Five Jets Lost

U.S. Planes Smash Cong Missile Base

SAIGON, South Viet Nam (AP)—U.S. jets smashed a Soviet-supplied missile launcher in North Viet Nam over the weekend, but five American planes were lost in other raids on the Communist north, a U.S. military spokesman reported today. Four of the American airmen were presumed captured and two others were killed when three Navy planes were lost Sunday 40 miles north of Hanoi, the spokesman said. Two U.S. fighters were listed as missing after two Air Force jets were lost Saturday on a raid southwest of Hanoi. Peking broadcasts claimed seven U.S. planes were downed and several pilots captured in North Viet Nam, which has threatened to try captured American pilots as war criminals. Four A4 Sky Hawks and an A6

intruder from the U.S. 7th Fleet carrier Independence hit the mobile antiaircraft missile unit with eight tons of bombs. Pilots said they left a missile smoking on the ground and launchers and 10 vehicles in flames. The missiles, supplied by the Soviet Union, are believed accompanied by Soviet technicians. There was no mention of personnel casualties at the site, 52 miles northeast of Hanoi. U.S. aircraft are known to be hunting at least five of the mobile missile units, which can be assembled or dismantled within 24 hours. The Defense Department says five U.S. planes have been knocked down by Soviet-supplied missiles. Launchers are permanently installed around Hanoi and the port of Haiphong. Pilots on the missile raid reported heavy ground fire but all five planes returned safely, a spokesman said. However, heavy Communist

ground fire knocked down two F4 Phantoms from the Independence and a third crashed into a mountain side during a 16-plane strike against a highway bridge north of Hanoi, the spokesman said. Returning pilots said four of the Americans parachuted and were seen on the ground. Enemy troops were spotted in the area. U.S. briefing officers said Communist ground fire downed one F105 Thunderchief and another disappeared during a four-plane raid Saturday 70 miles southwest of Hanoi. The pilots were listed as missing. The U.S. planes downed over the weekend brought to 114 the number lost in Communist territory since American planes began attacking targets in North Viet Nam last February. A South Vietnamese fighter-bomber also was lost in a week-end raid. Guerrilla gunners

Income Up

WASHINGTON (AP)—Personal income was up by \$18.3 billion to an annual rate of \$546.5 billion with increased Social Security payments and higher military pay accounting for most of the increase. The Commerce Department said today that if these two special factors are excluded, personal income would show a rise of \$1.7 billion to an annual rate of \$538.7 billion. This lower figure would be about the same as the increase in the two previous months.

Marchers' Reasons Questioned

By THE ASSOCIATED PRESS
Promoters of organized Viet Nam protests say they are pleased with the results of the weekend demonstrations, but leaders — in official and civic life — are questioning the motives of some of the marchers. A survey shows the latter ask, in effect: Are some just trying to get out of the draft? And if they are sincere, are they being led on by Communists and Communist sympathizers? Frank Emspak, chairman of the National Coordinating Committee to End the War in Viet Nam, said Sunday in Madison, Wis., that more than 70,000 persons took part in Saturday's demonstrations in scores of cities. Emspak said he has started planning for another series of nationwide demonstrations on Nov. 8 or Nov. 13. In Saigon, Spec. 4 Russell D. Miller of Manassas, Va., told newsmen: "I think the demonstrators are crazy. 'I don't think they know what they are talking about. I don't like it over here, but it's my duty as a soldier to be here.'"

U.S. Atty. Gen. Nicholas Katzenbach, in Chicago Sunday night, said the Justice Department has begun an investigation into the movement and has uncovered "some Communists and some persons very closely associated with Communists" working for the Students for a Democratic Society. "Whenever you have a situation in which people are saying things similar to what is being said by Peking, you are likely to find some Communists involved in it," Katzenbach said, then

Draft Card Burner Arraigned in Court

Rescue Workers Remove One Victim of Mine Disaster

First Held Under New U.S. Statute

MANCHESTER, N. H. (AP)—A 22-year-old former college student, David J. Miller of Syracuse, N. Y., today became the first person formally charged with destroying a draft card in violation of a new federal law.

Miller was arrested by FBI agents today in Hooksett. He entered no plea when arraigned before U. S. Commissioner Peter Bourque. Miller was ordered held at the Hillsboro County Jail in Manchester in lieu of \$500 bail for a preliminary removal hearing Friday before Bourque. He is wanted on a warrant issued Sunday by U. S. Commissioner Earl Bishop, of New York City.

