

12 Bank Holdups A Record in State

NEW HAVEN (AP)—Bandits staged 12 holdups in Connecticut in 1963—probably an all-time high for the state. The holdup men, armed with real or phony weapons, forced tellers to stuff more than \$150,000 into the cloth or paper bags they carried with them.

Some of this money, however, was later recovered. Comparative figures are not available, but veteran police officers cannot recall a year in which there were as many holdups in the state.

In addition to the 12 holdups, there was a \$20,000 bank burglary, bringing the total loot to more than \$170,000.

The burglary and six of the holdups remained unsolved at the end of the year. Among the unsolved crimes was a daring \$65,000 holdup in Monroe on April 22.

A bandit, his face masked with tape and orange makeup, broke into the home of bank manager Charles Wade and forced him at gunpoint to drive to a branch of the Connecticut National Bank.

There, the bandit seized four

Road Deaths To Top 209

By THE ASSOCIATED PRESS
The nation's traffic deaths for the midweek New Year's holiday, totaling more than 200, exceeded estimates of safety experts, but was far below last week's Christmas toll.

The number of persons killed in traffic accidents during the 48-hour holiday period which ended at midnight Wednesday was 209, related reports were expected to boost the total.

However, the toll appeared no larger than the daily average of 117 traffic fatalities reported during the first 11 months of 1963.

The National Safety Council had estimated in advance of the holiday that between 140 and 180 persons might be killed in traffic mishaps from 8 p.m. New Year's Eve to midnight Wednesday—a 30-hour period.

Council President Howard Pyle said Wednesday night that the final figures "definitely will go beyond this estimate." The

300,000 Counted In Times Square

NEW YORK (AP)—Reverly prayer and hopeful messages of peace marked the start of the new year around the world.

Times Square had its biggest crowd in years for the countdown to 1964, an estimated 300,000. A few blocks away, 3,000 persons dined and danced in Grand Central Terminal in one of the largest New Year's Eve parties. It was a benefit ball for the National Association for Mental Health.

Fireworks illuminated the skies over the Berlin Wall. Parisians leaned on automobile horns on the Champs Elysees. Spaniards ate 12 grapes at mid-

Events In State

Driver Test Law Hits New Snag As Labs Resist

HARTFORD (AP)—The head of the state laboratory declared today that, if other laboratories aren't brought in soon to make chemical tests under the new state drunk-driving law, his laboratory will be "put in a very peculiar position."

Earle K. Borman reported that efforts so far to gain participation by other laboratories in the program have not been successful.

"I have had tentative feelers from three of them," he said, but they showed no excited interest and they had a certain amount of reservation.

He said a half-dozen laboratories probably could qualify to take tests under the law. But, he added, if only the state laboratory continues to process blood and breath samples, "we'll be in a very peculiar position since we will be carrying out tests for both the police and defendants."

Under the law, accused drivers have the right to have tests of their own made if they desire. Many hospitals have balked at taking part in the tests. Stuart Knox, executive director of the 54-member Connecticut Hospital Association, has reported a "general feeling of caution."

Non-hospital laboratories are balking, Borman explained, because they don't want to get involved in too much legal work where laboratory representatives would have to testify in court on test findings.

New Year's Baby

The year was two hours and 22 minutes old when Glenn Alan Hunniford was born at Manchester Memorial Hospital. He is the hospital's New Year's Baby and the first child of Mr. and Mrs. Alan Hunniford of 12 Abby Dr., Hebron; the first great-grandchild of Main St. merchant, Christopher Glenney; and first grandchild of Mr. and Mrs. Robert Glenney of Bolton Center and Mrs. William Hunniford of 441 Center St. He weighed 6 pounds 10 ounces, and is 20 1/2 inches long. (Herald photo by Pinto)

Political Balm Out, Ruler Says of Visit

JERUSALEM, Jordan Sector (AP)—Jordan's Moslem ruler, King Hussein said today the pilgrimage of Pope Paul VI to the Holy Land will "highlight the affinity between the two great religions" of Islam and Christianity. But he ruled out any possibility that it could bring improvement of relations of Arab nations with Israel.

