Easter Dawn, 1965, as Seen on Fox Hill

Worshippers gathered at the Fox Hill tower early yesterday morning for an Easter dawn service. Clouds partially obscured the sun during the service led by the Rev. John Post. (Herald photo by Saternis.)

Easter Peace Theme Heard Around World

NEW YORK (AP)—An Easter theme of peace echoed around the world today.

It was sounded on a windy hill in Korea, at an outdoor Mass in St. Peter's Square in the Vatican City and in a tiny Episcopal church in the small central Texas town of Blanco.

The serenity and joy of Easter Sunday prevailed in the traditional Easter parades, topped by colorful ones in New York, Atlantic City and Philadelphia.

In Korea, some 200 American servicemen and 50 Korean orphans knelt before a white wooden cross on White Cross

to say Easter prayers for eternal peace.

A half-million persons braved a cold wind and rain in St. Peter's Square to hear the annual Easter message of Pope Paul VI at an outdoor Mass.

The 67-year-old pontiff, in a plea clearly aimed at the fighting in Viet Nam, urged a negotiated end to "every war and guerrilla operation."

He asked for rejoicing on the Christian feast day commemorating the resurrection of Christ. He said it should be a time of optimism, inspiring the world toward peace and justice, and the desire "of a new start in the history of man."

President Johnson and the

First Lady heard a sermon dealing solely with the Easter theme by the lay vicar of St. Michaels and All the Angels church in Blanco, Tex.

Vicar Edwin A. Thayer urged in his sermon: "Let us see if we cannot put more into this Easter message than pretty new hat or a pretty new suit."

The sermon was put into a single sentence capsule:

"The three-fold Easter message is God rules, Jesus lives, God loves, and it is proclaimed anew in the cry, He is risen."

While Johnson was in Texas, demonstrators called off an Easter vigil an hour early Sunday afternoon after failing in their attempt to present personally to the President a petition protesting U.S. action in Viet Nam. They had stood in silent protest near the LBJ Ranch for 11 hours Saturday and Sunday.

Ban-the-bomb rallies in various West German cities turned into demonstrations of solidarity with American students who picketed the White House Sunday to protest the U.S. policy in Viet Nam.

Tens of thousands of West Berliners streamed to East Berlin to spend Easter Sunday with

Events In State

10 Injured, Two Critical In Pike Crash

WESTPORT (AP)—Two women, including the wife of State Rep. James P. Downey of Massachusetts, remained in critical condition today as the result of an accident on the Connecticut Turnpike.

State Police said that Downey, 54, of Brockton, swerved to avoid a five-car pileup on the Turnpike Sunday night and that his car then crashed head-on into another auto.

Ten persons were injured in the crash.

Downey's car, state police said, went over the center esplanade. His car and another driven by Anthony Fabbriante, 40, of Putnam, collided.

Downey's wife, Ida, 54, received head injuries and was listed in critical condition at Norwalk Hospital.

Fabbriante's wife, Rose, 37, suffered head and internal injuries and also was on the hospital's critical list.

Dies in Fire

STRATFORD (AP)—A 40-year-old man lost his life in a fire that swept his home today.

His 73-year-old mother was rescued from a second floor bedroom by a policeman.

Terrence P. Wynne, a compositor for the Post Publishing Co. of Bridgeport since 1947, was found on a bedroom floor in the two-story frame building at 74 Ridge Road. He died in Bridgeport Hospital.

His mother, Mrs. Elizabeth Wynne, was admitted to the hospital for treatment of smoke inhalation.

Cong Downs 'Copters, Nine Americans Killed

SAIGON, South Viet Nam (AP)—Viet Cong gunners shot down two U.S. Army helicopters and damaged another in a fight on the coastal plain north of Qui Nhon today, killing nine of the American crewmen.

The two felled helicopters exploded on hitting the ground and the four officers and four gunners aboard them perished. Bullets hit another of the craft and killed its copilot, but the pilot got the copter back to Qui Nhon.

The roll of American combat barges on the Dia Giang River. They also reported a direct hit on one cargo-carrying river boat. The same group attacked the Phu Le army barracks, on the southern section of Route 101.

Air Force pilots flew armed reconnaissance missions over two east-west routes, 8 and 12. Though handicapped by heavy clouds, 10 F105 fighter bombers and an undisclosed number of support aircraft bombed and strafed various targets without opposition.

A spokesman said the results were not immediately available.

Ten U.S. Air Force F105 jets and an undisclosed member of support aircraft dropped 750 bombs and rockets over Routes 8 and 12 in north Viet Nam this afternoon.

A U.S. spokesman did not identify the targets and said the results of the action were not immediately available. He said there were heavy clouds and the planes encountered no enemy aircraft or anti-aircraft fire.

