

About Town

Electronics Technician — Gerald L. LeBlanc of the U.S. Navy, son of Mr. and Mrs. G. and N. LeBlanc of 288 Blyden St., recently was promoted to his present rank of electronics technician first class at the USS Lake Champlain, operating out of Quonset Point, R. I.

Freshman Guard — Michael J. Cirocki, U.S. Coast Guard, son of Mr. and Mrs. Chester Cirocki of 44 Lyndale St., recently graduated from the Coast Guard Reserve Training Center, Yorktown, Va. He is a reservist on two weeks active duty and will return to his local reserve unit for regular training sessions.

Tuition for out-of-town mentally handicapped children has not yet been set by the board of education. The 1964 figure incorrectly reported in yesterday's Herald as the new rate last year's charge.

Rain Floods Benton St.

(Continued from Page One)

The 1.13 inches of rain that fell in the afternoon, and again at 7:30 p.m., was the most precipitation locally since Jan. 21.

The partial ban on outdoor usage of water in still in effect, and will remain so until he issues a directive to the contrary.

Mrs. Christine H. Law, daughter of Mr. and Mrs. William Law Jr., 133 Loomis St., will leave by plane tomorrow for a vacation at Pabaja Lodge, Old Forge, N. Y., in the Adirondacks, the summer home of her aunt, Mrs. Paul B. Mowrey of New York City. She will be accompanied by her grandmother, Mrs. Mary Joranko of Windsor.

The Salvation Army will conduct an open air service tonight at 7:30 at Main and Birch Sts. David Addy will be in charge.

Wedding Viara - Fultz

Mrs. Kenneth John Viara Jr. and Miss Althea Alice Fultz, both of Manchester, were united in marriage Saturday afternoon at 2 p.m. at the home of Mrs. Viara at 26 Westminister Rd.

The bride is the daughter of Mr. and Mrs. Paul W. Fultz Jr., 80 Hilliard St. The bridegroom is the son of Mr. and Mrs. Kenneth J. Viara Sr., 90 St. John St.

The ceremony was performed by the Rev. Walter J. Burnett of Coventry served as best man.

The bride's mother wore a beige dress with white accessories. The bridegroom wore a tuxedo with white accessories.

After a reception at the home of the bride's parents, the couple left for a motor trip through New England. They will live at 26 Village St., Rockville, after Aug. 25.

Mr. and Mrs. Viara Jr. both attended Manchester schools.

Jeep, Car Crash, Boat Undamaged

A Jeep, a passenger car and a boat yesterday at 8 p.m. were involved in an accident on New State Rd. at Buckland St. in which police reported no injuries nor arrests but extensive damage to the land vehicles.

Clyde S. Boober, 58 of 42 Dendron Dr., was driving the Jeep east on New State Rd. when it struck the rear of a 1963 Buick sedan, owned by Stephen J. Brown, 20 of 54 Jensen St., which was driving west on New State Rd. at the time.

The Buick sedan struck the Jeep, which was driving west on New State Rd. at the time.

The Jeep was driven by Stephen J. Brown, 20 of 54 Jensen St. The Buick sedan was driven by Stephen J. Brown, 20 of 54 Jensen St.

The Jeep was damaged but not damaged but both land vehicles had to be towed from the scene, police said.

No arrests nor injuries and only slight property damage was reported when two out-of-town motorists were involved in a minor rear-end collision on E. Middle Tpke. at Arnot Rd. yesterday afternoon at 2:30 p.m. Both motorists continued on their way without incident after the investigation. Slippery road conditions from an afternoon rain was a contributing factor to the accident, police said.

TOLL-FREE BRIDGE — NEW YORK, N.Y. (AP)—A new \$10 million toll-free bridge to be built in the city will have no toll charge, the Department of Public Works has announced. There is only one catch: the span will cross the East River from Astoria, Queens, to Rikers Island—site of the city's prison.

Taylor Urges That Town Prepare Water Supply Plan

Republican director Harlan D. Taylor has asked that the town prepare a plan to insure that Manchester has the resources to meet the foreseeable future, an adequate water supply.

"In a letter to Mayor Francis Mahoney, Taylor asks that General Manager Richard Martin be instructed to prepare a water supply plan within two or three months.

"As you are aware," Taylor says, "dry periods experienced almost every summer cause curtailment of water use in some sections of town—and often an undesirable reduction in water pressure."

