

## Merger of Reserves Meets New Protests

WASHINGTON (AP)—President Johnson says the plan to abolish the Army Reserves is "prudent and wise."

The Reserve Officers Association disagrees and demands a thorough investigation of Secretary of Defense Robert S. McNamara's plan to do away with the Reserves by merging some units into the National Guard, and placing the rest on inactive status.

The association said the Air Force Reserve will be the next to go.

McNamara's proposal aimed at saving \$150 million

yearly by abolishing units which the defense secretary says are no longer needed — faces some stiff opposition on Capitol Hill. Congress has control over such proposals at least to the extent of providing money to carry them out.

Plans involving Army National Guard changes also are under discussion. Secretary of the Army Stephen Allen said Sunday night that current planning concepts call for the six high priority and two special purpose divisions of the Guard to be converted into a division base and one brigade. But he said this was a concept "and not a firm plan" to be considered by the Army in conjunction with Re-

serve and National Guard authorities.

Some congressional criticism on the Reserve plan has been sharp and two congressional inquiries have already been promised in the wake of Saturday's announcement by McNamara.

Chairman F. Edward Hebert, D-La., of the House Armed Services subcommittee on the Reserves and National Guard, said McNamara "demonstrated his contempt for Congress" by issuing the plan.

Chairman John Stennis, D-Miss., of the Senate Armed Services Preparedness subcommittee.

## State Group Joins Exiles In Picketing

HARTFORD (AP)—A group of Cuban exiles now living in Connecticut were among the demonstrators who picketed the Columbia Broadcasting Co. studios in New York yesterday.

The Cubans went to New York to protest a television appearance by Che Guevara, the Cuban minister of industry.

Jose Salazar, spokesman for the Committee Pro Cuba Liberation, said that Cubans from Hartford, Stamford and Bridgeport went to New York.

Salazar said that the turnout from Connecticut was not as large as expected. He said some people might have been deterred by the bazooka incident outside the United Nations on Friday.

Ernesto (Che) Guevara, No. 1 in communist Cuba, says his island nation is "not sending arms to other Latin American countries," but he admits it has helped train subversives there.

NEW YORK (AP)—Ernesto (Che) Guevara, No. 1 in communist Cuba, says his island nation is "not sending arms to other Latin American countries," but he admits it has helped train subversives there.

"We have helped some Latin American compañeros (comrades) acquire some military knowledge," the Cuban minister

### Begins Appeal

Teamsters Union President Jimmy Hoffa began an appeal of his conviction of jury-tampering today in Cincinnati. His lawyers claimed the government committed numerous errors at the trial. Defense and government attorneys were allowed two hours each for oral arguments. (AP Photofax.)

## Barry Names Contenders For '68 GOP Nomination

WASHINGTON (AP)—Sen. Barry Goldwater pointed today to former Vice President Richard M. Nixon and Govs. Mark O. Hatfield, George Romney and William W. Scranton as potential contenders for the 1968 Republican presidential nomination.

He said he thinks that as of now Nixon "has the biggest hand upon the wheel."

For himself, the beaten GOP nominee shunned the role of national party leader and ruled out another race for the White House.

He said he will be "a working member" of the party.

Goldwater, in a copyright interview with U.S. News & World Report, defended GOP National Chairman Dean Burch, insisted his landslide loss to President Johnson did not cripple the conservative movement and declared his presidential bid was over before it really began.

He said only former President Dwight D. Eisenhower could have beaten Johnson for the Republicans.

"Frankly," he said, "I think that I was beaten July 16." That was the day the Republican National Convention nominated him for the White House.

Goldwater said the whole campaign "was run on fear of

me," and that fear was planted before he was nominated.

The Arizona senator said his Republican challengers painted "a caricature of Goldwater," depicting him as a trigger-happy man and a foe of the Social Security system.

"This thing started in the primaries — and, try as I would, it could not be erased," he said.

"The only thing that I think might have been done could have been done by those in the Republican party who first started it," he said.

Goldwater blamed Romney and New York Gov. Nelson A. Rockefeller — "not Scranton so much because Scranton pitched in." The Pennsylvania governor campaigned for the national ticket.

The senator said if he had it to do again, he would enter only the California primary — which he won. Goldwater ran in six state primaries.

"I think there are better ways of running," he said. But he added he would like to see a national primary "if the states could get together on it."

Goldwater said no Republican who was mentioned for the nomination during the primary days could have beaten Johnson. "I don't know of any other one that could have gotten as many states as I got," he said.

Goldwater carried six.

## Rusk Opens Pre-NATO Conferences

PARIS (AP)—U.S. Secretary of State Dean Rusk began a round of meetings with France's top officials today in advance of the North Atlantic Treaty Organization's annual ministerial conference.

Rusk's calls on the French were largely courtesy matters, with little opportunity for detailed discussion of the differences between the U.S. and French governments. Neither French nor American sources expected any spectacular advances toward a resolution of the differences.

Rusk met first with Foreign Minister Maurice Couve de Murville.

The meeting lasted an hour and then Rusk spent 45 minutes with Premier Georges Pompidou. Rusk had an appointment with President Charles de Gaulle later.

Rusk told newsmen he did not discuss the proposed multinational nuclear fleet with Couve de Murville or Pompidou. France is opposed to the fleet project, which the United States hopes to bring into the NATO defense alliance.

In his meeting with Couve de Murville, Rusk discussed the situation in Southeast Asia with particular emphasis on South Vietnam; the situation in Africa, particularly the Congo; and developments in Eastern Europe.

The two men also discussed East-West relations and developments in Soviet Union, including the ouster of Nikita Khrushchev and the new regime in the Kremlin.

Later in the afternoon Rusk was to review U.S.-West German relations with West German Foreign Minister Gerhard Schroeder.

Tonight he and Schroeder were to join Couve de Murville and British Foreign Secretary Patrick Gordon Walker for dinner and discussion of the situation in Germany and Berlin.

The North Atlantic Treaty Organization's annual year-end conference of ministers opens Tuesday.

Rusk on his arrival Sunday again tried to counter de Gaulle's contention that the United States will not risk a nuclear war to protect Western Europe from Communist aggression.

"Our recent election," Rusk said, "confirmed that we shall remain steady on the bipartisan course we have followed since World War II."

"This means our full commitment to the security of the NATO area and full insistence upon the rights and obligations which became ours as a result of World War II."

