Condition Critical

Balloonist Loses Oxygen, In High-Altitude Accident

MINNEAPOLIS, Minn. (AP)—Nick Piantanida, in critical condition after a sudden equipment failure forced him to parachute 57,000 feet Sunday from his high-altitude balloon, was flown to Minneapolis today for treatment in a hospital oxygen pressure chamber.

Piantanida, his oxygen cut off, managed to gasp "emergency!" into his radio transmitter aboard the balloon gondola.

Then he was parachuted to earth near Worthington, Minn., and was taken unconscious from the open gondola. He was transferred this morning from a Worthington hospital to Hennepin County General Hospital, which was one of the country's few hyperbaric chambers. The pressure device floods the body with oxygen and has been successful, among other things, in treatment of gangrene and severe frostbite.

Doctors were uncertain, however, how much the chamber would aid the 33-year-old Brick Town, N.J., balloonist.

Which Twin Has a Wife?

DENVER, Colo. (AP)—Julienne Walker married one of a pair of identical twins Sunday night. Now she isn't sure just which one she married—technically, at least.

Julienne was married, she thought to Jerry Privette who runs an interior decorating firm in Denver with his twin brother, Jim.

Jim has always been considered the older twin. Records at Providence Hospital in Seattle, Wash., show he was born a few moments before Jerry. But when Jerry got his birth certificate out to use in getting a marriage license, he saw that according to the certificate he was older than Jim.

His mother, Mrs. Robert W. Privette of Seattle, says in that case Jerry is Jim, because, she insists, whichever is the elder is Jim, and that's that.

But Jerry insists he's been Jerry too long to start being Jim. Julienne says she doesn't care.

Power Shift Possible

Mystery Deepens Over Mao's Fate

WASHINGTON (AP)—Deepening mystery over the fate of Mao Tse-tung spurred speculation among U.S. officials today about a possible power shift in Red China with worldwide repercussions.

The belief that the Chinese Communist leadership may be approaching a transition period is one of several reasons for recent overtures by the Johnson administration to reduce tensions and lower barriers between Red China and the United States.

All these gestures have been rebuffed by the Peking regime, but administration experts believe they may have an impact on the foreign policy attitude of future Chinese leaders.

The United States and, so far as Washington authorities can determine, the Soviet Union, also, have been watching the Mao mystery develop for several months with growing fascination.

The interest of Soviet leaders in the possibility of personality changes in the top of the Peking ruling group is believed here to be a prime cause of their determination to hold the door open to some sort of Soviet-Chinese reconciliation.

The Chinese refused to attend a recent Communist Party meeting in Moscow but the Soviets nevertheless left the way clear for some later improvement in relations.

Mao's situation is regarded here as they key to what is likely to happen in Peking in the next few weeks or months. But it is a Mao which the outside world, reportedly including Soviet as well as American experts on Chinese Communist affairs, does not presently understand.

Mao, 72, last made a public appearance in November when he received a delegation from

The 48-foot gondola parachute, which permitted Piantanida to descend was built and supplied by Pioneer Parachute Co. of Manchester. The local company, one of the chief sponsors of the experiment, also provided the personal chute which Piantanida did not have the chance to try.

The personal chute, is Pioneer's prize Para-Commander, a parachute that can be steered with pinpoint accuracy.

On hand as an observer for yesterday's try at a record was William Jolly of the Manchester plant's engineering group. Jolly is a former U.S. Navy jumper and rigger, now in charge of packing and rigging Pioneer's experimental chutes.

May Day Programs Follow Usual Trend

NEW YORK (AP)—May Day demonstrations around the world followed the usual pattern Sunday with calls for peace in Viet Nam sounding at most of them.

The Russians showed no new military hardware at their Moscow parade. Mao Tse-tung did not appear in Peking. And 7,000 South Vietnamese staged an anti-American demonstration in front of the U. S. Embassy in Saigon.

Reviewing a military parade in Moscow's Red Square, Soviet Defense Minister Rodion Y. Malinovsky accused the United

States of waging "a foul bandit war against the heroic Vietnamese people."

"Together with the other Socialist countries," Malinovsky said, "we support our Vietnamese brothers and are rendering them and will continue to render them all possible assistance."

Other Soviet leaders standing atop Lenin's Tomb in a cold rain reviewed the parade, which

U.S. Navy Planes Demolish Another Viet Missile Site

Reservists Face Tougher Drill Rules

WASHINGTON (AP)—The army is getting tougher with Reservists and National Guardsmen who dodge drills with their units, it was learned today.

