France Faces Miners Strike

By JOSEPH E. DYMAN
PARIS (AP)—President Charles de Gaulle faced a serious domestic crisis today as the nation's coal miners defied him on an issue dearer to them than Algeria or international grandeur—wages. Communist, Catholic and Socialist unions challenged De Gaulle and began an indefinite strike in France's nationalized coal mines. The government agreed to a demonstration strike today and Saturday. But it said if the miners do not return to work Monday, they will be drafted into the army. If they do not return then, they will be liable to fines and imprisonment after trial by tough military courts. Other unions availed the outcome of the test of strength. Workers in the gas and electric systems and the railways—all operated by the government—want more money. The government contends wages increases for the miners will set off a general rise in wages and that in turn will produce an inflationary spiral. The miners say France is booming and it's time they got their share. Reports from the major coal-mining area about 110 miles north

Hopes Cuba Raised Dim Now on N-Ban

EDITOR'S NOTE—For 17 years the United States has operated on the assumption that disarmament may be possible. What are the current chances, and is it a case of now or never?

By JOHN M. HIGHTOWER
WASHINGTON (AP)—The best chance the Soviet Union and the United States may ever have to end the nuclear arms race now appears to be collapsing under the weight of a new disarmament deadlock.

This, at least, is the grim view of the current state of East-West arms control negotiations held by some high officials responsible for U.S. policy.

It is a view subject to sharp dispute. A serious question can be raised as to whether any real chance of accord between Moscow and Washington has existed since the start of the nuclear arms race, while the cold war continues.

Some authorities say "until you can settle the Berlin problem, until Moscow and Peking abandon their ambitions to take over the world, how can you expect to disarm?"

But for 17 years the United States has operated on the assumption that disarmament may be possible. That hope persists today.

The hope rests now, as in the past, on a deeper belief that at some point the disarmament war will begin to change its fundamental world position and move toward agreements with the West. Then the often-cited need of all nations to avert a nuclear war could begin to have its impact.

Ice Cover To Impede Lake Trade

CHICAGO (AP)—Wide stretches of the Great Lakes, the nation's busiest navigable routes for nearly eight months each year, are covered with ice after a prolonged siege of cold winter weather. Nearly all of the Great Lakes except Lake Ontario appear to be nearly 100 per cent ice covered as the winter season, one of the worst in many years in some areas, heads toward a close. A late start in the spring shipping season on the world's greatest inland waterway, which normally starts by mid-March, appeared almost certain unless there is an abnormally mild weather before winter's end in three weeks. W. W. Oak, Detroit Weather Bureau chief, has predicted that navigation on the Great Lakes this spring will be "late and difficult."

Lake Superior, the largest of the five Great Lakes, was reported 95 per cent ice covered by the U.S. Air Force pilots. They said there was only a narrow stretch of open water east of Isle Royale, in the northwest part of Lake Superior. Ice in the harbor in Duluth, Minn., one of the busiest Great Lakes ports during the shipping season, measured three feet.

The Coast Guard in Cleveland said that ice covers 90 per cent of Lake Erie, the shallowest of the Great Lakes.

In Lake Huron, the second largest of the world's biggest group of freshwater lakes, a mile stretch between Drummond Island and the Upper Michigan mainland is frozen solid enough to support automobiles.

A weather observer who flew over Lake Michigan, the only one of the five Great Lakes entirely within the United States, said ice covered the 50-mile stretch from Milwaukee to Ludington, Mich., except for some open water outside the Milwaukee harbor.

What makes the present statement at Geneva critical is that recent Soviet actions have dealt a severe blow to this deeper belief precisely when American leaders thought it might finally be justified by what had seemed to be some new trends in Soviet policy.

The high optimism about the chances for a nuclear test ban which prevailed here within the past two months was born in the aftermath of the Cuban crisis. There is no doubt that President Kennedy, Secretary of State Dean Rusk and other leaders felt some great results might flow from the easing of the nerve-racking confrontation of the United States and the Soviet Union over Cuba last October.