These rights and obligations include protection of West Berlin and the presence of powerful

## Events In State

### Husband Held On 1st Degree Murder Charge

NORTH STONINGTON (AP)—A 31-year-old North Stonington man was presented in Circuit Court, New London, today on a first degree murder charge lodged in the death of his wife.

Ronald C. Gabriele, a New London auto mechanic, was presented before Judge Edward C. Hamill, who continued the case until next Monday.

He ordered Gabriele confined in State Jail, Montville, without bail pending the hearing.

State Police said they found the body of Gabriele's wife, 28-year-old Roberta, in a shallow grave Sunday night.

Lt. Frederick P. Moran, commander of Troop E, said the woman met a violent death.

Police were awaiting the results of an autopsy to learn the exact cause of death.

Mrs. Gabriele had not been seen since Nov. 29. Her father, Robert Taylor of North Stonington, reported her missing Dec. 6.

State Police said their questioning of Gabriele led to the discovery of Mrs. Gabriele's body about a mile from the Gabriele home on Sacoek road.

State Police lodged a holding charge of assault with intent to commit murder against Gabriele and detained him at the Groton barracks without bond.

State Police said that when Mrs. Gabriele's father reported his daughter missing he also reported he had received an anonymous phone call saying she was dead.

### Student Held

STORRS (AP)—A freshman was scheduled in circuit court at Danielson today to answer a charge of making bomb scare telephone calls during examination week at the University of Connecticut.

Campus police arrested John J. Lutkus, 17, of Waterbury Sunday night and charged him with giving false information concerning bombs.

He was held at the university police station under \$500 bond.

A university spokesman said campus police had the authority to make such arrests and set bond.

The spokesman said Lutkus was suspended from school after the arrest.

### Four Killed

By THE ASSOCIATED PRESS

Four persons were killed this weekend in Connecticut traffic accidents.

The driver of a panel truck was killed in Marlborough Sunday night, a woman pedestrian was killed in New London Saturday, and two teenage boys lost their lives in an accident in Middletown early Saturday.

In Marlborough, Zolton F. Kurinsky, 28, of East Hartford was driving the truck on Route 2

# High Tribunal Upholds 'Heart' of Rights Law

### Church Steeple Topples During Fire

Steeple of the Harvard Unitarian Church topples during height of fire which destroyed the building yesterday. Firemen were hindered in their efforts by a drought-caused water shortage. The town clock, in the steeple, was also a casualty. (AP Photofax.)

## Charges Set Before Law Are Invalid

WASHINGTON (AP)—The Supreme Court unanimously upheld today the heart of the 1964 Civil Rights Act—the public accommodations sections.

It also ruled that the act requires dismissal of charges made against civil rights sit-in demonstrators before the act was passed.

Justice Tom C. Clark wrote the main opinions in all three cases. All the other justices joined him in the public accommodations decision, but the vote on the sit-in prosecutions was 5 to 4 with a heated dissent by Hugo L. Black.

In the first test of the controversial accommodations provision to come before the tribunal, the Supreme Court ruled that "Congress possessed ample power" to enact the legislation under its authority to regulate interstate commerce.

The provision prohibits discrimination in such places as hotels, motels, theaters and restaurants.

Many of the Civil Rights Act's critics, including Sen. Barry Goldwater, unsuccessful Republican candidate for president, had questioned the constitutionality of the public accommodations section.

The court dealt today with two

### Southington Man Murdered, Clues Are Still Scarce

SOUTHINGTON (AP)—Mrs. Helen Sheppard left her husband Robert, 49, in his liquor store at about 6:30 Saturday night.

In front of the little shopping center the traffic moved cautiously along Route 6A through the fog. It was an uneventful night.

A 8 o'clock, the manager of the supermarket, the one other store open that night, closed up and went home.

At 8:30 a customer walked into the South End Package Store. He found Sheppard lying on the floor dead, a pool of blood beneath him. He had been shot twice in the head.

Police have found no witnesses, no one who heard anything unusual, no one who saw anyone behaving suspiciously at the shopping center, Chief G. Robert Triano said Sunday night.

But sometime between 6:30 and 8:30 an autopsy was unable to pinpoint the exact time of death — someone killed Robert Sheppard.

Triano said robbery was probably the motive for the slaying, since the cash register had been emptied of everything except some change.

Three .22 rifle cartridges were found on the floor of the store. Two were spent. The other had not been fired or had misfired.

## Electoral College Meeting Today

# Record 70,621,479 Voted But Percentage Declined

WASHINGTON (AP)—A record 70,621,479 Americans voted in last month's presidential election, official totals tabulated by The Associated Press showed today.

The popular vote totals which showed an increase of almost 1.5 million over the 1960 election were:

President Johnson 43,126,218

Sen. Barry Goldwater 27,174,989

Others 320,363

Although the total set a record, there was a percentage decline in voter participation compared with 1960 — based on the number of Americans who were of voting age on Election Day.

In the 1960 race, 63.1 per cent of the persons the Census Bureau estimated were of voting age cast ballots for president.

This year, with the number of age-eligible voters estimated at 113.9 million by the bureau, the participation rate was down to 62 per cent.

In all, 35 states showed declines in participation over 1960. Where four years ago 29 states had 70 per cent or more of their voting age population at the polls, this year only 16 could surpass that figure.

But the Southern states, always on the bottom of vote participation charts, scored dramatic gains. All of the 11 states of the old Confederacy had increases in their total presidential vote and 10 of the 11 showed percentage increases — some of them marked.

Georgia, for instance, was up from 30.2 per cent to 43.2 per cent; Arkansas was up from 40.9 to 49.3; South Carolina jumped from 30.3 to 38; and Vir-

ginia climbed from 32.9 to 41.

Over-all, the Southern popular vote rose by a little more than 2 million — from 10.2 million to 12.3 million — in contrast with the national increase of 1.8 million.

Goldwater's total in the 10 Southern states was 5,963,319, an increase of 1.27 million over Richard M. Nixon's total there in 1960. Goldwater ran about 8.5 million votes behind Nixon in the rest of the nation.

Johnson's total was 8,869,122 higher than John F. Kennedy's in 1960.

Johnson's victory margin of almost 16 million and his 61 per cent share of the total vote set new U.S. political records. So, too, did his popular vote total, far surpassing the 35.5 million racked up by Republican Dwight D. Eisenhower in 1956.

