

Political Pace Increases: 7 Primaries Tomorrow

WASHINGTON (AP)—Seven primary elections Tuesday touch off one of the most active pre-convention weeks of the political season. Voters in Indiana, Ohio, Oklahoma, Alabama, Florida, New Mexico and the District of Columbia and state conventions in Delaware, Michigan, Alaska, Nevada and Wyoming will: —Express a preference for a presidential nominee. —Choose 139 Republican and 202 Democratic delegates to their party nominating conventions. —Nominate candidates for two governors' mansions, four Senate seats and 63 House seats. —Decide other issues ranging from unpledged presidential electors to a right-to-work labor law. Most of the attention will be on Indiana, where Gov. George C. Wallace of Alabama makes another bid for Northern votes in his campaign against the Johnson administration's civil rights bill. He is opposed in the Democratic presidential preference primary by Indiana Gov. Matthew E. Welsh, a stand-in for President Johnson, and three other candidates. The winner may claim to be first-ballot votes. On the Republican side Sen. Barry Goldwater of Arizona is the odds-on favorite to top a field of four which includes Harold E. Stassen of Philadelphia and two lesser-known candidates. The winner gets Indiana's 22-first-ballot votes at the Republican National Convention. Delegates to both conventions will be chosen next month. Also at stake in Indiana are nominations for 11 House seats. Five incumbents have primary opposition, five don't. Rep. Donald C. Bruce is quitting to seek the Republican Senate nomination at the state convention next month. In other key elections Tuesday, Ohio's Rep. Robert Taft Jr., son of the late Sen. Robert A. Taft, seeks the Republican Senate nomination and former football coach Bud Wilkinson makes his political debut in Oklahoma's Senate Republican nomination race. The 1964 GOP convention delegates to be chosen this week will push the number selected to 652 almost half of the 1,208 authorized. It will take 655 to nominate a candidate. Goldwater, leading with 209 of the 518 chosen according to an Associated Press survey, could pick up more support at the Delaware convention Tuesday and at Republican gatherings in Michigan and Wyoming Friday and Saturday. Delegates to both conventions also will be chosen in the Ohio and District of Columbia Primaries. (See Page Four)

Events In State Cotter Assumes Insurance Post

HARTFORD (AP)—William R. Cotter of Hartford today at 11:30 a.m., was sworn in by Governor Dempsey as the state's new insurance commissioner. The Governor named the 37-year-old Hartford man, who has served as deputy commissioner since December 1957, to succeed the late Commissioner Alfred N. Premo. Cotter started his new duties immediately. His salary will be \$14,850—a boost of \$1,200 over the salary he received as deputy. In announcing the appointment, the Governor said: "Bill Cotter has demonstrated clearly to me his ability to handle this job with diligence and great competence. The new commissioner was graduated from Trinity College in 1940. He served as member of the Hartford City Council from 1955 to 1956 and from 1955 to 1957 was an aide to former Governor A. A. Riscicoff. Cotter is currently treasurer of the Democratic State Central Committee and his term in that post expires June 6. The appointment of Cotter to fill the unexpired term of the late commissioner Premo, extending to March 1, 1967, will require confirmation of each branch of the next regular session of the General Assembly. Cites Rail Plight BRIDGEPORT (AP)—It is entirely possible, that without public participation, the ultimate rail service... throughout southern New England will be exclusively freight. The elimination of all passenger service by the New Haven Railroad is not only "entirely possible" but "at the present juncture almost probable," said Richard Joyce Smith, a trustee of the bankrupt line, today. In a speech prepared for delivery before the greater Bridgeport Chamber of Commerce, Smith said people must recognize that "railroads will never again enjoy the predominant position they had in the early part of this century." Nevertheless, Smith said, the discontinuance of railroad passenger service by the New Haven is "unthinkable." "The movement of large groups of people in and out of urban centers cannot be handled by motor transportation," he declared. "We can't keep duplicating the mistakes of Turnpike, and even if we could, motor bus transportation in the volume required would create crippling congestion of access roads and terminal centers." "The nature of rail service is to provide a load factor, the readiness of people to abandon it temporarily if service or fares displease them. (See Page Eight)

