

## Health, Education Program Submitted

WASHINGTON (AP)— President Johnson submitted to Congress today a cradle-to-old age health and education program to help feed poor children and meet the hospital needs of the elderly.

In a lengthy message, Johnson also called for creation of an advisory committee on alcoholism and a government center for research on its cause, prevention and control.

The message was skimpy on financing figures. But Johnson did say he was asking for \$50 million for programs designed to provide adequate nutrition for disadvantaged children, in addition to \$329 million in cash and commodities already in the budget for school nutrition programs.

"The total federal program of \$379 million is a major redirection of our child nutrition efforts to children who otherwise would grow up hungry, suffer the diseases that come from being ill-nourished and lack the energy so essential to learning," he said.

"No child in an affluent America should be without an adequate diet. The new program will move us far toward that goal."

The President also said he has directed his secretary of Health, Education and Welfare, John

Gardner, to begin a special food service program under which local organizations will be able to offer balanced, nutritious meals to the elderly at cut-rates, or free to those in need. This would be done under an older Americans law passed last year.

Johnson's food proposals carried with them the threat of continued conflict with Congress. Complaints have sprung up at his proposed 79 per cent cut in the program for subsidized milk for school children. Johnson did not back away from this. Again he emphasized that those who can should pay for milk in school lunches.

In the medical and health field, Johnson noted that one-third of the general hospitals in the nation, containing 260,000 beds, are obsolete and the pressure on hospitals will grow

when Medicare goes into operation July 1.

"To begin to meet this urgent need," he said, "I recommend legislation to mobilize public and private resources to revitalize our obsolete hospitals. This will require a loan and grant program to assist in the long-term financing of hospital renewal projects."

Modernization, he added, must go beyond brick and mortar; it must seek ways to cut the cost and raise the quality of health care and to organize health services more efficiently. So he told Gardner to hunt for methods of bringing "high-quality medical services to all the people at the lowest cost."

"I also propose," he said, "a five-year program of grants for research and demonstration

### Paper Clips?

COLOGNE, Germany — Cologne researchers, checking on the uses to which 100,000 specific paper clips were put, found that only one in five was used for clipping papers together.

More than one-fourth of the 100,000, the statisticians discovered, were used for cleaning purposes—such as typewriters or pipes. Exactly 19,413 were used as chips in card games, 7,212 kept hose in place; 2,431 substituted for a screwdriver; 4,163 were bent out of shape by doodlers; and fully 7,000 were thrown away unused or fell to the floor and became lost.

### State News

#### Drug Cases From UConn Continued

WILLIMANTIC (AP)— Three University of Connecticut students and a former student, arrested in mid-February, and accused of selling marijuana off-campus to state police undercover men, had their cases continued to March 22 in Circuit Court today.

Posting bonds of \$2,500 each were Jerome J. Calchiera, 23, of Stafford Springs and Robert H. Leary Jr., 21, of Mansfield.

Posting a \$1,000 bond was Carl M. Berman, 20, of Colchester. Each was presented on one count of violation of the state narcotics statutes.

The former student was Frederick M. Hughes of Mansfield, who posted \$2,500 bond after presentation on two counts.

#### Fast for Peace

MIDDLETOWN (AP)— A "Fast for Peace in Viet Nam," set to start Monday, is planned by a group of Wesleyan University students.

The fast, initiated by the campus chapter of Students for a Democratic Society, would last four days for most participants, two days for students on athletic teams, and eight days for

(See Page Ten)

## Cong Unit Riddled By Air Cavalrymen

SAIGON, South Viet Nam (AP)— U.S. air cavalrymen and Vietnamese troops decimated a Communist company in the Bong Son sector today while U.S. Marines and other Vietnamese battled the Viet Cong's elusive 1st Regiment in three actions farther north.

The Marines claimed they killed 115 of the enemy, captured six and seized nearly 100 weapons, including mortars and heavy machine guns, in the fighting that began with their arrival by helicopter Monday in the river and canal country 12 miles southeast of Hue, 400 miles north of Saigon.

This was reported to have boosted to 605 killed and 14 captured the toll of an offensive launched by government troops

Nam's two northern provinces, with actions centering from 20 to 50 miles from North Viet Nam's frontier.