WASHINGTON (AP)—Presidential electors meet across the land today to make official the election of Lyndon B. Johnson as president and Hubert H. Humphrey as vice president.

If the 538 electors do the expected, and follow the instructions given them Nov. 3 by some 70 million voters, Johnson and Humphrey will each defeat their Republican opponents, Sen.

(See Page Fifteen)

## Cold Front Coming, Fog Cleared Away

BOSTON (AP)—Fair and mild weather was the rule throughout New England Monday after a weekend of treacherous fog that slowed down air and ground travel.

Overnight readings seemed more like seasonal high temperatures. The lowest reading overnight in Providence, R.I., and Bridgeport, Conn., was 41 degrees. The lowest temperature reported was 28 at Pittsfield, Mass.

Colder weather is due to set in on Tuesday however. The mild temperatures a nd

fog hurt the skiers' outlook in Northern New England.

Burlington, Vt., lost about nine inches of snow from Saturday morning through Sunday. Concord, N.H., lost four inches and Old Town, Maine, six inches.

The fog delayed until today return of the University of Massachusetts football team from Florida. Low visibility prevented plane landings in western Massachusetts. The Redmen beaten 14-13 in the Tangerine Bowl were one back yesterday.

Logan airport at Boston was the unscheduled landing place Saturday and Sunday of 37 New York-bound transatlantic jet flights with nearly 3,000 passengers.

But the stops at Logan were ended after 5:30 p.m. Sunday when the ceiling dropped below 250 feet.

Other planes were diverted to Hanscom Air Field at Bedford, Mass.

Some flights were cancelled or diverted to Philadelphia.

One of the planes, that had left Paris with 132 servicemen and their families made stops at Montreal, Detroit and Hanscom Field before the passengers got out at the Bedford facility and went to New York by bus.

The fog was formed by cold front contact with warm air. Temperatures in parts of Massachusetts had soared to balmy spring-like levels Sunday.

Massachusetts State Police cut speeds to 40 m.p.h. or 50 m.p.h. on parts of the Massachusetts Turnpike because of fog. The normal speed is 65.

On Route 128 around Boston, where fog was blamed for pile-ups totaling about 100 autos one morning last month, police re-

## Wolcott Man Dies In Viet Nam Crash

SAIGON, South Viet Nam (AP)—Two Americans and 36 Vietnamese soldiers killed in the crash of a paratroop transport plane are reliably reported to have been training for operations against the Communists outside South Viet Nam.

The two American deaths and that of another U.S. serviceman in a ground action against the Viet Cong Sunday brought to 236 the number of Americans killed in combat in South Viet Nam since December 1961.

Another U.S. serviceman was presumed drowned when he disappeared Sunday while crossing a river near the Laotian border. It was not known whether he was taking part in a combat operation.

The C123 paratroop plane crashed into a mountain Friday night after taking off from Da Nang airport, 90 miles south of Communist North Viet Nam. The crash was kept secret for two days.

U.S. officials identified the dead Americans as Maj. Woodrow W. Vaden of Clarkville,

Tenn., and Sgt. LC Dominick Sansone of Wolcott, Conn.

The officials would make no comment on the crash. However, highly reliable sources said the troops were training for commando action outside Viet Nam, presumably in North Viet Nam or against Viet Cong supply trails through neighboring Laos.

The flight had a number of unusual aspects.

The Americans, who were Special Forces advisers, and 30 Vietnamese Special Forces troops were wearing parachutes for a night jump, an unusual operation in the anti-guerrilla warfare here. The plane carried a crew of six instead of the usual three, and the additional

WHICH CAR ARE IN MORE ACCIDENTS—OLDER, LOW-POWERED CARS OR NEWER, HIGH-POWERED CARS?

### Buses Start Shuttle Run

The Connecticut Company's "Shoppers' Shuttle" started operation on Main St. at 9:30 this morning, with buses leaving Depot Square and the South Main at 15-minute intervals.

The 30-day trial run will open at 9:30 a.m. and 5:30 p.m. daily, Monday through Friday.

A check of the buses up until the Herald's press time, disclosed that the run has not yet "taken on" with an average of only five passengers on each trip.

### Youths Caught In Stolen Car

Two Manchester youths are being turned over to local police today by New York police authorities after they were found in possession of a stolen automobile.

A 1960 Ford registered to Rita Morin of 34 Griffin Rd. was stolen from a private parking area in front of that address early Saturday morning but was recovered on the evening of the same day on Lynde St.

### HEAVY CONTRIBUTORS

WASHINGTON (AP)—Mrs. B. Newington and J. C. Newington of Greenwich led Connecticut contributors to party fund-raising groups during the 1964 campaign with donations adding up to \$36,000, according to records filed with the Clerk of the House.

## Events In State

(Continued from Page One)

when the vehicle swerved off to the left and struck a highway fence, State Police reported.

Mrs. Florence Masterton, 68-year-old widow, was struck as she was walking across New London's Bank Street. Police said Edward J. Baker, 44, of New London, the driver of the car, was charged with negligent homicide.

At Middletown, a car smashed sideways against a utility pole on Route 72. The driver, Alan J. Pennon of Middletown, died shortly after the accident. Herri B. Stella Jr. of West Hartford, a passenger, died at Hartford Hospital Saturday afternoon. Both were 18.

### No Beatie Cut

WESTBROOK (AP)—Fifteen-year-old Edward T. Kores Jr. combs his hair in bangs, like the Beatles. The school superintendent says he can't return to school until he combs his hair sideways.

The boy's parents, Mr. and Mrs. Edward T. Kores (of Westport Road), were informed this weekend that the Westbrook Board of Education had upheld School Superintendent Arnold Oliver's suspension of their son.

Young Kores, who groomed his Beatle-style hairdo last September, was suspended Nov. 18 from the Westbrook Junior-Senior High School.

His parents plan to fight the suspension order. They say they will take up the case with the Connecticut Commission on Civil Rights as a first step.

### ESCAPES FROM JAIL

LITCHFIELD (AP)—State Police sought today a 27-year-old Waterbury man who got away Sunday night from the state jail at Litchfield.

Richard Eustace, 27, was charged with a one-year sentence for burglary, slipped off from a kitchen detail, State Police said.

