DAMASCUS, Syria (AP)—The ruling Revolutionary Council today ordered Syria under curfew for 18 hours daily, signaling new tensions in this turbulent country.

Shortly before the surprise order, Damascus radio broadcast a decree naming Brig. Amin el Hafes deputy military governor of the country. Hafes also holds the post of interior minister. He was given martial law powers.

## Romney Urges Constitution, Risks Prestige

DETROIT (AP)—Republican Gov. George Romney laid his newly won political prestige on the line as he urged Michigan voters to vote today for a new state constitution, strongly opposed by Democrats and labor leaders.

Former Gov. John E. Swainson, the man Romney unseated last November, has called for rejection of the new document. So has August F. Scholle, state AFL-CIO president and one of Romney's chief political foes.

Democrats centered much of their fire on the apportionment clauses of the proposed document, which would replace Michigan's much-amended 55-year-old constitution.

Scholle, who has a suit before the U.S. Supreme Court challenging the constitutionality of apportionment clauses in the present constitution, contends the new document is no improvement. He has been a leading advocate of the principle of one man, one vote.

Scholle contends that the new constitution errs in providing that while the House is elected on a strictly population basis, the Senate shall be elected on a formula based on 80 per cent population and 20 per cent area.

Romney, who helped write the proposed document as vice president of the 1961-62 constitutional convention, has charged that "a despicable campaign of lies and distortion" was being made in a last-minute attempt to discredit the new constitution.

He said he was forwarding what he called the "true examples" to the Michigan Fair Campaign Practices Committee.

Tom Downs, AFL-CIO attorney who also was a convention vice president, asserted Romney's charge "was strictly a publicity gimmick aimed at discrediting those opposed to the proposed constitution."

The new constitution would provide for four-year terms for the governor and top state officers. Romney and Swainson agree the present two-year term is too short to permit a governor to accomplish his goals.

It would forbid a graduated state income tax. This is important in Michigan, which now has no state income tax, but where some support has developed in both parties for such a tax.

The document would provide some judicial reforms, including abolishment of the state's present system of justice of the peace courts, with the justices getting

### Norwalk Man Wins \$140,000 in Race

NORWALK (AP)—A 46-year-old father of six has won \$140,000 on the Irish sweepstakes. George W. Kitchens of 11 Canter Ave. owner of a garbage collection service, held the ticket on the winning horse, Ayala, in the 122nd running of the Grand National Steeplechase in Aintree, England.

"We have been on edge all week since we learned of the drawing," said Mrs. Kitchens. "It was all such a big surprise. We're tremendously happy."

She said she didn't know how the family, which includes four girls and two boys, would use the money.

"We're still too excited. We haven't thought of that thought," she said.

### Blood Rejected

HARTFORD (AP)—Hector Bedard has too much of a good thing—blood.

He has so much that he tries to give it away, but by now the hospital charge him for the withdrawals and the Red Cross is unwilling to accept his donations.

Bedard, 44, has polycythemia, a condition in which the body produces more blood than necessary.

When he learned this two years ago, he began having a pint withdrawn every two months at Hartford Hospital, but eventually the hospital began charging \$7.50 for each visit.

Other hospitals also imposed a fee, on the grounds that he was technically a patient instead of a regular blood donor.

His physician says Bedard's blood is acceptable for use in transfusions, but the Red Cross doesn't want any of it.

"The mere fact that it is necessary for this man to have his blood taken," said Julius C. Early, director of the Connecticut Red Cross blood program, "makes him unacceptable to the Red Cross."

Red Cross is not qualified to practice medicine... in this case we would be competing with the medical profession."

### Oppose Teamster Plan

BRIDGEPORT (AP)—The board of governors of the Connecticut State Dental Association has done an about face on the question of the teamsters' dental plan.

Some 1,600 dentists in the state were notified by mail Saturday that the association will no longer endorse the 1963 welfare plan for union members. The plan had already gone into operation under contracts with some dentists.

In the letter, Dr. Earle S. Arnold, executive secretary, said a resolution was passed at a recent meeting March 25 rescinding prior endorsement by the board.

