About Town

The American Legion will sponsor a rummage sale Friday at 8 p.m. at the Post Home. Donations will be accepted all day tomorrow.

Board Weighs Use of School

What is to do with the Buckland school is a question pending decision of the board of education. The board has received various suggestions last night.

Prison Chaplain Explains System

The purpose of a prison is to punish criminals, but its secondary function is to try and rehabilitate them, the Rev. Joseph W. Reynolds, chaplain at Wetherfield State Prison, told about 70 parents and teachers last night at a meeting of the Nathan Hale PTA at the school.

Farmer to Appeal State News Roundup

NEW HAVEN (AP)—Federal state and local police have joined forces in investigating a reported escape plot from the New Haven State Jail, State Jail Administrator Harold E. Hegstrom said.

China Agrees to Talk With Soviets on Lift

TOKYO (AP)—Red China has agreed to meet a Soviet delegation to thrash out ideological differences splitting the two nations and has called a truce in the war of words between Peking and Moscow.

Planes Afire in the Sky

Some trails from two Air Force planes damaged by the premature explosion of a delayed action 600-pound aerial mine bomb during a close ground support weapons test Feb. 7 at Eglin Air Force Base, Fla.

Says USIA Poll USSR Peace Image Growing in Europe

WASHINGTON (AP)—The popularity of U.S. foreign policy has hit a record high among Europeans but the Soviet image is growing in Europe, according to a new USIA survey.

Talks Failure Swells Threat Of Rail Strike

CHICAGO (AP)—A nationwide railroad strike and quick White House intervention appeared possible today after the collapse of railroad-union negotiations.

Loneliness in Youth Nurtured Strength of Winston Churchill

By JAMES MARLOW Associated Press News Analyst Winston Churchill, aggressive and bold perhaps not as many as we think, was a lonely child.

Herter Takes Aim at Tariffs

Herter said the program still gives him the power to negotiate with the Common Market and other countries to cut tariffs in foreign trade.

McNamara, Congress Mutually Disgruntled

By FRED B. HOFFMAN News Editor McNamara is accused congressional critics — there are Republicans and Democrats — of being more than a little disgruntled.

U.S. Rejects Claim Ships Shelled Boat

WASHINGTON (AP)—The State Department has denied a Soviet charge that three American destroyers fired on a Soviet trawler last Friday.

News Tidbits

Talks between publishers and non-striking AP-Clu New York news editors were reported to have broken off at an early stage.

Sheinwold on Bridge

CAREFUL GIRL SHUNS PINCHES

By ALFRED SHEINWOLD

One of the hazards of traveling to Italy, the girls tell me, is that you get pinched. An even worse hazard is that perhaps nobody will take the trouble to pinch you. If this all seems much too difficult, don't despair. You can stay right at home and get pinched at the bridge table.

South dealer vulnerable

Opening lead—Deuce of Hearts. South, a highly pinchable hand, acquitted herself nobly in the bidding. North, Partner, bid three notrump if you can stop the hearts. South asked no question; she bid three notrump and waited for the opening lead.

West naturally opened the deal.

Talks Failure Swells Threat Of Rail Strike

(Continued from Page One)

At stake are 65,000 jobs and \$600 million a year.

The two sides appeared to be separated on ground rules. The railroads wanted to conduct the talks within the framework of the presidential railroad commission report of Feb. 28, 1967. This report accepted some of management's demands, and management accepted the report. The unions wanted bargaining to include their proposals.

The commission recommended elimination of the jobs of 40,000 firemen on diesel locomotives in yard and freight service. The remaining jobs involve other workers.

The unions—engineers, firemen, trainmen, brakemen and switchmen rejected the report and tried to stop the rise revisions in the courts.

The U.S. Supreme Court upheld on March 4 management's right to make the changes. However, the rewriting of rules cannot be done until the court mandate is reversed later this month.