Eight U.S. Air Force F105s made leaflet drops this afternoon on seven North Vietnamese cities. The planes dropped

(See Page Ten)

Kosygin Says U.S. Invites Reprisals

MOSCOW (AP)—Premier Alexei N. Kosygin warned the United States today that it is nearing a "dangerous deadline" in Viet Nam and said the use of gas napalm and phosphorous bombs there "may invite retaliation in kind."

Kosygin made the remark during a bitter attack on American policy in South Viet Nam which he said was "fraught with unforeseen consequences."

Kosygin, speaking at a Soviet-Mongolian friendship rally for visiting Mongolian President Yumzhagin Tsedenbal, denounced the use of napalm and phosphorous bombs and what he termed "retaliation in kind."

"The use of aggressors of these or other means of warfare may invite retaliation in kind," the United States has denied that it has used poison gas in South Viet Nam. It says it has furnished the South Vietnamese nonlethal riot control gases like tear gas.

"The mounting danger and tension in the political background," Kosygin said, "by escalating the war against Socialist Viet Nam, the United States is approaching a dangerous deadline, step by step."

The Soviet premier also referred in his speech to an agreement for further Soviet military aid to the Hanoi regime concluded during talks here last week with North Vietnamese Communist party leader Le Duan.

The agreement, published in a weekend communique here, contained a Soviet pledge to send Soviet volunteers to Viet Nam.

Kosygin made no mention of the question of volunteers or of the Soviet pledge to send them if the United States "aggression" against North Viet Nam is intensified, if the North Vietnamese request them, and if there was a "case of necessity."

Kosygin's remarks came after reports from Viet Nam that construction work has been spotted around Hanoi on what appear to be missile sites.

The discovery prompted speculation in the West that the Soviets were on the verge of setting up Soviet-manned anti-aircraft missiles on these sites.

Kosygin's reference to "modern weapons" and "retaliation

No Happy Easter for This Flood Victim

Peak Passes Twin Cities

Thousands Homeless As Floods Continue

CHICAGO (AP)—The battle against spring flooding continued today in the Midwest where the rampaging Mississippi River and tributary streams already have left 12 dead and thousands homeless and caused millions of dollars worth of damage.

From the upper reaches of the Mississippi to the mouth of the Ohio River, thousands of volunteers and National Guardsmen

strive to strengthen dikes against the surging water thundering downstream after reaching an apparent crest at Minneapolis and St. Paul, Minn., Friday night.

The peak of the worst flood in Minnesota's history, is believed to have passed the Twin Cities. The flood waters threatened new destruction in already inundated sections of southern Minnesota, Wisconsin, Illinois and Iowa. In Missouri, the water level began dropping but observers said it could rise again. In North Dakota, thousands of acres remained under water from the flooding Red River of the North.

Commuter Decision Due

R.R. Chiefs Hear Emergency Plan

NEW YORK (AP)—The three federal bankruptcy trustees of the New Haven Railroad today discuss a \$4.5 million emergency stopgap plan to keep the railroad's New York-Connecticut commuter service operating for the next year or 18 months.

The meeting coincides with the resumption of Interstate Commerce Commission hearings here on the trustees' application for permission to cut commuter service drastically starting Aug. 1.

A spokesman for the rail-

road said last night the trustees had not yet decided on whether to approve the \$4.5 plan, but would discuss it today.

The trustees want to drop all passenger service by the end of the year because of deficits.

The \$4.5 million plan calls for the New York State and Connecticut to provide \$750,000 each.

Various subsidy proposals have been made to save all the New Haven's passenger service.

New York state officials have endorsed the \$4.5 million emergency plan for the commuter service. Officials of the other states are vitally interested in saving all the passenger services.

New York State Comptroller Arthur Levitt yesterday backed a proposal by Sen. Robert F. Kennedy, D-N.Y., that the ICC serve as mediator in an effort to settle the disputes over various plans for the New Haven.

Connecticut officials endorsed the mediation proposal. And ICC Commissioner William H. Tucker offered to help if the interests involved wanted him to do so.

Levitt, the only Democrat in the state administration, backed the mediation proposal on the WCB's radio program "Let's Find Out."

"I couldn't understand, actually, the resistance to Sen. Kennedy's suggestion that the ICC adopt an advisory role in this connection," he said.

The state recently announced a willingness to buy the Long Island Railroad's commuter lines and operate them under an authority if it could get the parent Pennsylvania Railroad to agree to a reasonable price.

Piccard Set For Journey On Sea Floor

PORT ST. LUCIE, Fla. (AP)—A leading explorer of ocean depths said today he plans to ride along the bottom of the mighty Gulf Stream all the way from Florida to Newfoundland.

One object of his trip by research submarine is to see whether the Russians are up to anything on the Continental Shelf, the sloping, underwater land mass beyond the visible coast, Dr. Jacques Piccard told The Associated Press in an exclusive interview.

