South Windsor

\$1,560,400 Budget Asked, About \$260,000 Increase

A general government budget of \$1,560,400 is being asked by the town council of South Windsor. The budget for the current fiscal year is \$1,299,904.34. In a message accompanying the budget, Sprenkel says that departmental requests were cut more than \$250,000, from \$1,805,903.87, in order to put together the budget. He is recommending that the minimum personnel town council begins its deliberations, it will "become obvious that the town is rapidly becoming an urban community of a growing metropolitan area, which must assume its responsibility to provide comparable services and programs of a community rapidly approaching a population of 20,000 persons."

The estimated outside revenue for the current year are \$161,852.92 while the total budget is \$1,299,904.34, thus leaving about \$1,138,000 to be raised locally. The estimated outside revenue for the coming fiscal year is \$253,528.50, which will be requested \$1,560,427.87 budget, would thus leave approximately \$1,306,500 to be raised locally. Sprenkel says the estimated increase of \$61,990.07 in outside revenue in 1966-67 will leave the town to generate \$189,882.86 in new tax income to finance the requested services.

Of the total increase, \$128,000 is considered "built-in," the result of prior commitments on school bond principal and interest costs, fixed payments to other governmental units and payments to cover contracted fringe benefits. The major increases are in the following categories: —Principal on long-range debt, \$47,000. —Interest Payments, \$58,600. —Public Works, \$16,000. —Libraries, \$11,000. —General government, \$22,000. —Payments to other civil divisions, \$12,500. —Contingency fund, \$15,000. Sprenkel notes that the budget is different from prior years in one important aspect. "For the first time in the operation of the town, a project of the capital goals and improvements committee is being incorporated into the operating budget, in the form of a request for \$100,000 for reconstruction and drainage of Pleasant Valley Rd. from Burlington Rd. to Chapel Rd. This project, if approved, will be our first major 'pay as you go' project of substantial cost and not requiring a bond issue."

The budget message says that, in an effort "to be more realistic" in the financial approach to the operation of the town, an additional \$10,000 is being requested for the contingency fund. A review of prior years' operations shows that the town has not been able to forecast unforeseen projects properly, because of the rapid growth and urgent problems requiring immediate solutions. Agency requests and the manager's recommendations are: General government request, \$245,077.40; manager's recommendation, \$238,506.35, cut \$110,069.05. Public safety request, \$135,425.00; manager's recommendation, \$117,912.28, cut \$17,512.80. Highway department request, \$262,902.30; manager's recommendation, \$258,020.60, cut \$24,871.70. Health department request, \$12,200; manager's recommendation, \$11,250, cut \$1,250. Welfare department request, \$2,800; manager's recommendation, \$2,200, cut \$200. Libraries request, \$50,880.94; manager's recommendation, \$47,703.64, cut \$3,177.30. Payments to other civil divisions request, \$48,100; manager's recommendation, \$47,000, cut \$200. Capital outlay, \$307,000, approved as requested. Interest, \$195,620, increased \$44,000 to \$239,620. Miscellaneous, \$143,775.00, approved as requested. Recreation, \$18,022.00; manager's recommendation, \$15,875, cut \$2,146. The town is not exempt from increased personal costs and services, Sprenkel says. Increases are apparent in pension and other retirement categories. "While there is a definite supported need for additional personnel, all requests, out of necessity, could not be supported."

Requests have been approved by the manager for one additional engineering assistant, one additional patrolman and a police clerk, and one additional public works maintenance. Sprenkel said that, in all cases, the work load and expanded activities of the respective departments substantially

marks the successful completion of the first six months of training. The League of Women Voters has issued a statement urging the public to attend all hearings of the planning and zoning commission, especially the one to be held soon on agriculture, farming and livestock uses in A-zoned areas. "The League would like to see an informed public discussing this issue, and advises that the public learn as much as possible about the present zoning regulations in preparation for this hearing," the statement says. "Copies of the zoning regulations may be purchased in the building department, in the town hall." Residents are being asked by the League to watch the paper for notice of the hearing.