Sources said one of the main factors in the decision was that many dentists feel teamster members should pay the difference between what the plan pays and what the dentist normally charges.

Opposition from dentists who felt the plan would downgrade standards in the profession began mounting early last month. At a special meeting of the association March 13 in New Haven, dentists

## Cuba Held Lacking Strong Rebel Force

MIAMI, Fla. (AP)—A fresh report from Cuba that guerrilla forces are weak and lack arms left a bleak outlook today for Miami's exile colony, already discouraged by Fidel Castro's crackdown on commando raids.

"There is no strong underground or guerrilla movement in Cuba—despite what you hear," said Carlos Penil, former schoolmate of Fidel Castro and now coordinator of the People's Revolutionary Movement.

His report came on the heels of a weekend crackdown on Miami's anti-Castro groups. Some 150 exile leaders were told they could not leave Dade County, which includes most of metropolitan Miami.

It also was reported that the Coast Guard and the Immigration Service were increasing their efforts to prevent forays against Cuba such as two recent attacks against Soviet ships.

One exile group declared today, however, that its fight against Castro would not be halted by the crackdown.

The People's Revolutionary Movement (MRP) released a statement saying "We are convinced that the drastic measures dictated cannot apply the brake to the impetus of the fight of our people, because the irrevocable will of our people will end only with the liberation of our fatherland."

"This is not a war of the United States with the Soviet Union which we try to force on Cuba," the statement said. "It is our sacred war of liberation. The patriotic Cubans against the Red deprecators."

## U.S. Silent On Latest Latin Coup

GUATEMALA CITY, Guatemala (AP)—A military takeover in Guatemala that sent President Miguel Ydigoras Fuentetaja into exile appeared today to have blocked any chance of a Communist election victory in this Central American republic.

Col. Enrique Peralta Azurdia, Ydigoras' defense minister, made clear he intends to be a strong man leader as he took over the government with powers to rule by decree.

The coup Sunday appeared to have the approval of Ydigoras, who arrived in Nicaragua by air force plane.

"What is going on in Guatemala is for her own good and for the good of the rest of Central America," said the 67-year-old deposed leader, a prime figure in the Central American anti-Castro movement.

Peralta said he did not know the whereabouts of leftist former President Juan Jose Arvalo, whose secret return from exile in Mexico apparently touched off the coup. Arvalo had planned to run for the presidency and stood a good chance of being elected.

The new chief of state told a news conference that there was little resistance from Ydigoras. He said three top military officers went to the Casa Crema, the presidential home, to demand his resignation. When the doors were not opened, tanks were used to force them out.

The air force held Ydigoras and his wife until they were flown out of the country.

Peralta suspended the constitution, dissolved Congress, ordered all political parties disbanded and canceled the November presidential election. He said that the new regime will not tolerate communism in any guise. He promised that Guatemala would honor its international obligations.

Peralta said that the military, with himself in charge, will run the executive and legislative branches of the government. He promised to give up the presidency

## Security Chief Quits in Israel

JERUSALEM, Israeli Sector (AP)—Israel's long-time security chief has quit, apparently in a dispute with Premier David Ben-Gurion over what to do about German rocket scientists working for the United Arab Republic.

Informed sources said Ben-Gurion objected to attempts to dictate foreign policy by the cloak and dagger boss whose name still is concealed by rigid security precautions.

The premier also reportedly opposed direct action tactics against the German scientists along the lines of the kidnaping of Adolf Eichmann from Argentina. The security chief engineered that, and it had international repercussions.

Two alleged Israeli agents were arrested in Switzerland last month and accused of conspiring to kidnap a German missile scientist employed by the U.A.R.

The independent Jerusalem Post said Ben-Gurion did not agree with attacks in the Israeli press on the West German government for not preventing the employment of its nationals in U.A.R. arm plants. The premier held the security chief responsible for the press campaign, the Post said.