"Unless corrective measures are worked out and implemented, this situation will become more critical each year," Taylor continues, for three reasons:

1. Because of Manchester's continued population growth.

2. Because of the necessity to extend water service eventually to all occupied sections of Manchester.

3. And because of greater water consumption per person.

Taylor goes beyond recognizing the water supply problem in his letter by proposing a number of actions that the town might take.

"The water supply plan might include 'consideration of the need for more artesian wells, of the possibility and practicability of tying in with the Metropolitan Water System and with the privately owned and operated Manchester Water Co."

"Also, consideration should be given to any site improvements that should be made to our watershed areas of any land acquisition that would be necessary to substantially improve these areas, or to create new reservoirs to catch spring run-offs."

"There have been instances where a protective flood-proofed water evaporation significantly. Whether such a system would be of practical use and value in Manchester should be explored."

"Finally," says Taylor, "in case of contamination of the water supply by radioactive fallout or fission authorities and others should be contacted to determine how, and if deep artesian wells could be used in an emergency."

According to town records, the town's water supply reservoirs have not been filled to capacity at this time of year for the past five years.

The total storage capacity of the town's reservoirs is about 450 million gallons; the closest the town has been to capacity as of July 1 was 474 million gallons.

Since 1961, the total storage as of the same date has averaged 419 million gallons.

The most obvious reason for the shortage is a noticeable decrease in annual rainfall. This year the total precipitation is almost seven inches less than the average of about 21 inches that fell each year between 1957 and 1961.

According to Water Department Superintendent Lawrence Witkoskie, the town computes average rainfall each five years. Next year, he says, will be the final year in the current series. The average for 1961 through 1963 should show just how significant a factor the decrease in rainfall has been for the town water supply.

Meanwhile, the town knows it has a problem on its hands. "We thought that last year's shortage was bad," Witkoskie says, "but this year it's been even rougher."

ATHLETE'S FOOT HOW TO TREAT IT

Apply a thin layer of Blistex to the affected area. Blistex is a medicated cream that helps to dry out the fungus and keeps the skin soft. It is available at most drug stores.

Another treatment is to use a foot powder. This helps to keep the feet dry and prevents the fungus from spreading. It is also available at most drug stores.

If the condition is severe, it may be necessary to see a doctor. A doctor may prescribe a stronger antifungal cream or a prescription foot powder.

Prevention is key. Keep your feet clean and dry. Change your socks frequently. Use sandals in public places like showers and locker rooms.

Thant Urges Berlin Mob Jeers For Cyprus

NICOSIA, Cyprus (AP) — U.N. Secretary-General U Thant has asked for more soldiers to bolster the peace force in Cyprus as his commander on the island warned that the halt in hostilities "is only a breather."

Thant's request came amid signs that relations between Greece and Turkey were worsening.

The secretary-general met at his New York headquarters Thursday with delegates of the nine nations that contributed to the 6,200-member Cyprus force. How many soldiers Thant requested was not known.

New contingents presumably would be deployed between Greek and Turkish Cypriots facing each other in villages on the critical northwest coast of the Greek Cypriot government is seeking a force limited to 7,000 men.

The new crisis on Cyprus was touched off a week ago in the island's U.S. Embassy when after the Mousoura-Kokkina area after Greek Cypriots attacked Turkish Cypriot strongholds and Turk-

Philatelists Gather

PHILADELPHIA (AP) — Philatelists from all over the world converged on Stratford this morning in person or by speaker to the post office to participate in the first day's sale of the stamps of the Republic of Cyprus.

Approximately 1,000,000 of the stamps went on sale in the post office today. The general sale of the stamps in other post offices began tomorrow.

Postmaster Julius Tucciarone estimated that more than 200,000 first day covers, special cancellations and other philatelic items will be cancelled and sent out of the Stratford Post Office today.

U.S. Sends Paratroopers, Planes, to Aid Congolese

LEOPOLDBVILLE, the Congo (AP) — Forty U.S. paratroopers landed here Thursday night to help Congolese troops and support missions in the revolt against the government.

Armed with light weapons, including grenade launchers and bazookas, the paratroopers are expected to help Congolese troops to rebel-held territory. Observers here believed they might have fire on the rebels to defend themselves.

Three U.S. helicopters also landed here Thursday night.