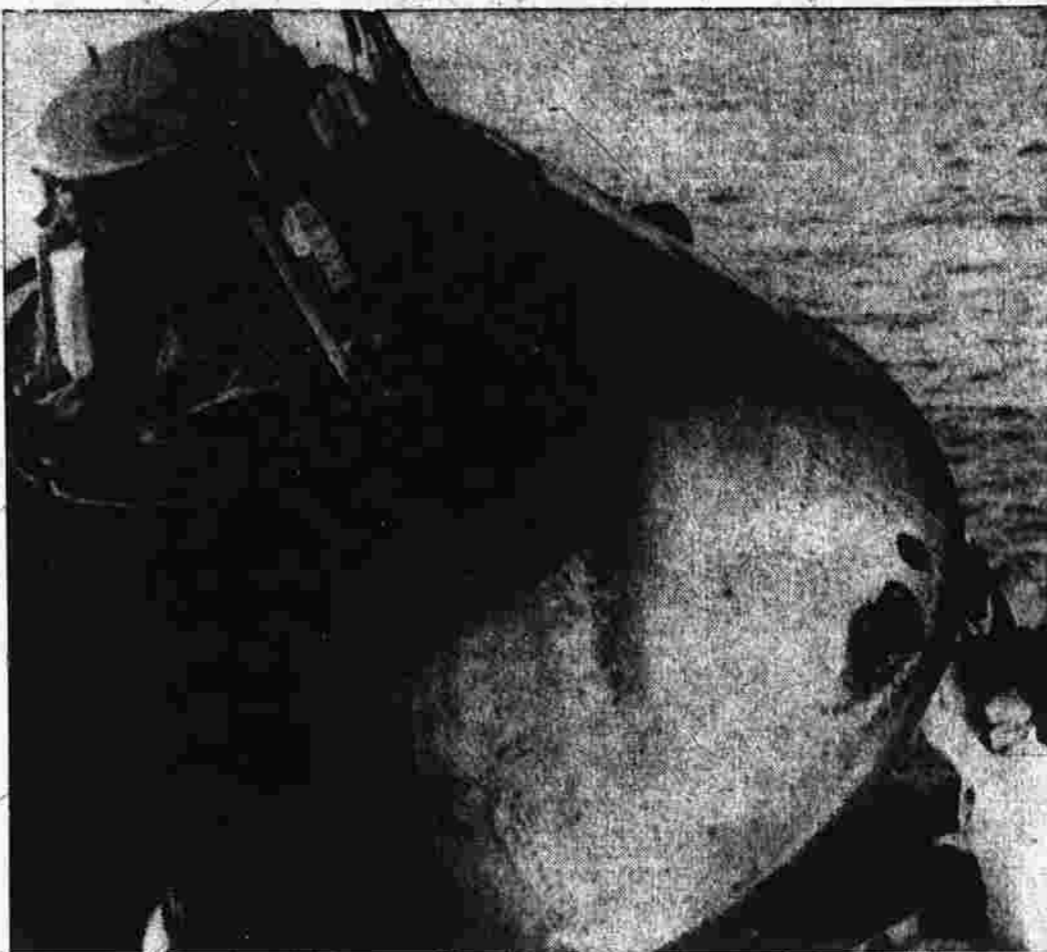

Government troops and helicopters of the U.S. 1st Cavalry, Airborne, Division cooperated in strikes against about 100 Viet Cong on the shore of the South China Sea near Bong Son, 300 miles northeast of Saigon.

Elements of the 22nd Vietnamese Division were moving to support the cavalry's seizure of Cay Giap mountain, three miles southeast of Bong Son, when they surprised the guerrilla company. Most dashed for boats, but 20 were killed before they reached the water.

Two cavalry helicopters herded the boats back to shore by

(See Page Eleven)

## Soviets Score Again; Spaceship Hits Venus

### Satellite Ends Contact On Landing

MOSCOW (AP)— The Soviet Union today lauded a satellite on Venus, the first man-made object to reach that cloud-wreathed planet, the Soviet news agency Tass said.

The satellite was Venus 3, launched last Nov. 16. The agency said it carried to the planet's surface a pennant with the coat of arms of the Soviet Union.

There was no immediate claim that Venus 3 made a controlled landing, indicating that it had crashed. The Soviet Union made history's first soft landing on the moon last month.