President Johnson signed the new law Aug. 30. It carries a maximum penalty of five years in prison and a \$10,000 fine.

Miller publicly burned what he claimed was his draft card during a public rally in New York protesting U.S. involvement in Viet Nam.

Six FBI agents arrested Miller at a service station near a motel in Hooksett, north of Manchester.

FBI Director J. Edgar Hoover said in Washington Miller was arrested when he failed to produce required draft documents.

James Wilson, a companion, said that Miller has worked with the Catholic Worker Movement since graduation from Lemoine College, Syracuse, N. Y., in June. Wilson described the movement as supporting religious pacifism.

Wilson said he, Miller and

Powell's Appointment Under New Challenge

HARTFORD (AP)—A member of Connecticut's new Board of Trustees for Community Colleges branded as "illegal" today action taken by the full board in naming Dr. Theodore Powell as president of all public two-year colleges in the state at a salary of \$19,000. The action also has been criticized in the past two weeks by the state's new Commission for Higher Education, which has asked the Community College Board to rescind its action of Oct. 5.

Max R. Lepofsky of Norwalk, one of 12 members of the community college board, criticized the appointment in three letters sent during the past two weeks to Mrs. Katherine Bourn, chairman of the two-year college board. Lepofsky, in a fourth letter to

Seven Dead After Coal Mine Fire

SARDIS, W. Va. (AP)—The bodies of four more miners were removed from a burning coal mine near this central West Virginia community early today, ending a 32-hour effort to save seven men trapped underground by smoke and fire. The four were found huddled together in a passageway three-quarters of a mile from where the fire broke out late Saturday night.

Death in Domingo More Violence Feared

SANTO DOMINGO, Dominican Republic (AP)—More violence is feared in Santo Domingo as the result of the killing of a conservative political leader. The provisional government canceled all civilian arms permits in an effort to prevent shootings by vengeful friends of the slain man, Angel Severo Cabral, 55.

A heavily armed guard was thrown around the cemetery where Cabral was buried Sunday. The angry crowd burned a Jeep of the government radio station and beat up its driver. Another radio station which had supported the rebels went off the air after an unidentified armed group attacked its transmitters just outside the capital.

Cabral, leader of a right-wing political organization, was shot Saturday night at his home in the former rebel zone as a mob with Communist placards milled about. His wife and daughter were slightly wounded. The Cabrals

had come to remove furniture from their home, which they had left during the April revolt. The mob burned the furniture and the moving truck.

Cabral's daughter, Ada, 28, told newsmen her father was wounded and then took the fatal shot in the ambulance taking him to a hospital. She said she was shot in the arm trying to shield him.

Police were reported searching for two men believed involved in the slaying.

Provisional President Hector Garcia-Godoy in a radio-television speech announced the cancellation of civilian arms permits

MARCH PLANNED

NEW YORK (AP)—A march on Washington, D.C., is planned for Saturday, Nov. 27, to protest the war in Viet Nam and to call for a ceasefire and negotiated settlement. It was disclosed here among those sponsoring the march, Keys said, were Saul Bellows, John Hershey, Arthur Miller; University of Notre Dame theologian, the Rev. Peter J. Riga; James Farmer, head of the Congress of Racial Equality, and Dr. Albert D. Sablin, discoverer of the antipolio vaccine.

NEW RED ATTACK

UNITED NATIONS, N.Y. (AP)—The Soviet Union today delivered a new attack on the U.S.-backed plan for a multilateral nuclear force. The United States brushed the attack aside and urged a round of talks in Geneva as soon as possible on steps to bar further dissemination of nuclear weapons. The two big powers led off the disarmament debate in the main U.N. Political Committee, which has given top priority to the problem of stopping the acquisition of nuclear weapons by countries not now possessing them.

700 Strike Prison in Maryland

BALTIMORE, Md. (AP)—About 700 prisoners at the Maryland Penitentiary in Baltimore staged a sit-down strike today in the prison shops.

Vernon L. Peppersack, state commissioner of correction, said there was no violence but described it as "a potential riot situation."

The trouble started about 9 a.m. when a small group of prisoners in the print shop sat down and refused to work, Peppersack said. The strike then spread to other shops which make products for state use.

