Medicare and Social Security Hospital Care Heart of Program

By JOHN THOAN N.E.A. Special Writer Medicare is somewhat of a milestone. The new Social Security health-care plan for the aged being more fully tagged "Hospital care." For hospital care is the heart of this benefit program.

Basically, Medicare will provide up to 90 days of hospital care for each "spell of illness" to a person 65 or older. A "spell of illness" begins the day a patient is admitted to a hospital or nursing home. It ends once a patient has been outside a hospital and outside a nursing home for 60 straight days by Medicare.

Medicare won't cover the full hospital bill. The patient will have to pay the first \$40. And if he stays longer than 60 days during any "spell of illness," he'll have to pay \$10 for each additional day he remains in the hospital.

The patient also will have to pay for the first three parts of blood he might receive unless he gets donors to replace the blood. After the first three parts, transfusions will be paid for by Medicare.

Coverage will apply to patients in private hospitals and clinics as well as in general hospitals. But it will not apply to the mental or TB hospital where he becomes eligible for Medicare, the time he has spent there will be counted against his 90-day limit for a "spell of illness."

Further, no person will be permitted to draw during an intermission. But if he is hospitalized for more than 60 days during a "spell of illness," he'll have to pay \$10 for each additional day he remains in the hospital.

Special provision applies to patients in psychiatric hospitals operated or certified by the Federal Bureau of Investigation. In Boston, Medicare will cover up to 120 days of care for a single stay in such an institution, with the patient paying the first \$40, plus \$10 for each day after the first 60 and \$5 for each day after the 90th day. Medicare also will cover

persons who go to a hospital on a nonvoluntary basis for X-rays or other diagnostic tests. Such "outpatients" will have to pay the first \$20 for services rendered in any 20-day period, plus one-fifth of the balance. The initial "deductible" will be in effect through 1958. After that time it will be raised each year if necessary to keep pace with increasing hospital costs.

Hospital benefits, which cover the initial "deductible" will be in effect through 1958. After that time it will be raised each year if necessary to keep pace with increasing hospital costs.

Services of other physicians will be covered by basic Medicare plan. For Social Security to pay anything however a physician must certify it is medically necessary to put the patient in a hospital. If the patient stays longer than 30 days, the doctor will have to certify need for continued medical care at intervals specified by the government.

When a physician in a hospital may order a private room for "medical reasons." A patient who needs special treatment (but not private-duty nursing) may be placed in a special room, which may be furnished with special medical equipment, supplies and appliances such as oxygen tents, x-ray machines and the like.

Prescribed drugs which are O.K.'d by the hospital's medical staff or approved by one of four "medical boards" will be covered. The United States provided the emergency care in this country and the foreign hospital is "closer or substantially more accessible" than any other nearby hospital.

Replacements were due today for 40 wardens who have spent the last three months of their term in the wilds of the West. Fish & Game Commissioner Ronald T. Speers presided over the search for long as medical authorities felt that a mentally retarded diabetic, and Timothy could possibly survive.

Manville, the Xerox Co., which employs the youngsters, father, George, as a physician in Rochester, N.Y., announced that some 30-40 of his co-workers would fly here today to help with the search.

The boys disappeared from Roaring Brook Camp near the state park where they had been camping with their parents. Dan D. Stephens gave each man a 20-day extension of his sentence. The men will enter a class designed to take them through the sixth grade.

NEW YORK (AP)—Willie Mays and Sandy Koufax performed in separate stages, on typically glittering shows Thursday night.

Fun, Work For Dodger Mound Ace

MILWAUKEE (AP)—Sandy Koufax of the Los Angeles Dodgers is likely to laugh his way to a 30-game season this year, says Gene Oliver of this newspaper.

It was ahead of the pace he set in his two previous best seasons. In 1963 he pitched to 26 victories. He won his 19th game Aug. 17 and his 18th yesterday.

Behind his striking total, Koufax is maintaining a brilliant work rate. In 222 innings, he has pitched only 44, or slightly less than two a game.

In other National League games, Pittsburgh edged Chicago 4-3. Philadelphia bombed New York 10-3. St. Louis stopped Houston 3-1.

DODGERS BRAYES—Koufax was the Braves' hit of the week. He pitched 11 1/3 innings, struck out 11 batters and walked only one.

GIANTS REEDS—Mays was joined in the Giants' 19th attack by Len Gabrielson, who rapped four hits and drove in three runs.

PHILADELPHIA—The Cubs on Rich Allen's two-run triple in the fifth inning. Allen also singled and scored on Adolfo Phipps' single in the fourth.

Bigelow Brook Soon Goes Underground

Motorists who have been wondering why Bradford St. is closed to through traffic need only view the upheaval in the middle of the road, as well as on Lenox St., to find the answer. Mark Bros. Construction Co. of Southington, under a \$54,745 contract, is constructing a culvert to enclose Bigelow Brook from east of Lenox St. to east of Boston St. The enclosure will consist of double-barreled, side-by-side, 54-inch reinforced concrete pipes. The project was started last month and is scheduled for completion near the end of August. The town will then have the task of sealing the area during September. The culvert was authorized by the Board of Directors in response to plans by the area's residents, who were faced with flash flooding conditions after heavy rains. (Herald photo by Orlana.)