The railroads suggested the meeting Wednesday because of a union proposal to settle first the fireman issue—the clearest and

SNETCO Employee Speaks At School

R. O. Dyke, a PEX installer for the Southern New England Telephone Co., discussed getting electricity from satellites at a guest speaker this week at the Howell Cheney Regional Technical School assembly.

In his topic, "From Sun to Satellite," he described research of the Bell Telephone System on transmitters and solar batteries. He demonstrated use of the solar battery with a model which derives power from a strong light source.

Dyke also talked about transmitters, which have made great changes in the electronics industry since their discovery by the Bell Telephone Laboratories in 1944.

Solar batteries and transmitters are essential components of the communications, navigation and other U.S. satellites.

Columbia

Lien Notices Sent Out on Back Taxes

Lien notices have been mailed to 27 delinquent taxpayers by Tax Collector Laura Squier, and if taxes on these properties have not been paid in full before March 29, the fee for continuing the lien is \$3.75, she said.

A meeting of the Columbia Homeowners was canceled because of the lack of leaders to discuss the preparation of Lenten meals, according to Mrs. Peter Naumec, chairman.

Forty Columbia students have been named to the honor roll at Windham High School. On the "A" honor roll are: Seniors, Gal Capelle, Anne Gurnack; Juniors, John Kozelak, sophomores, Martin Ascioli, Charles Fischer, Stuart Kaplan, John Klapp, Thomas Marchese, John Thompson, freshmen, Gary Tetzelsch, Michael Curran, Peter Tamborini, Debra Burbanck.

The "B" honor roll includes: Seniors, Richard Courakis, Robert Dean, Joan Enos, Elizabeth Kaden, Janice Kowalski, Patricia Murphy, juniors, Robert Bowers, Walter Pawlowicz, Sally Hutchins, Sylvia Lottalaian, sophomores, Michael Blum, Scott Dunham, Dennis Klotz, George Peters, Peter Shumway, Linda Deigault, Lorraine Gohls, Linda Foretski, Clifford LaFleur, Frederick Lowman, Russell Olsen, Brian Pender, Gary Steinman, Douglas Tittelbach, Jane Forbes, Karen Hinn.

At the Cub Scout pack meeting at Teemans Hall tomorrow at 7 p.m. Mrs. Clarence Grant, PTA president, will present the charter to Leonard Ouchon, committee chairman, on behalf of the PTA, pack sponsors. The theme for the month is "Arms of the USA." Den 1 will present the flag ceremony and other den activities and displays. Parents should attend.

Manchester Evening Herald Columbia correspondent, Miss Susan B. Carlson, telephone 224-9274.

Hebron Railroad Link May Be Lost

It looks as if Hebron may lose its only connection with the former Airline Railroad, of metropolitan history, depending upon action of the Interstate Commerce Commission, which will hold two hearings in April.

It is proposed that a 3.23 mile extension between Hebron, at the Amston junction, and Colchester, be abandoned. This line is used now only for freight, but in the old days it was a passenger train.

The Airline Railroad was put through around 1909-1971. The town bonding itself to the amount of \$23,000, this town was saved from bonding itself for a guarantee for a second mortgage to help the railroad by decision of the courts that the warning for the meeting was illegal. Even as it was Hebron and other towns along the line were plunged deeply in debt by the failure of the railroad line.

There are perhaps a very few local people who can recall the "Ghost Train" (painted white) as it roared through Thruville, as that part of Hebron was then called. It is claimed that closing the Hebron-Colchester line would seriously affect industry and protest will be made by Colchester.

Expert on New Fabrics Consultant in "Fabrics and Fashion" will be given by Miss Beth Peterson, home economist of the Dupont Co. public relations department, Wilmington, Del., for the Tolland County Extension Service, on Tuesday, March 26, at 8 p.m. at the Northeast School, Rockville. She says "The new concept in fabrics today has already created many far reaching changes in clothing and home furnishings." The public is invited.

Miss Marjorie H. Martin, N. H. branch of Douglas Library, Hebron, was speaker Wednesday morning at a meeting of the Gilead Women's Fellowship. She spoke on new books and book exchanges. A meeting of the planning and zoning commission will be held March 20 to consider applications for variations in zoning zones. An extension at Shore's place on St. 80 and an extension of the Amston Industrial District 1.