Bob Kennedy Is Silent on Senate Race

NORtheast Harbor, Maine (AP) — Atty. Gen. Robert F. Kennedy, on a sailing holiday in Maine, has again refused comment about whether he'll run in New York for the U.S. Senate.

He docked here Thursday afternoon at 10 a.m. and left at 11 a.m. He told a reporter who asked about the Senate race that he had nothing to add to what he has already said.

The attorney general is expected to remain in Maine through the weekend.

New York (AP) — Atty. Gen. Robert F. Kennedy apparently has a sure majority of the delegates to the Democratic state convention to win the nomination for U.S. senator.

The delegates gathered in his corner, or leaning toward him, have more than 700 delegates to the convention here Sept. 1. This tally, however, does not mean that support all these counties would be solid.

There will be 1,144 delegate votes and 875 will be needed for nomination.

Kennedy has not announced for the nomination and has said he would not consider running without the support of approval by New York Mayor Robert F. Wagner.

Wagner, the state's top-ranked Democrat, speaks highly of Kennedy but has not endorsed him.

Backers of Rep. Samuel S. Stratton of Amsterdam are continuing to fight for the nomination, Stratton, who says he is a Republican, and President John F. Kennedy will be made public, but there are reports that he will be released about Sept. 14. (See Page Seven)

News Tidbits from the AP Wires

Mayor Robert F. Wagner of New York City, who seldom speaks on national politics or foreign affairs, says Sen. Barry Goldwater is an "phony" repudiation of extreme rightism.

He said that the Republican Party is a "phony" repudiation of extreme rightism.

He said that the Republican Party is a "phony" repudiation of extreme rightism.

Events In State

Postmaster Asks War Prevention In N-Sub Speech

GROTON (AP) — Postmaster General John A. Gronowski spoke out today against those who, he said, "seize the reins of power and refuse to be pressured into dropping a nuclear bomb on a band of guerrillas."

He said that "the choice is clear: the Communists are now in power, and they must be destroyed before they destroy us."

Without naming those of whom he spoke, the postmaster said that in an address prepared for the commissioning of the nuclear submarine USS George Eastman (SSN-598) in Groton, he had advocated action in Korea, in Berlin, in Cuba and in Viet Nam that would probably have set off the very war that we have built a mighty defense force to prevent. And he justly, he said, is extremely displeased to see the "better dead than Red" slogan.

"This is a comfortable way of viewing the world and it is hardly a substitute for a hard-headed, responsible foreign policy."

He said this country has drastically altered its foreign policy by achieving a degree of deterrent power that would make total destruction of any nation foolish enough to attempt.

The commissioning ceremony includes a message from President John F. Kennedy, broadcast from the White House.

Plans call for the postmaster's message to be broadcast from the White House to the scene of the commissioning of the USS George Eastman (SSN-598) in Groton, Conn., today.

Gronowski is listed as the main speaker in the program. He is also listed as the main speaker in the program.

Stalled Car Hit by Train, 2 Men Killed

WALLINGFORD (AP) — Two men were killed today when a stalled car was hit by a New Haven Railroad passenger train today. Two West Hartford men in the car were killed. (AP Photofax).

Berlin Mob Jeers Wall, Attacks Car

BERLIN (AP) — West Berliners observed an hour of silence Thursday on the third anniversary of the hated Soviet Wall. Then silence turned to violence as rioters surged to the barricade and attacked a Soviet army car.

"The wall must go," shouted the demonstrators.

Others sent a truck tractor smashing through barriers put up to keep West Berliners away from the wall between East and West Berlin.

West Berlin police, swinging clubs, dispersed the rock throwing demonstrators. One leather jacketed youth was knocked to the ground, where he lay bleeding. He was heavily denied and a license plate was stripped off.

The 48-foot long craft disappeared into the East. Two remaining crews are commanded by Capt. Robert L. J. Long of the 1st Cavalry Division, U.S. Army, and Thomas B. Brittain of Oklahoma, Fla.

"That's Show Biz"

By HOWIE HOLCOMB

There is a distinct local flavor to the current production at the Oval in Farmington, "The Best Man." John Hansen of Manchester and Henry Murphy of Rockville will be seen in two of the three leading roles, with Lee Ann Gunderson, also of Manchester, in a supporting part.

Hansen has been active in amateur and professional theatrical groups ever since his high school days when he was a member of Rock and Buck. He has also had roles with the Coventry Players Center Theatre, Columbia Players, Mark Twain Players, and in previous Oval productions of "Hole in the Head" and "Lady in the Dark." Mr. Murphy has also been active with many area groups.