"I don't believe the Russians have installations now on the Continental Shelf," Piccard said, "but they very well could have. I am sure they have studied the possibility of exploiting the sea as they have space."

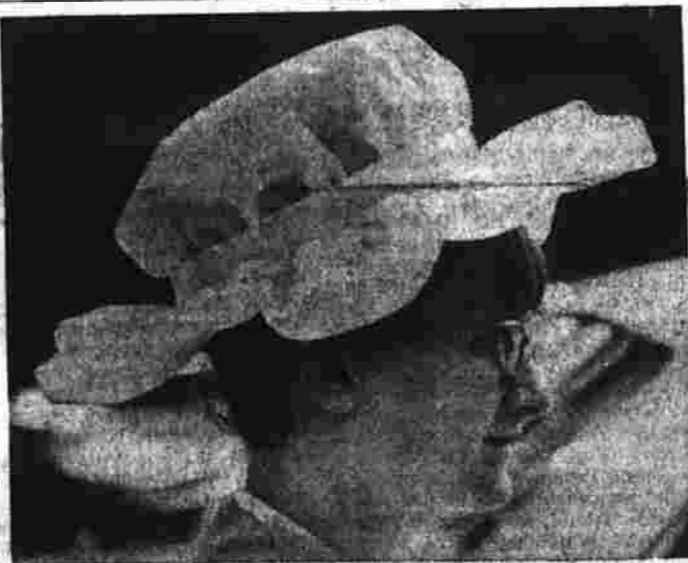

Asked about Washington reports that the government plans to build a miniature atomic sub for explorations, Piccard said such a craft would have a greater cruising range than his, but the atomic feature would not affect depth capability.

If his present sub is used, Piccard said the voyage could start within six months. If a new, modified sub is built, the expedition would begin in 15 months.

The Swiss and eight companions also will observe and film marine life and study currents at depths as great as 1,000 feet during their projected six weeks voyage.

Piccard, 64, plans to make the cruise in the Augustus Piccard, a craft named for his late father, or in a modification of the vessel.

Manchester's Easter Bonnets

Easter hats of all sizes, shapes and colors were on display yesterday as Manchester held its own Easter Parade. Herald Chief Photographer Sinch Orlara caught these samples of the finery which, with one exception, brought joy and gladness to the wearers.

"THE WAY I HEARD IT"

by John Gruber

It's my guess that one reason why legislators are so reluctant to pass enabling legislation that would benefit the area is because they haven't the foggiest notion as to what is needed, nor how to go about setting up a program. They are also afraid of graft, charges of favoritism, and so on. They wonder just what the federal government should do, and how they should be able to afford it among other things. I don't pretend to be the wisest of men, but I have given considerable thought to this subject, at least so far as a few ideas which you might find are too far from the mark to be considered. I think the federal government should do, and how they should be able to afford it among other things. I don't pretend to be the wisest of men, but I have given considerable thought to this subject, at least so far as a few ideas which you might find are too far from the mark to be considered.

I think the federal government is already on the right track with its cultural exchange programs. Believe it or not, the best ambassador we have had to date was the production of "Porgy and Bess" that toured Europe a few years ago. It was hailed by Europeans, critics and behind the Iron Curtain. Even that, could do more for the area than any other program. Some of our symphony orchestras have made an almost equal impression during tours sponsored by the State Department. It must be remembered that a far greater cross section of the population is interested in things in Europe than in America. In Europe, the arts are things you might imagine. In America, they are things you might not. I think the federal government should do, and how they should be able to afford it among other things. I don't pretend to be the wisest of men, but I have given considerable thought to this subject, at least so far as a few ideas which you might find are too far from the mark to be considered.

There are also many income tax defectors in the field of composition. Something must be done to secure the fact that they do not dominate the show and they're just the type who will, if given half a chance. I suggest that a committee of five be appointed for each area to be supported with a chairman of the whole in the State Department of Education. This latter would be the only one to have to make any reports and coordinate the activities of the various areas. The others would serve as a civic duty, without pay.

14 MILLION NEED SHOTS
WASHINGTON—The Public Health Service announced today that 14 million preschool children in the United States are inadequately protected from preventable communicable diseases.

Cummings Defends AL Leader Dismissal

Twitting town Republicans for their "record of political trickery," Democratic Town Chairman Ted Cummings replied this morning to GOP charges of "chicanery" in last week's dismissal of Republican Herman Yules from two Manchester Housing Authority positions.

In reply to GOP town chairman, Francis DeLuca's charge that Cummings' actions "precipitated a new low in political chicanery," Cummings said this morning: "The Republican town chairman talks in a hurry again, in his recent statement on the Housing Authority action of terminating its development director's services." "He admits," Cummings continues, "that he had not discussed the matter with ATTY Yules, and he is therefore unaware of the details, and is not in a position to make a substitute for the facts."