Bulletin Union Stops Working

NORWICH (AP)—Day shift composing room employees of the Norwich Bulletin refused to report to work today in a dispute over work being done by non-union employees.

The composing room workers are represented by Local 10 of the International Typographical Union.

According to a spokesman for the Bulletin, a morning newspaper, the ITU objects to the paper's use of young women to do the punching of tape which can be used to operate typesetting equipment automatically.

Despite the work stoppage, the Bulletin intends to publish Friday, a management spokesman said.

now to fire in the Southwest. The strong winds of the last two days died down in Oklahoma, but range fires plagued the state. A fire in northeastern Oklahoma near Bartlesville scorched some homes Wednesday before firemen and residents brought it under control. Some 40,000 acres of Osage, Washington and Nowata counties were blackened by the wind-whipped flames. At least a dozen fires were reported in northeastern Oklahoma.

Snow drifts of up to 10 feet deep halted nearly all traffic in the northwestern part of Iowa and many homes, especially in rural areas, still were without power since Tuesday night. The blizzard claimed three lives. Donald Christensen, a Clear Lake farmer, and Paul Nagel, 70, of Lake Park, both in northern Iowa, were found Wednesday in snowdrifts along country roads. Mrs. Henry Harms, 74, was killed when a car in which she was a passenger was blown off the highway near Le Mars.

High winds swept into eastern Nebraska Wednesday, blowing down trees and power lines. In southeastern Nebraska, a son to Mr. and Mrs. Frank Cardillo, 99, was killed when a car in which he was a passenger was blown off the highway near Le Mars.

Thunderstorms accompanied the arrival of cold air into the southeastern states. Nearly one inch of rain drenched Fort Worth, Texas, on Wednesday. Winds were clocked at 14 m.p.h. in the area.

self hero. His idea is simply doing what you have to do. Zakrzewski, a chemical engineer, was awarded the Distinguished Flying Cross three times and the Air Medal 11 times. He has qualified for nine more Air Medals. He has been nominated for the Silver Star for the Bronze Star for valor and two more Distinguished Flying Crosses.

Zakrzewski brought home Vietnamese medals, including two Gallantry Crosses with all star bars.

The medals were earned by firing his spotter plane low and slow to search out the enemy. In the Than Thien action, his spotter plane was shot down. He was rescued by a South Vietnamese force of an ambulance and brought, reportedly, to safety.

Government casualties were termed light.

U.S. Marines reported finding 63 more bodies in fresh graves around Quang Ngai, 280 miles northwest of Saigon, bringing the enemy toll in a seek and destroy operation dubbed Texas to 414 for the week. Many fell in air attacks.

The Communists came first from the east, striking first from an old graveyard. During the four-hour battle, they destroyed a five-ton M113 armored personnel carrier and drove off two M41 tanks.

Vietnamese Air Force A1E Skyraiders and ground troops caught the tanks with a flurry of rockets as they moved along Route 13. The two Communist battalions penetrated the perimeter of the base, but were repulsed by the tanks. The government counterattacks finally drove them off.

The fighting raged a mile from the armored and aviation units of the U.S. 1st Infantry Division, but no American troops were involved.

The Vietnamese troops said they suffered only light casualties. A government spokesman said 23 of their victims this morning along Route 13 had to do with the tanks. The spokesman said two Communists — one carrying a machine gun — were killed. The Communists apparently tried to make off with two more tanks on patrol in the area. An unconfirmed report said police spotted the two tanks near a road toward Saigon shooting up the countryside.

An police approached, the tanks fled. Inside were the Vietnamese army drivers who had fled to the hills. The tanks were swarmed over the tanks and forced them at gunpoint to head toward the highway.

South Korean military forces reported from Qui Nhon that they killed 21 Communists in a battle near the town of Tiger 200 miles northwest of Saigon. Another 117 Reds were killed in a battle near the town of Tiger 200 miles northwest of Saigon.

After the battle, Miss DeBry, daughter of Mr. and Mrs. Ronald F. Verrier, of Hartford, Conn., said she was surprised by the large operation in the central coastal area.