JOHN HANSEN

Society and the Associated Little Theatre Group.

Tommy Schenck

Coventry SA Selects New Leader, Treasurer

Mrs. James T. McNamara has been appointed chairman of the Coventry Salvation Army Service unit. She succeeds Alvin R. Goodin, who held the post for the past few years.

The local unit also has a new treasurer, Mrs. Dorothy Schwoyer, who replaces Henry Agnew.

Mrs. A. Harry W. Olsen will continue as welfare secretary and Mrs. Bernard L. Rheunne as secretary. Other unit members include Mrs. Thomas O'Brien, Mrs. Zolton Walker, Mrs. Henry Sherman, Mrs. Arthur Vos, Mrs. Samuel Walker, Mrs. Elias F. Clay and Nelson Bearse.

The purpose of the local service unit is to provide welfare needs of an immediate nature with funds allotted from an annual fund drive held in September.

The committee of Coventry, which is in charge of the fund drive, has a list of names of donors and does not have a list of names of donors.

The building committee of the Coventry high school will meet at 7:30 p.m. at Coventry High School.

The Rev. Karl Blakie, interim pastor of the local First of Peace Lutheran Church, will be in town for the "When of Revival" as his sermon topic at the 10:15 a.m. worship service Sunday.

The Rev. James P. Keller, pastor of the Morrisania Presbyterian Church in the Bronx, New York, will deliver the sermon at the 8:30 a.m. worship service Sunday at the Second Congregational Church.

The Rev. James H. Ameling, pastor of the local church, is on vacation until Aug. 29. Those needing pastoral assistance may contact the deacons or deaconesses of the church during his absence.

Bob Kennedy Is Silent on Senate Race

(Continued from Page One) The nomination is for the seat held by Republican Kenneth B. Keating, who says he hasn't made up his mind whether he will seek a second term.

The opponents had no intention of splitting, West won the second round of ballots to take the last trump out of dummy.

Leaders of both counties are regarded as Kennedy's corner. The Bronx 104, Eric (Butch) J. Moran, 70, Moore 44, Suffolk 32, Ontario, one of the eight counties in the state.

New York County (Manhattan), Wagner's home county, which has 114 delegates in the state assembly, is expected to back him.

Other counties reported for or leaning to Kennedy include Westchester 47, Livingston 4, Sullivan 8, Wayne 4, Washington 4, Orange 11, Steuben 6, and Putnam 4.

Rockville-Vernon Voting District Divisions Offered to Merger Panel

Members of Vernon's Charter Commission met in a long session last night to discuss the proposed changes in the town's voting districts.

Also approved by commissioners was a proposal presented by Commissioner John Duffin, a Vernon selectman, to create the position of deputy health officer.

Diagle said that physicians do not have the time to attend many of the duties of a health official such as inspecting septic tanks, and that a full time town employee should have responsibilities toward public health.

A proposal to adopt a "hands off" policy toward the fire department was presented by Duffin.

Chairman Hannabury reported that the city and the rural area, the fire district, would be divided into two voting areas.

At the district, the dividing line would run along Kelly Rd. up to W. Main St. and down to the police station.

Smith reported that in the city, district one contains a total of 2,064 registered voters.

At the third district in the rural area, 2,064 are registered to vote with 626 registered as Democrats.

Members voted to accept the report in principle, but reserved the right to discuss and vote on the actual recommendations made last night.

Commissioners approved unanimously a proposal by Commissioner James Brennan to permit people in an area that would seek an opinion from the planning commission.

The proposal, pertaining to sidewalks, street lights, and sewer services, is designed to permit residents of a neighborhood to request the services, most of which are enjoyed only by city residents.

After receiving the petition, the board of representatives would seek an opinion from the planning commission which is given 30 days to submit its opinion.

During discussion of the proposal, members pointed out that the proposed changes would make provisions for initiative and referendum.

Commissioners also approved a proposal by Commissioner James Brennan to permit people in an area that would seek an opinion from the planning commission.

Commissioners also approved a proposal by Commissioner James Brennan to permit people in an area that would seek an opinion from the planning commission.

Thant Urges More Troops For Cyprus

(Continued from Page One) key struck from the air in retaliation. The Cyprus government said it suffered 50 casualties in the fighting, the heaviest since the fighting began eight months ago.

