## Drill Bites Toward 11 In Gallery

BROISTEDT, Germany (AP)—A huge drill bit its way today toward 11 German miners found alive in a flooded iron mine a week after they had been given up for dead.

Officials hoped to reach the men by Wednesday. The 11 were among 40 miners missing since a nearby dam broke Oct. 24 and flooded the mine. Eighty-six miners escaped. Three others were rescued Friday through a shaft bored by the same rig that went into operation again today.

Acting on leads from other miners, the mine management had a narrow test shaft bored Sunday near the main pithead. Miraculously, the drilling hit a tiny air pocket 150 feet down where the 11 men were asphyxiated.

Fired by this stroke of luck, test borings were begun about two miles away near Broistedt Cemetery. Mining experts believed the huge air pocket might contain five or six miners there. Rudolf Stein, the mine manager, said chances were extremely slim that any miners there would be alive, "but we are trying anyway."

After the 11 men were found, a microphone was lowered to them along with food, warm underwear and socks, an electric cable and lights.

The men reported they were in generally good condition. They have been subsisting on water and reported their legs were swollen from too much liquid.

One man had hallucinations which doctors ascribed to hunger. Bedeviled were sent to him, and he was reported calm today. The men said they were in an old gallery where there had been no digging recently. Their compartment is 35 feet long, 6 feet wide and 7½ feet high.

Stein said the boring of the new rescue shaft was an extremely difficult operation, "much more dangerous than the boring to the three men freed Friday."

## Plunge Kills 11, Lights Were Cut

NEW YORK (AP)—An automobile jammed with 12 adults and children went past warning lights blacked out by vandals and plunged into the Harlem River in the early morning dark Sunday. Only one person survived.

The 11 deaths all but wiped out three Brooklyn families. They had just left a christening party.

Police Commissioner Michael J. Murphy said the accident—plus 13 other weekend traffic fatalities in the city—set a record weekend toll for the city.

## Pope Appeals For Students In Message

VATICAN CITY (AP)—Pope Paul VI today called for more students for the Roman Catholic priesthood in a modern world.

The appeals were made in an apostolic epistle addressed to all bishops on the fourth centennial of the establishment of seminaries by the Council of Trent.

"While modern civilization has spread amidst the Christian people, the desire and lust for worldly properties has cooled in many souls the appreciation of supernatural and eternal benefits," the Pope said.

The epistle, which the Pope termed "the first of its kind and importance" of his pontificate, is called in Latin Summi Dei verbum—the word of Supreme God.

"How can numerous and authentic priestly vocations emerge in family and school atmospheres in which almost only the values and benefits of the material world are stressed?" the pontiff asked.

The Pope said it was necessary to create an adequate spiritual atmosphere in families and schools for the developing of priestly vocations.

The pontiff urged parents and priests and "all who have responsibilities over children and youth" to send them to seminaries or religious institutions "at the moment they show signs of vocation."

## Gaiety in Saigon Viet Nam Resumes War Against Reds

SAIGON, South Viet Nam (AP)—South Vietnamese forces resumed U.S.-supported military operations against Communist guerrillas today after the Reds apparently failed to capitalize on confusion resulting from the overthrow of President Ngo Dinh Diem.

U.S. military sources said the Communist Viet Cong appeared to have been caught off guard by the swift coup.

Except for some attacks on hamlets and outposts in the southern Mekong Delta, there was no noticeable increase in Viet Cong activity during the 16-hour battle Friday and Saturday in which Vietnamese insurgents closed in on Diem and his brother, Ngo Dinh Nhu, in the presidential palace in Saigon.

The Viet Cong command broadcast urgent appeals to its units over the countryside to begin all-out attacks, but the response was minor, the U.S. sources said.

"Considering all that happened we came out of it pretty well as far as the war went," said an American official.

While an atmosphere of gaiety continued in Saigon, with street dancing and cabaret activity, the ruling military junta headed by Maj. Gen. Duong Van Minh worked to form a Buddhist-led caretaker government.

The junta, which engineered the coup, was expected to retain the real power.

Stated to become premier was

Nguyen Ngoc Tho, 55, a Buddhist who was Diem's figurehead vice president.

Others reported slated for cabinet posts: Deputy premier—Tran Van Ly, former mayor of Hanoi, and Dr. Phan Hy Quat, an opposition leader imprisoned under Diem.

