Thieves Get Furs Valued At \$10,000

NORWALK (AP)—Burglars took some \$10,000 worth of furs from a Norwalk home yesterday night, police reported.

The break was at the home of Marcel Dreifus of Pequot Drive. Also taken was some jewelry, a small amount of cash and liquor, police said.

The Dreifuses were at a synagogue when the break took place. Entrance was gained by forcing a cellar window.

In another weekend break, police reported 18 business machines valued at \$8,600 were taken from the Albany Products Co. of Connecticut Avenue.

The porter discovered the theft Sunday morning. A lock on a side door had been broken, police said.

Pilot Injured

WOODBRIDGE (AP)—A 26-year-old pilot was injured Sunday when he crash-landed his single-engine plane in a lot.

The injured man, Edgar C. Carris of Maplewood Lane, Northford, was treated at St. Raphael's Hospital in nearby New Haven for a head cut.

Police said that Carris, secretary-treasurer of the Blue Bird Flying Club of Ansonia, was blinded by a heavy snow squall while heading back to the Ansonia Airport.

No Power

WATERBURY (AP)—More than 10,000 homes were without electrical power for about 75 minutes Sunday night when an auto hit a utility pole.

The affected homes were in Waterbury, Waterville and Wolcott.

Police said the power failure occurred when an auto crashed into a utility pole on Waterville St. about 10 p.m.

Eureka! Jake Fehr of East Grand Forks, N. D., dug DOWN today and found, guess what, the top of his car. The auto was completely buried by the snow that has paralyzed parts of several north-central states. Now he faces the job of completing the dig-out. (AP Photofax)

Blizzard-Bound West Begins Digging Out

FARGO, N.D. (AP)—Road-plowing crews and rescue missions began bringing relief today to blizzard-battered parts of the Dakotas and Minnesota.

The toll of deaths stood at 18. Ranchers were counting up a heavy loss of livestock, especially in South Dakota.

Helicopters and airplanes, bulldozers and plows worked to relieve thousands stranded in what has been termed the Dakotas' worst storm in decades.

Travelers who had taken refuge in stores, cafes, services stations, or homes—continued their journeys.

Stories of human kindness and heroic effort came out of the chill, snow-swept land.

Like the North Dakota farm boy, Orin Auck, of rural Sterling, who scanned the whitened countryside and got worried when he didn't see smoke coming out of a neighbor's chimney.

The 12-year-old boy put on his coat and overshoes and trudged through deep snowdrifts to the farm of Lowell Brown, who lived alone. There, he found the 65-year-old farmer dead, his body draped over a windmill brace in the yard—a victim of the blizzard which lashed the Dakotas three days last week.

Vignettes like this were commonplace as rural and city folk alike fought for survival against the storm.

Six of the storm deaths occurred in South Dakota and five each in North Dakota and Minnesota.

There was a staggering loss in cattle and sheep—perhaps running in the millions of dollars.

One rancher, Frank Maciejewsky Sr. of Timber Lake, S.D., estimated his at \$100,000.

Guy, who had been in Arizona, arrived home Sunday and planned an aerial survey today.

SAIGON (AP)—The U.S. Marines brought their first year in Viet Nam to a thunderous finish today by joining with crack South Vietnamese troops to shatter a 2,000-man North Vietnamese regiment.

Nearly 1,000 Communists were said to have fallen before the combined air-ground assault by 6,000 Leathernecks, government paratroopers and rangers in three days of blistering fighting, that the Marines called their roughest action—and best showing—of the war.

The fierce battle tapered off into a mop-up operation today, with the Marines and Vietnamese troops in pursuit of small bands of Red survivors. Prisoners said the regiment had been in South Viet Nam only a month since it filtered down from the North by the jungled Ho Chi Minh trail, allied spokesmen reported.

But the victory was costly to the allies. Marine officers told correspondents at the battle scene along the central coast the Marines took their heaviest losses of any single battle in Viet Nam, although over-all marine casualties were described as light. The toll came in the initial assault on Friday.

Eleven helicopters were hit by the Communists and two knocked down. The withering Red fire also forced down a Marine Phantom jet. The two

WASHINGTON (AP)—G. Mennen (Soapy) Williams resigned today as assistant secretary of state for African affairs. Williams, 55, will run for the Senate from Michigan, seeking the seat now held by fellow Democrat Patrick McNamara, 71, who has announced he won't seek reelection. Williams earlier served as governor of Michigan for six straight terms.

HONOR FOR LEJ
WASHINGTON (AP)—The National Space Club named President Johnson today to receive the Dr. Robert H. Goddard Trophy for 1966. H. Dale Grubb, club president, said Johnson was selected for his legislative and executive leadership of the national space program. The trophy, endowed by the widow of the space scientist who is recognized as the father of American rocketry, is presented annually to the individual judged to have made the greatest contribution during the preceding year to advance U.S. leadership in astronautics.

High Court Upholds Voting Rights Bill

Dismisses Attacks by Deep South

WASHINGTON (AP)—The Supreme Court upheld today key sections of the 1965 Voting Rights Act.