"No one except the very elderly will wear it purple," Herb Miller, commentator for adult fashions, added. He is the owner of the Mamelle Shop of Vernon which provided the adult fashions. Children's clothes were furnished by Mart-Mads of Manchester. Mrs. Clarence Rush was commentator for children's fashions.

Hair styles were created by the Carriage House Beauty Salon, which also furnished some of the hair. Mrs. Edward Laaky was organizer on an organ furnished by Watkins Bros. "The Rivale," billed as a "Crisp Group," donated their services and entertained at intermission.

The show was also donated to the auxiliary by the K of C.

Miss and Elizabeth Young, twin daughters of Mr. and Mrs. Charles F. death of Judith Seares, 21, whose body was found Tuesday near the intersection of River Bridge in Windsor.

Det. Capt. Thomas Hankard said that in cooperation with Windsor police it was learned that the victim was alleged to have died at Finley's apartment on March 7.

An autopsy disclosed that there was no foul play in which death but further examinations are being made to determine whether death may have been caused by an overdose of narcotics.

CHALFONT IN MOSCOW (AP) — Lord Chalfont, British disarmament minister, arrived today on a quick visit for new talks with Soviet leaders. The Soviet invitation, asking Chalfont to come as soon as possible, raised speculation in London that the Soviet Union may be reapplying their approach to a pact to ban spread of nuclear weapons.

Hero Is Home

LINDEN, N.J. (AP) — The Viet Cong wanted Zak the "PAC" dead or alive. His wife wanted him alive.

She won. Zak — Air Force Capt. Alexander Zakrzewski — is home today with more medals than he can wear on one uniform. As a forward air controller, or FAC, his job in Viet Nam was to pilot a light plane over enemy positions and direct air strikes.

He was so good at it that before he returned home, the Viet Cong had offered the equivalent of \$600 for his capture — dead or alive.

On one mission recently, north of Than Thien, 110 Viet Cong were killed by pilots under his direction.

He returned here Wednesday for a month with his wife, children, and their children, Alexander Jr., 17 months, and Carl Ann, 8. Young Alex was six months old when his father left for Viet Nam.

Late in April Zakrzewski, 49, reports to Hahn Air Force Base in Germany to fly fighter-interceptor jets. He was not due home until April 1, but Tuesday he surprised his wife with a call from San Francisco.

At the home of his in-laws, where Mrs. Zakrzewski and the children have been staying, the pilot said that he is pleased to get back, he left with mixed emotions. "I felt I could have been more productive there."

He described the South Vietnamese as people suffering for something they want in the future.

He said: "These people just want to be able to determine their own lives, to be able to plow their lands without someone extorting taxes from them."

Mrs. Zakrzewski said: "My husband doesn't consider himself a hero. His idea is simply doing what you have to do."

Chevrolet's No. 1 in Mobil Economy Run!

WINS CLASS E (Six-Cylinder, Standard Size)
WINS CLASS F (Low-Priced Eight, Standard Size)

The timing is perfect. Here we are in the midst of Double Dividend Days (that's a No. 1 Buy on the No. 1 Car) and we get the news that Chevrolet Biscayne and Impala are No. 1 in their respective Mobil Economy Run classes.

The winning cars: two finely tuned 1966 production models with automatic transmissions. The 6-cylinder Biscayne (using regular gasoline) and the 8-cylinder Impala (using premium) averaged about 50 miles per hour over the longest, toughest Economy Run course ever.

The gasoline mileage per gallon of these entries is probably higher than the average driver can expect — since the \$3,300-mile Los Angeles to Boston run was made with experts at the wheel. But it tells a lot about the kind of performance that has helped make Chevrolet America's No. 1 car. You might say it all adds up to another little Dividend.

LRJ: Trips Secret

WASHINGTON (AP) — The White House says President Johnson's future travel plans probably will be kept secret except for those areas where he is making a public appearance and large crowds are desired.

A spokesman revealed this Wednesday shortly after the President returned to Washington from a busy — and quickly arranged — trip to New York to attend the funeral of the wife of Rep. Emanuel Celler, D-N.Y., chairman of the House Judiciary Committee.

