Marylanders Claim Lightning Hit Jet; 81 Killed in Crash

Debris including shattered airliner fragments and clothing of dead passengers and crew members were scattered over the ground and dangled from tree limbs today near Elkton, Md. (AP Photofax.)

ELKTON, Md. (AP)—A four-engine jet airliner exploded and crashed Sunday night, killing all 81 persons aboard. Investigators looked for a cause today, as police searched for victims in a muddy cornfield. The Boeing 707 of Pan American World Airways plunged to earth in fiery fragments from 5,000 feet during a thunderstorm. Witnesses said it was struck by lightning. "It (lightning) could cause it," said B. R. Allen of the Civil Aeronautics Board, one of two federal officials heading the investigation. "We really can't tell until we look at the wreckage." The plane, en route from Puerto Rico to Philadelphia with 73 passengers—two of them infants—and a crew of eight, came down in a stubbled cornfield about 15 miles southwest of Wilmington, Del., near U.S. 40 and the Maryland-Delaware border. About 65 persons had left the plane during a stop in Baltimore only a few minutes earlier. The plane disintegrated in the air. Sheriff Edgar Starr said bits of wreckage fell over an area of four square miles. The cornfield was a rain-soaked jumble of bits of wreckage. As officials met to plan their investigation of the tragedy, state troopers and sailors from the nearby Salisbury, Md., naval base searched the fields of cornstalks. The sailors were told to raise their hands when they found anything. No one could tell how many victims were being found. It was seldom that there was anything large enough to be identified at all. Studebaker Said Cutting US Plant

NEW YORK (AP)—Studebaker Corp. will quit auto production in the United States but continue to make cars in Canada. Dow Jones news service said today in a copyright story. Ending of operations at Studebaker's plant in South Bend, Ind., where the company has made cars for 50 years, will cut off employment for about 6,000 persons, including 5,000 hourly workers, the story said. The business news service said all auto production will be concentrated at Studebaker's Canadian car plant in Hamilton, Ont. The announcement will be made at a news conference Tuesday in New York, it said. (See Page Eleven)

Busses Run Another Day, Strike Reset

HARTFORD (AP)—Some 60,000 Connecticut Co. bus commuters had at least a brief reprieve from a threatened strike today as Gov. John Dempsey entered the contract mediation sessions. The Governor, who asked for and got a 24-hour postponement of the walkout, was to meet with state and federal mediators and labor and management officials in his office this afternoon. The strike, originally scheduled to begin early this morning in Hartford, New Haven and Stamford, was put off until 3:30 a.m. tomorrow. Dempsey telephoned negotiators last night as they were meeting in the company's New Haven office and the union agreed to keep its 900 members on the job another day. The company's contract with (See Page Twelve)

Reed Calls Grand Jury On Roy Darwin Charge

A grand jury hearing will be ordered by State's Atty. Joel H. Reed II in the case of Roy F. Darwin, 46, of Andover, arrested yesterday on a Superior Court bench warrant charging him with first degree murder in the Sept. 18 slaying of Hope Rothwell, 17, of Bolton. Reed told Superior Court Judge Charles S. House this morning at Tolland Superior Court that he intended to impanel a grand jury in the case. He said he had not decided when he will institute the action. Darwin, who police said confessed late Saturday afternoon to the slaying in both oral and written statements, was served yesterday with a bench warrant charging him with first degree murder. The state's attorney's announcement this morning came as a habeas corpus proceeding, filed by Darwin's attorneys, was withdrawn in a hearing before Judge House. (See Page Eight)

Two Men Kidnap Frank Sinatra Jr.

STATELINE, Calif. (AP)—Frank Sinatra Jr., singing son of the famed crooner and film star, was kidnaped by two men at gunpoint Sunday night from his motel room just before he was to go on stage at a casino, sheriff's deputies reported. Several hours later police radio broadcasts alerted all units to look for two men for questioning. They were identified over the radio as Joseph James Sorce, 23, and Thomas Patrick Keating, 21. Units were also alerted to be on a lookout for a 1962 or 1963 automobile with a California license beginning with the letters EGW. The police broadcast gave no further license number. Officers available to newsmen gave no reason why the men were sought. Nor were they identified further. Authorities said the FBI had been called in on the case. Deputies immediately set up roadblocks on mountain roads in the Lake Tahoe area, already made difficult by three inches of snow. Sheriff George Byers of Douglas County, Nev., said, "We still think they are in the area," on the California-Nevada border. Sinatra Sr. flew in his two-engine plane to the area early to (See Page Ten)