Chief Justice Earl Warren, in the majority opinion, dismissed a Deep South attack on constitutionality of the law.

"We hold," Warren said, "that the sections of the Act which are properly before us are an appropriate means for carrying out Congress' constitutional responsibilities and are consonant with all other provisions of the Constitution."

Justice Hugo L. Black wrote a separate opinion concurring in part and dissenting in part.

The tribunal upheld the power of Congress under the Constitution's 15th Amendment to suspend state literacy tests and similar voting qualifications, and to authorize the attorney general to appoint federal examiners to register qualified voters in various sections of the country.

Warren's opinion declared: "Hopefully, millions of non-white Americans will now be able to participate for the first time on an equal basis in the government under which they live. We may finally look forward to the day when truly the right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of race, color or previous condition of servitude."

Warren's quotation was from the Constitution's 15th Amendment.

Joining in the Warren opinion were Justices William O. Douglas, Tom C. Clark, John M. Harlan, William J. Brennan, Potter Stewart, Byron White and Abe Fortas.

South Carolina, joined by Virginia, Louisiana, Alabama, Georgia and Mississippi had attacked the new law as violative of the Constitution. The federal government defended the law and was joined by 20 states.

At Baton Rouge, Louisiana Atty. Gen. Jack Gremillion said the decision "means that the federal judiciary and the federal government have taken over

Maneuver Possible Now

Orbital Rescue Called a 'Must'

CAPE KENNEDY, Fla. (AP)—Man must learn how to rescue orbiting astronauts stranded in a disabled spaceship because

"it is a problem we all know will one day confront us," a recovery force expert said today.

"Space rescue is entirely feasible and well within the known state of the art," said Col. Emil G. Beaudry, vice commander of the Aerospace Rescue and Recovery Service at Orlando, Fla.

In a technical paper presented during the opening day of the Third Annual Space Congress,

Beaudry said one analyst concluded there is a 62 per cent probability of at least seven emergency situations in space involving 22 men in the next 20 years and a 53 per cent probability of two or three emergencies within 10 years.

He observed the vast amount of effort project officials now devote to insure astronauts' safety before they are launched and said "rescue in space is but the logical extension of this traditional humanitarian role."

"There is no reason today—

or certainly in the reasonably near future—why an operational rescue spacecraft could not be ready and standing by in the event of distress or tragedy during manned flights," Beaudry said.

"For example, a launch vehicle such as the Titan 3 with its great weight-lifting capability and mission versatility could easily carry a rescue crew, medical facilities and technicians aloft to assist in any way required."

In a related paper, an engineer said the ability to rendezvous with another object in space—as astronauts Neil A. Armstrong and David R. Scott plan to do March 15—"opens up a myriad of possibilities," including rescue.

A space ship which runs out of gas can be refueled by an "orbiting tanker," said M. H. Goodkind of Martin Co.'s Canaveral Division. Or a maintenance station in space could glide over to repair a disabled vehicle, and crews and supplies could be transferred to and from a manned orbiting laboratory.

At least eight of the small buildings were destroyed before firemen confined the fire that followed the initial explosion.

"Heating Contractors Speak Out"
Experienced heating contractors choose gas heat for their own homes. That's why you find so many who are outspoken about the advantages of heating with gas. For instance...
Mr. O. E. D'ARCHE says:
"Gas heating equipment is simple and dependable in design. As an added bonus, in case of electric power failure, we still have heat in our home.
Furthermore, because we heat our home with gas, we enjoy the lowest gas rates. We heat our domestic hot water with gas and, by the way, enjoy plenty of it.
I have installed well over 100 gas burners in West Hartford and my customers maintain that gas gives them a steadier, more even heat and, most of all, it costs them less."

HARTFORD GAS is so sure that you, too, will like gas heat, that we make this unconditional guarantee: if you are not COMPLETELY SATISFIED with it in every respect, we'll remove the equipment and refund every penny you've paid on it.
See for yourself why 75,000 people in Greater Hartford enjoy automatic gas heating. It's the clean, economical, quiet and dependable way to heat your home. Start now to save on fuel costs, furnace cleaning, and repair bills.

One Consistent Aim: Confusion

In the course of a Sunday editorial trying to chart a Vietnam policy which would still remain on the side of sanity, the New York Times has this past week...

from Subberger the readers of the Times were not satisfied, yesterday, they had penetrated to any system for telling where we are now and why, the editor Arthur Krook, truly an old owl who is always more disturbed by offense to the truth than by the particular direction of policy, could be found holding forth on the next day.

Krook had set himself for the day the task of charting, and then demolishing, the sudden shift by President Johnson and Secretary Rusk from the Gulf of Tonkin Resolution of 1964 to the Southeast Asia Treaty of 1954 as the "legal" justification for our action in Vietnam.

All of this, from the four different points of view involved, has one common denominator. The crisis of credibility between the official leadership of this country and its own people and the outside world is almost total.

The Missing Element: Seamanship

The Coast Guard Board of Inquiry would up throwing the entire book at the captain and officers of the T-19, the mouth Casite, which burned and sank with the loss of 80 lives off the Bahamas last November.