### HUSBAND, WIFE DIED

MILFORD (AP)—Seventy-five-year-old Nicholas Penchak Sr. and his wife Tamara, 71, died Sunday night within minutes of each other. Penchak apparently suffered a heart attack as an ambulance was on the way to his home at 20 Hale Ave., Mrs. Penchak was also stricken. Both were pronounced dead on arrival at Milford Hospital.

### ATTY. EAGAN RESIGNS

HARTFORD (AP)—F. Owen Eagan, who served briefly as an interim U. S. Attorney this year, has submitted his resignation as an Assistant U. S. Attorney.

Eagan predicted "there will be fighting in every country of Latin America," saying "revolutionary conditions are ripe." In Venezuela, Colombia, and Guatemala, there is already fighting taking place," he said.

August to replace Robert C. Zampino, now a U. S. District judge, and stepped down when Jon O. Newman's appointment as U. S. Attorney was confirmed by the Senate on Oct. 16.

## Town to Get Most Of Spencer Taxes

(Continued from Page One)

More than \$28,000 in overdue real estate taxes owed the town by the bankrupt Spencer Rubber Products Co. from as long ago as 1957 will be paid this month.

Judge T. Emmet Clarke in Federal District Court this morning placed the claims of the town and the district before the claims of the Federal government and of private creditors.

The government had been asking foreclosure of a Small Business Administration mortgage and \$80,000 in damages. In addition there were Internal Revenue Service claims against the property.

Consistent State law gives municipalities first priority when funds of bankrupt firms are distributed.

Atty. F. Owen Eagan, U.S. Attorney for Connecticut, agreed this morning that the Federal government "must concur" with the stipulation submitted by Atty. Klaus assigning the proceeds of the sale to the town and the district.

Judge Clarke said that the money would be distributed as follows: The town's \$28,000 was not included in the estimates of income for the current fiscal year in May. Hence the funds will contribute unneeded revenues to the town coffers.

The funds to be distributed to the town and the district are the proceeds of the sale of the old Spencer Rubber Products plant at Chapel St., near Depot Square.

The building was sold at auction in June 1963 to an out-of-town bidder for \$32,000. The money was turned over to the district. Court clerk pending a settlement on the distribution of the funds.

The buyer is Robert P. Maier, of Hoboken, N. J., a large creditor of the bankrupt Spencer Co. and the only bidder at the June auction.

The town was denied a motion in October for a new auction. Atty. Klaus contended, at the time that the bid price was too low, and offered testimony in court that the liquidation value of the property was \$45,500.

Had the court authorized a new auction, the town might have realized more or all of the \$32,000 bid. Today's order authorized the distribution of \$30,025.24 of the \$32,000 sales price to be divided between the town and the district. The remaining \$1,974.76 of the \$32,000 was awarded to John F. Scully, the court appointed special master who oversaw the auction, for services and expenses incurred.

The distribution was proposed by Atty. Klaus and agreed upon by Eighth District Counsel Atty. John D. LaBelle.

It was arrived at by adding the real estate taxes and interest due both the town and the district, computing that percentage of the total owed to each and multiplying the available \$30,025.24 by the resulting percentages.

The court agreed today to the distribution.

## Makes Debut with a Bang!

(Continued from Page One)

Milwaukee Deputy Sheriff Henry Sapinski, lower right, blazes away with his 38 police special in his debut with the Milwaukee Symphony. The orchestra was playing Tchaikovsky's "1812 Overture" and Sheriff Sapinski's part called for 16 volleys into a 55-gallon drum.

What with reloading and all, Sapinski managed 12 shots and added "that ought to be close enough." (AP Photofax.)

On leaving the studio, after appearing on television for better relations between Cuba and the United States, Guevara directed that his car drive again past the crowd of Cuban pickets, said Police Inspector Walter Henning, who had charge of the security force.

"The motorcycle is going to the corner," the inspector told newsmen. "Then it's going to make a U-turn and come back up the block right in front of these people. Do you know why? Because this guy wants to ride past these people and thumb his nose at them."

One person in the crowd hurled a cigarette lighter at Guevara's car. It was the closest thing to any violence aimed at him since an abortive bazooka shot Friday at the United Nations Building where he was speaking, denouncing the United States.

The bazooka shell, fired across the East River from Queens, exploded in the water about 100 yards from the U. N. headquarters on the Manhattan shoreline. The perpetrators have not been caught.

Teachers Needed  
LONDON—British school leaders meet teachers to meet a 22 per cent increase by 1971 in schoolchildren between ages five and eight.

On Saturday morning and later parked on an adjoining parking area. Keys were in the car and there was a full tank of gasoline.

## People In the News

(Continued from Page One)

HARRY S. TRUMAN INDEPENDENCE, Mo. (AP) — Old grand Harry S. Truman had the word of advice for the young people of Independence: "The more you know the better off you are."

The former president spoke Sunday at the dedication of the new Truman High School, named for him and his wife, Bess.

Mr. and Mrs. Truman both graduated from the old Independence High School in 1904. Among the 1,700 persons on hand for the dedication ceremony was Mrs. W. L. Palmer, who taught Latin and mathematics to the Trumans in 1897.

"I feel good that I lived long enough to see a school named for them," said Mrs. Palmer, who is 89. "They are both such wonderful people."

BEN. TED KENNEDY BOSTON (AP) — Sen. Edward M. Kennedy of Massachusetts is to fulfill a promise to himself Wednesday.

The brother of the late President John F. Kennedy has vowed to be unseated out of a Boston hospital where he has been recovering from a broken back, suffered in a plane crash last June 19.

A spokesman for Kennedy said the senator plans to leave the hospital Wednesday morning and fly to Palm Beach, Fla., for further recuperation.

ADLAI STEVENSON NEW YORK (AP) — Adlai E. Stevenson, Chief U.S. delegate to the United Nations, said he will not rule out the possibility of a U.N. peacekeeping force to police the border between North and South Vietnam.

The United Nations might be very useful in policing any peace between North and South Vietnam, Stevenson said Sunday in a television interview—NBC's "Meet the Press."

He pointed out, however, that it would be difficult for the United States to play a part in obtaining peace in Southeast Asia because the 1954 and 1955 Geneva agreements vested such authority in the International Control Commission.

Bible Reading Takes 18 Hours WHITE CLOUD, Kan. (AP) — They read the New Testament Sunday at the Zion Methodist church. It took almost 18 hours.