From Your Neighbor's Kitchen

By DORIS BELDING

Mrs. Harold E. Lord, 36 Grandview St., explains her recipe thus: "For those who have an aversion to involved procedure or who need to 'make a man dish in a hurry,' a recipe I call 'My Fish Dish' is the answer." She also mentions that the blend of ingredients gives inexpensive fish fillets the taste of lobster.

My Fish Dish 1 package frozen fillet of halibut or other fish fillets may be used 1 can frozen cream of shrimp soup, thawed 1 cup bread crumbs 1/2 cup melted butter. Place fish in shallow, greased baking dish. Pour soup over fish. Mix crumbs with butter and sprinkle over fish. Bake at 350 degrees for about 35 minutes. Mrs. Lord mentioned that seasoned crumbs were good in the recipe and that fresh fillets may be used. She added that unthawed fish and soup may be used if about 10 minutes is added to baking time. Mrs. Lord is a native of Massachusetts. She was born in Boston and married in Springfield. She came to Manchester in 1939. "When the town was still showing scars of the 1938 hurricane," her husband is employed at Hamilton Standard, division of United Aircraft, Windsor Locks. The couple are both active members of the First Church of Christ, Scientist. They enjoy square dancing and are graduates of one of the earliest classes conducted by the Manchester Square Dance Club's caller, Earl Johnson. Mrs. Lord is a member of the Manchester Fine Arts Association, where she has received many awards at exhibitions. She studied water color painting with Mrs. Eleanore Vibbert. She is now studying piano improvisation with Mrs. Edna Kaufman of Bolton. She has been a member of the Hartford Symphony series for 20 years, and supports the Community Music program in Manchester.

Gets Fellowship

Charles Ryan, son of Mr. and Mrs. Charles Ryan, 79 Vernon St., has been awarded the year Woodrow Wilson Fellowship to the graduate school of his choice.

The fellowship covers tuition and fees for one year and also provides a \$1,000 stipend and dependency allowances. It was one of 1,475 awarded to outstanding college students in the United States and Canada by the Woodrow Wilson National Fellowship Foundation.

In an announcement today, Sir Hugh Taylor, foundation president, said the recipients were chosen from among 9,767 candidates named by faculty members at 907 colleges.

A senior at Vanderbilt College in Nashville, Tenn., Ryan is a 1967 graduate of Manchester High School. He is majoring in political science at college, and plans to become a college instructor.

BOY SCOUT Notes and News

Cub Pack 251 held its Blue and Gold supper recently at Verplanck School, with about 175 members attending.

Guests of honor included Eugene Freeman, past commander of the American Legion and Mrs. Freeman; Don Warner, District Scout Executive; Henry Klein, institutional representative; and Francis Murray, president of the Verplanck PTA.

Stephen MacDonal received a dinner stripe and Darius Smith and Wesley Bouchard received their Boy Scout Week.

Birthdays were given to Wesley Bouchard and Danny DeSantis in a honor of their ninth birthday.

Herter's Task To Cut Tariffs
(Continued from Page One)

Herter, as congressman, as secretary of state, as trade negotiator, he has one of the most complicated and delicate tasks: Planning and negotiating tariff reductions amid

uncertainty on whether Europe really wants them.
For this reason, Herter described the talks ahead as critical. A working party, including some Americans, goes to Geneva next week to set the agenda for a May 19-21 meeting of ministers from the 44 nations that have signed the General Agreement on Tariffs and Trade.
Herter will represent the United States at the ministers' meeting where the U.S. plan to begin tariff negotiations in 1964 will be discussed.
Afflicted with painful arthritis, Herter was examined by a team of physicians from Johns Hopkins University before President Eisenhower appointed him secretary of state in 1959. They decided that the arthritis would not get worse.
"I feel the same now as I did then," Herter said.
Herter has served as a Republican through his long political career, but he says "I couldn't very well renege" serving in a Democratic administration when President Kennedy asked him to take the job of trade negotiator.
"For one thing, I had been advocating such a trade program for some time. I justified in favor of it," he said.
"The President has been very generous and has allowed me to sit in on policy consultations. But since my job really is a technical one, I don't feel odd in a Democratic administration, although I know some of my Republican colleagues look at me with a jaundiced eye, particularly in Congress."
"But," he concluded, "they usually are the ones who never favored the Trade Expansion Act in the first place."