Johnson's destination was not announced until he was airborne. The spokesman said the New York trip will set the pattern for similar presidential jaunts.

This is because, the spokesman explained, speed and surprise are two elements of the President's trips that can add greatly to security. The need for secrecy will be greatest on trips to large cities where the President would travel past high buildings, the source added.

Soviet Ship Broke

WASHINGTON (AP) — A Soviet ship that has run out of money for supplies will be able to get funds from the United States, says the State Department. The ship, the Vityaz, pulled into Manila Bay yesterday, \$4,000 to replenish its stores. It asked the American Consulate in Manila to supply the funds in the form of a guarantee to the Philippines Government.

The consulate relayed the Soviet request to Washington. The State Department officials here said Wednesday they were happy to help out the ship but added that the request must come from the Soviet foreign ministry.

The ocean survey ship is participating in an intergovernmental oceanographic study sponsored by the United Nations. There was no indication why the ship ran out of funds.

Judges Entertained

WASHINGTON (AP) — President Johnson and his wife entertained about 200 members of the federal judiciary Wednesday night — a traditional White House social event.

The guests ranged from Chief Justice Earl Warren of the Supreme Court to district court judges. Warren and his wife stood in the receiving line in the Red Room with the Johnsons.

Johnson dined with the justices in a few medleys — from "My Fair Lady" and "Hello, Dolly!" and took his leave after about two hours.

New Half Dollars

WASHINGTON (AP) — It's still too early to assess the effect from distribution of the new half dollars containing 40 per cent silver, says Robert A. Wallace, assistant secretary of the Treasury.

Circulation of the new coins after two weeks ago in an effort to ease the shortage of the 60-cent silver coins. The likeness of President John F. Kennedy.

The old coins are 90 per cent silver, 10 per cent copper.

He said it will probably be several more weeks before any real effect will be experienced.

Radioactive Pot Is Still Missing

SPOKANE, Wash. (AP) — An intensive search continued today for a radioactive capsule lost on a shipment in Montana.

"We've been hunting for two weeks," said a spokesman for United Buckingham Freight Lines. "We just don't know what could have happened."

The truck line was shipping it from Camper, Wyo., to Shelby, Mont. It was last seen at Billings, Mont.

"It's in a bright orange container about the size of a small hot water tank," the spokesman said. "Also, it's clearly marked to indicate it is a dangerous substance."

Officials of the Atomic Energy Commission said the capsule would be dangerous only if it shielded container were removed.

The capsule is used in oil wells to record soil and mineral conditions.

ADMIRAL SHIPPING OUT

GROTON (AP) — Rear Adm. John A. Tyrone, deputy commander of the Atlantic Fleet Submarine Force, is shipping out to Paris.

His transfer to a post as deputy chief of staff of the North Atlantic Treaty Organization was announced in Groton Wednesday.

Admiral Tyrone's headquarters, Tyrone will succeed Frederick A. Bowers, who is being promoted to vice admiral and will be commander of the 8th Fleet.

Tyrone's post here will be taken over by Rear Adm. James W. Williams Jr., who is assistant chief of naval training.

Tolland Danforth Says He Didn't, Zanghi Says That He Did

Selectman Stuart Danforth took another swipe last night in a squabble with First Selectman Carmelo Zanghi over access to town records.

Danforth is claiming that he was not shown a copy of the records by Zanghi's staff.

Danforth says this petitioner and two others met with Zanghi on Jan. 8 in the Town Hall when Zanghi signed them.

The petition was described by the petitioner as being addressed to the board of selectmen.

Opinion Polls Favor British Laborites

(Continued from Page One)

can be extended uniformly throughout the country. This, a margin of 3 per cent in the popular vote and the polls should lead to a margin of about 100 seats in the 630-member House of Commons.

A national swing of several percentage points may give Labor a few thousand more votes in such a district—but it will elect only one member of the House of Commons.

And prime ministers are named on their Common majority, not on the size of the popular vote.