The Russians also announced they had launched Cosmos No. 111, exactly a week after Cosmos 110 lofted two dogs into orbit. The dogs are still up. The Cosmos series normally is a program of unmanned satellites seeking scientific data and the Tass announcement indicated this was the case with Cosmos 111.

### Apollo Spacecraft Recovered from Atlantic

Technicians load the 45,000 pound Apollo spacecraft aboard the U.S.S. Boxer after it was recovered from the Atlantic Ocean, east of Ascension Island. The first U.S. space step toward the moon, it was launched Saturday from Cape Kennedy, Fla., after delays, a scrub and finally a quick change of mind that allowed the flight.

## 30 GOP Legislators Ask Probe of Draft System

WASHINGTON (AP)— Thirty Republican House members called today for an immediate investigation of the draft, charging the present system is haphazard and mired in a jungle of red tape.

Administration efforts to persuade allies to supply men for Viet Nam also should come under congressional scrutiny, the group said in a statement issued prior to a late morning news conference at the Capitol.

"The search to provide manpower to fight the war in Viet Nam should be equitable and efficient," the congressmen

said. "We are concerned that it is neither."

The group predicted the administration "may soon seek to increase substantially the number of U.S. forces in Southeast Asia" and said "we can no longer afford a haphazard approach."

In the statement, the congressmen also claimed:

1 — The Defense Department is "not making maximum efficient use" of present personnel. They cited a recent report they said showed 9,000 enlisted men held jobs in officers' clubs, hobbies, bowling alleys, golf courses and commissary stores.

2 — Nearly 280,000 men classified 1A aren't available for the draft because their papers are "stalled in the bureaucratic pipeline."

3 — "There does not appear to be a clear order of priority in which the administration is considering calling various manpower groups for service."

4 — Tests scheduled to help determine which college students should be given deferments discriminate against liberal art students and favor those concentrating on science courses.

Three of the 30 congressmen are members of the House Armed Services Committee, which plans hearings on the "authority to induct" section of the Selective Service Act. This section expires next year.

The statements contended there is "mounting evidence of gross inefficiency" in the Selective Service System and Defense Department administration.

"Congress should examine this red tape jungle immediately," the group said.

### British Begin Campaign for March 31 Voting

LONDON (AP)— Britain embarked today on a month of election campaigning, and the first casualties were a pair of puppet piglets named Pinky and Perky.

Pinky and Perky, stars of a children's television show, ran afoul of British officialdom's view that elections and entertainment don't mix.

The piglets were to star March 13 in a 10-minute playlet titled "You Too Can Be a Prime Minister." The British Broadcasting Corp. decided to show the program after the voting.

The nation votes March 31 to choose the government that may serve for the next five years. Prime Minister Harold Wilson's Labor party, currently

## Pine Proven Bests 25-Year-Old Posts Stalk on Highways

NEW HAVEN (AP)— After years of study, the Connecticut Agricultural Experiment Station says highway fence posts made of red pine and southern yellow pine last longest when pressure-treated with creosote.

The station said today that 97 per cent of red pine posts and 90 per cent of southern yellow

## Nkrumah in Moscow; Trial Threatened

MOSCOW (AP)— Kwame Nkrumah, deposed president of Ghana, stopped over in Moscow today for talks with Soviet leaders. The military leaders who overthrew him said Nkrumah would be put on trial if he returned home.

Soviet Foreign Minister Andrei A. Gromyko was at the airport when Nkrumah arrived Monday night aboard a special Soviet plane from Peking. They talked for about half an hour, then drove off separately.

Nkrumah was in Peking conferring with Red Chinese leaders when his regime was overthrown last Thursday in a military coup. He left the Communist Chinese capital Monday vowing to crush the army and police who deposed him.

In Accra, Lt. Gen. J. A. Ankrah, president of the National Liberation Council now governing Ghana, told a news conference that if Nkrumah "dares to come back to this country he will be tried for the crimes he has committed."

Ankrah said Ghana's airport was closed to all planes of the Soviet airline Aeroflot "because they carried Nkrumah away."

The move apparently was intended to make sure the Soviets do not bring him back.

Ankrah, in his first radio address to the nation, warned all

countries "to keep out of our problems and leave us alone to do our best to solve them."