The human element is held responsible in Vietnam for generally everything that goes wrong, for the fact that the fire got out of hand. People and crew who knew about the fire did nothing definite about alarming the ship's command.

No Free Lunch

Secretary of Commerce John T. O'Connor in a recent speech, said mankind's knowledge in the field of economics should be summed up in only nine words: "There is no such thing as a free lunch."

Inside Report

by Rowland Evans Jr. Robert D. Novak

WASHINGTON—One day late in February, an executive of the U.S. Steel Corp. paid a secret visit to President Johnson's top economic adviser that could prove a landmark in the nation's economic history.

The visitor was William Whyte, a U.S. Steel vice-president and head of the company's Washington office. So confidential was this meeting with Dr. Gardner Ackley, chairman of the President's Council of Economic Advisors, in the Executive Office Building next door to the White House that not all executives in U.S. Steel's Washington office were informed.

The update of Whyte's initiative was a statement of approval from Ackley shortly after U.S. Steel announced its price changes on Feb. 28. Administration officials were delighted by the new era of good feeling with the White House.

NEW YORK, March 7—It still is not a big war. In Penn Station yesterday afternoon, there were only three or four private waiting for a train to take them back to camp.

Still A Small War

I ducked and come up and kicked hell out of him. Then I see guys going down, they were using six guns, and I finish my training in three weeks and they need wireman in Viet Nam. I'll be there in a hurry.

Fiscal Year Change Goes To Town Meeting Tonight

The adoption of a short-term it at the beginning of the fiscal year, before Aug. 1, and the other half in the middle of the year, by Feb. 1. The income is...

The short-term budget, covering the period from Sept. 15, 1965, through June 30, 1966, will have to be approved, including specific appropriations for the various town expenses for the period. The budget would substitute for the budget adopted at the annual town meeting in October.

Other business appearing on the call includes authorization for the high school building committee to spend up to \$5,000 from its contingency fund for preliminary plans for the proposed school extension with the new school, the appropriation of \$11,212 for a refund of the building permit fee paid by the school and the appropriation of \$38,887 for interest on the school's long-term high school loan.

The annual adjourned town meeting will follow the special meeting, when the new tax rate, based upon the revised Grand List, will be adopted.

Woman, 71, Dies 'Second' Time

NEW YORK (AP) — Miss Henrietta Landau, 71, pronounced dead Friday night and found to be alive Sunday in Roosevelt Hospital.

Dr. Milton Halpern, the city's chief medical examiner, personally performed an autopsy because of the "unusual circumstances surrounding the death." Halpern listed Parkinson's disease as the cause of death.

Die in Viet Nam

BRIDGEPORT (AP) — A 21-year-old Bridgeport man was killed in a battle at Quang Nam, South Viet Nam, Friday. The parents of Marine Lance Cpl. Lester Atherden III said they were notified Sunday of their son's death.

"C'mon over... I got a Charleston record that's the cat's meow!"

Some things about American teen-agers haven't changed much since the Charleston years, have they? But a lot of other things have. Back in 1928, you could order a phone in any color you wanted— as long as you wanted black. Then if you paid \$4.50 and talked real loud you just might get a call through all the way to Miami. Now, the same Miami call costs \$1.60 (only 80 cents after 8 p.m. and all day Sunday). And can you remember the last time you had to shout?

The Southern New England Telephone Company Part of the Nationwide Bell System

Fischetti advertisement featuring a cartoon illustration of a man and a woman in a kitchen, with the text 'IF THERE IS LIFE ON VENUS I HOPE IT DOESN'T EAT MINE!'.

The Baby Has Been Named...

Eastman, Carl Randall, son of Robert E. and Eleanor Clary Eastman, 8 Hilltop Ave., Vernon. He was born Feb. 23 at Manchester Memorial Hospital. His maternal grandparents are Mr. and Mrs. William D. Casoy, Wethersfield. His paternal grandparents are Mr. and Mrs. Oscar E. Eastman, Ormond Beach, Fla.

McTeague, Kerry Eileen, daughter of Jerry and Valerie Rubio McTeague, 24 Ordway Dr., South Windsor. She was born Feb. 16 at St. Francis Hospital, Her maternal grandfather is Joseph Babion, East Hartford. Her paternal grandparents are Mr. and Mrs. Joseph McTeague, East Hartford. She has two sisters, Colleen, 4, and Kelly, 2.

Koba, John Michael, son of John and Geraldine Brown Koba, 38 Twin St., Meriden. He was born Feb. 16 at Veterans Memorial Hospital, Meriden. His maternal grandparents are Mr. and Mrs. Thomas R. Brown, 64 Jensen St. His paternal grandparents are Mr. and Mrs. George Koba, Meriden. His maternal great-grandparents are Mrs. Thomas R. Brown, 4 Avon St. His paternal great-grandparents are Mrs. Catherine Grable, Meriden, and Mr. and Mrs. Peter Koba, Middletown.

Gardner, Dawn Eileen, daughter of Gerald F. and Susan Sandstrom Gardner, 86 School St., East Hartford. She was born Feb. 23 at Manchester Memorial Hospital. Her maternal grandparents are Mr. and Mrs. Leonard Sandstrom, 87 Concord Rd. Her paternal grandparents are Mr. and Mrs. Ernest Gardner, Pine Ridge Dr., Andover.