Despite the shift in the intelligence high command, the Post said Ben-Gurion told a Cabinet meeting Sunday night he intends to continue pressing for West Ger-

**TO DRAFT DOCTORS**  
WASHINGTON (AP)—The Defense Department announced today 1,850 doctors will be drafted this summer for the armed services. "This call is necessitated by the free and sufficient numbers of 1962 medical school graduates volunteered for active duty immediately following internship," the Pentagon said.

**PAPAL ENCYCLOCAL**  
VATICAN CITY (AP)—Pope John XXIII has indicated his forthcoming encyclical, "Pacem in Terris"—Peace on Earth—will emphasize his belief that humanity must strive for a peace of God between all men. Vatican circles have been attaching considerable importance to the encyclical, saying it would take a place among great papal pronouncements on world peace.

**NEWS CONFERENCE**  
WASHINGTON (AP)—President Kennedy will hold a news conference at 4 p.m. EST Wednesday, the White House announced today.

**NAMES ENVOYS**  
WASHINGTON (AP)—President Kennedy has picked Chester Bowles, former undersecretary of state, to be ambassador to India. A final decision on a replacement for the present ambassador, John Kenneth Galbraith, will not be made, however, until the Indian government indicates whether Bowles would be an acceptable choice. It was learned today, Bowles, 62, was ambassador to India from 1951 to 1953. Kennedy today also sent to the Senate the nomination of George C. McGhee to be ambassador to West Germany, and he nominated Roger Hillman Jr. to be assistant secretary of state for Far Eastern affairs.

**NEW EXILE UNIT**  
MIAMI, Fla. (AP)—The Miami News said today a new anti-Castro commando organization has been formed in Mexico for the purpose of harassing Soviet shipping to Cuba. A spokesman for the group, to be known as Comandante F. F. Operation Lobo, told the News it has been financed with American and Cuban capital and will operate from Mexican coastal areas.

## N.Y. Papers Salute End Of Walkout

NEW YORK (AP)—New York City's 114-day newspaper strike has ended with the roar of high-speed presses and the busy sounds of 19,000 newspaper employees back at work.

A series of labor disputes had shut down the papers for nearly four months and cost the city's economy an estimated \$280 million.

News-hungry inhabitants of this news-making city bought up the papers almost as fast as the presses could print them. Normally, 5 1/2 million copies are printed daily, but the sale of today's editions was more than brisk.

"I never sold papers so fast in my life," said a Bronx news dealer. "It was passing them out like a robot."

Two morning papers—the Times and Herald Tribune—returned to the stands Sunday night at double their pre-strike price. The papers said greatly increased costs forced a rise from 5 to 10 cents, the first increase since 1946.

The other morning papers—the tabloid News and the Mirror—remained at a nickel. The afternoon papers retained their pre-strike prices—10 cents for the Manhattan papers and 5 cents for the Long Island Press and the Long Island Star-Journal. The Press, which published its Long Island edition, throughout the strike, raised its Sunday price from 15 to 20 cents.

The newspaper shutdown—longest and costliest in this city's history—began Dec. 8 with a strike of printers. It ended Sun-

## Congress Seen Finishing Up In September

WASHINGTON (AP)—Sen. Mike Mansfield outlined today a host of legislative programs he said could bring a September adjournment of Congress.

Mansfield, the Senate Democratic leader, professed in an interview to be satisfied with the progress being made by committees in efforts to bring major proposals of President Kennedy to the Senate floor for showdown votes.

"The record of this Congress is not going to be judged on the amount but on the quality of legislation it passes," Mansfield said. "I do not expect too much major legislation but what we do consider will be of vital interest to the country."

The Montana senator said a leadership survey of committee activity indicates that "at the rate we are going, we will get all major legislation to the Senate floor by late summer." Saying he was "very satisfied" on that score, he said that the Senate stays on the job Congress should be able to finish its work in September.

Mansfield called up Kennedy's \$500-million mass transit bill as the first of a series of measures

## Plenty Cars, Little Land In Vision of 2000 A.D.

By STERLING F. GREEN  
WASHINGTON (AP)—The United States has ample resources to support a \$2-trillion economy by the year 2000 and apparently can continue to grow far into the 21st century.

This was the conclusion of a bulky and authoritative report published today by Resources for the Future, Inc., after a five-year study.

