Party Wins London Control Labor Sees Fall Victory, Touts British County Vote

LONDON (AP) — Britain's Labor party chalked up important gains in 22 county elections and painted bright their chances of wresting power from the Conservatives in national elections this fall.

Returns from Thursday's elections showed the Labor party won control of the 100-seat Greater London Council, the capital's governing body. Labor had won 53 seats and Conservatives 21 with results of 26 seats still to come.

Labor party members were saying the results were an indication of what is to come when the national elections are held six months hence.

Labor also turned in an impressive performance in 21 counties outside of London, capturing marginal Lancashire, often a barometer of the nation's mood, and Northumberland, another key area.

George Brown, Deputy Labor party leader, commented:

"These gains are going to represent a parliamentary swing over, almost a landslide, in the next House of Commons."

At this voting rate, he added, Labor would win a majority of 80 in the next House of Commons.

The results buoyed Labor's national hopes after its disappointing loss in the Conservative Prime Minister Sir Alec Douglas-Home's announcement Thursday night that he would defer parliamentary elections until fall.

But Harold Wilson, Labor party leader, said a fall date would only mean a Labor victory in October rather than in June. He accused Douglas-Home of running away from his responsibility for fear of certain defeat.

Since the House of Commons has a maximum life of five years, the prime minister is not required to ask Queen Elizabeth II to dissolve it until Oct. 19, which would make the election date Nov. 5.

Events In State State Surplus Set At \$18.3 Million

HARTFORD (AP) — State Comptroller Raymond S. Thatcher today predicted the state will wind up with a general fund surplus of \$17.3 million higher than estimated a month ago.

In his latest financial report, Thatcher envisioned a surplus of \$18.3 million as compared with the \$1 million surplus estimated in last month's report.

He said the forecast of a bright fiscal picture was based on the outlook of "continued good economy."

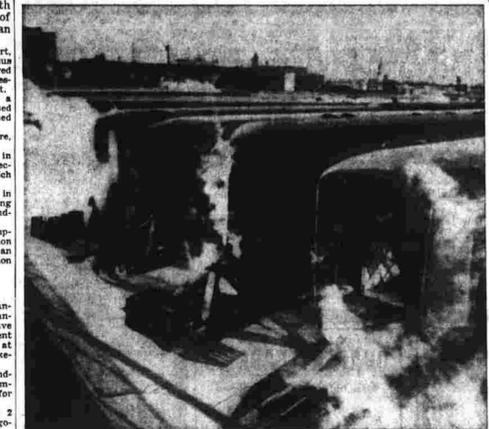

The revised surplus picture, Thatcher said, indicates:

A \$15.3 million increase in revenue estimates for the second year of the biennium, which ends June 30, 1965.

An increase of \$2 million in lapsed appropriations resulting from "tight controls over spending."

The Democratic state comptroller forecast the \$15.3 million in additional revenue despite an estimated loss of \$2.3 million in the cigarette tax.

President's Appeal Delays Rail Strike

They're ready to roll. Steam pours from these New Haven Railroad cars in the Boston yards after announcement that national rail strike to begin at midnight today would be postponed 15 days. (AP Photo/Staff)

Talks Reopen Under Limit Of 15 Days

WASHINGTON (AP) — President Johnson warned today that the railroad work rules dispute is a crucial test of whether collective bargaining can solve major labor disputes in America.

Johnson, who won a 15-day delay in a nationwide rail strike, said the railroad work rules dispute is a crucial test of whether collective bargaining can solve major labor disputes in America.

Johnson, who won a 15-day delay in a nationwide rail strike, said the railroad work rules dispute is a crucial test of whether collective bargaining can solve major labor disputes in America.

Negress Senator Grazed by Bullets

BALTIMORE, Md. (AP) — A gunman fired four or five shots at Verda Welcome, only Negro member of the Maryland Senate, as she stepped from her car at her home early today.

She was slightly injured when two of the bullets grazed her lower back and left heel as she stepped from her car at her home.

"I'm just so stunned I don't know what to say," Mrs. Welcome said after being treated by her husband, Dr. Henry C. Welcome, at their home.

"Why, I don't know," she said. "It's just a miracle that the bullets just grazed me."

"I'm shocked," her husband said. "I haven't even got myself together enough to even think what it might be."

Mrs. Welcome, who first introduced a public accommodations bill in the Maryland House of Delegates in 1959, was returning from a testimonial dinner at a downtown hotel.