He declared that Jordan, an overwhelming Moslem country, was proud of its role as keeper of Christianity's holy places.

The king shrugged off the fears of some Arab nations that the Pope's visit to Jordan and Israel had political overtones or might lead to Vatican recognition of Israel. "We look upon it as a pilgrimage to the Holy Land. I don't consider the Pope's pilgrimage has any political implication," the king said.

The king said the problem with Israel is a different one and despite the Pope's visit to both countries "I can hardly see how relations could improve."

Asked if Jordan would accept papal mediation in disputes between Jordan and Israel if it were offered, the king replied that the question had not arisen but indicated clearly such a step is impossible. Israel must

(See Page Twenty-Three)

Mercury Up After Storm

BOSTON (AP)—The storm which dumped up to eight inches of snow on parts of the Southland actually washed away some of the snow cover in parts of New England early today.

A wide variety of weather conditions—none of them good—provided different problems, depending on which part of the six-state region was discussed.

Up to five inches of snow fell in northern New England, which also was plagued in some spots by the freezing rain, sleet and wet snow that harassed southern New England.

The forecast for tonight indicated that the storm will have cleared New England by tonight, except for far northern Maine. Fair, seasonable mild weather is expected to follow in the wake of the storm now located over the Canadian maritime provinces.

Sleet and freezing rain through central and inland southern New England probably will continue through tonight.

(See Page Twelve)

Makarios Seeks End To Cyprus Treaties; Turk Action Feared

NICOSIA, Cyprus (AP)—British Commonwealth Secretary Duncan Sandys made repeated calls on President Makarios of Cyprus today in the wake of Makarios' announcement that he intends to call for abrogation of treaties linking Cyprus with Britain, Greece and Turkey.

In Athens, the Greek Cabinet met on the continuing crisis in this island nation and asked for an extraordinary and immediate meeting of the North Atlantic Treaty Organization council in Paris. The feuding parties on Cyprus are Greek-speaking and Turkish-speaking Cypriots and both Greece and Turkey are members of NATO, as is Britain.

In London, Prime Minister Sir Alec Douglas-Home summoned the British Cabinet for an extraordinary session Friday just after he hears a report from Sandys on his return from Nicosia.

As the diplomatic maneuvering continued, a cease-fire continued in Nicosia for the fourth day without renewed fighting. There were reports of isolated incidents in the countryside and at some other towns, however.

The British War Office announced that nearly 1,000 more British paratroopers will be flown to Cyprus within the next 24 hours. This is in addition to 600 troops airlifted to the island Wednesday night.

A spokesman said military technicians were on short alert to be flown to Nicosia to take over operation of public utilities if Cyprus' Communist-dominated trade unions create labor difficulties.

Charging Turkey with "aggressive actions" in the communal strife between Greek and Turkish Cypriots, Makarios announced Wednesday night he would seek to dissolve agreements under which Britain, Greece and Turkey guarantee Cyprus' sovereignty.

Earlier, Makarios said he would tear up the agreements. But after Britain challenged his right to act alone, he said he would "secure the termination of these treaties by appropriate means," meaning by negotiation.

The diplomatic exchanges came amid fresh violence. Three monks were killed and another three wounded in a raid Wednesday on the Greek Orthodox monastery of Galatofourou, 25 miles southwest of Nicosia. Survivors said five or six Turkish Cypriots made the raid.

Britain now acting as peace-maker and policeman for its former colony, feared new reprisals by Turkish Cypriots if Makarios upsets the delicately arranged treaties without consultation with all sides.

In Turkey's capital, Ankara, a foreign ministry spokesman said his government stood by the treaties and promised, "We will take every measure for their literal application."