The warning was believed aimed at the United Arab Republic, Guinea and any other African states that have rallied to the support of Nkrumah.

In turn, Ankrah promised his government would "abstain absolutely from interfering in the internal affairs of other states."

"As you all know," he said, "mere lip service was paid to his policy of nonalignment by the now deposed tyrant and dictator."

Reports from Cairo said that after talks with Soviet officials, Nkrumah would go on to the Egyptian capital where his Egyptian-born wife and three children have taken refuge.

No one from the Ghana Embassy was at the Moscow airport when Nkrumah arrived. Ambassador J. B. Elliott said the Soviet government had not informed him of the deposed leader's arrival.

Elliott said the embassy supports the government of Ghana rather than any one person. The new military regime reportedly has informed the Soviets that it wants friendly relations and seeks diplomatic recognition.

The Kremlin has taken no

(See Page Ten)

## Police Rout Union Mobs; Chiefs Talk

MIAMI, Fla. (AP)— About 200 angry workers were dispersed by armed and helmeted police today at a construction site that had become a bloody battleground for rival union members Monday.

Meanwhile, leaders of the two unions met behind closed doors with Miami's police chief in an effort to resolve the dispute that erupted Monday into a street brawl by about 150 men.

Six workmen were hospitalized, 14 arrested.

Another man was arrested today and charged with carrying a concealed weapon, a chain wrapped around his body under his shirt. But there was no violence.

About 100 policemen — the city's riot squad and 30 motorcycle patrolmen — were at the scene near downtown Miami to insure against a new outbreak.

The men dispersed today were members of Local 497 of the International Union of Operating Engineers. No members of the rival Local 3489 of the International Brotherhood of Electrical Workers Union made an appearance.

"We were real lucky," Police Sgt. S.F. Wyatt said after the riot Monday. "They could have turned on us — and we were way outnumbered — but they were only interested in fighting each other."

The melee was the climax of a long-standing disagreement over which union should perform non-electrical work on an electrical construction project.

"We hoped," said Detective

(See Page Seventeen)

## February Storms Add to State's Water Supplies

WINDSOR LOCKS (AP)— February 1966 went down in the weatherman's books today as a month of above-normal precipitation.

"The wet weather of the past month has suggested that the prolonged drought may be starting to ebb," the U.S. Weather Bureau said, "but it is still much too early to make such a claim."

The weather bureau said it measured 4.40 inches of precipitation in February, or 1.5 inches above average.

The month ended on a wet note, the weatherman said, with an overnight rainfall that continued into this morning. The rain averaged about one inch, or better than 80 billion gallons of water over the state from this instant.

The combination of rain and snowmelt in the past few days, the bureau's monthly summary said, "should add considerable much needed water to our reservoirs."

The weather bureau noted that February 1965 also was a month of above-average precipitation. But it said that it was followed

### South Windsor Firemen Name Officers, Form Ladder Company

The town's volunteer fire department has elected officers, set in motion a study of new equipment, and established a new ladder company.

L. Donald Smith has been elected president of the department. Other officers include Henry St. Cyr, vice president; Michael Longo, secretary; George Simons, treasurer; the Rev. James Birdsell, chaplain; and Harold M. Newberry, commissioner.

Chief Philip E. Crombie, in his annual report, announced appointment of former chief Raymond Ellison as an administrative deputy chief. Chief Ellison will assist Chief Crombie in the area of fundamental plans. His first assignment will be to coordinate the upcoming re-evaluation of the town by the New England Fire Rating Bureau and to hear the effort to design and secure an aerial ladder or snorkel in the 1967-68 fiscal year.

The project was recently outlined to both the town council and the capital expenditures planning committee.

In order to fulfill the requirements of the American Insurance Association Grading Schedule, which requires the town to have a ladder company, Chief Crombie has announced a reorganization of the fire department.

Effective today, a ladder company will be added to the existing three engine companies. Captain Albert Gagg will command the new company which will be assigned to the new Fire and Engine Two apparatus.

Engine Two will be equipped with additional ladders to qualify it as a ladder truck. Emergency Five will carry the miscellaneous equipment required by a ladder company.

The engine company will be organized as follows:

L. Daniel Spencer is promoted to captain and assigned to Engine Company One replacing Capt. Gagg. Engine Company One operates engine 4.