Defense minister—Gen. Tran Van Don, army commander in chief who led the revolt with Gen. Duong.

Interior minister—Gen. Ton That Dinh, military governor of Saigon during the Aug. 21 raids on pagodas and the arrest of many Buddhist leaders.

Information minister—Gen. Tran Tu Oai, Diem's director of psychological warfare and key member of the revolutionary committee.

At a Saigon cemetery, new graves awaited the bodies of Diem and his brother. Although there was no official announcement of the funeral, crowds gathered at the cemetery gates early today.

Troops and military police were quickly assigned to the area to prevent trouble.

The bodies of the brothers had been kept under guard at St. Paul's Hospital. Doctors and nurses said they were still there today.

Former Defense Minister Tran Trung Dung, a relative of the Ngo Dinh family, said he had received permission to bury Diem and Nhu but he added no date for the funeral had been set.

Dung said after viewing the bodies that Diem's face appeared calm in death and Nhu

## Events In State Leader in CORE Held After Riot

NEW HAVEN (AP)—A leader in negro civil rights causes was arrested today in connection with a demonstration that erupted into violence on Saturday.

William Winnick, a member of the executive board of the Congress of Racial Equality (CORE), was charged with breach of peace and disorderly conduct. He is white.

Winnick was placed under \$500 bond pending a circuit court hearing Nov. 13.

Six other demonstrators were arrested Saturday.

No date has yet been set for their appearances in Circuit Court.

Winnick's arrest followed a two-hour conference between Julius Marzetti, chief prosecutor of the circuit court here, and Police Chief Francis V. McManus.

The additional arrest was the result of the investigation ordered by Mayor Richard C. Lee.

Spokesmen for the National Association for the Advancement of Colored People (NAACP) and other Negro organizations accused Winnick of provoking the disorder Saturday.

Winnick denied the charges, stating that he was only "a supporter" of the demonstration. "I played no special role," he said. He said that the NAACP charges were "vicious and malicious."

The CORE demonstration was held to protest housing conditions in the Dixwell Avenue area, a downtown area with a predominantly Negro population.

The demonstration turned into a bottle-throwing battle involving some 350 residents of the area and about 50 policemen. Two policemen received minor injuries.

Mayor Lee called for a "full-scale investigation" of the incident and praised the police department for "an outstanding job under distressing and trying circumstances."

Acorn with CBS  
HARTFORD (AP)—Former Republican National Chairman Meade Acorn has joined the Columbia Broadcasting System as a political consultant.

The network announced yesterday that Acorn, who is a Hartford lawyer and resident of Suffield, will assist CBS in its coverage of presidential primaries and conventions. He will be a radio and television analyst at next year's convention.

Acorn worked with CBS during the 1962 congressional election campaign.

Tolland Man Sought  
JACKMAN (Maine AP)—Game wardens pressed their search today for a Connecticut hunter lost in dense snow-covered woods near this northern Maine town not far from the Canadian border.

A weekend storm centered over Quebec Province dumped a foot of snow in the Jackman area and hampered the search

Parties Watching for Clues

## 20 State Cities Vote Tomorrow

By THE ASSOCIATED PRESS  
Municipal elections in 20 Connecticut cities and towns tomorrow may give state party chieftains a few clues as to what to expect in the 1964 state and national elections.

Some of the contests are considered almost a sure thing for the party in power—the Republicans in Greenwich, for instance, or the Democrats in heavily Democratic Waterbury.

But in other communities, such as Meriden, control has drifted from one party to the other from time to time.

Democratic administrations are well dug in in Waterbury, New Haven, Bridgeport and Stamford. If the GOP should win in any of these, the victories would be closely analyzed for indications of greater support to come when the whole state goes to the polls in 1964.

The Democrats also hold West Haven and Fairfield. Towns and cities in the Republican fold that will be electing tomorrow are Meriden, Norwalk, Greenwich, Cheshire, Darien, New Canaan, North Haven, Wilton, Westport and Weston.

Council elections are scheduled in Hartford, Norwich and Wallingford.

Although only 20 of the 169 towns in Connecticut are involved, they have in them more than 540,000 voters, or about 45 per cent of all the voters registered in the state.