U.S. Destroyer Arrives In Vietnamese Harbor

8 Americans Wounded by Red Grenade

SAIGON, South Viet Nam (AP)—The U.S. destroyer Lyman K. Swenson arrived in Saigon today for what could be an American show of force following the sinking of the aircraft transport Card in the Saigon River. A Navy spokesman said the Swenson was on a routine operational visit. Aboard was Capt. C. C. Hartigan Jr., commander of the 7th Fleet's Destroyer Squadron Nine. The Swenson tied up within sight of the Card, which has been partially refloated since terrorists tore a 28-foot hole in its side with explosives before dawn Saturday. Salvage workers were patching the hole preparatory to pumping out the vessel. Saigon still was tense and on the alert Monday with patrols checking downtown traffic and troops swarming around the dock area. No one was seriously injured aboard the Card but eight Americans and a Vietnamese were wounded when another terrorist tossed a hand grenade into their midst in Saigon Saturday night. Four of the wounded said they wanted to get back to the battle zone as soon as they could. "It's safer there than here in Saigon," said Lt. Hector Dittamo, 22, of West Paterson, N.J., with a wry smile. U.S. Ambassador Henry Cabot Lodge had driven along the Saigon Street Saturday night just 10 minutes before a Viet Cong terrorist on a bicycle lobbed the hand grenade into a group of American servicemen. Pfc. Joseph G. Gustafson, 23, of Bayfield, Wis., said he saw the grenade rolling at them. "I hollered 'Watch it' and started to run. There was a tremendous bang. I kept running. I didn't realize I'd been hit until I looked down and there was blood all over me. "It exploded two feet away from me. I guess it's a miracle I'm still alive," said Spec. 4 (See Page Eight)

Famous Glenn Name Factor in Ohio Vote

COLUMBUS, Ohio (AP)—The Ambassador Henry Cabot Lodge, half a world away in Saigon, South Viet Nam, walked off with the state's 14 delegates in a tremendous write-in surge. The situation in Ohio is comparable only in the fact that Glenn has not been able to campaign because he fell against a habitus in Columbus late in February and developed an inner ear disturbance which he announced would not permit him to run or to accept nomination even if the voters gave it to him. The Ohio voters are going to have their say on several questions. Does a famous name and personality override in the average citizen's mind the service that may have been given to him by a sitting senator? Is there what might be called a therapy vote by those who think it might help Glenn's ear condition if they said they wanted him for their senatorial nominee? (See Page Three)

Chester Said Birmingham Of the North

CHESTER, Pa. (AP)—For five months Negroes in this old industrial city have demonstrated in the streets, protesting that their children attend segregated and unequal schools. "Dozens have been hurt, many heads bloodied, hundreds more jailed. The end is not in sight. Chester is the Birmingham of the North," says James Farmer, national director of the Congress of Racial Equality. "When they block the streets, when they riot instead of march, when they break the law," says Mayor James T. Corbey, a 48-year-old lawyer who took office in the midst of the turmoil. "The law is the same for everybody, and will be administered for everybody," he says. Chester, chartered in 1701 by William Penn, is the oldest city in Pennsylvania. It has 63,000 residents, including 27,000 Negroes. It is 15 miles south of Philadelphia, and a few miles north of the Mason-Dixon line. Demonstrators in Chester also are demanding better jobs and more housing. But it's the noisy, fist-swinging, rock-throwing battle to integrate all the schools—a civil rights issue that faces many other Northern cities—that has filled the jails. This is the question: "Is a neighborhood school a segregated school?" Negroes say de facto segregation is segregation by design; that it means inferior, unequal education. They demand an immediate end to all-Negro schools—four of the 16 here. The school board insists it operates an integrated system. It says any segregation is unintentional, and results because children of one race live in the neighborhood. (See Page Eight)

Lodge Primary Vote A Surprise in Texas

DALLAS, Tex. (AP)—Arizona Sen. Barry Goldwater has received 66.99 per cent of the vote counted through Sunday whirled what he called "the greatest electronic blitz" in political history. It might have been, too. Multihour telecasts on statewide hookups were no novelty to the strenuous campaign mounted by his young opponent, radio executive Gordon McLendon of Dallas. McLendon used television, radio and newspaper advertising in his over-increasing campaign tempo until election day when he cancelled further appearances because of sheer physical exhaustion. Gov. John Connally, former Navy secretary and assistant to President Johnson when he was in the House and Senate, had little trouble in beating Don Yarborough, Houston attorney. When he ran for his first term, Connally barely nosed out Yarborough, no relation to the senator. This time he received 68.99 per cent. (See Page Three)