Engine Company Two, commanded by Capt. Walter Dodd will continue to operate the new engine 6 while engine company three will be under the direction of Capt. Anthony Porghetti. This unit will have three assigned to them.

The Board of Fire Commissioners has recommended approval of Lt. Elmer Schneider's request to be put on the inactive list. Lt. Schneider's position will be filled by competitive examination.

**Bowling Tournament Set**

The South Windsor Jaycees will sponsor a junior bowling tournament March 5 at the Ten Pin Bowl on Rt. 6. Starting time is 10 a.m. but all entries must be registered by 9:30 a.m. Frank Strespek, chairman for the event, has announced that the tournament will be sanctioned by the American Junior Bowling Congress. Competition is open to all residents of the town between the ages of 10 and 17.

Registration blanks may be obtained at the high school gymnasium of the Ten Pin Bowl. Trophies will be awarded to first and second place scratch and handicap winners. Winners will enter state competition to be held March 19.

**PTA Conference Set**

The Avery St. PTA will hold its first educational conference tonight. Registration will be from 7:30 p.m. at the school. Mrs. Leo Lariviere, chairman of the program has announced that each parent may attend two discussion groups during the course of the meeting. Topics to be discussed are as follows:

Reading program; standardized testing programs; the mid-level and reporting; and the middle school; the transition room; grading and reporting; and How Does South Windsor Select its Teachers.

To Mark Birthday

The South Windsor Women's Club will hold an open house Monday to celebrate its sixth anniversary. In connection with the Diamond Jubilee of the General Federation of Women's Clubs, a display of the many projects which the club has undertaken during the year will be presented.

The public is invited to attend and club members are encouraged to bring guests. A brief business meeting will be held at 7:40 p.m. The club's choral

### 12th Circuit Court Cases

**MANCHESTER SESSION**

Clyde E. Patton, 51, of Coventry, pleaded guilty to a substitute charge of breach of peace by assault and the case was continued to March 31 for pre-sentence investigation.

Mrs. George Raitt and Mrs. Charles Robinson.

**Punish Program Set**

The Bishopric of Temple Beth Shalom will meet tomorrow night at 8:15 p.m. at the temple. The theme this month will be "You and Gussie Who," a Purim program.

**Race Aide Sought**

Applications are being accepted for the position of recreation aide for the summer playground season. All applicants must be at least 18 years of age. For further information, Sam Brady, recreation director may be contacted at 1009 Strong Rd.

**PTA to Meet**

The Pleasant Valley School PTA will meet tonight at 8 p.m. Mrs. B. O. Pelton of the South Windsor Historical Society will show color slides on the historians and extensors of historical houses in town and early industries.

**Returns from Tour**

Fireman Russell F. Harrington, son of Mr. and Mrs. Richard B. Harrington of 219 Pleasant Valley Rd., has returned to Boston aboard the Coast Guard cutter McCulloch, after completing Operational Readiness Training with the Navy at Guantanamo Bay, Cuba. Normally, the McCulloch serves the coast guard as a search and rescue vessel and ocean station patrol ship. While in the Caribbean, the cutter visited Puerto Rico, Jamaica and San Juan, Puerto Rico.

**To Get Degree**

Daniel R. Walsh, 17, Mery Rd., has completed his academic requirements at the University of Connecticut and is awarded a bachelor's degree by the College of Liberal Arts and Sciences this winter.

**St. Peter's Events**

The Adult Confirmation and Inquirers class of St. Peter's Episcopal Church will meet Wednesday at 9 p.m. in the parish hall.

The senior choir will rehearse Thursday at 8:15 p.m. in the church.

The junior choir will rehearse Saturday at 10 a.m. also in the church.

The Youth Confirmation class will have a comprehensive test Saturday at 11 a.m. in the parish hall.

Sunday there will be an Institutional Breakfast at 10 a.m. service. A coffee hour will follow the service.

The senior choir will rehearse in the Good Friday cantata Sunday at 4 p.m. in the church. Banquet dinners will be provided.

Manchester Evening Herald South Windsor Correspondent, Anne Lopez, tel. 644-3023.

