

Cold Sodas Hit the (Beauty) Spot

Three contestants for the title of Miss Universe take time out for a cooling ice cream soda during New York City's heat wave. The girls stopped in Manhattan prior to the beauty pageant scheduled July 16 in Miami Beach, Fla. From left, they are, Hedy Frick, Switzerland; Marja Remenyi, United States and Yolla Harb, Lebanon. (AP Photofax)

Double Take

DURHAM, N.C. (AP) — Claims processors at Hospital Care Association did a double take Thursday when a hospital claim turned up for a 65-year-old man with this diagnosis: "Reaction to medicine."
Overworked themselves, getting ready for the government's medicare program which begins today, the Blue Cross workers called Moses H. Cone Hospital to confirm the diagnosis.
They were told that the diagnosis was a typographical error. It should have read: "Reaction to medicine."

U.S. Planes Smash New Fuel Depots

SAIGON, South Viet Nam (AP) — U.S. pilots smashed another North Vietnamese fuel depot today as they continued the air campaign to keep fuel from the tanks of trucks hauling men and supplies to the Communists in South Viet Nam.
A U.S. spokesman said Navy pilots put all their bombs "right on the target area" in an attack on the Dong Nham storage depot 15 miles northwest of Hanoi. He said it contained an estimated 14,000 metric tons of fuel.

On the ground, American infantrymen pushed a badly battered Viet Cong unit back toward the Cambodian border after an ambush that backfired on the enemy 60 miles northwest of Saigon.
A U.S. spokesman said American counterattacks, artillery barrages and air assaults killed nearly 300 of the enemy in the An Loc area. By late afternoon contact was broken and the 271st Viet Cong regiment was reported streaming toward its Cambodian haven a short distance away.
Three U.S. fighter-bombers accidentally jettisoned antipersonnel cluster bombs on a Vietnamese village today, killing five Vietnamese civilians and wounding 41, a U.S. spokesman announced.
The spokesman said American helicopters rushed the (See Page Eight)

India Seen Preparing Viet Nam Peace Move

French Communist rally brought out these demonstrators near the U.S. embassy in Paris. They bore signs protesting the U.S. bombing of fuel depots near Hanoi and calling for Viet Nam peace. (AP Photofax)

Opposition To Bombing Still Heard

NEW DELHI, India (AP) — Indications were seen in New Delhi today that the Indian government is preparing a Viet Nam peace move. Condemnation and defense of the U.S. bombing of oil depots at Hanoi and Haiphong continued here and in other countries.
Informed quarters in London said British Prime Minister Harold Wilson may also make an overture toward negotiations.

Diplomatic observers in New Delhi considered any move by India would be encouraging because of Prime Minister Indira Gandhi's frequent assertion that she saw no immediate prospect of bringing the United States and North Viet Nam together.
New Delhi newspapers copied unanimous criticism of the American air raids with reports of government preparations to intervene. The Times of India said: "India is making a renewed attempt to develop closer contacts with North Viet Nam and establish some kind of direct communication at the lowest level with the Ho Chi Minh government."

The Indian news agency, United News of India, said India's former envoy to Ghana, A. S. Dhanvan, may be sent on a special mission to Hanoi.
The government refused to confirm any of these reports but they may have grown out of a private briefing given a select group of Indian journalists Thursday by Dhanvan Singh, minister of state for foreign affairs.
As chairman of the International Control Commission for Indochina, India has a special responsibility in Viet Nam and access to both Hanoi and Saigon. The other ICC members are Poland and Canada.