Under the 1960 treaties Britain, Greece and Turkey promised to act together or singly to prevent partition or annexation of the eastern Mediterranean island. This pledge was designed to block both the campaign of Greek Cypriots, who make up 80 per cent of the population of 877,000, for union with

Johnson Favors Peace Offensive

JOHNSON CITY, Tex. (AP)—President Johnson is said to favor an unrelenting peace offensive in 1964.

A White House source reported that Johnson is determined to seek new breakthroughs on peace and does not think the United States can or should wait until after the November presidential balloting before pressing ahead in this area.

The source made available a summary of what were described as Johnson's views on a broad range of topics. Some of the material was provided on condition it not be made public until today.

Among key attitudes attributed to Johnson were these: "The President plans to propose a comprehensive housing program and will discuss this today at his ranch home with Robert C. Weaver, administrator of the House and Home Finance Agency."

Johnson expects Congress to pass a civil rights bill this year, as well as an \$11-billion tax cut. He also would like to see passage of a program to provide medical insurance for the elderly.

Government officials will be expected to work hard and avoid the cocktail party circuit. Johnson is pleased with the results of his economy-in-government drive and believes the stage is set for further savings in the budget that will go to Congress in January 1965. He believes fiscal prudence is in the informant's words, "No longer a rich man's issue."

The President has profound respect for Secretary of Defense Robert S. McNamara and, as it was phrased, "he has found the myth of McNamara to be true." Johnson also is greatly impressed by Gen. Maxwell Taylor, chairman of the Joint Chiefs of Staff.

Earlier Wednesday Johnson told Soviet Premier Khrushchev

(See Page Five)

Nikita Sends L B J Message

WASHINGTON (AP)—Soviet Premier Khrushchev sent a personal message to President Johnson today in the midst of increasing talk on both sides of the East-West conflict about an easing of cold war tensions during the new year.

Soviet Ambassador Anatoly F. Dobrynin met with Secretary of State Dean Rusk for 15 minutes.

"I delivered a personal message from the chairman to the President," he told newsmen. He declined to discuss the contents, other than to indicate that the nature of the message would be made known shortly.

A report from London said the Soviet government was delivering notes in several Western capitals dealing with the need for peaceful settlement of territorial disputes.

The London report said the peace notes were about 21 pages long. Dobrynin said the message he delivered to Rusk was about 20 pages long.

State Department sources said the Khrushchev message to Johnson apparently was the

(See Page Ten)

Pope's Schedule Announced For Holy Land Pilgrimage

AMMAN, Jordan (AP)—The schedule for Pope Paul's pilgrimage in the Holy Land has been announced in Amman. (All times are local, approximate and seven hours ahead of Eastern Standard Time.)

An escort of Jordanian jet fighters, papal planes will meet the Pope's plane as it enters Jordan air space and escort it to Amman Airport.

As the pontiff's plane touches the ground about 1 p.m., a 21-gun salute will greet the head of the Vatican State. King Hussein will greet the Pope as he leaves the aircraft, and a group of Jordanian children will give the visitor an olive branch and a bouquet as swarms of white pigeons are freed.

Hussein then will introduce Premier Hussein Ben Nasser, Patriarch Cevanus Sedoras of Alexandria, Patriarch Maximus Sagh of Antioch, Patriarch Boulos Maaouchi of the Maronites, Patriarch Alberto Gori of Jerusalem, Patriarch Stephanos Shekhou of Babylon, the patriarch of Armenian Catholics in Lebanon, Loula Battanian, and other dignitaries.

The Pope will introduce the cardinals accompanying him. The king will accompany the Pope to a special royal pavilion where cardinals will greet him according to protocol. King Hussein will deliver a speech of welcome and the Pope will reply. The king then will escort the Pope to his car. The Pope's motor cavalcade will leave for the Jordanian sector of Jerusalem while the king returns to his palace.

The Pope will be met at Prince Abdullah Bridge at 2:30

(See Page Eleven)

Bulletins Culled from AP Wires

ASSASSIN FAILS

LONDON (AP)—The office of the Ghana high commissioner said today an unsuccessful attempt was made by a gunman to assassinate President Kwame Nkrumah.