"One fact is obviously not aware of is his own conversation with ATTY Yules, which took place on the night of the dismissal. Cummings also admitted that he had not discussed the matter with ATTY Yules, and he is therefore unaware of the details, and is not in a position to make a substitute for the facts."

"The Republican history of local leadership shows that it takes second place to no one in the art of political chicanery. A few years ago, when the town Democratic vote getter received a letter from the Housing Authority, they promptly replied in a Republican, with no acknowledgment to the Democratic party."

"The directors voted a budget for the year 1965 of \$2,000,000. The budget included the cost of \$100,000 for the purchase of a new school bus. The budget also included the cost of \$100,000 for the purchase of a new school bus. The budget also included the cost of \$100,000 for the purchase of a new school bus."

LIGHTS EXPLAINED
EDMOND, Wash. (AP)—Edmonds police were baffled Tuesday when they received flooded with calls from residents who reported seeing strange underwater lights moving about off a ferry dock. The lights were finally solved by patrolman Norm Sedor, who reported the lights were caused by a malfunctioning light fixture on the ferry.

Police Probing Assault Cases

Philippine Leader Warns U.S. Not to Remove Military Bases

MANILA (AP) — President's neighbor, the Philippines declared today the United States should keep its military bases in the Philippines and remove their withdrawal would "play into the hands of the Communists."

"As everybody knows, the Communists have been advancing in and outside the Philippines, the elimination of American bases would play into the hands of the Communists," Macapagal told The Associated Press in an exclusive interview.

"It is unfortunate that some opposition leaders have advocated such a step, but this does not reflect popular opinion or the official position of the Philippine government."

Recent incidents involving American bases have been touched off by demands for removal of the military installations and the recall of U.S. Ambassador William McGarvey.

U.S. garrisons told Philippine leaders that the bases are necessary to prevent the spread of Communism in the Philippines.

A World War II Japanese base was thrown into the American schoolyard at Base while 700 children were inside. Blair set off a furor with a statement that two Filipino had tried to assassinate the school.

Incidents involving Filipinos led in 1962 to negotiations to revise the U.S.-Philippine military base agreement. The negotiations have never been completed, but Macapagal said discussions are still going on.

"There are no irritants and misunderstandings between us that could not be resolved with satisfaction to both sides, the president said.

"The current talks to revise the military base agreement are proceeding smoothly. There is no irritant in this."

Here is the text of the interview:

Q — The United States and the Philippines long have enjoyed cordial relations, but there have been indications in recent times. Do you think that recent incidents which have aroused public protest have any damage to these relations?

A — No, I don't think that recent incidents have done any damage to Philippine-American relations. So deep and abiding is the friendship and affinity of ideas between our two peoples that honest differences of opinion cannot possibly undermine it. As has been demonstrated so often in the past, there are no irritants and misunderstandings between us that could not be resolved with satisfaction to both sides. The current talks to revise the military base agreement are intended to promote this end.

Q — Do you believe the United States should withdraw from its bases in the Philippines?

A — Definitely no. The Philippines have never asked for the withdrawal of American bases in the Philippines. To do so would be to play into the hands of the Communists. As everybody knows the Communists have been advancing in and outside the United States, the elimination of American bases scattered all over the globe. It is unfortunate that some opposition leaders have advocated such a step but this does not reflect popular opinion or the official view of the Philippine government.

Q — The Philippines obviously has an abiding interest in what happens in Southeast Asia and specifically to Indochina. How do you view current American policy with regard to the war in Indochina, particularly with regard to the bombing attacks on North Vietnam?

A — Undoubtedly the Philippine views with concern the present situation in Viet Nam. This is a situation that poses a serious threat to our security in this part of the world. As a BRATO member and American ally in the United States-Philippine mutual defense treaty and as an immediate

Activity at Johnson City Four Ambassadors Named, Treasury Dept Appointed

What Responsible Critics Seek

There are, of course, some among the critics of Johnson administration policy in Vietnam who favor, for some ideological reason, or for some logical reason, or for some emotional reason, such a thing as an abrupt, almost unconditional American withdrawal from Vietnam.

On "Getting Involved"

A seminar on "The Good Samaritan and The Bad," held on the University of Chicago the other day, devoted considerable attention to the relation of law to the business of helping, rescuing, or ministering to others.

One thing came out quite clearly. Not only does the law fail to stipulate that anybody in an ordinary situation must be anybody else's "keeper," but the law even offers no guidance as to when a person might be penalized for his efforts.

On the other hand, unless he happens to rescue some very generous person, the Samaritan is likely to find himself emerging from his good deed with injury or expense to himself for which nobody is compensating him.