The penitentiary, near the Baltimore business district, has 1,482 inmates. Peppersack said about 100 prisoners working in the shops did not take part in the strike and agreed to return to their cells.

Peppersack said prison officials learned Saturday that one prisoner was circulating a petition urging that the strike be staged today. He said the prisoner was transferred to the Maryland House of Correction at Jessup, Md.

The prisoner, 40, has been in prison since February 1963, serving a sentence for robbery, possession of a deadly weapon, assault with intent to commit murder, burglary and larceny.

Peppersack said a petition by the prisoner recited a list of grievances about food, medical treatment and other conditions of the penitentiary.

\$1 Million Blaze Destroys Temple

SPRINGFIELD, Mass. (AP)—The monetary loss in a fire that swept Temple Beth El has been set at nearly \$1 million. But congregation officials say the value of destroyed religious art objects can never be determined.

A silver crown, curtains and tapestries were lost when the flames destroyed the sanctuary.

Judge Postpones Jack Ruby Trial

DALLAS, Tex. (AP)—State Dist. Judge Louis T. Holland granted today a defense motion for a postponement of a sanity hearing for Jack Ruby, killer of President John F. Kennedy's assassin.

The decision means that the next legal step in the complicated case will be taken by the Texas Court of Criminal Appeals in Austin.

Defense lawyer Phil Burleson argued that to hold the sanity hearing now could be detrimental to Ruby's position.

At issue now is whether the Appeals Court upholds an appeal from the defense that a writ of habeas corpus motion should have been granted in a proceeding last summer.

Judge Holland said after the 15-minute hearing that two possibilities are now open depend-

and auditorium of the one-story greystone brick building. Rabbi Samuel Dresner, spiritual leader of the congregation of some 2,000, said seven of the nine Torahs, holy scrolls, were destroyed. He said the dollar loss of the religious objects was impossible to determine.

The building's architect termed the curtains and tapestries as "absolutely irreplaceable."

The flames destroyed about two-thirds of the building, including heavy damage to the roof, early Sunday.

Simon Katz, a past president of the temple, said the structure has received world-wide acclaim for ecclesiastical architecture. The building was designed by Percival Goodman of New York City, an associate professor of architecture at Columbia University. Goodman said a model of the temple is featured at an exhibit of his work at Columbia.

Goodman said the building cost \$750,000 to build in 1962 and it could cost twice as much to replace it today.

The silver crown over the tabernacle, Goodman said, was made by silversmith Ilya Schor, one of only five he has made, and the design in the curtains and tapestries was done by painter Adolph Gottlieb.

Springfield fire officials said the damage of nearly \$1 million makes the fire perhaps the costliest in the city's history.

Navy Plans 'Sealift' Fleet For Trouble Spot Supply

WASHINGTON (AP)—The Navy is considering building about 20 big, fast military cargo ships that would be loaded with tanks, other heavy equipment and supplies and stationed near potential trouble spots.

Such a fleet of "fast deployment logistic" ships would cost about \$40 million, by current Navy estimates.

Coupled with house-size C-5A transport planes recently ordered into production, these cargo vessels would give the United States the capability to speed large ground forces to distant areas, and to have the gear close at hand to enable them to fight in limited war situations.

The Navy study has the blessing of top Pentagon officials, who consider the fast deployment ships an integral part of

British Officials Seek Mass Killer

MANCHESTER, England (AP)—Scores of police began searching the desolate Pennine Moors at dawn today for the victims of a mass killer.

Detectives said they believe as many as 8 and perhaps 11 missing persons, three of them children, lie buried in shallow graves on the wild moors along the border between Yorkshire and Lancashire.

During the weekend, after searching six days, they found the dismembered body of Lesley Ann Downey, 10, near a main road between Ashton-under-Lyne and Huddersfield.

"We are certain that more bodies will be found, possibly in the next few days," said a senior police officer. "Everything points to this from the information we have so far gathered."

Lesley disappeared last Dec. 28 after visiting a Christmas fair near her Manchester home.

Eight days ago police were tipped that a Manchester man had boasted of killing children and carrying his victims to the moors by car. Police say they know the man and can bring

Indonesian Order Bans Communists

SINGAPORE (AP)—Radio Jakarta announced tonight a military ban on the Indonesia Communist party and affiliated organizations.