The depletion of resources, gloomily foretold by many after the great chewing-up of materials in World War II, has been pushed far ahead by science, discovery and advancing technology, the privately supported research organization said.

It pointed these highlights in its picture of the year 2000:

—Land looms as the greatest shortage—space to accommodate the homes, businesses, travel and recreation of an end-of-the-century population of around 331 million. There are now 188 million Americans.

—Cropland will be ample to produce food—and troublesome farm surpluses—far into the future. Other identified demands for land add up to 30 million more acres than there are in the 48 contiguous states; some land will have to be put to two or more uses.

—About 244 million autos—possibly three for every two adults—will be plying the streets and highways.

—Some of the vehicles may be auto-planes, safely operable in the air as on turnpikes. Some may be powered by batteries, recharged by household current;

on which he will seek action. He gave it only a "fair chance" of passage.  
The Democratic leader said that after disposal of the measure he will ask the Senate to act on Kennedy's nomination of directors to head the new Satellite Communications Corporation. They have been held up while Sen. Albert Gore, D-Tenn., prepared a protest against confirmation.  
Manfield listed the administration's youth employment bill, which has drawn strong Republican opposition, as another measure to be pushed to a vote before Easter. He said it will be considered by a wilderness bill similar to a measure on which the last Congress failed to act.  
Manfield intends to keep the Senate at work until Good Friday and wants it back on the job the following Monday. Agreement has been reached among leaders to let the house take an Easter vacation from April 1 to 22.  
With routine bills on its calendar today, the House will consider Tuesday the \$685-million Interior Department money bill. It will be the first of the supply measures to face a Republican drive to cut Kennedy's \$-billion budget. Thursday the House will vote before it the \$-billion Treasury-Peace Office bill.  
Manfield left off his priority list for passage this year the President's measure to provide health care for the elderly through Social Security taxes.  
Manfield said Senate hearings will start late in April on an omnibus bill to education measure.  
Democratic leaders said the timing of congressional adjournment obviously will depend on final action on the President's proposal to cut taxes and revise the internal revenue laws.  
The House Ways and Means Committee concluded public hearings last week and begins work Tuesday on drafting a tax measure. The Senate Finance Committee may not get around to the tax bill until after April 4.

### Allen-McCollum

Miss Nancy Jean McCollum and Mrs. Ronald Edward Allen, both of Manchester, were united in marriage Saturday morning at South Methodist Church.  
The bride is a daughter of Mr. and Mrs. Lawrence P. Allen, 42 Lenox St.  
The Rev. Lawrence P. Allen, pastor of South Church, performed the double ring ceremony. Jack Grove was organist and soloist. Bouquets of white snapdragons and white carnations decorated the sanctuary.  
The bride, given in marriage by her father, wore a full-length gown of antique satin, designed with long sleeves, V-neckline with lace appliques, fitted bodice and cathedral train. Her fingertip veil of illusion was attached to a crown of pearls, and she carried a cascade bouquet of white miniature carnations and stephanilla.  
Miss Carol A. McCollum of Manchester, a sister of the bride, was maid of honor. She wore a gold-pea-sole street-length dress and matching hat with bouffant veil. She carried a cascade bouquet of mint green carnations.

lists passed a resolution opposing the plan by a 201-80 vote.  
The plan the teachers proposed for their 24,000 members and families in the state has been the source of controversy since it was announced early last year.  
State Attorney General Albert L. Costa has asked for extensive revisions in it before he approved it last November.

### Defends Insurance

COMPREHENSIVE (AP)—A leader in the Republican campaign for an investigation of the way state insurance commissioners are troubled says his handling of insurance in Massachusetts is in no way comparable to the state system.  
Rep. James M. Byrne, R-Pomfret, chairman of the House Insurance committee, said yesterday the difference is that his broker-ages activities will be publicly distributed while the state system is not.

### Helped in Arrest

TOLLAND (AP)—A matron at Tolland State Jail was credited today by Sheriff Nicholas Pawluk with an assist in the collaring of a man who told police he intended to hold up Tolland Savings Bank Friday.  
Pawluk said Mrs. Darrell Stark noticed John R. Cooper, 30, of Lumbia sitting in a parked car for two hours across the town from the bank. She told the sheriff and he called resident trooper Mario Palumbo.