New Leader In Thailand Backs West

BANGKOK, Thailand (AP)—Another staunch friend of the west held Thailand's government reins today after the death of Premier Sarit Thanarat, 65. The premier, one of America's closest friends in Southeast Asia, died Sunday after a long illness. The Cabinet nominated Gen. Thanom Kittikachorn, 52, deputy premier and defense minister, to succeed him, and King Bhumibol Adulyadej appointed Thanom premier today. With an eye on Communists who have been active in northeast Thailand, Interior Minister Praphas Charusathien warned the national police and provincial governors to be alert against "subversives who could be active with the death of the premier." Acting Premier Thanom also ordered the armed forces to remain at their posts, on guard (See Page Eight)

Fear for Captives In Bolivia Rises

LA PAZ, Bolivia (AP)—Communist-led tin miners holding four Americans among 21 hostages gave the government 24 hours to free two arrested Communists or suffer the consequences. The ultimatum today raises fears for the hostages' safety. The Federation of Mine Workers sent their word to the government by way of radio transmissions from their strongholds more than 150 miles southeast of this capital. The miners, led by leftist Vice President Juan Lechin, defied government troop buildup and an offer from U.S. President Johnson of full U.S. assistance to the government to win freedom for the hostages, held since Friday night. The broadcast said the union wanted the release of the two Communist union heads arrested Friday by the government. The leaders, Irineo Pimental and Federico Escobar, were arrested on a court order in connection with union agitation against a government crackdown on union power in the operation of the mines, Bolivia's main source of income. The government has said that under no circumstances would it set the two Communists free. President Victor Paz Estenssoro scheduled a Cabinet meeting amid reports he will decree a state of siege. One of the Americans, Thomas Marin, 21, of New York, a U.S. Information Agency officer, contacted the U.S. Embassy by radio-telephone Sunday night for the second time since Saturday. He said he and the three other Americans were well. He said he was being held under strong military guard, but did not elaborate. Tension increased in this mountain capital. There were fears that Bolivia's 200,000 leftist-led miners might rise up in a bloody revolt against Paz and his government. Lechin heightened the crisis over the week end by stirring up antigovernment agitation in the nationalized tin mines. He is head of the union. Reports reaching La Paz said he had set up a headquarters in (See Page Twelve)

Agents Claim Cuban Said He'd Shoot LBJ

NEW YORK (AP)—A Cuban national who police said had done target practice with a rifle was held today in \$25,000 bail after being accused by the Secret Service of boasting he would assassinate President Johnson. The Cuban, Omar Padilla, 19, of the Bronx, was arrested 20 hours before Johnson arrived Sunday to attend the funeral of former New York Gov. Herbert H. Lehman. Police said Padilla admitted telling coworkers at a Manhattan engraving firm that assassinated President John F. Kennedy had been "asking for it" because of "the lack of security." "I'm going to shoot Johnson," police quoted him as telling fellow employees. Padilla said he made the remark in jest. Saturday morning, police found a makeshift target range in an eighth-floor stockroom at the building where Padilla works. There were 10 holes in the target. The building is not anywhere near the route that Johnson took in his motorcade from Idlewild Airport and back. Police arrested Padilla later Saturday at his home. A rifle (See Page Two)

LBJ Studies Budget, Military Base Cuts

WASHINGTON (AP)—President Johnson's attention was focused today on the forthcoming federal budget—including a proposal to curb spending by eliminating some defense installations. Johnson scheduled a morning meeting with Secretary of Defense Robert S. McNamara and Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, to go over some aspects of the military budget. Top Budget Bureau officials, including Director Kermit Gordon, were summoned to review spending plans for the Justice and State departments, the Veterans Administration and the Federal Aviation Agency. Johnson told a news conference Saturday that he and McNamara were making a study of defense installations to determine if any could be eliminated. An aide said one of the matters to be taken up during the day would be the possible consolidation of some military assistance groups overseas. Under a new Johnson decision the payrolls of these assistance groups will be slashed by 10 per (See Page Nineteen)