After an hour's talk with Indian Foreign Minister Svarn Singh Thursday, the British undersecretary of state, Lord Walden, said India is "ready to take any initiative" any time it might be productive. The touring British envoy predicted that the North Vietnamese would recognize the impossibility of a military victory and come to the (See Page Eight)

NATO Business as Usual; French Troops Withdraw

PARIS (AP) — Business as usual—as much as possible—was the word today as France quit the North Atlantic Treaty Organization's military commands.
President Charles de Gaulle withdrew slightly more than 2,000 officers and enlisted men from integrated allied military command posts. France also declared that as of today its 72,000 troops in West Germany are no longer controlled by NATO.
The French withdrawal from NATO military headquarters (See Page Eight)

here and elsewhere in Europe was conducted discreetly. The French flag still flew alongside the flags of the other NATO nations outside the allied command post near Paris. De Gaulle says France remains a part of the North Atlantic alliance although French troops are no longer under its command.
Adjusting to the new situation, officers at the NATO command posts continued their planning for joint military action to defend Europe in case of attack. But their work was complicated by uncertainty over what they could expect of France in case of an attack.

France's previous contribution to the European shield, available for immediate retaliation, was the two divisions and two tactical air force squadrons she has had stationed in West Germany. The West German and French governments are now negotiating on the future status of those forces.
The talks are snagged on several issues, including German insistence of knowing how closely France intends to cooperate with NATO if war breaks out.
West Germany sent France a note Thursday as part of efforts by Bonn to set up a temporary arrangement to keep the troops there until a French-German accord can be reached. Contents of the note were not disclosed.
As part of De Gaulle's plan to pull France out of the military side of the 17-year-old alliance, he has also ordered all Allied headquarters and foreign bases to get off French soil by next April.

The move will involve about 28,000 U.S. troops at NATO headquarters and U.S. bases. An advance contingent of Americans began evacuating the base at Evreux Thursday in three (See Page Eight)

Convention Opens Tonight

Democrats Back Bonus For Viet Service Vets

HARTFORD (AP) — The Democratic Party went on record today as favoring a state veterans' bonus for servicemen returning from Viet Nam.
The sacrifices our young men and women in uniform are making in defense of freedom in Viet Nam," the party said in its 1966 platform, "remind us anew of our eternal debt to the veterans of our nation's wars."
In pledging enactment of a (See Page Eight)

veterans' bonus, the Democrats noted that the same had been done by the state in past years for "all other veterans of armed conflict."
The platform will be adopted by the Democrats at their state convention, which begins tonight.
There was no mention of a veterans' bonus in the platform adopted two weeks ago by the Republican Party at its state convention. On the whole, though, the Republican platform (See Page Eight)

is the one with the broader array of spending proposals.
The Democrats ticked off pledges and promises for more than two dozen pages, then finished by saying:
"We can and do pledge to implement the program of progress outlined in this platform with no new taxes and no increase in present taxes."
The platform ranged over dozens of areas of human activity including education, civil rights, the special needs of children and old people, public health, transportation, public welfare, mental health, water and air pollution, agriculture, urban development, and other topics.
"Because it is the party of performance," the platform said, "the Democratic Party places full confidence in the judgment of the people of Connecticut."
The record of Connecticut achievement, under the leadership of Governor Dempsey and the Democratic Party, is the record of all the people—not ours alone. The goals in this platform are the goals of all the people—not ours alone.
One of the platform planks called for "prompt legislative action on the guidelines for re- (See Page Eleven)

Bailey, Dempsey To Shuffle Lineup

HARTFORD (AP) — Democratic State Chairman John M. Bailey will meet with Gov. John Dempsey and others today to shuffle the party ticket in the wake of State Comptroller Raymond S. Thatcher's announcement that he will not seek re-election.
Thatcher made the announcement Thursday.
His retirement is expected to open the way for the nomination of State Sen. Louis Gladstone of Bridgeport for comptroller at the party's state convention tonight at the Bushnell Auditorium.
The convention opens at 8 p.m. with a talk by Bailey. Lt. Gov. Fred Doody of South Windsor will be named temporary convention chairman.
The keynote speech will be given by U.S. Sen. John O. Pastore of Rhode Island. (See Page Eleven)

