding the Moscow revisionists of Yugoslavia," declared the Peking People's Daily, voice of the Chinese Communist party.

The editorial, broadcast in part by Peking radio, obviously replied to the bid by the Soviet Communist party Sunday for talks by Soviet and Red Chinese authorities as a prelude to any world conference on the Communist rift. It hinted that the Russians seek a meeting between Premier Khrushchev and Mao Tse-tung.

Peking called two weeks ago for an international Communist gathering to stem a disunity trend which, it said, has brought the Red bloc to "the brink of the precipice." But the People's Daily balked at Moscow's suggestion of a preliminary meeting between the Red powers.

The paper insisted there must be a revision of the 1957 and 1960 Moscow meetings of Communist parties, which denounced Yugoslav "revisionism" as the chief menace to Communist unity.

"The revolutionary forces of the world will under no circumstances permit the export of counter-revolution by the Tito group; differences in the international Communist movement should be resolved only on the basis of the Moscow declaration and the Moscow statement," the paper said.

Khrushchev has welcomed Tito back into the Kremlin family since then. The two have been Party chief antagonists in the ideological battle between Khrushchev's policy of peaceful competition with the capitalist world and Mao's policy that the capitalists will have to be overcome by war.

The Soviet Communist party organ Pravda, in a long editorial Sunday insisted that any world conference should be preceded by Soviet-Chinese talks to "clear away all the extraneous and irrelevant stuff."

"The Communist party of the Soviet Union is ready to accept any bilateral meeting at any level and at any time if any party, irrespective of how significant the differences are, shows an interest in such a meeting," Pravda said. Pravda's conditional agreement to a world conference came a few hours after Khrushchev told Roy H. Thomson, Canadian-British newspaper magnate, that the Chinese are "our friends and brothers."

"Your friends? Thomson asked, making a gesture as though slitting his throat. "We Russians have a proverb," Khrushchev retorted, "saying that when dear friends quarrel they are just amusing themselves."

Free Europe at Fork In History's Highway

EDITOR'S NOTE—In the long shadow cast by Charles de Gaulle, what is the outlook for Europe and its relations with the United States? William L. Ryan has been seeking the answer to this question in interviews with officials in Germany, France, Belgium and Britain. This is the first of four articles looking closely at the Common Market, NATO, the ideal of European unity—and what they can mean for Americans.

By WILLIAM L. RYAN
AP Special Correspondent

LONDON (AP)—For a dozen years Europe has tried to run itself from her past, but it punishes her and haunts her.

Now she has reached an hour of decision. One man—Charles de Gaulle, of France—has pushed Free Europe to a fork in the highway of world history.

She has two conflicting choices. She can follow the road of every nation for Haiti, or she can try to surmount obstacles and continue on a path toward a

blend of national self-interest with unity for the common welfare.

Within these broad alternatives are many possibilities which Europe eyes with mixed feelings of hope, dread and anger.

At stake are the future of President Kennedy's concept of an Atlantic partnership of free nations, the outlook for the North Atlantic alliance, the ideal of European unity, the fate of the Common Market—and perhaps the whole course of the cold war.

Men who toiled patiently for years to launch the Common Market viewed it as the predecessor of a Europe, politically and economically integrated.

It was an attempt to drag Europe away from old habits, from the time when nations pursued only their own narrow interests and frequently acted like bickering harrigans ready to make things difficult for one another at the drop of a stitch.

State News Roundup

Strike Violations Charged to UAC

HARTFORD (AP)—The NLRB (National Labor Relations Board) today issued an unfair labor practices complaint against Pratt & Whitney Aircraft and Hamilton Standard, UAC (United Aircraft Corporation).

The complaint, resulting from more than a year of investigation, alleges that the company, by refusing to give to the union certain information needed to police the strike settlement, violated its duties to bargain with the union; and that some 3,500 employees were discriminated against either by not being reinstated in their jobs or reinstated in jobs other than they held prior to the strike in 1966.

The issuance came from Bernard L. Alpert, director of Region 1, NLRB, Boston, who said, "Never in the history of this office has there been complaint with as many alleged discriminatees."

There are also upwards of 30 "specific acts of interference" alleged to have been committed by the company during the nine-week strike.

A public hearing has been set in Hartford for April 9.

UAC by IAM (International Association of Machinists) Local 1746 (P&WA) and 743 (Hamilton Standard) arising out of the strike settlement in the rehiring of workers, were filed in November 1966.

The charges revolved around the supplying of lists on seniority, job classification, those rehired before the strike and those rehired after. Individual member charges were of two types: Those not called back because of their participation in the strike and those rehired and downgraded.

Crashes Kill 2

Traffic accidents in Prospect and Old Lyme took the lives of two persons over the weekend.

Francis Allen, 87, of Naugatuck was killed on Rt. 68 in Prospect Sunday when the car he was riding in collided head-on with another car.

State police said the second car was driven by Dr. E. J. Trantaling, Prospect. She was pushing her husband's stalled car, the bumpers locked, and when her car suddenly pulled free, lost control and struck the other car.

In a Saturday night accident in Old Lyme, Mrs. Marian B. Bantz of Old Lyme was killed in a collision as she was entering the old Post Road from the Conn. Tpke.

In Hartford, a skidder from the Navy submarine base at Groton recovered the body of nine-year-old Lawrence Taylor from the Park River Sunday.

The boy drowned Friday afternoon. He was reported missing Friday night, and was the object of an intensive police search.

The body of Glenn E. Sechrist, 60, of Hartford was to be examined today at Middlesex Memorial Hospital in Middletown to determine whether he entered of injury suffered in a car accident or of natural causes.

Sechrist's car veered across Rt. 17 in Portland Sunday night and struck a tree. Police said he might have suffered a heart attack.