Because of such considerations, the seminar on Chicago found itself gravitating toward several conclusions. It affirmed its idea that there is upon us all some moral responsibility to try to save the life of another.

The one word which seemed to crop up most frequently in the Chicago discussions was the word "involvement."

Our lack of good Samaritans is not necessarily based on cowardice or fear of getting hurt, or on a callous attitude toward the welfare of other human beings.

Even people of great courage, in the physical or moral sense, can feel timid and helpless and indecisive in the face of the prospect of "involvement."

Special Non-Bucket Seats

Reports from Detroit say that one of our automobile manufacturers, who has had a very hot market recently for a model on which bucket seats are standard equipment, is now planning to offer customers an opportunity to specify, for an extra \$25, that this model be equipped with the old-fashioned bucket seats instead of the bucket variety.

Relief Of Another Travel Era

After 65 years, many of them turbulent, the Brinckerhoff, has come to a fiery end. The side-wheel ferryboat was burned the other day at Pawcatuck.

Four Airmen 'Enjoyed' Simulated Space Journey

PHILADELPHIA (AP)—"It was all over the floor," said one of the four airmen who had just completed a simulated space journey.

The four airmen, Lt. Col. Cyril W. Bricker III, Maj. Roy L. Smith, Capt. James H. Smith and Capt. James H. Smith, were the first to be selected for the project.

The project was designed to collect and analyze information on long confinement in a space atmosphere, specifically, how living in a confined space affects the mind, the lungs, thinking and eating.

Cdr. Kenneth R. Coburn, project manager, called it a "major success" because the men found that man can live in space for long periods of time.

The men, ranging in age from 28 to 36, came out smiling.

"We were all compatible," said Bricker.

Their food, especially made by WAFB, was described as "the menu was repeated every four days. The men ate out of plastic containers, using no dishes or utensils."

But the men loved the chow, "Delicious," said Lt. James B. Abbott, of Lancaster, Calif., who spoke for the team.

"Dr. Gary Kellie, Navy flight surgeon, said there was great danger of fire on the pure oxygen atmosphere of the 28-day, 7,000 feet of 21 of the 34 days. He said "all the men shed a great quantity of skin dandruff."

Saga of Ma Perkins From Soap Operas to the Stage

By JONAS LIEBOWITZ
Newspaper Features Writer
NEW YORK (AP)—Ma Perkins may be gone, but her voice is still very much here.

"We will have to investigate that condition more thoroughly," said "In a weightless atmosphere space dust of any kind would be a problem."

Coburn said previous studies of people in a pressurized air chamber indicated there are changes in the red corpuscle content of the blood which might cause some medical problems on long space flights.

"That we found this did not occur here as expected," Coburn said.

The men's heads were shined by and uneven with Lt. Richard Fipkin of Stairville, N.C., while it is.

Her radio fans finally had a "Carosee" and "Oklahoma!" in New York she has appeared in "The Mousetrap," "Right You Are," and her staged recitation of "An Evening with Katharine Mansfield."

The range of roles she played in two seasons with the Alley Theatre, Houston's resident repertory company, was a welcome change from 27 years as Ma Perkins. Payne ran the show from Shaw's "Missulter" to "Come Back, Little Sheba." She also played "The Sound of Music" and "Becket" and Mary Tyrone in "Long Day's Journey into Night."

And now she's making her Broadway musical debut playing the part of the vixen, the mistress in "Fidei Odi, Fidei Odi."

Having gotten a strong dose of variety Miss Payne no longer writes at the rate of a "Becket" and Mary Tyrone in "Long Day's Journey into Night."

And now she's making her Broadway musical debut playing the part of the vixen, the mistress in "Fidei Odi, Fidei Odi."

Two Arrested In 3-Car Crash

Two men were charged with following too closely after a three-car accident on Rte. 8 and 44 in Bolton last night. A passenger, Virginia Durocher, of Marlboro, was taken to Manchester Memorial Hospital, and released.

State Police said that all three cars were westbound when the first, driven by Robert Durocher of Marlboro, stopped, and was hit in the rear by the second, driven by Raymond Schultz of East Hartford. Police said that the Durocher car was then hit by the third, operated by John Stevenson of Storrsville. Stevenson and Schultz were summoned to Manchester court May 10.

Dressen to Watch

LOS ANGELES (AP)—The somewhat subdued and temporarily stilled baseball club, is due to see the Tigers in game action tonight for the first time this season.

The 47-year-old skipper, stricken by a heart attack March 8, has his doctor's permission to attend the Los Angeles game against the Los Angeles Angels in Chavez Ravine, and also Sunday afternoon.

1,000 Brave Cold Rain At Egg Roll

WASHINGTON (AP)—At least 1,000 braved a chilly rain today to join in the annual egg roll on the White House south lawn, but it was a dampened spectacle.