The announcement said the assailant fired five shots at Nkrumah as he was leaving his official residence in Accra, to enter his car—and missed with all of them. The commissioner's office said one of the 54-year-old president's security guards was wounded fatally.

POSTAL WORKERS OUT

JOHNSON CITY, Tex. (AP)—President Johnson got a pledge from Postmaster General John A. Gronouski today that the postal payroll will be cut by 5,000 workers within the next six months.

Gronouski, after a meeting with Johnson, told a news conference that this and other moves, including a proposed \$77-million hike in parcel post rates, will result in a cut of \$100 million in the annual postal deficit. He said the economies may require some reduction of postal service, but they would not be significant. He has ordered a reduction by June 30 of 5,000 postal workers—a move that some who quit or retire will not be replaced.

NURSING HOME FIRE

COLUMBIA, Miss. (AP)—Fire swept through a nursing home in this small south Mississippi town early today, killing three of the 17 occupants.

The blaze destroyed the one-story frame building in one hour. The fire started in a day room.

From Your Neighbor's Kitchen

By DORIS BELTING

"Once you have made sour cream apple pie," Mrs. Walter Kilpatrick of 11, 80, Bolton, "your family will insist that you serve it often." She has also included a recipe for Soft Sugar Cookies, which, she says, "is the spot for school lunches, at the school luncheon, and snacks anytime of the day or evening."

Sour Cream Apple Pie

1 cup sour cream
1 tablespoon flour
1/2 cup sugar
1/2 teaspoon salt
1 teaspoon vanilla
1 egg
1 cup tart apples diced
1/2 cup flour
1/2 cup brown sugar
1/2 cup butter

Roll out pastry for a nine-inch pie shell. Rub the edges and set aside. Beat together sour cream, flour, sugar, salt, vanilla and egg. Stir in apples. Mix well and place in pie shell. Bake in 400 degree oven for 25 minutes. Combine brown sugar, flour and butter. Rub into mixture. Turn on top of pie and bake an additional 20 minutes.

This pie is good served warm or cold.

Kilpatrick has given a recipe of her own "Instant Pie Crust Mix," which she says she makes up weekly in advance and uses as needed. She stores it in a covered container in the refrigerator.

Instant Pie Crust Mix

1 pound pure lard
1/2 cup all-purpose flour
1/2 teaspoon salt
1/2 cup butter
1/2 cup flour and salt into bowl. Cut in lard with mixture in the consistency of corn meal or small peas. Store in cool place.

The following measurements for using the pastry mix were included with the recipe: For an eight-inch pie, one and one-quarter cups of mix with one to two tablespoons water for a single crust pie shell, and two cups of mix with two to three tablespoons water for a two-crust pie.

For a nine-inch pie, one and one-half cups mix with two to three tablespoons water for a single crust, and two and one-half cups of mix with three to four tablespoons water for a two-crust pie.

Soft Sugar Cookies

1/2 cup butter or margarine
1/2 cup sugar
1 egg
1/2 teaspoon vanilla
1/2 cup sifted unbleached flour
1/2 teaspoon salt
1/2 teaspoon baking powder
1/2 teaspoon baking soda
1 cup dairy cream
1/2 cup granulated sugar

Cream butter to consistency. Incorporate sugar gradually, while continuing to cream. Add eggs one at a time, beating well after each addition. Add vanilla. Beat until

MRS. WALTER KILPATRICK

Bolton TPC Suggests Shifting Road At Town Hub

Three members of Bolton Grange attended a meeting of the town planning commission recently to discuss the road shift out at the grange on Bolton Center Rd.

The Grange has entered a national contest with a two-year project to beautify the town. The TPC's interest is in traffic circulation around the area.

In a letter to the Grange dated Dec. 3 the TPC stated that the planning commission has been concerned about the conditions at the center—the dangerous traffic situation and the lack of parking facilities.