In 1961, Labor actually won more than half the popular vote, but many votes were wasted in the safe Labor seats, so the Conservatives won control of Parliament.

The key to the election lies in the marginal seats, so named because of the narrow margins by which they are held.

The Urban League, a town dairy farm, will be presented an award for outstanding and meritorious production.

Cummings Says Town Can Hold Tax Line

Democratic Town Committee Chairman Ted Cummings said last night, "I think that the present tax rate can be held and I look forward hopefully to the general manager's budget—a budget which will hold the line and which will guarantee that taxes will not be raised this year."

General Manager Robert Weiss has indicated that he will propose a 1966-67 budget which will allow only a five per cent increase over the current budget—to keep step with the five per cent rise in the October, 1965 Grand List.

Weiss' tentative budget and budget message will be delivered to the town's directors by Monday, as required by the town charter.

Cummings made his statement at the meeting of the Democratic Town Committee, which he outlined a six-point possible platform for the October 24 November elections.

He said at the outset that he will not be drawn into a debate at the present time.

Cummings said that the Republican platform "constitutes a broad general program and indicates such a grossing for an amendment or debate."

He predicted that the party which wins the local election in October "will experience a whirlwind reorganization, not experienced in many years, and which will permit the party in power to take care of all town needs."

He estimated that revolution may add the equivalent of 2 1/2 to 3 mills "in new money" which, added to possible new allocations by the 1967 State Assembly, may provide smooth sailing here for the next few years.

The planks in Cummings' proposed platform, in addition to holding the tax line, are:

1. Support a bond issue, to repair the older elementary schools and to complete a program of renovation begun by Democratic boards.

2. Support Mayor Francis Mahoney's request for action to supplement the town's sewer and water supply.

3. Support the proposal of the Manchester Housing Authority for additional housing for the elderly, in groups of 25, situated in various parts of the town.

4. Support a recommendation to place Lincoln School in the Downtown Renewal Project, in order to take advantage of possible federal funds.

5. Support the reconstruction of Broad St. and of Middle Tpk. in their entirety—phased in and to the proposal for a Manchester Green Firehouse, to the acquisition of the old Temple Beth Shalom for a facility for senior citizens; to the relocation of the Pioneer Parachute Co. in the industrial park owned by McNeil and Deming Sts.

6. Support the construction of 100 new housing units for the elderly.

Honor Society Admits 39 at East Catholic

Thirty-nine East Catholic High School juniors and seniors yesterday were inducted into the Msgr. Robert W. Doyle Chapter of the National Honor Society at ceremonies in the auditorium.

The Rev. Charles E. Shaw, principal, welcomed parents, faculty and students, after which Robert Ricci, chapter president, described the National Honor Society and its qualifications for membership.

Requirements for entrance included attaining a scholastic average of 85 per cent in all subjects, with no individual mark below 80. In addition, all students were judged by members of the faculty on character, leadership and service.

During the ceremonies just prior to induction of new members, talks centering on the four qualities were given by Stephen Breen, Thomas Dwyer, Patricia Boudino and Nancy Boudard.

Pine and certificates were presented to the inductees by James P. Moran of East Hartford, charged with willful misconduct with a motor vehicle, pleaded not guilty to the charge and the case was continued to April 14 for probable cause hearing.

Terry Courtright, 17, of 15 Mill St., and James Martin, 17, of 183 Foster St., pleaded not guilty to two counts each of breaking and entering with criminal intent. They waived probable cause examination and the case was bound over to the next session of Tolland Superior Court. Both are out on \$1,000 bond while awaiting to appear in Hartford Superior Court on other charges. An additional \$500 bond was set on Courtright.

The case of Thomas D. Roche, 21, of Coventry, was continued to March 31. He is charged with misconduct with a motor vehicle and operating a motor vehicle while under the influence of intoxicants.

George H. Beebe, 38, of 489 E. Middle Tpk., was fined a total of \$45 on charges of willful damage to private property, breach of peace and resisting an officer.

Two years of breach of peace against Elviers Harmon, 24, of 61 Seaman Circle, was upheld.