The ban on the Communist party, announced in the name of Maj. Gen. Umar Hadikusumo, commanding officer in the Jakarta area, appeared to be limited to the capital region, where he is in control.

The broadcast said the Communist-dominated trade union federation, Sobel, also was banned on orders of the government of the Central Bank, who has jurisdiction over all unions.

This presumably meant the Sobel ban was nationwide.

The announcement by Hadikusumo directed Communist party leaders and officials of the other pro-Communist organizations to report to military or police authorities within five days.

Hadikusumo said they were believed to be involved in the

Vandalism Mars Final Day Wreckers Begin at Fair

NEW YORK (AP)—Wrecking crews start today tearing down most of the buildings on the 646-acre fantasy land of the New York World's Fair which ended its two-year run with a record one-day attendance of 445,953.

Widespread pilferage and vandalism marred the final day Sunday.

There were farewells among fair employees and exhibitors. Dozens of parties went on after the closing of the fairgrounds at 3 a.m. today.

Fair officials announced a 1965 attendance of 24,489,188 and the two-year attendance as 51,807,448. Before the fair opened last year, they had predicted a two-year attendance of 70 million.

Attendance last year was 27,245,330.

The 1964-65 fair attendance topped the 44.9 million of the 1959-60 New York World's Fair.

The 1964-65 fair wound up in the red financially, just as the one a generation ago did.

Sunday's attendance broke the two-year record of 445,435 set Saturday.

A spokesman for the New England Pavilion said some 90,000 persons visited the area over the weekend.

An estimated 5.5 million persons, about 13 per cent of the total fair attendance, visited the six-state exhibits during the two-year period.

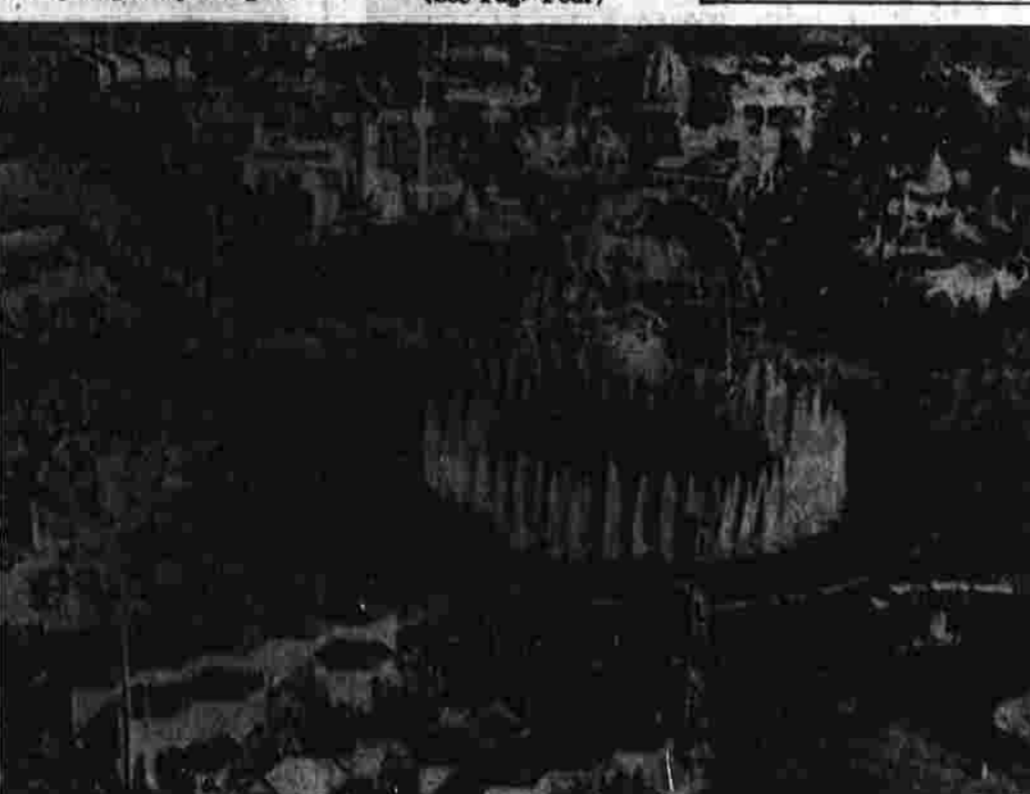

Dismantling of the state exhibits began today with many of

the artifacts in the regional theme building being returned to museums and those in commercial exhibits back to the sponsors.