Bolton Center Rd. curves sharply in front of the Congregational Church, creating possibly hazardous traffic conditions on Sundays and when cars are discharging and picking up kindergarten pupils.

The church is located in the basement of the church.

James Hassett, chairman of the TPC, said that other people have voiced concern about the poor road layout. One possibility discussed by the commission was to bring the center rd. straight out to Hebron Rd., thereby eliminating the curve and incidently changing the shape of the green.

In other business at the TPC meeting, a preliminary subdivision plan was filed by CH-

Parade Leaves Scent of Roses

PARADENA, Calif. (AP)—The scent of roses lingered over Pasadena today from the mildness of blossoms that greeted floats in the annual New Year's Day Tournament of Roses Parade.

The flower-decorated floats, marching bands and horses in gleaming trappings drew more than 1.5 million persons to the city.

Former President and Mrs. Dwight D. Eisenhower were in the lead in a gleaming white float and a special guest at the Rose Bowl football game afterward.

Temperatures soared into the 80's under sunny skies.

Special guests included Lt. Col. John H. Glenn Jr. and his family, Chief Justice Earl Warren and Senate Democratic Leader Mike Mansfield of Montana.

Just before parade time, a crowd of 80 shirtless horsemen surrounded Eisenhower's car. Tournament officials said it was at the request of the Secret Service. As the parade began, the horsemen fell back into position behind the car.

Columbia Hockey Game Set Saturday

The Willamette hockey team, which has many Columbia men as members, will play its first game on the new rink at Legion Park on Saturday night, 8 p.m.

The team plays 10 months of the year although the roster often changes with new members replacing those who cannot play the whole season. During part of the year, students from the University of Connecticut play as often as possible in order to get in the practice time.

There is no risk at the university, although that situation will be remedied by next year.

There will be a practice game tonight at 8 p.m. at Legion School in Windsor. There is an outdoor rink there with artificial ice.

Members of the team include: Brock Brown of Storrs in the team's manager and Jerry Dunack of Columbia is captain. Other members of the team include a brother set in show business. They are: Alvin, Ronald and James Cobb, William, David and Thomas Card, Don, Scott, Dumack, all of Columbia; Mike, Dallas and William Dunack; Leslie Billings, all of Andover; Raymond Cotte, Ronald Cingras of Mansfield; Ray Dumack, Willamette; Russ Janssen, Storrs and Roger Noel, West Hartford.

Last year, the team often played the Coast Guard Academy team. Jerry Dumack is starting a junior league for boys not over 18 which will be known as the Columbia Junior Hockey Club. Those interested may call Dumack.

Fennema Meets

The Manchester Grange will be host to the Central Vermont Grange Saturday at Yeoman's Hall at 8 p.m. Frank Ruff, master of the Hills town Grange, will preside. Mrs. Kenneth Foster of Hebron, is the lecturer and the program will deal with legislation. Harold Evans of Columbia is the guest-keeper.

Address Up

If you're planning to go to Yeoman's Hall Jan. 7, better bring along that well-known cure for make bits because the place will be crawling—with snakes. You might even get to see Cleopatra's asp—or something like it.

Seriously, the "snake fest" is being planned to entertain Troop 62 and 162 of Columbia and Troop 33 of Willamette. Ronald Koonen, superintendent of animal care at the University of Connecticut, and Alan Squire, undergraduate in zoology at the university, will speak on "Snakes, as Found in

Rockefellers Get Congratulations

(Continued from Page One)

announced candidate for the nomination. However, Sen. Barry Goldwater of Arizona says he will announce Friday whether he will seek it.

Rockefeller and his wife received about 1,400 visitors at the annual open house at the executive mansion Wednesday.

The Rockefellers, who announced Tuesday that Mrs. Rockefeller is expecting a baby,

in June, stood more than two hours in the receiving line, greeting visitors who had lined up in snow and a mixture of sleet and freezing rain.