Change Stolen At Marine Club

The Marine League Club on Parker St. was broken into sometime last night after \$11 and \$15 in change was taken, according to police.

The east side rear door was open and the inside door leading to the kitchen in the cellar and the door separating the kitchen from the bar were also pried open by a pair of scissors that was found lying on the floor next to the pool table. The pool table coin box is reported to have contained no money.

It is believed that a few cans of beer were probably taken, police say.

COMSTOCK'S LOCALE — Court date for Aitlo and Copeland, both students of the University of Connecticut, is postponed to April 21. Each youth was then released to his parents under a \$100 bond.

Regular season play in the Vernon-Billington Men's Volleyball League will end Thursday evening at Longview School with four matches scheduled to be played.

Next week the playoffs will get under way with the first place team meeting the fourth place team, and the second place team going against the third place team. The winners will vie for the championship the following week. All playoff contests will be the best of five.

The four top teams are involved in matches on Thursday evening that could have an effect on the playoffs. The Cannonballs are scheduled against the Rockville Legion and the Vernon National Bank is matched against the Billington Teachers, both contests at 8 p.m.

The Bankers would give them the league title. They presently lead by one game with a 4-0 season's record. A Banker's loss and a Cannonball win could reverse the standings and give the Cannonballs first place. The latter's record is 3-0-4.

In the opening matches at 7 p.m., Longview goes against Cider Mill Heights and the Jaycees are pitted against the Mountaineers.

Record Reached On Vote Places

A difference of opinion between Democrats and Republicans over the designation of a polling place for the proposed new voting District 2 has been resolved by the town's two registrars of voters; it will be Community Y. The Republicans wanted Bowers School; Democrats favored the Y.

If the town board of directors approves an amended ordinance, up for a public hearing on April 12, the town's voting districts will be increased from the present five to a proposed seven.

The registrars have reached agreement on the other six polling places:

District 1, Wadwell School; District 2, Buckley School; District 3, Highland Park School; District 4, Nathan Hale School; District 5, West Side School; District 6, Verplanck School.

Since the East Side will not be utilized, if the ordinance is approved, the Wadwell School will replace it as election headquarters.

Police Arrests

Paquale V. Aiello, 19, and William E. Copeland, 19, both of Hamden, were each charged with larceny and shoplifting yesterday about 6:15 p.m. A security officer at GrandWay accused them of taking six skirts, valued at \$16.84, without paying for them.

Mannise Renamed Baseball Head

Francis Mannise was re-elected commissioner of the town baseball program at an organizational meeting last night at the Community Hall. This was Mannise's fourth year running the program. T. J. Crockett and Pete Roberts were re-elected advisors. Emerson Roseworth will serve as umpire-in-chief, and Mrs. Loretta Calkins will continue as secretary-treasurer. Registration blanks will be distributed at both school next week. Boys will have two Saturday mornings to register, April 2 and 9 at the Community Hall from 10 to 11 a.m. The registration form must be signed by a parent or guardian and must be accompanied by a registration fee. It has been announced that the Negro Brothers will sponsor a pony league team—under the Bolton Lake Hotel name. The Negroes also sponsor the Bolton Dairy team. Another meeting of adults in the baseball program will be held later in the spring to assign coaches and managers for the various teams. The baseball program is under the town's park and recreation department, and as with other athletic programs, responsibility is delegated to volunteers. Church Survey Members of the four Bolton churches have formed a committee to survey the area to determine residents' religious and denominational preferences. A phone survey will be conducted next week by the committee, starting Monday. Having spent several weeks going over the membership rolls of the four churches, the committee will contact all residents of the Bolton and North Coventry areas who are not listed on church rolls. The cooperation of residents is being asked that the churches may better serve those who desire their services. The four churches are St. George's Episcopal, St. Martin's Roman Catholic, Bolton Congregational and United Methodist. Garden, Baha Faith Whether you are good with flowers or four, the elementary school PTA needs you. On April 30 the PTA will sponsor a garden and bake sale at the Community Hall along with the annual Bolton Art Club exhibit. Residents, parents or not, with green thumbs are asked to start shipping some of their plants and so that they will be ready for the sale. Other suggestions: Raymond O. and Mary