This optimism was prevalent when Soviet Premier Khrushchev last Dec. 19 sent a note to the President reversing his stand on international inspection to police a test ban inside the Soviet Union as well as on the territory of the United States and Britain. He said he would accept two or three on-site inspections a year. This was contrary to the position which Khrushchev had said during the Cuban crisis that he was willing to have on-site inspection of the removal of Soviet missiles and bombers from Cuba and a change in his position on that issue of the test ban negotiations had been expected.

One other fact of basic importance in Washington's view entered into the calculation of American officials. This was—and is—that with France already in the process of becoming a nuclear power.

State News Roundup

Suspicious Blaze Damages Church

HARTFORD (AP)—A suspicious fire badly damaged Our Lady of Fatima Church at Russ and Babcock Sts. this morning.

The two alarm blaze broke out at about 9 a.m. in the confessional box at the rear of the church and spread to the organ and the choir loft.

Detectives from the Hartford Police Department were on the scene questioning spectators and photographing the interior of the church even before firemen had doused the flames.

The brick edifice, which serves as a parish center for the neighborhood, was acquired by the Hartford archdiocese less than five years ago. It was formerly a Lutheran church.

Suspicious of arson were immediately aroused because of the nature of the fire and because a slight blaze in another part of the church Thursday afternoon.

Deputy Fire Chief Edward M. Curtin said the fire Thursday was confined to the altar cloth in the front of the church.

The Rev. Jose Silva, pastor of Our Lady of Fatima, extinguished the altar fire, but the damage in today's fire was difficult to estimate immediately, but the entire interior of the building, as the front was burned out, including several rows of pews.

Deputy Fire Chief Edward M. Curtin said the fire "was definitely of suspicious origin."

"Everything about it looks funny," he added.

Apparently, investigating detectives and firemen were unable immediately to find anyone who had seen a person leaving the building.

The fire department is investigating possibilities: Either the fire was set by juveniles or by a religious fanatic.

Navy Aware of Sub

NORWICH (AP)—The Navy has denied that a British submarine penetrated the U.S. coastal defenses last month.

Reports that the conventionally powered submarine Orpheus cracked the coastal defense network have been current for the last week.

But the Navy, in a statement last night, said the Orpheus arrived in New London after following an assigned route across the Atlantic.

"Her position was known throughout the transit," the Navy said.

The statement was released by the Deputy U.S. Atlantic Submarine Command and was approved by the commander-in-chief of the U.S. Atlantic Fleet.

Hospitals Up Rates

HARTFORD (AP)—Two of Hartford's major general hospitals are going to raise their board and room rates.

Higher rates are scheduled to take effect at Hartford Hospital Monday.

Mt. Sinai Hospital also is planning to up rates, "possibly within a month," Dr. L. S. Geeter, the hospital's executive director, said.

A spokesman at St. Francis Hospital said, however, that "no increases are contemplated at this time."

Details on Mt. Sinai plans are known yet but Geeter said the increases would be "very, very nominal."

The executive committee of the Hartford Hospital directors has voted to up rates for maternity patients \$2 per day, for maternity

Ski and poles make a pattern against the snow as their owners take time out for lunch at the Mittersill ski slopes in Franconia, N.H. With ideal snow conditions New England ski areas are setting records this season. (AP Photofax)

Defense Knew Red Jets Flew Over Carriers

WASHINGTON (AP)—The Pentagon's announcement that long range Soviet reconnaissance jets flew over four U.S. Navy carriers at sea was intended to dissuade any Soviet proposals before it was dropped, informed sources said today.

These sources indicated secretaries of Defense Robert S. McNamara sought to beat the Soviets to the punch—for example to any claim that the flights were undertaken when he told his news conference Thursday of such overflights in the North Atlantic and North Pacific during the past month.

Another possible aim could have been to neutralize Soviet complaints that U.S. warplanes had buzzed and trailed Soviet ships on the high seas.