Earth Bulges Moon
LONDON—The earth's gravity accounts for a 135-foot bulge on the near side of the moon. A University of Manchester scientist believes the bulge grows and shrinks as the moon travels toward and away from the earth.
The friction of this movement is believed to make the moon's interior quite hot.

D of L Unit Notes 60th Anniversary
The worthy supreme grand mistress of the Daughters of Liberty, Mrs. Harry Ewing of Ohio, and her staff were entertained by three DOL chapters last night in observance of the 60th anniversary of D of L No. 126.
The chapters are D of L 125 and 127 of Manchester and Charter Oak Chapter of Hartford.
Mrs. Ewing was presented gifts

of money bouquets by the worthy mistresses of the three lodges.
A candlelight service was conducted by Mrs. Joseph Johnston, past supreme grand mistress, of Manchester.
Digitaries present included supreme grand life members Mrs. Lillian McCaughy, Mrs. Georgia Tomlinson, Mrs. Maria Leamon, Mrs. Mary Shortt and Mrs. Mary Graham, all of Manchester.
Also Mrs. Josephine Hingston of Brookline, Mass., supreme grand assistant; deputy mistress; Mrs. Mary Conn, supreme grand

justice; Mrs. Lily Dunlop, supreme grand Christian flag bearer; Harry Ewing, supreme grand advisor; and Archie Saugh and James McCullum, honorary supreme grand mistresses.
Also installing deputies, Mrs. Lily Dunlop, Mrs. Tillie Lindsay and Mrs. Bianca McCullough, and Mrs. Sue Brown, worthy mistress of Charter Oak.
The anniversary ode was cut by charter member Mrs. Mary Shortt of DOL 125.
Guests were present from Pennsylvania and Massachusetts.

board last week. The schedule called for a range of \$4,900 to \$7,200 in 10 steps.
Arthur von Roemer, chairman of the teachers salary committee, presented a schedule of \$4,800 to \$7,400 in 10 steps to be implemented by immediately placing all teachers on the proper step.
Von Roemer said that this schedule would be comparable to other towns in the area. The salary schedule calls for increments of \$200 in the first three steps, \$300 in steps four through nine, and \$400 for the last step. The teachers' degree scheduled calls for \$300 above the bachelor's degree rate and the sixth year certificate calls for another \$200.
Hebron, Marlborough and Rham boards have already adopted 10-step schedules starting at \$4,800. But where Hebron stops at \$7,200, Marlborough and Rham stop at \$7,400. All of these schedules have the \$300 increments for study beyond the bachelor's degree.
The teachers left the meeting after presenting their schedule and the board subsequently approved it. The board also voted to

Andover School Budget Up \$5,555; Teachers Win Pay Asked
The Andover Board of Education has adopted a budget of \$1,181,350 for the coming year, an increase of \$5,555 over last year's budget.
Last night's budget meeting

was awarded to Alfred D. Goldstein, Paradis Farm, Amston, to build and lease the building to the Post Office Department.
Under the department's lease construction program Goldstein will construct the new building on Rt. 6 and lease it to the department for five years, with renewal options running for an additional 10 years.
Only three bids were submitted to the regional real estate chief. The department's capital investment is limited substantially to postal equipment, while the build-

ing remains under private ownership, with the owner paying local real estate taxes.
"This formula," Day said, "utilizes the resources and investment funds of private enterprise for needed postal buildings."
The new post office at Andover will be constructed with an interior floor space of 1,443 square feet and is expected to be completed in August.
Manchester Evening Herald Andover correspondent, Margaret J. Edvard Day that a contract has

been awarded to Alfred D. Goldstein, Paradis Farm, Amston, to build and lease the building to the Post Office Department.