The nominating session is expected to begin at 10 a.m. Saturday.
Dempsey said his name will be placed in nomination by U.S. Rep. Emilio Q. Daddario of Hartford. Dempsey will be running for his second full term.
Competing for the nomination for lieutenant governor will be State Consumer Protection Commissioner Attilio Frassinelli of Stafford Springs, who reportedly has the backing of Dempsey and Bailey, and State Rep. Robert J. Testa of Bridgeport, who is being supported by various Fairfield County Democrats, including U.S. Rep. Donald J. Irwin.
Expected to be nominated are incumbents Harold Mulvey of New Haven, Attorney General Mrs. Ella Grasso of Windsor Locks, secretary of the state; (See Page Eleven)

Tragic Story Repeats; Dad Finds Tots Dead

FAIRFIELD, Maine (AP) — Three young children were found drowned in their rural home Thursday in what was almost a duplication of a tragedy 12 years ago when their mother was committed in the (See Page Eight)

drowning of her first three children.
Police said they would seek a murder warrant today against the mother, Constance Fisher, 37.
The bodies were found by the father, Carl Fisher, 45, when he came home from work. In March, 1954, he had come home from work, from the same job, to find the first three children dead.
Both times he found his wife unconscious. The first time the children were 6 years, 4 years, and 11 months old. This time, the children were 6 years, 4 years and 9 months old.
Mrs. Fisher was taken to Thayer Hospital in Waterville Thursday night, where she regained consciousness. A hospital spokesman said she appeared to be in good condition. She was under police guard.
Police Chief Frederick Gould said three pill boxes were found empty Thursday. He said Mrs. Fisher had taken an overdose of medication. He also said a note was found, but did not disclose its contents.
Twelve years ago, Mrs. Fisher attempted suicide, officials said, by drinking hair shampoo. She left a note then, saying she had killed the children because "God told me to do it," and saying, "They are in heaven, safe from evil."
She was charged with murder then and committed to the State (See Page Thirteen)

Doggone Long Lineup

Doug Filas, 3, takes a long look at a long lineup of German Shepherd puppies. The pups, all 15 of them were born to the Filas' two and one-half year old dog, Midge, in Lambertville, Mich. Eight females and seven males are included in the roll call. (AP Photofax)

Medicare in Effect

President Calls Plan Blessing for Elderly

WASHINGTON (AP) — The massive medicare program providing hospital insurance for all 19 million of the nation's senior citizens went into effect today, hailed by President Johnson as "a blessing for older Americans."
Swinging into operation with the program was an optional doctor-bill insurance plan for which 17.3 million elected to pay \$3 a month.
The two programs were brought into being at 12:01 a.m. in one of the biggest operations in medical history.
Doctors and patients reserved any prognosis, but the President pronounced it a success in advance. He called it "a test of our willingness to work together."
By Public Health Service count, 6,734 institutions—or 91 per cent of all the country's 7,374 general hospitals with roughly 98 per cent of the beds—opened their doors for the insured care of any American aged 65 or over.
The nonparticipating hospitals were mainly in the South. Most were barred from medicare (See Page Eight)

payments by their failure to comply with the no racial discrimination provisions of the Civil Rights Act.
To make extra sure that no one dies for want of access to a participating hospital, the government ruled Thursday night that federal hospitals—veterans', military and others—may be used for critically ill medicare patients in emergencies.
Previously it had been announced that any other nonparticipating hospital could be used—private or public, with medicare picking up the bill if a bed in a participating hospital could not be found to avert the threat of death or serious impairment of the health.
Despite the serious gaps in participation—only 26 per cent of Mississippi hospitals were in the pool—administration aides were jubilant over the generally high participation nationwide.
"We've done far better in the South than we had dared to hope a month or two ago," one Public Health Service official said.
"And more hospitals will be (See Page Eight)