Gen. Harold K. Johnson, Army chief of staff, recently ordered demotion of any Reserve or National Guardsman ducking too many drills. The demotion would be for inefficiency.

Another part of Johnson's order provides that certain draft-age guardsmen and reservists who fail to keep up their obligated drills may be referred to Selective Service for two years of active duty.

The order specified that three unexcused absences in any year "are considered excessive."

The new penalties are in addition to an existing requirement that any guardsman or reservist failing a drilling obligation may be called to active duty for 45 days of training.

Most National Guardsmen and Reservists in the ready reserve are required to drill with their units 48 times a year. Men serving in the highest-priority units must attend 72 drills a year.

The demotion in rank, according to Johnson's order, will be imposed before a man begins his 45-day active duty training penalty.

There is special emphasis on National Guard and Reserve training currently because of the Viet Nam situation and, particularly in the case of highest-priority units, because of a

Lodge Has Long Talk With Pope

SAIGON, South Viet Nam (AP)—U.S. Navy fighter-bombers demolished another anti-aircraft missile site near the North Vietnamese city of Vinh, but in the South the lull in the ground war extended into a third week, the U.S. command reported today.

American planes flew more than 300 sorties against suspected Communist targets in South Viet Nam. For the second day in a row, B-52s from Guam pounded Viet Cong troop areas near the Cambodian border.

At Vatican City, Pope Paul VI discussed the Viet Nam crisis today in a 40-minute meeting with Henry Cabot Lodge, U.S. ambassador to South Viet Nam.

The Pope and the ambassador conferred in the privacy of the library in the pontiff's apartment. Not even interpreters were present. They spoke in French.

The audience was unusually long, underlining the importance of the meeting.

Lodge arrived in Rome Saturday on his way to Washington for consultations.

The audience lasted five minutes less than the 45-minute audience in which Pope Paul and Soviet Foreign Minister Andrei A. Gromyko discussed peace problems just a week ago.

The Italian press had speculated that Lodge was calling on the Pope in part to balance with the U.S. view whatever Gromyko may have said about Viet Nam.

Some expressed relief the pontiff and the ambassador discussed the Roman Catholic situation in Viet Nam. Lodge has been accused by some Viet Nam Catholics of favoring the Buddhists.

Six Primaries Tomorrow, Wallace Dominant Figure

MONTGOMERY, Ala. (AP)—The 1966 elections drama begins Tuesday with primaries in six states, and the opening scene is dominated by a figure who isn't officially in the cast—Gov. George C. Wallace of Alabama.

Wallace is barred from running for re-election but his wife, Lurleen, is seeking to turn aside anyone else at the statehouse door. She is one of 10 candidates for the Democratic nomination for governor.

In addition to Alabama, states with primaries Tuesday are Florida, Indiana, New Mexico, Ohio and Oklahoma. Governorships are up in all the states except Indiana. Two of the six—Alabama and Oklahoma—have contests over nominations for the Senate.

All the states are making nominations for congressional seats.

But outside of Alabama, there appears little possibility of any drama of national significance. In Ohio, Robert Taft Jr., son of the late former Republican Senate leader and grandson of President William Howard Taft, is trying for a political comeback by seeking a GOP nomination for Congress.

He has opposition in the primary from William E. Flax, a Cincinnati attorney and political novice. But political analysts expect Taft will have no difficulty in defeating Flax.

Taft, 49, served one term in Congress but was defeated two years ago when he tried to oust Democratic Sen. Stephen M. Young from the Senate. The House seat that Taft would like to have back now is held by Democrat John J. Gilligan who has no primary opposition.

Democratic Gov. Haydon Burns of Florida has primary opposition from two men he defeated two years ago—Mayor Robert King High of Miami and Scott Kelly, a former state senator from Lakeland. A fourth candidate, Sam Poor, published a political news letter.

Burns is the favorite, but a hard struggle may force a runoff primary May 24. High was runner-up to Burns two years ago.

In Alabama, Mrs. Wallace, a 39-year-old blonde, generally is expected to top the field of 10 contenders in Tuesday's voting.

The big questions are whether she can get a majority of all the votes and who will be runner-up. If no one gets a majority, the top two candidates will be a runoff May 31.

The other contenders are former Govs. James E. Folsom and John Patterson, former Rep. Carl Elliott, State Atty. Gen. Richmond Flowers, State Sen. Bob Giehrst, Agriculture Commissioner A. W. Todd, Charles Woods, Sherman Powell and Eunice I. Gore.