### Two Arrested In Accidents

Two persons were arrested and a third given a written warning on Tuesday afternoon in two separate accidents involving a motorist and a pedestrian.  
The first accident occurred at 11 a.m. on Main St. near Maple St. A car driven by a man who had a license suspended for two years struck a pedestrian. The man was charged with driving while intoxicated and was arrested. The pedestrian was injured but not seriously.

### Crash Under Probe

STRAWFORD (AP)—Police are continuing their investigation today into what they say was a serious car crash in Strawford. The crash occurred last night when a car struck a tree near Sikorski Airfield's plant here. The accident occurred at about 11 o'clock.  
Fourth of the youths, two boys and two girls, were killed. The 1965 green sedan in which they were riding was the worst of its kind in the demolition. The car's right rear wheel was smashed back under the dashboard and the engine was mangled into the front seat.  
The car was owned by the father of George Polfink, 16, the lone survivor of the crash. Polfink is a member of the Strawford High School. He was charged with negligent homicide when he was released from Bridgport's St. Vincent's Hospital. He is in fair condition.

### Bindover Ordered In Mahoney Case

John C. Mahoney, 29, of Pleasant St., today was ordered bound over to the Superior Court at Hartford on a charge of rape.  
The bindover was ordered at Manchester Circuit Court 12 yesterday by Judge J. S. Menefee. Mahoney pleaded not guilty to the charge and waived examination.  
Mahoney also asked that a public defender be appointed. Judge Menefee ordered a continuance of the case to a date yet to be set.  
Mahoney, an ex-policeman, was arrested March 23 on a Circuit Court 12 warrant charging him with raping a Manchester woman in her home March 20.

### TPC Urges Bonding For Road Program

When the town directors give first consideration to the proposed 1968-1974 budget tomorrow night, they will have before them an alternate capital improvement plan calling for two major projects—a bonded \$500,000 road building program, and the immediate construction of Robertson School.

The Town Planning Commission (TPC) has prepared an alternate plan to the proposed 1968-1974 budget. The TPC has paid much attention to the proposed road building program, and the recommendations of the town's proposed master plan and the ideas of the commission.

The major changes in Martin's plan include the road building program, the construction of Robertson School, and the proposed increase in the rate of the road building program.

The financial difference involves a \$410,000 increase in costs in the 1968-74 fiscal year, a lower outlay for most of the projected five years of the improvement schedule, and a larger deferred amount.

The TPC's plan calls for \$1,372,000 in capital improvement outlay next year, compared to \$1,247,000 asked by the general manager.

Over the next four years of the proposed TPC recommendations, \$5,412,000 expenditure, compared with \$5,354,000 asked by the general manager.

Deferred would be \$5,470,000, compared with \$5,224,000 suggested by the manager.

The major reason expense the TPC has suggested is the \$500,000 road building program, which would be amortized through a ten-year bond issue beginning 1968.

The TPC says that "if the town is going to do any improvement program, we must have money to bond issue to do it."

Martin proposed that new highway construction be financed through current funds, at the rate of \$500,000 yearly for surfacing.

The TPC would partially finance the operation from the storm sewer program, paying the balance the same time as installing new sewers.

The managers' plan allocates \$200,000 yearly for storm sewer work.

The bonded road building program would be financed through a ten-year bond issue, with the bond issue maturing in 1978.

Their election program included the plan to issue a \$500,000 bond issue for a maximum of about \$500,000 a year to be used for this purpose.

The TPC has recommended that the Robertson School addition be planned immediately, because the town must apply some of the cost of the school toward the proposed North End renewal project.

Martin suggested the bond issue during the 1966-1967 fiscal year. The TPC asks the bond issue for 1968-1969.

Both ask \$500,000 for the project. The school board has also requested the addition be given priority.

The TPC is also asking that the Robertson School addition be paid from current funds, not from bonds.