News Tidbits from the AP Wires

The president's daughter, Luci Johnson, 18, is thinking about entering Marquette University in the fall of 1965, the White House says. Soviet government orders Time magazine to close its office in Moscow and tells its correspondent to leave the country in next few days. The Rev. Clayton K. Hewitt enters his 10th day of fasting in Media, Pa. in protest against imprisonment of civil rights demonstrators at Chester, Pa. This year's extra February day is credited by the Public Health Service for an increase of about 13,000 in the number of babies in February as compared with February 1963. Soviet Premier Khrushchev calls for an end to foreign intervention in Cyprus, saying he is confident the Greek and Turkish communities could find ways to live in peace in an independent Cyprus republic. President Johnson isn't going to let J. Edgar Hoover retire when he reaches 70 next Jan. 1. It is usual mandatory retirement age for government personnel. Congress of Racial Equality says it will stage non-violent demonstrations in Washington to urge support for civil rights bill and would send five delegates to both party national conventions. Civil rights groups pledge to be out in force today to force integration of racially segregated Nashville, Tenn., eating places. Civil rights demonstrators promise to picket General Motors national headquarters in Detroit for alleged discriminatory hiring practices. Many of Sen. Barry Goldwater's views included almost word for word in United States resolution. Unofficial U. S. entry at Cannes Film Festival. "One Potato, Two Potato," has stunning impact on audiences and appears leading contender for best film honors. (See Page Eight)

Tariff Cut Effort Begins for GATT

GENEVA (AP)—President Johnson pledged United States help to bring the Kennedy round of tariff negotiations "to a happy and fruitful conclusion." Former Secretary of State Christian A. Herter, the President's chief trade negotiator, delivered Johnson's message to the formal opening session Monday of the Kennedy round. The session marked the beginning of a marathon tariff cutting effort by the 75 members of the General Agreement on Tariffs and Trade — GATT is expected to continue for at least two years. "Upon the opening of this meeting of the General Agreement on Tariffs and Trade, an important and effective instrument for the expansion of world trade, I should like to send you the best wishes for success from the people of the United States," Johnson said. "Your meetings, universally known as the Kennedy round, exemplify the hope and commitment of our late president to bring together the nations of the world in peaceful pursuit. I believe, as he did, in the necessity of success in your work. "We in the United States look upon these negotiations as an important opening to a better world. If we act together with dedication of purpose, all can gain and none need lose. Not only the major commercial nations, but all the countries of this shrinking world—poor and rich alike—have the right to expect success from our endeavors. "For the United States, I can assure you that we shall spare no effort in seeking to help bring this meeting, and the meetings which will follow, to a happy and fruitful conclusion." Hard bargaining on tariff cuts cannot begin before Sept. 10, authoritative sources said. That is the date when 75 of the nations have tentatively agreed to submit their lists of exceptions—goods and products which they refuse to submit to blanket tariff cuts. (See Page Three)

Danbury Aides Probe Vacant Factory Blaze

DANBURY (AP)—Fire officials begin their attempts today to learn the cause of the spectacular blaze that engulfed a vacant hat factory Saturday night. Fourteen firemen required medical attention after battling the flames that swept John W. Green & Sons, one of Danbury's major independent hat makers. A constant directing traffic at the scene suffered a fatal heart attack. The ruins of the four-story frame and brick structure continued to smolder yesterday as firemen remained at the scene. At one point flames flared again, but were quickly doused. The building, built in the 1890s, was shut down four months ago and was to be razed. Its machinery already had been removed. Fire officials believe the fire had raged unnoticed through the empty building for some time. The entire structure was ablaze by the time the first of nine fire companies arrived at the scene. The heat was so intense it scorched several houses across the street. Fear that the heat might ignite the nearby homes prompted fire officials to order temporary evacuation of several nearby dwellings. Danbury, once known as the center of the American hat industry, has only a few small hat manufacturing operations left. The factory's owners, the Green family, planned to demolish the building and sell the land. Frederick Ellis, a 67-year-old town constable, suffered a fatal heart attack while directing traffic. He was dead on arrival at Danbury Hospital. Injuries to the fourteen firemen ranged from minor cuts and burns to smoke inhalation. A crowd of 2,000 to 3,000 gathered to watch the nine companies, including some volunteers, battle the flames. The blaze spread to a New Haven Railroad roundhouse behind the factory, damaging the roof and a truck parked beside the building. Also damaged were some transformers stored by the Connecticut Light and Power Co. in a lot next to the factory. The blaze knocked out electric power in a one-block area. (See Page Three)