Tuesday's voting is the first preliminary balloting before next fall's general election when 438 House members, to sit during the last two years of President Johnson's present term, will be elected. Thirty-five governors and 35 senators also are to be elected in the fall.

Vernon Girl, 10, Brutally Beaten

A 10-year-old Vernon girl was found badly beaten and unconscious in a heavily wooded area in Vernon yesterday evening.

Darlene McGill, of 44 Hillcrest Dr., daughter of Mr. and Mrs. Joseph L. McGill, was discovered by a group of children playing near a pond on the town-owned Ecker property.

Police report she had been "severely beaten" about the head, chest and shoulders. She is in "fair" condition in the intensive care unit of St. Francis Hospital, Hartford.

Two physicians examined the girl at Rockville General Hospital before she was transferred to Hartford. They said that there was no indication that she was sexually molested. Police added that her clothing was not disarranged.

According to police, a group of young children were playing near the pond, at a recreation site on the former Ecker farm.

They came upon the girl only a short time after the assault, police said.

The children reported their find to a neighbor, who investigated, carried the girl out of the woods, and called police. She was taken to Rockville hospital by police cruiser.

Police report that "a lot of blood" was found at the scene. The girl is recuperating from a broken arm, fractured while she was playing about two weeks ago. A cast, which covered her right arm from wrist to shoulder, was not broken.

Police said that there is no connection between the broken arm and last night's attack.

Police would not comment on the type of weapons, if any, used in the assault.

Patrolman Martin Kinman is heading the investigation aided by Patrolman Cyril Banks.

N.Y. Contact Made In Miami Kidnaping

MIAMI, Fla. (AP)—Aaron Goldman, wealthy Miami contractor, said today a man who may have been the kidnaper of his 18-year-old son, Daniel, had contacted a rabbi in New York.

Goldman appealed to the rabbi to contact the kidnaper again for "an important message from us" or to get in touch with a clergyman of any faith anywhere in the world.

"We are certain, and have been promised," Goldman said in a statement addressed to the kidnaper, "that you could do so in safety and security."

"Once the clergyman has been able to identify our son, the ransom will be paid through the church in any manner you direct. It will be sent to any clergyman you have designated and he will deliver the \$5,000 in return for our son."

Daniel was taken from his parents' luxurious home in suburban Surfside before dawn on March 28.

The abductor bound Goldman and his wife with vertical blind cord after demanding \$25,000 and led the boy away.

CHAMBER SCOLDED

WASHINGTON (AP)—An industry leader scolded members of the U.S. Chamber of Commerce today for what he called its public attitude of negativism and the appearance of "indiscriminate and unflinching opposition to the federal government" and its activities. Ben W. Helmsman, board chairman of the Chicago & Northwestern Railway Co., Chicago, told delegates to the Chamber's 64th annual meeting: "Our valid criticisms of particular programs lose their sting because of our indiscriminate attacks upon all programs without regard to relative merit."

KILLED ON HIGHWAY

WINDSOR (AP)—Mrs. Michele Mancini of Suffield was killed today and her husband, Michael, critically injured when their car struck the rear of a State Highway Department truck on Interstate 91. A highway department employee, George Hack, 31, of Windsor was also injured. The truck driver was not hurt. State Police said the truck was moving slowly in the left lane of the southbound section when the crash occurred.

Husband and Wife Fast Draw Champs

STANTON, Mo. (AP)—Mr. and Mrs. Bob Graham may be the fastest guns in the West—or anywhere else, for that matter.

The Houston, Tex., couple proved Sunday in the National Fast Draw Association's world championship that they are the fastest guns around.

Graham, 31, a bespectacled bank-equipment salesman, won his second straight world championship. He averaged 45 of a second—drawing, shooting and hitting targets—in the contest's four classes.

His wife, Merrill, 21, a long-haired blonde who looks as good as she shoots, won the women's title with an average drawing and shooting time of .61 of a second. Her fastest was .44.

"I can give the average person a pistol, have him cock it

and point it at me and draw and fire before he can," said Graham who uses a modern plastic-lined holster for the old Western sport of gunslinging.

"We had the competition in Las Vegas a few years ago," said Donald Oplinger of Chicago, president of the Midwest Fast Draw Association. "Several television and movie cowboys were around to add glamor, but they couldn't compete with our slowest shooters."

The gunmen either "fan" or "thumb" the hammers of their single-action six-guns. Merrill and Bob Graham both fan their revolvers.

"He's faster than I am," Mrs. Graham admitted. "I could gun him down."

That's what a sheriff named Pat Garrett probably said before he took on Billy the Kid.