The cost is dropped from the manager's estimate of \$200,000 to \$150,000, based on preliminary estimates and the credit expected if the Robertson School addition is begun.

The TPC has suggested other changes in the manager's proposed plan that would balance the changes in its proposed expenditures. In an effort to balance the budget, capital improvements at a similar level over the five years of the program.

Martin arranged his proposed program with a total cost of \$100,000 in the yearly cost of the improvement until noon today, including one figure of about \$140,000.

The TPC recommends an average of \$140,000 for the program.

The Municipal Building, Annex and the Board of Education Administration Building, both of which Martin asked for 1968-1969.

The proposed \$500,000 highway reconstruction cost would be scrapped, and the allocation for storm sewers would be reduced from \$200,000 to \$100,000 for the years 1968-1974. Both would be paid from current revenues.

The \$85,000 the manager asked to be used for the disposal area would be deferred to 1968-1969.

The TPC also recommends the allocation of \$50,000 in each of the next three fiscal years for the disposal of three new school sites in the Spring-Park, Elm, and Vernon-Park St. area, and the Elm St. area.

They also recommend part be spent for increased land holdings in the Spring-Park area.

Martin has said that he thinks land purchases for new schools should be delayed until the next year, until the town has secured the requirements of the new school district.

He has stated that this generally results in increased costs, and he recommends immediate purchase of land based on predictions of what school needs in coming years.

The TPC would also recommend the purchase of three new school sites in the Spring-Park, Elm, and Vernon-Park St. area, and the Elm St. area.

They also recommend part be spent for increased land holdings in the Spring-Park area.

### Obituary Civic Leader Passes at 86

**COLUMBIA**—Henry B. Hutchins, 86, a town official for more than 40 years, died Saturday at Windham Community Memorial Hospital.

Born in Columbia on Nov. 19, 1881, he was a son of John and Gertrude Fred Hutchins. He lived on the family farm and operated it until 1941 when he sold it to late Horace Holt. He built his present home at Columbia center at the time of his retirement.

He held the post of second selectman for 12 years.

Mr. Hutchins was a member of the American Legion, the Elks Club, the Masonic Lodge, and the Windham Community Memorial Hospital.

He was survived by his wife, Mrs. Mary Hutchins, and two daughters, Mrs. Elizabeth Hutchins and Mrs. Helen Hutchins.

The funeral will be held Wednesday at 10 a.m. at the Windham Community Memorial Hospital.

Burial will be in the Windham Community Memorial Cemetery.

### Guatemala Takeover Blocks Vote for Reds

(Continued from Page One)

After elections he said will be held at an unspecified date.

Ferratis said he will form a cabinet of honest, efficient, anti-Communists from military and civilian sources to guard against Communist subversion and improve America's economic life.

The coup climaxed weeks of unrest in this republic of 3.8 million predominantly Indian people which has been torn by some 60 revolts since the early 1940s.

The 1964 ouster of the Communist government of Jacobo Arbenes Guzman, the first regime so far to be left in the Western Hemisphere. This was followed by the assassination in 1967 of President Carlos Castillo Armas, who had toppled Arbenes.

Under Arbenes, the Communists reached a peak membership estimated at 6,000. Current estimates place their number at 1,000 to 1,500. The party, which has been tolerated lately, has been blocking the election process.

The takeover confronted Washington with another military dictatorship in this hemisphere where the United States is crusading for democracy under the banner of its Alliance for Progress. There is fear that the military will overthrow the present government and block elections there in which a Communist victory is certain to poll a large vote.

Ydigoras, a former general, was named president by Guatemala's Congress Feb. 12, 1968. His overthrow came less than two weeks after he had been elected president and the chief executive of Guatemala's Central American neighbors in the Costa Rican people's revolution against Communist subversion and improve America's economic life.

### Bolton Selectmen Set To Consider Spring Items

Seasonal items will appear on the selectmen's agenda when they meet tonight at 7 p.m. in the Town Office at the Community Hall.

They will consider purchase of equipment for the town baseball program, re-appointment of Irving Dupont, Jr. as special commission agent at the driver-theater, the question of support for establishing youth and drum corps, approval of a dump-use agreement with Accovee and installation of emergency lights at the Community Hall.