Federal Aid Covers Variety of Subjects

WASHINGTON (AP) — A \$244,966 federal grant to help build vocational schools, sewage plants, a town library and a community hospital.
The Interior Department had \$14,966 for expansion of swimming facilities at Chenango Valley State Park near Binghamton, N.Y. (See Page Eight)

more than \$2 million for the next five years for research at Yale University School of Medicine on how cancer drugs work.
The Labor Department allocated \$285,000 for a project to find jobs for youths with limited education.
The Commerce Department had grants to help build vocational schools, sewage plants, a town library and a community hospital.
The Interior Department had \$14,966 for expansion of swimming facilities at Chenango Valley State Park near Binghamton, N.Y. (See Page Eight)

Bulldozers Run Wild in New Haven

NEW HAVEN (AP) — Two jinn-manned runaway bulldozers worried the police of New Haven and West Haven, early today. They think the same man was responsible for turning them loose.
The first one lumbered across the Connecticut Turnpike at Sargent Drive in New Haven. It narrowly missed a loaded bus and several cars before it crossed the highway and headed in the direction of some private homes.
A passing motorist, Simone Bruneau of New York, stopped and chased it. He stalled it by opening the choke.
A West Haven resident a short time later saw someone start another bulldozer on Derby Avenue and then jump off. The same person returned to the machine and turned off its engine after it went through a fence and stopped against a tree in St. Lawrence Cemetery.
Nobody saw anyone start the first machine. (See Page Eight)

State's Rainfall Better, but Still Short of Normal

WINDSOR LOCKS (AP) — June rainfall in Connecticut was nearly one inch short of normal for the month, and increased the 1966 rainfall deficit to 4.38 inches, the U.S. Weather Bureau reported today.
The 2.72 inches of rain recorded at the weather station last month was .98 inches less than the June precipitation average. Temperatures for the month averaged 70.7 degrees—two degrees above normal. (See Page Eight)

Only One Has Been Chosen

Toward the end of his Omaha address, President Johnson referred to the fact that "it was only 30 months ago that the people of America held a great national election and the people of 44 states of Nebraska, including the great state of Nebraska, gave me a direction and voted me a majority for the Presidency of this country."

Factual Report On June

Not as any Pollyanna-like nostalgia for a month which has, unfortunately, wheeled away from us all, but purely as a clinical, factual report it ought to be said that every day of June, 1966 was rare and perfect.

Introducing Northeast Utilities

Three companies affiliate: The Connecticut Light and Power Company The Hartford Electric Light Company Western Massachusetts Electric Company

Northeast Utilities starts life here today. Our customers will still get their service from the same electric company they've known. They will still see the same trucks... same meter readers... same uniforms.

But as time goes on, our aim is to make this larger, stronger organization felt by all customers in terms of even better service and—important to every household budget—more and more attractive prices.

Each electric company will be an operating subsidiary of the parent organization. But it will retain its own identity, to remain close to its customers and continue to take a part in local civic affairs. This includes continuing efforts to attract new industry to the region.

The main goal of affiliation is to realize the efficiency that a large integrated system offers. This will be increasingly important in providing for the future power requirements of the thriving Connecticut River Valley.

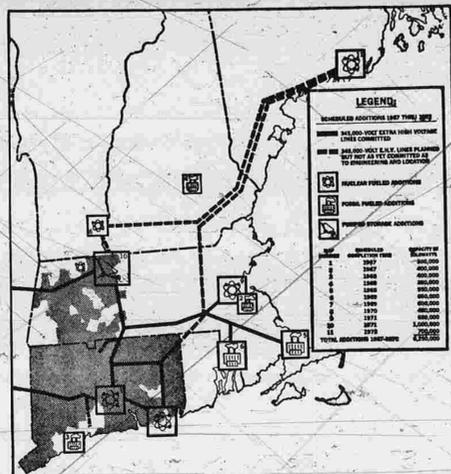

The three operating companies of Northeast already are part of the \$1.5 billion construction program now being carried out by the electric companies serving all of New England. This 7-year program, called the "Big 11 Powerloop," shown in the map at right, consists of 11 new generating plants and some 700 miles of new transmission lines.