Open Forum

A suggestion to the Editor: to accommodate all who want to have their children involved in the Hartford housing plan, may I suggest the following solution: All parents who seek the grants rewards of the so-called "open forum" should apply at once to the Board of Education for their own children's participation. Then, for every Hartford child taken into a Manchester school because of the Manchester children will be taken to Hartford school to occupy the vacant seats. This is essentially what some Manchester parents wish to do.

Tolland Town Meeting Tomorrow To Set Budget, Tax Rate

Tolland residents attending accounts for an increase in Tuesday night's annual town meeting at the Hicks Memorial (\$2,200) to \$5,100. Fixed charges, including insurance and social security, are increased to \$28,200 from \$27,000. The town and school costs for the 1966-67 fiscal year. It is the first budget to be presented under the uniform fiscal year adopted by the town in March.

The \$1,581,813 budget includes \$288,884 for the board of Selectmen General Government and \$1,007,118 for the board of education school system.

A total of \$383,625.57 will be received by the town in income tax and transfers, leaving a total of \$997,987.45 to be raised through taxation.

On the 1965 Grand List of \$18,830,855, one mill equals about \$18,830 in income to the town. A 51-mill tax rate would thus raise about \$1,011,350. If all taxes were collected...

MHS Senior Wins Award

A Manchester High School senior girl has been named a scholarship winner and a junior boy has earned honorable mention in the National Scholastic Art Contest, sponsored by Scholastic Magazine.

Miss Kathleen Muldoon, 16, daughter of Mrs. and Mr. Calvin Muldoon of 23 Cedar St., was one of five students from Connecticut who have won scholarships.

Selections of the \$253,884 will be partially offset by \$12,508.57 in outside income and transfers including a \$30,283.57 surplus remaining in the 1965-66 budget of \$212,988.78.

Major increases in the school system's budget include \$40,000 interest on the high school notes and \$7,000 interest on the fiscal year notes, neither of which were included in last year's budget.

The library budget is increased to \$6,200 from the \$5,500 allocated last year. The fire department budget is increased to \$11,786 to \$2,886. The automobile association is requesting a \$200 increase to \$1,000.

The board of education budget of \$1,010,718 will be offset by a total of \$291,217 in non-tax receipts and grants, leaving \$719,501 to be raised through local taxes.

A basic grant of \$300,000 plus a growth grant of \$200,000 and school building grants of \$22,297, make a total of \$522,297 that will be received from the state. Supplementary grants come to \$45,000. Other receipts include \$1,300 for mentally and physically handicapped children, \$500 for libraries and \$500 for the National Defense Education Act.

The education budget breaks down as follows: Administration, \$25,800; instructional expenses, \$261,683; health, \$10,000; transportation, \$98,800; plant operation, \$77,500; plant maintenance, \$23,300; also fixed charges, \$23,300; capital outlay, \$45,248; and total, \$520,180.

Capitol outlay includes \$11,000 for equipping the library and library workroom in the new school, but does not include books. Also included is \$20,000 to equip the high school kitchen for a hot lunch program for the 800 to 400 students who will attend the school in September. The cost was estimated by the State Department of Education.

Equipping the school's two-man guidance department will cost \$900, and \$204.58 is included for custodial equipment for the school. Purchasing two additional classrooms in the high school is included at \$1,000 each.

Maintenance equipment at \$400 includes a snow blower for \$275. Many of the school administration's budget requests were cut by the board at its budget meeting last week. Some of the budget problems are as follows:

Administrative salaries increased to \$25,800 from \$23,300 this year pro-rated to \$14,882 for the current fiscal year. The town is now operating on a nine-month fiscal year while it converts from a fiscal year beginning in October to one beginning in July. The budget for the current year was figured for a full 12 months and pro-rated for the nine-month fiscal year.

Instructional expenses increased to \$261,683 from \$204,800 (\$202,497 pro-rated). The increase includes funds for a new principal and fifteen additional teachers. Textbook expenses also increased to \$105,000 from \$12,000, and library and audio-visual material expenses are increased to \$6,200 from \$4,000, primarily because of the library in the new high school.

Health services increased to \$10,000 from \$4,700 (\$4,608 pro-rated, because of the addition of a part-time nurse. Transportation expenses increased to \$98,800 from \$95,000 for two more buses and increased expenses for transporting retarded and handicapped children.

The expenses of operating the school plant is increased to \$11,786 from \$40,375 (\$31,188), because of the opening of the additional school. The school also

South Windsor Wapping Post Office Move Is Confirmed

The Wapping Post Office will be moved from Oakland St. to new quarters, probably in the Sullivan Ave. Shopping Center. The post office department's lease reportedly does not provide for a new location. Burrill, any option on providing the additional space.