The Rev. Robert B. Alexander, pastor of the rural church about 15 miles southwest of White Cloud, began the reading at 3 a.m. Sunday morning.

About 120 persons were on hand. A total of 72 persons participated in the reading of the Scriptures, each reading about 15 minutes. The only interruptions were six 30-second pauses when a martyr was mentioned. During these pauses the organist sounded the church bells.

Members of the congregation dressed to resemble Christ, Roman soldiers and the two Marys, pantomimed the story of the Crucifixion each time it was mentioned.

The crowd thinned to about 80 at times as members of the congregation, mostly made up of farm families, were hurriedly to do chores. Meals were served in a room adjacent to the church sanctuary.

The Bible Sunday observance ended shortly before 8 o'clock Sunday night with about 300 persons filling the church.

Elephant Helps Decorate Tree PHOENIX, Ariz. (AP) — A Christmas party at the Phoenix Zoo won't be complete in the future without the help of Heffalump, a female elephant.

A 50-foot Douglas fir from the Oregon forests was set up at the zoo entrance to prepare for the General Electric Co. yule party for employees and their families. Arizona Public Service Co. employees used a cherry picker crane to decorate the topmost branches, while Heffalump plodded around the base with Jeanne Crane, 21, a GE employee aboard. She hung candy canes as Heffalump performed her duties under the watchful eye of a trainer.

About 1,000 attended the party Sunday. None of the sweet stuff went to Heffalump. The trainer said the elephant, a favorite with youngsters, was content with an extra ration of peanuts.

### Bolton Planning Panel to Give Aid in Conservation Effort

The planning commission has agreed to offer all the help it can to the newly formed conservation committee, which is to be organized on Friday night.

The planning commission made its plans available to the conservationists.

James Hassett, planning chairman, said that his commission could also help by suggesting names of long-time residents familiar with the various natural areas in the town.

The conservation commission is set up by the annual town meeting to acquire land under the open space plan. The land would be used for recreational purposes, either in its natural state, or with the addition of swimming and sport facilities.

Hassett said that he himself favored several recreation areas scattered throughout the town because of the problem of transporting children. He agreed that a swimming area would be an exception, because of the supervision involved.

Hassett described the town and the planning commission as a "special town" and said that he would like to see the drainage system improved in some places that the planning commission had been asked to make five-acre minimum lots. The minimum size is one acre. Because of this biological planning, Hassett said a public water system would be very difficult to build. He said there were very little chances of any industry coming to the town.

Hassett explained that the planning commission meetings were always open to everyone and that the commission acts as a body rather than as individual members. He said that the town had always granted what the commission has recommended to call Mrs. Arthur Finney Jr. or Mrs. Arthur Finney.

In other business, the planning commission decided to write Wilfred Maxwell, a resident and member of the state development commission, to find out what matching funds are available for updating town maps. Bolton's pilot plan was done in 1958.

**Yule Programs Set**

Christmas programs will be held this week at each of the four Bolton churches.

St. Martin's annual pageant and carol sing will be held Thursday at 8 p.m. Plays will be presented by three groups, Grades 1 through 6, Grades 7 and 8, and the GYO. If weather permits, everyone will go outdoors to sing carols in front of the church.

Bolton Congregational Church will have a family Christmas program Friday at 7 p.m. in the Education Building. "White Gifts" for the Methodist Training School will be presented during a nativity tableau by the Junior High Fellowship. The program will include a film of the Birth puppets and a skit by Grade 8 and will end with carols.

United Methodist Church will have a church school Christmas program at 3 p.m. Sunday. The "Carols Are For Christmas" program will be given by the Sunday school classes and the choir. Refreshments will be served after the program.

St. George's Episcopal Church will hold its first nativity pageant Sunday at 4:30 p.m. Under the direction of Mrs. Trevor Ledger-Thomas and the Rev. Edward Johnson.

### Santa's Workshop

There are 7 days left to visit Santa's Workshop at Center Springs Lodge.

Santa and his elves will be at the shop every afternoon from 3:30 to 8:30 and 8 to 8:30 through Friday. The Saturday and Sunday hours are 1 to 5, and the Workshop closes Sunday. It is run by the two departments under Chamber of Commerce sponsorship.

**Contract Given To Low Bidder**

Manchester Auto Parts of Broad St. has been awarded a contract for supplying town vehicles with needed batteries between now and Nov. 15, 1965. The local company, at bid openings on Nov. 6, offered a 25 per cent discount from code prices, and was the lowest of four bidders for the item.

The contract specifies that if four bidders for the item, the contractor will increase or decrease now and Nov. 15, 1965, the same 25 per cent discount shall apply to the new price lists.

**Added Duty Doubled**

CAIRO, U.A.R.—The "statistical" levied on all goods imported into the United Arab Republic, in addition to customs duties, has been doubled and is now 20 per cent ad valorem. The previous rate was 10 per cent, but it was applied to certain government-specified food imports.

### Rusk Opens Pre-NATO Conferences

American forces with modern arms in Western Europe.

Rusk brushed aside differences within the alliance as "secondary matters," saying: "Question of the press sometimes writes about what is called the 'disarray' of NATO. Let me point out to you the success of NATO in meeting its primary purpose: apparently affords us the luxury of differing about secondary matters."

Among the "secondary matters" Rusk apparently included the proposed multilateral nuclear force — known generally as MLF — which the United States and West Germany are urging and which De Gaulle opposes.

In Britain, members of Prime Minister Harold Wilson's Labor government reported that the multilateral force as originally planned in "Hillborn" and that Wilson will make new proposals for an Atlantic nuclear force in a debate beginning Wednesday in the House of Commons.

**\$24 Billion Paid States**

CHICAGO—State tax collections exceeded hopes by localities in fiscal 1964. The amounts were \$24 billion for states, mostly from sales taxes, and \$2.7 billion in local levies.

### Help You Overcome FALSE TEETH Looseness and Worry

We cannot be accused of feeling that we have a false teeth problem. We have a false teeth problem. We have a false teeth problem. We have a false teeth problem.

**Architect Selected For JFK Memorial**

NEW YORK (AP)—The Kennedy family has selected an architect for the John F. Kennedy Memorial Library — with its multi-million dollar cost already over-subscribed.

At a news conference Sunday, Robert F. Kennedy of the New York named Ioh Ming Paw, Canton-born New York architect and Harvard professor.