Critics Awaiting Return of Powell

WASHINGTON (AP)—When Adam Clayton Powell returns to Washington from sunny Puerto Rico he is liable to find the capital can be just as warm—even in winter.

For the Democratic chairman of the House Education and Labor Committee will have to face the wrath of his committee colleagues and the displeasure of the administration.

Powell, 53, who is equally at home in the pulpit of the Negro Baptist church he heads in New York City, the political clubs of Harlem, and the plush night clubs of two continents, has managed to outrange the sensibilities of an impressive number of people in the past.

A combination of charm, gall and pride has enabled him to act as if he couldn't even hear their angry cries. Now that he has returned with so many antagonists at once, these traits may not be enough to keep out the rising din of criticism.

The soft voice of Sen. John J. Williams, R-Del., speaking from the Senate floor, was rising loudest, calling Powell an authority on "adultery," criticizing the hearings because he has little sympathy for the administration and questioning the propriety of several government financial transactions favorable to Powell.

Eastern Seaboard Hit by Asian Flu

By JOHN BARBOUR
AP Science Writer

WASHINGTON (AP)—A shock wave of Asian flu—a wintry friend of death—is hitting the Eastern Seaboard and leaping inland as far as Kansas.

The disease in the fall of 1957 was associated with 39,300 excess deaths above the normal death rate. The winter have left 20,000 excess deaths.

It struck the United States again in 1960 and there were 28,700 excess deaths.

From those epidemics, experts have determined that people over 45 are in the risk category—with those over 65 in the area of greatest risk.

Somewhat Asian flu leaves the body vulnerable to pneumonia—generally bacteria-caused pneumonia. That seems to account for about one-third the excess deaths.

Two-thirds of the excess deaths seem to occur among those with chronic conditions and largely among persons with heart conditions and circulatory and kidney disorders.

In its weekly summary of diseases and death incidence, the Public Health Service reported on some of the 10 states and the District of Columbia where flu or flu-like outbreaks have been noted.

Churchill Gets Defense Post In Canada

OTTAWA (AP)—Veterans Minister Gordon Churchill was appointed defense minister today and Sen. Wallace McCutcheon trade minister as Prime Minister John G. Diefenbaker reorganized his Cabinet, shaken by three resignations last week as a result of his nuclear policy.

Marcel Lambert, 43, member of Parliament from Edmonton and speaker of the House of Commons in the last Parliament, took over the veterans affair portfolio.

Diefenbaker, announcing the appointments as he left his home for the airport to keep a Toronto speaking engagement, said other appointments would be announced shortly. He said these would involve appointments from Quebec and other provinces.

In announcing McCutcheon's appointment he said he had chosen a man who would keep the economy rising as it has been rising.

McCutcheon was first brought into the Cabinet Aug. 9, 1962, as minister without portfolio and given the task of planning for Canada's economic future.

The Cabinet split is expected to galvanize campaign efforts by Diefenbaker's badly shaken Conservative party.

Appointment of McCutcheon, 58, cigar-smoking financier, was the real surprise in today's announcement. Last week, despite his repeated denials, he had been linked with a group of ministers reported on the point of resigning.

Churchill, 64, teacher and lawyer who has been a close personal friend of Diefenbaker for many years, is a veteran of both world wars. He was trade minister in the first Cabinet formed by Diefenbaker in 1957 and shifted to the veterans affairs post in the fall of 1960. He has been government spokesman in the House of Commons since mid-1959.

Left vacant was the portfolio of associate defense minister.

Trade Minister George Hees and Acting Defense Minister Pierre Sevigny resigned Saturday.

West Coast Slapped by Fierce Storm

LOS ANGELES (AP)—Southern California went more than 300 days without a real storm. Then, with thunder, lightning, torrents of rain and snow in the mountains, it got one which:

Caused five traffic deaths Sunday on rain-slick roads and freed water on the beach.

Aref Says City Calm After Coup

By WEBB MCKINLEY
BEIRUT, Lebanon (AP)—The Baghdad battle between Iraqi revolutionary troops and Communist holdouts died down today and a West German Parliament member who flew to Beirut said "I think the government is in firm control of the city."

"I can't say anything about the rest of the country," said the legislator, Rudolph Werner, a passenger on a Middle East Airline plane. "It's difficult to get reports."

But gunfire in the streets abated, he said, and the revolutionary council's soldiers stopped the raids which they had staged Sunday on Red strongholds in the capital.

There was fighting in the major port of Basra.

"Baghdad seemed to be quieter," Werner said. "But it was a dead sort of quiet. Shops and bazaars in the middle of the city all seemed closed. In the outskirts, food stores were open and life seemed to have drifted back to normal."

The transitional president, ex-Col. Abdul Salem Mohammed Aref, was quoted in a telephone interview by the Cairo paper Al-Ahram as saying the government was ended and stability now prevails in Baghdad.

To prove that overthrown President Abdel Karim Kassem really is dead, the rebels showed his body on television. Travelers said he was tried in the rubble of his office by a drumhead court Saturday, forced to sit on a sofa and machine-gunned.

Reports to Tehran from frontier towns said armed Communists invaded Basra Prison Sunday and freed about 1,500 Communists and criminals. The government was reported withdrawing forces from the border with Kuwait and moving them to Basra to fight the Communists.

In Baghdad, Communists were reported resisting with small arms fire in heavily populated areas. Raising parties fired on their houses with rifles and 60-caliber machine guns.

Members of the nation's new National Guard, formed under new leader Col. Abdel Karim Mustafa, were reported to have been in Iraq regular troops fighting Communist holdouts.

Mustafa heads a six-man junta which announced Saturday the appointment of transitional President Abdul Salem Mohammed Aref and a Cabinet but kept supreme powers for itself.