Snow Storm Hits Prairies

By THE ASSOCIATED PRESS The season's most severe snow storm which swept across north central areas, dumping up to nearly a foot of snow in some sections, tapered off today as it moved slowly eastward. Blizzard conditions were reported Sunday in some parts of the storm belt, which covered broad areas in the Dakotas, Minnesota and parts of Wisconsin, Michigan, Iowa and Nebraska. At least five deaths were attributed to the storm. Blizzard conditions were reported Sunday in some parts of the storm belt, which covered broad areas in the Dakotas, Minnesota and parts of Wisconsin, Michigan, Iowa and Nebraska. At least five deaths were attributed to the storm. Gusty winds swept the prairie lands, causing much drifting of snow and creating hazardous driving conditions. Snow plows in some parts of the snow belt were unable to keep highways clear. Eight persons were injured near Little Falls, Minn., when a Greyhound bus carrying 21 passengers overturned after colliding with a car on a snowy highway. Colder weather spread into the snow-covered region and temperatures were near zero in sections of North Dakota. Generally readings were in the teens in most of the north central region, with the 30s reported across most of the northern sections of the country. In the eastern areas, rain fell from eastern Virginia northward through New York State and southern New England. In the west, rain splashed across areas (See Page Nine)

Middletown Boy Is Charged in Father's Slaying

MIDDLETOWN (AP)—James Robert Downey, 17, accused of killing his sleeping father with a shotgun blast, was held on a murder charge today. Police said the youth shot Robert Jack Downey, 51, in bed Sunday morning, tried to attack his 19-year-old sister, Karen, and fired three blasts from the shotgun at two neighbors and three more at police before he was captured. He was pulled from beneath a parked car some five hours after the shooting when a policeman spotted the 12-gauge shotgun poking out from under the vehicle. Downey, a red-haired Middletown High School senior described as a "loner," was presented in Circuit Court today on a first degree murder charge. His case was continued for two weeks for action by a grand jury. Downey was ordered held without bail. Police said the youth embarked on his spree of violence after his return home late Saturday night. His sister fought him off and escaped to a neighbor's house, police said, and when two neighborhood youths went to the Downey home at 860 Washington Ave., to see what was going on, he fired at them, missing on all three shots. Police arrived a short time later to find Downey perched on the roof of a garage across the street from his home. He fired the shotgun three times more, shattering the windshield of a cruiser but wounding no one, police said. Police gave chase, but it was not until 7 a.m. Sunday that Downey was apprehended. Primary Won By Morrison

NEW ORLEANS, La. (AP)—Front-running deLesseps Morrison faced the issue of "federal intervention" today as he plunged into a bitter runoff for Louisiana's governorship. "The people have demanded from the candidates their stand on federal intervention in state affairs," runnerup John McKeithen said. McKeithen, 45, who had attacked the administration's civil rights program during the 10-man first Democratic primary, made it clear he would resume an anti-Washington campaign. Such attacks halted with President John F. Kennedy's slaying. McKeithen, state public service commissioner, said the (See Page Two)

AGREEMENT NEAR WASHINGTON (AP)—Senate-House conferees broke a long deadlock and reached a but final agreement today on a broad vocational education bill. Their success appeared to open the way for final passage before Christmas of two major education bills strongly backed by President Johnson and the late President John F. Kennedy. The other would be a \$1.2-billion college aid measure. TURBULENCE NOTED WASHINGTON (AP)—Civil Aeronautics Board investigators received conflicting reports today on whether lightning could have caused the crash of a plane near Elkton, Md., killing 81 persons. They also learned that another plane had been in trouble in the same general area at about the same time because of turbulence. This report indicated that rough weather rather than lightning was a major factor. Although two witnesses told CAB investigators they saw violent flashes that appeared to be lightning, a spokesman said other persons said they, too, saw flashes but these appeared to be from intensive fire or explosions. Investigators also learned that the pilot of a Martin 404 twin-engine propeller plane had reported extreme turbulence in the area around the same time, and that the craft was in danger of crashing. PREVENT THOSE WINTER DRIVING WOES The Safe Winter Driving League presents the following tip for better visibility this winter from the National Safety Council...

Bolton T. C. Wright Unhurt When 'Dozer Tips' Theodore C. Wright, Andover contractor, escaped injury Saturday when a 32-ton bulldozer tipped as it was being loaded on a trailer platform at Bolton Center and pinned Wright by both feet.