A brief rundown on some of the bigger cities: (See Page Ten)

## GOP Chieftains See Goldwater Strongest

NEW YORK (AP)—More than four-fifths of 1,403 Republican county chairmen and other leaders who participated in a nationwide Associated Press poll on presidential preferences for 1964 say Sen. Barry Goldwater of Arizona is the party's strongest candidate against President Kennedy, as of today.

Almost two-thirds of those answering a questionnaire say they believe Goldwater will win the nomination.

Richard M. Nixon, the 1960 nominee, ran slightly ahead of Gov. Nelson A. Rockefeller of New York as the potential GOP nominee. Moreover, a number of respondents expressed the belief that the party will turn to Nixon if the nomination convention falls into a deadlock.

On the question of the strongest candidate, Rockefeller topped Nixon by a few votes. Goldwater received 85.1 per cent of the votes as the strongest candidate. As of now, however, only 64.2 per cent said they thought he could get the nomination.

Some predicted "Eastern big money interests" would try to block Goldwater's nomination. Others said that, although they personally approve of Goldwater's conservative views, the party would nominate someone else.

The Associated Press poll began in early October in all 50 states. Correspondents contacted 2,961 GOP county, state and city leaders and received 1,403 replies, slightly more than 47 per cent. They asked two questions and received these responses:

1. "Who is the strongest potential GOP candidate against President Kennedy on the basis of present conditions? Why?"  
Goldwater—1,194.  
Rockefeller—154.  
Nixon—44.  
Sen. Thurston Morton of Kentucky, Gov. George Romney of Michigan, and Gov. William

Scranton of Pennsylvania received some scattered votes. Among dark horses mentioned were Dr. Milton Eisenhower, brother of former President Dwight D. Eisenhower, and Henry Cabot Lodge, U.S. ambassador to South Viet Nam. Lodge was the GOP vice presidential candidate in 1960. Others replied "undecided."

2. "Whom do you think the party will nominate in 1964? Why?"  
Goldwater—904.  
Nixon—72.  
Rockefeller—64.  
Again, Morton, Scranton and Romney received some votes, but a larger number said "too early to say," or predicted Nixon would be the nominee if Goldwater failed to win on the first or second ballot.

The Republican convention begins July 13 in San Francisco. The tentative apportionment of delegate votes is 1,808.

## Attack on Bailey Based on Claim

HARTFORD (AP)—Democratic party leader John M. Bailey, who survived the state insurance patronage investigation last spring, is being attacked on another front by Republicans.

GOP State Chairman A. Searle Pinney launched the new thrust Saturday with a charge that the state and national Democratic chairman is involved on both sides of a \$786,827 claim against the state of Connecticut.

The situation, as Pinney described it, is this: Bailey is acting chairman of

## Caramanlis Defeated By Underdog Party

ATHENS, Greece (AP)—Veteran statesman George Papandreu and his underdog Center Party rolled today to an astonishing Greek election victory. But the party almost certainly fell short of enough votes to win a decisive majority in Parliament.

The 75-year-old former premier and his party upset Premier Constantine Caramanlis and his rightist National Radical Union in the voting, and possibly swept Caramanlis out of politics altogether.

Caramanlis, who had sold parliamentary majorities for eight years, said he was contemplating withdrawing entirely from public life. There also were reports he was planning to leave the country but they could not be confirmed.

The Moscow-line United Democratic Left ran a poor third in the balloting for 300 seats in Greece's single house. The Progressive party came in last.

No change was expected in Greece's pro-Western alignment. Foreign policy played little part in the campaign in this nation on the strategic eastern flank of the North Atlantic Treaty Organization.

Papandreu, 75, leader of Greece's government-in-exile in World War II and its first post-war premier, charged Caramanlis has governed this birthplace of democracy as a police state.

BERLIN (AP)—Another U.S. Army convoy was stopped by Soviet authorities on the road linking isolated West Berlin with West Germany. U.S. Army officials said the convoy was halted at Marienborn, the checkpoint at the western end of the highway.

Several hours later, a U.S. Army spokesman announced that a maneuver by the American garrison in Berlin scheduled for Tuesday had been postponed for 24 hours. This was taken to mean that the garrison had moved into a state of preparedness because of the Soviet action.