Three of the 11 plants are situated in the Northeast service area. These are a 500,000 kilowatt nuclear fuel plant—built by 11 New England companies—to be completed next year, a 600,000 kilowatt nuclear fuel plant to be completed in 1969, and a 1,000,000 kilowatt pumped storage hydroelectric plant, which will be completed in 1971.

The new plants are far more efficient than the old, of course. And it is the pooling of resources, made possible by the affiliation, that will greatly facilitate their construction.

Other benefits are expected through the formation of Northeast Utilities Service Company. This company will centralize the engineering, dispatching, purchasing and other services required by the three operating companies.

The affiliation will eliminate duplicate functions. It will provide better service than ever for the customers of Northeast Utilities, and will help to provide an abundance of low-cost electricity for future generations in New England.

The "BIG 11 POWERLOOP" shaded area is Northeast Utilities operating area. "Big 11 Powerloop" is a \$1.5 billion construction program now being carried out by the Electric Companies of New England. It consists of 11 new electric generating plants and 700 miles of new power lines serving all six New England states. It will provide 65% of New England's total power when it is completed in 1972.

Medicare in Effect

President Calls Plan Blessing for Elderly

(Continued from Page One) desegregating when they begin to feel the pressure from unappreciated local residents, both white and black," he added.

Twenty-three states entered Medicare with 100 per cent participation by their qualified hospitals, and some others "came close to that."

In his Medicare-coverage statement, President Johnson said he had no doubt of the success of the two Medicare programs if these three things happen: 1. If hospitals accept their responsibility under the law not to discriminate against any patient because of race.

"If doctors treat their patients with fairness and compassion. 2. If old patients cooperate in scheduling treatment and do not demand unnecessary hospital and medical services.

He concluded: "I have no doubt for the future. I believe that July 1, 1966, marks a new day of freedom for our people."

The government has pooled elderly patients with young patients. Hospital administrators generally agree that there will be some difficult local situations but that they can handle the expected average increase of not more than 5 per cent in the patient load.

This judgment was reinforced as each recent day brought scores of new hospital into compliance. Officials expect that many more will meet both the medical care standards and the civil rights test during July.

The states which already had 100 per cent certification of hospitals for compliance as of mid-night were Alaska, Arizona, Colorado, Connecticut, Hawaii, Idaho, Indiana, Iowa, Maine, Maryland, Massachusetts, Minnesota, Montana, Nebraska, Nevada, New Hampshire, New Jersey, North Dakota, Oregon, Rhode Island, South Dakota, Vermont and Wyoming.

The territories of Guam, Samoa and the Virgin Islands also had full participation.

At the other end of the scale were Mississippi, with 132 hospitals certified for rights compliance, South Carolina with 46 out of 80, Louisiana with 70 out of 144 and Georgia with 107 out of 176.

Florida had 150 complying out of 188, Virginia 84 out of 118, North Carolina 138 out of 166, and Tennessee 138 out of 163. If nonparticipating hospitals are used for emergency patients, Robert M. Ball, Social Security director, has ruled, Medicare will pay only for the period of emergency—not for care given after it becomes possible to discharge the patient or transfer him to a participating hospital.

And if an emergency admission to a federal government hospital is sought, Ball said, the decision is up to the medical officer in charge and is subject to the availability of beds.

975,000 Supported NEW YORK—A study of a American philanthropy estimates there are 975,000 non-profit organizations in the United States supported by private gifts.

State Ready

NEW HAVEN (AP)—As the Medicare program begins today, Connecticut hospitals are prepared.

This was the word Thursday from Dr. T. Stuart Hamilton, president of the Connecticut Hospital Association.

Hamilton said problems might arise from inadequate federal financing or a shortage in hospital personnel.

Still, he said, "We believe that Connecticut's condition of readiness is second to none in the nation."