Mrs. John F. Kennedy, widow of the president, was present but did not say anything.

The library will be built on the Boston bank of the Charles River near the Harvard Business School.

Eugene Black, in charge of fundraising for the library, said additional funds would be sought to provide an endowment for the institute.

Black, former president of the World Bank, said "Contributions have come in from all over the country and the world, ranging from a few weeks ago in the center of a million dollars. Over four million Americans have given something."

Dr. W. Henry Sebrell Jr., head of the institute, says the main of the students "do some pretty sophisticated research work."

One of the leading killers studied by the institute is a combination of deficiency of vitamin A, iron and protein.

If intakes of both are very low, reports Dr. King, the mortality rate, even after medical care, is a staggering 85 per cent.

Dr. King says reasons for this and other phenomena are not fully understood "but research can be done."

He adds that if low-cost, high-quality protein foods — such as soybeans — could be produced and distributed globally, the death rate could be dramatically lowered.

The institute was founded in 1962 by Dr. King and other scientists. It is located in an old two-story building across from the main entrance of the medical center and is shared with a dry-cleaning establishment, a restaurant and various stores.

Laboratory work is being carried on wherever space is available — at the medical school, at the Rockefeller Institute in Manhattan, at the Virginia Polytechnic Institute in Blacksburg, Va.

The institute will have a floor and a half for clinical research in one of the new buildings now under construction at St. Luke's Hospital, and it will have another one-half floor in a new building under construction at the Jefferson Medical Center.

Most of them come from foreign countries — usually the emerging nations of Africa, Asia or South America.

Courses — not generally offered elsewhere — include problems of food and drug law regulation, food production and economics, and food technology.

### Architect Selected For JFK Memorial

NEW YORK (AP)—The Kennedy family has selected an architect for the John F. Kennedy Memorial Library — with its multi-million dollar cost already over-subscribed.

At a news conference Sunday, Robert F. Kennedy of the New York named Ioh Ming Paw, Canton-born New York architect and Harvard professor.

Mrs. John F. Kennedy, widow of the president, was present but did not say anything.

The library will be built on the Boston bank of the Charles River near the Harvard Business School.

Eugene Black, in charge of fundraising for the library, said additional funds would be sought to provide an endowment for the institute.

Black, former president of the World Bank, said "Contributions have come in from all over the country and the world, ranging from a few weeks ago in the center of a million dollars. Over four million Americans have given something."

Dr. W. Henry Sebrell Jr., head of the institute, says the main of the students "do some pretty sophisticated research work."

One of the leading killers studied by the institute is a combination of deficiency of vitamin A, iron and protein.

If intakes of both are very low, reports Dr. King, the mortality rate, even after medical care, is a staggering 85 per cent.

Dr. King says reasons for this and other phenomena are not fully understood "but research can be done."

He adds that if low-cost, high-quality protein foods — such as soybeans — could be produced and distributed globally, the death rate could be dramatically lowered.

The institute was founded in 1962 by Dr. King and other scientists. It is located in an old two-story building across from the main entrance of the medical center and is shared with a dry-cleaning establishment, a restaurant and various stores.

Laboratory work is being carried on wherever space is available — at the medical school, at the Rockefeller Institute in Manhattan, at the Virginia Polytechnic Institute in Blacksburg, Va.

The institute will have a floor and a half for clinical research in one of the new buildings now under construction at St. Luke's Hospital, and it will have another one-half floor in a new building under construction at the Jefferson Medical Center.

Most of them come from foreign countries — usually the emerging nations of Africa, Asia or South America.

Courses — not generally offered elsewhere — include problems of food and drug law regulation, food production and economics, and food technology.

### Hunger, Diet Deficiency Cut Life Expectancies

NEW YORK (AP)—The facts are eloquent, and the figures are shocking. In some of the world's underdeveloped areas, children have only a 50 per cent chance of reaching the age of 5 — because of hunger and deficiencies associated with it.

At the same time, one of the leading killers in the United States is the highly-often-needed food intake — which manifests itself in heart disease, stroke, liver disease, and kidney failure.

Tucked away in temporary quarters in an apartment house off 168th Street in Manhattan are the cramped headquarters of the Institute of Nutrition Sciences.

The institute — the only one of its kind in the Americas — tries to fight malnutrition globally.

In the United States, for example, institute researchers are investigating the influence of too many calories and too little exercise, the relation of cholesterol levels to heart failure, a possible connection between types of fat consumed and vitamin needs of infants.

In the Caribbean area, institute field teams are studying stunted growth and anemia caused by food deficiencies.

In Beirut, Lebanon, institute specialists are working on low-cost, high-protein food mixtures, and on protection from blindness caused by lack of vitamin A.

In New York itself, the institute trains researchers and public health officials in a program that draws on almost every scientific and medical field taught at Columbia.

Most of the 40-odd students in the institute each year already are medical doctors or public health officials.

Most of them come from foreign countries — usually the emerging nations of Africa, Asia or South America.

Courses — not generally offered elsewhere — include problems of food and drug law regulation, food production and economics, and food technology.

### Rockville-Vernon Shortage of Classrooms Faces Board at Meeting

The shortage of classrooms in the new school system will be the main consideration of members of the board of education at their meeting on Wednesday.

Dr. Raymond E. Ramsdell, superintendent of schools, noted that he will introduce proposals to the board on Wednesday.

Construction time for the new school is estimated at four months. Bids for the school will not be opened until Dec. 22, and work will start in January.

Adding to the problem are 400 new students who are expected to begin in the fall. Not all of the new pupils will be absorbed into existing classrooms.

In 1959, double sessions were held at the high school. This year, a three-month schedule of double sessions was held until the Ekimur Road Elementary School was finished.

Republican nominees for the Vermont government tonight at a town hall meeting in the caucus in the town hall.

At 8 p.m., a surprise program will be held. Mrs. Irene Weber will be in charge of devotions.

### Bank Charter Bid Denied

An application by a group of local businessmen for the establishment of a national bank in town was denied Saturday by a unit of the federal government.

The unit, a subdivision of the Treasury Department, called the Comptroller of the Currency, said in a letter that "factors in support of a new national bank in this area are not favorable."

The Rockville Little League will meet tonight in the Ellis Club library at 7:30. Heading tonight's agenda will be a discussion of the president of the club.