10 Homes' Wood In Largest Fir
PORTLAND, Ore.—A Douglas fir in Clatsop County, Ore., measuring more than 48 feet in circumference has been chosen by the American Forestry Association as the largest tree of its species. The first limb is 104 feet up.
The tree, 200 feet and 6 inches tall, is believed a thousand years old. It contains enough lumber to build 10 two-bedroom frame houses.

GRAND OPENING

MOTT'S - WEST HARTFORD Prospect Ave. and Boulevard

SALE PRICES EFFECTIVE THURSDAY, FRIDAY AND SATURDAY
AT ALL MOTT STORES

I Believe:
PEOPLE ARE WONDERFUL

Last week the Mott Company purchased a store in West Hartford.
This week we opened this store as a Mott unit at the corner of Boulevard and Prospect Avenue in West Hartford.

I'm tremendously proud of this Mott store. I think you'll find it exciting to shop there.

But equally important to me is the superb job many people did in completely remodeling this store in so short a time. We've moved departments, added new ones—and in general done a lot of things I believe will add to your shopping pleasure.

My thanks to the suppliers, distributors and contractors—and especially to the more than 100 Mott people who accomplished this dramatic change.

South Windsor Building Data Stirs Study of School Wing

The possibility of an immediate addition to Pleasant Valley School is being studied because of a report that 497 homes are approved for construction and 240 of them are expected to be ready for occupancy by the next school year.

The study is being made by School Supt. Merle Woodmansee who will submit recommendations to the school board soon.

The report was made by Mrs. Julia Durig, a school board member who interviewed building officials and builders.

This is what she found: Fifty dwellings are now under construction; there are 282 in subdivisions approved for building for a total of 567.

As a result of the report the school board decided to study the possibility of the addition and it postponed action on the report for the Avery Street School, the Wapping School and the Pleasant Valley School.

In the areas under consideration, 68 homes are planned for the Pleasant Valley area, 50 for Wapping, 11 for Avery St. School, and 80 for Orchard Hill.

In reviewing these figures, the board felt that if the homes are being completed in the next school year, and if the boundaries are all changed from that planned for next year, serious overcrowding may result.

The question of changing the boundaries for double sessions in January when it was realized that the children who are in school an hour less time each day are in larger class sizes than those attending a full day.

The board accepted the grant of \$100,000 for the addition in Avery Street Elementary School. This grant is payable in 20 annual installments of \$4,763 each; with the first payment due in April, 1968.

In Carthagen Marvin L. Wild, from U.S.N. son of Mr. and Mrs. Carl M. Wild of 229 Avery St., Wapping, is serving aboard the tank landing ship USS Suffolk County, currently participating in amphibious training exercises in the Caribbean.

Young Democrats To Hear Pacifist

Robert Swann of Norwich, a pacifist, will speak to Manchester Young Democrats Tuesday at 8:15 p.m. in Motz's Auditorium. His topic will be "Pacifism — A Non-Violent Approach to a Violent World."

Swann, 44, is coordinator of the New England Committee for Non-Violent Action (CNVA), and is a resident of the Polaris Action Farm in Norwich with his wife and four children.

He was born in Cleveland, Ohio, and studied fine arts at Ohio State University. For 16 years, he has been a designer and builder of homes, civic and commercial buildings, including houses designed by Frank Lloyd Wright and open occupancy housing in Fallschieldale and at Princeton.

He served two years in prison and three years on parole as a conscientious objector during World War II. He also served 90 days in jail for activities in connection with a demonstration protesting the launching of a Polaris submarine.

Swann was a co-builder of the "Peace Ship" which attempted to sail into the nuclear testing range of the U.S. government in the Pacific.

A question and answer period will follow. The public is invited.