The accident occurred at about 4 p.m. Wright, back on the job this morning, said the soft ground saved him from injury. He said he was loading the bulldozer on the trailer and raised the blade to clear blocks that were in the way. Raising the blade was just enough to clear the donor sliding, he said. He jumped when the machine began to tip but did not quite clear it.

His son, Timothy, and employe Frank Reed were assisted by neighbors and firemen, who were called to the scene in digging Wright free, a procedure that took about 45 minutes. Wright is building a road in the Meadow subdivision on the Margaret Hill estate.

Mrs. James Klar of North H., Girl Scout fund drive chairman, and her workers have been congratulated publicly in this month's edition of Valley Views, published by the Connecticut Valley Girl Scout Council, for reaching 106 per cent of the set goal of \$500.

The drive took place in October. Mrs. Klar has received letters of praise from many Girl Scout officials since then. The newsletter says: "We are mighty proud of the Bolton Girl Scout fund drive committee, the solicitors, and the drive's chairman, Mrs. James Klar."

Two Men Kidnap Frank Sinatra Jr.

(Continued from Page One) day from Palm Springs, Calif. He was to have started work this morning at Warner Bros. studio in Los Angeles on the movie, "Robin and the Seven Hoods." Only three months ago he announced he would divest himself of Nevada gambling interests estimated to be worth about \$1.5 million.

He headed out after the Nevada Gaming Control Board accused him of violating state regulations by entertaining Chicago underworld figure Sam Giancana at Sinatra's Cal-Neva Club on Lake Tahoe. Ironically, young Sinatra was touring with a band led by Sam Donahue, billed as the Tommy Dorsey Band. Sinatra Sr. rode in fame with that group, and in his act the younger Sinatra sang his father's old songs.

Also ironically, young Sinatra sang at Harrah's Lake Tahoe resort, a competitor of his father's Cal-Neva Lodge. Draught operations were directed by the Dr. Dorado, Calif. County sheriff's office, because of a abduction tool placed just within the California border. State line is 60 miles southwest of Reno.

Joe Foss, a trumpeter with the Reno band, told police he and Sinatra Jr. were eating dinner in Sinatra's motel room. About 8:20 p.m. the telephone rang and Sinatra hung up after a brief conversation. About 9:30, Foss reported, there was a knock on the door and a man in a dark suit, wearing a hat and carrying a briefcase, entered the room. He was armed with a small revolver, burst in, asking, "Where's the money?" Sheriff's deputies said Foss told them, "They took the small amount in the two men's wallets, then tied and gagged Foss with tape. Foss said they also taped Sinatra's hands."

Foss said a third man might have been standing outside. One man carried a package of some sort, he added. After forcing Foss to lie on the floor, the men tied Sinatra, vanishing into the snowfall. Fire tracks heading towards Reno were found later. Sinatra Jr. will be 20 Jan. 12. He is one of the enterprising three children. His mother is Sinatra Sr.'s first wife, the former Nancy Barbato, who was reported at her Hollywood home.

Gene Evans, spokesman for Harrah's Club on the south shore of Lake Tahoe, said young Sinatra's room was on the second floor of the two-story motel, separated by a parking lot from the casino. The motel is used exclusively for Harrah's guests. The room is also in the center of the unit, Evans said, adding that the kidnappers probably knew the layout of the motel well. Evans said there was no mention of ransom during the motel room incident. The intruders were ski jacketed. One man was about 5 feet 10 inches tall, the other about 6 feet.

One of the men was heard to say, "We've got him. We've got to get him to Sacramento." Sinatra is 132 miles from the kidnapping scene in the opposite direction from Reno where the fire tracks appeared to lead. Sinatra Sr. arrived at Reno airport early today and was met by Washoe County Dist. Atty. William Raggio who drove the crooner-actor immediately to the sheriff's station at the Sheraton-Casino on Lake Tahoe. Sinatra had no comment for newspapermen.

Chamber Course In Ninth Week The seventh session in the Manchester Chamber of Commerce sponsored nine-week course on political action will be held at 7:30 tomorrow morning in the chamber's office on E. Center St. "Political Meetings" is the subject to be discussed. The two-hour per week workshop course on practical politics, organized to educate and interest the businessmen in politics, has proved very popular since its first meeting Oct. 22. The 15-to-20 men who have been attending each week now get outside assignments for research and report on their findings at each meeting. As a result, the participants have been able to compare governmental and political structures on a national, state and local level.