Washout Items Put on Agenda

Manchester's board of directors, on July 12, will conduct hearings on two proposed additional appropriations (both washout items) to the board of directors.

The hearings will be held at 8 p.m. in the Municipal Building Hearing Room.

The two proposed appropriations, both to be financed by periodic reimbursements from the state, are \$24,975 for a vocational education program and \$4,800 for a summer-student work program.

ART MUSEUM URGED WASHINGTON (AP)—The Senate Public Works Committee has been urged to authorize the construction of a Washington museum to house the art work now owned by Joseph H. Hirshhorn of New York and Greenwich, Conn.

Officials of the Smithsonian Institution testified Thursday in favor of the \$13 million project, now owned by Joseph H. Hirshhorn's \$25 million collection of sculpture, paintings and drawings.

Police patrolmen William Ryan and Charles Junglas have been appointed sergeants on the town police department. The appointments are effective today.

Sgt. Ryan of 85 Highview Rd. and Sgt. Junglas of 417 Rt. 5, have both been on the force since October 1963. Junglas has served as an elected constable from 1959 to 1963.

First Church School The theme of the vacation Bible school of the First Church of the Nazarenes is "A Thought for the Week."

In our July 4th celebration we ought to thank God for our forefathers who were so deeply religious. Some of them could have made a name for themselves in the pulpit as well as in affairs of state.

For example, Washington wrote, "I am sure that there was never a people who had more reason to acknowledge a divine interposition in their affairs than those of the U.S."

John Adams wrote, "I have been a church going animal for 76 years, from the cradle." Franklin wrote, "I believe in one God, Creator of the Universe" and it was he who moved, "That henceforth prayers imploring the assistance of Heaven be held in this Assembly every morning." Congress continues the practice to this day.

Jefferson, during his trying days as President, began a writing, "The Life and Morals of Jesus of Nazareth." It was later translated into three languages. Alexander Hamilton, just before his duel with Aaron Burr, wrote his will, "The consolation of religion, my beloved, can alone support you; and these you have a right to enjoy. Fly to the bosom of God and be comforted."

These sort of men founded our nation with faith. They differed in their religious beliefs but they all agreed the religion of every man must be left to the conviction and conscience of every man. This is our heritage. Let's give thanks for the "Faith of our fathers—living still!" WATKINS-WEST FUNERAL SERVICE, 142 E. CENTER ST., 648-7196.

Town Should Be Active In CRPA, Says LWV

The League of Women Voters has issued a call for active town participation in the Capitol Region Planning Agency (CRPA).

A consensus was reached by league members at the June membership meeting: "We recognize," the league says, "a vital interrelationship among the towns of the Capitol Region, therefore we believe active membership in the Capitol Region Planning Agency is of the utmost importance to the town of South Windsor."

The group noted that CRPA has many long-range planning recommendations which should be seriously considered.

The league statement continues that there should be a gradual realization of the goals, although not necessarily the public of CRPA activities.

The public must be more informed of the purposes, plans and recommendations of the CRPA. The delegates themselves have an obligation to inform the town commissions and town council.

The town is already a participating member of the CRPA. The delegates themselves have an obligation to inform the town commissions and town council.

Enrollments are still being accepted for children to attend the vacation Bible school at Our Savior Lutheran Church, 239 Graham Rd., Wapping. Classes will be held July 11 through July 22, Monday through Friday, from 9 to 11:30 a.m.

The theme this year is "My Savior and I." All children three years old through those who will enter eighth grade this fall are welcome. For registration, Mrs. Robert Kruppig, 60 Henry Rd., or Mrs. Warren Schimmel, 19 Henry Rd., both in Wapping, may be contacted.

The start of the Bible school include 50 members, with 40

Matt Alou Loses Pull But Boosts Bat Lead

NEW YORK (AP)—Matty Alou has lost his pull, but he's pushed himself to the front of the National League batting race. Alou extended his hitting streak to straight games Thursday night, rapping three hits as the Pittsburgh Pirates whopped Houston 6-0 and gave him the batting lead over the fifth consecutive victory. Alou's performance shot his average up six points. Don and gave him the batting lead over the fifth consecutive victory.