Rockville-Vernon Railroad and HHFA Officials To Make Renewal Surveys

Surveying engineers from the New Haven Railroad and planning engineers from the Federal Housing and Home Finance Agency will be visiting Rockville shortly to help the city overcome two obstacles in the path of redevelopment.

The railroad engineers will study the proposed sites for the relocation of the freight office which is now in the heart of the proposed redevelopment area.

One site is on the west side of West St. and one is on the east side. The third possible site is in Vernon, on land the railroad already owns.

Clarence McCarthy, temporary executive director of the Rockville Redevelopment Agency, said that after his talks with New Haven Railroad officials yesterday, "I think the railroad is taking a little different attitude on all of the problems here... it's just a matter of time."

The railroad will relocate the office, he said, preferably in Rockville, and provide the necessary government approval.

Thomas O'Sullivan, corporation counsel for the railroad, was very encouraging, said McCarthy.

The federal government has directed the city to make the progress on acquiring the railroad site before proceeding into Phase II of redevelopment.

Herbert Geller, area representative from the HHFA, will visit Rockville with members of his staff this week or early next week, McCarthy said, to study three proposed expansions of the redevelopment area, and to give approval to the work done so far.

Special meetings will be called when Geller arrives, and when the railroad personnel arrive, said McCarthy.

Lester Baum, temporary chairman of the redevelopment agency, said the city must hire an appraiser immediately to appraise the value of the railroad property.

McCarthy told him there are five appraisers whom the HHFA has approved for work of this nature.

Baum asked the agency members to vote authorization to McCarthy to hire whichever ever one of the five is available immediately. The vote was unanimous.

Atty. Donald Caldwell, counsel for the agency, said he had drawn up a form to be distributed to those officials who are to state whether they have any personal or financial interest in the redevelopment area.

The retail division of the Rockville Area Chamber of Commerce is asking Mayor Leo P. Flaherty and Clarence McCarthy, temporary executive director of the Rockville Redevelopment Agency, what the status of redevelopment is.

"The merchants division would like to know the exact position of the project at this time," a press release from the chamber said today. "They are concerned over the delay and are most anxious and willing to cooperate to get it off the ground."

The Ladies Auxiliary, ACEL will meet today at 8 p.m. in the Moose Room. Members will attend Mass in a body at 7 a.m. Sunday at St. Bernard's Church in honor of St. Patrick's Day.

The Moose Club will hold a St. Patrick's party Saturday night at the club house on Elm St. Tickets are available from the club secretary. A corned beef and cabbage dinner will be served.

Bennet Science Fair Winners Named

Bennet Junior High School pupils show the exhibits that won them their first place prizes in the annual science fair at the school. From the left are Lynn Bacon, Steven Goodstein and Nancy Ballard. (Herald photo by O'Hara).

Plaques have been awarded to school's science department, were first place winners in the annual Bennet Junior High School science fair, which continues in a display in the third floor auditorium through tonight.

The top winners and their projects are: Miss Nancy Ballard, Grade 7, with an exhibit on "Digital Light"; Miss Lynn Bacon, Grade 8, with "DNA—The Giant Molecule of Life"; and Steven Goodstein, Grade 9, "An Experimental Measurement of the Speed of Sound."

In Grade 8, David Baker, "Crocker's Tube," second; Miss Joyce Frankland, "Your Teeth," third; and Ronald Angotta, David Turkinston, Dana Donovan, David Turner and Robert Whitson, honorable mentions.

In Grade 9, Paul Gibson, "Van

P&G Asks Help In Deciding Use Of Its Property

A Manchester property owner has asked the Town Development Commission to suggest possible future uses for his property, recently vacated by a trucking firm.

Last night the commission discussed a letter from an owner of the Perrett Pl. property that was used until last year as a terminal for the P & G Motor Freight Co.

According to commission chairman Jack R. Mercer, the owners are seeking possible future uses for the property, now being used for storage of garbage trucks.

Mercer says that the property holders are "not happy with the present situation. Neither are area residents, who had complained about the trucking company, and now object to the storage of garbage trucks in the primarily residential Summit St. area."