Admitted Saturday: Brenda Hall, Roland, Stephens Johnson, 126 E. Main St.; Julia Jenck, Tolland.

Admitted Saturday: James McBratney, 124 Orchard St.; Wilfred House, Ellington; Joseph Phelan, 20 S. Main St.; Richard Steadler, RFD 2.

BIRTHDAY: A son to Mr. and Mrs. Leonard Matvia, Talcottville Rd., a son to Mr. and Mrs. Robert Gross, 28 N. Park St., a son to Mr. and Mrs. Arthur Byfield, Tolland.

VERNON NEWS: A son to Mr. and Mrs. Lamar Anderson, 121 E. Main St.; a son to Mr. and Mrs. Richard Norris, Sycamore Rd.

That Blonde in the Office Could Be a Sly Mata Hari

NEW YORK (NEA) — The room and emerging, not alim-mer, but thicker around the middle. Investigation revealed that they were regularly queuing into three or four of the apart-ments and wearing their home. Another girl was placed in a theater lobby in St. Louis, ob-viously to give away free man-ufacturer samples of candy to moviegoers. By making an accurate count of patrons, she was able to prove that the the-ater owner was falsifying at-tribute receipts. Film distribu-tors, paid a percentage of the receipts, had been cheated reg-ularly. The disadvantage of being too good-looking is illustrated by the experience of one girl, placed as a cashier in an appliance store in New York, where thefts were suspected. The manager made a pass, she resisted and was fired on the spot. A less glamorous replacement was able to gather the required evi-dence without any trouble. In one case, however, glamor was necessary ingredient in the trap for the manager of a chain company. The manager suspected of falsifying re-ceipts and pocketing the differ-ence. Since he had a reputation as a Don Juan, an attractive blonde undercover agent was placed at the store. In a short time the manager was caught in a trap- ing her shell-like ears with talk of how he relieved the company of its excess profits. When patrons of a Los An-geles supermarket were sus-pected of being short-weighted on their meat, an agent was stationed behind the counter. The repre-sentative of a coffee com-pany, she kept an eye on the shelves. As it turned out, the em-ployees of the department had been selling meat on the side, then padding the required weight by cheating the customers. Into the rear of a parked car belonging to Mary E. Leduc of 89 Oak St. The accident occur-ing on Foster St. near Hawley St. Police report a minor acci-dent occurred Saturday morn-ing at Park and Old St. when Dr. noting her automobile into Park St. part a line of parked cars on the Douglas Motor-ist's garage. Barbara Kunal, of Garden St. No police action was taken. A three-car accident occur-ing yesterday afternoon re-sulted in a written warning for a defective equipment near-ing being issued to an 18-year-old Illinois driver. According to police, Thomas W. DeFore was trailing a line of cars on the Douglas Motor-ist's garage. His car then struck the vehicle before it. op-erated by Barbara Kunal, of Garden St. which was forced forward into a car driven by Klump O. Miller, 17, of 17 Barry Rd. Age Raises Costs WASHINGTON — A coording to the Institute of Real Estate Management, the expense of running an elevator apartment complex with the age of the building. A structure built be-fore 1920 costs \$84.20 per \$100 collected to maintain. Repar-ments put up since 1961 aver-aging \$32.90 in maintenance cost per \$100 income. Something Different for Christmas?

For the youngster who has everything, how about a nice little lion cub for his Christmas stocking? These two, at the Prospect Park Zoo in Brooklyn, are for sale to the highest bidder. Zoo officials say they have hundreds of requests from mothers who apparently feel they would make the ideal Christmas gifts. (AP Photofax).

1964 Voting Set Record For Numbers

(Continued from Page One) Barry Goldwater and Rep. William E. Miller, by margins of 488 to 82. The reason: there are 488 Democratic electors and 52 Republican ones. The Democratic electors from the 44 states and the District of Columbia, in which the Johnson-Humphrey ticket polled the most votes on Nov. 3, the Republican electors come from the six states in which the Goldwater-Miller slate was victorious. The electors meet and vote in the 50 state capitals and in the District of Columbia. The votes will be mailed to Washington where on Jan. 4 a joint session of Congress will count them and proclaim the winners. Johnson and Humphrey were victorious because they won states whose electoral votes totalled more than half of the 538 member Electoral College, not because of their popular vote majority — according to unofficial and incomplete figures — of 42,627,894 to 26,945,876. The Constitution grants to the electors the power to elect the president. Each state has a number of electors equal to its total of senators and repre-sentatives, and the candidate getting the most votes in each state wins all of the state's electoral votes. The District of Columbia, in addition, was granted three electors by the 23rd Amendment to the Constitution which gave residents of the nation's capital the vote in a presidential election this year for the first time. Better Than Compass WASHINGTON — Lost in the woods without a compass? Drive a stake into the ground, leaving at least three feet above the surface. Mark the tip of the shadow it casts. Ten minutes or so later, mark the spot where the tip of the shadow is then. A line drawn between the two marks will always point toward the east. The average error in this di-rection-finding system is only about 8 degrees — less than for many compass readings.

War Games Fun on Floor

Why do little boys like war toys — tanks, missiles, launchers, pilobots, and of course, guns? This question put to two sophisticated 10-year-olds elicited this reply: "It gives you a chance to crawl around on the floor doing something and pretending. Two fellows can have fun playing out a war and you can have lots of action going on without taking up too much space." Space toys are fine, these boys say. "They are good when you play outdoors," or when it snows and you can pretend you are on the moon." A check of available toys show the fun-on-the-floor crowd hasn't been forgotten by toy-land. The lowest of four scaled site launcher with a vista dome troop carrier and a complement of troops to provide fun in na-tional defense play. The attach-ed trailer carries a powerful rotating searchlight. Operational features parallel those of real army equipment. A new cannon game, Pow,

# Each Conference Champ Boasts Multiple Offensive Weapons Colts vs. Browns for NFL Crown

NEW YORK (AP)—The Baltimore Colts vs. the Cleveland Browns for the National Football League championship, Johnny Unitas vs. Jimmy Brown.

The ideal test—Passing vs. Rushing.

But it's not that simple. Despite the fact that Unitas and Brown are the acknowledged leaders in their respective phases of the game each team has multiple offensive weapons and proved it in final regular season games.