Case in roles as the Cratchet children are Gregory Horn as Tiny Tim, Freda Redwood as Charlie, Shirley Dixon as Belinda, Meredith Schardt as Martha, and Robin Wendenburg and Joyce Cole as the two youngest children. Music will be provided by student piano accompanist's Joan Marie Halloran, Edward Chaplin, Catherine MacCarone, and Donna Carpenter. Lighting and sound effects will be handled by Mark Joske and Robert Hycholick.

Studebaker Said Cutting US Plant Randolph H. Guthrie, Studebaker's board chairman and a New York attorney, confirmed that Studebaker will have an announcement then on its future plans. Asked about car-making activity, Guthrie said "We are continuing in the automobile business."

"At South Bend?" he was asked. "I'm not going to get into all the details. Everything will be disclosed at the news conference," Guthrie replied. Studebaker's car business, once the sole reason for its existence but now accounting for about one-half sales volume, has been losing money heavily. Dates of the 1964 model introduced a few months ago lagged to the point where the South Bend operation was shut down last week-while competitors' assembly plants were still keeping already excessive inventories of Larks and Hawks from building higher.

BLAZE PROBED NEW LONDON (AP)—Fire officials are investigating the cause of a blaze that burned out the Lehigh Oil Co. garage and main building Saturday. Three of them were new and had been delivered just before the fire broke out. Firemen kept the blaze from spreading to oil storage tanks about 200 feet from the fire.

Chamber Course In Ninth Week

The seventh session in the Manchester Chamber of Commerce sponsored nine-week course on political action will be held at 7:30 tomorrow morning in the chamber's office on E. Center St. "Political Meetings" is the subject to be discussed. The two-hour per week workshop course on practical politics, organized to educate and interest the businessmen in politics, has proved very popular since its first meeting Oct. 22. The 15-to-20 men who have been attending each week now get outside assignments for research and report on their findings at each meeting. As a result, the participants have been able to compare governmental and political structures on a national, state and local level.

Case in roles as the Cratchet children are Gregory Horn as Tiny Tim, Freda Redwood as Charlie, Shirley Dixon as Belinda, Meredith Schardt as Martha, and Robin Wendenburg and Joyce Cole as the two youngest children. Music will be provided by student piano accompanist's Joan Marie Halloran, Edward Chaplin, Catherine MacCarone, and Donna Carpenter. Lighting and sound effects will be handled by Mark Joske and Robert Hycholick.

Studebaker Said Cutting US Plant Randolph H. Guthrie, Studebaker's board chairman and a New York attorney, confirmed that Studebaker will have an announcement then on its future plans. Asked about car-making activity, Guthrie said "We are continuing in the automobile business."

"At South Bend?" he was asked. "I'm not going to get into all the details. Everything will be disclosed at the news conference," Guthrie replied. Studebaker's car business, once the sole reason for its existence but now accounting for about one-half sales volume, has been losing money heavily. Dates of the 1964 model introduced a few months ago lagged to the point where the South Bend operation was shut down last week-while competitors' assembly plants were still keeping already excessive inventories of Larks and Hawks from building higher.

BLAZE PROBED NEW LONDON (AP)—Fire officials are investigating the cause of a blaze that burned out the Lehigh Oil Co. garage and main building Saturday. Three of them were new and had been delivered just before the fire broke out. Firemen kept the blaze from spreading to oil storage tanks about 200 feet from the fire.

Illing Students to Present 'Scrooge's Christmas' Play

A two-act operetta entitled "Scrooge's Christmas" will be presented for their classmates by the students of Illing Junior High School in separate assemblies Wednesday and Thursday. A public performance for parents and friends will be given on Friday at 7:30 p.m. Tickets are available from participating students.

McKinney-Carrara

MRS. GLENN RANDOLPH MCKINNEY

The Center Congregational Church was the scene of the wedding Saturday of Miss Hermentine Anne Carrara of Manchester to Glenn Randolph McKinney of Bolton.

The bride is a daughter of Mr. and Mrs. James V. Carrara of 44 Prospect St. The bridegroom is a son of Mr. and Mrs. Robert H. McKinney, Bolton Center Rd.