The commission members intend to seek alternate proposals for the property from town businessmen.

The commission also discussed its proposed budget, that has been sent to General Manager Richard Martin, and which Mercer described as "substantially the same as last year's budget," and set the first Wednesday of the month as the regular meeting date for the commission.

Atty. Allan D. Thomas, the commission member handling problems in the downtown business area, will report at the next commission meeting, April 3.

Rain, Flood Cease; Mud Coats Dixie

(Continued from Page One)

phs. Tenn. He said he was forced to stop the vehicle in shallow water awaiting across highway 84 when a car stalled in front of him shortly after midnight.

The water rose quickly to about four feet and poured two feet deep into the bus, he said.

"The water was so swift it picked up the front of the bus and set it on the shoulder of the road," he said. "The bus rocked all night."

Elsewhere, the Tennessee River approached flood level but was expected to be held in control by Tennessee Valley Authority dams and spillways. Other rivers were flooding.

Lowering water revealed extensive road damage with at least 50 small bridges washed away in sparsely populated Cocke County in East Tennessee.

In West Virginia the Guyanodon at Tag rivers were back within their banks in the southern portion of the state after Tuesday's flooding left property damage estimated at \$7.2 million by U.S. Army Engineers.

Flood waters also were going down in southwestern Virginia where the Red Cross was feeding and sheltering about 1,000 families.

Search resumed for Roger A. Stafford, 25, and his wife Mary Ann, 21, missing on a canoe trip on the flooded Jackson River. The body of a third canoeist, A. K. Sink Jr., 33, was found near Cherokee, Va., Wednesday.

Also missing was Theodore Thompson Jr., 19, of Palham N.Y., who slipped from the roof of the state after the flooded Maury River about 12 miles north of Lexington, Va., Wednesday.

Thompson, a Washington and Lee University sophomore, was seen clinging to a bush but was gone when two companions reached the spot.

Town Gets Bill For Car Damage

The Town of Manchester has received a \$32.86 bill for damage to a resident's car, and a notice of injuries caused by a fall on ice by another resident.

In a letter to General Manager Richard Martin, Ellsworth A. Miller, 47 Alice Dr., enclosed the bill from a gasoline station for repair work to his car.

Mitten says that last Sunday while he was driving east on Lydall St. near the intersection with Vernon St., "the front right hand wheel of my car fell into a dent reported that entrance was gained by breaking a window in a west side, lower level, door."

Several dent drawers and cabinets were rife. Police found a steel lip of a pair of scissors, reported taken from one venter home in the Arkansas Wild Game Refuge in southern Texas. In 1961, when the birds first received protection and publicity, they were at the dangerously low number of only 14. In addition to the 38 wild cranes nested in the California Federation of Mineralogical Societies alone.

Thief Takes Cash In Library Rack

The theft of between \$125 and \$140 in cash in a cardboard box was reported taken in a break into the Mary Cheney Library on Main St. sometime last night, police said today.

Patrolman Emanuel Motola reported that entrance was gained by breaking a window in a west side, lower level, door.

Several dent drawers and cabinets were rife. Police found a steel lip of a pair of scissors, reported taken from one venter home in the Arkansas Wild Game Refuge in southern Texas. In 1961, when the birds first received protection and publicity, they were at the dangerously low number of only 14. In addition to the 38 wild cranes nested in the California Federation of Mineralogical Societies alone.

Rock Hounds Numerous

LOG ANGELES—Gem stones and other attractive minerals are collected by thousands of rock hounds. There are 700 clubs in the United States, 192 of them, with 15,000 members in the California Federation of Mineralogical Societies alone.

"I LOST A POUND A DAY

Using the Simple, Easy, Economical COMET RICE DIET Yet Never Had a Hungry Moment!"