In any event, questions about the vulnerability of carriers were raised by McNamara's disclosure that four heavy Soviet reconnaissance bombers flew thousands of miles from the Soviet Union

Faint Hope for Passage GOP Cries Politics In Civil Rights Bills

By JOHN BECKLER
WASHINGTON (AP)—A partisan split in Congress over President Kennedy's proposed civil rights legislation further dims the already faint prospects that any major civil rights measure will be passed this session.

An immediate Republican reaction to Kennedy's civil rights message Thursday was to accuse the administration of seeking political gain for its proposals. Republicans called for action on their own program, which is much broader than the President's.

Kennedy himself did the cause of bipartisanship little good when he told Congress that more progress had been made in the field of civil rights during the last two years than in any comparable period in the nation's history.

A group of House Republicans who have introduced a comprehensive civil rights bill of their own countered that the only constructive civil rights legislation passed since reconstruction days came during President Dwight D. Eisenhower's Republican administration.

In a series of House speeches and in a joint statement the GOP congressman called Kennedy's program a retreat from his party's 1960 platform and charged

Tax Slice Likely But Few Reforms

EDITOR'S NOTE—President Kennedy's proposal for a tax cut accompanied by revisions in the tax structure is now in Congress' hands. The legislative wheels have barely begun to turn, but the proposal already is the subject of wide and sharp debate—both on and off Capitol Hill.

By EDMOND LEBRETON
WASHINGTON (AP)—Informed members of Congress believe President Kennedy probably will get a tax cut this year—but with a made on Capitol Hill label.

The legislation that emerges is not likely to resemble the President's recommendations much except in scope, they say. But they

Chief Demands Kurd Self-Rule

EDITOR'S NOTE: Russian-speaking AP Correspondent Alex Efty journeyed by car, tractor and horseback for six days to obtain an exclusive interview with Mullah Mustafa Barzani, chief of the Kurdish rebels who have harassed the Iraqi government for 18 months.

By ALEX EFTY
NORADIN, Northern Iraq (AP)—Mullah Mustafa Barzani, leader of the Kurdish revolt in northern Iraq, says he will order his warriors back into battle against the new Iraqi regime unless the tribesmen receive self rule quickly.

Speaking in Russian, the chief said in an interview at his headquarters in the mountains of Northern Iraq that the overthrow of Premier Abdul Karim Kassem Feb. 8 was the direct result of the 18-month Kurdish war against the Baghdad regime.

A similar, if not worse, fate will befall anyone else who opposes the establishment of an autonomous "Kurdish regime," the Moscow-educated leader said.

Barzani, 60, said he ordered a cease-fire when Kassem was overthrown and killed, in order to give the new Baghdad government a chance to declare its intentions on the Kurdish issue.

"I gave them 10 days. Those days are over. I am not prepared to wait indefinitely," said Barzani, fondling a long Kurdish dagger.

Barzani expressed impatience over the delay in getting word from his special emissary, Jalal Talibani, who went to Baghdad last week to negotiate with leaders of the new government.

(Talibani said in Baghdad Thursday that he was hopeful that an agreement with the new government will be reached "within this week.")

Barzani scoffed at a suggestion made last week by the new government's minister of state, Hassan Fawad, that the Kurdish question should be examined by a con-

(Continued on Page Three)

New York Post Bolts Group, Prints Monday

NEW YORK (AP)—Dorothy Schiff, publisher of the New York Post, has broken away from the publishers of the city's other major newspapers and announced that her afternoon tabloid will resume publication Monday.

Her decision leaves four newspapers shut down by a printers' strike and four others closed voluntarily.

Mrs. Schiff said Thursday, "I think the strike has gone on long enough. I see no evidence on a settlement."

Mrs. Schiff, owner and editor-in-chief of the Post and four other publishers shut down their papers when the printers struck against four dailies 84 days ago.

Talks in the contract dispute continue today with Mayor Robert F. Wagner serving as chief mediator.

The Publishers Association of New York City, which represents

(Continued on Page Nine)

Anastasio, 57, Passes, Bossed Dock Workers

NEW YORK (AP)—Anthony (Tony) Anastasio, 57, dynamic boss of the Brooklyn waterfront who battled other leaders of the longshoremen's union as well as dock employers, died today in a Brooklyn hospital.