The Security Council intervened and recommended a halt to all military flights. A shaky cease-fire has been in effect since Tuesday.

At the diplomatic front, the government of Greece rejected a Turkish appeal for direct talks.

In Ankara a Turkish foreign minister spokesman warned that unless progress is made, Turkey would begin mass deportations next month of 12,000 Greeks living in Istanbul.

Papandreu's rejection of Inonou's call for direct talks was implied rather than direct. He did not even specifically mention such talks. But his meeting was clear.

Greek sources said today Papandreu apparently felt more diplomatic to ignore the matter and stress "responding to the appeal of the U.N. mediator" in Geneva.

But then Greece avoided direct conferences with Turkey. The Greek representative met with U.N. officials but with Turkish envoys.

Greek sources said Papandreu was referring to direct negotiations when he told Inonou "serious solutions not only do not improve the situation but worsen it and finally lead to catastrophe."

Bailey Decision Termed Victory For Negro Party

(Continued from Page One) tion of convention delegates. Bailey said he will recommend to the national committee, which meets Aug. 22 in Atlantic City to make up the temporary roll for the convention, that all contested delegates be kept off the roll.

There are minor scraps over delegates or alternates from Oregon, Puerto Rico and the Virgin Islands, but most of the attention is focused on the Mississippi situation.

Rauh said Thursday the ruling will not keep him from pressing the case before the convention credentials committee, of which he is a member, and, if necessary, on the convention floor.

Conventions or delegations from several states — 10 by Rauh's count — have pledged varying degrees of support for a roll call if the matter goes to the floor, believing that an open vote will put pressure on the party to accept the party ticket bloc to reject the avowedly segregationist regular Democrats.

Columbia Canoe Club Hosts Trials Of Olympics

The Olympic canoe trials which will be held at Columbia Lake Aug. 20-25 are expected to attract paddlers from all over the country and Hawaii.

Visitors will be accommodated by members of the Columbia Canoe Club, according to Mrs. William Murphy, club adviser.

The club, which has expanded by adding and buying more boats in 1960, now has 100 members.

Reactor of Year

Herbert J. McKinney of 84 Adelaide Rd. yesterday was voted "Reactor of the Year" at the Manchester Board of Realtors at its meeting at the Manchester Chamber of Commerce.

He is vice president of the fourth district of the Connecticut Association of Real Estate Boards, and a charter member and past president of the Manchester Board of Realtors, having served as its secretary and treasurer seven years.

A native of Manchester, McKinney is a graduate of Manchester High School and Olin College, Northampton, Mass.

He is now serving on the Town of Manchester Real Estate Advisory committee.

Andover Conservation Panel Hears State Aide

At the regular monthly meeting of the Conservation Commission held Wednesday night at the Town Hall six members of the seven-member commission heard a talk by Carl M. Ota, coordinator of the open space program for the Council of Agriculture and Natural Resources.

Also invited and attending were the board of selectmen, two members of the planning and zoning commission, and two members of the Recreation Commission.

Ota pointed out that the legislation which provides for the acquisition of half had been re-authorized by the state legislature in 1963.

He said that the state has 35 per cent state aid for the land it might acquire for open space and recreation use. As federal aid of 30 per cent is available, the total cost to the town would be 65 per cent.

Numerous questions were asked by the selectmen and other members of the commission.

Guest Preacher

The Rev. Edward D. Cartwright, vicar of St. Leonard's Anglican Church, Redfield, Bristol, England, will be guest preacher Sunday at the 9:15 a.m. service at Center Congregational Church.

The Rev. Mr. Cartwright was educated at the University of Exeter, England, his birthplace, and at Selwyn College and Westcott House, Cambridge, England, where he gained second class honors in history and theology.

He was president of the Student Christian Movement at Cambridge, through which he became interested in the ecumenical movement.

Three Towns Agree On Refuse District

Representatives from three area towns agreed last night that their communities are solidly behind a proposed regional refuse disposal district.

The town support was voiced at a meeting of the Northeast Refuse Committee (NRC) at Manchester's Municipal Building, with NRC Secretary Robert Deming presiding.

The NRC instructed Deming to contact the town directors of all three towns and ask them to prepare a formal resolution endorsing the proposed refuse district.

The principal and interest payments on whatever bonds are required and the operating costs would be paid from a tonnage charge levied against each participating town.

Friday, August 14
Congress And Court
A finding of the Supreme Court of the United States cannot, of course, be "unconstitutional."