Rockets Believed Gone from Cuba

WASHINGTON (AP)—The belief is current here that the Soviet Union may have pulled its ground-to-air rockets from Cuba, depriving Fidel Castro of the means to blast American planes from the skies over his island. If true, there is less likelihood that the fiery dispute over surveillance flights will erupt in a clash of arms. A Soviet rocket withdrawal would go a long way toward explaining the Red prime minister's May Day assertion that Cuba is alone in her dispute with the United States. Castro has conceded that his armed forces cannot shoot down the high-flying American planes without the Soviet rockets. Thus, when he said on May Day that (See Page Three)

Dominican Strike Threat to Regime

SANTO DOMINGO, Dominican Republic (AP)—A threat to the Dominican Republic's seven-month-old ruling junta appears to be developing from a transport strike which touched off violence in the capital. Military and civilian leaders held separate conferences exploring the situation. Police failed to halt demonstrations Sunday that accompanied the strike of taxi and bus drivers. Urruty crowds burned tires, smashed bottles and dumped garbage in Santo Domingo streets. The government declared the drivers' strike illegal, saying it was politically motivated, and that the union had failed to give written notice stating the date and reasons for a strike. Repeated government radio broadcasts warned the public that a 1962 decree of national emergency still was in effect. The decree authorized deportation of any person endangering (See Page Eight)

Bulletins Culled from AP Wires

NEGRO EJECTED WASHINGTON (AP)—A Negro speaker was ejected from the visitor's gallery today after he arose from his seat to denounce the Senate's handling of the civil rights bill. "How can you say you are for the black man when there are only five senators here and only two carrying on the debate?" he asked. Sen. George A. Smathers, D-Fla., who held the floor at the time, continued his speech against the measure although his words were barely audible in the press gallery. Attendees rushed the Negro from the gallery, Washington Police Capt. James Powell questioned the man briefly and sent him to D.C. General Hospital for what Powell described as "mental observation." Powell identified the man as Kenneth Washington, 28. He said the man said his home is in Passaic, N.J. TO REVIEW RULING WASHINGTON (AP)—The Supreme Court agreed today to review a decision that conscientious objectors need not believe in a supreme being to be exempted from military service. The decision was given by the U.S. Court of Appeals in New York. It said exemption may be based on deeply rooted beliefs and sentiments. A requirement that conscientious objection be based on religious beliefs, including existence of a supreme being, the Circuit Court held, would violate the Constitution. POSTPONE RACE VOTE PITTSBURGH (AP)—Integrationist forces at the General Conference of the Methodist Church, unable to muster a majority, postponed today introduction of a constitutional amendment designed to wipe out racial barriers within the Church. "We thought we had a consensus to push this thing through but we don't," said the Rev. Don Richardson of Buffalo, N. Y., a leader of what he describes as liberal forces. He said the decision to put off introduction of the amendment was made at a meeting that lasted until 1 a.m. He said he didn't know whether the amendment would be introduced at all next year. ### Rockville-Vernon Proposals of CCC Aired on Thursday

Most of the proposed changes for a consolidated Rockville-Vernon government will be presented Thursday at a public hearing. Charter Commission members will present their proposals at 8 p.m. at Rockville High School for interested residents.

The proposals do not represent a completed or final action. There are still some items left to discuss, and commissioners may alter those items already tentatively approved. Atty. Herbert Hannabury, commission chairman, has said.

Presumably, changes would be considered only if reasons for reviewing any specific item in a particular change would be an improvement.

Items in the proposed charter include:

The Board of Representatives: A 15-man legislative body elected from four voting districts. Representatives are elected for two years. Minority representation is assured. The board's functions are to adopt ordinances, govern the town's business and set policy to govern administration.