The youngsters didn't get in much egg rolling. Under umbrellas and wearing rain gear, they trooped over the soggy grass for President Johnson and members of his family and wandered back with their hands out for a White House balcony and began their egg rolling. Even that didn't seem to warm up the few brave egg rollers.

They lined up in a line along a green fence to stare at the south entrance of the White House, but no officials appeared to greet them. President and Mrs. Johnson watched their daughters Luci, 17, and Londa, 21, were reported to be studying and did not come out for a look. Some youngsters managed to have fun despite the dampness and rolled, tossed and stomped on their gaily colored Easter eggs. Some carried the eggs in egg boxes, in paper bags and empty, unfamiliar with the rules had no idea of what to do.

With all that you do for your family you find time each week to do a few things simply for your own enjoyment.

"We want to see the President," one mother said. "When is the band going to play?" one of the first arrivals demanded.

At its best, the annual egg rolling seems to have the feel of a past in recent years and today's rain made it far from a gala affair.

There were, however, some interesting tourists who were

Romney Reveals Peace, Progress Twin Programs

NEW YORK (AP)—Michigan Gov. George Romney declared today that the United States must blaze new paths in progress sharing to win world peace and end domestic economic deadlock.

The Republican governor called his twin programs "partnership through progress sharing" and "peace and progress sharing."

Romney said that the United States should be in the form of private investment, rather than government handouts.

He warned that "if we do not share our responsibility for military aid and should share humanitarian relief with private philanthropic efforts."

Easter Peace Theme Heard About World

(Continued from Page One)

their loved ones who the Communists do not allow to visit the United States.

In Russia, Italy, weary worshippers gave thanks on Easter Sunday that "He moved among us, not in destruction, but in preservation of lives."

Most of the 100 Methodists were refugees of the disastrous Italian Sunday tornado which leveled Rustville, a central Indiana farming community of 1,500.

The big Easter parade along New York's Fifth Avenue drew thousands of city residents and tourists. The informal march produced a rainbow of colors. The women's hair was of every color and shape.

Women Begging for Ulcers

NEW YORK (AP)—The stock market flirited with new highs after this afternoon in active trading.

An irregular rise pushed closing highs established last week, but the rise was hesitant and there were many losers.

Selective strength among stocks, cigarette stocks, oil, mail order, "retails" and copper helped boost the market index.

The Dow Jones industrial average at noon was up .85

France's Sylvie Vartan Ye-Ye Girl U.S. Bound

By ROSETTIE HARGROVE
Newspaper Enterprise Assn.
PARIS (AP)—For the French ye-ye singer Sylvie Vartan is the top.

Completely unknown three years ago, she has become a star among French singers in the last six months in France and a record of more than 4 million.

Top of the list is Johnny Hallyday, the original French "rocker," with his million records and a million fans.

Sylvie's attraction, even to adults long past the ye-ye stage, lies in her complete lack of sophistication and a demure approach.

She has a pair of large, gently twinkling brown eyes, sparkling teeth and a mop of ash-blond hair that looks like the next door, spiced with Parisian chic.

Slender as a reed, she likes pretty clothes, but does not appear to become a fashion model. All she wears is her two black and white diamond engagement ring.

Unquestionably, her impact on young France has been tremendous. The copy her style of dressing — strictly "jeans, shirt and sandals" — has become a fashion trend.

Sylvie is never provocative, but she has a certain school-girlish sex appeal — a way of tossing her head and flipping back her bangs.

Producer Darryl Zanuck says she is "one of the prettiest girls in France" and has signed her up for 20th Century-Fox.

The daughter of a French father and a Hungarian mother, Sylvie was born in Budapest, but was brought to France when she was 6. Her older brother joined a French club when she started singing with him.

Financial success appears not to have gone to her head. "I've never had a million dollars," she explained in an interview, "but I have a garden 10 miles out of Paris. My father, who was a general manager in a big firm, now takes care of all my business affairs."

Sylvie had acquired a large luxury apartment in the swanky district of Paris. Here her orchestra (10 musicians, including her brother) plays on a day after (then 25) partner to Barbara.

The atmosphere is essentially relaxed, with young people wandering in and out riding to hi-fi music.

In the large living room is a collection of several hundred records and a large picture of Sylvie and her brother playing guitar.

They are to marry the summer.

South Windsor Convention Statement Given By League of Women Voters

Mrs. James Arnold, chairman of the state study committee of the League of Women Voters, has issued a statement on the coming Constitutional Convention.

Mrs. Arnold said that while all items backed by the league may not come before the Constitutional Convention, it is the league's hope that the General Assembly, which has already completed the assignment of representation in the last session, will enact a program in the next session of which it can be equally proud.

Mrs. Arnold observed the new House of Representatives districts with an average population of 70,000 and 17 House districts with an average population of approximately 14,000.