Mrs. Rockefeller laughed delightedly when 6-year-old Richard Sheer of Albany told her, "Happy New Year and I hope you have a nice baby."

Mrs. Rockefeller, 51, in gray beige suit, beamed as her husband held 3-year-old Michael Labanowski, who had been excited by the line by his father, Sylvester Labanowski, 7, of Troy.

"It's real good to hold a baby," Rockefeller said.

The expected baby will be the fifth child for Mrs. Rockefeller. She has four by her first husband, Dr. James Murphy, whom she divorced last April. The oldest is 12 and the youngest 3. She and the governor were married last May 4.

Rockefeller and his first wife, Mary Toxhunter Clark, were divorced in March 1962. They had five children, four of whom survive. All are married.

Rockefeller said Wednesday he had no intention of making a nationwide television and radio appearance to discuss his decision to run for the White House.

Replying to a reporter's question, he decided a Washington Post story that he would make such an appearance later this month. The newspaper quoted Rockefeller supporters as saying the governor felt he had "nothing to lose and everything to gain" by taking the matter directly to the people.

Had the Wrong Feel

Rockville-Vernon Citizens' Unit Slates Probe Of Schools

Vernon's public schools will be the subject of an intensive study by a citizens' committee to be organized Wednesday night at a meeting in the Public Safety Building on West Rd.

Mercury Up After Storm

Mercury rose to 40 degrees after a storm which brought a heavy snowfall to the area. The temperature was 32 degrees at 10 a.m.

Hospital Notes

Patients Today: 301. Admitted Today: Mrs. Helen Baker, 69, 8 Hawthorne St., Vernon; Mrs. Marion Robinson, 100 Sherman St., Vernon; Mrs. William Neville, 145 Adams St., Vernon; Mrs. Ellen Daley, 41 One St., Williamstown, 78 Wedgewood Dr., Vernon.

Johnson Favors Peace Offensive

Johnson favors a peace offensive, according to a statement issued by his office. He believes that today's hard line on communism should be an unrelenting peace offensive.

Cost Figured For Sidewalk

The town directors approve a proposed sidewalk construction project for the south side of E. Middle Tpk. between Parker St. and Coburn Rd.

Heads Masons

Charles F. Harvey of Toland will be installed as worshipful master of Fayette Lodge of Masons Jan. 11 at the Masonic Temple, Orchard St., Ellington.

RHA Signs Federal Contract

Emil Kroymann, seated at left, chairman of the Rockville Housing Authority (RHA), and Roy C. Conroy, president of Conroy Construction Co., contractors for housing for the elderly.

Budget Talks Start Today

The first in a series of public workshop sessions on the superintendent of schools' budget will be held tonight at 7 p.m. in the board of education meeting room at Bannet Junior High School, 1148 Main St.

Hebron Six Towns Aid In Fighting Fire

The Hebron and Amston fire companies were aided by those of Colchester, Lebanon, Marlborough, Bolton, Andover and Columbia in fighting the fire which destroyed the service station and garage owned and operated by F. John Perham in Amston late Sunday evening.

Perham, formerly of Hebron, had operated the service station for going on two years. He was acting postmaster in Amston for some time but was succeeded by Warren national following the 1962 national election. By Monday, however, arrangements had been made to set up a trailer, and Perham is going on, pumping gas.

The loss is partially covered by insurance.

Entertainment Series, Regional District 8 PTSA and the Rham Educational Association are sponsoring an adult evening entertainment series beginning this month.

Five programs are announced. A film, "The Silent World of Jacques Cousteau," will be presented on Jan. 20. On Feb. 22 a play, "The Day After Tomorrow," will be shown, to be followed by a film, "The Mouse That Roared," on March 21. On April 25 there will be an evening of entertainment, the program for which will be announced. The last of the series will be presented on May 23. "The Rhythm of Regional 8."

The series will be held in Rham High's Little Theater at 8 p.m. all productions. Tickets are to be sold for the entire series only, that is to say

no one particular film can be selected and the others discarded.