Three children and an adult were injured — none seriously — when three cars of a miniature train overturned Sunday at the Long Island Rail Road's exhibit, spilling the passengers.

Robert Moses, president of the private nonprofit fair corporation, said Sunday he is certain the city park planned for the grounds in Flushing Meadow, Queens, "will eventually be the city's finest park." The park will utilize several of the fair's exhibit buildings.

Siren Bemoans Rt. 6 Accident

If the fire siren sounds a short series of blasts rather than the sustained wail indicating a fire, in the late afternoon or early evening on a Sunday, it's a good bet even that the accident is at the multiple junction point of Rts. 6 and 87, and Old State Rd.

Last night at about 8:15 p.m. the accident record at that point was fortified.

Two cars, both driven by members of the Harry Adams family, Lake Rd., were traveling on Old State Rd. about to enter Rt. 6. One of them collided with a third car which was leaving Rt. 6 and entering Old State Rd. Some of the sustained damage, and the driver of one, Frederick A. Tracy, of Williamsville was arrested and charged with evading responsibility and failure to drive to the right.

The accident occurred at the same intersection which has been the scene of at least five accidents in the last 18 months. Four of them in the last year, and all of them between 8 and 9 p.m. The highest number of accidents in the last year are four points of entrance to the intersection, plus a narrow entrance lane from Rt. 6 to Rt. 87.

Citizens of the neighborhood filed a petition to the State Highway Department over a year ago, through the selection of a General Electric company, to have a narrow entrance lane from Rt. 6 to Rt. 87.

Some study was made by the department but no changes have been effected. The residents stress that, with a new Rt. 6 five years or more away, safety improvement at this dangerous intersection are imperative.

Officials said they did not know how the fire started. They said a large dance had been held there Saturday night and that police were summoned twice because of disturbances.

The fire was reported by caretaker Joseph Jabas, who lived in the rear of the building. A spokesman for the temple said offers for the use of their facilities came from all other denominations in the city, but that services will be held in the Jewish Community Center.

Architect Goodman also said that two days ago he forwarded to the temple plans for an addition to the building.

Pheasant Bags Brace of Cars In Rt. 6 Mishap

Two cars ran south of each other on Rt. 6 Sunday afternoon when a line of traffic in which they were traveling stopped to let a pheasant cross the road.

Police report the accident occurred about 3:30 p.m. when Elizabeth A. Goodrich of East Hartford failed to slow down when she struck the rear of a car being driven by Richard R. Desautel, Cheshire. She was arrested, charged with following too closely and summoned to appear Nov. 8 in Circuit Court 22 in Manchester.

Both cars were slightly damaged in the crash, police report. Trooper Michael Whelan was investigating.

Undeclared Xavier Upset by East, 16-6

Two Early Scores Stand Up for Win

By RICH DYER

Doing the bulk of their scoring in the first quarter, the East Catholic football team rose to new heights and defeated heavily favored and previously undefeated Xavier High of Middletown, 16-6, Saturday at Mt. Nebo Field. An estimated crowd of 2,000 spectators watched as the Eagles mapped a two-game losing streak and their second win of the season. The locals now post a 2-2 record. The teams are now 4-1.

The Beatles drew blood early in the opening period after guard Joe Ruggiero recovered an Xavier fumble on the Falcon 25-yard line. East halfback John Mac advanced the ball to the five-yard mark on two runs. From there, Eagle quarterback Mac made his first career pass to Joe Ruggiero, who scored on a 25-yard run. The home crowd dented the scoreboard for the second time and the first quarter ended with East leading 10-0.

Mac was also instrumental in causing the Xavier offense to stall. Twice he placed punts which checked the Falcons within their own five-yard line.

Well Placed Kicks

Mac was also instrumental in causing the Xavier offense to stall. Twice he placed punts which checked the Falcons within their own five-yard line.

Following the game, East Coach Tom Roberts had plenty of praise for his team's defense. "Our secondary has improved 100 per cent since last week. Our line played well, too," he said. "We were a terrific team effort."

Roberts added, "East hit the road Saturday for a meeting with Wesleyan in East Hartford."