"I had noticed some posters in the back seat and was leaning over, putting them in the front seat when I heard a shot and the left rear window shattered," she said.

"Then the right rear window shattered, but I thought I was just caught in the middle of something going on in the street."

"When I heard the third shot, I realized something had struck me. I started screaming and fell on the seat, but it only stung and I thought I had been hit by some of the glass."

The fourth or fifth shot went through her shoe and grazed her heel.

Dr. Welcome had attended another function at the same hotel and had arrived home only about 15 minutes earlier. He rushed out at the sound of shots, but saw no one.

Police said five cartridges and five slugs from a .32 caliber automatic weapon were found. Police said the location of the cartridges indicated the gunman was stationary. They said the shots could have been fired from a parked car or a tree.

MRS. VERDA WELCOME

Reds Restrict 4 Americans

MOSCOW (AP) — The Soviet government has accused four members of the U.S. embassy of improper activities amounting to espionage but hasn't expelled them from the Soviet Union.

Instead the Soviets barred the quartet from traveling in the U.S.S.R. outside Moscow for 30 days. There was no indication why they were not expelled the usual penalty.

The U.S. Embassy said the senior British air attaché in Moscow, Air Commodore A. J. Davis, was involved in one of the incidents with the Americans.

The British Embassy refused to confirm or deny this or to say whether he also had been restricted to Moscow.

The U.S. Embassy said the Soviets rigged incidents to make the Americans look like spies.

An embassy spokesman, confirming the travel ban today after news of it leaked out, said the order by Judge Joseph E. Stinson had lodged protests with the Soviets and denied the Americans were engaged in any misconduct or spying.

The spokesman said the Soviets rejected Stinson's request to lift the travel ban, which does not forbid the men leaving the country.

Military Purging Brazilian Leftists

BRASILIA, Brazil (AP) — At least two Brazilian congressmen were under arrest today and dozens of others were on the wanted list as Brazil's revolutionary military leaders by-passed Congress to press a national round-up of leftwingers.

At least 40 congressmen were sought on suspicion of subversion in the military's sweeping purge of leftwing extremists and supporters of ousted President Joao Goulart.

Brazil's military ministers announced anti-subversion measures in Rio de Janeiro Thursday night, making military chiefs to

'Beast' Roams Hopkins Lab

BALTIMORE (AP) — An automaton that roams halls and offices is giving the jitters to scientists at the Johns Hopkins University applied physics laboratory.

The 100-pound robot, dubbed the Beast, sends staff members scurrying to slam their doors when they hear its buzzing approach lest it pop into their offices.

The robot, which looks like a huge hatbox on wheels, is the only one in the world that can survive in a natural environment—in this case a maze of corridors and offices at the laboratory.

Hopkins scientists have given the Beast a computer brain and an electrical sense of touch that enables it to replenish its energy and cope with obstacles.

When its 12 silver cadmium batteries start to run down, the Beast feels its way along a corridor until it finds an electrical outlet. Microswitch fingers at the end of its arm can sense the contours of a regular electrical socket. The airport, to copy

NHHR Rolls Again; Early Runs Stopped

NEW HAVEN (AP) — The New Haven Railroad, all ready to shut down for a threatened nationwide strike, had to cancel a few early morning runs but promised that there would be "no problems for commuters" today.

About a dozen trains were canceled, including the mid-night train from New Haven to Springfield, Mass., and the 12:48 a.m. run from New Haven to Boston.

Everything was supposed to be back in full swing by 2 a.m., according to a spokesman for the railroad.

The 15-day delay negotiated by President Johnson was announced to late last night for the New Haven to avoid curtailment of freight and passenger service, the spokesman said.

The railroad, on which thousands of railroad County residents depend, is expected to be back in full swing by 2 a.m.

Court Trial Slated In Death of Child

Trial will start Thursday in Tolland County Superior Court for Mrs. Nora B. Rogers, charged with one count of manslaughter in the death of one of four of her children.

A coroner's finding released today by Tolland County Coroner Bernard J. Ackerman found that Mrs. Rogers was criminally responsible for the deaths of three of the children which he investigated.

State Attorney Joel H. Reed II requested the trial date today from Judge William P. Barber at Tolland County Superior Court. The trial will be held without a jury, before Judge Barber. Mrs. Rogers will be defended by Allyn Robert Pigeon, Tolland County Public Defender.

In the finding the coroner said "there is a definite premeditated and planned death" of the child.

The coroner found Mrs. Rogers' criminal acts were "motivated by her inability to cope with her problems" and that she "consciously schemed to cover up said homicide by making them appear as accidental deaths."