Converse Jr., Box 117, Clark Rd., Bolton. Her paternal grandparents are Mr. and Mrs. James P. Beckwith, 15 Hartland Rd. She has two brothers, James, 6 1/2, and Steven, 4 1/2.

Events In Capital

Special Bonuses
WASHINGTON (AP) — Special bonuses totaling \$4 million are awaiting 86,000 highly trained servicemen — if they re-enlist. The Pentagon theorizes the bonuses cost less than training replacements for enlisted men with critical skills.

The special bonuses vary by importance and supply of the skill. Servicemen with some key skills, such as missile mechanics and senior technicians, could receive up to \$10,000 — the maximum \$8,000 "variable re-enlistment bonus" plus the standard \$2,000 re-enlistment bonus.

The new bonuses, approved by Congress, will be allotted over the next 18 months. The Defense Department is expected to ask for an extension of the program beyond June 1967.

Gain Predicted

WASHINGTON (AP) — Republican National Chairman Ray C. Ellis predicts his party will score "substantial gains" in November's congressional elections.

Talking with newsmen at a weekend meeting of big city GOP chairmen, Ellis said inflation and "Democratic infighting" over Viet Nam policy are helping Republican prospects.

"I hope the Democratic infighting continues," he said. "It's bound to help us. It wouldn't predict how many congressional seats GOP candidates would win, saying 'a situation that seems favorable now could be entirely changed in a month.'"

Reduction Asked

WASHINGTON (AP) — The Federal Communications Commission has suggested telephone companies voluntarily reduce their rates for overseas calls.

In a letter to the companies, the FCC noted these rates have been unchanged for 20 years although volume has increased and costs have dropped.

Combination Plant

WASHINGTON (AP) — The Interior Department reports a proposed combination nuclear-powered electric generating and water desalting plant for Israel is technically feasible.

The feasibility report was prepared under contract by a private firm. The 200 megawatt electric generating plant also includes desalting machinery.

Twisted Rope Old

CAIRO — More than 2,800 years ago the Egyptians made twisted rope for use in a technique still employed by many of today's sophisticated rope-making electric generating plant also includes desalting machinery.

Accidents Take Four State Lives

By THE ASSOCIATED PRESS
Four Connecticut residents were killed in auto accidents over the weekend.

Raymond F. Kelly, 30-year-old son of Lt. Ernest Kelly of the Milford Police Department, was killed Saturday when his sports car hit a pole off the Connecticut Turnpike in Norwalk.

Nancy Trasko, 17, of Norwich, was killed Friday night when the car she was riding in slammed into a pole at an intersection in Canterbury.

Mark Moody, a 21-year-old Plymouth resident, died Saturday in a collision on the New Jersey Turnpike near New Brunswick. Also killed when the car struck the rear of a truck was Anthony Maresco of Yonkers, N.Y.

In Hartman, N.Y., Roland Perri, 81, of Wallingford, was killed Saturday when the car in which he was riding was involved in a collision on the New York Turnway.

Capital Footnotes

The House Foreign Affairs Committee expects to open hearings within 10 days on the administration's \$1.4-billion foreign aid program for fiscal 1967.

How did our serviceman earn all these gold stars?

KEEPING HEATING COSTS DOWN

We have our own servicemen. Not everyone does. Our men are interested in making your furnace perform at its highest efficiency and lowest cost because then you'll keep buying oil from us. Remember, three out of four furnaces waste fuel. Thanks to Mobil Technical Research our men have the latest facts on how to make your furnace the one-in-four that keeps heating costs at a minimum. There's a big difference in distributors. Let one of our servicemen earn another gold star by showing you how big that difference can be.

Fire Guts House Once Case Dairy Farm

Fire, which yesterday morning raged out of control for more than an hour, gutted the 100-year-old farm home of Mr. and Mrs. Thomas P. Murphy Jr., of 276 Birch Mt. Rd., forced the Murphys' teen-aged daughter to escape from the second story, and resulted in injury to one fireman.

Both the home and its contents are considered a total loss by Assistant Fire Chief Sedrick Struaghan, though no dollar estimate of the damage is yet available.

The Murphys, who rented the home from Case Bros., reportedly were uninsured and lost practically all their possessions. The building, however, was insured, according to Robert Case Denison, vice president of the paper-manufacturing concern, who said insurance company representatives were on the scene this morning to survey the damage.

Fireman Harold Pohl, who was overcome by smoke inhalation, remains in Manchester Memorial Hospital today for observation. His condition was described by hospital authorities as good.

Veronica Murphy, 13, was upstairs in her bedroom when the fire suddenly broke out shortly after 10:30. She attempted to descend the stairs after hearing her mother's cries of fire, but was driven back by smoke and flames.

She escaped by climbing through a bedroom window onto the roof of a low porch and dropping to the ground. She then ran to the home of her brother, Thomas Murphy III, who lives a few hundred yards north at 241 Birch Mt. Rd., and phoned in the fire call to central headquarters at 10:47.