Long Scoring Run

Zavier's only scoring in the afternoon came in the first quarter when Falcon halfback Steve Moran scored on a 25-yard touchdown. A tough East line squashed the Middleton club's follow-up and added points.

East Catholic again augmented its winning margin in the fourth period when Xavier was tagged with a safety. Eagles' Bob DeGennis and John Anderson pinned Falcon's quarterback Bob Magner behind the goal line for the two points which insured East's victory.

The afternoon also featured a spectacular running exhibition by Mac. The former All-State team took to the ground in

Chicago Halfback On Spree

NEW YORK (AP) — Gale Sayers was greeted to shrieks at his coming out party, now has believers wishing he had stayed in.

The Chicago rookie created possibly the biggest explosion of the season Sunday, scoring the last four touchdowns—on a 60-yard dash with a kickoff—on the Bears' outlandish Minnesota 45-37 in the National Football League.

It was a performance that could not have been better, if any, doubts about Sayers' ability. There were some doubts when Coach George Halas introduced the University of Kansas halfback to the NFL, at a party at a Chicago restaurant.

The Bears showed, fans of Sayers in action, but viewers were skeptical, figuring that no one could be that good. The Bears just picked out his best play and showed it.

Five games later, Sayers has proved himself a winner. He has scored 10 touchdowns in his first seven games, and he has averaged 45.5 yards per game.

Sayers is a running back, but he is also a receiver. He has caught 10 passes for 100 yards and a touchdown.

Arkansas Surprises Top Club

NEW YORK (AP) — One-hundred and twenty-nine years after Crockett died defending Texas, another left the Lone Star State reeling. Not as badly as the Alamo, perhaps, but reeling nevertheless.

Backwoodsman Davey might not have approved, but the Crockett is an Arkansas boy named Bobby and he had Texas sitting out of the football game.

Crockett was quarterback Jon Britten's chief target on the 30-yard march downfield in the waning moments Saturday that brought Arkansas a thrilling 27-21 victory over top-ranked Texas.

He caught five passes on the drive including a winning grab on a 14-yard pitch that put the ball on the Texas one and set off a 10-play drive that ended with Britten's burst into the end zone.

Crockett's 27-yard catch was the longest in the game. He had a 20-yard lead earlier, was on top to stay.

Crockett had eight passes for 102 yards and one touchdown with a show that drew each Darrell Royal shaking his head.

"That Crockett made some of the best catches I've ever seen," said Coach Darrell Royal. "He was a real find."

The victory was the 17th in a row for Arkansas—longest winning streak in the country.

And, while the No. 1 and No. 3 teams battled it out in the Southwest, second-ranked Nebraska blithely continued scoring touchdowns in the second quarter after a scoreless first period.

Fourth-ranked Michigan State held Big Ten foe Ohio State to four touchdowns in the fourth quarter. The Buckeyes 27-7. It was the first time Ohio State has lost to a Big Ten team since 1952.

The Spartans, wrapped in their 1965 season, were drafted by the Chiefs. But Buffalo owner Ralph Wilson got out of the deal. He wanted to attend the wedding of Dave Behrman, a Spartan teammate who is now a member of the Buffalo Bills.

Wilson was asking \$1 million to play in Buffalo and Saines was saying, "I do."

A trade promptly was arranged and Saines moved over to Buffalo. When the Bills became pressed for defensive help, Saines moved over to Buffalo.

A master of the safety blitz, he tried the maneuver against the Chiefs midway in the fourth quarter with Buffalo holding a 10-0 lead.

Pete Besthard, Buffalo's defensive coordinator, said Saines' move was a "cloud of dust and a first down" for the touchdown that put the Bills in a 26-17 victory over Houston.

Defenders also played key roles in the other two games. The New York Jets and Oakland Raiders played to a 24-24 tie.

The Patriots, now 0-4-1, took a 7-3 lead against the Chargers on Babe Parilli's 73-yard touchdown pass to Ron Burton but San Diego pulled ahead on Griesse's late field goal to get a 13-7 lead.

John Adams' 84-yard strike to Lance Alworth and a 10-yard field goal by Herb Trevino.

The Chargers, the league's lone remaining unbeaten team, spent the rest of the day turning back Boston with a pair of field goals by Gino Cappelloni finally pulling the Patriots even.