When enough Americans or enough legislators, feel this way about some Supreme Court interpretation of the Constitution, they have an instinct to fight back with whatever methods and tools they can find.

This is what has now come into view, in extreme form, in Washington, in the quick bill in the House of Representatives. This would be an outright attempt to nullify, by simple statute act of the legislative branch, the national court orders of the Supreme Court in the matter of reapportionment of state legislatures.

The little-explored corollary of the increasingly conservative stamp on American politics is the wearing of liberalism. How did it come about and what may it mean?

One part of the explanation of liberalism's relative decline, it seems to us, is a growing public disenchantment with liberal nostrums.

It is true that under generally liberal policies the nation has enjoyed high prosperity since World War II. But the big spending, deep deficits and easy money have contributed to the property is a matter men can debate endlessly.

A deeper part of the trouble is reflected in the liberal's own feeling that they are somehow at a dead end. They can think up new ways for the Government to intrude on the citizen, but they have already put across the bulk of their programs and neither individual nor society seem basically much better for it.

man's own health and cancer, back in January, the American people managed to cut down their consumption of cigarettes by as much as 20 per cent. But we have been gradually drifting back toward the occasional smoke bummed from a friend, then toward the first new pack of our own, then toward something of the old quota per day.

Obviously, there is some kind of equation involved, between how much one respects the warning of the health officials, and how highly one rates life itself, which frees all kinds of individuals to take the risk rather than avoid it.

There came, from Washington the other day, the contention of a St. Louis surgeon, who specializes in lung cancer, that he does not believe smoking is responsible for any shortening of life, and that the charges made against smoking are themselves responsible so long as scientists do not even know the cause of cancer.

It is true that under generally liberal policies the nation has enjoyed high prosperity since World War II. But the big spending, deep deficits and easy money have contributed to the property is a matter men can debate endlessly.

Some of the programs, moreover, have been appalling failures. The farm chaos, for example, and the grotesquely mismanaged urban renewal effort which in so many cases and at such great cost has actually aggravated the slum problem.

"I'm not looking for no trouble. I come out of the house so I could move my car because they were throwing all these fire bombs around it and I didn't want my car burned up."

That the liberals should find themselves in this intellectual vacuum is not to us surprising. For present-day liberalism hardly deserves to be dignified with the label of a political philosophy; mostly it is merely an adaptation of the old, false and romantic notion that man can be made perfect through the power and funds of the state.

As many of us had begun to suspect, that from watching each other, the famous report of Dr. Surgeon General, that the health danger of cigarette smoking, has begun to lose its terror.

Along Country Roads With Soviet Officers RUSHES REFLECTED: The Camera Seems To Paint

NEW YORK, Aug. 14 — The teeth marks from where the white cop bit him showed in a neat, perforated oval on Willie Jackson's black cheek. The cop had bitten Willie full mouth. He had gotten Willy up against the car and then he snarled and got his teeth on Willy's cheek and bit the hell out of Willy. The cop was fighting for his life, because Willy Jackson was a light heavy-weight fighter and the cop was a light stick and a leader, gun and they waited for trouble.

"I know the cop all my life. Kelly his name is," Willy Jackson was saying. "He used to ask me, 'Willy, show me how to throw a left hook,' and I'd show him. I wasn't trying to fight the man. I was trying to get out of there and go away."

"The cop didn't know that Milton Stone the ball bondsman, said, 'He thought you were out there for trouble.'"

That the liberals should find themselves in this intellectual vacuum is not to us surprising. For present-day liberalism hardly deserves to be dignified with the label of a political philosophy; mostly it is merely an adaptation of the old, false and romantic notion that man can be made perfect through the power and funds of the state.

As many of us had begun to suspect, that from watching each other, the famous report of Dr. Surgeon General, that the health danger of cigarette smoking, has begun to lose its terror.

Inside Report
by Rowland Evans Jr.
Robert D. Novak

WASHINGTON — The real reason why Sen. Hugh Scott of Pennsylvania belatedly endorsed the Goldwater-Miller ticket yesterday is that he is a Republican party unity man only in name.

Now, given new status by liberal statehood candidates such as Hugh Scott and Nelson Rockefeller, these popular candidates have been accepted by the local leaders for the sake of electing a victory, but still re-elected.

There was a power failure in Elizabeth on Wednesday night and the cops and the colored people fought like animals on the black streets and Willy Jackson wound up in the middle of it.