Andover

Democrats Name Delegates, Guy Outlaw Is Re-elected

The Democrats of Andover met in caucus last night to elect delegates to each of the six political conventions slated for the early summer months. After the caucus an organizational meeting of the new Town Committee elected officers and appointed delegates to the State Convention in Hartford July 1-2. Andrew Gasper and Eugene Schwabke were elected officers and delegates to the 2nd Congressional in New London June 25. Gerald Anderson and Edith Birmingham were elected to go to the State General convention at Stratford June 16. Attending the county convention in Rockville on June 11 will be Lawrence Mox and William Moran. The probable delegates to the three-line convention in Columbia June 7 will be Paul Kralovich and Pearl Daley. Delegates to the first convention of the new Dist. Assembly District convention to be held in Coventry on June 9 will be Mox and Guy Outlaw. Officers of the Town Committee, to serve for the next two years, were elected by Guy Outlaw, chairman; Sarah Walsh, vice chairman; Sarah Palmer, secretary; and Joanne Von Roemer, treasurer. Outlaw expressed his gratitude for having been chosen to serve as party's goal was to win election by having good candidates in advance of the date for making applications. In this way the girls and their parents can be more fully informed in camp programs and be assured that their own applications will be given equal consideration with all others in the state.

Rights Laws To Be Asked By Johnson

(Continued from Page One) could bring suit where he found a pattern and practice of discrimination, the attorney would be for the prospective buyer or renter to bring suit against the seller or landlord accused of discrimination.

Book legislation, which is expected to stir sharp controversy in Congress, would theoretically open up previously all-white suburbs to Negroes, assuming the Negroes could afford to move.

Juris: The administration proposal would be directed at both state and federal jury systems in an effort to end the all-white juries that prevail in many parts of the south.

Intimidation: This provision would make it a federal crime with penalties graduated to fit the nature of a specific crime — to harm or intimidate persons from jury service because of race, religion or nationality.

It also would empower the attorney general to initiate court action to end harassment or intimidation of Negro pupils (or their parents) who are attempting to attend previously all-white schools.

The law would prohibit any civil rights law would go beyond the post-Civil War statute making it a crime — with a maximum five-year prison sentence and \$10,000 fine — to conspire to deprive others of their rights.

Staff Additions: The board authorized the addition of two new staff positions, one for a part-time physical education instructor and one for a part-time physical education instructor.

Nevis said state standards call for one guidance instructor for every 150 students. Tolland will have about 1,310 students in September. Only public schools with proper guidance programs are eligible for state reimbursement, he said.

The board also agreed to hire two new staff positions, one for a part-time physical education instructor and one for a part-time physical education instructor.

For birthdays, parties, and all special occasions, Mrs. Stanley Waickowski's 11 Starweather St. makes Carrot Cake from a very old recipe. The flavor of the cake seems to improve, she says, with age, and it can be made and stored for unexpected guests.

Carrot Cake

- 1 1/2 cups brown or white sugar
- cup seeded raisins
- 1 1/2 cups grated carrots
- 1 teaspoon cloves
- 1 teaspoon nutmeg
- 1 teaspoon cinnamon
- 1 1/2 cups cold water
- 2 tablespoons shortening
- 2 cups sifted flour
- 3 level teaspoons baking soda
- 1/4 teaspoon salt
- 1 cup nut meats
- 1 egg

Place sugar, raisins, carrots, spices, water and shortening in saucepan and boil for five minutes. Remove from heat. Cool and add flour, baking soda, salt, nut meats and egg and mix well. Place in the large test-tube pan and flour the top and bake in 350-degree oven about one and one-quarter hours, or until done.

Mrs. Waickowski and her husband were born and raised in Manchester. She is employed at Pratt and Whitney Division of United Aircraft Corp., East Hartford. He is employed at the Lankas Motor Line, Waterbury. The couple has three sons, Paul, 26, a freshman at Harvard College; Carl, 16, a sophomore at Manchester High School; and John, 10, in Grade 5 at Bowers School.