Firemen from Coos. 3 and 4, who responded to the alarm with two pumps, discovered flames already breaking through the roof of the rambling eight-room frame structure when they arrived, and they called for help. An audible alarm was sounded calling in all off-duty regular firemen of the department, and a mutual aid call was made to the Bolton Fire Department which sent a 1,200-gallon tank truck to the scene, and eight more about 30 town firemen fought the blaze.

Lack of water mains in the rural area hampered fire-fighting operations, making it necessary to use the pumps and the tanker. Additional water was obtained by running about 900 feet of hose to a small pond and brook to the south, on property owned by George W. Flynn. Firemen were under the direction of Asst. Chief Struaghan and Capt. James Fogarty.

Altogether, it took more than three hours before the fire was out and mopping up was completed. All that remained was a charred hulk and in the yard a mass of broken furniture, water-soaked mattresses, appliances and other items that had once been the family's possessions.

The Murphys have found temporary refuge with Mrs. Mary Murphy, Thomas Murphy's mother, who lives at 148 Birch Mountain Rd., but as yet have no permanent quarters. Murphy, a Manchester native and brother of P. Joseph Murphy, town assessor, is a longtime employee of Case Bros. The family had lived in the farmhouse for 28 years.

Part of extensive acreage in the Highland Park-Birch Mountain area owned by Case Bros. was operated as a dairy farm by Lawrence Case, uncle of Robert and Wells Denison, the present owners.

When the fire broke out, the Murphys had recently returned from church and Mr. Murphy had gone into the barn to repair a fence with one of his sons.

Mrs. Murphy, who for a while had also been upstairs with her daughter, reportedly was preparing dinner and had placed a yard, surveying what had once been the kitchen, trying to smell the oil fumes coming from the broken loss. "How the combination gas-oil stove could anyone deserve a thing like this?" he asked.

She went into the field to call her husband and upon coming back the Murphys found the kitchen already engulfed in smoke and flames. Veronica, warned by cries, had already apparently made her escape via the porch roof and had run to the home of her brother, Thomas Murphy, who lives a few hundred yards north at 241 Birch Mt. Rd., and phoned in the fire call to central headquarters at 10:47.

Fireman on ladder (above) plays hose on smoldering remains of Murphy home gutted in Sunday morning fire. Window to his left over porch was escape route for Veronica Murphy, 13, trapped on second floor when fire broke out.

Metal dining table (below), all that remains in charred kitchen interior, bears stark testament to fire's intensity. Blaise is believed to have started in faulty oil stove to right of picture. (Herald photos by O'Hara.)

N-Power Catches on
WASHINGTON — Private utility companies announced in 1965 that they would be in trouble if U.S. nuclear generating capacity. By the end of 1967 there will be 18 central power stations, with a total capacity of more than 2 million kilowatts.

CELLIST WINS CONTEST
NEW LONDON (AP) — Stephen A. Smith, a 14-year-old cellist from Mystic, was presented with \$100 Saturday for finishing first in the competition for the Connecticut Young Artists Awards, instrumental division.

Smith will also have the opportunity to perform with the Eastern Connecticut Symphony Orchestra, which co-sponsors the awards program with the New London Junior Chamber of Commerce.

5 Boston Newspapers Are Struck

BOSTON (AP) — A strike of printers and mappers has left Greater Boston's more than 2.5 million inhabitants without five of their daily newspapers.

Shut down as a result of a contract dispute were the morning and evening Globe, the morning Herald, the evening Traveler, and the Record American, which has morning and evening editions.

Locals of the International Typographical Union and the Malters Union voted 1,286 to 86 for the strike in combined-balling Sunday.

Soon after pickets arrived at the plants, publishers announced they would suspend publication. Morning editions were the first affected.

The Christian Science Monitor, an afternoon newspaper published in Boston, has no contract with the unions and is unaffected.

The printers and mappers demand cash raises. The publishers contend they should accept \$10.99 per cent of the trade in the nylon.

South Windsor Fund Appeal Gets Underway For Public Health Nursing

The South Windsor Public Health Nursing Association has launched a general appeal for funds to support its program.

The association is a non-profit organization composed of a board of directors and employs a staff of one or more graduate registered nurses with special preparation in public health nursing to provide part-time nursing service to the sick in their homes. This program is under medical direction and is designed to instruct members of the family to give nursing care between visits by the public health nurse.

Income for the association is derived from patients (fees which are scaled on individual ability to pay for the service) and from the sale of nursing equipment. Contributions also are made by organizations and individuals.

Last year the association received \$5,200 from the town, \$1,500 from fees and \$200 from the public subscription fund drive. This year the drive is under the direction of Mrs. Robert Ordway.

Mrs. Madeline Dooley, public health nurse in town, sees between 35 and 40 patients per week and made over 2,000 home visits last year.

In addition to home calls, ten well-child conferences were held and more than 1,000 oral polio vaccine applications were administered by the association during 1965.

Visiting hearing tests for children entering school for the first time also were given in addition to many consultations.

The need for enlarged quarters is cited as primary of the association. The present office at the rear of the town hall offers minimal privacy to the nurse or patients and is rapidly filling up with files and other equipment.