South Windsor shares senatorial district 3 with East Windsor and East Hartford, and is in House district 46 along with East Windsor.

A constitutional convention will begin July 1 with 84 delegates, 14 from each senatorial district. Delegates will be elected June 15, convene July 1 and complete their work by Nov. 1.

Mrs. Arnold stated the primary goal will be to revise the system of representation. However, other constitutional changes may be considered.

She noted that the public's acceptance or rejection of the proposals will be made on Dec. 14.

Mrs. Arnold said other areas which the league has studied and supported are: Revision of the election laws, an integrated court system for Connecticut, state aid for education, bills bearing on water resources, pollution and related subjects and proposals pertaining to human resources or equal opportunity for all citizens in areas of employment and education.

Mrs. Arnold of Boiesebub Rd. has printed matter on these subjects available for other clubs and organizations in South Windsor who may wish to present programs to their membership.

Open Sponsors
President George Quigley of the Little League has announced that Andrews Oil Co., Shelton Rd., and the U & R Housing Corp. of Manchester, will sponsor a team in the senior league.

This means all five teams in the league now have sponsors. Other team sponsors are Armaty Supermarket, Rotary Club, and the Lions Club.

Water Bill Introduced
Senator Fred Doocy has introduced a bill to allow the Metropolitan District Commission to purchase all property of any water company within the town of South Windsor.

Sen. Doocy said because of the late date in submitting bills he spoke to the House and Senate chairmen and the bill was introduced as a committee bill. He said to date no hearing has been set on the bill. He noted that the bill was introduced in part due to studies being made over water problems.

Sen. Doocy said he believed residents would prefer to be served by the MDC.

There are two major water companies in South Windsor now: The Connecticut Water Co. and the MDC. Sen. Doocy said that it was unusual for two major companies to serve a town.

Sen. Doocy's bill states that the MDC will purchase all water companies in town at a mutually agreed price. If this is not agreeable the bill would go by state statute to a referee.

Board Continues Budget Studies
The town's board of directors will hold the third of its six scheduled budget workshops tonight at 8, in the Probate Court Hearing Room.

Tonight's discussion will explore General Manager Richard Martin's recommended 1965-66 appropriations for the Town Fire District, the Water and Sewer Departments and the Capital Improvement Program.

Martin is recommending a \$355,170 budget for the Special Town Fire District, an increase of \$99,205 over its current budget and has estimated that it would require a six-tenths of a mill increase in the district's tax rate. The current rate is 12 mills.

His recommended budgets for the water and sewer departments, while higher than the current budgets, are balanced by increased estimated income and do not call for any change in the water and sewer rates now being paid.

The manager is recommending a \$388,000 Capital Improvement Program for the 1965-66 fiscal year, to be financed by \$150,000 from tax money, \$7,000 from the Dog License Fund and \$238,000 from bond issues.

Among some of the expenditures he is recommending are: \$12,000 for enlargement of the dog pound, \$40,000 for engineering maps, \$15,000 for Municipal Building heating, \$25,000 for sidewalk construction, \$85,000 for storm sewers and \$17,000 for school improvements.

Women Meet
The South Windsor Women's Club will hold a board meeting tonight at 8 at the home of Mrs. George D. Raitt, 3 Murray Rd.

Spring Play Set
The South Windsor Country Players are in the final stages of rehearsal for their spring production, "Bus Stop". The play was written by William Inge and will be presented Friday and Saturday at 8:30 p.m. at South Windsor High School.

The play will be directed by Fred Ragazzi, and stars Jeanne Manning, Jack Green, Alan Ober, Dorothy Smith, Don Reynolds, Alice Marie Pandorf, Orville Welch and Joseph DeMaio.

The production crew for the play includes: Josephine DeMaio, stage manager; Max MacDonnell, assistant stage manager; Ginger Bidwell, business manager; Gloria Whitefield and Gerry Rusta; Jan Wright, cover design and Phyllis Reynolds, house manager.

Also Orville Welch and Pat Whitefield, promotion; Wayne and June Bidwell, set design; Gerry Rusta, lights; Tom Ziegler, sound; Mr. Griffith, Jane Wright and Ruth Tully, properties; Grace Nicholson, costumes; Bill Wright, special effects and Shirley Horning, makeup.

Tickets and information may be obtained by contacting Mrs. Orville Welch, 72 Northview Dr., New Library Books.

A list of notable books for 1964, available at Wood Memorial Library, Main St., has been released. The books are:

Historical Society Meets
The South Windsor Historical Society will meet tonight at 8 at the Wood Memorial Library, Main St. The guest speaker will be Byron Hatfield who is affiliated with Mystic Seaport. His topic will be "The History of Reproducing History." The public is invited.