Soviets once more demanded that the Americans get out of their vehicles and be counted, and the Americans refused. The same dispute resulted in holdups of American convoys Oct. 10-12 and a British convoy Oct. 14.

The convoy today was returning to West Berlin from a training exercise in West Germany. An Army spokesman said 12 vehicles carrying 44 men were held up at the checkpoint just inside Communist East Germany. The Army said 20 of the 44 men were passengers.

"According to allied procedures, communicated to Soviet military authorities on Oct. 28," the spokesman said, "this convoy does not contain sufficient passengers in the vehicles for them to dismount for purposes of verification."

Allied officers permit passengers in large convoys to dismount and be counted but refuse to do this with small convoys.

The Army said the Soviet officer demanded that 15 passengers in three of the vehicles dismount.

"Furthermore," the spokesman continued, "he demanded that it is the Soviet and not the Allied authorities who determine convoy processing procedures."

The spokesman said Maj. Gen. James H. Polk, the U.S. commander in Berlin, ordered the American liaison officer at Marienborn to tell the Soviet officer that it is the Allies who determine under what circumstances the troop passengers will dismount to be counted.

The Soviet officer was told that the Allied criteria for dismounting has been given to Soviet authorities.

Sources in Washington said recently that the Soviets have in order if the convoys carry more than 30 passengers.

The blocked convoy was commanded by Lt. John Lamb of North Augusta, S.C. He and his troops belong to the 2nd Battalion, 8th Infantry.

Today's Soviet action was viewed here as the answer to U.S., British and French letters last week to Gen. Ivan Yakobovskiy, commander of Soviet forces in East Germany.

Those letters spelled out in detail the conditions under which the Western Allies would dismount convoys for Soviet checks along the 10-mile stretch of autobahn.

The letters were identical

## Bulletins Culled from AP Wires

EXECUTIVE IDEAS  
VIENNA, Austria (AP)—George Baker, 62, chairman of the board of National Air Lines, died here today of a heart attack. A U.S. Embassy spokesman said Baker, of Miami, Fla., was having lunch with his wife at a hotel when he suddenly collapsed and died. The spokesman said the body would be cremated in Vienna and the ashes taken to Miami by Mrs. Baker. The Bakers were here on a private pleasure trip.

BANK HOLDUP  
CHELSEA, Mass. (AP)—Three gunmen wearing black masks held up the Lincoln National Bank today and then engaged in a gun battle outside with police who responded to a burglar alarm. The money, unofficially estimated at between \$10,000 and \$15,000, was recovered after a bullet-punctuated police chase. One gunman was critically wounded. A second was captured and a third made a getaway by hopping a Metropolitan Transit (MTA) train in East Boston. Daniel T. Miller, executive vice president of the bank, located at Broadway and 4th tempted to reach a burglar alarm when the bandits entered. One of the holdup men held a gun at Miller's head and threatened to kill him. A second gunman ordered three men tellers to fill up canvas bags with money. The tellers complied. Meanwhile, other employees tripped the burglar alarm. As the gunmen stepped out onto the street, a police cruiser pulled up. Then the shooting started.

## Weathermen Too Conservative

## Animals Foresee Mild Winter

By RAYMOND J. CROWLEY  
WASHINGTON (AP)—A survey—in depth—of polar bears, fur, the autumnal activities of squirrels and the movements of hairy caterpillars pointed today to an inescapable prediction:

We Americans face a much milder winter than the one that nearly froze our marrow the last time around.

The U.S. Weather Bureau, a conservative organization which is unfortunately wedded to science, refuses to confirm or deny this. It stubbornly declines to make such long-range forecasts.

But listen to Ralph Norris, veteran headkeeper of the National Zoo.

"Why, my gracious," says Norris, "I just inspected Snowstar, a polar bear, and that bear doesn't have any coat to speak of. Real thin-like. If cold weather sets in that bear will have to borrow an overcoat!"

This, to Norris, is evidence that Snowstar looks for a clement winter.

To be sure, there are contradictions, as we experts say. Norris notes that the reindeer have developed real plush coats. But you have to consider the over-all picture, in which squirrels are important.

Squirrels usually stash away nuts against the winter. On a recent Sunday, 40,000 people visited the zoo and dropped a lot of peanuts.

Now, ordinarily the squirrels would bury this provender in no time. But on Monday morning Norris noted many peanuts still lying around. Which shows that squirrels are unworried about the winter.