Congressionalists attending church Sunday were greeted at the door by Mr. and Mrs. Ronald Baglio. This pleasant custom is being adopted by the two churches of the denomination.

Mr. and Mrs. Albert W. Hilling report that they didn't have as large a holiday party as usual this year—only 10, but that is quite a table full, just the family and connections. Mr. and Mrs. Winthrop Hidding and children are still in Oklahoma, where Winthrop is taking an advanced study course. During their absence, an English family occupies their store home.

Manchester Evening Herald
Susan B. Pendleton, telephone 228-2464.

Wyman Winner Of Train Race

Henry Wyman Jr., 9-year-old son of Mr. and Mrs. Henry Wyman of 101 Eldridge St. is the town's new model train champion, following Monday's contest at the West Side Recreation Center.

The youth's Lionel "O" train, directed by runner-up Ralph Lewkowicz's Flying "O" on the third of five laps and held on to a tight lead. Both boys had to eliminate three contestants to reach the finals in the contest.

Only 11 model train races registered this year, but over 100 fans watched the locomotive race. In a special father's race, William Robinson stayed a caboose ahead of Michael Foglio to take the event.

Events In Nation

WASHINGTON (AP)—In the nation's Washington, D.C., **FREE SCHOOLS**: A commission of leading educators has recommended that two years of college should be available free of cost to call high school graduates.

Unless opportunity for education beyond the high school can be made available to all then the nation's promise of individual dignity and freedom cannot be extended to all. The Education Policy Commission said in a statement Wednesday.

It emphasized that the two years should be directed primarily at intellectual growth, not vocational or technological training.

The commission is sponsored by the National Education Association and the American Association of School Administrators, and has a membership of 20 leading educators.

REFUGEES RESCUED: The Coast Guard reports it rescued almost 1,000 Cuban refugees in 1963.

The Coast Guard, also assigned the task of preventing hit-and-run raids on Cuba by exiles, picked up more than 100 refugees along the route from Cuba, but were picked up from small boats.

Admiral E. J. Roland, Coast Guard commander, said in his year-end report Wednesday that in addition to the refugees rescued, the service answered 17,230 calls for assistance and saved 1,800 persons in 1963.

FARM POVERTY: Secretary of Agriculture Orville L. Freeman says rural America is facing serious problems of low farm income and deep poverty. He says the problems, Freeman says, affect 10 million persons in the nation's rural areas.

The secretary said in a New Year's statement that he is particularly concerned with the prospects of a drop in farm income over the next several years. He says that Congress would enact legislation to better the market, price and income for producers of wheat, cotton and dairy products.

"The American farmer is deserving of a better shake in the economy — especially in view of his unparalleled success in providing for the needs of his fellow Americans as well as for millions of other people around the world," said Freeman.

FOREIGN AID: Foreign aid officials believe they still have enough money for an economic recovery program nearly the size of last year's despite Congress \$1.5 billion slash in new funds.

The funds available for overseas arms aid are down sharply from 1963 and the over-all money total for the current 12 months is \$1.1 billion less than officials wanted.

But what will ease the strain is the large carryover from money voted in past years.

Officials of the Agency for International Development reported Wednesday that \$669,676,000 is available from previously voted funds that were never committed or that have been recovered from unfulfilled projects.

ARE YOU in or out of HOT WATER?

Just 9 1/2¢ a day for fuel can get you out of trouble!

If you live in a typical home, you could easily run out of hot water several times a week.

Now you can have all the hot water you need at one time for only 9 1/2¢ a day. Think of it—only 9 1/2¢ a day!

Yes, thanks to Mobilheat and an in-drum hot water heater of correct capacity—your family can take care of all their washing needs at one time.

Most can do the family wash. He can do the dishes at the same time Junior takes his bath, and you enjoy a shower.

Don't delay—phone us today. Find out how easy it is to switch to a Mobilheat hot water heater.

*Average family of four.