Art Show Set
A community outdoor art show sponsored by Our Savior Lutheran Church will be held Saturday, May 1, on the church grounds. Exhibitors from South Windsor, East Windsor, Manchester and Glastonbury will display paintings, wood carvings, pottery, sculpture and other works.

Anyone in the community interested in participating in the show is invited to bring his work to the church, 200 Graham Rd. between 8 and 9:30 a.m. the day of the show.

The show will run from 10 a.m. to 6 p.m. in event of rain the show will be postponed to the following Saturday, May 8.

Manchester Evening Herald
South Windsor correspondent, Brownie Joseph, telephone 644-0148.

Hard-to-get mortgages are for the birds

Just about the only kind of mortgage loan that Hartford National can't consider is for birdhouses. The prospective residents are too flighty.

Making mortgage loans for peoplehouses is an important part of our business. Our loan officers are widely experienced in the field of residential housing. They'll give you sound, objective advice on property values, expenses, and down payments, cut red tape to a minimum, arrange convenient monthly payments, and set up a quick and low-cost closing.

Providing, of course, you are a prospective homeowner with both feet firmly on the ground. Let's talk about it!

Mr. Carl Graves, V.P.
Hartford National Bank & Trust Company
Central Mortgage Department
64 Pearl Street
Hartford, Connecticut

Hebron

Boy's Essay Recalls Start Of Library

A progress report on Douglas Library for 1964 by Miss Marjorie H. Martin, head librarian, opens with an essay written around 1926 by Hebron school boy in the fifth grade, named Edward Frost, reading as follows:

"People like to read books in Hebron, but they did not have many books in the town. They had a large bookcase in Dr. Peniston's front hall. It was full of books. People read the books from there. They read them so much that they could say them by heart. Finally the people said, 'We have got to have a library.' But some of the people laughed at them and some got mad and said it would make our taxes go up. But the young people said, 'We don't care. We are going to have a library.' Then what do you think happened? Mr. Benjamin Russell died. He lived up where Louis Amiel lives, and in his will it said that he would give \$500 if they would raise \$500 more to match it. This was Sarah Bestor died and in her will it said to give \$250 to the Hebron Library. So the people were very glad that... where the Goldsteins live now."

"Mrs. Page gave \$100 toward the library in Hebron, and she wanted to do something for her town. And she got from any library Club member."

A public hearing will be held Wednesday at 7:45 p.m. at South Windsor High School, as hearing will consider an ordinance for setting the hours for town elections. A copy of the proposed ordinance is on file at the town clerk's office in the town hall.

It had been suggested that referendum hours be cut to eight hours of voting with one hour of instruction for workers. The new ordinance would not have any effect on national elections.

Members' Coffee Served
The South Windsor Cooperative Nursery School will hold a get-acquainted coffee for members and prospective members tomorrow at 9 p.m. at the Evergreen Lodge, Main St.

Mrs. Judith Bush from the State Welfare Department will show a film on "Children's Emotions."

China Wants Troops Ready For Possible Viet Service

Escalation of Fighting Would Trigger Action

TOKYO (AP)—Red China called today for "full preparation" to send Chinese troops into the Vietnam conflict if the United States escalates the fighting and the Vietnamese people call for help.

First Flour of Spring Appears in Moscow Muscovites line up to receive flour—a commodity in short supply since the disastrous Soviet harvest of 1963. Distribution of the hard to get staple was the first known in Moscow since January. Some sources claim the distribution was tied to the Communist May 1 holiday and the Russian Orthodox Easter April 25. (AP Photofax.)

Dodd Chides Stay-at-Home War Experts

KUALA LUMPUR, Malaysia (AP)—A leading Democratic member of the U.S. Senate Foreign Relations Committee criticized the committee's chairman, Sen. J. William Fulbright, today for his suggestion that the U.S. air attacks against North Vietnam be stopped.

Viet Cong Bridges Smashed, Diplomats Maintain Stand

SAIGON, South Vietnam (AP)—American and Vietnamese fighter-bombers hammered away at North Vietnam roads today, smashing a convoy and two of the planes returned safely to the base.

\$2.5 Million in Cash Commuter Ransom

HARTFORD (AP)—Gov. John N. Dempsey said today that the trustees of the New Haven Railroad are ready to keep the line's New York commuter service going for another year if New York and Connecticut can provide \$2.5 million in cash.

Dr. King Cites Signs Some Progress Noted In Struggle for Rights

SELMA, Ala. (AP)—Dr. Martin Luther King Jr. says there have been signs of progress in the Negro's struggle for civil rights in Alabama, he adds.

Supreme Court Decides Zoning Bans Change For Liquor Outlets

HARTFORD (AP)—Kallay's, Inc., of Fairfield may continue to sell liquor at a restaurant permit but may not replace its restaurant with a package store, the State Supreme Court ruled today.
