NYC Negroes Terrorize Riders on Subway, Ferry

NEW YORK (AP) — with anger and a street clash was narrowly averted. About 40 persons poured out of homes and a bar and began "passing remarks," said detective Raymond Sheerin. Sheerin continued: "They wanted to do something. It was like they were trying to say to us, 'Let us have them for a little while' or something to that effect."

Lodge Senate Bid Seen This Week

HARTFORD (AP) — Former Gov. John Davis Lodge of Westport is slated to announce his availability for the Republican nomination for U.S. Senator this week. It was reported that the former governor and former U.S. Ambassador to Spain after a series of weekend conferences has decided to do battle with Democratic U.S. Senator Thomas J. Dodd, if the party wants him to run.

Banker, Wife Victims; Nine Died in 1963

NEW FAIRFIELD (AP) — A banker and his wife were among the victims as automobile accidents claimed six lives during the Memorial Day weekend in Connecticut. Four persons, including Louis Tanzella and his wife, both 47, were killed yesterday in a head-on collision on Rt. 39 in New Fairfield.

Windup Explosive In California Race

SAN FRANCISCO (AP) — Sen. Alan Cranston in a wholesale Democratic contest for the U.S. Senate nomination. The primary, which started out as a ho-hum affair, is expected to bring out 65 per cent of the 7,522,774 registered voters. The total includes 4,022,302 Democrats, 2,895,448 Republicans.

Students Ejected

MADISON (AP) — More than 250 college students were routed out of Hammonasset State Park by state police and park officials yesterday. Police said the students were cutting up on the bench and in the park. The authorities said they would not obey park rangers and patrolmen.

Debate Heads For Climax Over Rights

WASHINGTON (AP) — The Senate enters today what most of its members expect will be the climactic month of the historic 1964 civil rights debate. Today's session, the 67th on the House-passed civil rights bill, was expected to be low-key, however, because senators are straggling back to the Capitol after a three-day Memorial Day recess.

Laos Regime Totters As Asia Talks Begin

HONOLULU (AP) — Top U.S. strategists opened secret talks on Communist-plagued Southeast Asia today as the shaky coalition government of Laos appeared to be falling apart. The virtual pullout of the pro-Communist Pathet Lao from a patched-up coalition with Laoan neutralists and rightists deepened the crisis atmosphere surrounding the talks.

Hospital Bars Tests

NEW HAVEN (AP) — The Grace-New Haven Hospital has notified local police departments that it will no longer take blood samples for use in drunk driving cases. Robert Lawton, the hospital's administrator, said in a letter to the departments that the practice was causing doctors to spend too much time in court testifying on the results of the tests.

Smash Show By Mulcahy Under Way

EAST HADDAM (AP) — The crowd tensed for the big crash at the East Haddam Dragway today. A small foreign car—a Renault Dauphine—was parked on the strip. An electronically controlled American car—a much bigger Ford—headed for the foreign auto at about 30 miles an hour.

Shastri in Lead For Nehru Post

NEW DELHI, India (AP) — new prime minister must face relations with Red China. Shastri said Prime Minister Srinawo Bandaranaike of Ceylon and Bertrand Russell, the British philosopher-pacifist, had made overtures for settling the border dispute with Red China but "statements emanating from Peking are not encouraging."

EDITOR'S NOTE — TEN days ago, in a commencement address at the University of Michigan, President Johnson invited the youth of America to join in building "the great society." Since then he has used the phrase as a rallying cry.

Court Bars Loyalty Oath

WASHINGTON (AP) — The Supreme Court struck down today two Washington State laws requiring that all state employees take loyalty oaths. Justice Byron R. White, delivering the court's decision, said the laws were "unconstitutionally vague."

Weekend Deaths 409 on Highway

By THE ASSOCIATED PRESS The nation's traffic deaths during the Memorial Day weekend—more than 400—hit a record high for a three-day observance of the holiday. The death toll for the first holiday weekend of the spring topped the previous high mark of 371 set over the Memorial Day period in 1960. The National Safety Council had made a

Blaze Kills Six

BUFFALO, N. Y. (AP) — A family of six died early today when fire swept their single-story frame house in the city's Central Park district. The mother, Barbara White, 28, and her four young children perished in the fire. The father, Charles, 26, died eight hours later in Columbus Hospital. The children were Mark, 4; Kevin, 3; Scott, 2, and 6-month-old Charles Jr. The cause of the fire was not determined, but the arson squad was called to investigate. Fire officials said the fire broke out while all of the family members were asleep. They said White, after attempting to save two of the boys, staggered 100 yards to a nearby fire house to sound the alarm. Authorities at the hospital said White suffered burns over 75 per cent of his body.