Three Papers Merging in NY Plan One Staff

NEW YORK (AP)—Owners of three New York papers hope to effect their announced merger perhaps within a week of receiving Justice Department clearance.

That announcement was made by John Green, assistant business manager of the World-Telegram and Sun, after publisher's representatives from the three papers met Wednesday with members of the AFO-CIO New York Newspaper Guild's negotiating committee.

It was also learned that the publishers plan to operate with a single staff and house all departments except advertising in the World-Telegram plant. The Sunday paper would be put out at the Herald Tribune plant.

Thomas J. Murphy, Guild executive vice president, said the Guild hopes to keep "a maximum number of jobs," and that seniority would be adhered to "if there is any justification for cutting off anyone."

Some 1,900 Guild members are employed at the World-Telegram, the Journal-American and the Herald Tribune.

All three papers have been working under terms of an expiration agreement which negotiations continue on a new one. Murphy again stated that there must be full agreement before the new company can go into operation.

The three papers filed notice Tuesday with the Justice Department, that they planned to merge into one firm to publish one afternoon paper, the World Journal, one Sunday paper, the World Journal and Tribune; and one morning paper, the Herald Tribune.

A Standing Ovation For Rib Oven Roast Using the different cuts and kinds of meat available in supermarkets across the nation, you can prepare a different meat dish every day of the year. Yet, with all this variety, if a sampling of average American families were asked to name favorite cuts of meat, a large proportion would choose the standing rib of beef.

The reasons for the popularity of this cut are many. For the cook, it is almost foolproof to prepare. Because the roast is so fatty, also, it needs no special sauces or seasonings. Use a meat thermometer when you prepare any roast... it eliminates guesswork and running back and forth to look at the meat. Looking can't tell you when it is done anyway, since you can't see inside! The thermometer will read 140°F. for a rare roast, 160°F. for medium, and 180°F. for well-done. Try to allow your rib roast to "rest" for 15-30 minutes after taking it out of the oven, so it will be easier to carve.

Air Force To Speak On UFOs

DETROIT (AP)—As reports of flying saucers whizzing through Michigan's skies continued to multiply, an Air Force investigator called a news conference today to discuss his probe of the unidentified flying objects.

Dr. J. Allen Hynek, a North-western University astrophysicist, called the conference after spending almost a week interviewing people in the Ann Arbor area who had reported sightings of the objects within 24 hours.

Hynek, who has studied and investigated UFOs for the past 10 years, called the conference to discuss the results of his investigation.

Moonshine on Tap

NASHVILLE, Tenn. (AP)—Police say they have uncovered the ultimate in modern home conveniences—a bar equipped with running moonshine whiskey.

The discovery came Thursday in a raid on a North Nashville home.

The occupants of the house were arrested and charged with possession of untaxed whiskey.

Behind the house were found two 55-gallon barrels partially filled with moonshine and buried under three feet of earth.

Two copper pipes linked the barrels with the bar in the house, and an electric pump was used to force air into the barrels through one pipe.

The occupants of the house were arrested and charged with possession of untaxed whiskey.

Weiss Proposes Budget Which Holds Tax Rate

General Manager Robert Weiss is recommending a 1966-67 General Fund budget which, at \$9,909,027, is designed to hold the tax line at its present 42.6 mills levy.

In recommending a budget which is \$242,000 above the current year's budget, Weiss has provided for a \$331,740 increase for the board of education, but has cut municipal appropriations to a figure which is \$30,856 below last year's allocations.

The tentative 1966-67 budget is 2.6 per cent above the 1965-66 budget. It shows a 6.1 per cent increase for school purposes, at \$5,762,001, and a 2.1 per cent decrease for municipal services, at \$4,146,126.

Weiss, at the start of his budget hearings, had said that he would limit departmental increases to five per cent, to keep them in line with the 4.95 per cent increase in the town's Grand List. Because of an anticipated low surplus from education, he has cut municipal appropriations to a figure which is \$30,856 below last year's allocations.