Celebrated Yankee Killer Whitfield Murders Twin Staff

NEW YORK (AP)—Fred Whitfield, the celebrated Yankee killer, has become a Minnesota murderer while clubbing Twins pitching in a wild inning for a 4-3 victory over the 25-year-old Cleveland first baseman has riled 20 fans in 14 tries in 11 games against Minnesota this season. He 1966 batting mark against New York, the team he has tormented since coming into the American League four years ago, is only 2-2.

Whitfield, who seasons' batting average is only .260, walked his fifth base after Chico Salmon singled in the eighth to clinch the Indians' victory. Earl Yost, Whitfield had singled Tom Landis in the first inning, then singled and scored Clete Boyer in the second. He struck out 10 and walked one in the fourth. Hargan, making only his third start of the year, allowed only one Minnesota runner to reach second. He struck out 10 and walked one in the fourth. Hargan, making only his third start of the year, allowed only one Minnesota runner to reach second.

THE Herald Angle

Change Thinking in Hurry What a difference a week makes. Just seven days ago in New York every baseball writer covering the New York Yankees expressed his confidence that this was positively Mickey Mantle's last year with the club as a player. After his tremendous hitting performance against the Boston Red Sox earlier this week which saw him hit four homers in the first two games of the three-game set, the scribbles, in a man, went back and wrote that Mantle would play at least one more season.

The guess here is that Mantle will be back in 1967 because of his close friendship with Manager Ralph Houk. A Yankee club without Mantle in the wheel would be floundering around like a ship at sea minus its captain. Mantle can hardly run but on one good leg he's still a better hitter than three quarters of the major leaguers today.

Off the Cuff Did the Red Sox make a good deal when they traded Wilson to Detroit for Don Demeter and picked up Rolfe Shodor from over the hill. Dave Gulas struck two hits in as many trips for Gwynner. Independent—0110 110 0-13-14-2. Gwynner 000 000 1-1-4-6. Dun and Cromwell; Larch and Bragg.

Kinell's Shutout Sparks Legion 3-0 Win

Four in Row For Locals, Here Sunday Worried yesterday morning about his pitching, Coach John Cervini had reason to smile before darkness last night as Gary Kinell handcuffed Windsor Locks as the Manchester Legion baseball team triumphed, 3-0. The success was the fourth straight and sixth in seven starts in Zone Four competition for the league leaders.

MBs Down Vernon On Sala's Six-Hitter

Combination of good pitching by Pete Sala and some lusty hitting gave Moriarty Bros. an easy 10-2 decision over the Vernon Orioles last night in the Hartford Twilight League at Colt Park. Sala, winning his fourth straight without defeat, pitched a five-hitter and led off with two first inning runs and then breezed along with a six-hitter.

Verdict Reached In Rights Case; Remains Secret

ATHENS, Ga. (AP) - Federal jurors reached a verdict early today but were warned to keep it secret in the case of three Ku Klux Klansmen charged by the government with conspiring against the civil rights of Negroes.

Dad, Police Trade Shots; Boy Killed

DAYTON, Ohio (AP) - Roger Seadars, 11, was fatally wounded Friday when a bullet struck him during a living room gun battle between police and his father, police said.

Highway Deaths Lower in State For Six Months

HARTFORD (AP) - At the end of the first six months of 1966, the number of highway fatalities in Connecticut was 166, the lowest since 1958.

Magazine Editor Quits Post for Painting Career

FREEDPORT, N.Y. (AP) - One year ago this month, Abernethy Sandell rode the commuter train home from his \$25,000-a-year magazine job in Manhattan for the last time.

Good Samaritan Saves Motorist From Fiery Auto

WEST SPRINGFIELD, Mass. (AP) - A good Samaritan of the highways is credited with saving the life of a crippled Florida motorist trapped in his flaming car.