Private advices from Winchester, Va., say squirrels there are acting differently. They are readily scrambling for acorns. But political considerations may enter into this case.

Winchester is the domain of Sen. Harry F. Byrd, an economist who expects all hands

### Bolton White Oak vs. Utility Pole Tree Wardens' Problem

Tree Warden Donald Massey left the selectmen's meeting Friday night with a firm threat to study the state statute to study. At the meeting a hearing was held to determine the future of the white oak on George Ross's property on Bolton Center Rd. opposite Branly St.

The Hartford Electric Light Co. has been putting up poles along this portion of the road to bring in power for the new high school and in line with its general goal of raising voltage in Bolton when funds are available. The new poles did not go exactly where HELCO wanted, but where the HELCO representative said he considered the oak a hazard to the wires. He wanted permission to cut it down.

Ross said that he had given HELCO permission to cut 20 trees but had told them to save the oak. They promised him to do so, but they apparently did not. He said he was sorry about the wood and that he would like to see why the poles could not be set so that the tree would not be in the way. Ross refused to give permission to have the tree cut down.

The HELCO representative said that he was sorry about the wood and that he would like to see why the poles could not be set so that the tree would not be in the way.

The selectmen appointed Edmund Moroney, John Rothwell and Robert Corcoran to the Capitol Region Planning Agency refuse study committee.

The committee for new badges was granted provided a receipt, signed for some badge so that when a man comes back he can be identified.

A letter from the fire department was received requesting a new tank truck and equipment. The present tank truck was bought in 1940 for \$15,000 and parts are not available for it any more. Donald Massey, fire commissioner said that it was a safe for the fire department for a break-down figures. The committee will also get figures on a medium-sized truck for winter road maintenance.

Town treasurer Shirley Riley also had her report on the state of the pre-approval grant of \$39,234.66 and transportation grant of \$3,193 (high school) \$10,371 (elementary school) and \$1,199 (village school).

The grants will be paid to get figures for a flag pole which they want to put on the town green. The green once had a flag on the green for many years.

The school board notes and the board of education will meet Wednesday in executive session at 7:30 p.m. followed by the regular meeting. Chairman Harold Forcherson has announced that the meeting of the preliminary session "is to launch preliminary discussion with the teachers' representatives pertinent to their salary schedule proposal. No decision will be made or any action taken until a later meeting of the board of education in public session."

Unfinished business on the November agenda includes a discussion of new elementary school facilities. The superintendent's report will discuss method of bidding movable equipment for the high school purchase of a postage meter, high school staff needs and a discussion of the Connecticut School Development Council.

The 1949-50 teacher salary schedule will be taken up under new business.

### Rockville-Vernon Thieves Flee While Police Check Light

Thieves early Sunday morning broke into the Police Club off Maple St. and made off with \$63 in cash and \$3 worth of liquor.

The break was spotted by Patrolman Robert Albert during a routine check. The police officer had noticed a light inside the building as he checked the front door. He returned to the front, found the door open and some cash and boxes of liquor inside the doorway.

According to the police officer, the thieves made a run for it as he entered the building. The thieves were seen to flee in a light-colored car.

### Pope Appeals For Students In Message

The Pope appealed to bishops for a greater severity in the selection of student priests to prevent "deplorable defections of some ministers from the sanctuary."

Those called to be priests must live in "virginal chastity," the Pope said. "The vices of the world with which their ministry may be more richly imbued," he said. "Earlier in the day, the Pope addressed 4,000 student priests from many lands and announced the epistle would be issued by the Holy See."

Peter's "to commemorate the establishment of seminaries by the Council of Trent."

This document, weighty and detailed as was required by the importance of the subject—the first of its kind and importance of his pontificate—said the Pope said, "we have committed many, but not all, of the things which it seemed that we should remember in such favorable circumstances regarding such a subject."

The pope, sitting on his throne and reading a letter to the chief of archbishops and bishops here for the Vatican Ecumenical Council, and several thousand other persons also attended the Mass, in commemoration of the decrees issued by the Council of Trent for the establishment of a seminary in every Roman Catholic diocese in the world.

### Attack on Bailey Based on Claim

The Greater Hartford Flood Commission, He is also a partner in a Hartford law firm. The firm is representing an engineering firm working on a project that is to be paid for by the flood commission.