Mayor James Throve says that he has been informed by the post office officials that the department is seeking larger quarters for the Wapping branch office, so that operations there may be expanded.

According to Mayor Throve, the department is looking for about 2,700 square feet of floor space. The existing Wapping office includes about 700 square feet of space.

Postal authorities also say that they will support both the Wapping and Main St. offices. Mayor Throve reports that the department has made an independent survey of the existing office and has decided that it cannot be expanded to provide the additional service area.

The department is planning to run additional routes from the interior.

Engaged

The engagement of Miss Carol Ann Dux of Wapping to Airman I.C. Roger H. Anderson of South Windsor is announced by her parents, Mr. and Mrs. Arthur F. Dux of 48 Willow St.

Her fiancé is the son of Mr. and Mrs. Andrew W. Anderson of 971 Ellington Rd. Miss Dux is a 1965 graduate of South Windsor High School.

She is employed at Traveler's Insurance Co. Hartford. Airman Anderson is a 1962 graduate of the National Scholastic Art Contest, sponsored by Scholastic Magazine.

Mrs. Kathleen Muldoon, 16, daughter of Mrs. and Mr. Calvin Muldoon of 23 Cedar St., was one of five students from Connecticut who have won scholarships.

Selections of the \$253,884 will be partially offset by \$12,508.57 in outside income and transfers including a \$30,283.57 surplus remaining in the 1965-66 budget of \$212,988.78.

Major increases in the school system's budget include \$40,000 interest on the high school notes and \$7,000 interest on the fiscal year notes, neither of which were included in last year's budget.

The library budget is increased to \$6,200 from the \$5,500 allocated last year. The fire department budget is increased to \$11,786 to \$2,886. The automobile association is requesting a \$200 increase to \$1,000.

The board of education budget of \$1,010,718 will be offset by a total of \$291,217 in non-tax receipts and grants, leaving \$719,501 to be raised through local taxes.

A basic grant of \$300,000 plus a growth grant of \$200,000 and school building grants of \$22,297, make a total of \$522,297 that will be received from the state. Supplementary grants come to \$45,000. Other receipts include \$1,300 for mentally and physically handicapped children, \$500 for libraries and \$500 for the National Defense Education Act.

The education budget breaks down as follows: Administration, \$25,800; instructional expenses, \$261,683; health, \$10,000; transportation, \$98,800; plant operation, \$77,500; plant maintenance, \$23,300; also fixed charges, \$23,300; capital outlay, \$45,248; and total, \$520,180.

Capitol outlay includes \$11,000 for equipping the library and library workroom in the new school, but does not include books. Also included is \$20,000 to equip the high school kitchen for a hot lunch program for the 800 to 400 students who will attend the school in September. The cost was estimated by the State Department of Education.

Equipping the school's two-man guidance department will cost \$900, and \$204.58 is included for custodial equipment for the school. Purchasing two additional classrooms in the high school is included at \$1,000 each.

Maintenance equipment at \$400 includes a snow blower for \$275. Many of the school administration's budget requests were cut by the board at its budget meeting last week. Some of the budget problems are as follows:

Administrative salaries increased to \$25,800 from \$23,300 this year pro-rated to \$14,882 for the current fiscal year. The town is now operating on a nine-month fiscal year while it converts from a fiscal year beginning in October to one beginning in July. The budget for the current year was figured for a full 12 months and pro-rated for the nine-month fiscal year.

Instructional expenses increased to \$261,683 from \$204,800 (\$202,497 pro-rated). The increase includes funds for a new principal and fifteen additional teachers. Textbook expenses also increased to \$105,000 from \$12,000, and library and audio-visual material expenses are increased to \$6,200 from \$4,000, primarily because of the library in the new high school.

Health services increased to \$10,000 from \$4,700 (\$4,608 pro-rated, because of the addition of a part-time nurse. Transportation expenses increased to \$98,800 from \$95,000 for two more buses and increased expenses for transporting retarded and handicapped children.

Youth, 13, Held In Attack on Vernon Girl

VERNON (AP)—A 13-year-old boy has been picked up by juvenile authorities in connection with the hearing of 10-year-old Darlene McGill.

The girl, found unconscious in a wooded area Sunday, was reported in serious condition at St. Francis Hospital in Hartford.

Police said the girl apparently was choked, then a boulder was dropped on her head. Her right arm was in a cast, protection for a broken arm received about two weeks ago.