There was a riot in Paterson, N. J., too. It was 15 miles to the north of Elizabeth. Both these places have a population of a little over 100,000. At 8 o'clock last night, every policeman in both Elizabeth and Paterson reported to work with a helmet, right stick and a loaded gun and they waited for trouble.

"I know the cop all my life. Kelly his name is," Willy Jackson was saying. "He used to ask me, 'Willy, show me how to throw a left hook,' and I'd show him. I wasn't trying to fight the man. I was trying to get out of there and go away."

That the liberals should find themselves in this intellectual vacuum is not to us surprising. For present-day liberalism hardly deserves to be dignified with the label of a political philosophy; mostly it is merely an adaptation of the old, false and romantic notion that man can be made perfect through the power and funds of the state.

As many of us had begun to suspect, that from watching each other, the famous report of Dr. Surgeon General, that the health danger of cigarette smoking, has begun to lose its terror.

Inside Report Bolton
September Hearings Set on School Budget

The board of finance set two dates for public hearings on the proposed budget for 1964-65 at its meeting last night. On Sept. 14, townpeople will have an opportunity to hear and ask questions on the general town budget.

On Sept. 21 the hearing will be held on the board of education budget, with all school board members and the superintendent present to answer questions.

Cooper also said that the board of education budget request, after the board of finance meeting Tuesday night when a few increases were made, stands at \$4,701,49. Listed as coming back in the form of grants is \$1,000,000.

About Town

The Rotary Club will meet Tuesday at 8:30 p.m. at the Manchester Country Club. Jack Grant, past district governor, will tell of his trip to Wales. He will be accompanied by his wife.

Sgt. Marie Santilli, Women's Corps recruiter for Connecticut, announced that she is initiating stepped-up recruiting program and will be available Mondays, Wednesdays and Fridays at the Army-Navy Club, 1060 Main St.

NOTICE

A Public Hearing will be held by the Zoning Commission of the Town of Bolton on Wednesday, August 26, 1964, at 8:00 P.M. at the Community Hall to consider the following requests:

Request of Michael Mitek and George Mitek for change from B-2 zone to Business zone for the following-described parcel of land on Route 44A: Northwesterly, by Route 44A, Five Hundred Sixty-six and 870 (666.5) feet, more or less; Easterly, by land now or formerly of one Thompson...

Personal Notices

In Memoriam: In loving memory of our dear father, Patrick Madden, who died August 10, 1964. We miss you very much. Mom and daughter, Rose and daughter, Rose.

MORE POLITICAL BRIEFING from HAPPENNY!

It is a foregone conclusion that the Democratic majority of the town board of directors will have shown their true colors by refusing to act in Superintendent James Herdick's case. By the way, since when are we compelled to listen to Tax Commissioner's office, charge herewith with the State Tax Commissioner Mr. John Sullivan of being a self style politician and one feared of losing his job if the terms of the report was not softened?

Electors are asked to help defeat the Democratic majority even though it might serve as a two year punishment period... Democratic and Republican electors please take it seriously! "We may be down, but not out as yet."

Town Shifts Refuse Area To Eastward

Town Highway Department Superintendent Ernest Turek announced this morning that the refuse area at 8 a.m. will be closed permanently. The gates to the west of the Sanitary Treatment Plant will be closed, a locked gate will be erected, and the road just to the west of the town highway department garage will be opened.

The change is being made according to a predetermined plan, made in September 1962, when the presently used area of 12 acres was opened. This area has now been graded, will soon be seeded with clover-type grass mix and will be permitted to stand for several years.

The easterly end of the area to be used as Monday has been cleared for land-fill use and a ramp has been built in the dumping area. Users of the reopened area are advised to dump refuse to the right of the road. The only exceptions are brush and tree stumps, which are to be dumped to the left of the new road.

The Olcott St. Disposal Area is part of a \$1,100,000 package deal purchase of a town wide water and sanitary sewer system, purchased from Cheney Bros. in 1953. Bonds totaling about \$150,000 are still outstanding, and are being paid off by funds of the town sewer department, from industrial and commercial users.

Ignore Deadline by Court Little Tells Legislators

Walter T. Little, 105 Spencer St., yesterday urged the Legislature to come up with a reappointment plan by Sept. 10, he said. "There is no need to hold a hearing today, there is no need for the Legislative Chamber nor for any legislators."