The children for whose deaths Mrs. Rogers was held responsible by the coroner were Theresa, four months, who died April 27, 1957, at her home here; Michael Stephen, seven months, who died at Hartford Hospital Sept. 28, 1958, and Barbara Ann, seven months, who died Jan. 28, 1960, at Rock Hill Hospital.

Mrs. Rogers was arrested by State Police Jan. 30 and charged with one count of manslaughter in the death of Barbara Ann. She pleaded innocent, but has been confined in the Hartford House of Correction.

Not a Frying Pan, Nor Guitars, Nor Soft-Shell Clam

It's a seagull's view of a covefford in middle of New Bedford, Mass., Harbor. Cranes and bulldozers are scooping out tons of muck to reach the rock bottom. When they finish, mammoth gates of a hurricane dike will be built. (AP Photo/Staff)

Indonesia sends some of its best troops to risk island of Celebes to try to track down rebellious communist and fanatic Moslem leaders. . . Damage from disastrous earthquake that hit Alaska two weeks ago today has been estimated at nearly \$300 million in Anchorage area alone.

Chancellor Ludwig Erhard's government rejects Soviet charge that West Germany is following policy that could produce a new Hitler and lead the world to nuclear war. . . Nineteen Asian and African nations assemble in Indonesia at that nation's request to decide whether to hold a second Africa-Asian conference.

An Italian government commission concludes two-year debate on plan to give more autonomy to largely German speaking population of South Tyrol. . . Tanganyikan welcome Nigerian troops to Dar Es Salaam to take over police duties from British.

Illinois Central Railroad resumes operations after two-day strike of 1,500 train crew employees over work rules. . . Lag of Army units sent to Germany in 1961, Berlin crisis buildup return to United States.

Judge Joe E. Brown has until April 30 to call public hearing on merits for new trial until April 30 for condemned slayer Jack Ruby.

Politicians, Editors Polled Wallace's North Vote Gets South Applause

By DON MCKEE

ATLANTA, Ga. (AP) — Relating the role of interested politicians, Southern generally applauded the vote polled by Gov. George C. Wallace of Alabama in his Wisconsin political campaign.

Reaction was varied. Comments from about 35 political leaders and newspaper editors in an Associated Press survey included:

"A wild goose chase."

"A political revolution."

"A reaction to Negro militancy."

But most of the spokesmen viewed Wallace's showing as an indication of widespread opposition to the civil rights bill. Wallace got nearly 5 per cent of the presidential primary vote in a race with Gov. John W. Reynolds of Wisconsin, who carried the banner for President Johnson.

On his return to Montgomery, Wallace said the vote was "for the people of Alabama and the country who stand up for constitutional government throughout the country."

He did not say anything directly about racial issues which catapulted him into the national spotlight with his doorway stand

Bulletins Culled from AP Wires

SELLERS IMPROVING
HOLLYWOOD (AP) — Peter Sellers may be taken off the critical list at Cedars of Lebanon Hospital today if his condition continues to improve. He is spending much of his time amusing an 8-year-old heart patient.

NEGRO SOUGHT
BALTIMORE (AP) — Police began a citywide hunt today for a hidden gunman who wounded Verda Welcome, the only Negro in the Maryland Senate. Police broadcast a description of a young Negro who tried to break into Mrs. Welcome's home March 27 while she was there. The 35-year-old state senator was grazed early today by two of five shots that crashed through her car as she was leaving her home. Mrs. Welcome said she knew of no reason for the shooting. "I'd rather feel it's just a crank," she said. The police description said the hunted man is in his mid-30s, slightly built and has a reddish tint to his close-cropped hair.

U.S. TO RETALIATE
WASHINGTON (AP) — Officials said today that retaliation action will be taken against the Soviet Union for the travel limitations imposed on four members of the U.S. Embassy staff in Moscow. The action will be taken by the Defense Department and presumably will mean restrictions on Soviet military personnel assigned to the embassy in Washington.

Mrs. Neville Will Speak At Library

Next week in National Library Week and libraries all over the country will no doubt have special events to mark the occasion. But in a special case that few will have a celebration as unique as the one planned at Mary Cheney Library.

This Saturday, in advance of Library Week, the daughter of the late Mr. and Mrs. Howell Cheney of the family for which the library is named.

Her talk, "Growing Up—Country Style and City Style" will be given in the Junior Room at 10:45 a.m. and is open to the public. The speaker will be accompanied by an adult.