Rock 'n' Rollers Swing-Fists Too

PHOENIX, Ariz. (AP) - from the wild mass of fans Dave Clark-leader of Britain's musical Dave-Clark Five, was swarmed by the recording group.

Convention Highlights

By SOL R. COHEN
The basic difference between the Democratic and Republican state conventions is the cast - otherwise, the script, the waxes, friends and just happenings.

Veteran Cast Stressed

By SOL R. COHEN
About 40 high school and college students picketed the convention in a peaceful demonstration.

Jazz Silhouette at Newport

By SOL R. COHEN
A blazing sun provided the spotlight for drummer Buddy Rich and bassist Jack Leiber as they performed yesterday during the opening performance of the annual Newport Jazz Festival.

Three Torpedo Boats Sunk by Navy Planes

SAIGON, South Viet Nam (AP) - Navy planes sank three North Vietnamese torpedo boats which made a high speed run at an American destroyer, the U.S. command announced today.

Hot Weather Adds to Jam On Highways

CINCINNATI (AP) - Millions of motorists - spurred by hot sun and stifling temperatures - clogged the nation's highways today at the 78-hour Fourth of July weekend.

Happy Medicare!

Opening Rush Over, All Moves Smoothly

NEW YORK (AP) - Down the corridors of Miami's Jackson Memorial Hospital figures in Friday.

WEST SPRINGFIELD, Mass. (AP) - A good Samaritan of the highways is credited with saving the life of a crippled Florida motorist trapped in his flaming car.

Rock 'n' Rollers Swing-Fists Too

PHOENIX, Ariz. (AP) - from the wild mass of fans Dave Clark-leader of Britain's musical Dave-Clark Five, was swarmed by the recording group.

Convention Highlights

By SOL R. COHEN
The basic difference between the Democratic and Republican state conventions is the cast - otherwise, the script, the waxes, friends and just happenings.

Veteran Cast Stressed

By SOL R. COHEN
About 40 high school and college students picketed the convention in a peaceful demonstration.

Jazz Silhouette at Newport

By SOL R. COHEN
A blazing sun provided the spotlight for drummer Buddy Rich and bassist Jack Leiber as they performed yesterday during the opening performance of the annual Newport Jazz Festival.

Ovation Greet's Dodd At State Convention

Sen. Dodd (right), smiling over ovation, greets Sen. Pastore. The 1964 attack led Congress to give Johnson a mandate to take all necessary measures in support of freedom, and in defense of peace.

Dempsey Set As Leader Of Nominees

With its toughest test already behind it, the Democratic State Convention headed toward adjournment today.

Hot Weather Adds to Jam On Highways

CINCINNATI (AP) - Millions of motorists - spurred by hot sun and stifling temperatures - clogged the nation's highways today at the 78-hour Fourth of July weekend.

Happy Medicare!

Opening Rush Over, All Moves Smoothly

NEW YORK (AP) - Down the corridors of Miami's Jackson Memorial Hospital figures in Friday.

Verdict Reached In Rights Case; Remains Secret

ATHENS, Ga. (AP) - Federal jurors reached a verdict early today but were warned to keep it secret in the case of three Ku Klux Klansmen charged by the government with conspiring against the civil rights of Negroes.

Dad, Police Trade Shots; Boy Killed

DAYTON, Ohio (AP) - Roger Seadars, 11, was fatally wounded Friday when a bullet struck him during a living room gun battle between police and his father, police said.

Highway Deaths Lower in State For Six Months

HARTFORD (AP) - At the end of the first six months of 1966, the number of highway fatalities in Connecticut was 166, the lowest since 1958.

Magazine Editor Quits Post for Painting Career

FREEDPORT, N.Y. (AP) - One year ago this month, Abernethy Sandell rode the commuter train home from his \$25,000-a-year magazine job in Manhattan for the last time.