Speaking at a public hearing on the Assembly's joint judiciary committee in the hall of the House yesterday afternoon, Little asked the legislators to disregard a court requirement that the legislature reappoint and redistrict itself by Sept. 10.

Little, who is a member of the Judiciary Committee, said that the court's decision is unconstitutional. He said that the court's decision is unconstitutional because it deprives its citizens of their right under the Federal Constitution.

Little said that the court's decision is unconstitutional because it deprives its citizens of their right under the Federal Constitution. He said that the court's decision is unconstitutional because it deprives its citizens of their right under the Federal Constitution.

Engaged

The engagement of Miss Edith J. Bohme of Vernon to Albert L. Barnes of Westborough, N. J., has been announced by her parents, Mr. and Mrs. Bernard Bohme, 98 Warren Ave.

Miss Bohme is a graduate of Westborough High School and Southern Seminary College, Buena Vista, Va. She is a secretary at Hamilton Standard, a division of United Aircraft Corp., Windsor Locks.

Mr. Barnes is a graduate of Westborough High School and received a B.S. degree in mechanical engineering from Fairleigh Dickinson University, Teaneck, N. J. He is a design engineer at Hamilton Standard.

The wedding will be held at 11:30 a.m. on Sunday, August 23, at the home of the bride, Mrs. Bernard Bohme, 98 Warren Ave., Westborough.

Make a Point To Give Blood

Red Cross officials are reminding the community that the blood drive is still in progress. The mobile unit will be at South Methodist Church, 3226 Main St., from 1:40 to 6:30 p.m.

At the unit's last visit, 159 pints were collected to exceed the Manchester quota for the third time this year. The 150 pints quota is based on the amount of blood used monthly at Manchester Memorial Hospital.

Should it seem to residents that a 150-pint quota is unusually large for the town's size, the Red Cross points out that monthly amounts in excess of the quota are sometimes used at M.M.H.

Officials say that too many visits are seriously under-subscribed. The nature of blood supplies is that they are always in constant demand, while the number of blood contributions vary greatly from month to month.

Peking-Backed Rebels On Advance in Congo

LEOPOLDVILLE, Congo (AP) - Communist-backed rebel forces are stepping up their bid to win control of the turbulent Congo as U.S. planes begin ferrying hard-pressed government troops to troubled spots.

Rebel forces advanced to within 20 miles north of Leopoldville, the capital of central Kivu Province. In the west, Peking-trained Pierre Molle's warriors came within 20 miles north of Bukavu, where six rebels were killed in fighting with Premier Moise Tshombe's forces.

Rebel thrusts came as four U.S. C-119 planes took off for their first mission to aid the shaky government army. More than 2,000 men, reported by U.S. officials, are being flown to the Congo.

Rebels are stepping up their bid to win control of the turbulent Congo as U.S. planes begin ferrying hard-pressed government troops to troubled spots.

Crow Tribe Adopts Lady 'Walking Bird'

JACKSON, Wyo. (AP) - She was treated to a sampling of pro-Goldwater sentiment in this tourist spot, nesting here in the ruggedly spectacular Teton Mountains. "We want Harry" signs were waved amid a crowd of some 2,000 that filled the town's park for a welcome for the First Lady Friday night.

But in a politically oriented arrival speech in Billings, her first stop, Mrs. Johnson has pointedly declared, "This is not a part of the world that I was brought up in."

WASHINGTON (AP) - The nation's economic boom passed new milestones last month as factory production scored an 11th consecutive advance, and the government reported breakthrough in the fight against unemployment.

WASHINGTON (AP) - The Labor Department, analyzing employment and unemployment figures for the first seven months of 1964, reported that employment during the period averaged 1.3 million above 1963 levels. At the same time, the labor force increased by an average of only 1.4 million.

WASHINGTON (AP) - Twelve crewmen abandoned the seagoing tug Sea Wolf early today after a fire had broken out 1,100 miles northeast of Honolulu. The Coast Guard said a Coast Guard cutter, two rescue planes and a Navy helicopter were dispatched to the scene. A World Airways plane shortly after the burning vessel and confirmed its position shortly after the Sea Wolf officer reported the crew was abandoning ship. There were no casualties.

On her Western tour, First Lady will attend services tomorrow at the Chapel of the Transfiguration, Episcopal church, and during the last three days she will have had reported considerable improvement in her recovery.