The inability to keep loan equipment in the office is a source of concern to the visiting nurse. Wheel chairs, hospital beds, crutches, o. m. o. d. s., walkers, cases and other small equipment are loaned from town to the local schools. The association hopes more adequate space in the town hall from town will be available to them.

Mrs. Dooley noted that annual home visits are increasing, but as case loads increase, more of the work involves preventive and educational services to the general public and many speaking engagements are requested by various groups on the allied health professions in the town.

The association office is on the corner of Main and 3 1/2 streets, 1:30 p.m. Monday through Friday.

Historical Unit Given Pictures Of Clark House

Two pictures of the house built at Manchester Green by Addison L. Clark have been given to the Manchester Historical Society by Mrs. Roger Woodbury, 25 Nye St., a descendant of another branch of the Clark family. The building is now a home of the town.

Clark worked in woolen mills in Massachusetts and returned to Manchester in 1817. He purchased the one-story house at Manchester Green. Clark had a new mill erected there after a fire destroyed the earlier building. It was called the Glassbury Knitting Mill and was used as a factory for the manufacture of glass wool. The house was destroyed by fire in 1871. The present house is a reconstruction of the original building.

Clark was a member of the Baptist Church and was active in the community. He was a prominent citizen of Manchester and his house is a landmark in the town's history.

Announce Engagements

The engagement of Miss Ruth Yerkes to Robert E. Spies, both of Manchester, has been announced by her parents, Mr. and Mrs. Richard W. Yerkes of 25 Nye St., and the groom's parents, Mr. and Mrs. Eugene Spies of 4 Eastland Dr.

Miss Yerkes is a graduate of Manchester High School and is currently employed as a secretary at the University of Hartford. Mr. Spies is a graduate of the University of Hartford and is currently employed as a secretary at the University of Hartford.

The wedding is planned for a date to be announced later.

Hebron Southwest Area Residents Ask Two-Acre-Lot Zoning

A public hearing will be held at 8 p.m. Tuesday at the Hebron Elementary School on a petition, submitted by 400 property owners in the Burrows Hill Rd., Jones St., Hope Valley Rd., and Rocky Hill Rd. area, to change the zoning from one-acre to two-acre minimum lot size.

The area is in the southwest section of town.

The petitioners are also asking a reduction of the minimum floor area required for a house in a two-acre use district, from the present 1,000 square feet, with at least 1,000 square feet on the first floor of a two-story structure, to a 1,200 square foot minimum, with at least 700 square feet on the first floor of a two-story structure.

The board of selectmen will meet at 8 p.m. Tuesday at the Hebron Elementary School to consider the petition.

Representatives to Hear Of Development Progress

The Vernon Board of Representatives will meet at 7:30 tonight at the administration building, to go through an agenda which includes a report of the town's economic development commission from its chairman, Robert Houley.

The commission has been meeting for several months, considering actions to lure industry to Vernon.

The board of selectmen recently referred teacher insurance coverage to the board, after a debate between the teachers, who want to change insurers, and George Barton, a representative of the Massachusetts Mutual Life Insurance Co. who carries the insurance.

In bidding on insurance for other town employees, the Aetna Insurance Co. has offered coverage at a lower apparent cost than the teachers now pay, so the teachers want to select Aetna. Barton has denied that Aetna will provide coverage at a lower cost.

Restoration of two appointments made by Mayor Thomas J. McCusker will be made, of which one is for a vacant position on the town's review committee.

The event will be the first for the consolidated department. Last year, the Rockville and Vernon police departments got a head start on consolidation by sponsoring the ball game.

Tickets for the ball will be \$7 per couple, Reichenbach said.

Other ball officials are: Treasurer, Robert J. Bandy; secretary, Robert J. Bandy; and Doyler are honorary chairman.

The following committees have been named:

Publicity: Forrest Hall, chairman; George Gardner, William Patterson, Herman F. Thomas, Sheehan and Robert Nell.

Hall and Decorations: Francis Barbero, chairman; John Stodd, Forrest Hull.

Reservations: Sgt. Clarence "Boo" Rodgers, chairman; Sgt. Robert J. Bandy, secretary; Sgt. Martin Kinchen, John Stodd.

Program: Paul Bellrose, Cyril Banks, John Stodd and Martin Kinchen, Dedication of the program; L.S. Emilio Pellegrini and Edwin Carlson, Sgt. Kjelquist is in charge of the program cover design.

Fayette Lodge, AF&AM, will meet at the Masonic Temple, March 8 at 7:30 p.m. The Master, Mission Degrees will be conferred, with Worshipful Master Clifford H. Hawley presiding.

Lake Street FTO The Lake Street Elementary School PTO will meet tonight at the school for a new documentary film, "Education Connecticut, A Look at Our Schools," which will be featured.

The motion picture was produced and photographed by Dr. Guyton Parsons of Hingham, who will provide the commentary.

The film, the first of its kind made in the state, includes scenes at the Lake Street School, the state's first public school, and describes some of the state's educational history, its history, and good and bad features, and describes some of the state's educational history, its history, and good and bad features, and describes some of the state's educational history, its history, and good and bad features.