He was international vice-president of the AFL-CIO International Longshoremen's Association and headed the 15,000-member ILA Local 1814 in Brooklyn.

A family spokesman said death resulted from complications following a heart attack Jan. 2.

A colorful figure, Anthony nevertheless often was overshadowed by two of his headline-making brothers: the late Albert and Joseph Anastasio.

Albert, a reputed power in the old Murder, Inc., mob, was shot dead as he sat in a barber chair in 1937. Joseph—involved at various times in murder, bootlegging and waterfront thievery—died of natural causes in 1966.

Another brother, Salvatore, is a Roman Catholic priest in the Bronx.

Born in Tropes, Italy, Albert, Joseph and Anthony shipped as deckhands when they were children and jumped ship in the United States separately between 1917 and 1924. They eventually became U.S. citizens.

Last August, Anthony was ousted as co-chairman of the ILA's wage scale negotiating committee. Thomas W. Gleason, ILA international executive vice president, said Anastasio was removed for a

Bobby Kennedy Denies Presidential Grooming

EDITOR'S NOTE—Because he's the President's brother, every word, every action of Robert F. Kennedy is subject to special scrutiny. In the following exclusive interview with Louis G. Panos, who covers the Justice Department for The Associated Press, Kennedy discusses his political future.

By LOUIS G. PANOS
WASHINGTON (AP)—Robert F. Kennedy looked out the window of his chauffeur-driven limousine and said he does not plan to run for president in 1968.

"Emphatically not," he said.

In his voice was a note of pliancy, a plea that his answer be believed.

There was also the shrug of resignation from a man who, as attorney general and brother of the President, knows every word of the law and by reporters who consider him the most valuable news source outside the White House itself.

This interview, held during a ride from a hotel speaking engagement to his Justice Department office, was one of a recent series given by the attorney general to The Associated Press in an attempt to answer these questions:

1. Is he being groomed to as-

CABINET MEETS
WASHINGTON (AP)—President Kennedy met with his Cabinet today for the first time in seven weeks. The White House said the session was not prompted by any special development.

ARMS TALK FAILING
GENEVA (AP)—The Soviet Union slammed the door today on any detailed negotiations on a treaty to ban nuclear weapons tests. Talks seemed on the verge of collapse. U.S. Delegate William C. Foster prepared to leave for Washington, A. U.S. source said. "At the moment, he can accomplish more in Washington than in Geneva," said Foster. "We want to negotiate. Unfortunately we have found that thus far the Soviet Union does not."

TREATY RATIFIED
BONN, Germany (AP)—The upper house of the West German Parliament ratified the controversial treaty of cooperation between France and West Germany today. The Bundestag, made up of representatives of the 10 federal states, gave its approval after Chancellor Konrad Adenauer delivered a strong appeal in favor of the treaty. The vote was seven in favor and three abstaining.

PEKING WANTS AIRING
TOKYO (AP)—Red China dared the Soviet Union today to let Peking beam its side of the ideological dispute with Moscow to the rest of the Communist world. Peking accused Moscow of jamming Red China's broadcasts to prevent Communist bloc countries from hearing Mao Tse-tung's side of the argument. It called the followers of Soviet Premier Khrushchev cowardly as well.

UNDER NEW MANAGEMENT—Former Yankee first baseman Bill Skowron left, chats with Los Angeles Dodgers manager Walt Alton. Skowron is slated to be the Dodgers regular first sacker. (AP Photo-Faxon)