It was the engineering firm, DeWitt, O'Leary and Brill, that filed the claim against the state. The reason why the claim was filed against the state, rather than the flood commission, is because the State Highway Department hired the firm with the understanding that the state would be reimbursed for the project by the commission.

It would be to the advantage of the flood commission to have the claim rejected so that it could not be included in the highway department's bill to the commission. Yet it would probably be to the financial advantage of Bailey's law firm to win as by a claim, it could for its client, DeWitt, O'Leary and Brill.

Bailey's comment was: "I can assure you that if there is any question of conflict of interest, I would immediately remove myself from the job."

He said he was not familiar with the GOP charges.

Pinsky said a letter on the subject was sent to Bailey, as acting chairman of the flood commission, last March 13 by State Highway Commissioner Howard S. Ives.

Ives said the delay was due to the fact that the flood commission had to be established first. The flood commission had to be established first. The flood commission had to be established first. The flood commission had to be established first. The flood commission had to be established first.

Parties Watching for Clues

20 State Cities Vote Tomorrow

(Continued from Page One)

Bridgeport Mayor Samuel J. Tedesco, Democrat, is running for a fourth term. In Danbury, the title of mayor-elect will go to the incumbent, Democrat William Glynn, who is running again. Although the candidates run without party labels, the Democrats have always enjoyed a slight edge. The Republicans are trying to win this year with a slate of so-called "New Republican" who jumped into the fray only a few weeks ago.

Coventry High School Open House Set Nov. 12

Coventry High School will have open house at 7:30 p.m. Nov. 12 in observance of American Education Week, Nov. 11 through 18.

The program will begin in the auditorium where the outline of the evening's procedure will be given to guide the parents through a typical Tuesday schedule of their child's school day.

Changes will be of 15-minute duration with four minutes between classes. Teachers will explain the evening's procedure and suggest ways in which parents may help students in school work.

Four seniors and four juniors were inducted into the Nathan Hale Chapter of the National Honor Society at an assembly Friday.

Parents of the honor society members and guests are being invited to a ceremonial dinner at 7:30 p.m. today in the high school library.

Four students at seniors at the high school have been elected clerk of Second Congregational Church.

The annual church meeting adopted a budget for the year totaling \$20,200 and voted to change the church year to Jan. 1 from Oct. 1 effective Jan. 1, 1969.

The church council was directed to appoint a committee to study possible revision of the constitution and bylaws and report back.

Barnini Asks Oakland St. Zone Change

The Town Planning Commission (TPC) will conduct a public hearing at 8 p.m. today at the Municipal Building hearing room on two applications.

1. Which would decrease the lot-size restrictions for two large lots to the rear of property in the 900-970 section of Oakland St.

2. And which would increase by about an acre the amount of industrial zoned land on Hillside St. east of Adams St.

John Barnini is asking for a change from Residence Zone A and Rural Residence Zone A to Residential Zone B.

The change from Residence Zone A to Industrial Zone A is being asked by A & B Truck Leasing for a tract of about one acre abutting the east side of the existing industrial zone on Hillside St. east of Adams St.

The existing zone is being occupied by the Purdy-Perris Corp. A & B Truck Leasing Inc. is planning to build a new office and storage barn for rental tractor-trailer rigs.

A spokesman for A & B says that the firm now has five rental rigs but must store them outside where they are subject to vandalism.

Groups Tonight to Discuss Robertson School Wing Plan

An informal meeting to discuss plans for the acquisition of additional land for the enlargement of Robertson School will be held tonight at 8 p.m. in the Bentley School auditorium.

Invited to attend the session, called by Town Director Thomas F. Towell, are members of the boards of directors and officers of the High District districts, and representatives of the Manchester Redevelopment Agency and Raymond & May Associates; the consultants on the North End Urban Renewal project.

The Robertson addition, originally slated to go before the town board, is being held over until the school board's endorsement of the original plan for the school addition, scheduled for Oct. 15, is received.

The school board, in endorsing the original plan for the school addition, scheduled for Oct. 15, is expected to approve the \$600,000 at the same time notifying them of the existence of the early acquisition plan.

If removal is not approved, the cost of the properties will have to be assumed by the town.