The Rev. Clifford O. Simpson, pastor of Center Congregational Church, performed the ceremony. Walter Gray was organist.

The bride, given in marriage by her father, wore a full-length gown of white satin, designed with a scooped neckline, long pointed sleeves and fitted bodice accented with elegant lace, neck and waist.

The groom wore a tuxedo with a white waistcoat and a white bow tie. He carried a bouquet of white roses, stephanotis and ivy.

Miss Carol A. Oliverhouse of Hartford was maid of honor. Miss Arlene M. Peterson of Manchester and Mrs. Leo P. Murphy of Danvers Corners, Westley, R. I., were bridesmaids.

All the bridal attendants wore floor-length gowns of red velvet, fashioned with scooped necklines, elbow-length sleeves and bell-shaped skirts with double bows at the side of the waistline. Their matching circular face veils were attached to floral clusters trimmed with tulle, and they carried cascades of white roses and ivy.

James R. Payne of Danville, Pa., served as his brother-in-law's best man. James R. Carrara of Manchester, a brother of the bride, William Brosnill of Manchester, Leo P. Murphy of Westley, and Wayne England of Vernon were ushers.

Busses Run Another Day, Strike Reset

(Continued from Page One)

The Amalgamated Association of Street, Electric Railway and Motor Coach Employees of America expired Sept. 30. The strike was authorized last week by a membership vote, and several long negotiation sessions ensued. Last night's talks were recessed 15 minutes before midnight when the strike postponement was announced.

Demsey planned to discuss with civic leaders in the three areas that would be affected as to the measures they are taking to prepare for a walkout. In Hartford and New Haven, emergency parking lots were readied for the additional cars that would be used by commuters. In Hartford, the influx of auto traffic would be dealt with by making some two-way streets one-way only, and in New Haven, all police leaves were canceled so that a full force would be available to handle the traffic.

Car pools were organized in the three cities to get children to school and workers to their jobs. The president of the Connecticut Co. Earl Mortenson, who was expected to lead a walkout or increased expenses on the bus firm.

Just what would happen if the company founded is not clear. The U.S. Treasury as collateral on loans defaulted on bankruptcy New Haven Railroad.

Fear for Captives In Bolivia Rises

(Continued from Page One)

The mine areas near Catvi, where the four American hostages are held, Catvi is about 155 miles southeast of La Paz. The government moved 1,000 troops into the region around Oruro, 30 miles north of Catvi, and said it would not give in to the miners' demands. A White House statement Sunday night called the seizure of the Americans an indefensible act and said President Johnson's offer of assistance would include anything that might be required.

The statement said "The President has been assured through our ambassador in Bolivia by the president of Bolivia that every effort is being made to secure the prompt release of these United States officials." The miners announced they would start a series of strikes today at the 23 mines run by the government.

For years, the mining regions of Catavi and Siglo Veinti have been hotbeds of political unrest. The government last August launched a drive to break the Communist leadership of the miners. In 1967, leftist miners set off four American engineers as hostages and later killed them.

Doctor Near Johnson NEW YORK (AP) — A White House physician was kept close to President Johnson during his visit to Bolivia, it was reported by a new procedure adopted as a result of President John F. Kennedy's assassination. Dallas Nov. 22, Dr. George Burkley, a Navy admiral, was taken to the hospital in Dallas. Burkley rode in a police car just in front of Johnson's limousine.

Andover Norton Fund Unit to Meet

A meeting of the Norton Children's Fund Commission is scheduled tonight at the home of Chairman Margaret Gray at 8 o'clock.

This commission was established many years ago to administer that portion of the Chester D. Norton Fund dedicated to needy children. On May 8, 1968, a grant of \$9,496.13 was received by the town from the Norton estate. Before his death in 1961, Norton had specified in his will that the money should be divided equally among four beneficiaries: The Congregational Church, the school, the library, and poor children. Present day value of the children's fund is about \$3,000 and pays out approximately \$100 annually for helping children.

The commission is made up of six members chosen on a bipartisan basis, with two members elected for a six-year term at each biennial town election. Present members serving are Mrs. Jurovsky, Mrs. Elaine West, Margaret H. Talbot, Ethel Weston, Alice Moe, and Clara Gray.

Books a Gift Mrs. Conrad Schmitt recently made a contribution of numerous books to the elementary school library. The books given include a set of Junior Classics and a complete set of the works of Jane Grey.