The Town Meeting: All voters may take part in the Annual Town Meeting which will adopt the annual budget and set the level of expenditures and the kind of service programs voters desire for each voting ward.

Public hearings on all proposed ordinances and resolutions of Representatives do not act favorably, the town will call for a town-wide election on his proposal. This item in the charter is subject to referendum.

A voter may propose to amend the charter. This item is subject to referendum.

Selected officials are subject to removal from office through a "recall" action; a special election petition for officers.

Chief executive of the town would be a mayor who will be elected for two years, presiding officer of the Board of Representatives (votes only to break ties) and appoints department heads. He is responsible for the administration of town departments. The mayor will be elected for two years; his appointments are subject to approval of the Board of Representatives. The mayor does not have veto power over the board.

Director of administration, a full-time professional whose job is to assist the mayor in his administrative duties. The director is salaried and serves for an indefinite term. He is appointed to the post by the mayor with the approval of the Board of Representatives.

The Board of Representatives is divided into four equal voting districts. All shall elect a wide official and each district shall elect their own representatives. Each party in each district will nominate two candidates for the board. The four receiving the top vote shall be elected, thereby assuring minority representation. (Minority parties may also select candidates for the post.)

Planning Commission: The mayor shall appoint five members who serve five year terms. Appointments are subject to approval by the Board of Representatives.

Zoning Commission: This group would operate similarly to the planning commission.

Zoning Board of Appeals: Consists of five regular members and three alternates appointed by the mayor with the approval of the Board of Representatives. Appointments are for five year terms which shall be staggered.

Town Planner: The proposed charter calls for a professional town planner.

Board of Selectmen: Would fulfill duties as required by state law, mostly concerning elections.

Register of Voters: Required by state law, set up by the Board of Representatives.

Civil Defense Director: Appointed by the mayor.

Town Attorney: Appointed by the mayor.

Recreation Director: Appointed by the mayor.

Personnel Policies: Town employees should be hired only on the basis of their qualifications and should not be involved in partisan politics.

All employees will be in the classified service. The board of Education and part time temporary employees.

The appointments are made on the basis of merit and all positions are to be held in the classification system. A schedule of pay rates based on the position will be adopted by the Board of Representatives.

Employees in the classified service are entitled to tenure and may be removed only for cause. They cannot participate in political activity or make contributions to any political party.

### Hunt, Vater and Vismontas To Head MHS Departments

The appointment of three new department heads at Manchester High School was announced today by Principal A. Raymond Rogers. The appointments, which will become effective in September, were made by Supt. of Schools William H. Curtis upon Rogers' recommendation, and move up three teachers now in the school system.

The three are all veterans of several years in the department. They are: Gilbert B. Hunt, English; Robert W. Vater, mathematics; and Louis F. Vismontas, mathematics.

Mr. Hunt, who has been an English teacher since 1948, has taught every level in the grade from 9 through 12 and currently teaches senior advanced placement, honors, and Level One English classes. For 16 years, he has been advisor to the Rifle Club, perennial contenders and six times winner of the state high school rifle championships.

Mr. Vater was graduated with high honors from Yale University in 1942 with a B.A. degree in philosophy, and earned an M.A. in English and education from Harvard University in 1944. He came to Manchester High School in 1944 to be director of the band and orchestra after teaching for a time in the New Britain elementary school.

Mr. Vismontas is a New Britain native and attended public schools there, graduating from high school in 1944. He received his B.A. in mathematics from the University of Connecticut, where he was chairman of the Phi Kappa Phi Honor Society. He is currently a graduate student at the University of Connecticut, where he is studying for a Ph.D. in mathematics. He has taught in the department since 1948.

Mr. Vater, who is also a member of the Phi Kappa Phi Honor Society, will be in charge of the department. He has taught in the department since 1948.

Mr. Hunt, who is also a member of the Phi Kappa Phi Honor Society, will be in charge of the department. He has taught in the department since 1948.

### Rockville-Vernon Town Meeting on Monday Weighing Dump Site Lease

Selectmen have called a special town meeting on Monday to consider leasing a dump for both city and district residents. The site is reportedly out-of-town; its exact location has not been disclosed.

Selectmen met yesterday with city officials, members of the board of selectmen and Atty. Robert Kahn, town counsel.