The dump agreement with Accovee is usually signed annually on Oct. 1 but was re-submitted by the town only recently. The agreement calls for the same payment as in previous years—\$2,000.

Forty-six persons attended the opening session of the Episcopal Mission to Connecticut at St. George's Church, Hartford, last night. The mission will continue each night through the month of April.

The Rev. R. Mackay Atwood of Thompsonville talked of God's love and nature during the night's sermon and gave instructions on daily prayer.

The return of Aravelo, a veteran, yankie baiter, apparently brought matters to a head.

He was charged that Aravelo, 88, was a Communist spy, who headed the 30,000-man armed force directed against Aravelo, a veteran, yankie baiter, apparently brought matters to a head.

### Rockville-Vernon, Policeman Uses New Skill, Restores Baby's Breathing

A Rockville policeman, John Stodd, is glad he had already had the chance on a month-long job, participating in the first aid course he took last night.

Mrs. John Doherty, 26 Lawrence St., mother of a 6-week-old baby, was glad, too, to be helped by the policeman when the baby had stopped breathing after choking on some food Saturday night.

Patrolman Stodd applied mouth-to-mouth resuscitation to the baby during the ride to the hospital, while Patrolman Breckenridge Breckenridge drove.

Stodd started breathing, Rockville City Hospital paramedics examined the baby and pronounced it well enough to go right back home.

Patrolman Stodd, who has been with the department for only two years, was called to the scene to apply his knowledge so soon.

Stodd is a graduate of the Police Academy, and was assigned to the 12th Circuit.

### Fr. McLean Talks On Role of Laity

"Let us be apostles dedicated to serve others for the honor and glory of God," the Rev. Edward J. McLean of Hartford urged in a sermon at the Holy Trinity Church, Hartford, during a breakfast of the Laity of the Assumption, at the home of Mrs. John Gray, 25 Main St., Sunday.

McLean said that he thinks land purchases for new schools should be delayed until the next year, until the town has secured the requirements of the new school district.

He has stated that this generally results in increased costs, and he recommends immediate purchase of land based on predictions of what school needs in coming years.

# Angels' Playboi Tagged with Big Fine by Rigney, Then 9-3 Defeat by Houston Colts

## Tardy Bo Beinsky Still Too Early

NEW YORK (AP)—Bo Beinsky was a day late and \$500 short in getting to the park on time. As it worked out, maybe he shouldn't have bothered.

The free-wheeling lefty, who faces a fine for being late, was tagged with the loss in the Los Angeles Angels' 9-3 defeat of Houston at Palm Springs, Calif., while his current grid friend, manager Bill Rigney looked on with mixed emotion.

Beinsky's 10th-inning last-inning home run, which gave the Angels a 9-3 lead, was a fine for being late. Rigney maintains he hasn't yet decided just how late is late, but he says he will be lenient on the club side if it probably will be \$500.

A contingent away, another noted

left-hander, the New York Yankees' Whitey Ford, also was tagged with a fine for being late. Rigney said he has every right to tag a player who is late for a game. He said he will be lenient on the club side if it probably will be \$500.

A contingent away, another noted

Rockie Tom Brown singled in the winning run in Washington's 4-2 victory over St. Louis at the Polo Grounds in Philadelphia. Tom Brown's RBI single in the bottom of the ninth inning gave the Phillies a 4-2 lead over the Cardinals. COMING APRIL 7 IN MANCHESTER-ROCKVILLE AREA A FASTER, EASIER WAY TO DIAL LONG DISTANCE CALLS JUST DIAL "1" INSTEAD OF "12"

Here's an important improvement in telephone service for everyone listed in the Manchester-Rockville telephone book. Starting Sunday, April 7, you need dial only the number "1" — instead of "12" — to be connected to your direct distance dialing equipment. Then proceed with your call in the usual way. For example: To dial long distance calls within Connecticut, just dial "1" and then the telephone number you wish to reach. To dial calls outside of Connecticut, just dial "1", then the area code, followed by the telephone number.