Mathews in Sight Of Ott's IR Mark

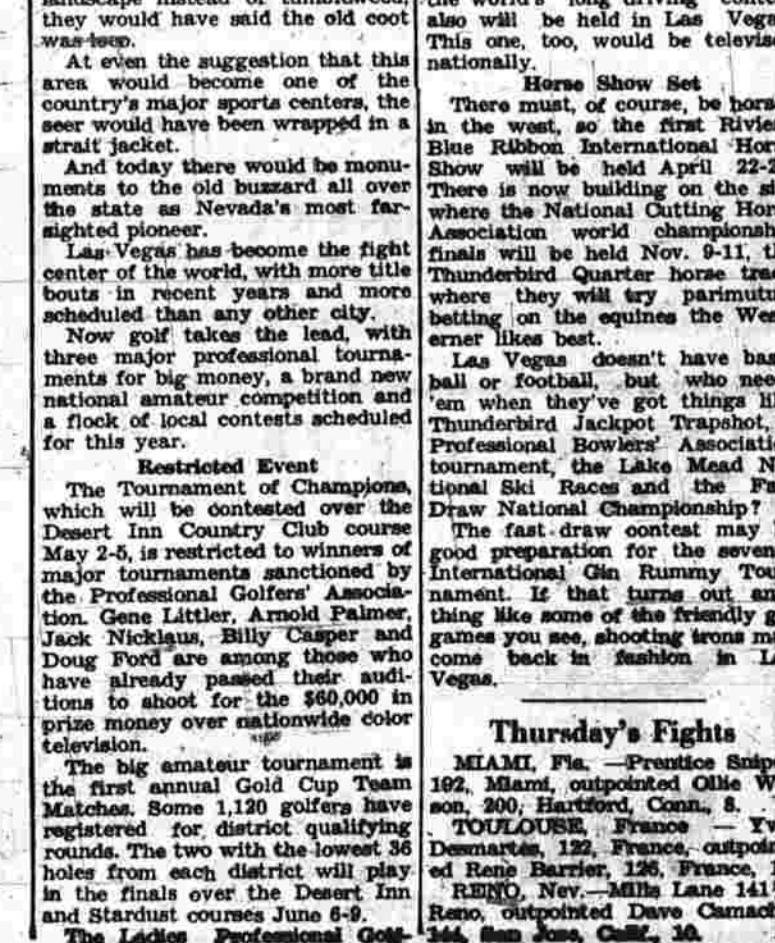

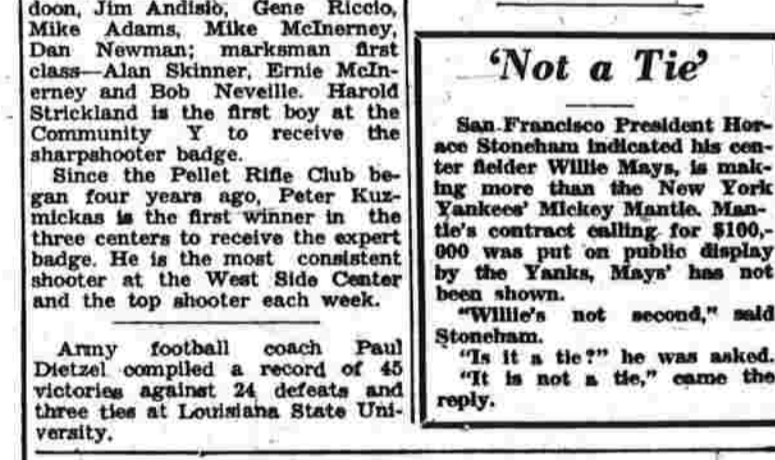

NEW YORK (AP)—While since his rookie year, he's been averaging 36.3 a season, a batting average of .300 in 1967, Ed die Mathews figures he has a chance to catch a star. Mathews, working into shape for his 12th season in the Milwaukee Braves' baseball camp Thursday, reports a tender right shoulder hasn't hurt a bit, and admitted the Chicago Mel Ott's National League record of 611 homers.

IT'S LONGER UP AND DOWN—Mets Manager Casey Stengel uses Gil Hodges as a model during lecture on new strike zone at Mets' camp. Others in group are, from left: Roger Craig, Bruce Fitzpatrick and Bob Catterin. (AP Photos.)