According to Selectman Robert Deming, voters will be asked to appropriate \$5,500 as a deposit to the site. The site is located on the east side of the town, near the intersection of the road and the railroad. The site is approximately 100 feet wide and 200 feet long. It is currently used as a dump site for household waste.

Mr. Deming said that the town fathers want to take over the dump site and lease it to a private contractor. The contractor would be responsible for maintaining the site and removing the waste. The town would receive a lease fee of \$5,500 per year. The lease would be for a period of 10 years.

### Primary Loom In Seven States

Democratic delegates will be selected in the Alabama primary and conventions in Alaska, Nevada and Wyoming. Goldwater was a thumping endorsement in a relatively light turnout of Texas Republicans for a presidential poll Saturday. The total was three times that of the rest of the field, which included most of those mentioned for the nomination. Henry Cabot Lodge, whose name was on the ballot, was a distant second.

committed to him, no matter how far he faces in the primary. The law says the primary winner gets the first-ballot votes of the Indiana delegation, but it has no possibility of election.

The Alabama governor, in his campaign talks at Crawfordsville, confirmed his remarks mainly to the U.S. Supreme Court ruling on prayers in public schools.

"Did you ever think," he asked, "that the Bible would have to be bootlegged into the schools?"

A capacity crowd of about 300 listened to Wallace's talk. There was no jeer, and his talk was punctuated frequently with "amen"s from the congregation.

A hot exchange of statements between Indiana campaign managers for Harold G. Stassen and Sen. Barry Goldwater added interest to the last weekend of the Republican campaign.

Leslie Duval, Goldwater's manager, charged Stassen was "misleading citizens" by "misleading" them into believing that Stassen was an attack on Social Security.

Donald E. Bowen, Stassen's campaign manager, retorted with a statement accusing Duval of a "11th hour personal attack" on Stassen.

Bowen added: "Duval will be an electoral liability."

**Tomm-Boudreau**

The marriage of Diana Marie Boudreau and David Lawrence Tomm, both of Manchester, was solemnized with a nuptial high Mass at St. Bridget's Church Saturday morning. The bride is the daughter of Mr. and Mrs. Leo Boudreau of 29 Margaret St. The groom is the son of Mr. and Mrs. Charles Tomm of 238 Hollister St. The Rev. Carleton Healy officiated. The altar was decorated with white pom-poms.

The bride was given in marriage by her father. Her belle was of silk organza and tulle appliqued with Belgian lace. Her dress was trimmed with the same lace and she carried a bouquet of large roses, stephanotis and ivy.

Miss Nancy Boudreau of Manchester served as maid of honor to her sister. She wore a silk gown with bell-shaped skirt trimmed with a moss green velvet ribbon about the waist. She carried a cluster of coral pink roses. Three bridesmaids wore identical gowns to that of the maid of honor, carrying clusters of pink roses. Miss Rose Boudreau and Mrs. Nancy Dearington of Manchester and Miss Louise Tomm of Bolton were bridesmaids.

Douglas Philpotts of Manchester acted as best man. Ushers were Bradley Dearington, Jr.; William H. Tomm; and Philip Zapada, all of Manchester.

A reception for 175 guests was held at the Garden Florida. The couple left by air for Florida. The bride wore a two-piece dress of raspberry pink raw silk with bone accessories.

The bride and groom both graduated from Manchester High School. The bridegroom attended Central State College. He is a assistant manager of W. G. Clark & Co. of Manchester. The bride attended Central State College and is employed by the Hartford Fire Insurance Co. Group. The couple will live at 11 Division St., after May 15.

**Barros-Traut**

The marriage of Miss Jeanne Ruth Pooliot of East Hartford became the bride of Ross Demming Clark of Manchester Saturday morning in a double ring ceremony and nuptial Mass at St. Rose Church, East Hartford.

The bride is a daughter of Mr. and Mrs. Louis Joseph Pooliot of East Hartford. The bridegroom is a son of Mr. and Mrs. Carleton Healy of East Hartford. The bride, given in marriage by her father, wore a full-length gown of French chantilly lace, designed with high neckline, fitted bodice, above-length sleeves, and a bouffant skirt with overfitted of silk peau de soie terminating in a classic train. Her veil of silk illusion was attached to a matching pink hat, and she carried a cascade bouquet of white roses and stephanotis.