It is expected that Mrs. Neville's topic will relate to her first novel, "The Little Cat," which has won the 1964 Newbery Medal, given annually by the American Library Association for "the most distinguished contribution to American literature for children."

The book tells the story of Dave Mitchell, a 14-year-old boy who lives in the Cranmer Park area of New York City and describes his adventures with Cat, his encounters with some of New York's eccentric characters, and his journey to adulthood.

Cranmer Park is where Mrs. Neville lives with her husband, Glen Neville, and their five children. It is also where the Neville cat, Midnight, lives. The inspiration for the novel) roamed for eight years as Mayor of Cranmer Park," as Mrs. Neville explains on the dedication page of the book.

A former copy girl and reporter for New York's papers, Mrs. Neville has written children's stories for many years, but this is her first book about and for teen-agers.

"To have a Newbery Medal winner speak in Manchester is an honor. That the winner was born in Manchester should be a matter of great local pride," commented Miss Anna French, head librarian at Mary Cheney. "It is unusual to receive the medal for a first book, and in library circles the award is a matter of great importance," she added.

"We are thrilled that Mrs. Neville can be with us on Saturday and we look for a capacity audience," Miss French said.

Stop Reading Word by Word Some Notes on Taking Notes

By The Reading Laboratory, Inc. Written for NEA

Time your reading of this column and compare your speed with that indicated at the end. The expected speed is about five per cent improvement.

Each student has his own system for taking notes from reading. Now there is a really loose statement! System implies intelligent planning and ordering, so let's rather say that each student takes notes and most need a system. We'll answer three questions here: when to take notes, why take notes, how to take notes.

WHEN SHOULD YOU TAKE NOTES? During thorough reading. In a certain sense you are always taking notes. The form that they take, however, varies. They may be in the form of a notebook, or they may be in the form of a card, or they may be in the form of a file.

WHY SHOULD YOU TAKE NOTES? To improve your learning during and after reading. To record your own thoughts and reactions. To record the thoughts and reactions of others. To record the thoughts and reactions of the author.

HOW TO TAKE NOTES. First, distinguish the useful from the useless. Then the more important from the less important. Your clear purpose, reading, self-quizzing and skipping and skimming make this simple.

Second, write the note fully enough so you'll understand it a year from now, and write it in ink.

Third, use only one side of the filing card or paper. Further reading will give you additional notes, and you want them in the proper place.

We recommend filing cards for note-taking and notebooks for further reading.

Reds Restrict 4 Americans

(Continued from Page One)

The Americans were two naval attachés, Capt. Stuart Savages of Alma, Kan., and Lt. Leonard Bracken of Philadelphia, Pa., and two air attachés, Lt. Col. Edgar Smith and Capt. Edmund Svetina, both of Dayton, Ohio.

The embassy spokesman said the Soviets accused Savages and Bracken of making illegal photographs and Smith and Svetina of penetrating military territory.

The spokesman said Bracken flew from Moscow to Copenhagen, Denmark, today with a 36-member delegation from the U.S. National War College, which was en route to Moscow. The spokesman said Bracken went for personal reasons and would return in several days.

Rockville-Vernon Official Sees Fire Hazard In Burning by Contractors

A fire menace in rural Vermont is being met by a fire department official who says a fire hazard exists in the burning of old buildings by contractors.

Joseph Duffin, fire department official, said that contractors set fire to brush and other debris, usually at the end of their work day, then leave the brush unattended.

"Their action constitutes a bigger menace than the residents," Duffin said. "Residents are required by law to not only burn trash in a barrel, but the barrel must have a screen over the top."

Duffin said that contractors set fire to brush and other debris, usually at the end of their work day, then leave the brush unattended.

"Their action constitutes a bigger menace than the residents," Duffin said. "Residents are required by law to not only burn trash in a barrel, but the barrel must have a screen over the top."

Bolton Historic Town Documents In Collection at Library

Bolton Public Library will feature a collection of historic town documents and pictures from Bolton, Conn., in a new collection at the library.

The collection, which is the work of Mrs. Frank Barry, an original collector of Bolton documents, includes a variety of historical records, including tax lists, land deeds, and other documents.

The collection is available for viewing at the Bolton Public Library, 111 Main St., Bolton, Conn.

Time Asked For Appeal By Darwin

Attorneys for Roy F. Darwin, convicted of second degree murder in the death of a woman, have asked the court for a stay of execution to allow time for an appeal.