### Junior Century Presents 'Among Us Girls'

The fine arts committee of the Manchester Junior Century Club today presented "Among Us Girls," a one-act play, at the New Haven's Women's Club as an entry in the state one-act play competition of the Connecticut Federation of Women's Clubs. Members of the cast are, left to right, Mrs. Juliana Whitney, Mrs. James Bjorkland, Mrs. Douglas Gallup, Mrs. Donald Cornell and Mrs. Robert Garcia. Results of the competition will be announced at the state convention of the Connecticut Federation of Women's Clubs in May at the Hotel America, Hartford. (Herald photo by Photo.)

### 'Right Man' Found For Cancer Gamble

**BUFFALO, N.Y. (AP)** — Dr. Sigmond H. Nadler, assistant chief cancer research surgeon at Roswell Park, New York State's cancer research center, said the night he found the "right man" for a rare operation which might save both from dying of cancer, and there is no assurance that it will work.

Allen, 28, a Tucson, Ariz., businessman, and an unnamed Philadelphia, are strangers to each other, but they have in common a rare type of bone cancer, osteogenic sarcoma.

Both also have the same blood type, O-positive, the key to the operation to be performed by doctors at Roswell Park Memorial Institute.

Doctors gave Allen, father of three and a former University of Illinois football player, two to six months to live. They said they held one hope, that a man with the same type of cancer and identical blood type might be found.

The Philadelphia man, picked after 100 offers were screened, agreed Monday to come to Buffalo for the operation, which involves transplanting cancer tissue from each man into the other's thigh.

A similar operation was performed two years ago with apparent success, but on a patient with a different type of cancer, malignant melanoma.

Nadler and Dr. George E. Moore, also of Roswell Park, performed the earlier operation within 10 to 14 days after the transplant each patient's body reacted against the foreign cancer tissue, "indicating the development of some form of cancer resistance," Nadler said.

The resistance is carried by white blood cells, which combat the original cancer tissue after six months to live. They said they held one hope, that a man with the same type of cancer and identical blood type might be found.

The Philadelphia man, picked after 100 offers were screened, agreed Monday to come to Buffalo for the operation, which involves transplanting cancer tissue from each man into the other's thigh.

A similar operation was performed two years ago with apparent success, but on a patient with a different type of cancer, malignant melanoma.

### 250 Hear Talk On Brotherhood

Close to 250 members of South Methodist Church, St. James' Church and Temple Beth Shalom attended a Brotherhood Week program last night at South Church sponsored by the Women's Society of the Christian Service (WCSB) and the Methodist Men's Group.

The principal address was given by Dr. Harrell F. Beck, professor of Old Testament and chairman of the Department of Biblical Studies at Boston University School of Theology and Graduate School.

Dr. Beck, who spoke on "A New Witness for a New World," cautioned church and synagogue leaders to open their eyes to the challenges of the 21st century. He warned that today's youth is being alienated from the influence of church and family by outside factors, including TV, radio, the movies and books.

Dr. Beck stressed the importance of "dreams and goals" for the young of all faiths and said that it is more important for the church and synagogue to encourage the dreams and goals than to stress sin.

Participating in the program, in addition to Dr. Beck, were the Rev. Richard Dupes of South Methodist; substituting for Dr. J. Manley Shaw, who is ill; Agr. James P. Reardon of St. James Church; and Dr. Leon Wind, rabbi of Temple Beth Shalom.

The four answered written questions from the audience, following Dr. Beck's address.

# Tournament Test for East Tonight

## Wethersfield Site of Test With Wilcox

By PETE ZANARDI  
Tournaments are familiar at East Catholic High, three varsity seasons—three tournaments. Things are somewhat different this year, however. After being Class M runner-up and champion the past two years, the 13th ranked Eagles (13-3) enter Class A warfare tonight in a playoff contest with 20th ranked Wilcox Tech of Meriden (10-7) at Wethersfield High at 8 o'clock.

The post-season event is even more familiar at Wilcox, in fact it may have become a natural thing. The Meriden entry will be appearing in its 23rd straight tournament, dating back to 1944.

The Eagles' defeat by HCC rival South Catholic a week ago Saturday, East snapped back to scores in its other two games on Rockville High and Xavier High of Middletown and closed regular scheduling with a narrow 52-50 win over top-ranked Waltham.