The Oilers, 2-1, led 17-14 when Griffin went to work for the Broncos, 3-4. Rookie end Max Lestward blocked a punt by Tom Norton and Griffin grabbed it and rambled 10 yards for a touchdown. Then, in the final two minutes, he stole a George Tom. Blanda pass and went 44 yards for another score.

Great Thrill!

This is one of my greatest thrills, the Rev. Charles Shaw said after he was presented with the 1965 National Football League trophy. The trophy was presented to Shaw by the Rev. Charles Shaw, who was the head coach of the team that won the championship.

Shaw said that he was proud to have led his team to the championship and that he was grateful to the fans for their support. He said that he would cherish the trophy for the rest of his life.

Chicago Halfback On Spree

Chicago Halfback On Spree

NEW YORK (AP) — Gale Sayers was greeted to shrieks at his coming out party, now has believers wishing he had stayed in.

The Chicago rookie created possibly the biggest explosion of the season Sunday, scoring the last four touchdowns—on a 60-yard dash with a kickoff—on the Bears' outlandish Minnesota 45-37 in the National Football League.

It was a performance that could not have been better, if any, doubts about Sayers' ability. There were some doubts when Coach George Halas introduced the University of Kansas halfback to the NFL, at a party at a Chicago restaurant.

The Bears showed, fans of Sayers in action, but viewers were skeptical, figuring that no one could be that good. The Bears just picked out his best play and showed it.

Five games later, Sayers has proved himself a winner. He has scored 10 touchdowns in his first seven games, and he has averaged 45.5 yards per game.

Sayers is a running back, but he is also a receiver. He has caught 10 passes for 100 yards and a touchdown.

NEW YORK (AP) — One-hundred and twenty-nine years after Crockett died defending Texas, another left the Lone Star State reeling. Not as badly as the Alamo, perhaps, but reeling nevertheless.

Backwoodsman Davey might not have approved, but the Crockett is an Arkansas boy named Bobby and he had Texas sitting out of the football game.

Crockett was quarterback Jon Britten's chief target on the 30-yard march downfield in the waning moments Saturday that brought Arkansas a thrilling 27-21 victory over top-ranked Texas.

He caught five passes on the drive including a winning grab on a 14-yard pitch that put the ball on the Texas one and set off a 10-play drive that ended with Britten's burst into the end zone.

Crockett's 27-yard catch was the longest in the game. He had a 20-yard lead earlier, was on top to stay.

Crockett had eight passes for 102 yards and one touchdown with a show that drew each Darrell Royal shaking his head.

"That Crockett made some of the best catches I've ever seen," said Coach Darrell Royal. "He was a real find."

The victory was the 17th in a row for Arkansas—longest winning streak in the country.

And, while the No. 1 and No. 3 teams battled it out in the Southwest, second-ranked Nebraska blithely continued scoring touchdowns in the second quarter after a scoreless first period.

Fourth-ranked Michigan State held Big Ten foe Ohio State to four touchdowns in the fourth quarter. The Buckeyes 27-7. It was the first time Ohio State has lost to a Big Ten team since 1952.

The Spartans, wrapped in their 1965 season, were drafted by the Chiefs. But Buffalo owner Ralph Wilson got out of the deal. He wanted to attend the wedding of Dave Behrman, a Spartan teammate who is now a member of the Buffalo Bills.

Wilson was asking \$1 million to play in Buffalo and Saines was saying, "I do."

A trade promptly was arranged and Saines moved over to Buffalo. When the Bills became pressed for defensive help, Saines moved over to Buffalo.

A master of the safety blitz, he tried the maneuver against the Chiefs midway in the fourth quarter with Buffalo holding a 10-0 lead.

Pete Besthard, Buffalo's defensive coordinator, said Saines' move was a "cloud of dust and a first down" for the touchdown that put the Bills in a 26-17 victory over Houston.

Defenders also played key roles in the other two games. The New York Jets and Oakland Raiders played to a 24-24 tie.

The Patriots, now 0-4-1, took a 7-3 lead against the Chargers on Babe Parilli's 73-yard touchdown pass to Ron Burton but San Diego pulled ahead on Griesse's late field goal to get a 13-7 lead.

John Adams' 84-yard strike to Lance Alworth and a 10-yard field goal by Herb Trevino.