Typhoid Outbreak

ABERDEEN, Scotland (AP) — A typhoid outbreak in this city of 126,000 struck another 37 persons today after officials had voiced hope the epidemic was leveling off. A total of 227 persons is in hospitals — 127 of them confirmed typhoid cases and the others suspected victims. City health officials said the epidemic appeared to have sprung from a super-market meat slicer. But a Town Council meeting heard a suggestion that it may have been attributable to what one official called a deterioration of hygiene in the city's public lavatories because of the recent withdrawal of attendants. Health officials said they would investigate. Fears the outbreak had spread to the British navy were quieted. Schools have closed and social life is suspended in Aberdeen. One woman has died of typhoid thus far.

Kennedy Baby Lost

BOSTON (AP) — Mrs. Edward M. Kennedy, wife of the Massachusetts senator, lost an expected baby through miscarriage today, his office announced. Mrs. Kennedy was reported resting comfortably at Georgetown Hospital, Washington. Mrs. Kennedy, 37, entered the hospital Sunday. Doctors said she was in an early stage of pregnancy.

The Supreme Court at Washington will be better able to stay on its bench if the citizens of Prince Edward County do a better job of living and performing inside their own role as Americans.

When, in 1959, the County School Board of Prince Edward County, Virginia, found itself confronted with a direct Circuit Court order to begin integrating its public schools, it voted to close down its public schools entirely.

And the Supreme Court at Washington instructed the District Court in Virginia to undertake a study of certain specific local measures, such as requiring the supervisors of the county to levy and collect taxes for the support of the schools to be reopened, or such as issuing orders to other public officials not technically involved in the case which went to the Supreme Court.

That is found in the words of Justice Hugo L. Black, who, it may be remembered, was attacked not long ago by the original appointee to the Court, for having been a one time member of the Klan. Justice Black said, Monday, that his time was not to be spent in "re-reading the Supreme Court, think that the present pace of implementation for the great original anti-segregation fund-mental 10 years ago is not satisfactory."

That is, as we all know, something the Court is doing in behalf of a great American principle, by which this nation of ours must come to live if it does not want to commit itself to suicide.

"Shocked"
The spectacular mishap shocked a record crowd whose number was estimated at 300,000. The crash took the edge off the race that was sensational in its developments.

That is the way we pretend to be shocked and saddened when we get what we pay for.

Oh, to be sure, we are interested in the performance of the racing cars, front-engine and rear-engine, and in the nerves and physical endurance of the human drivers, and in the skill of the pits, and in the relative merits of different kinds of fuel.

These are the alibis which we frequently propound to ourselves with considerable conviction and sincerity.

But the cream of the show, when it comes to the crash, and the tops in crashes is the one which involves a spectacular pile-up, and the thrilling kind of pile-up in one which leaves a list of names and injured when the smoke clears away.

The Blood Brothers made extensive plans for raising a police station and they also drew up a list of policemen they have marked for death.

There is something else to think about, too. Livingston Wright, the director of the Associated Community Team, which is trying to do something about the overflow of kids on the streets, smoked a pipe and broiled this up.

TPC Hears Three Bids

The Town Planning Commission will conduct a public hearing tonight on a proposal to rezone to Residence Zone C a tract of more than 13 acres north of W. Center St., west of O'Leary St. and south of the Verplanck School.

The proposal is one of three applications before the TPC at 8 at the Municipal Building hearing room.

On the same agenda are requests for rezoning to off-street parking zone a lot to the west of the Highland Park Market, and a request for the resubdivision of two lots at Congress and Seymour Sts.

The W. Center St. request has been submitted by Roger Olcott, for a tract now in Residence Zone A, AA and Rural Residence Zone, to be changed to Residence Zone C.

If the zone is changed, the property could be used for small lot single-family homes, apartments, or—with a special exception from the zoning board of appeals—for office buildings. The town's master plan calls for low-density development in the area.

The request for off-street parking zone west of the Highland Park Market is being asked by John Devanney, for a lot west of the market in Residence Zone A.

Devanney proposes to move a house from the lot to the rear of the tract on which the market is located.

The resubdivision is being asked for Mrs. Lucille M. Tully, to redraw two lots which now face Congress St. so that they would face Seymour St. It must also be approved by the board of directors.

Customers who use gas for house heating and water heating will save as much as 13.5%. Thus, combined heating and water heating bills for a typical customer will be reduced to as little as \$20 per month—reduced to as little as \$14.04. Also, with annual savings up to \$14.04, non-heating customers will save up to 6%. Greater and greater use of gas by our customers, improved efficiencies, and reduction in costs and taxes, all have contributed to savings that we are pleased to pass on to our customers. Now, Hartford Gas residential heating customers will enjoy one of the lowest average gas rates in Connecticut. Shastri to Lead India, Pledges Socialist Aims

Lal Bahadur Shastri, right, talks in New Delhi today with Kumaraswami Kamaraj, president of the Congress Party...

A Moderate Chosen by Acclamation

NEW DELHI, India (AP) India's ruling Congress party named mild-mannered Lal Bahadur Shastri by acclamation today to succeed the late Prime Minister Nehru.