Coach Don Burns will go into the contest with a record of 12-1 and a record over the past two years.

Leads Squad  
Captains Ray LaGace, looking for his third All-Tournament berth, leading the team with 18.3 points and 16 rebounds a game. Joining the All-Star in double figures is the other forward Bob Martens (12.1). Completing the starting five will be guards Greg Wilcox and Bill Diminico to be counted for reserve duty.

## Centering in on Target

By PETE ZANARDI

## Burns Lauds LaGace as 'Best Forward in State'

By PETE ZANARDI  
Imagine getting sky-high over a coffin. It seems it was just that that played a part in South Catholic High's 72-50 victory over arch-rival East Catholic High a week ago Saturday.

Coach Don Burns, who lauded LaGace as the "best forward in the state," said he was "impressed" by the 18-year-old's performance.

Weiss to Try and Lure Industry to Manchester

Motorists traveling the Wilbur Cross Highway... The increases for those departments and others cover... Calling "Seed Money" General Manager Robert Weiss... St. Mary's Episcopal Guild... Fr. Thomas W. Lawrence... Lakota Council, Degree of Pochontas... The Alpha Society will meet... Fanny Farmer Candies... NOW AVAILABLE AT PINE PHARMACY... Fanny Farmer Candies... About 70 members of Manchester Jehovah Witnesses...

Class Planned In First Aid

Manchester's Red Cross office is sponsoring a course in first aid... The Teflon items in this money saver book have gone so fast that we gave out rain checks on 10 in fry pans... The rise in the contributions is attributed to the extra bene- fits which went into effect on July 1, 1965, and have nothing to do with any future changes... Of the total amount, \$80 per cent is charged to the General Fund payroll and 20 per cent to Red Cross office.

State News

Armed Man Robs Bank, Suspect Held... SOUTHINGTON - An armed bandit held up the Parkway office of the Southington Savings Bank... The investigation dealt with whether suspended drivers' licenses were being issued... The state's attorney said that Tynan said today that he has "cooperated fully and to the best of my ability with the authorities during the investigation."

Court Probe Ordered Over License 'Fixing'

HARTFORD (AP)—State Motor Vehicles Commissioner John J. Tynan said today he resents a statement that his office was reluctant to cooperate in an investigation of alleged irregularities in the department... The investigation dealt with whether suspended drivers' licenses were being issued... The state's attorney said that Tynan said today that he has "cooperated fully and to the best of my ability with the authorities during the investigation."

Defends the Draft

WASHINGTON (AP)—Lt. Gen. Lewis B. Hershey, Selective Service director, said today Americans don't like and don't understand the "draft" in Vietnam... He was philosophical about the criticism from individuals... "You can't blame people for being uncomfortable when somebody's going to put an obligation on them—that's human nature," he said.

Hershey Jobs Soft Americans

WASHINGTON (AP)—Lt. Gen. Lewis B. Hershey, Selective Service director, said today Americans don't like and don't understand the "draft" in Vietnam... He was philosophical about the criticism from individuals... "You can't blame people for being uncomfortable when somebody's going to put an obligation on them—that's human nature," he said.

Double Trouble on South Boston Street

When Mrs. Ethel Sweeney of South Boston went out to check her car this morning she found she had double trouble. Not only had a tree fallen, crushing part of the car, but a police department parking ticket was on the windshield. The tree was one of many felled by gusty winds that lashed New England last night. (AP Photofax)

Willimantic Strives To Adopt Viet Village

WILLIMANTIC (AP)—Willimantic is engaged in a campaign to adopt the South Vietnamese village of An Trac... It began with a letter from the mayor to the state's attorney... Residents of the town, led by students of Willimantic State College, launched the drive which has as its ultimate goal a lasting liaison between Willimantic and the village in South Vietnam.

Bulletins

CHICAGO (AP)—The controversial Cassius Clay-Fernie Terry heavyweight title bout scheduled for March 29 in Chicago was canceled today by the Illinois State Athletic Commission... BOMB ACKNOWLEDGED WASHINGTON (AP)—The United States officially acknowledged today that unexploded ordnance from World War II bombs scattered over the ground around a 353 bomber crash at Falomares, Spain, 44 days ago. A State Department statement said there has been "no evidence of a health hazard" as a result of the accident.

Fight Off