Viet Air Strikes Cost Another Jet

SATCON, South Viet Nam (AP)—The loss of another U.S. bomber over North Viet Nam was reported today and two crewmen were presumed captured.

The plane, an F4C Phantom, was shot down Monday over a bridge 40 miles west of Vinh, a U.S. military spokesman said. It was the sixth American plane reported lost in North Viet Nam in three days and the 11th since the United States began bombing North Viet Nam last February.

Radio Hanoi claimed that North Vietnamese gunners brought down five U.S. planes Monday and Sunday. Fourteen other planes from the carrier Midway smashed at railroad cars and pushed bridges on other strikes in North Viet Nam, the spokesman said.

Two planes from the carrier Independence attacked a marine railway installation about 60 miles north of the frontier between North and South Viet Nam. Pilots said they damaged three buildings and sank a barge.

U.S. bombers from Guam blasted a Viet Cong target in the Ho Bo woods 30 miles northwest of Saigon.

The Vietnamese army said its troops killed six Viet Cong, wounded 13 and captured 10 in operations in the northern coastal province.

Troops of the U.S. 1st Infantry Division rounded up 135 suspects during an operation 25 miles north of Saigon. A spokesman said five of the suspects were identified as Viet Cong and one was killed when he tried to escape.

The Viet Cong inflicted heavy casualties in an ambush of a small government squad in a northern coastal province. Government troops reported they killed 11 guerrillas in a raid in the Mekong Delta, 65 miles south of Saigon.

The Communist guerrillas have been attacking more frequently in the delta during the past few weeks and have been operating in battalion strength. A battalion may range from 500 to 1,000 men.

The guerrillas staged mortar attacks on 10 South Vietnamese military posts and watchtowers during the past few days but made no attempt to advance on them. Government casualties were reported light in the attacks in Quang Thien and Phong Dinh provinces, 75 to 125 miles south of Saigon.

The ruler is King Norodom Sihanouk. He was said to be appealing to the Congolese air force to attack the rebels.

The broadcast said the insurgents battled their way into the palace in Bujumbura, the capital. Two soldiers were reported killed.

Limited among the injured was premier Leopold Bihé, two of whose predecessors have been assassinated in the last four years. Bihé was reported seriously wounded when leaving his home in an effort to reach the palace.

The Belgian Sabene airline held up its regular flight to Bujumbura.

There was no immediate identification of the rebels. There has been intense political rivalry for years between pro-Chinese feudal leaders of the Tutsi tribe and Western-educated "Young Tutsis" who have been supporting an uprising in the Congo with arms, cash and propaganda.

Burundi, formerly known as Urundi, won independence July 1, 1962. It had been a United Nations trust territory run by Belgium.

Lengthy Tax

JERSEY, Channel Islands (AP)—Jersey, an island with 30,000 cars and only 500 miles of road, has decided to tax cars by length.

The new taxes are to raise money for new roads and encourage the island's 65,000 population to use smaller cars.

Jersey, though subject to the British monarchy, has its own parliament. Many wealthy Britons live here to avoid the heavier British income tax and death duties.

Comments by the transit company's top official, E. Clayton Grogan, met with prompt rejection by the union as the strike, which has eliminated bus service for about 75,000 riders daily in and around Hartford, Stamford and New Haven, completed its seventh day.

No prompt end is in sight. Besides the dispute over work that the company wants to farm out, two other issues were identified by Grogan as major obstacles to a settlement. One was the cost-of-living clause and the other was the "management clause."

Thomas J. Kelly, business agent for the Hartford local of the Amalgamated Transit Union, AFTU-680, charged that the revival of the subcontract issue was "just another form of harassment."

Troops, Rebels Meet In Dominican Melee

SANTO DOMINGO, Dominican Republic (AP)—A man was killed early today in another flare-up of shooting between Dominican troops and rebel partisans in the heart of Santo Domingo.

The firing quickly subsided, but bands of angry civilian youths, most of them unarmed, ranged the downtown area.

President Hector Garcia-Godoy canceled an order sending additional troops into the city in a weapons recovery operation. He also ordered a curfew in the rebel sector Monday night to occupy Ocoa fortress and protect troops guarding the tense dock area.

The fortress, renamed Constitution Plaza by the rebels, overlooks the river and harbor facilities. Five of the 10 tanks in the fortress were removed but a full battalion, about 400 battle-ready troops, remained.