Pitcher Dick Bass, Blind at Nine, Anxious to Make Grade with A's

BRADENTON Fla. (AP)—Norman Bass failed to make the Kansas City Athletics this season he at least knows he'll be pitching some of the high minor league ball clubs in the off-season. Bass will have no complaints no matter where he pitches. He was lucky to be able to walk, much less pitch.

Throneberry Houdout For \$2,000 Increase

ST. PETERSBURG, Fla. (AP)—Marvellous Merv Throneberry has one foot in the New York Mets spring training camp. Someone keeps stepping on it. It's been that way ever since Throneberry decided to hold out for more money, about \$2,000 over a \$15,000 offer. He's said his own way to the baseball camp and has been talking with chief contract negotiator Jimmy Murphy, assistant to Mets' President George Weiss. The marvelous one figure he's worth something to the Mets—five dollars. He's worth five dollars to the Mets, the New York Mets spring training camp. Someone keeps stepping on it.

Bathgate on Tear And Rangers Win First over Hawks

NEW YORK (AP)—Handy Andy Bathgate, the New York Rangers' star center forward, has become the 10th player in National Hockey League history to score more than 200 lifetime goals. The Ranger captain, who owns one of the highest play totals in the league, collected three goals Thursday night in triggering New York to a 4-1 victory over the first-place Black Hawks at Chicago.

Rixey Dead at 72, New Hall of Famer

Colorful Eppie Rixey, one of the all-time great left-handed pitchers, lived barely long enough to make the baseball Hall of Fame. Rixey, 72, was notified of his death at his home in the Washington, D.C., suburb of Bethesda. He had been hospitalized for several weeks.

Major Sports Center Blooms In Las Vegas Desert Sands

LAS VEGAS (AP)—The National Association of Sports and Entertainment has announced that it has selected Las Vegas as the site for a new major sports center. The center will include a stadium, arena, and other facilities.

Cinderella Ellington Plays Cromwell Tonight

Iron Men Set For Big Test At Central Gym. Quarterfinal play in the C.I.A.C. Class C Basketball Tournament begins tonight with Ellington High's Cinderella Knight taking on Cromwell. The game will be held at the Central Gymnasium.

Heyman Player of Year In Annual Hoop Rating

NEW YORK (AP)—Art Heyman of Duke was named to the 1968 college basketball player of the year by The Associated Press. Heyman, a senior forward, averaged 20.5 points and 10.5 rebounds per game.

Polish Track Star After Initial Win In Garden Games

NEW YORK (AP)—Wolod Baran of Poland, who hasn't won a race in three starts here in spite of a couple top performances, hopes to steal the spotlight in the Knights of Columbus Garden Games. Baran, 24, will start in the 600-yard run against Earl Carroll of Villanova.

23 Teams Entered In Rec Tourneys

The third annual Manchester Invitational Basketball Tournament, sponsored by the Recreation Department, will get underway Saturday. Twenty-three teams have entered the competition this year.

Point of Revenue

NEW YORK (AP)—A record of 87 major league baseball games will be telecast this season, with the 70 major league games receiving about \$14 million for the broadcast. This is a 25% increase over last year.

New Haven Finals Likely in Class A

It's going to be either Hillhouse or Fairfield Prep that goes into the C.I.A.C. Class A basketball final against the winner of the Wilbur Cross-Hartford Public game next week. In quarterfinal matches at the University of Connecticut, Fairfield house last night, Hillhouse knocked out West of Hartford (26-60) and Fairfield Prep downed Staples (53-59).

Boyer Drops in 44 Straight Fouls

Tommy Boyer of Arkansas set this record last Saturday when he converted his first four free throws against Baylor. He had 44 straight fouls and only three to erase the old major mark of 42 set by Dick Ricketts of Duquesne in 1957. Tommy got an extra one on a technical foul.

Hoop Team Enters Bradford Tourney

Manchester will have a team represented in both the Manchester tournament and the Bradford tournament. The team is sponsored by Tom Dawkins and is called the Silk City All-Stars. The team is coached by Tom Dawkins and includes players like Tom Dawkins, Tom Dawkins, and Tom Dawkins.