Miss Rita Pooliot of East Hartford, a sister of the bride, was maid of honor. She wore a street-length gown of aqua embroidered organza over peau de soie with short sleeves, and similar in design to the bride's gown. Her face veil was attached to a matching headband, and she carried a colonial bouquet of white roses with white miniature carnations.

Mrs. Pascal Prignano of Ridgefield, N. J., a sister of the bride, and Miss Dorcas Dearington of Bolton, were bridesmaids. Their gowns and matching ribbons were pale green, and pale orchid were styled to match the bride's gown. The bride and groom were accompanied by the bride's father, the groom's father, and the bride's mother.

A reception for 200 was held at the Italian American Club, East Hartford. # 12 Homers Hit at Kansas City, 24 Stroked in Four-Game Series

NEW YORK (AP)—Athletics have slammed 24 homers in their four-game series with the Kansas City Royals.

When the "incendiary owner of the Kansas City Athletics declared war on the American League, even he couldn't have envisioned the devastating effect of his strategy would have on Kansas City Municipal Stadium.

Twelve homers were hit yesterday as the Athletics swept a doubleheader from Minnesota, 7-4 and 6-7. That output increased to 24 the number of homers hit in the four-game series between the teams.

The Twins connected for seven yesterday and 12 throughout the series. Kansas City punted out five in the doubleheader and nine in the series.

Home runs are being hit at Municipal Stadium at more than twice the rate they were in 11 games this season, the Athletics' statistics show.

On his home run, Carl Yastrzemski of the Red Sox is surrounded by teammates as he crosses home plate after hitting his first major league grand slam. Yastrzemski, left to right, are Frank Malzone, Bob Tilton, Eddie Bressoud, and pinchhitter Dalton Jones.

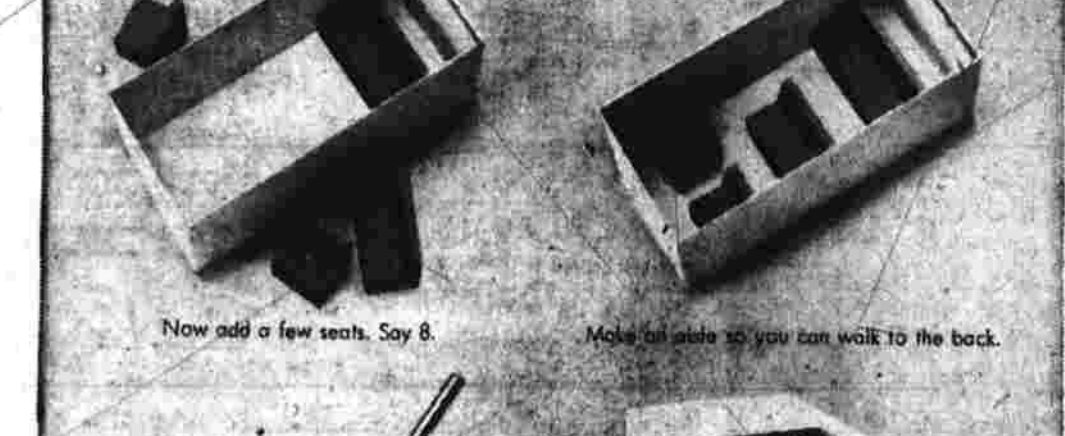

## Grand Slam Homer Difference for Sox

BOSTON (AP)—One of the Sox's grand slam home runs was hit by Carl Yastrzemski, who hit his first major league grand slam home run in an 11-7 Boston victory over Detroit yesterday.

The big winner, however, was Yastrzemski. The left fielder, who hit 321 last year, had been having a miserable first 13 games this season with a .208 average and hit only two runs batted in.

Long Shot Winners  
LINCOLN, R.I. (AP)—Long shot horses reaped a \$112,000 daily double harvest at Lincoln Downs Saturday night. Spooky (12-1) and Krazy Koe (13-1) were the winners.

## Got a lot to carry? Get a box.

Now add a few, say 8. Make room for your own work to be done.

Get a hole in the roof to let the sun in. Window? At least 21. Doors? Should do.

Point it up and what have you got? The whole idea behind the Volkswagen Station Wagon.