"Socialism is our objective," Shastri said shortly after Congress party members of Parliament named him their leader...

He welcomed the support of former Finance Minister Morarji Desai, his opponent who yielded after a determined five-day succession struggle.

"I am sure this will generate a new confidence in the country and will have an impact on the outside world also," Shastri said.

Shastri said the party's immediate task is to fight India's "biggest enemies—poverty and unemployment."

"The country must remain united and it is important we realize our grave responsibilities toward the betterment of our people," he declared.

India is "faced today with a great crisis," Shastri continued, and must "follow in the (Nehru's) footsteps."

If this reflects Shastri's foreign policy, it will mean a continuation of nonalignment under which India accepts economic and military aid from both sides of the Iron Curtain but does not consider itself a member of any bloc.

Acting Prime Minister G. L. Nanda nominated Shastri before the Congress party members in the central hall of Parliament.

Desai seconded the nomination, saying the party would "continue to adhere to the ideals of Nehru. Approval followed in a burst of applause."

President Sarvepalli Radhakrishnan will complete the formalities by asking Shastri to form a government and swear him in, probably later this week.

Party President Kumaraswami Kamaraj placed Shastri's name before party members after a poll of Congress leaders favored the former home minister who had been Nehru's closest associate after Nehru suffered a stroke in 1963.

Shastri, who stands only 5 feet 2, smiled broadly at Parliament for the ceremony. He was dressed in the simple white homespun clothing affected by Congress party members.

A moderate Socialist and firm anti-Communist, Shastri was picked largely because of his middle of the road views, which Congress leaders hope will bring together the party's conservative and leftist extremes.

TYPHOID INQUIRY ABERDEEN, Scotland (AP) — The government ordered an official inquiry today into the typhoid epidemic that so far has stricken 234 persons in Aberdeen.

None of the conferees would disclose what directions their meetings were taking. It appeared likely that details of any recommendations will be revealed only after approval by President Johnson.

Political reaction to the talks came from Rep. Melvin R. Laird, R-Wis., chairman of the Republican congressional campaign committee. He said in a Congressional Record statement that the conference won't be productive unless the administration gives up what he termed false premises that belong in the past.

Laird said executive policy in Southeast Asia is unrealistic in its approach to Communist-inspired problems.

Rusk, asked about Laird's charge, declined comment. The assembled Cabinet officers, ambassadors and military leaders have been instructed by the President to review American policy in Southeast Asia and make suggestions for its future course.

There were growing indications that military moves were being charted to show pro-Communist insurgents the United States was serious about its reply to a question.

Results Awaited On Crash Tests

EAST HADDAM (AP) — Like football coaches after the big Saturday game, state police are waiting for the results of the crash tests. The films and the official report on yesterday's auto smashing spectacular are expected to provide the answer to the question—whether cars are safer, the big ones or the little ones?

Earl Eisenhower Runs for Office

CHICAGO (AP) — Earl D. Eisenhower at 66, four years older than his brother was when elected president, has decided to run for public office.

With characteristic bluntness, however, he said he is not looking forward to getting elected.

Eisenhower was nominated Monday in Springfield as one of 118 Republican at-large candidates for the Illinois House of Representatives.

"I think the state will get elected," he said, "but, no, I'm not exactly looking forward to going to Springfield."

"Since I came to Illinois in 1964 I've been asked to run for everything from dog catcher to governor, but I've always refused."

Troops Rally NYC to Strengthen Police Protection

NEW YORK (AP) — Plans for more subway police and a two-way radio network have been spurred by Negro terrorist attacks in sections of New York City.

Officials emphasized it would be several months before the measures could be put into effect.

Mayor Robert F. Wagner called a meeting today of police and Transit Authority officials.

Transit officials said bids on short-wave radios for one Manhattan subway line will be opened June 19. A planned 20 per cent increase in the 972-man subway police force will not take effect until next fall.

The men are training now. Demands for more police protection came after incidents last weekend in which bands of Negroes beat, knifed, robbed and terrorized whites on four subway trains and a Staten Island ferryboat.

Police disclosed that they are seeking a light-skinned Negro with a shaved head in the rape-murder of teacher Charlotte Lipsk, 35, whose body was found in the elevator of her apartment building on Saturday.

Police distributed an artist's sketch of a man they said raped a 19-year-old Negro girl half a mile from Miss Lipsk's home shortly after she was killed.

Romania to Buy U.S. Atom Plants

WASHINGTON (AP) — Armed with a new U.S. trade policy pledge, Communist Romania hopes to buy large quantities of American industrial equipment soon — probably including two big nuclear power plants.

The Bucharest government, which has rejected Soviet economic domination, is reported to have a shopping list for purchases of industrial equipment in the United States and Western Europe amounting to possibly \$100 million.

How much of this will be bought in the United States is not clear. Romanians can make with manufacturers and the credit terms they can request to show pro-Communist U.S. officials said the credit.