As the school population grows the need for books in the library grows with it. Gifts of books are welcome and people wishing to donate them can determine their usability in school by contacting the principal, Mrs. Doris Chamberlain.

Yule Decorating Tips The homes in Andover should be more gaily decorated this holiday season than ever before as two organizations have made the subject of decorations the main part of their meetings this next week.

Tomorrow the Andover Garden Club will hear a talk on how to make Christmas decorations. The speaker will be Mrs. Violet Nesdel who is on the staff of the Connecticut-Ferry Co. of Waterbury. The meeting is at the elementary school at 8 p.m.

Hostesses for the event are Mrs. Lawrence Jilson, Mrs. Richard Ruester, Mrs. Richard Adams, and Mrs. John Harris. A special invitation has been extended to all members of the Mothers Club.

The Mothers Club, armed with information acquired from the Garden Club talk, will meet on Wednesday at the home of Mrs. Lawrence Sheehan on New Boston Rd. to learn more creative ideas in the making of holiday decorations.

This meeting will be the annual Christmas party with an exchange of gifts. Pre-making candle holders, wreaths and the like, members should determine before the meeting what materials are needed.

Members are encouraged to bring unwrapped gifts for the Mansfield Training School.

In Special Course Miss Frances Walsh of Gilsum Rd. has started a 12-week program in psychology, offering at the Institute of Living in Hartford. Students receive from several schools of nursing in Connecticut and other New England states enrolled in this affiliate program.

The course is designed to aid the professional nursing student to better care for a patient through the use of psychiatric skills.

Miss Walsh, a student at St. Francis Hospital School of Nursing in Hartford is the daughter of Mr. and Mrs. William Walsh.

Rham School Menu Monday — barbecue pork on a roll, oven fried potatoes, celery and carrot sticks, assorted fruit. Tuesday — corned beef hash, Harvard beets, cheese sticks, assorted puddings.

Wednesday — spaghetti with meat sauce, garden salad, cherry crisp. Thursday — hot dog on roll, baked beans, sauerkraut, fruited gelatin with toppings. Friday — baked fish sticks, mashed potato, cabbage and pineapple slaw, chocolate cake with icing. Bread, butter and milk served with all meals.

Manchester Evening Herald Andover correspondent, Lawrence Moe, telephone 742-6796.

BOY SCOUT Notes and News

Cub Scout Pack 112 recently held a meeting at Washington School.

Bobcat pack presented by Charles Using, cubmaster, to Michael Pariseau, George Moe, David Gebel, James Gable, Bradford Smith and John Migliore, as the cub and parents stood around a campfire. James Gable was awarded a gold arrow on the wolf badge. Lloyd Gustafson, gold and silver arrows on bear; Mark Sackin, lion badge.

Albert Goulet, chairman, spoke to the assemblage on the combined efforts of the cub, their parents and the pack in helping the cub grow. The living circle, with all the cub participating, closed the meeting.

RIO DEGREE OF SERVICE NEW YORK (AP) — Students at Columbia University will be able to qualify for better paying part-time jobs serving at private parties and in summer resorts, thanks to a special course in waiters' skills given on campus.

In six 2-hour sessions Michel Paris, maitre d'hotel at the Waldorf-Astoria's Polo Club, is teaching a class of about 20 students the art of table setting.

Lightning Blamed For Jet Explosion

(Continued from Page One) The Federal Aviation Agency in Washington said the plane was on a holding pattern near New Castle, Del., airport at 3:58 p.m. awaiting clearance to approach the Philadelphia International Airport. Then, said Raymond Gregg of the agency, "it was just like the sun was coming at me. It was so bright I couldn't look at it."

Lightning Blamed For Jet Explosion

(Continued from Page One) area raked by heavy rains and winds preceding Sunday night. Grim-faced policemen toiled through the wreckage, papers and other debris to piles. One was asked if anything had been found in the wreckage. "If there is, I haven't seen it. I've been pretty much covered the area," he replied. Pine trees and a cornfield were damaged by the plummeting wreckage. The four-jet plane had been groping through the storm on instruments immediately before the crash. Then there was the explosion, blast and burning wreckage fell from the sky. "Just the noise of the plane and flames," said George H. Lewis, a resident of Delancy Road, where much of the wreckage crashed.