Mrs. Marie Herzig, president of the FTO, will conduct a business meeting before the program.

Vern-Eli Meets Kevin Luce, a senior at Rockville High School, will be the featured speaker at a meeting tomorrow night of the Vern-Eli Association. He will show slides of his 4-1/2 trip to Chicago last summer.

The meeting will begin at 8 at the Tabernacle School. The speakers' goal is to attract talented children. Also on the agenda is a discussion on accounting for the retarded.

Hospital Notes Admitted Friday: Julius Palumbo, 14 Rockville St., Rockville; Edward Kravon, 24 Rockville St., Rockville; Edward Kravon, 24 Rockville St., Rockville; Edward Kravon, 24 Rockville St., Rockville.

Admitted Saturday: Clyde Cortland, Ellington; J. J. B. Ramblevis, 39 Village St., Rockville; Gail Sherrill, 12 Lewis St., Rockville.

Admitted Sunday: Patricia Cooksey, Tolland; David Williams, 14 Rockville St., Rockville; Derude Andrews, Ellington; Linda Strong, 48 Mountain St., Rockville; Richard F. Trane, Stuart Dr., Tolland; Joyce Mailbox, 143 Grove St., Rockville; Gladys Maher, Broad Rock Rd., Rockville; William Zinwald, 10 Hilltop Dr., Rockville; Helen Götter, 24 Rockville St., Rockville; Wetherill, 123 Grove St., Rockville; Nancy Buckley, 46 Village St., Rockville; Walter G. Gentry, Kingsbury Ave. Ext., Rockville.

Urban Renewal Topic for PTA

Joseph Tamsky, town planning director of Manchester, will be the guest speaker tomorrow at 7:30 p.m. at a meeting of the Nathan Hale PTA in the school auditorium. He will discuss "Urban Renewal in the City of Manchester." The meeting is open to all interested residents.

The speaker will especially discuss how urban renewal affects the town, Nathan Hale School something spending."

Printing 7th Largest Newspaper

NEW YORK — The graphic arts industry — newspapers, magazines, books and other design of all kinds — is the nation's seventh largest industry, according to a study by the Bureau of Economic Analysis of the U.S. Department of Commerce.

The study shows that the industry's output rose 1.5 percent in 1965 over 1964. The study also shows that the industry's output is expected to rise 2.5 percent in 1966 over 1965.

CoC Dinner Set April 13

The Manchester Chamber of Commerce will hold its 60th annual dinner-meeting on April 13 at Flano's Restaurant, Bolton, with Jack Zaisan, political writer of the Hartford Courant, the principal speaker. The evening will start with a social hour, from 6 to 7 p.m., followed by a dinner at 7 p.m. Opening ceremonies will be conducted by the 117th U.S. Army Garrison (Reserve), and music by Ken Morgerette's Orchestra. Zaisan will speak on "A Behind-the-Scenes Peek at Politics". The highlight of the evening will be the presentation of the "M" Award to an individual who has made an outstanding contribution to the Manchester community. The award is the highest single honor which the chamber can pay to any individual, and is presented annually to former town manager Richard Martin.

Dublin Statue Topped

Firemen left the head of Adm. Horatio Nelson from wreckage of the Nelson Column in Dublin, Ireland, after it was damaged last night by an explosion which police have blamed on the outlawed Irish Republican Army. Two-thirds of the column, (right) long a symbol of British rule, was blasted into rubble. (AP Photofax)

Hundreds of Items Drug Agency Orders High Speed Rail System Is Unveiled

WASHINGTON (AP) — The Food and Drug Administration announced today to remove from the market hundreds of antibiotic lozenges and other antibiotic preparations. The agency says the products are not effective against sore throats as claimed in their labeling. A spokesman said the action adds up to one of the most sweeping drug removal orders the agency has ever issued.

Teachers Strike In Long Island PLAINVILLE, N.Y. (AP) — Teachers in this Long Island community struck today in defiance of the state education commissioner's order, forcing seven of the 12 schools to close early.

Teachers Strike In Long Island (Continued) Dr. Robert Savitt, superintendent of the Plainville-Old Bethpage School District, said five elementary schools would be kept open. But children from seven other schools, including the street corner in Washington and controlled electronically and with complete safety throughout the two-hour journey.

'Profound Effect' Possible LBJ Gives DeGaulle NATO Plan Reply

WASHINGTON (AP) — President Johnson has told French President Charles de Gaulle that De Gaulle's proposal for radical reorganization of the North Atlantic Treaty Organization military strikes at the heart of the alliance and can have a profound effect on French-American relations. The U.S. response, made Monday night a few hours after a letter from De Gaulle reached the White House, implied that De Gaulle's proposal for radical reorganization of the North Atlantic Treaty Organization military strikes at the heart of the alliance and can have a profound effect on French-American relations.

Quake Hits North China TOKYO (AP) — A strong earthquake shook a wide area of north China, Manchuria and Mongolia today, the Japanese Meteorological Agency reported. Japanese correspondents in Peking said the quake cracked walls and toppled furnaces in the Red Chinese capital.