P.S. All-Numeral Telephone Numbers Go Into Use on April 7, Too! Remember, your number in the new Manchester-Rockville telephone directory has a new look. Instead of two letters and five figures, all numbers have seven figures. For example, a new look MI 3-9229 will become MI 3-9229-2929. Check your new directory before making local calls. The new numbering system is designed to check your new directory before making local calls. The new numbering system is designed to check your new directory before making local calls.

Rebels in Argentina Demand Peron Be Struck from Ballot

By SAM MUMFORD BUEENOS AIRES (AP)—Two retired army generals proclaimed a revolt against the government of President Juan Peron today and called for support from the military and civilians to oust Peron. Their announced aim was to prevent national elections in June which the rebels claim would give control of the country to Peron. The navy dispatched marines to the presidential palace in downtown Buenos Aires. Other Marines ordered businessmen to shut down. Frightened civilians scattered for cover but there were no reports of fighting. Then, shortly before noon Guido announced from his home in suburban Olivos that the revolt had been stamped out, leaving an ultimatum to voters here to surrender.

State News Roundup

Probate Judge Favors Salary HARTFORD (AP)—Probate Judge Thomas B. Coughlin of Stratford urged the General Assembly to study the feasibility of putting probate judges on salary. At present, the income of probate judges is based on the amount of work done. In some districts where large estates are common, they have been times when the probate judge's salary was paid them any public official in the state; in less busy districts, however, the job is part-time and the income is slightly less than that of a public official. Coughlin told the judiciary and probate committee that when he campaigned for his judgeship last year he discovered the voters were far more interested in the manner in which the judges were paid than in any other aspect of the job. He said, "I talked to a lot of people, and it seems to be fairly common knowledge that judges are paid on a fee basis. It is a very unsatisfactory situation. I think the legislature should study the situation."

Miller Hits JFK

HARTFORD (AP)—Republican National Chairman William Miller, in Connecticut on a political tour, said today that the Kennedy administration's handling of the nation's finances and the president's conduct of the Vietnam war were "a disgrace." Miller, a New York congressman, told a news conference yesterday he wanted to wait before commenting on Connecticut issues. He said he will only talk when he meets with A. A. Ruffalo, state Republican chairman. Miller said that if the country were faced with a demand for payment in gold for money outstanding, the treasury would collapse. He said he would support the Kennedy administration's handling of the nation's finances and the president's conduct of the Vietnam war.

Vote Gives U.S. Aides Nab Kaiden's Macht

DETROIT (AP)—Michigan voters adopted a new state constitution that authorized Gov. George Romney's political reporting. The new constitution, which replaces a 60-year-old document, was approved by a vote of 5,200 precincts reporting, the tally gave the revised constitution a winning margin of some 8,000 votes. USSR Sets Off 3,130-Lb. Shot Toward Moon

MOSCOW (AP)—The Soviet Union announced today it fired an unmanned, 3,130-pound research vehicle toward the moon today from the orbit of an earth satellite. A Soviet astronomer hinted it may land a robot observatory on the moon's surface. This is part of the Soviet preliminary work in a race with the United States to be the first to land men on the moon. The Soviet news agency said the automatic instrument station will reach the area of the moon in 12 days, apparently meaning some time Saturday. The satellite was launched by a Soviet rocket on the night of April 1. The device was outward bound 31,770 miles above the Yelagin Sea and rocketing along close to its present trajectory. Its instruments were to be functioning normally.

Railroads Set To Push Rules

CHICAGO (AP)—The nation's railroads geared today to put into effect a new labor law which would release of pictures purported to show the hidden faces of 68,000 jobs. The United States had handed one rocket on the moon's back side, but instrument failure limited the value of the episode. Without saying whether Moon was intended to hit or fly by the moon, the launch was in accordance with the Soviet government's policy of outer space and planets of the earth. The philosophy of its communist government is that it should be shot from an orbiting space platform, but the communists did not want to be seen as doing so. "It said, 'The final stage of the moon program is to launch an intermediate orbit of an artificial earth satellite, then was launched on April 1968.'"