The stay was granted by the court, and Darwin's execution is now scheduled for a later date.

DAILY CROSSWORD PUZZLE

Mysterious crossword puzzle grid with clues

Answer to Previous Puzzle crossword puzzle grid

Sam Huff Traded

WASHINGTON (AP)—The Washington Redskins, signing their second major National Football League deal within 10 days, acquired linebacker Sam Huff from the New York Giants today for two players and a draft choice.

Right Field Line Same As Yankees

KANSAS CITY (AP)—Right field in Kansas City's ball park will soon be a green and yellow near-replica of New York's Yankee Stadium. The next question is what, if anything, can the American League do about it.

Washburn to Minors To Test Ailing Arm

Ray Washburn, whose right arm—when sound—is thought to be big enough to lift St. Louis' pennant, will be sent to the minors for at least the first 21 weeks of the season.

Coach Named

DANBURY (AP)—The Board of Education Thursday announced the appointment of John Hajos, 26, of Orange, as varsity basketball coach at Danbury High School effectively immediately.

East Adds Golf To Sports Slate

Still another varsity sport was added to East Catholic's high school sports slate this year. The golf team will participate in its first formal schedule, opening with a meet at Danbury on April 24.

End of the Line

Dick Sylvester has again won the starting centerfield job with the Turin College varsity. The senior outfielder also lettered last year. The Jumbos won six of their first seven games.

Here 'n There

Stock car racing buffs and there are many in the area judging by the attendance figures released for the first two Saturday night programs at Riverside Park in Agawam, Mass. have found Buddy Krebs driving a Bob Olliver's car No. 10 this past year.

Playing Diamond Altered at Kansas City

WASHINGTON (AP)—The Washington Redskins, signing their second major National Football League deal within 10 days, acquired linebacker Sam Huff from the New York Giants today for two players and a draft choice.

KANSAS CITY (AP)—Right field in Kansas City's ball park will soon be a green and yellow near-replica of New York's Yankee Stadium. The next question is what, if anything, can the American League do about it.

Here are results of the 1964 Mobil Economy Run 45 cars travel coast to coast...3,243 miles!

USAC CERTIFIED RESULTS Official Class Winners. Mileage Results of All Mobil Economy Run Entries. ALL-CAR AVERAGE: 21.77 Miles per Gallon. New results prove mileage potential of Mobil gasoline in cars like yours!

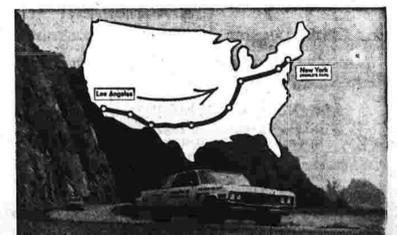

Table with 2 columns: Class and Miles per Gallon. Classes include Small-Engine Compacts, Large-Engine Compacts, Intermediate-Size Cars (6-cyl and 8-cyl), Full-Size Cars (6-cyl and 8-cyl), and Luxury Cars.

Table with 2 columns: Class and Miles per Gallon. Lists specific car models and their mileage results, such as Ford Falcon V4, Oldsmobile F-85 V6, Dodge Dart 170, etc.

This advertisement approved and data certified true by USAC. ALL-CAR AVERAGE: 21.77 Miles per Gallon.

New results prove mileage potential of Mobil gasoline in cars like yours!

First transcontinental Economy Run in history...3,243 grueling miles from Los Angeles to the World's Fair in New York City! The Mobil Economy Run uses cars like yours! Not "factory specials." This year dozens of different American cars were picked at random by United States Auto Club officials from dealer showrooms and factory assembly lines throughout the country.

On roads like you drive Not on a "test track," but on steep mountain roads, on long open spaces, in desert heat, driving rains, through the traffic of city after city—this is the rugged route of the Mobil Economy Run—world's greatest road test of gasoline performance.

All results are certified by the United States Auto Club. No special equipment is permitted...normal highway speeds are maintained... and every car must carry an official USAC observer at all times. But the outstanding results of this year's Economy Run demonstrate more than just the mileage potential for your car. Here's why:

Mileage is the measure of power! The miles per gallon a gasoline gives, shows the power available for other uses—power for quick starts, fast pick-up and for climbing hills. Mobil gasoline proves it has the power available for the all-round performance you want...proves it in public year after year.

Make the most of your car's mileage potential. Get started soon with Mobil—the Economy Run Gasoline. At your friendly Mobil dealer.

Mobil—the Economy Run Gasoline Mobil logo