U.S. Medicine—1966 Many Reasons for Shortage NEW YORK (AP) — Dozens of reasons are advanced as causes of today's shortage of doctors and health personnel. The diagnosis includes, ironically, two elements that have made American medicine very good medicine indeed. One is its quality, stemming partly from very high standards of medical school training, most observers point out. But this has limited the output, with only about 8,000 new doctors being graduated annually from U.S. schools.

U.S. Embassies Attacked In Indonesia, Malaysia

Anti-Reds Also Active In Jakarta

KUALA LUMPUR, Malaysia (AP) — Thousands of anti-Communist Indonesians stormed and ransacked the Foreign Ministry in Jakarta, Indonesia, today, bringing a charge from President Sukarno that they were trying to overthrow him, radio reports said. Pro-Communist demonstrators in Jakarta attacked the U.S. Embassy and managed to burn several cars. Radio Malaysia reported. The radio said the anti-Communist students at the Foreign Ministry "took out practically everything, including chairs, desks and files and destroyed them in a haphazard way."

Plagues to Mark Assassination Site

This architect's drawing shows the plaques and marker which will be erected at the site of President Kennedy's assassination in Dallas. The plaques will be mounted on marble pillars. The marker, to cost \$16,000, has been approved by the Dallas Park Board. (AP Photofax)

Negotiations Fail to Settle Strike Lawsuits

HARTFORD (AP) — Efforts to negotiate settlement of three multi-million dollar lawsuits stemming from a 1960 Machinists Union strike against United Aircraft Corp. have apparently failed. A National Labor Relations Board examiner today ordered hearings on one possible long-drawn-out, complex litigation to resume April 12 in Hartford.

U.S. Effort in Air War Reaches New Intensity

SAIGON, South Viet Nam (AP) — The American air war against North Viet Nam climbed to record intensity in the past 24 hours but also cost four U.S. jets and the crews of three of them. Pilots reported they knocked out a fuel dump and a missile site. Air Force B-57s struck again today in Binh Duong Province. The target was a Viet Cong military headquarters, a spokesman said three enemy regiments had been seen operating in the sector since Jan. 1. There was no estimate of damage inflicted by the big bombers.

National Survey Set On Unreported Crime

WASHINGTON (AP) — Law-enforcement officials are planning a national survey to determine a "best estimate" of the nation's unreported crime burden. The President's Commission on Law Enforcement and Administration of Justice — the nation's highest crime authority — will launch a scientific survey this spring into what it calls the "dark figure" problem. The term doesn't mean the shadowy form of the mugger lurking in an alley, but the untold number of crimes against person or property which never find their way into police logs — and consequently never turn up in the FBI's annual and quarterly reports on the national crime rate. "We know that criminal records represent only a portion of the crimes actually committed," Loyd Otlin, professor of sociology at Columbia University and staff director of the crime commission's task force on "Assessment of the Crime Problem," said in an interview. "But right now we have no reliable way of estimating the number of unreported crimes against reported crimes, nor the relative seriousness of the unreported crime. We're going to try to remedy that with this survey."

Bundy Visit Seen Cause Of Protest

KUALA LUMPUR, Malaysia (AP) — William F. Bundy, U.S. assistant secretary of state, arrived in the Malaysian capital tonight a few hours after a small group of leftist Chinese smashed windows of the building housing the U.S. Embassy. The demonstrators were protesting America's Viet Nam policy and the two-day visit by Bundy, who is on a tour of the Far East. A small band of security men were at the airport for Bundy's arrival, and police set up two checkpoints on the 14-mile highway into the city. A police car was sent to the American ambassador's residence, where Bundy is staying. "The U.S. official shrugged off the demonstration, saying, 'There is a small minority of protesters in our own country.' He said the war situation in Viet Nam is 'turning for the better.'"

Teachers Strike In Long Island

PLAINVILLE, N.Y. (AP) — Teachers in this Long Island community struck today in defiance of the state education commissioner's order, forcing seven of the 12 schools to close early.

Vandalism Halts Buses For Pupils

INDIANAPOLIS, Ind. (AP) — About 900 pupils at Arlington High School had to do without their school buses this morning to get to school. Bus company officials say it is the pupils' fault, because they had broken into the garage looking for a car to drive. (See Page Eight)

Casey in Hall

ST. LOUIS, Mo. (AP) — Casey Stengel has been voted into Baseball's Hall of Fame by a unanimous vote of the 10-member special election committee in a special election. Stengel, 75, became eligible without the normal five-year waiting period when the rules were changed Jan. 30. The man who led the New York Yankees to five straight world championships and 10 pennants in 15 years before moving to the New York Giants in 1963. (See Page Eight)

Bulletin

Casey in Hall (Continued) ST. LOUIS, Mo. (AP) — Casey Stengel has been voted into Baseball's Hall of Fame by a unanimous vote of the 10-member special election committee in a special election. Stengel, 75, became eligible without the normal five-year waiting period when the rules were changed Jan. 30. The man who led the New York Yankees to five straight world championships and 10 pennants in 15 years before moving to the New York Giants in 1963. (See Page Eight)