The headline is a quotation from some people who have used the Comet Rice Diet. Numerous users tell us that by following the Comet Rice Diet faithfully they lost 10 pounds in 10 days. Some lost much less, and some say they gained weight. Reaction to the diet varies according to the individual user. The average loss for those who faithfully followed the Comet Rice Diet for at least five days in an independent reporting group, is about 8 pounds in 10 days. Of the group, 94% say "using Comet Rice frequently made this diet easier and more pleasant than other diets," and 86% said they would recommend this diet to others.

Write to Physician Doctor. If you want to prescribe this easy, simple, inexpensive diet for your patients, please send your professional stationery and tell us how many copies you need.

Send your name, address and box top to us.

Nazarene College Quartet at Rally

The Crusaders Quartet from Eastern Nazarene College, Woburn, Mass., will appear in a rally tomorrow at 7 p.m. at the Church of the Nazarene. They are left to right, Alan Gray, first tenor of Warren, Pa.; Stanton Lockwood, bass of Woburn; John Nielson, second tenor of Lowell, Mass.; and Dale Mingler, director of student aid at the college, will speak. Prof. J. R. Nepley, Eastern Nazarene College counselor, will be available before and after the service to advise those interested in preparing for a college career. The public is invited.

Loneliness in Youth Nurtured Strength of Winston Churchill

(Continued From Page One)

love for the English language, which returned his affection. In addition, he had those two priceless commodities of genius: A prodigious memory and unbelievable energy.

When he was the lowest boy in the lowest class at Harrow he won a prize open to the whole school by reciting 1,200 lines of Macaulay's Lays of Ancient Rome with such an ease as to "make a simple mistake."

The energy persisted into his old age. While President Franklin D. Roosevelt died at 63, worn out, Churchill didn't become a British prime minister and war leader until he was 65. He set a binding pace for five years and then, at 70, became prime minister again.

From being the low boy in school he went on to write more than 30 books, including histories of both world wars, win a Nobel Prize for literature, and become both the greatest orator of the century and one of the great figures of history.

Each girl is required to have one third of the trip cost herself, with the balance raised by the scouts on troop projects.

Preparation for the three-day trip began with short local field excursions when the girls were in camp when they became intermediaries and last year a day trip by train to New York was part of the program.

In February, the girls took an educational and historical field trip to Hartford. A visit to the Manchester Municipal Building is slated before they leave. Meanwhile, the scouts are doing research on the places they will visit.

Girl Scouts Plan Washington Trip

Eighth grade girls of Troop 605 will canvas Manchester for soft-drink bottles Friday and Saturday to help finance an April trip to Washington, D. C., which has been planned for two years.

Each girl is required to have one third of the trip cost herself, with the balance raised by the scouts on troop projects.

Preparation for the three-day trip began with short local field excursions when the girls were in camp when they became intermediaries and last year a day trip by train to New York was part of the program.

In February, the girls took an educational and historical field trip to Hartford. A visit to the Manchester Municipal Building is slated before they leave. Meanwhile, the scouts are doing research on the places they will visit.

NO WONDER! - Richard H. Anderson, 3111 G. manager, could hardly blame the bank for containing his identity with another depositor, Richard H. Anderson, accountant.

Both men have wives named Patricia, and both have sons five party so much there were named Mark.

Panelists Debate Grouping Students

A belief that it is more democratic and stimulating for slow students to be grouped together was voiced by Mrs. Carol White, principal at the meeting of Bentley School PTA last night. Mrs. White, who is also elementary school curriculum assistant for Gloucester, was describing the advantages of education according to age levels.

Other panelists were Mrs. Norman Gable, principal of Riverside Primary School, East Hartford, who said that pupils in her school were grouped according to age levels, and Miss Helen McCarthy, principal of Yonkers Elementary School, who spoke of the merits of both methods and said that her school was using a mixed homogeneous grouping program.

Mayor Francis Mahoney will sponsor a dance Saturday at the VFW Home. The dance will be held at the VFW Home, 317 Highland St., at 7:45 p.m. The dance is for the benefit of the VFW Home. The dance will be held at the VFW Home, 317 Highland St., at 7:45 p.m.