The Browns clinched their division title Sunday by crushing the New York Giants 22-0 as Frank Ryan first five touchdowns pass, Lettyn Moore and Ray Berry played key roles for the Western Division champion Colts Sunday, setting records in a 49-17 romp over Washington.

Taking their three standouts from each team in those names reveals some intriguing matchups for the championship game at Cleveland, Dec. 27.

**PASSING**

Unitas—Passed for two touchdowns in 16 completions, a 33.7 per cent accuracy mark. He had six passes intercepted.

Ryan—Finished the season with 174 completions, a 52 per cent mark, 2,404 yards and 20 TD's. He had 13 passes stolen.

**RUSHING**

Moore—Scored one touchdown and brought his total to 20, breaking the record set by Jim Taylor of Green Bay in 1952. Gained 664 yards during the season for a 3.7 average.

Brown—Scored one touchdown and brought his total to 20, breaking the record set by Jim Taylor of Green Bay in 1952. Gained 664 yards during the season for a 3.7 average.

**RECEIVING**

Berry—Caught five passes for a career total of 208. Three more than the record held by Bill Houston of Green Bay and set in 1952 to catch more than 20 passes.

Paul Warfield—Caught five passes for a total of 92. A total of nine touchdowns. Warfield is the first to catch more than 20 passes in 1962 to catch more than 20 passes.

**DEFENSE**

Paul Warfield—Caught five passes for a total of 92. A total of nine touchdowns. Warfield is the first to catch more than 20 passes in 1962 to catch more than 20 passes.

**RECORD-SETTER**— Baltimore Colts' Lenny Moore (24) is hugged by teammate Jim Parker after he scored 20th touchdown of the season, a National Football League record, in Sunday's Colt-Washington Redskins game. At left is Lintime Joe Connel, who presented the ball to Moore, and at right is Redskin Jim Shorter (47).

# Giardello Risks Ring Title With Challenger Carter

PHILADELPHIA (AP)—Paterson, N.J. Starting time is 10 p.m., EST.

Giardello will be no national television title with an upset 15-round decision over the challenger, Dick Tiger at Atlantic City, N.J., Dec. 17, 1964. He has had only two non-title fights since, outpointing Argentine's Rocky Rivera twice.

He has won seven straight rounds to a 25-0 record in the seventh round six years ago. All three were technical knockouts.

Carter, 27, started boxing in the Army, and has a 20-4 record in three years of pro boxing. He has scored 13 knockouts and been stopped once by Joe Gans in six last year.

# Buffalo Step Closer To AFL Eastern Honors

NEW YORK (AP)—The Buffalo Bills are one step closer to the American Football League Eastern Division title, but there's one huge hurdle left—the Boston Patriots.

The Bills, who would have remained in the running regardless of the outcome of their game with Denver, improved their position slightly Sunday with a 20-17 victory.

That gives them an 11-2 record to Boston's 10-2-1. By need only a tie with the Patriots in the final game of the regular season Sunday to clinch the title and a spot in the championship game against the San Diego Chargers.

The Patriots, who last week bested Buffalo 28-28 earlier this season and now have a five-game winning streak going, stopped by Spider Webb in the seventh round six years ago. All three were technical knockouts.

Carter, 27, started boxing in the Army, and has a 20-4 record in three years of pro boxing. He has scored 13 knockouts and been stopped once by Joe Gans in six last year.

# Humid Weather Big Factor In UMass Grid Bowl Loss

ORLANDO, Fla. (AP)—Wash. Post's weather reporter said the weather was the great culprit in the University of Massachusetts' loss to the San Diego Chargers in a 28-17 game Sunday.

There may never be a completely satisfactory answer to why the Redmen were beaten by East Carolina in the Tangerine Bowl but Coach Vic Fazio says the weather was a factor.

When Saturday's game reached the critical stage, the Chargers' offense and East Carolina's defense were both affected.

Fazio said, "You could see it before the third quarter was up. You could see it in the minds of our players. We lost steam and East Carolina's need became our need."

The Pirates' talkback, little All-American Bill Kline, showed plenty of speed in a performance that won him the most valuable player award in the game.

And Dick Bush, a 9.8 100-yard dash man from the track team, ran an average of 3.40 seconds to set up the winning touchdown on a 66-yard pass.

Fazio felt the turning point was the victory which turned the game into a defensive struggle. America's performer, who had it on his finger tips but couldn't control it.

The Redmen were moving for a score that would have given them a 2-0 lead and a catch of the vital pass would have put the ball on the East Carolina 10. But the ball bounced into the hands of Dinky Mills, the Pirates' defender.

An example of how disappointed the Massachusetts players were at the outcome was the post-game indifference shown by halfback Ken Paine, who scored both Redmen touchdowns.

Paine was awarded the sportsmanship award but he left the trophy behind in the locker room. The bus had to be held while the trophy was retrieved.

Games Meet Party Dos, Don't's Answer for Rainy Days

By VIVIAN BROWN... Young people are planning for a big social season this winter. You can tell just by listening to the conversation.

Games Meet Party Dos, Don't's Answer for Rainy Days... What the girls were mainly concerned with, believe it or not, is etiquette.

Games Meet Party Dos, Don't's Answer for Rainy Days... A That would be pretty magnificent and almost unheard of, and we sure you wouldn't have a holiday party at mid-winter.

Games Meet Party Dos, Don't's Answer for Rainy Days... A No, many young people give midnight breakfast parties. Teenagers surely wouldn't find it ridiculous.

Games Meet Party Dos, Don't's Answer for Rainy Days... A They met girls formal and boys informal? Even if a boy is not a party person, he can be the informant of having it cleared.

Games Meet Party Dos, Don't's Answer for Rainy Days... A Guests about bring alcohol to your home? It is a silly idea to give a party at home.

Games Meet Party Dos, Don't's Answer for Rainy Days... A No law against it? This tendency caused sharp criticism from the North American.

Games Meet Party Dos, Don't's Answer for Rainy Days... A Tricky Boat Trailer... DEAR POLLY - Here is an opportunity to win a prize.

Games Meet Party Dos, Don't's Answer for Rainy Days... DEAR POLLY - Love that column! Use a small size croch hook to sew small size.

Games Meet Party Dos, Don't's Answer for Rainy Days... DEAR POLLY - When knitting or crocheting with light yarn, I found that the contrast of a dark skirt allowed me to see the stitches more clearly.
